Flying Relatively Safe

Two men died in the crash of a light plane Sunday, in the Bay of Quinte. More than a thousand people in and around Belleville knew of the accident before police knew for certain the names of the victims. Many thousands have since learned of the crash through various news services.

But during the same weekend, at least 75 people across Canada died in accidents. In Ontario alone 10 people died on the highways, six drowned, one girl was struck by lightning and one man was apparently run over by a train.

Accidents to private aircraft are big news stories, partly because they happen so rarely and partly because they usually involve prominent people. But because such accidents receive so much attention, some people get the impression such aircraft are dangerous. The impression is false.

A study by the U.S. Civil Aviation Board of accident statistics from 1951 to 1958 indicates a fatality rate of about one person per hundred-thousand hours of flying, in executive aircraft weighing more than 12,500 pounds. The same survey showed the death rate is lower in lighter aircraft, such as the single-engined seaplane in which the two local men died Sunday.

The last fatal light-plane accident in the Quinte area was during 1958, when a Wellington-based plane went down near Campbellford. One man died in that crash.

And every day of the week for at least fifteen years, light aircraft have been operated in the area. Last Sunday for example, light aircraft operating out of Belleville and Picton logged about 60 flying hours. One of the pilots, Belleville mayor Jack Ellis, started Sunday morning on the first leg of a flight to the Maritimes in a light aircraft.

This is no suggestion that light aircraft are foolproof. They do crash when a mechanical part fails or when a pilot makes a mistake. But because of the planes' light weight and slow landing speeds, pilots and passengers can count on walking away from most crashes.

Photographing and describing the unusual is a reporter's business, and as long as private plane fatalities are unusual, they will be well covered by news services. The prominence given such reports is not, however, because flying light aircraft is a dangerous sport. Such accidents are front page copy mainly because they are so rare.

Turn of Events 'Aids Catholics

William E. Miller, the man selected by Senator Barry Goldwater as running mate in this '64 presidential race, is a Roman Catholic. He was picked for this vice-presidential nomination because he is a conservative, a northerner and a Catholic. The hope is that his northern background and his Catholic religious beliefs will help balance the Republican ticket. Goldwater is an Arisonian and an Episcopalian.

This certainly is a strange turn of events in American politics. Catholicism has been a stumbling block for all politicians who happen to adhere to the Church of Rome. John Kennedy lost the vice-presidential nomination for precisely this reason in 1956 and he almost lost the nomination for the presidency for this same reason in 1960.

Because Kennedy won the presidency as a Catholic the barrier is gone. Now it is beneficial to be an adherent of Rome. A strange turn of events!

What adds even further import to this observation is that the Democratic Party is almost certain to nominate a Catholic as the running mate of Lyndon B. Johnson. Of the eight men who have been considered, five are Catholic.

If Al Smith were alive today, he would certainly have the last laugh.

Tulips were first seen in Turkey in the sixteenth century. Not very much later the first tulips came to Holland, but they were very expensive and to have a tulip was a sign of great riches.

Very soon a tremendous snob value was attached to the possession of one or two special sorts of tulips and prices went up to fantastic heights. In the year 1624 one tulip bulb was sold for £100—an enormous sum of money in those days. Three years later one Dutchman refused to part with a tulip even after an offer of £300 had been made for it. This idiotic trade in tulips went on for almost twelve years. Dutch economists look at those extraordinary years as the first recorded example of economic madness.—Eric Peercebom in a report from Amsterdam on the BBC.

Ottawa Offbeat

Douglas Query May Mark Cut in Global Do-Gooding

By RICHARD JACKSON
From The Intelligencer's Ottawa Bureau

OTTAWA — Something happened in Parliament the other day that just might turn out to have been a political watershed.

It was just a question, but it could be the first faint signal of a coming shift in the Parliamentary wind.

It came from New Democratic Leader T. C. "Tommy" Douglas in the form of a question.

Were not, he asked, wrongdoing, the United States and Canada "being played for a sucker" in Cyprus?

Those were his words, the "largon of the street," as he conceded. And that he should use such a phrase, "played for a sucker," was quite indicative of his deep doubts and concern.

Had the question been asked by a Conservative, or even by one of the more down-to-earth practical politicians of the Liberal backbench who long have suspected that perhaps our own domestic affairs might be at least as important as the questionable intentions of global do-gooding, the House would have skipped over it, shrugging.

But that it should be asked by the New Democrats who, with the "professors" among the Liberals at times seem to think it is so much better to do good among strangers abroad than it is among friends, is quite another matter. It was at least, startling.

Conservative Leader Diefenbaker went along with Mr. Douglas: the Canadians weren't being played for suckers, they are at least were playing "Santa Claus."

$267 MILLION?

What, actually, is the score, financially, on what range of the moral high ground do Members of Parliament like to call "world saving"?

It comes under two heads:

1. Foreign aid, for which Prime Minister Pearson recently announced "$190,000,000 was being budgeted this year.

2. United Nations peace-keeping assignments, which, Parliament has been told, are running Canada an annual $18,000,000.

Currently, Canada is involved in eight UN peace operations: Indian and Pakistan, Palestine, Yemen, Lebanon, West New Guinea, Kashmir, Korea, Israel, leg just finished with the Congo. (Forgot about Korea, eh? That's been going on since 1950, and it costs an annual $30,000 and usually one officer and an NCO there.)

Why does Canada, at best only a small or middle power, do it?

Well, Senator Grattan O'Leary had a word to say on that not long ago in the Senate.

"It is false and phony nautical pride. We are attempting to take over what is the job of the world" which, whatever it may say for our good intentions, tells very little of our common and good sense."

One of the reasons, he said, for this expensive do - gooding — add the $50,000,000 it takes to run the External Affairs Department to the $190,000,000 in foreign aid and the $18,000,000 in UN peacekeeping — is the petty vanity of certain people who strut their little hour of glory in the theatre of the world.

So who's right? The "professors" who want to change the world the power in the Federal Government, or the practical politicians.

Item: Speaking of Canadian "professors" abroad, Carleton University President Dr. Davidson Anglin, on his return from an assignment in Nigeria, declared publicly in that unhappy land his "deep concern with the extent of corruption." Cases of wives, servants, kickbacks, big houses and cars, all are the benefits of foreign aid."

Item: Dr. Claude H. Vipond of Oshawa, on his return from an External Affairs department mission to Ceylon, revealed that "the Sultan of Pahang was building a $2,000,000 pleasure palace while trucks repairing roads on his estate were forsign aid gifts from Canada."

Item: George Chatterton, Conservative MP for Esquimalt -Saanich, is still rather bemused to recall how at a Geneva conference Ghana's Kwame Nkrumah eased into a Cadillac limousine while the entire Canadian delegation jammed itself into a Volkswagen station wagon.

Item: Walk into the delegates' dining room at the UN any, in this case really, "high" noon, and find the tables of many representatives of some of the African states completely encircled by wine buckets.

Item: Herold Winch, NDP MP, on his return from a mission to Nigeria, declared in the Commons that foreign aid was going to finance "limousines, chauffeured limousines and luxury living for a few potentates."

And now, of all people, Tommy Douglas is wondering if Canadians aren't being "played for suckers."

It could be the turning of the foreign aid tide.

Walleyes Fight Back

Ottawa Journal

When the late Robert Saunders was asked his name pickerel means small pike but what we know as a pickerel has no connection with the pike but is a member of the perch family. Similarly large mouth and small mouth bass aren't bass but a type of sunfish.

But none of this is apt to cut much water with anglers around here who still say they are going salmon fishing in lakes that haven't seen a salmon (oops, ouananiche) in the last 50 years and really make lake trout.

To them the term "walleye run" would sound like the question the preacher asks himself when he sees the warden coming rather than a proper description of that annual spring phenomenon at Jamieville.

Kissing Lane Aids Traffic

Financial Post

Immense possibilities for speeding up traffic flow may have been opened up by a recent development in Oklahoma City.

One of the municipality's leading telephone companies has announced the installation of a "kissing lane" in front of its offices. This, it seems, is designed to let motorists bid a farewell to spouses without tying up the moving traffic.

Is this the beginning of a brave new traffic world? Why not lipstick lanes for those in urgent need of cosmetics, parking lanes for those who can't decide which lot to use? Or reminder lanes for those who forget why they are heading downtown?

But most sensible of all, perhaps, would be anger lanes for drivers about to blow his top. Psychologists repeatedly warn wives not to irritate the accident-prone husband as he steps into his car. This would allow the ladies the luxury of a morning spat with endangering all who officioward plod their weary morning way.

Today in History

By THE CANADIAN PRESS

July 23, 1964 . . .

1798—The Egyptian military under Mal. - Gen. Mohammed Naguib revolted 12 years ago today—in 1952—and forced the abdication three days later of King Farouk, the following year Naguib became first president and premier of the new republic. The constitution had been cancelled and when he attempted to return to the parliamentary system of government. Lt.-Col. Gamel Abdul Nasser removed him from power.

1846—The British parliament passed the Act of Union, providing for the union of Upper and Lower Canada under a single government.

1892—Emperor Haile Selassie of Ethiopia was born.

LOOKING BACKWARDS

GLEANINGS FROM OUR FYLES OF BYGONE YEARS

20 YEARS AGO

July 23rd, 1946.

Anticipated as filling a long-felt need for many Belleville children who otherwise may not enjoy the privileges of a summer vacation, the birth of a future boys' and girls' summer camp in the heart of Prince Edward county was seen here this week with the donation to the local Kiwanis Club of an 18-acre tract of land at Roblin Lake.

The donation of the 18 acres of land, belonging to the original Roblin homestead, together with a large stone house as part of the property, was made by Mr. George Wallbridge, well-known member of the Belleville Kiwanis Club.

Definite evidence that the Belleville Rotary Club is not merely a "talk shop" of organization came at the weekly luncheon on Monday. Chairman Charles Rogers, golf committee, justifiable pride showing on their faces, introduced the little group and their persons. In his report to the club, Lawrence Symons stated that in spite of the drawbacks of the war, and while carrying on their war legislations, Rotary Clubs are not allowing their crippled children any activities. He urged all children who have always been with us, and always will be, must not be neglected. Over 700 cases have passed through the hands of the committee, and of these, 500 have stood well to the top of all clubs in this type of service in Ontario.

30 YEARS AGO

July 23rd, 1936.

Miss Frances Scott has returned to her home here after spending her vacation with Mr. and Mrs. Raymond Scott in Lindsay and with friends at View Lake.

Mr. and Mrs. P. R. Snider and daughter, Jean, of Toronto are visiting his parents, Mr. and Mrs. A. E. Snider, 9 Herchimer Ave.

Mrs. Ralph O. Campney and young son, Alan, have left for their home in Vancouver, B.C., after visiting Mrs. Campney's mother, E. Farnsworth and Mrs. Farnsworth.

Mrs. Edmund Waterhouse has returned to her home in Toronto, after visiting her sister-in-law, Mrs. Frederick J. Howard St. and other friends in the city.

Miss Dorothy L. Bishop has been granted an interim certificate as Specialist in English and History and Miss Ada A. C. Colyer has been granted the same certificate as Specialist in Mathematics and Physics as a result of professional courses at the Ontario College of Education, Toronto.

A news dispatch from Toronto states that the permits for the sale of beer and wine by the glass are being issued to Ontario hotels and clubs today, according to the statement of E. G. Odette the head of the Liquor Control Board. The new liquor law was enacted at the late Conservative Government and confirmed by the new Hepburn Liberal Government with some changes. It is eighteen years since beer could be sold and consumed in a public place.

40 YEARS AGO

July 23rd, 1926.

At the Quinte Country Club the Belleville golfers defeated the Trenton golfers, the score being 19 to 2. The players were as follows: Belleville — Dr. Geo. Stobie, George Adams, R. J. E. Graham, S. McKeown, G. Robertson, Dr. Van Blakeslee, N. D. Fodon, D. Power, C. G. Wallbridge, Robertson, Faulkener and Manley. Trenton — Armstrong, Whittier, Maguire, Simmons, Tinsay, Grant, Cranston and Collin.

In a snappy game of baseball at the Agricultural Park, the local Grand Trunk team defeated Oshawa, the score being 2 to 0. Oshawa played a splendid game for Belleville. The following composed the team: Grand Trunk — Whitney, Rose, W. Mills, H. Mills, Hagerman, Williams, Meagher, Casey and Collette, Oshawa — W. Fair, R. Fair, Murray, Tyson, Daley, Wilcox, Ward, Morrison and Broad. The umpires were F. Hallnan at the plate and W. Benson on the bases.

50 YEARS AGO

July 23rd, 1916.

Natural gas has been discovered on the premises of Mr. George Hamilton, Front of Thomas St., in Deseronto. It was discovered when drilling for water and struck water twelve feet in the air. The discovery of the gas created much excitement in town. The extent of the gas supply is yet to be determined.

The Lieutenant Governor of Ontario will be present at the opening of Queen Mary School next early in September.

Mr. Emmerson Elliott of Hamilton, formerly of this city, is renewing acquaintances in town.

Mrs. D. E. Ketcheson is visiting friends in Marmora.

The schooner George A. Marsh is in the harbor with a cargo of coal.

Work on the government dock is progressing satisfactorily.

Topless Suit Needs Skirt

Manchester Guardian

The affair of the waist-high bathing suit for women is a bit more than a joke. It exhibits the curious no-man's land where fashion ends and publicity should begin. The frontier between the two is by no means clear. Fashions are often launched by people who want to make a public spectacle of themselves, either for personal or for commercial reasons. Such people range from the Young woman who wore clinging dresses in the days when these used in revolutionary France, to the Dior line. The essence of this kind of publicity - seeking fashion is that it must in some sense be outrageous, if only to Arm, sergeants accustomed to ordering short - back - and - sides know once a week. Sometimes it catches on and goes down as an attested fashion. The growth of tunnel - skirtines it fails and is written down as a publicity stunt.

Will the topless style turn out to be no more than a stunt? This is far from a foregone conclusion. The initial shock be thought to have taken bathing suit tops close to vanishing point. But, in clothes, symbolic covering matters at least as much as actual. There is still a taboo to be breached which the topless bathing suit may not immediately have been designed to remind that in various periods —from ancient Crete to eighteenth - century Europe — women's clothes have in fact exposed the bosom. The point is that at these periods no one was particularly shock at seeing a lady's bosom in public. But if a Cretan lady or an eighteenth century woman had shown her knee she would have caused a scandal. The parts of the body that may or may not be shown change from age to age. The trouble with the topless bathing suit is not so much what it reveals as what it leaves for future centuries to uncover. Really what's needs is a skirt.

To Your Good Health

A Blood Test Is Necessary To Find Clotting Rate

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Would you explain thinning of the blood? I have a heart condition (angina and coronary attacks). The doctor takes blood from my arm and analyzes it, but I don't understand what this is for.— K. C.

Certain heart conditions are a result of clogging of the arteries of the heart. (The same thing applies to some forms of strokes, and to other conditions.)

However, when certain arteries have become narrower than they formerly were, it is important to take steps to be sure that these restricted places are not shut off completely.

As you know, if you cut or scratch your finger, it bleeds for a bit, and then stops. Why does it stop? Because your blood has an innate ability to form such small (or perhaps large) wounds. The blood forms a "clot." A material in the blood called "prothrombin" has a great deal to do with this.

For wounds, we normally want the clot to form rapidly; of course.

But with certain people having condition like yours, we prefer that the clotting be slower; better that a cut bleede a little bit longer, rather than that a blood vessel, suddenly clogged, in case the clotting happens to occur at that point.

So we give an "anticoagulant," a drug which keeps the blood from clotting so rapidly. At the same time, we do not want to give so much that it interferes with the rapid healing of such small wounds as scratches or even bruises (beneath the skin) as you may remember.

In order to achieve a safe balance (slow enough clotting inside the blood vessels, yet still rapid enough if you have some small wound) we want to know exactly how rapidly your blood will clot.

We do this by taking a sample of blood and performing what we call a "prothrombin time test," to see how rapidly your blood will clot when compared to that of a person who has not had the disease.

A certain amount of the "thinning" drug (Coumadin being one of them) may be too much for one person, too little for another.

Taking periodic tests is the way to be sure. Depending on the result of the tests, we then can increase or decrease the amount of the medication.

• • •

Dear Dr. Molner: Please explain a fat tumor. What makes it different from cancer? Can it become malignant? A friend of mine has had one for 18 years. — P. L.

A "tumor" means an overgrowth of cells — more grow at certain places than are supposed to. This is possible in almost any part of the body, although some tissues are more likely to have tumors than others.

Thus a fatty tumor is one that grows in the soft tissues. We can also be skin tumors, bone tumors, tumors in the muscle areas. The growth is usually painless, but be of whatever type of tissue it is in.

When a tumor is malignant, that is, cancerous; it keeps on growing and finally begins to spread to other tissues. A harmless tumor not be marred by self-consciousness on the part of the object.

Fatty tumors (or lipomas) do not tend to become malignant. They are usually left alone unless they are unsightly, or large enough or so located as to be painful or a nuisance.

• • •

Dear Dr. Molner: What does a bilateral vasectomy do to a male other than render him sterile? — R. H.

Nothing.

• • •

Note to G. W. C.: Yes, your 220 pounds most certainly can cause cramps in your legs at the end of the day. Reducing should help. As a shot in the dark, you might try wrapping your legs with elastic bandages. It helps some people, might or might not help you.

Strictly Personal

Harris Vents Some Personal Prejudices

By SYDNEY J. HARRIS

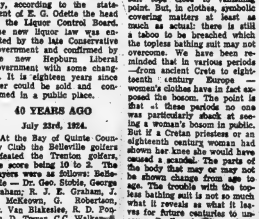
The "scientific approach" is nearly useless in discovering the nature of man, since science is an objective tool for doing the nature of physical things, and is of only thereby, a subjective involvement with human beings that we gain insight into the character of man.

The great majority of lies told by children is designed to escape punishment from adults; the so-called "malicious" is extremely rare among children and may be classified as an adult phenomenon.

The written word, in itself, is an imperfect medium of communication, because it cannot convey tone; does the phrase, "You're a fine one," indicate envy, pride, admiration, contempt, irony, disgust, or some mixture of these? Yet, one hearing this, would rather dismiss reading it, would have no difficulty in grasping the precise meaning from the tone.

One of the most disheartening and perplexing, aspects of middle age is waking up one morning and discovering that you have become more like one of your parents than ever dreamed was possible; and, in many cases, it is not the parent we admired most.

What we cannot understand about the Russians is their intense idealism, which is precisely what makes them so dangerous to the world; for, as Chesterton said in another connection, "So much of an idealist about his ideas that he can be a ruthless realist to his friends."



We know, and thus think ourselves superior to the Middle Ages, that we cannot be tortured into believing, but we have not learned that men can be led to accept any monstrous argument in a form of humanism or what the dead men were like, but as poems of what they should have been; they are to be despised or respected, but recognized as aspiration.

A woman who can't forget she is wearing a new pair deserves its effectiveness by her very awareness — for the beauty that is in the mind of the beholder must not be marred by self-consciousness on the part of the object.

We delude ourselves that we want to implant "honesty" in our children as a virtue; really we want it to imbue them with our particular kind of dishonesty, with our own code of dishonesty, our classes dishonesty, our cult's dishonesty.

Toronto Stocks

TORONTO (CP) — Trading was active but price changes were small as investors became cautious on the stock market today.

In the speculative market section the widest swing recorded by Bradorex ahead six cents to $2.16. Windfall gained five cents to $4.85, Canadian Dyno, which holds 2,000,000 Eagles shares five cents to $1.71, Gulf cents to 39 and National Explo ration one cent to 46 cents.

Industrials took a minor index loss. Most declines were in ¼-¾ range with Canadian Imperial Bank of Commerce and Bank of Montreal down ¼ each, both at 86¾.

On the plus side, Laurentide Finance climbed ¼ to 16¾ and B. L. Crain ¼ to a 1954 high of 18. Algoma Steel, a hefty loser Wednesday, tacked on ¼ to 73¼.

Base metals were higher. Conwest, a $1.10 gainer Wednesday, added 10 cents to 20 cents to a new high of $6.80. Opemiska was up ¼ at 48.

The index, industrials were down .06 to 160.38, golds .34 to 133.34, western oils .33 to 26.76 and the Exchange index .04 to 140.56. Volume at 11 a.m. was 1,332,000 shares compared with 1,602,000 shares traded at the same time Wednesday.

On Wall Street stock exchange stocks were active and mainly higher.

Volume was 2,396,000 shares compared with 11,538,000 shares traded Tuesday.

Commenting, Negus was the day's most active issue, trading 1,055,800 shares in climbing eight points to 39¾. Raglan settled into a steady trading pattern, closing at $2.13, up six cents and within the range of $2.05 to $2.24.

Gold was ahead 15 cents at $4.90 while National Exploration—which traded more than 1,000,000 shares Tuesday—gained two cents to 47 cents on 596,500 shares. Gulf received a late boost, closing at 37 cents, up six cents.

Meanwhile, industrials were lower after a late rally Tuesday. Recent favorite Algoma Steel was hit with a 1¾ loss to 73. Conwest jumped $1.10 to $6.80 among base metals. Labrador tacked on ¼ to 33¾ and Noranda ¼ to 47¾. Highland-Bell gained 60 cents to $8.60 and Laitch 30 cents to $7.25.

Golds were the only section to show a gain. Dome advanced ¼ to 30 and Dickenson five cents to $4.90.

In the index, industrials were down .19 to 160.44, base metals .30 to 64.83, western oils .72 to 26.76 and the exchange index .31 to 140.53. Golds were ahead .72 to 133.47.

PLUM'S NAME

Damascus claims not their name from the city of Damascus.

Ford Income Up

DETROIT (AP)—Ford Motor Co. Wednesday reported consolidated net income of $179,700,000 for the second quarter of 1954, up 18 per cent from the same quarter one year ago.

Henry Ford II, chairman of the board, and Arjay Miller, president, announced that consolidated net income a share amounted to $1.63 in the second quarter of 1953, compared with $1.41 in the second quarter of 1953.

Cheese Exchange

Thirty eight cents for white cheese, and 38.3 cents for colored, was the average price on the Belleville cheese exchange this week.

There were 6,011 boxes of specials, 11,146 large cheese, and 16,336 square cheese offered.

Soon All New Hydro Meters Must Be Installed Outside; Owner's Choice for Water

As of August 1st all new electric meter installations for single family dwellings in the city will be placed outdoors.

And at the same time city property owners will have the opportunity of having water meters installed so that they also may be read from the outside.

Primarily the whole idea is to give the hard - working meter man a well deserved break.

It boils down to the fact that if all electric meters were on the outside wall and all water meters could be read from the outside the number of call-backs for the meter man would be reduced to date.

Under the present system with meters inside, if the family is not at home when the meter man makes his call, he has to come back in the evening or at some other time hoping to catch the family at home.

And with a considerable percentage of present-day housewives working, the number of call-backs can become quite a headache. Also in the summer, with families away on vacation, the locked door problem gets even more acute.

LETTERS GO OUT

With August 1st as the commencement for outside electric meter installations, a form letter from the city is now being sent out to all builders and electrical installers of the new regulation.

The new electric meter installation will be mandatory on new residences, and also where there are major changes in electrical services for existing homes.

Outside electric meter installation, has, of course, been available for many years, but due to the fact that the meter man had to get inside to read the meter monthly, this type of electric meter installation has not been required.

There are now two types of outdoor water meter installations, either of which will be made available by the utilities at a cost of $10.

This doesn't cover the cost of the actual meter installation but the utilities commission takes the view that the outdoor installation also would be to the advantage of the consumer.

TWO TYPES

One type of outdoor water meter involves the installation in the basement of the special concrete block in which the meter is installed.

Only a small dial is visible from the outside, but inside it is necessary for water pipes to be run up to the block which is located above ground in the top layer of basement blocks.

Another type of this type installation is that the block must not be panelled in on the inside, in order to prevent freezing in the winter.

The second type outdoor installation is that the meter can be installed in the usual manner inside while a cable similar to the present cable is run from the meter up and through the wall to a small weather-proof receptacle on the outside wall.

The speedometer cable water meter could be installed in either new or existing residences, while the block type meter would normally be used only in new construction.

SOME HAVE NO METERS

Of course not all residences have city water meters installed.

In all new residences water meters are installed but most residences in the city—about 60 per cent—still have flat rate services.

There is a continuing program in the city to have flat rate services changed to meter installation and when this is done property owners will have the choice of the outdoor type of meter.

But there is no point of changing water meters to the outdoor type as long as the electric meter remains in the basement.

Palmerston Doctor Barred By College

TORONTO (CP)—The Ontario College of Physicians and Surgeons announced W e d n e s day night that Dr. Robert Kingsley Graham of Palmerston, Ont., has been barred from practising medicine in Ontario for an indefinite period.

The college said in a statement Dr. Graham's name had been erased from the medical register but he is free to apply for re-registration at any time.

The council met in special session to deal with a report of the discipline committee concerning charges of professional misconduct against Dr. Graham.

The statement said: "He was found guilty on seven charges involving 34 patients treated by him in the Palmerston General Hospital and council has ruled that his name be erased from the register of the college."

The council ruled the doctor subjected a patient to improper and unorthodox treatment and unnecessary hazard, and caused to be entered in hospital records a diagnosis he ought to have known to be untrue and statements he ought to have known to be untrue. It said he entered in records of eight patients a final diagnosis he knew or ought to have known was untrue and treated the patients according to the diagnosis.

It ruled he subjected two patients to unnecessary operations and showed a flagrant and reckless disregard for his responsibility to certain patients by failing in many or sufficient entries in hospital records of diagnosis and treatment.

Dr. Graham operated on a Palmerston woman who later died. An autopsy disclosed a surgical clamp had been left inside her abdomen.

The coroner's jury later found he had made two surgical mistakes during the operation but said there was no significant evidence of negligence.

Belleville Livestock

Trade was active on most classes of livestock on offer Tuesday. Steers, heifers and cows sold steady, veal calves were steady. Hogs sold steady. Sows and weaned pigs were steady. Good springers sold readily on a good demand.

Following are quotations:

Choice steers 20 to 22; good steers 20 to 22.

Good heifers 18 to 20; medium 16 to 18; common 14 to 16.

Good cows 16 to 17; heifery cows as high as 18; mediums 14 to 15; common and cutters 11 to 13.

Good heavy bologna bulls 17½ to 19; mediums 15 to 17; common 13 to 15.

Good stock calves 22 to 24.

Choice veals 25 to 27; good 23 to 25; medium 20 to 22; common 18 to 20; boners 15 to 18.

Grade A hogs 21 to 23 on live weight basis.

Light sows 15 to 16; heavy sows 13 to 14.

Shoats 22 to 25; weaned pigs $10 to $14 each.

Choice lambs 34 to 35.

Good springers $225 to $350 each.

Small type heifers $165 to $200 each.

Good work horses $100 to $150 each. Most horses 7 to 8.

BATS HAMSTRUNG

No bat found in the U.S. bites humans, except in self defence, and most have teeth too small to puncture the skin.

Construction Roundup

By ANDY TURNBULL

ONTARIO INTELLIGENCER BUILDING

Blasting began Monday on the site of the new Ontario Intelligencer building, Bridge and Pinnacle Streets. Nathan Carr, Ja, charge of the job for Andre Construction of Kingston, expects it to be completed by the end of next week. Because the site is near the middle of the downtown area, only a few of the 1,800-odd holes drilled on the site are being charged each time.

BUILDING PERMITS

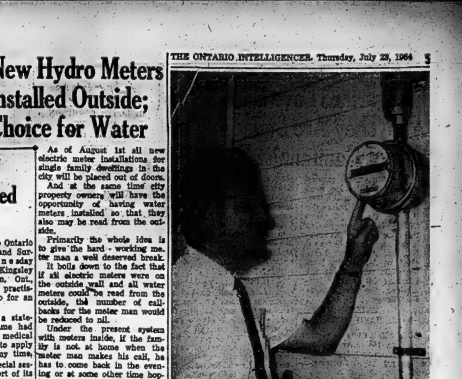
Two major building permits were issued during the past week. One, issued to Miron Wiggers Construction of Trenton, covers the $96,000 recreation centre, Sunday school and office addition to Holloway St. United Church. Work started on that job last week.

Hugh Murray took out the other permit, to cover the $60,000 office, showroom and service centre for Stevenson Ford Sales Ltd., on North Front St. Work started yesterday, when a Lightfoot-owned back hoe began pulling tree stumps from the property. Using the back hoe and a bulldozer, the construction superintendent hopes to have the earth-moving done in a day or so, and the footings poured by next Wednesday.

The building will be of concrete block and glass—including a 130 feet of glass wall —and target date for completion is in September.

WATER MAIN

Lightfoot Construction men have only about 2,000 yards to go on the Sidney Street water main project. The last 200 yards are behind schedule, however, because of the concentration of other water mains in the area around the filter plant. Most of the work has to be done by hand — rock that Lightfoot considers "some of the hardest limestone in the city — and the weather doesn't help the men who are working with rock drills in the trenches. The job is crossing Dundas Street now, but should have the intersection cleared by the end of the week Lightfoot says.



TATHAM'S SERVICE JOBS

Ted Scott of Tatham Oil Co. will supervise work on the services for Glenarden and East Side subdivisions, it was announced by Tatham as reported last week. John Tatham will engineer both jobs himself. Work on the Glenarden started a week ago, removing topsoil from the road and cutting the road down to grade level. Tatham expects work will start Monday on the East Side subdivision. Water service comes next, then storm sewers, curbs and the sand base for the roads. Plans are to pave the roads next year. Subdivider Marvine Hollis' men are starting now to strip the topsoil from roads in the East Gate subdivision, and Tatham's men will start there after the 29th.

In Napanee, Gordon Ferrill has a Tatham crew starting to push a tunnel under the CNR main line tracks. There are several lines at the spot and the crew will take three or four days, working 24 hours a day, to get them through. 2,000 feet of sanitary and storm sewer and water lines will be laid in the same trench running north from the tracks on the east side of Highway 41. Digging will be through rock most of the way.

GUARDS SPIRITS

A gaggle of cackling geese guard a whisky storage shed in Dumbarton, Scotland.

FLOOR JOISTS are being placed now at the Sir Mackenzie Bowell School on Sidney Street, between Dundas and Bridge. Plans are to have the school ready in time for the fall term.

SIR MACKENZIE BOWELL PUBLIC SCHOOL

Open web steel floor joists are being installed now at the Sir MacKenzie Bowell Public School on Sidney St., and four masons, working with four helpers, have a good start on three of the walls. Superintendent Dick Wickering of Mirow Wiggers Construction in Trenton is putting the joists in with his own men, Frank Edwards or Bradshaw Construction is in charge of the concrete. Most of the under - floor plumbing is in place and forms are on the site for some of the poured concrete work in the boiler room. Hopes are to have the building ready for the opening of the next school term, in September.

WRECKING JOB

Bill Cook, a part - time operator in the field, is ripping down an old drive - in and lunch bar at the corner of North Front St. and Valleyview Crescent. Work started last week, and the job should be finished by the end of next week.

Belleville Public Utilities, points to new type outdoor electric meter installation to be compulsory for new single family residences after August 1st.

With electric meters going outdoors, home owners will also have option of changing water meters to a type which can be read outside. Shown above are the two approved outdoor type water meters, one encased in a concrete block (bottom), and the other with dial operated by a speedometer cable.

Norway-Bound Cabin Cruiser Strikes Shoal

GANANOQUE, Ont. (CP)—Two Toronto men, Norway-bound since Friday in a 22-foot cabin cruiser, were laid up here Wednesday after their vessel struck a shoal in the St. Lawrence River 15 miles northeast of Kingston.

Haakon Swerdrup, 46, said his craft, the Viking, was not damaged but needed a new propeller and shaft. He and Otto Fedtsen, 39, were pulled off the rocks by another party in the area.

MAYOR.

Hungarians Love Good Life, And They Are Squeezing It Out of Communist Regime

Hungarians are tearing their capital into the most glittering in Central Europe, a position it held before the war and Communist domination. Things are getting better under the Communist regime, Richard O'Regan, Associated Press chief of bureau in West Germany, tells why in the following third of four articles on the situation in East Europe.

By RICHARD O'REGAN

BUDAPEST (AP) — Hungarians love the good life. And drop by drop they appear to be wringing a little out of communism.

The 1956 revolution proved the Hungarians couldn't overthrow the system. Some 30,000 Russian troops still are here, making sure of that.

Stuck with communism, the Hungarians are changing it, twisting it and squeezing it to meet their needs.

Premier Janos Kadar seems to realize he probably himself will make Communists out of the majority of Hungarians. So he is wooing them into co-operation. He has made concession after concession, so that some persons say he is East Europe's most popular Communist leader.

Hungarians, despite their difficulties, are trying to make Budapest Central Europe's most glittering city again. They are repairing the capital's old baroque palaces, embellishing the Danube bridges, polishing up its old coffee houses.

Shops on Vaci Utca, once its most fashionable street, today display a finer dash of style than you'll see anywhere in Eastern Europe.

WOMEN ARE CHIC

Budapest's women are chic, and elegantly groomed. They seem determined not to turn the city into a monotone, proletarian capital.

Tailors, hairdressers and cobmakers, many of them private craftsmen, turn out goods quite comparable with the best in the West.

Beautician, working for the state, travel to Paris to study the latest techniques. And there is fine nylon underwear imported from Italy for Hungarian ladies who can pay the price.

Hungarians pride themselves, too, on their literary, their music, their writers and their intellectuals.

The Hungarian Communists have let in more Western influences than any other Communist regime. There are translations of Arthur Miller, Hemingway, Tennessee Williams, John Osborne and C. P. Snow alongside those of the rebellious Russian poet Yevtushenko.

The Royal Shakespeare Company recently performed King Lear and Hungarian theatre-goers now are admiring their own follow-up production.

WRITERS REHABILITATED

Hungarian writers who never have been completely friendly to the regime have been rehabilitated—which is perhaps a barometer to the political climate.

Despite say Communist politics are more liberal in Hungary than elsewhere in the Soviet bloc. Agriculture has a one-party system. But 45 per cent of Parliament members are not party members. Town meetings have the right to reject party-proposed candidates for political office and put up substitutes (who have to be acceptable).

Government ministers recently have been told to answer in Parliament for their failures.

Communism is a long way from providing Hungarians with the standard of living they want. Economists say the nation now is living about half as well as France.

In the villages of the Great Hungarian Plain, stores have good selections of meat, cheese, bakery items and well-packaged frozen foods in addition to clothing and kitchenware, textiles and furniture that are.

"I wish we could afford to live the way we do," a Hungarian writer said with a wry smile.

NEEDS PRODUCTS

To have white tablecloths, good fabrics and good cuts—which they want, the Hungarians need money to pay for them. Hungary needs to turn out products it can sell.

For years, Hungary went into heavy investment in heavy industry and unproductive plants. Kadar is changing that and switching to light industries and other products that may sell in Western countries. But still the bulk of Hungary's trade has to be with the Soviet bloc and Hungary is economically tied to Russia.

To get production up and try to keep the Hungarians relatively satisfied, Kadar is trying some radical economic experiments. He is giving farmers incentives and fifth grade Communist party hacks no longer can hold jobs just because of their membership cards.

He is tolerant of big-time private operators—the sort of people who would be shot in Russia—but who can manage to find needed supplies and sell them to the state.

He is tolerant of moonlighting. It goes on in every industry and every profession. "Hungarians always live beyond their means and doing work on the side is how we manage to stay afloat," explained a school teacher.

One of the most tolerant steps Kadar has taken has been to ease travel restrictions and let Hungarians go abroad to the West, where their hearts are anyway. More than 200,000 Hungarians received passports last year and 127,000 of those went to the West. Very few did not return.

However, one diplomat asked: "The problem is: How far can Kadar go in relaxation without threatening Communist control of Hungary?"

Massassaga

MASSASSAGA — Visitors at the home of Mr. and Mrs. C. Wodzak and family over the weekend were, Mr. Ken Woodsak of Cherry Glen, Mr. and Mrs. Bill Fennell of Robin, Margaret Fennell, Toronto and Mrs. Bill Alfreds of Weston.

Mr. Fred Bradshaw, of Toronto spent last week with his sister, Mrs. A. C. Cook and Mr. Cook.

Mr. and Mrs. E. Valleau, Mr. and Mrs. D. Valleau and family of Toronto, Mr. and Mrs. Morley Valleau and family of Montreal and Mrs. V. Webber and family from British Columbia were weekend guests with Mr. and Mrs. R. Valleau and Mr. and Mrs. Valleau.

Mr. and Mrs. Frank Belnap, also Mr. and Mrs. Gerry Biddle attended the funeral of Mr. E. Dunlil on Tuesday. Mr. Dunlil was a brother-in-law of Mr. and Mrs. Bisdee. Sympathy is extended to the bereaved families.

Mr. and Mrs. Rhynesbeque and family, former residents of this place here, called on many friends in this vicinity on Sunday, and attended church at Massassaga.

Mrs. W. Ross is home from the hospital and progressing favorably.

Mr. and Mrs. Sanford Wagler and four daughters of Kitchener were with Mr. and Mrs. A. Walbridge over the week-end. Mr. Norman West was at the same home for a holiday.

Mr. and Mrs. Fred Pope and Mr. R. Bell spent a recent evening with Mr and Mrs. George Flower.

Mr. and Mrs. B. Cook and family and Mrs. Larry Giles were visitors at Mr. and Mrs. A. C. Cooke's recently.

Picton

By LLOYD THOMPSON
GR 6-6222
Hillcrest GR 6-6813

70-Year-Old Woman Pulled From Water

PICTON (Staff) — At approximately 11:40 Wednesday morning an elderly lady was pulled from the water at Outlet beach and given artificial respiration by a park attendant. 70-year-old Mrs. Marjory Mahlkoch of 6th Ave., Ottawa was swimming with friends when she may have fainted or suffered a slight heart attack. Evidently she was alone at the time for others on the beach thought she was swimming as she was lying face down in the water. A large quantity of water was pumped from the lungs.

The park attendant accompanied the elderly lady in Bonde's ambulance to Prince Edward County Memorial Hospital and continued with the respirator. Mrs. McIntosh remained unconscious enroute to the hospital. She is being kept in the hospital under observation on the advice of Dr. S. Hart the attending physician.

Driver Hits Parked Car

PICTON (Staff) — Rexford Brough, 36 of Hallowell township was involved in a car accident on Highway 33 at 4:55 Wednesday afternoon when his parked car was struck by Jerry Ferguson, 20, of Lake Street, Picton.

Ferguson was driving west, accompanied by Doris Fox of Wellington. Brough at the time of the accident was accompanied by his five-year-old daughter Wanda. Damage to the two cars amounted to approximately $250. There were no injuries.

Will Sponsor Boat Races

PICTON (Staff) — The Picton Outboard Racing Club will sponsor Zone 1 and 2 outboard championships, August 23. The races will take place at North Bay near Consecon. All stock classes and some racing classes will be represented. These races bring many leading drivers and in the past they have proven to be quite thrilling races. Many new records are often set.

Stirling Clubs At Consecon

PICTON (Staff) — Two Stirling cub packs and six leaders are enjoying the excellent facilities of Consecon children's camp on Consecon Lake. The WCTU-operated camp provided wonderful facilities for cub camping with many permanent buildings.

Scout Master William Strachan and Miss Dorothy Parks, Cub leader from Picton, visited the camp on Tuesday and were most impressed with the camp organization.

The boys will be there all of this week and the week following cub packs from Picton will take their turn.

One cub from each six daily keeps a camp log and he is also responsible for reading this at the evening camp fire. Soccer, baseball, swimming and leathercraft are some of the activities that keep the boys occupied. Mr. Strachan, who visits many such camps each year as part of his duties, stated that it is one of the best disciplined camps he has ever inspected.

BUTLIN ENTERTAINS

LONDON (Reuter) — British holiday camp king Billy Butlin knelt before Queen Elizabeth Wednesday to receive the accolade of knighthood. The 62-year-old millionaire declared afterwards he wished to be known as "Sir Billy Butlin."

Shapely Gal Wears Herself Out in Bar

WINDSOR, Ont. (CP)—An elderly woman sitting in a downtown dairy bar Tuesday suddenly dropped her ice cream cone on the floor and "just sat there with her mouth open."

Into the bar had walked a tall, shocking blonde wearing a topless bathing suit, its first appearance in Windsor.

The undentified woman walked into the crowded dairy bar, then turned around and slowly sauntered out amid the whistles of the male customers.

Mrs. Grank Boyce, manager, said she emerged from her office in the back of the bar when she heard the commotion, but the woman had gone.

Nearby store owners said the woman had appeared in three stores in the area that day. The police were not called. Apparently no one had time.

May Open National Park To Youngsters

OTTAWA (CP)—The parliamentary secretary to Resources Minister Laing said Tuesday night that he hoped Point Pelee National Park will soon again be opened to all young people.

But in the meantime, the government supported the park superintendent's action in insisting that all young campers be accompanied by an adult.

John Turner (L—Montreal St. Lawrence-St. George) said the government regretted that vandalism in the park, on the shores of Lake Erie, forced such a decision. "It was a necessary evil," he said.

Harold Danforth (PC—Kent) had asked the government in an adjournment debate to do everything possible to make the park freely available to young people again. The new regulations caused undue hardships on the many people who would normally spend camping vacations there.

The 20th Century According to Goldwater

As the Republican Candidate Sees It

WASHINGTON (AP) — Following are the views of U.S. Senator Barry Goldwater of Arizona, Republican presidential candidate, on a variety of issues, as expressed in his writings, interviews, campaign speeches, statements and other public comments:

CIVIL RIGHTS

Goldwater, commenting July 13 on the Republican platform plank on civil rights, declared that as president he would enforce the new law and added:

"I don't think either party should try at this time to go beyond the present bill, which is the law."

"This is fundamentally a matter of the heart," Goldwater said in reply to an Associated Press questionnaire July 8. "The problems of discrimination can never be cured by laws alone; but I would be the first to agree that laws can help—laws carefully considered and weighed in an atmosphere of dispassion, in the absence of political demagoguery, and in the light of fundamental constitutional principles."

Announcing he would vote against the civil rights bill, Goldwater said on the Senate floor June 18: "I am chiefly opposed to discrimination or segregation on the basis of race, color or creed; not only in my words, but more importantly my actions have repeatedly demonstrated the sincerity of my feeling in this regard."

FINDS IN NEW YORK

Goldwater said in Stockton, Calif., March 18: "I don't want to see my country destroyed, the constitution destroyed, in a vain attempt to solve a problem that can only be solved in the heart of men. I can show you more segregation practised on the Canada border than you can find anywhere in the South I can show you discrimination in New York that would turn your hair."

"I think it's wrong to take to the streets in violation of the law. . . ." he said in San Francisco March 18. "I think there is a great resentment building up across the nation."

Goldwater said in Globe Ariz., Feb. 14 that the public accommodations section of the bill "would force you to admit a drunk or a murderer or an insane person into your place of business." He said that the fair employment section of the bill would lead to a quota system of hiring and "you are going to lose your right to select your employees."

CUBA

"We must impose, again, an effective economic - military blockade on Cuba. We must enforce our restrictions and levy penalties against shipping which attempts to trade with both the United States and Cuba. We must have an equally effective blockade against the export of agitators and arms from Cuba," Goldwater said July 5.

"A tight blockade around Cuba would heavily undermine Castro's power, but an unacceptably high price on the Soviet aid which is propping up his police state, and enable the people of Cuba themselves—those inside the country, together with an exile army—to live under freedom once more.

"Immediate U.S. recognition of a Cuban government-in-exile would be the indispensable first step toward Cuban self-liberation. Such a government could ask for every form of U.S. and Organization of American States support—and ought to receive it."

In Lakeport, Calif., March 18, Goldwater said action must be taken against Castro in concert with other hemisphere countries and "if we don't do this soon . . . we ourselves will someday have to repeat what we did in 1898." (Guaranteed Cuban independence after waging Spanish-American War.)

When Premier Fidel Castro halted the water supply to the Guantanamo Bay naval base, Goldwater, campaigning in Kingston, N.H., said:

"I hope the president has the courage to tell Castro 'Turn the water back on or we're going in to turn it on ourselves . . . turn it on or the marines will turn it on for you and keep it on.'"

DEFENCE

"Basic strategic concepts for the security of this nation demanded drastic reassessment with the advent of the age of space and missiles. This nation cannot survive, in this new era, without massive use of the uses of space and heavy reliance on missile systems as against a mixed force—missiles, manned aircraft, and naval vessels of all types," Goldwater said July 5.

"I have raised, and will continue to raise until all the facts are known, the question of doubt about the reliability of our intercontinental ballistic missiles. It is not a question of theoretical accuracy. The fact is that not one of our advanced ICBM missiles has been subjected to a full test—of all component systems, including warheads—under simulated battle conditions."

ECONOMY

"We, Republicans, seek a government that attends to its basic responsibilities of maintaining a stable monetary and fiscal climate-encouraging a free economy, protecting savers, and enforcing law and order," (From acceptance speech July 16.)

Goldwater said in Wilton, N.H., March 5, the United States must act to encourage freer trade but "the trouble is the rest of the world isn't ready to let us might go to the point where we have to lower quotas."

EXTREMISM

"I would remind you that extremism in the defence of liberty is no vice, and to remind you also that moderation in the pursuit of justice is no virtue." (From acceptance speech July 16.)

"All I can say is that I will take the support of any American who is not a Communist, who has not advocated the violent overthrow of our government—and the Birch Society like the Americans for Democratic Action, extremists on the left, are operating, in my opinion, under their constitutional rights," he said in San Francisco on March 15.

"I seek the support of an extremist because of the lack of it right," he said in Fresno, Calif., March 14.

FOREIGN AID

"I am for a sound foreign aid program," he said in a June release on the campaign position declaration. He endorsed military aid and technical assistance.

"Foreign military aid and technical assistance are valuable when it is a part of a well-run program of mutual security—the former to protect our friends against Communist aggression and the latter to help free nations free themselves," Goldwater said in an April 14 position paper.

Goldwater also said: "U.S. assistance to Communist-ruled nations has not helped foster any significant independence from Soviet domination. . . .

"Our aid has furnished new strength to the Communist bloc rather than introduced new tensions or weaknesses."

FOREIGN POLICY

Goldwater said in Dallas on June 15 lack of foreign policy and a "weak-kneed" foreign policy "are leading us into World War III "as surely as we were led into World War II by the lack of will and of stupid inspiration."

In Los Angeles May 27 he said: "The greatest way we can help the free world would be to help the people behind the Iron Curtain assert their free will . . . before I'm accused of being a warmonger, I say this can be done without going to war."

In Lebanon, N.H., Feb. 19, he said a firm foreign policy is the best insurance of peace. "We're not afraid to risk war because we know by doing this the chances are that we won't have to go to war."

"I think the time is long past that we have to take a risk here and there," he said in Dover, Feb. 8. "Whenever this country stands firm, communism backs down."

In Minneapolis Feb. 3, Goldwater said, "If you get a Republican president you can get foreign-policy changes awfully fast. In my case it would be changed to a policy not of belligerency but the same policy as under (former president) Eisenhower and (the late state secretary) Dulles, of brinkmanship and the proper use of our strength."

NATO

Goldwater, in his campaign position statement, said: "The greatest force for freedom in the world today is the powerful Atlantic alliance, the NATO community."

He opposed the multilateral force concept as a gimmick to give the appearance of NATO unity, and said it would not be militarily sound.

He proposed these steps:

1. Consultation with NATO allies before major policy decision affecting their security.

2. A pledge not to engage in bilateral negotiations with the Soviet Union on matters involving security or interests of NATO nations.

3. "The sharing of nuclear secrets within the framework of confidence."

4. "The training of all NATO forces stationed in Europe, regardless of nationality, in the use of nuclear weapons. I suggest that the supreme commander of NATO, who is an an American officer and probably always will be, have direct command over a NATO nuclear force, trained, ready and equipped, as a European soil."

MORE LEEWAY

In San Francisco July 13, Goldwater told Florida delegates to the Republican convention:

"I've suggested that we never remove this (nuclear) responsibility from the president but that the commander of NATO have a little more leeway in the selection of weapons and the timeliness of weapons."

"We're talking about tactical nuclear weapons of a very small nature," he told Der Spiegel, a West German newsmagazine. "There is a real need for the supreme commander to have some judgement on the use of these weapons more explicitly than he could by telephoning the White House and I would say that in these days the supreme commander should be given great leeway in the decision to use them or not to use them."

NUCLEAR TEST BAN

"I voted against the treaty because it, in effect, freezes the Soviet Union in a superior position to the United States as regards the uses and effects of high-yield weapons while leaving open the possibility of their catching up to us in the field of tactical nuclear weapons, since these weapons can be perfected by underground tests which are not prohibited by the treaty," Goldwater said in his campaign position paper.

"If I were president, I can conceive of situations in which it would be necessary to abrogate the treaty. If I found it definitely to the interests of the United States to continue to adhere to the treaty, I would use the treaty's own escape clause to release us from its provisions."

"I also feel there are important areas of amendment which should be sought immediately, particularly in the area of peaceful use of nuclear weapons."

Goldwater said Jan. 6 he would not rule out disarmament negotiations with the Soviet Union. "Anyboy, I think, would be a fool to close the door on negotiations for anything but until the Soviet Union shows some indication that they want to disarm . . . then I don't think negotiations are possible."

SOUTH VIET NAM

"The policies we have been following there for the last several years have been proven to be inadequate . . . I predict that if these policies do not change we'll be fighting in Viet Nam for a decade to find, at best, a well and up with a draw or a slow defeat," Goldwater said July 8.

"The supplies of the Communist invaders have got to be shut off.

"This means threatening or actually interdicting the supply routes from Red China, Laos and Cambodia. It does not mean bombing Vietnamese cities."

Goldwater said in San Diego, Calif., May 26: "As president I would say to my military people, 'How do we stop their supplies coming down?' And we would do that."

The senator said he does not advocate the use of nuclear weapons to defoliate jungle trails or to cut Communist supply lines.

"It could be done, but I don't think it should be done," he said. "I feel conventional weapons would be very, very adequate. . . ."

SOVIET UNION

In the Der Spiegel interview, Goldwater said: "My disagreement with diplomatic recognition of Russia goes back to the day when we did it in the 1930s. I opposed it then and I never thought that it has rebounded to the benefit of the Western world. Today I look upon this (recognition) as a tool."

In his campaign position paper, Goldwater said:

"Our recognition of the Soviet Union has been greatly to its advantage. The possibility of withdrawing that recognition should be maintained as a bargaining device, as a lever that might be used at a moment of advantageous to the interests of the United States."

"Withdrawal might not come this year or next or at all, but the very threat would be a great value to the United States in its negotiations with the Communists."

Goldwater on May 28 protested the consular treaty between the U.S. and the Soviet Union. He said at Santa Barbara, Calif., May 26 that he was "rather sick" that President Johnson did not inform the Senate of the treaty details in advance.

UNITED NATIONS

Goldwater made this statement on the United Nations in responding July 5 to an Associated Press questionnaire:

"I believe that the very least, issue a warning—in the following terms: For 19 years now, the Communist bloc have held the UN in contempt. They have repeatedly undermined its operations and its principles. Should the Red Chinese now, in effect, shoot their way in, the charter would be dealt a dead letter. In that event, the United States will no more have interests or responsibilities under the charter. We'll also be forced to undertake a drastic reassessment of its basic commitments.

"The first necessity for strengthening the UN, in my judgment, is to look critically at voting procedures. Some form of weighted voting may have to be seriously considered as a way of bringing the UN into line with new world realities. Many responsible authorities have suggested a system based on population, on contributions to UN costs, or on some combination of factors. I do not favor such a solution. But there is one of the major problems that must be considered soberly and candidly, in assessing the UN's future as both a representative and a responsible organization."

SUPPORTS UN

In his position paper, made public April 14, Goldwater said:

"I support, unconditionally, the purposes the United Nations was originally intended to serve —peace among nations, based on mutual tolerance, respect for the sovereign independence of all nations, and a common sense of justice.

"I believe the United States should make the fullest possible use of membership in the UN as one means of achieving these goals . . . it is a useful forum."

"We must stay in the United Nations but we must make it better," he said in Meredith, N.H. Jan. 23.

In Keene, N.H., Jan. 22 Goldwater said of oft-proposed Communist Chinese admission to the UN: "My objections go to an enemy of peace being allowed in a body that was formed for peace."

"It's foolish," he said. "It's like inviting Al Capone to a Sunday evening social."

In Dover, N.H., he said if Red China gained membership, "I don't see how we could live in the United Nations."

In Belmont, Mass., June 13, 1962, Goldwater said he could see "no reason to continue our participation" in the United Nations. "The idea was wonderful but the world is not ready for it," he said.

Stirling

STIRLING — Miss L. Campbell conducted a Bible school at Grace Chapel last week with 40 children in attendance.

Mr. Guy Bondehaw has now received a licence to sell real estate and has accepted a position with a Trenton firm.

St. Paul's A.O.T.S. Men's Club conducted the services at Trinity and St. Paul's United Churches on Sunday. Rev. E. Bowman and Rev. Graham gave special messages at both churches.

Mr. and Mrs. Albert Fraser were recently honored on the occasion of their silver wedding anniversary when several neighbors and friends gathered at their cottage for a social evening. The honored guests were the recipients of lovely gifts which included 25 silver dollars. Those present during the entertained 60 friends and relatives at a dessert luncheon at their home.

Mrs. Elizabeth Christie, Church Street is a patient in the Belleville General Hospital.

Mr. and Mrs. Charles Conley and Miss Mary Hulin were recent guests of Mr. and Mrs. George Twiddy at their cottage at Moira Lake.

Mrs. Charles Hughson of Buffalo, New York spent some time visiting friends, cousins, Mr. and Mrs. Everett Cooke.

Ivanhoe

IVANHOE — Mrs. J. Bittenger, Mrs. and Mrs. Gordon MacMillan and children, of Brighton, visited Mr. and Mrs. Hugh MacMillan on Friday.

Mrs. William Shaw visited Mr. and Mrs. Bontor Rollins on Sunday.

Mrs. Margaret Johnston, of Belleville, spent a few days with Mr. and Mrs. Hugh MacMillan, returning home on Sunday with Mr. and Mrs. Frank Dickens.

Mrs. Gladys Leonard, Marmora, spent the weekend with Mr. and Mrs. Sidmer Reid.

Mrs. C. Mitts is spending this week at Belmont Lake.

Mr. and Mrs. Thomas Lawson, Mr. P. M. Ford were guests of Mrs. Arthur Wood on Tuesday.

Mr. and Mrs. Milton Shaw, who spent the past two weeks in the Canadian West returned home on Sunday evening.

Mrs. Margaret Johnson, Mr. and Mrs. Hugh MacMillan and Mrs. Bertha Wood visited Mr. P. M. Wood, Moira Lake, recently.

Miss Beverley Anne Smith, and Mr. Lynn Bell, Kingston, were recent visitors of Mr. William MacMillan and Mr. and Mrs. Hugh MacMillan.

Mrs. George Fleming and Philip and Mrs. R. Dafoe of Madoc, visited on the home of Mr. and Mrs. John Fleming on Wednesday.

Miss Debbie Bunn, and Jimmy Shields of Scarborough, are spending this week with Mr. and Mrs. John Stephens.

Ronnie and Peggy Rollins spent the weekend with Mr. and Mrs. Bill Neal, Crookston. Jennifer and Debby spent the past week with Mrs. Ruby Neal, of Bellville.

Mr. and Mrs. William Rollins returned home on Monday from a motor trip to Watertown, N.Y., and Syracuse, returning by Niagara Falls and Toronto.

Ranger Rocket Moon-Launched Next Week

PASADENA, Calif. (AP) — Ranger 7 will carry more than cameras when it is launched to the moon next week: On it will be riding the hopes and perhaps the future of the men who made it.

After Ranger 6 hit the moon last January and failed for the fourth straight time to return close - up picture of the lunar surface, scientists at Jet Jet Propulsion Laboratory birthplace came under severe criticism from the parent U.S. space agency and in Congress.

NFL operations since then have been overhauled and Ranger 7 has been subjected to minutely detailed tests.

Result: Laboratory boss William Pickering gives it a 80-90 chance, compared with the one-in-four chance given Ranger 6.

ANIMAL QUARANTINE

WHIPSNADE, England (CP) A quarantine centre for wild animals from American zoos is to be built at Whipsnade Zoo here in Bedfordshire. Animals now have to spend a period two months in quarantine before leaving Britain.

SOCIAL and PERSONAL

Mr. Stanley Carter, 81 Everett Street, local contractor visited in northern New York over the weekend. Mrs. Carter and son Howard and his wife of Howard Street left for Virginia last Saturday where they expect to spend a month's holiday.

• • •

Mr. and Mrs. J. Norman Garbutt of London, Ontario are the guests of Mr. and Mrs. V. J. White, Albert Street. While in Belleville they attended the Bell — Fairman wedding.

College Dean Leads Study At UCW Meet

The Bay of Quinte Conference School for Leaders' third day of sessions began with a morning worship led by Mrs. M. E. Leask of Bowmanville, using the theme of stewardship.

Rev. Harriet Christie, Dean of Covenant College, continued the outline for Bible study, which was to be used in the groups. Miss Christie gave a brief outline of the history of Israel from Moses to Jesus. She stated that Moses was the first to think of God as a living God, as a spirit, to be served in the heart, with utter obedience. He set the stage for the idea that the children of Israel were the people chosen to show God to the nations of the world.

Miss Christie stated that after Ezra, for a period of 200 years, there were no prophets, and so the Enquiring people, who had once again been conquered, this time by Rome, began looking for someone, a messiah. Various groups had differing ideas as to what the messiah would do, and the temptations of Jesus bore out the picture of what they looked for. Some wanted to be fed, because they were always hungry; some wanted a political liberator, who would free them from their oppressors; some expected a supernatural power who would gather people to establish a kingdom. Into this environment, and background of the prophets, Jesus came, to a people who had been prepared for Him, but not prepared. All were not ready to accept Him. He came to a people who through suffering, through exile and through the teaching of the prophets, had been growing in their capacity to understand God and growing in their capacity to serve Him or to refuse to serve Him.

They may not have been ready, but they were at least prepared for the Messiah, Jesus, who was the gathering up of all that was good and true and fine in the Old Testament.

Mr. Taylor Franklin, of the staff of Albert College, spoke briefly to the group, and explained the building campaign of the college, which, it was stated, is being supported by the Bay of Quinte Conference.

STUDY DEMONSTRATIONS

Mrs. Garrett and the group who had assisted her throughout the school, presented the last of the Bible study demonstrations, entitled the supplementary method. An incident in the life of Jesus, was discussed from different points of view of the persons having witnessed the incident.

Several sessions of songs, by the choir, were interspersed in the program of the day.

The results of the programming study were presented by the 13 study groups. Each showed thought, originality and a great deal of work in the planning for a year's programs or a single unit meeting.

At the evening session Rev. Miss Christie told about the Covenant College, where deaconesses for the United Church of Canada were trained.

Vespers was led by Mrs. Stewart Whittington and Mrs. Donald Rose, secretary of the conference.

U.C.W. Meeting

SCOTT'S U.C.W.

5TH SIDNEY — The ladies of Scott's U.C.W. met at the home of Mrs. Alton Sine for their July meeting on Thursday evening. They motored to Belleville and made a tour of the new O.P.P. building later returning to Mrs. Sine's.

In the absence of the president, Mrs. Cameron Sine took charge of the business session. The School for United Church Women at Albert College, Belleville on July 20 to 23 was announced. Two boxes of clothing were reported sent to the Scott Mission in Toronto during the past week.

Mrs. Grenville Sine conducted a Bible study after which the hostess served a delicious lunch.

Difficult to Be a Christian In Japan, Speaker Explains

Rev. Miss Itoko Watanabe of Japan was one of the guest speakers at the Bay of Quinte Conference School for Leaders held at Albert College this week. Miss Watanabe was born in south Japan, educated in Tokyo and graduated from the Tokyo Union Theological College in 1947. She has had three pastoral charges and is now the president of the Woman's Commission of the United Church of Christ in Japan. She is here on a four months' study tour, of women's work in the United Church of Canada. The following is part of the address which she delivered for the delegates:

The history of the Protestant Church in Japan is not long, as only recently we completed the first one hundred years. The population of Japan is one hundred million and there are about 300,000 christians, which means that there is only one Christian to every 300 people and socially Christianity is a hidden force.

We were granted freedom of religion in 1873; so naturally Christianity was officially recognized, but actually oppression against Christianity continued in different forms. For example, I myself experienced opposition from my mother when I started to go to church and I had to be baptized in secret. Most of the people who became christians before the war went through some kind of experience in resisting family or social opposition. After the war the situation was greatly changed and the public became more friendly towards Christianity, but even today lack of understanding is deep rooted.

Christianity is not become a part of the every day life of the people as in your country. The structure of our society is built having no connection with Christianity. For instance, Sunday is not necessarily a holiday. As all the department stores and large and small shops are open, there are people who must work on Sunday and they cannot attend worship service. In case where Sunday is a holiday, trips and other recreational activities are planned to take place on these days. At schools, usually athletic meets and PTA meetings are held on Sunday and even if Saturday is not a holiday and the working hours are very long so christians lacking until night. Unlike in your country, very few people have their own cars.

Before Christianity was introduced into Japan, Buddhism had a history of about 1,500 years. In almost all the families, funeral services are conducted according to the Buddhist rites. Also for a long time Shinto was recognized as the state religion; so except in the homes of young Christians, most have both a household Buddhist shrine and a shelf for the family gods. When one becomes a Christian the problem arises of what happens to the family members who are buried according to the Buddhist faith. So in order to believe in Christianity, there is a confrontation with other religions.

NEW RELIGION

Recently newly risen religions like the Soka Gakkai are flourishing. The Soka Gakkai is well organized group and as it freely promises to bring prosperity to the believers in this world, it is making an inroad among the masses and now they claim that about 4,000,000 (four million) households are believers. In comparison with 300,000 Christians this is a strong power.

According to the statistics of the Nihon Kirisuto (United Church of Christ in Japan) since 1961, the number of baptismal candidates has not increased at all even though every year about 5,000 new people are baptized. This is due to the fact that others fall away. For this reason the church is making an effort to start new ways to spread the gospel and it is praying and working hard to sustain its members in this world of rapid social changes.

After coming to your country I have been surprised at the size of your churches.

In the Kyodan there are some 1,200 churches and preaching centres and about 35 per cent of them have a membership of less than 60 persons. Also about one third of these churches there are over 30 people who attend Sunday service. Only 2,000 preachers are struggling in these small churches. As the churches cannot support the livelihood of the preachers, many of them are forced to take up work in order to support themselves and consequently they cannot give all their time and energy to evangelization and pastoral work. One of the reasons why the church in Japan is so weak is due to the poverty of the church. We are truly grateful for the generous support we are receiving from the church in your country and the Kyodan is working with great pains to improve the condition, but still our condition is poor.

The Kyodan was formed 23 years ago with some 30 denominations with different traditions and background uniting; so it has not developed sufficiently as an ecumenical church. From the standpoint of its content it is difficult to say that the Kyodan is the true Church. We realize the hardships the churches whose nature and tradition are different to co-operate with each other. But by humbly recognizing the gifts and good points of other churches, we can pray and work together for real unity.

WEDDING

Rupert — Yorke

North Trenton United church was decorated with vases of white and yellow mums for the wedding of Betty Jean Yorke, daughter of Mr. and Mrs. William W. Yorke of Lewisporte, Newfoundland to Philip James Rupert, son of Mr. and Mrs. Edward A. Rupert of Trenton. Rev. A. W. Lougheed was the officiating minister assisted by Brien Trafasher.

The bride who was given in marriage by her grandfather, Mr. R. P. Yorke wore a white satin gown with a fitted bodice, a square neckline embroidered with sequins and long sleeves. Her bell shaped skirt flowed in the back to a semicircle. The back was enhanced with chantilly lace and a back waist bow of satin. Sprays of seed pearls caught up her waist length illusion veil, and she carried a cascade bouquet of red roses and trailing ivy.

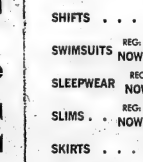
Matron of honor, Mrs. Caroline Cooney and the bridesmaid, Mrs. Patricia Weese, were dressed alike in yellow organdy over taffeta dresses. The dresses had form fitting bodices, short sleeves and full skirts. Their veils were white organdy with yellow bow hats with veils, and carried nosegays of yellow and white mums accented with yellow rosebuds.

The bridegroom was attended by Allan Weese, and the usher was William Cooney.

A reception in the church parlors the ladies of the UCW catered. The bridal table was set with white damask, tall candles, and centred with a three tiered wedding cake iced with rosebuds and topped with a miniature bride and groom.

The bride's aunt, Mrs. Orville Rollins received the guests wearing a turquoise sheath dress pink accessories and corsage of pink carnations.

The bridegroom's mother assisted in a dress of blue armel white accessories and corsage of pink carnations.



For a wedding trip to Niagara Falls the bride wore a yellow sheath dress with matching coat, white accessories and corsage of red roses.

Mr. and Mrs. Rupert are residing in Trenton.

Out of town guests were from Belleville, Toronto, Plainfield, Hardsville, Rochester, N.Y., Picton.

CLEANS DEEP

A Vancouver hotel has acquired a vacuum cleaner that can reach up 18 storeys to clean ventilation shafts and air-conditioners.

Wife Preservers

When spot-cleaning carpets or upholstery, use a hair dryer to dissolve warm air over the damp area and speed drying.

Mr. and Mrs. Charles Denis Newman are pictured following their recent marriage in Holy Rosary Church, Belleville. The bride is the former Geneva Mofina, daughter of Mr. and Mrs. John Mofina of Corbyville R. R. 1. The bridegroom is the son of Mr. and Mrs. A. F. Newman of South Porcupine, Ontario.
(Photo by Lumbers Studio, Belleville)

Newman — Mofina

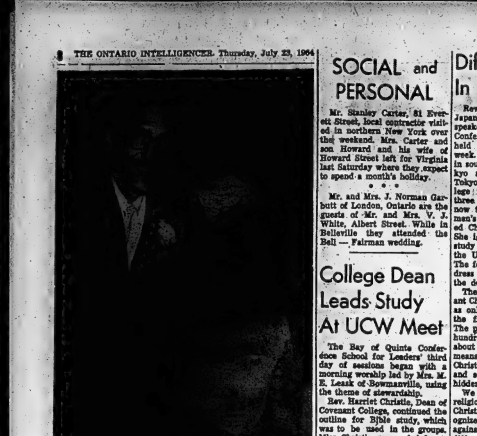
Pink and white gladioli formed the background setting for the Holy Rosary Church, Belleville, for the marriage on Saturday, July 11, of Geneva Mofina, daughter of Mr. and Mrs. John Mofina of Corbyville R.R. 1, to Charles Denis Newman, son of Mr. and Mrs. A. F. Newman of Belleville. Father Rufus officiated at the ceremony.

Traditional wedding music, including an appropriate solo was rendered during the ceremony.

The bride, given in marriage by her father, Mr. John Mofina, wore a floor-length bridal gown of satinized peau de soie featuring a scooped neckline edged with lace and long pointed sleeves. The controlled skirt in sheath effect was highlighted with a "V" pleat with inset of matching lace. A large bow at the back waistline complimented a short chapel train. The bouffant veil flowed from a headpiece of white apple blossoms with cluster of smaller buds around them. She carried a bouquet of white gardenias encircled with pink stephanotis.

Miss Shirley Stephens of Foxboro as maid of honor and the bridesmaids, Miss Joan Mofina of Ottawa and Miss Mary Borowski of Belleville were identically attired in shrimp pink sheath style dresses featuring scoop necklines and short sleeves. The skirts were enhanced with overskirts, neatly appliqued with stem and flower design. They wore matching shrimp colored headpieces consisting of daisy clusters with shoulder length veils to match.

Mr. George Flynn of Marysville attended the bridegroom, while Mr. Marion Mofina of Belleville and Mr. Brian Newman of South Porcupine, were the ushers.



The reception was held at Club Canara where the bride's table was prettily appointed with a traditional wedding cake flanked with pink and white candles in silver candlesticks and bouquets of pink and white flowers. The bride's mother received the guests wearing a pale blue sheath of cotton sateen with matching jacket, white accessories and a corsage of pink Sweetheart roses. She was assisted by the bridegroom's mother wearing a light blue lace sheath with matching shawl, white accessories and a corsage of pink Sweetheart roses.

For the wedding trip to Peterborough, Orillia, Wasaga Beach and north to North Bay and Timmins, the bride chose a turquoise sheath with matching duster, white accessories and a corsage of pink roses.

Guests were present from Belleville, Ottawa, Toronto, Scarborough, Oshawa, North Bay, South Porcupine, Kingston and Pembroke.

A shower honoring the bride was held at the home of the maid of honor, Miss Shirley Stephens in Foxboro.

Mr. and Mrs. Newman are residing at 15 Albion Street, Belleville.

Mr. and Mrs. John Allan Butcher are pictured signing the register after their wedding in Christ Church, Belleville. Mrs. Butcher was the former Bernadette Mary Coughlan, daughter of Miss. Mary Coughlan. The bridegroom is the son of Mr. and Mrs. H. Butcher. All are from Belleville.
(Photo by Lumbers Studio, Belleville)

Butcher — Coughlan

Rev. R. G. Fleming was the officiating minister at the recent wedding of Bernadette Mary Coughlan, daughter of Mrs. M. Coughlan, Belleville, to John Allan Butcher, son of Mr. and Mrs. H. Butcher, also of Belleville. Pink gladioli and yellow 'mums were used to decorate the altar.

The bride, given in marriage by Mr. Truman Cullen and was charmingly gowned in chiffon, fashioned with lace panel in back and front, a lace bodice with a scalloped neckline, and long lace sleeves. Her tulle veil was caught with a white rose headdress, and she carried a semi-cascade bouquet of white carnations with green ivy.

Mrs. J. H. Lindquist of Lauderdale-by-the-Sea, was matron of honor with a pale yellow street length dress with bell skirt, chiffon sleeves and tiny bows up the back of the bodice. She wore matching shoes and headdress and carried a nosegay of carnations and asters which matched the dress.

The bridesmaids were Miss Georgeanne McErien, of Belgrade Road, Belleville; Miss Janet McLean, R.R. 7, Belleville; Miss Karen Butcher, 325 Cottman Street, Belleville, and Miss Paulette Coughlan, 11 Second Street.

They all wore pale pink street length dresses of organza with bell skirts and lace overjackets, matching shoes and wedding ring hats with short veils.

Mr. G. Butcher of Toronto, was groomsman, and the ushers were Mr. G. Doyle, Mr. T. Butcher and Mr. C. Butcher, all of Belleville.

At a reception at the Shrine Club, the bride's table was attractively decorated with a four-tiered wedding cake topped with a miniature bride and groom, and yellow 'mums were used to decorate the altar.

The bride's mother received, wearing a white linen sheath, topped with a navy blue linen coat, white accessories and a corsage of pink 'mums.

The bridegroom's mother assisted dressed in a pink lace sheath with white accessories and a corsage of white carnations.

The young couple left on a wedding trip to Hunstville, Niagara Falls, and Alexandria Bay, with the bride wearing a linen sheath with white skirt and pale blue bodice, pale blue pillbox hat, white accessories and a corsage of white roses.

Out-of-town guests were present from Toronto, Coe Hill, Detroit and Fort Lauderdale, Florida.

Mr. and Mrs. Butcher are residing at 101-B Bridge St. East, Belleville.

The bride was entertained at several social affairs prior to her marriage. Miss Janet McLean and Mrs. V. McLean, R.R. 7, hostesses at a miscellaneous shower; Mrs. B. Cronk 221 MacDonald Avenue, entertained for the bride; Mrs. William Lloyd, 5 Second Street, gave a shower, and a plan shower was given by Mrs. F. C. Evans of Corbyville, and Mrs. E. Willerton, Greenlawn Ave.

Art Exhibition and Tea Given by St. Julien, IODE

It would be difficult to find a more delightful showcase, for the presentation of oil paintings than the residence of Mr. and Mrs. Stan Kwards, Dundas Street West, where St. Julien Chapter of the I.O.D.E. held an art exhibition of paintings by Mr. F. A. de Albenix and other Ontario artists on Wednesday afternoon.

Guests were received at the door by the Regent Mrs. Ralph Ellis and Mrs. Kvards, and were invited to the tearoom by hostesses Mrs. E. MacDonald, Mrs. H. Tisshbein, Mrs. F. Hrachovec, Mrs. R. M. Patterson, Mrs. B Safe and Mrs. E. Sandercock.

The tea table was at one end of the beautifully decorated panelled living room with decorator colors of gold broadloom on the floor, and accents of claret throughout the room. The tea table was spotted with a lace centrepiece of a silver bowl of pink and red carnations, sweet peas and baby's breath. Pouring tea or cold drinks were Mrs. members of the Chapter, Mrs. Georgs Watkins, Mrs. William Gilbert, Mrs. H. Thompson, and Mrs. Charles Bishop.

Assisting in the tearoom were Mrs. J. Gajdicar, Mrs. N. Moore, Mrs. F. Carscallen, Mrs. H. Mo-Kee, Mrs. D. Slocum, Mrs. Whittemore and Mrs. P. Cale, as well as many other members who helped with the important tasks of serving, making tea, and arranging plates. Mrs. George Hume was treasurer for the afternoon.

Background music was provided during the afternoon with recordings of de Albenix's own compositions of jazz music.

On the patio with its sweeping vista of the Bay of Quinte, planters of flowers in bloom outlined the area, and here on easels the art exhibition was arranged.

Scenes Canadian and European were on display with the feeling of the sweep and openness of Canada contrasted with the charm of Paris, Spain and Italy. Still life was represented with flower arrangements, and fruit. Mr. Albenix had donated a large canvas of roses to the Chapter to be sold.

Other artists represented were Bannon, Hitoy, Vallergoir, Piere, Elias, Avellaneda, Brejcha, Thure, Holk, Reinpesatt, Corbeau, Boiddington, Tonlar, Salvati, and six water colors by Lanz.

SPEAKING of MANNERS

PATRICIA LEWIS

IT'S THE LITTLE THINGS THAT BOTHER PEOPLE

Judging from the mail we receive, most readers are pretty well aware of what to do about major points of etiquette — like how to send and acknowledge invitations, go through a receiving line, and what to say to a visiting dignitary.

Many only want some minor points clarified but these are the nagging little things that cause one to become all better-dressed when they do crop up.

For instance, what do you do with the paper dinner napkin that the restaurant waiter has so painstakingly fashioned into a sharp cone, the tip of which is aimed at your aorta every time you bend forward?

As a major consideration, there's really no problem. You simply unfold it and place it on your lap. But here's where the minor rub comes in. Suppose you are just ordering cocktails. Do you still unfold the napkin?

Many people just push it aside until they get around to ordering dinner. Actually, though, since the cocktail is part of the dinner, the napkin should be placed on the lap. Thus, you get it off the table and you get yourself off the hook at the same time.

But, now that you're seated, you discover that you're fresh out of cigarettes. Should you leave your date sitting there while you track some down?

CALL WAITER

Never. What you do is call the waiter. He'll either get them for you or send a cigarette girl to your table. She should be tipped at least a dime for each pack you buy — more if the restaurant is expensive, and you can usually tell what's expected by the way she divvies up the change.

Then, you might wonder, what is the difference between a waiter and a captain, aside from the degree of importance and the scale of tipping? One answer is that the waiter fetches the food from the kitchen and serves it. The captain rarely leaves the dining-room.

Another problem that arises surprisingly often — especially if you go to business lunches and dinner where everyone sits pertinently close together — is who belongs to what bread-and-butter plate.

Ordinarily, and correctly, the bread-and-butter plate is placed to the left of the service plate just above the tip of the fork. Sometimes, though, at a crowded table the arrangement isn't so clearly defined, and you find that the diner on the left has taken over the roll and butter to his right, while the diner to your right goes to work on the plate to his left.

You're left with your own thoughts and no butter plate to call your own. We'd recommend doing without for this once, even though there must be an unclaimed set of forbears roll and pat of butter sitting somewhere else on the table.

But next time we'd suggest moving in with a fast left and start the game of mutual bread-and-butter plates rolling in the proper direction.

Designers Let Women Wear Trousers

LONDON (Reuters) — London's designers showed their determination to let women wear the trousers, as showings of autumn and winter collections began here Wednesday.

But at least one, the younger set's daring designer John Cavanagh, also stressed feminine curves, with several breathtakingly low-cut gowns and one daringly slashed to the bosom.

One of Cavanagh's short basic evening dresses, in the sizzling pink he used frequently in his collection, had a neckline which revealed so much it had to be strongly boned for safety.

The trousers-fancying designers, Michael and Royal couturier Hardy Amies, provided matching skirts for girls who might be, at least part of the time, too self-conscious to be seen in pants.

Amies introduced his young models in checked blazers over matching narrow, tailored trousers and jauntily-checked trilby hats. With each outfit he provided a quick-change alternative of a matching pleated skirt.

Cavanagh showed a luxurious walking-cut trouser-suit consisting of long, soft - shouldered jacket in brown tweed, lined with white opossum fur, to be worn over matching tweed slacks.

Most in Demand

4624
SIZES 14½—24½
by Anne Adams

Ribbon bows, lean lines that become inverted pleats — so simple, but think of the all-weather occasions that require a dress like this.

Printed Pattern 4624: Half Sizes 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ requires 3¾ yards 39-inch fabric.

Fifty cents (50c) in coins (no stamps, please) for this pattern. Ontario residents add 5c sales tax. Print plainly size, name, address, style number.

Send order to Anne Adams, care of The Ontario Intelligencer, 60 Front St., W., TORONTO 1.

Hold Reception For Young Couple

WELLINGTON — On Saturday evening Mr. and Mrs. Bill Yandt of Dresden (formerly of Wellington) entertained several relatives and friends at a reception at the home of Mrs. Ed Carson and Eldon, honoring their son, Murray and his bride, who were married in Verdun, Quebec, on the 4th of July.

Dancing to music provided by Mr. and Mrs. Ernie Yandt and Adrian, formed the evening's entertainment. At midnight the guests were invited into the dining room where the bride and groom were seated at a nicely decorated table, which was centred with the wedding cake over which pink and white streamers and a white wedding bell were suspended from the ceiling.

After a tasty lunch, Murray and Thelma were presented with a variety of lovely gifts, for which they graciously thanked everyone.

Guests attending the reception were Mr. and Mrs. Addison Schenk, Bey and Lorraine; Mr. and Mrs. Max Davis, all of Neustadt; Mr. and Mrs. Lloyd Schek, Bradley and Pamela, of Ayton; Mr. and Mrs. Ernie Yandt and Adrian, Miss Grace Elder of Elmwood; Mrs. Louis Yandt and Delmar of Hanover; Mr. and Mrs. Ralph Duetta and Mr. and Mrs. Jack Hobson of Picton; Mrs. Evelyn Wilkes and Keith of Mount Pleasant, and Mr. Melvin Kennedy of Wellington.

BIRD BRAIN

CAMBRIDGE, England (CP) University lecturer Violet Crane has been given a grant of £2,324 so that she can develop a robot "canary brain" and find out how a canary learns to build a nest.

Mother's Helper

A METAL CASH box that locks with a key might very well be a child's most prized possession. He can hide away any small items which he treasures. It will give him a degree of all-important privacy and a real sense of ownership. Suggest he keep the key in a secret spot in his room, rather than risk losing it out of a pocket.

Ann Landers

Sure Way to Heart Attack Is All Work and No Play

DEAR ANN LANDERS — I'm dictating this letter to the nurse because I'm not yet able to sit up and hold a pencil. Please print my letter for other executives who think they can't possibly spare the time to take as vacation.

Suddenly I have plenty of time — but all I can do is lie flat on my back and stare at the ceiling. The doctor won't even let me make a phone call. He says I'm lucky to be alive after that massive heart attack.

I thought my company would collapse if I didn't get to the office every morning at 8:00 a.m. At night I always lugged work home. I never took time to have lunch with a friend. I used to eat a sandwich at my desk and dictate to my secretary between bites.

ANN LANDERS

I drove my associates crazy — telephoning them at odd hours and on Sundays. I could never spare the time to see a movie or a play or just sit around with friends. I had no time for fun. For the last five years my wife has been begging me to go to a doctor and get a physical, but I couldn't even steal time for that.

Now I realize my big fat ego almost put me in the box. My business is doing just fine without me — in fact the figures are up over last year.

If God gives me a few more years, believe me, Ann, I'll know how to use them. Strange that a man has to look death in the face before he learns how to live. — SIX FIGURE IDIOT.

DEAR SIX FIGURE — Few testimonials are so convincing as one from a hospital bed. Thank you for a powerful letter.

• • •

DEAR ANN LANDERS — My husband says you are a smart dame. Will you please straighten out a little disagreement.

A girl I will call Rosetta has been my husband's secretary for three years. Rosetta is not just a secretary, she is more like an office manager. My husband says she has helped make his branch the best in the country and he owes her a great deal.

Almost every Sunday my husband drives Rosetta to her sister's place, about 40 miles from here. Rosetta stays all night with her sister and takes the bus back Monday morning. My husband is gone about three hours in all.

I think this is out of line and have told him I would gladly pay Rosetta's bus fare to her sister's if he would stop driving her. My husband says the personal touch of going out of his way to do something nice is what makes it so meaningful. What do you say? — MINNIE.

• • •

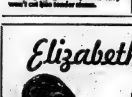
DEAR MINNIE — I say the personal touch is a touch too personal. If your husband wants to do something nice for his secretary tell him to try money. This is generally the way a good boss expresses his appreciation for a job well done.

• • •

DEAR ANN LANDERS — Recently I read where a certain member of an Asiatic royal family is expecting a child. She has been eating special herbs prepared in the juice of eucalyptus leaves to insure the birth of a boy.

Does this stuff work? I have heard all sorts of far-out stories from people who claim they have been able to have a boy when they wanted one and a girl after that.

I know you are not a doctor but I understand you consult with specialists in many fields in order to get the right answers for this column. I'd appreciate it if you'd find out about this for me. Thank you. — PREGNANT BUT NOT FUSSY.



DEAR NOT FUSSY — The sex of a child is determined at the moment of conception. It doesn't make a bit of difference what you eat after that.

• • •

Do you lean on cigarettes as a social crutch? You may regret it later. Send for Ann Landers' booklet, "Teen-Age Smoking," enclosing with your request 15 cents in coin and a long, self-addressed envelope.

Long Jackets, Flaring Skirts Fashion Trend

FLORENCE, Italy (AP) — Long jackets and flaring bias skirts loomed large today as the Florence fall and winter fashions showings drew to a close.

The Italian showings and here today after 10 days in Rome and Florence. Next the spotlight moves to Paris.

The long jackets and bias skirts dominated at the Pitti Palace Wednesday night as Guidi and Marucelli unveiled their offerings.

Guidi jackets, almost three-quarter length, were wide shouldered and fitted. Skirts flared on fitted skirt - length coats.

Fitted skirt-length coats had spinning flared skirts. A straight strict black velvet suit had big fox reverers. There were long jacket suits for evening in shimmering fabrics—black geometric cloque and heavy gold lame.

Short crepe gowns in black or white had V necks and deep fabric rose borders on easy flaring skirts.

BIRTH PLACE

Princess Margaret was born Aug. 21, 1930 at Glamis Castle in Scotland.

Playground Activities

BAYVIEW HEIGHTS

A large number of animals was present at the annual pet show, including guinea pigs, fish and the usual cats and dogs. About thirty-five children were on hand. Winners of the various contests were: Mary Scanlan (Sam), shortest furry; Susan Wearmouth (Fluffy), longest whiskers; Betty Scanlan (Snowball), cuddliest; Karen Wearmouth (Dandy), smallest paws; Elizabeth Lloyd (Rosalie), best behaved, shortest tail; Stephen Lloyd (Goldie), most unusual; Glen Smith (Trefly), smallest tail; Stephen Mooney (Skippy), shortest hair; David Asselstine (Butch), busiest tail; Kara Pointon, (Baby), shortest tail; Noelle Brown (Rip), longest tongue, longest tail; Tim O'Hara (Chimy), most obedient, longest hair, biggest paws; Bruce Brooks (Skippy), longest ears, smallest hair. A special thanks to all who participated in the show. Judges were Reid Mallory, Wayne Dewbrink (assistant supervisors), Mike O'Hara and Cathy MacDonald (supervisor).

If Milady Is Brave Enough She Can Make Hat for $2

Mother's Helper

AN UNUSUAL GIFT for a child old enough to handle it (duly-sanctified by a grandpa) which created elegant designed smocked-millery. Made of metal, will lose a holder for a ball-point pen or a pencil. The holder is connected to a handle which when turned makes the pen produce any one of hundreds of different patterns. Paper floss comes with it. Fascinating!

© 1966 Publishers Newspaper Syndicate

By JEAN SHARP

TORONTO (CP)—A custom made hat to match a dress or coat has an air of opulence about it, usually with good reason. But it doesn't have to cost a fortune. If you're brave enough and interested enough you can make one for about $3.

For instance, to make a pillbox, cut a length of buckram two to five inches wide for the side crown. It should be long enough to leave an inch to spare at the end. Cut a round piece for the top and sew the two together with a lock stitch. Wire the top edge and cover it with bias muslin. Pad the hat with sheet wadding if you want to soften the edges, then cover it in whatever material you like.

Mrs. W. H. Speed has been giving instructions such as these to classes at a Toronto YWCA.

"Once you have seen it done it is very uncomplicated," she says. She does, however, advise women who have never made a hat to get some instructions from a friend or professional teacher at first.

HEAD SIZE

The best style to start on is a half-hat, Mrs. Speed says. Measure your head over the top from ear to ear. Cut buckram to fit in the width and shape you want. Wire the edge to hold the curve, cover the wire, stitch in the lining and cover the top.

"There is no limit to the materials you can use. You should remember not to handle fancy materials—such as soles and velvets—too much."

There are basic patterns for buckram forms for shapes which would otherwise need blocking. Speed says felts, nets, straws and buckram may require blocking which can be an expensive proposition because of the cost of blocking forms.

A pre - set buckram form, stiffened with sizing, will serve as a block once or twice. Mrs. Speed has a net hat she blocked on a salad bowl, wetting the net, wrapping it over the bowl and letting it dry there. She says a canister in the right head size makes a good block.

NOT ALWAYS NEEDED

For most hats, though, you won't need a block, Mrs. Speed says buckram, pre - shaped or not, is the usual base, but is occasionally not necessary. Then a lighter stiffening should be used.

To determine your head size, measure around the nape of your neck to the centre of your forehead at the hairline, then around the roundest part of your head. The larger of the measurements is the size to work with.

Mrs. Speed says a hat slightly too large can be made smaller by taking darts in the edge.

A sailor brim is made by slashing the material and overlapping it. For a floppy brim, cut slashes, overlap some and add a piece of fabric in others.

Straw can be made pliable by being wrapped in a damp towel for about an hour before it is to be used.

Mrs. Speed says beginners often make their stitches too big. On the top they should be as small as possible.

She says that while it isn't easy to copy elaborate, professionally made hats which are skillfully designed, "anyone at all interested in sewing can accomplish quite a bit in making hats."

'Lines on Life'

By Dr. Stuart E. Rosenberg

Law is a necessary and vital force for human betterment. It is a valuable weapon, for it can coerce our worst nature by whipping it into better shape. Legislation for human progress is a significant and indispensable tool of the humane society. Yet the law cannot become a substitute for human will, for it functions only negatively, only when it has been broken. It is a crucial problem in the moral life of man centres upon the positives, not the negatives; not only upon overt actions but upon covert intentions. Too often law has embraces the lowest of our common denominators and necessarily avoids dealing with the "imagination of our hearts" — the truly crucial centre of our moral or immoral activities.

HUMANE DEFENCE

Law is the armour of the weak; it constitutes their only humane defence in the presence of the mighty. But it, too, is not immune from the selfish, haughty manipulation of the powerful. When the strong use the law as if it were intended to "protect" them from the weak, they destroy its spirit, using it to abuse it. Often, law gives unethical majorities legal but immoral power. Inevitably there is an ethical lag between law and the achievement of a more humane society.

POWER CORRUPTS

For all these reasons, the world, for its humanity, depends upon its majorities more than upon its minorities; more upon the weak than on the strong. Power corrupts man, distorts his vision, defiects his moral sense. Instead of seeking to protect the unprotected, the powerful turn the tables on them, exploit their weakness make a joke of their frailty. But ultimately history foils the mighty because it is hinged to the law of "measure for measure." The strong ones may grow from strength to strength only to trip over their own power lines. Athens survived but Sparta fell, just as the ant thrives still long after the dinosaur has topped into oblivion. The meek can survive to inherit while the mighty fall under their own weight.

HAVE NOTS

The witness of conscience is found in the "have-nots"; the "haves" are often too busy getting bigger. And as those who have something to offer society need not pine after bigness: the tragedy lies not in being small or outnumbered but in desiring to become "as big as the biggest." "As powerful as the mighty."

Majorities, then, have more to gain, less to lose when they encourage the rights of creative minorities within their midst. They can hope to survive only if they listen to what the powerless are saying and support their right to say it. Minorities may depend upon the majority for their right to live. But a majority needs its minorities even more; it depends upon them for its moral health and its ability to survive creatively.

ALL IN THE JOB — Jean Buck, formerly of Toronto, helps pilot with loading at Uranium City, Sask., where she has been working with a commercial flying firm since 1954. Miss Buck is primarily secretary-treasurer of the 10-plane firm, but her seven-day-a-week job includes work as office manager, janitor and radio operator. (CP Photo)

Uranium City
Where Girls Were Outnumbered 20-1

By ALLEN SACKMANN

URANIUM CITY, Sask (CP) Eligible women were harder to find than uranium during the early 1950s when this community mushroomed from a rugged northern outpost to a thriving mining town.

Girls were outnumbered 20 to 1, Yvonne Littlechilds recalls. One lasting memory of her arrival from Edmonton in 1953 was the mob of men surrounding the tiny air terminal. "I wondered what I was getting into."

Time sorted out the faces and a year later she married a miner who had been in the north since 1953.

Another girl who hit Uranium City in the boom years was Toronto-born Jean Buck. The pretty, reddish blonde turned many a head when she arrived in 1954 and has been turning them ever since. She's still single despite several offers.

Miss Buck is an exception in the community. 550 miles northeast of Edmonton, where girls generally graduate from high school to kitchen. She's secretary - treasurer to a thriving commercial flying firm, McMurray Air Services.

She professes no special love for the mining town and says only her job keeps her here. "I always see something bigger and better for the company so I've stayed to see that everything goes right. Besides, I know I'd never get another job like this anywhere else. The pay is good, business is good and holidays are generous."

WENT TO EUROPE

She can count on a month's vacation plus two or three shorter excursions to the outside world annually.

"Where do I go? To the places where the lights are the brightest. Toronto, New York . . ."

Last year the bright lights were in Europe where she spent three months.

There's no holiday, however when she's in Uranium City. McMurray operates seven days a week and Miss Buck doubles as office manager, radio operator and janitor for the 10-plane, 20-employee firm.

When business is slow, which isn't often during summer, she can duck out the front door to swim in Lake Martin or watch the McMurray team play baseball. Other activities include reading, listening to "good" records and watching the political scene.

She dabbled in the stock market for a time but her interest waned when uranium stock slumped as world demand slipped, sending the Uranium City boom.

Neither Miss Buck nor Mrs. Littlechilds thinks the town will die, despite what some pessimists say, and their refusal to worry about the future is shared by many other women here.

A 34-year-old mother of five children now, Mrs. Littlechilds says Uranium City, with a present population of 1,500 is much the same as any other modern, small Saskatchewan community.

NO TELEVISION

The local pub-cocktail bar is the centre of adult activities and there is also curling, skating, hockey, fishing, baseball, movies and bingo, she says, but recreational facilities are less than adequate for children.

The absence of television doesn't bother her, however. "We don't have to fight with the kids over which programs they're going to watch. They hardly know what TV is."

There are the usual women's clubs in Uranium City, although Mrs. Littlechilds doesn't belong to any. She curls in winter and plays ball in summer, also works three or four months a year in the Uranium City Hotel.

Two features set the town apart, she says. Its residents earn better salaries and they're not as narrow - minded as in other places.

"We don't look down on people for the slight mistakes they make the way they do on the outside."

Cocoanut Twists Simple to Make

by Mary Moore

Hot from the oven the Cocoanut Twists I am giving you will raise the eyebrows of your guests and your reputation.

They are quite simple because the dough is merely a biscuit dough enriched by the addition of eggs. It is the finishing touches that add the glamor.

Turn out onto lightly floured board and knead, folding 10 times.

Roll out to exactly 8 x 12 rectangle 1-2" thick. (I measured mine with a ruler and was glad I did.)

Spread one side, lengthwise, with the soft butter (second amount) then sprinkle neatly and evenly with the brown sugar, then cover that with the cocoanut neatly. Fold bare side over, press down firmly. Pinch sides together snugly. Now with a very sharp long knife cut into twelve 1" wide strips crosswise. (Sharp knife is essential if you use shredded cocoanut for you have to cut through shreds of cocoanut.) Flaked or desiccated cocoanut will fall out of the sides of the strips a little too freely for my liking. But filling will fall out a little anyway, but as you twist these strips try to tuck the filling back in. Twist each strip to look like a loose rope. Place on buttered or oiled cookie sheet 3" apart. Bake at 425 deg. Fahr. 12 to 15 minutes.

If possible serve these crunchy luscious twists straight from the oven. If any sugar melts out of the twists onto the cookie sheet, manage to pick it up on the lifter as you transfer twists from pan to serving dish or cookie rack. Makes twelve Cocoanut Twists. I strongly advise you to clip and try this recipe.

Dinner Menus

THURSDAY

Chicken Pot Pie with Vegetables; Generous Tomato and Cucumber Salad with Roquefort Dressing; Summer Apple Sauce; Hermit Cookies; Tea.

SUNDAY
(Guests)

Terrine de Boucf (see Monday) Buttered Fine Egg Noodles; Broccoli; Marinated Sliced Tomatoes with Cress; Maple Ice Cream (see Tuesday); Walnut Refrigerator Cookies; Coffee.

COCOANUT TWISTS:

2 cups sifted all-purpose flour, 3 teaspoons (1 tablespoon) single-acting baking powder, 1 teaspoon salt, 2 tablespoons sugar, ⅓ cup shortening, 2 tablespoons butter, 2 slightly beaten eggs, ¼ cup (approximately) milk.

Filling: 2 tablespoons soft butter (second amount), ½ cup light brown sugar, ½ cup shredded or flaked cocoanut.

Into your mixing bowl sift the sifted flour, baking powder, salt and sugar. Cut in the shortening and butter with pastry blender until size of peas. Break the eggs into your measuring cup, beat them a little with a fork, then add enough milk to come up to the ¼ cup mark. Add all at once, to flour mixture, stir quickly just until all flour is dampened.

PRINTED PATTERN
SIZES 12½-22½

A Radiant Original

A COOL CASCADE OF CIRCULAR RUFFLES is fashion's freshest, most feminine detail — as pictured in Printed Pattern M108. The diagonal neckline is a favorite Radiant design feature and the most slimming for the fuller-bosomed, half-size figure. Below the waist, all is slenderness. Note the back of the skirt — see how paneled seams create a nice flow of smoothness over the hips. Choose your sleeve version with season in mind — sleeveless, short-sleeved now and for transition time, ¾ sleeves later on. Fabric? Tissue faille, crepe, linen, shantung are all fine.

Printed Pattern M108 is available in Half Sizes 12½, 14½, 16½, 18½, 20½, 22½. Size 16½ requires 3¾ yards 39-inch fabric.

Send ONE DOLLAR for Printed Pattern M108 to THE ONTARIO INTELLIGENCER, 60 FRONT STREET W., TORONTO 1, Pattern Department. Please write plainly YOUR NAME, ADDRESS with STYLE NUMBER and SIZE.

Ontario residents add 3c sales tax.

Next Week — Watch for a Prominent Designer Pattern by Rembrandt.

Successful Living

Giving Baby Away Now May Lead to Sad End Later

DEAR DORIS — I was married very young and now am separated from my husband. He doesn't send the money he is supposed to and I get some help from the welfare for myself and three children.

My cousin and her husband want to adopt the baby, who is just three months, because they haven't any of their own. I think the baby would be better off with them. I didn't want him when I was pregnant and I still do not feel towards him the love I feel for the others.

DORIS CLARE

I would like to go back to work and save money and get a divorce. Just being with the children all the time makes me feel like screaming. Would you please let me have your advice on this? — FEELING TRAPPED.

DEAR TRAPPED — Sounds good now, but how will you feel later?

There are other solutions. Seek counsel from a trained child care worker. Don't do anything you might regret when you aren't so desparate.

* * *

DEAR DORIS — About that man who claimed to have talent as an artist: Last year I took the plunge and wrote away to an art schooly for a talent test. I've never been so glad of anything in my life. I am a full-time mother and housewife — to a clergyman at that! — and still find time to take my art training. It is the most wonderful outlet.

It would seem that your correspondent could have his talent judged and if adequate, could train for the life he really desires. The fact that his wife encourages him is a real asset.

Congratulations on a very fine column — the only one of its calibre — and best wishes for future success. — BUDDING ARTIST.

* * *

DEAR ARTIST — Drawing out a talent — as it were — is Living with a capital "L". I've passed on the name of the school to Mr. "Artistic."

* * *

DEAR DORIS — I am a widow 60 but look younger. There has been a man 42 coming to my house; sometimes he brings a boy with him. But still he says he thinks a lot of me.

I tell him I am too old for him, but really, Doris, I do care for him. Do you think he is making a fool out of me? — BASHFUL.

* * *

DEAR BASHFUL — Only if you let him. Why can't you all be friends? I'd go for that, but nothing more, considering the difference in age.

* * *

To CANADIAN WEDDING — Even if the candles are decorative, it would not look right for them to be placed on the tables and not lighted. Glasses for the toasts may be on the table beside the water glasses when the guests sit down; filled just before the M.C. takes over.

* * *

(Doris, a trained social worker, can help with your dilemma. Write to her, in care of this newspaper, enclosing a stamped, self-addressed envelope.)

DUNDAS ST. W. (HWY No. 2) Formerly known as the RENT ROAD BELLEVILLE

Exclusive Brethren Members Strangest, Strictest Religious Sect Now in Great Britain

By ROD CURRIE

LONDON (CP)—In a picturesque little Scottish village, Christian usher almost every evening outside a red-roofed white bungalow to hurl abuse at other Christians arriving to attend service.

"You dirty pigs," they shout. "You filthy animals."

Those arriving hurry into the house, walking ramrod straight and looking neither to the right nor the left.

They never answer back. To do so would be an offence against their religion.

They are members of the Exclusive Brethren, British's strangest and strictest religious sect which in recent months has blazed into unwanted prominence with its activities in dozens of small communities throughout the country.

They are blamed by outsiders for splitting families, setting brother against brother, causing divorce and at least two suicides by people ostracized as non-believers.

The outcry against the Brethren has been growing louder but they remain unmoved. Several members of Parliament have called for action but the Brethren do not in fact break the law and the government has been ordered for fear of anything that might smack of religious persecution.

One has suggested is a law to force the sect to issue a financial statement, to show how much money is collected as they demand notes, no coins in the collection plate—and what proportion finds its way to big Jim Taylor, the New York shooting wholesaler who is the challenged head of the Exclusive Brethren.

It has been estimated there are 10,000 Exclusives in Britain but actually little or no factual information is available since they never grant interviews. In fact they would speaking to the "unclean"—their name for people outside the Brethren—except when necessary.

They are a splinter group that broke away from the original Brethren, a peaceful flock that has been quietly worshipping in its own fundamentalist way since it was formed in Britain in 1848.

They follow the harsh teachings of Nonconformist beliefs are based on the literal interpretation of one of St. Paul's epistles to the Corinthians: "Be ye not unequally yoked together with unbelievers."

They insist on staying apart and clean—they may not eat with non-believers, even if the person is a member of the family. They do not permit radio or television, smoking or drinking, magazines or newspapers in their homes. They are against conventional education and no child from an Exclusive family may play with an "unclean" child.

Recently, attractive Mrs. Andrew Hammond of St. Albans, Hertfordshire, was a prosperous wife becoming the first woman in Britain to win a divorce because her husband was a Brethren member. She alleged mental cruelty.

In a TV interview she told how her husband forbade her and her three daughters to take part in any form of entertainment. "He wouldn't eat with us because we were 'unclean.'" she said "and he wouldn't let us discuss any current news—not even the government's budget."

There have been dozens of cases where Exclusives—often elderly people—have been persuaded to leave their unclean" families and live with other Brethren. More recently, farmer Raymond Ellis, an Exclusive, ordered hired man Ernest Williams, 26, to get rid of his TV set or move out of the cottage he rents from Ellis.

"I know the people of the village hate me," said Ellis of Gaydon, Warwickshire, "but my master tells me to do something I obey."

In the same village, where 50 of the 400 population are Brethren, grocer Walter Garrett, a sect leader, refused to deliver groceries to the home of a family that had quit the Exclusives in protest against the increasing strictness.

And then there is Bob White, 36, who left home because his parents and four brothers, all Exclusives, refused to eat with him.

"I like a smoke and a drink at the local pub and they did not approve," said White who still delivers milk to his family home but never enters it.

In Walsall, Staffordshire, where two families' lives have been broken by the sect, 39-year-old Leslie Pearson, a company director, said his wife is a member and now lives with him "only as a housekeeper."

His father, Charles Pearson, 69, said the sect is "a very profitable brain-washing process."

Businessmen who are members of the sect are expected to give at least £10 a week to the Brethren's fund — and no excuse is accepted.

None of the major Christian churches has made any official comment on the sect's activities but individual ministers have expressed alarm. Some, however, take the attitude that the Brethren, with increasing strictness, will eventually defeat themselves.

Rev. Peter Eitrick, vicar of Gaydon, said many of their actions are un-Christian but added: "These people are only a small part of society and turn the screw on for so long—one they will seek a more liberal way of life."

Inter

(Continued From Page 1)

destiny of our organization depends upon the decision adopted here."

He called for the application of all measures under the treaty of mutual assistance "with the exception of the use of armed force."

The resolution excluded from the embargo transportation to and from Cuba, supplies for emergency humanitarian reasons, as well as sales of food and medicines.

Under the treaty aggression against one of the American republics is to be regarded as aggression against all of them.

HAVANA (Reuters)—The Cuban government Wednesday informed the United Nations that the situation caused by alleged United States provocations in Guantanamo naval base had created an "exceedingly grave risk" which could lead to a conflict involving world peace.

In a note to Secretary-General U Thant, Raul Roa, Cuba's foreign minister charged that the U.S. government with responsibility for the fatal shooting of a Cuban border guard at Guantanamo Sunday night.

Roa said the situation at Guantanamo was "evident danger for the peace of the Caribbean and consequently for world peace."

The state department in Washington has denied the Cuban allegation.

Wallbridge

WALLBRIDGE — Mr. and Mrs. Walter Acker of Bonarlaw were Sunday guests of Mr. and Mrs. Ed Spencer.

Mrs. Albert Langabeer of Kingston spent a few days with Mr. and Mrs. Frank Harris and also visited on Tuesday with Mr. and Mrs. Clifford Parks.

Mr. and Mrs. Jack Cole and boys are spending a week camping at Algonquin Park.

Mr. and Mrs. George Moore and family of Greenwood and Mr. and Mrs. Ben Acker of Oshawa, spent Saturday with Mr. and Mrs. Ed Spencer.

Mr. and Mrs. Jack Smith and their daughter and children of Wiarton, were recent callers of Mr. and Mrs. Frank Harris Mr. and Mrs. Don Garrison and Mr. and Mrs. Robert Garrison visited with the former's parents, Mr. and Mrs. Harold Garrison before leaving for California.

Strange, Exclusive Museum In Scotland Yard's Basement

By ALAN WALKER

LONDON (CP) — Exhibits articles are among the most shocking beyond most men's interesting. imagination fill a strange and exclusive museum in Scotland Yards basement.

The black museum is the popular name for four guarded rooms that contain a macabre collection of paraphernalia used by perverted killers, and photographs of the victims they slew in revolting—cruel ways.

The four rooms—no one room, bold historical displays and tools of various illegal trades, but the fourth shows incredible loathsome items that few see and fewer discuss.

Only senior officers and distinguished criminologists on official visits are admitted to the Criminal Police Crime Museum that was established in 1890.

Apart from the unspeakable exhibits, the museum stocks souvenirs of famous crimes. There is the bathtub in which George Joseph Smith drowned his sequence of brides. Not far away is the blood-stained riding crop that Neville Heath used to torture Margery Gardner to death.

TRUNKS OFTEN USED

England is crowded and murderers constantly struggle to devise new methods of disposing of their victims. It's too hard to cart a corpse from the centre of London to a burial place in the country, so trunks have always been popular. One criminology expert once said all women could be divided into the categories of "trunkable" and "untrunkable," depending on their characters.

A heap of trunks stands in one corner of the black museum. Most had held bodies and had been abandoned in railway cloakrooms.

John George Haigh spurned trunks and preferred to dissolve his victims in tubs of acid. The black museum has the tubs.

There is a variety of weird weapons. An ordinary - looking pair of binoculars is rigged so that when the viewer turns the focusing wheel, long needles jab into his eyes.

Ernest Smith was found dead in 1906 with a small hole in his forehead and it was several days before police found the umbrella that had been used to dismember his unwanted fiancee Emily Kaye; and the revolver that Edward Oxford fired three times at Queen Victoria.

Some of the less gruesome

Seven

(Continued From Page 1)

and from 3:30 p.m. to 6 p.m.

During the 34-hour curfew break prices rocketed by as much as 25 per cent and some canned food was sold at exorbitant high prices by door-to-door salesman to people unwilling to go into the streets.

A mid-afternoon exposure's streets were nearly deserted except for security forces and persons with curfew passes. There were no reports of serious incidents since the morning.

Instead of people, the streets here and there showed the debris of violence—a burned out car leaking into a storm sewer, upturned crates, lumps of masonry and sticks which had been used as weapons and thousands of broken bottles.

Reliable sources said one of the deaths reported today was a man killed by a meatbook thrashed across his face. Another was a 16-year-old boy killed by police gunfire. It was the first report of the police firing and it could not be confirmed officially.

The rioting began Tuesday night during a procession by 25,000 Malays marching in honor of Mohammed's birthday. There has long been tension between the two communities because the Chinese in both Singapore and Malaya control business, commerce and industry.

British Record Company Still in Counting Houses Figuring Profits on Beatles

By DOUG MARSHALL

LONDON (CP) — Drop a Beatle disc into a musical vacuum and watch the pickup head collect gold dust at a steady 45 revolutions a minute.

That's what a British record company did, anyway, and the dazed directors are still sitting in their counting houses trying to assess the causes and significance of the biggest recording boom to hit British since the pounded beat dog first heard His Master's Voice.

Granted, the Liverpool sound makes some people feverish. But it's making a lot of other people rich. Some facts and figures:

—Record sales in Britain are running 25 per cent higher this year than in 1963 and the total is expected to reach 100,000,000 for the first time ever.

—Three records by the Beatles alone have topped the the mystic 1,000,000 mark here and the group's combined sales in Canada and the United States are believed to be hitting an astronomical 35,000,000 in the first eight months.

—At least 10 other merseystyle groups are riding the Beatle fringe with domestic sales approaching 750,000 for each.

SHOCK INDUSTRY

Figures like these come as a profound shock to a staid British music industry barely graduated from the 78-r.p.m. era. Suddenly it's a big industry with no commercial radio stations and few jukeboxes.

Before the Beatles, only three records exceeded 1,000,000 sales in British history—Harry Belafonte's Banana Boat, Bill Haley's Rock Around the Clock and Elvis Presley's It's Now or Never.

The Beatles hit 1,500,000 with I Want to Hold Your Hand and are nearing 1,000,000 in overseas sales for their next release, A Hard Day's Night.

The 1,500,000 figure is considered the saturation point in Britain because it means that roughly one person in every 20—or every teenager in the land —bought a copy of the record.

"I know it sounds fantastic," said a spokesman for the giant Electric and Musical Industries. "But there it is and I can tell you we're not growing any poorer."

The EMI complex — HMV, Capitol, Columbia, Parlophone, MGM, Top Rank and Stateside is the best stacked British company in the best bonanza. Besides the Beatles, its labels embrace the Dave Clark Five, Freddie and the Dreamers, Billy J. Kramer and the Dakotas and Gerry and the Pacemakers.

QUEUE AT EARNINGS

EMI accountants are still trying to add up overseas earnings but sales go up so quickly that all they can do is guess. They bring a figure at least one Beatles record has hit the top 20 of every important record-buying country every week, since Christmas.

Ironically, EMI nearly missed the Mersey boat and Decca, the firm that once shared the bulk of the British market with EMI, is racked by endless rue because it turned down the first tape recorded by George, Ringo, Paul and John.

Both firms, believing the major rock 'n' roll craze of the late 1950s was long dead, were caught napping when the Liverpool sound first began to bleat across the land. None of the professional disc men believe the success of the Beatles is based on charm, musical ability or Freudian appeal.

"All their stuff is based on revivals and they just happened to hit a period of hungry in pop music," said one hardened dealer. "I reckon they're lucky they've got anything ever sang for their supper.

"I don't think they'll last as long as Presley. He's been getting steadily since 1955, selling about 11,000,000 records a year. The Beatles will probably fade out as quickly as they blew in. Personally, I give them about nine months to a year."

ALREADY HAS-BEENS?

There are some obvious signs of this. Not only has the British musical industry barely graduated from the 78-r.p.m. era, but it's a staid British country with no commercial radio stations and few jukeboxes.

Before the Beatles, only three records exceeded 1,000,000 sales in British history—Harry Belafonte's Banana Boat, Bill Haley's Rock Around the Clock and Elvis Presley's It's Now or Never.

The Beatles hit 1,500,000 with I Want to Hold Your Hand and are nearing 1,000,000 in overseas sales for their next release, A Hard Day's Night.

The 1,500,000 figure is considered the saturation point in Britain because it means that roughly one person in every 20 —or every teenager in the land —bought a copy of the record.

"I know it sounds fantastic," said a spokesman for the giant Electric and Musical Industries. "But there it is and I can tell you we're not growing any poorer."

The EMI complex — HMV, Capitol, Columbia, Parlophone, MGM, Top Rank and Stateside is the best stacked British company in the best bonanza. Besides the Beatles, its labels embrace the Dave Clark Five, Freddie and the Dreamers, Billy J. Kramer and the Dakotas and Gerry and the Pacemakers.

Seventh

(Continued From Page 1)

committee on finance into an advisory committee on education. Under the constitution, he argued, the committee wouldn't have the power to assume this function.

At the Commons neared the end of a hot and humid day, tempers frayed slightly.

CHURCHILL ASTONISHED

Gordon Churchill (PC—Winnipeg South Centre) said he was astonished at the lack of consideration on the part of the government: "If ask the minister of finance: What done he want done this bill? Does he want it to go through, or does he want it to remain unenacted?"

Finance Minister Gordon said this sounded like a threat. "I presume we are entitled to at least reach our own conclusions and not be told that unless we accept an amendment of this kind, this bill will not go through."

New Democratic Party Leader T. C. Douglas said if the government refuses to accept amendments regardless of the logic "then we are just wasting our time in going over the legislation."

The issue involves the right of Canadians, said Jack Horner (PC—Acadia), "it is all very well for the prime minister to stand up in the hall of representation and talk of equal representation and rights for Rhodesia. What about equal rights for the Yukon and Northwest Territories?"

Mr. Gordon sought permission from the committee to extra five-minute sitting so the proposed amendment could reach vote but failed to get unanimous consent.

Crofton

CROFTON — Mr. and Mrs. Robert Wood of Belleville spent Monday evening with their parents, Mr. and Mrs. John Gray and boys.

Mr. and Mrs. Tod Hunt and family of Belleville and Mr. Garnet Giles and George Mr. John Lafleche, spent Saturday with their parents, Mr. and Mrs. George Hutson.

Mrs. Giles returned home with her husband after a week's holiday with her parents.

Mr. and Mrs. Jack Taylor, Bobby and Wendy of Sarnia spent a few days with Mr. and Mrs. D. B. Munro and Keith for a few days last week.

Mr. and Mrs. Lloyd spent Sunday with his daughter, Mrs. Kenneth Sharpe, Mr. Sharpe and Dennis and Brian.

Mrs. Stalker of Toronto spent last week with her daughter, Mrs. John Gray, Mr. Gray and boys.

Mr. and Mrs. George Hutson called on Mrs. E. Crook on Sunday evening.

Go Over Archbishop's Head To Get Approval From Pope For Change in Maltese Pact

By ROD CURRIE
Canadian Press Staff Writer

Deletion of a clause that would leave the Roman Catholic Church virtually above the law of Malta has finally cleared the way to independence for the underdeveloped, over - populated Mediterranean island.

The new agreement was signed in London Tuesday and the British Parliament agreed to rush it through, despite opposition from the Labor party's left wing, so independence could come in September.

The compromise agreement still is opposed by a minority, accepted by a majority, enthusiastically embraced by the majority.

It is said that Malta, converted to Christianity when St. Paul was shipwrecked there in 60 AD, suffers from too many politicians. It also suffers from a lack of industrial resources and its big population is supported by the royal naval station and dockyards.

Various previous attempts at integration with Britain and, later, at independence, had met with disappointment. At one proposed London stage some delegations even refused to sit down with others and they all packed up and went home.

STUCK TO GUNS

Through it all the powerful archbishop of Malta, Msgr. Michael Gonzi, stuck to his guns. "I will never yield to any measure that may weaken the authority of the church," he said some years ago.

But in this instance, the British went directly to the Vatican for the Pope's approval before approaching either Prime Minister Borg Olivier or the archbishop.

The compromise agreement includes two major changes as a concession to the opposition Labor leader in Malta, Dom Mintoff, but they are not likely to satisfy the former prime minister.

His contention is that there should be free elections before independence and that the grounds that the church interfered in the 1962 election campaign by making it a sin to read liberal literature and by threatening excommunication to anyone who supported him. Olivier's International party unseated Mintoff but won only 42 per cent of the popular vote.

Inserted in the new agreement is the provision that "no law shall make any provision that is discriminatory." And deleted is that clause saying that "nothing done by the Roman Catholic Church ... shall be held to be a contravention of any of the provisions of this chapter" — the chapter on human rights.

This, in effect, means that the spiritual powers of the church which previously put it above the law now no longer exists.

Mintoff, himself a Catholic and member, of a prominent family, was excommunicated along with his entire party executive, but there is nothing in the new constitution which would change this situation. Mintoff—and many like him.

Mystery Blast Triggers 3-Alarm Fire

HAMILTON (CP)—A mysterious explosion triggered a three-alarm fire in a downtown building here early today, sending nearby apartment tenants scurrying to the streets. No one was injured.

Fire Chief Reg Swanborough said the 2 a.m. explosion had "a suspicious origin" in the rear of the premises.

Arson squad officers Bronis Malek and Detective John Kennedy, probing through the still-smouldering shell, said they were unable to immediately establish the cause of the blaze.

Damage could range somewhere between $75,000 and $100,000, Chief Swanborough said.

On the ground floor the building houses a restaurant equipment supply company and a vacant store.

Although there were seven apartment dwellers in adjoining buildings, no one was living in the section where the fire occurred.

ARE UNOCCUPIED

There were apartment units on the second and third floors, but they were not occupied or furnished, Chief Swanborough said.

Passersby, policemen and firemen rooted out all nearby roomers and assisted them to the street.

The explosion blew out the front windows of the building and scattered glass across the street. It also blew open the brick wall of a small rear storeroom of the restaurant equipment premises.

The fire then surged up the rear of the building, gutting the second and third floors and catching in the attic roof and dormers.

Say Viet Cong Experts Train Rebels in Cuba

WASHINGTON (AP) — An anti - Castro organization said Wednesday 31 Cong guerrilla groups from Communist North Viet Nam are in Cuba to help train pro-Castro forces for revolutions in Latin American countries.

The Citizens Committee for a Free Cuba, an organization of anti-Castro U.S. citizens, said the arrival of the Viet Nam guerrilla groups to work with Premier Fidel Castro's Cuban regime shows "the falseness of Castro's words" in asserting a willingness to discontinue subversive action against Latin American countries.

May Form Partnership To Buy Property

TORONTO (CP)—The Globe and Mail says a federal-provincial partnership may be formed to aid the city in buying property on the south side of Queen Street opposite the new city hall for a commercial redevelopment site.

The newspaper says the city is expected to apply for formation of the partnership, using as a basis recently-enacted federal legislation that expands federal participation in acquisition, land clearance and write-down costs from residential to commercial redevelopment.

It said the conditions of such an agreement would include a 50-per-cent financial contribution from the federal government and 25 per cent from the province.

The partnership would be expected to provide $1,250,000 toward acquisition of the property, with the city providing another 25 per cent or $3,750,000, the paper says.

Careful Study Being Given To Water Flow

OTTAWA (CP) — Transport Minister Pickersgill said Wednesday "the most careful consideration" is being given to the flow from Lake Ontario into the St. Lawrence River.

Eric Winkler (PC — Grey Bruce) asked Mr. Pickersgill in the Commons whether there was any immediate plan of action in connection with the "dangerously low" levels in St. Lawrence shipping channels.

Although the outflow from Lake Ontario was fully controlled, the transport minister said the outflow from Lake Erie was not, and levels also being given careful study.

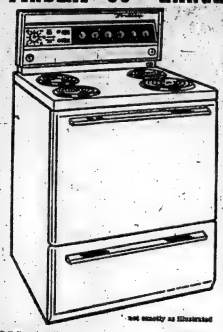
Air Canada Arranges Pact Which Speeds Overseas Mail

MONTREAL (CP)—Air Canada says that because of recip rocal agreements it has worked out with five other national airlines and various postal administrations, "mail between Canada and Europe travels faster and more efficiently."

The agreements have been signed among Air Canada, British Overseas Airways Corporation, Lufthansa, Swissair, Sabena and KLM Royal Dutch Airlines.

Air Canada says the agreements will speed up British, German, Swiss, Belgian, Dutch and Canadian origin, bound for any of the countries listed beyond, to be transported on any of the six airlines.

Waybills for charges are simply turned over to the carrier delivering the shipment for collection from its own government, regardless of who carried the shipment, "all movement and accounting."



The agreements were initiated by Air Canada which receives $4,000,000 a year in revenue for mail carried to and from points outside North America. Original agreement was between Air Canada and British West Indies Airways March 1, 1960.

Before the new arrangements came into force, national post office departments sent mail to ... ... agreement would include a ... ...

MR. TWEEDY by Ned Riddle

"Sa-a-ay! Which truck did you get those nozzles out of, anyway?"

Wellington

WELLINGTON — Mr. and Mrs. Will Jackson, Billy, Cathy Anne and Barbara Anne of Detroit are guests of their uncle and aunt, Mr. and Mrs. Will Jackson.

Mr. and Mrs. Will Jackson motored to Oshawa on Thursday and visited her sister, Mrs. H. Brooks who is in the hospital there.

The Swamp College euchre club held their annual picnic at the Outlet on Sunday.

Miss Anne Dorland spent the weekend at Cleveland House, Muskoka.

Mr. Peter Nash and daughter of Elliott Lake are visiting his parents, Mr. and Mrs. Harold Nash.

Mr. and Mrs. H. C. Minns and Debbie of Preston are spending holidays at their cottage here.

Mrs. E. A. Armstrong of Toronto is the guest of her sister and brother-in-law, Mr. and Mrs. George Dorland. Visitors one day last week at the same home were Mr. and Mrs. Paul Revey of Baltimore.

Mr. and Mrs. George Tait, who spent several weeks at their summer home here returned to their home in Fowlerville, Michigan on Sunday.

Miss Nancy Morris is spending this week with her grandmother, Mrs. John Morris at Mountain View.

Mr. and Mrs. David Bee and family of Don Mills spent several days with her parents, Mr. and Mrs. Leonard Wilton.

Mr. and Mrs. Albert Hobbs of Brockville were guests of his sister, Mrs. Maud Carson last Thursday.

SUMMER VISITORS

Rev. Dr. D. M. Smith of Campbellford spent last week with Mrs. B. Valleau and Miss Viola Valleau. Over night guests at the same home on Thursday were Mr. and Mrs. Paul Smith of Willowdale and on Friday and Saturday, Mrs. Valleau's niece, Mrs. Roy Buggles of Hedley, B.C., visited there.

Mr. Alex Tait spent the week-end with his mother, Mrs. Violet Tait.

Mrs. Peter Van Haarlem spent a day last week with Mrs. Colin Hardy in Melville.

Miss Margaret Robinson and Mr. Hull of Toronto were guests last week of Mrs. H. Robinson.

Weekend guests at the same home were Mr. and Mrs. J. Nagel of Toronto.

Mr. Will Sherwin of St. Catharines spent last Thursday and Friday with his sister and brother-in-law, Mr. and Mrs. Earl Marvin.

Mr. and Mrs. Elmer Osterhout of Toronto were weekend guests of her parents, Mr. and Mrs. George Bettley. Misses Diane and Janice Osterhout, who had spent the past two weeks with their grandparents returned home with them on Sunday.

VISIT WORLD FAIR

Mr. and Mrs. Ken Conley and Mr. and Mrs. Fred Conley of Markham left Toronto by plane on Monday for a holiday in New York. While there they plan to attend the World Fair.

Mrs. Charles Wanamaker accompanied Mrs. Ronald Young of Trenton to Bancroft, Fort Stewart and Boulter, last week, where they visited Mr. and Mrs. Willie Wanamaker and other friends.

Mrs. Peter Van Haarlem entertained a number of small friends of her son Charlie on Wednesday afternoon. Charlie was celebrating his 7th. birthday. Games were enjoyed by the children until it was time to sit down to a delicious supper, the highlight of which, was a lovely birthday cake.

Mr. and Mrs. G. H. Carver, Belleville were Sunday evening guests of Mr. and Mrs. A. Ogilvy.

Mr. and Mrs. Peter Twigg and family enjoyed a camping trip to Bon Echo Park over the weekend.

Misses Monica and Arlene Alyea, Hillier spent last week as guests of the Misses Angie and Valeria Cronk and Mrs. Edgar Matthews at the latter's cottage, Oak Lake.

Mr. Jack Graham arrived home on Friday from the Kingston General Hospital.

Mr. and Mrs. Ivan Bird, Mrs. Viola May of Belleville and their guests Mr. and Mrs. Vernon May of Edmonton were Sunday afternoon callers at Mr. Geraldine Broad.

Mr. and Mrs. George Briggs of Peterborough spent the weekend with her parents, Mr. and Mrs. J. Barrett. Misses Kathy and Barbara Barrett, accompanied them home and will be their guests for a week.

Miss Louise Pettingell has returned home after spending several weeks with friends in Winnipeg.

World's Fair Mixture Success And Setbacks

NEW YORK (AP) — At the halfway point of its first season, the billion dollar New York world's fair is a mixture of success and setbacks.

While it has had its critics at times, the exposition has proved immensely popular with the greek majority of its visitors, fair officials said Tuesday. But attendance appears to have lagged behind expectations.

The original estimate was for a total of 70,000,000 admissions this year and next, with 40,000,000 this year. The fair is operating six months of each year.

As of now the paid admissions total about 13,500,000.

However, fair officials are not unduly concerned. They feel the recreation season is just now getting under way. They also are expecting New Yorkers to turn out in their greater numbers in September when the weather is cooler and the seashore and mountains are weekend season ended.

Financial success already is assured for the state-and-city-sponsored corporation which built the fair. Some of the concessions, however, haven't fared well. Some multi-million-dollar enterprises have flopped completely.

BOAT SEIZED

KEY WEST, Fla. (AP)—A 30-foot charter boat with an arsenal of small arms was seized Tuesday in Sugar Loaf Key and the five men aboard were held. Four of them were Cuban exiles. A state department official said they apparently were bound for a raid on Cuba. The fifth was an American photographer. Launching an attack against a foreign country from U.S. soil is a violation of the Neutrality Act.

Peace River Power Project

Old-Timers Uprooted by Progress But They're Not Unhappy About It

The Peace River power project, multi-million dollar factor in British Columbia's development boom, is changing life in the northern interior. But as shown in this story, change is a challenge to new conquests for old-timers.

By DAVE STOCKAND

PORTAGE MOUNTAIN, B.C. (CP)—Bobby Clark is sixty-six years, a rail-your-own rebel in peaked cap and faded work clothes, an Englishman turned bush Canadian who knows that his cabin is his castle.

He is a Peace River man, one of the sprinkling of salty individuals being uprooted by the building of the Peace power project in northern British Columbia.

With some hard bend progressed installing behind him, Bobby is getting ready finally to pack up and move to tableland out of reach of the reservoir to be formed by the Portage Mountain dam in Peace River canyon.

To Bob Clark, accepting a lump - sum payment for the property he's losing without having another place to hang his cap, his rifles and his snowshoes would have been unthinkable.

Come hell or hydro water, he wasn't going to budge without a substitute slice of continuing independence—new land of his own.

He is getting it.

LIVES OFF LAND

"I live entirely off my land," said Bobby, explaining his stubborn stance. "I don't trap or prospect anymore. I don't take to it.

Even in the crusty company of fellow Peace River pioneers, Bobby stands out. For a loner, he talks a blue streak.

There was the night a snowbound couple spent at Bobby's cabin. They arrived, the story goes, by taking him on in shifts: One sleeping, the other listening.

You don't interview Bob Clark. You listen.

"One fellow came to see me and all he was interested in was dates. Dates don't mean anything."

Then, dates-be-damned, cigarette after cigarette wig-wagging in a torrent of one-way conversation, he talked about the good times he had hacking along the river, of guiding dudes on hunting parties, of trapping and placer mining.

Mingled in with the monologue were observations on political theory and the price of gold, the mineral potential of the north, the ways of B.C.'s Social Credit government, and the open - line, get - it - off-your-chest programs from Vancouver which Bob listens to on his transistor radio.

Bob came north as a railway timekeeper—31 years old and fed up with the "Mister Bodd business" of the cities — and pulled into the trading post settlement of Hudson Hope with a partner in 1931.

Their transport was a "Bennett buggy" — a Model - T stripped down and turned into a wagon. It was pulled by two Indian ponies almost as exhausted as their owners, who had to cut their own trail most of the way.

Bob and his partners never made a rich strike and, it seems, didn't especially want to.

With the guiding, with the gold they did find, and with the trapping, they made wages in the days when there weren't any wages going around.

"We always made an independent living. You never got rich but you were millions of miles away from those damn breadlines and soup-kitchens."

Bobby's present home is near the Portage Mountain damsite on the road to Gold Bar, a grassy area which after rain means bucking a vehicle through potholes up to the doorhandle. It was originally meant as a lookshed but he gave up plans for a more substantial place when surveyors started prowling around.

SET OUT DEMANDS

The decision on the place to build the dam started negotiations over the Clark property. Bob sat tight, with all the solitary splendor of a widowness Charles de Gaule and set out the conditions that had to be met.

He is in the livestock business in a small way, with a bunch of hogs that root and run unpenned but come home like pets when Bobby bellows. "Range pigs," he calls them.

There was the matter of hog compensation, the matter of compensation for loss of a convenient creek on his property, for rerolling fence wire, for, cutting new fence posts, for crops he won't seed while getting gear packed and moved.

Bobby, at last, is satisfied, his negotiating adversaries probably relieved, frazzled, just plain exhausted, or a combination of all three.

A young woman from Vancouver, wife of one of the B.C. Hydro officials, has her theory about Bobby and other old-timers:

"You'd think they'd be bitter about all of us crowding in on them. But it's just the opposite. To them, it's a realization of all their years of struggle."

But Bobby sees Peace River power in a different light.

"Where do the transmission lines head? They head south. Nothing has really changed. Everybody up here is just being fooled again."

But he didn't sound unhappy about it.

Tomorrow: Power project spods up northern life.

Madoc

MADOC — The Rt. Rev. K. E. Evans, D.D. was guest preacher at the morning service last Sunday held in St. John the Baptist Anglican Church. Members of the L.O.L. 160, lodges of District No. 2 and the L.O.B.A. were in attendance. During the service Bishop Evans dedicated a communion book in memory of Mr. and Mrs. J. Jowett; a visitors' guest book in memory of Mrs. Frank Smith (May); and a prayer desk book given by E. T. Naylor. The choir sang an anthem with Miss Joan Bronson at the organ. The service was conducted by Captain J. H. Thompson who welcomed the many visitors.

The local Scout and Cub groups held a successful paper drive this week. The money raised will help in the expense of the forthcoming camp to be held starting July 31, north of Peterborough.

Rev. David Potter of the United Church, Eganville was recently inducted as the new minister at Madoc United Church. Many visitors from Belleville, Peterborough, Stirling and Marmora attended the ceremony and welcomed their new clergyman, his wife and children.

The final painting on the rebuilt bridges on highway 7 and 62 in the village is now being done.

Madoc Kiwanis club is sponsoring a street carnival July 29th, featuring Gordie Tapp, Pat Harvey and Tommy Common. Already the coloured lights are up to brighten the evening on the main street.

Dr. R. R. Bergin, the medical health officer has been conducting polio and booster shots throughout the township.

Many local businesses have been renovating and painting their stores.

Vacation Bible School is being held this week and next. St. John the Baptist parish hall. Assisting Captain J. H. Thompson are Mrs. R. Bronson, Mrs. J. Reynolds, Mrs. K. Thompson, Miss J. Bronson and Miss J. McNab.

STIRLING

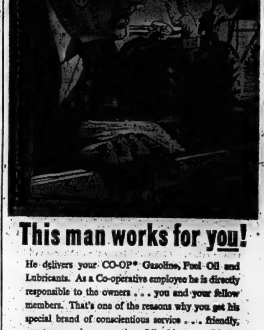
Rotary Club Holds Annual Street Fair

STIRLING — All roads led to Stirling on Monday evening when the Stirling Rotary Club held their annual street fair with a large number present.

President Jack Weatherall and his committee were in charge of the evening's entertainment. There were several games in evidence and all were well patronized.

In the draw the winners were: first prize of $100, Mr. K. Palmer of Belleville; second prize of $35, Frank Bailey of Stirling R. R. 2; third prize, $15, Mrs. Bill Morgan and a prize of overnight luggage was won by Mrs. Edwin Warren.

A merry-go-round was a busy scene of activity all evening as the children enjoyed the various rides.



The street dance was the closing event with young and old enjoyed dancing to Don Armstrong and the D. A. orchestra.

The Rotary Club will use a portion of their money realized from this event to give financial assistance to the Ontario Society of Crippled Children at Merrywood Camp on the Rideau. This club also supervises a playground on Henry Street which provides fun and enjoyment for the village children.

INCREASE ISSUES

NEW YORK (AP) — Curtis Publishing Company said Tuesday its Saturday Evening Post throughout the world appear in 51 weeks next year, instead of 46. The Post since 1962 has published 46 issues a year. Matthew J. Culligan said the increase of six issues a year will be a return to normal publishing frequency for the weekly Post. Both the Post and Curtis Publishing Co. have struggled with heavy financial problems in recent years.

Koufax Hobbles Colts With 4-Hitter

By MIKE RATHBY
Associated Press Sports Writer

Sandy Koufax pitched again Wednesday night.

Won again. Struck out 10 or more again. Didn't allow any runs again.

He hums. Same old stuff.

His latest effort was another Koufax special, a four-hit, 13-strikeout job that beat Houston 1-0 and ended Los Angeles Dodgers losing streak at four games.

He now has won 11 games in a row since he lost 1ost on May 27, keeping his record to 12-4 while his sixth shutout lowered his earned run average to a remarkable 1.78.

Just as remarkable was the feat of Philadelphia's light-hitting Bobby Wine, a .200 swinger who slammed his second homer in two nights, a bases - empty shot off Warren Spahn that triggered the National League leading Phillies to a 4-1 victory over Milwaukee Braves.

Hitting homers for the day, however, went to Bill Mazeroski and Willie Stargell of Pittsburgh. Mazeroski drove in five runs and Stargell hit for the cycle with a single, double, triple and homer as the Pirates lashed 18 hits and crushed St. Louis Cardinals 13-2.

METS BEAT REDS AGAIN

Elsewhere, the second-place San Francisco Giants remained one game off the pace by belting Chicago Cubs 7-3 but the third - place Cincinnati Reds fell 4½ games back by losing their fifth straight to New York Mets, 4-3 in 10 innings.

Koufax, who struck out 10 or more batters in a game for the 20th time in his career, had to be at his best against Ken Johnson, who fired a one - hitter seven hits before he left for a pinch hitter in the eighth.

The Los Angeles run came close in the third when Darrell Griffith and Ron Fairly smacked doubles.

Wine, who hit a homer Tuesday night before singling home the decisive run, got the job done again for the Phillies by breaking a 1-1 tie with a two-run homer in the seventh inning. The Braves only run came on a homer by Spahn off Ray Culp, 8-6.

Spahn's homer was the 20th of his career. The loss was the 11th this season for the 43-year old lefthander, who has won only six games and failed to finish for the 11th time in 13 starts.

PIRATES HOT AT PLAVE

Mazeroski batted in a run with a sacrifice fly in the first, doubled home two runs in the seventh and hit a two-run homer in the ninth. Stargell contributed three runs batted in with his 4-for-4 performance while Jerry Lynch came up with the same run production on a homer and single.

Bob Veale got the victory, his 11th against six losses. The loser was Roger Craig, 9-8.

Home runs by Hal Lanier and Orlando Cepeda did most of the damage for the Giants. Lanier hit a three-run shot in the fifth and Cepeda connected with one on in the sixth. Both homers were opposite field hits off Larry Jackson, 13-8.

Billy Pierce checked the Cubs on two hits in four innings of relief work, picking up his second victory without a loss.

The Reds tied the score 3-3 in the eighth when singles by Frank Robinson and Don Pavletich around an infield out produced a run, but the Mets won it in the 10th when Ron Hunt singled, moved up on a scratch fice and scored on a pinch-hit double by Jim Hickman.

Larry Elliot homered for the Mets, Deron Johnson for the Reds.

Sport Slices...

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, *Sports Editor*

Forty-five plus leading professionals headed by the 1964 Miller matched play tournament champion Moe Norman will highlight the first Invitational Golf Festival offered by the Bay of Quinte Country Club.

Club president George O'Brien, his directors and pro Balazs have taken a bold and what appears to be a successful step towards putting the club on the golfing map.

The Festival is a three-day series of tournaments starting Saturday, August 1st through Monday, Civic Holiday, August 3rd.

An estimated 100-150 golfers are expected to tee off on the opening day event for "B" Class 8-18 and "C" Class 19-36.

A mixed two-ball tournament is slated for Saturday, August 2nd, and officials expect some 100 couples from district and provincial clubs to take part. This is an all-handicap affair.

All amateurs are eligible to play two of the three days according to handicap. There will be a dance on Saturday night.

"This is the first invitational type of tournament to be held in Ontario," said club pro George Balazs. "Others are for amateurs but the Bay of Quinte Country Club is the first to inaugurate a three-day event that includes both amateurs and pros."

The Festival has a double function. Not only will it provide golf for the pros and amateurs but will, it is hoped, lay the foundation for the staging of top provincial tournaments.

"The club is getting bigger and better since it graduated from a nine-hole course to be 18-hole status," said an official.

The 6,300-yard 71 par course will be set to be host for the Festival. No effort is being spared to bring it to top condition as first-both amateurs and pros will enjoy the playing facilities and take away good impressions.

"Our course is a good test course," says Balazs, "but not a gruelling one. It is easy to walk on and there is a noticeable lack of hills."

That the Festival has created a lot of interest in the golfing world is evidenced in the large entry of professional golfers. Some of their names are household words in the sport's circles.

That is a possibility that Al Balding, Alvin Thompson, George Knudson and Jerry Magee, Canada's top pros, will be in on appearances.

"I have heard from all of them," says Balazs", and they state they are interested and will let me have their decision later."

Bowden Norman, Frank Whibley of Westmount, Kitchener, and Gus Mann, of Bolton, Ontario's top left-hand golfer, Murray Tucker of Scarboro and Sherry leading pros will be here. The list appears elsewhere.

The Festival will be thrown open to the general public and large galleries are expected to watch the pros in action. Club officials say the clubhouse will be "open house" to the public and its facilities available to all.

Membership interest is keen and a number of senior members with juniors have volunteered to caddy for the pros during tournament play. Ordinarily the club has no caddy system.

The professionals will go for $1,200 in prize money. There is a possibility this amount may be increased before the Festival gets under way.

Bay of Quinte members who intend taking part in one or more of the amateur tournaments are requested to register with the pro as soon as possible.

The professionals will go for $1,250 prize money.

Professional Entries Festival of Golf

Following is the list of Ontario professional golfers who have qualified for Bay of Quinte Country Club pro George Balazs' they will play in the Invitational Golf Festival at the club on Civic Holiday, August 3rd.

Mr Balazs expects more will be added to the forty-seven already entered.

Moe Norman, Pleasure Park.
Frank Whibley, Westmount, Kitchener.
Gus Mann, Bolton C.C.
Murray Tucker, Rosedale.
Joe Noble, Thornhill.
Bruce Martel, St. Catharines.
Frank Mahaffy, Lambton.
George Balatt, Weston G.C.
George Clifton, Pine Valley.
Jim McKittrick, Erie Downs.
Ken Duggan, Cedarbrae.
Eddie Don, Gatineau, Hull.
Sandy Robertson, Trenton RCAF.
Ken Linton, Glen Lawrence.
Mike Reposhon, Willowdale.
Lionel Rose, Mississaga.
Stan Morris, Cobourg.
Frank Yaye, Rattle.
Bill Waddell, Oakdale.
Norman Smith, York Downs.
Stan Carman, Dundas.
John Hart, Toronto Golf.
Dick Roche, Huntington.
Ron Babcock, Rockaway, Kitchener.
Bill Breen.
Billy Fox, Pleasure Park.
Harry Allard, Rolling Hills.
Doug Bruton, North Halton.
Ron Wakely, Brantford.
Robert Hinton, Pine Valley.
Joe Rice, Forest Hills.
Ken Morris, King G. C.
Wilson Patterson, Whitby.
Clayton Carr, Pickering.
Jerry McKee, Lake O' Tee.
Gary Bowerman, Islington.
Al. Hustis, Bayview.
Doug Parks, Napanee.
Geo. Kroak, Oakland.
Bob Osborne, Highlands, London.
George Balazs, Bay of Quinte.

Cowan Three Strokes Behind
Student's 65 Tops Amateur Pack

By PHIL CORNFORD

TORONTO (CP) —A little-known university student, who whipped the veterans on only three hours sleep, heads into the first 18-hole match-play round of the Ontario Amateur golf championship today, an unexpected contender for the title.

Paul Williams, a 22-year-old student at Waterloo Lutheran Univ., Ont., shot a six-under-par 65 in the 18-hole medal-play qualifying round Wednesday to head a field of almost 200 including Ontario's finest amateurs.

His sizzling 33-32 over the par-71 Weston Golf and Country Club course left current world amateur champion Gary Cowan of Kitchener three strokes behind with 68. It was the lowest amateur tournament score ever shot on the course and came with two strokes of equalling the course record established by United States professional Chandler Harbord in the 1956 Canadian Open.

Williams, a slightly built youngster who is dwarfed by many of his opponents, shot six birdies, five of them on one-foot putts and three under a three-footer. He arrived at the course with only three hours sleep after finishing a shift at 3 a.m.

FELT TIRED

"I was feeling nervous and tired when I went out to the first but I've been playing good golf for the last month and I knew I could keep it up," said Williams, who is working in a laboratory at Dominion Foundries in Hamilton during a vacation from Indiana University.

Cowan, who has long sought to add the Ontario title to his list of amateur laurels, played well for 67 and 69 to post a 136 score, carding 34 on both stretches.

He was followed by three-time winner Jack Nash of London, Ont., Jeff McGrath of Scarboro and Lorne Mosher and Brian Wilcox, both of Toronto, all with 141.

Defending champion Bill Morland of North Bay shot a 70, one stroke better than Canadian Amateur and Ontario Open champion Nick Weslock, Jim Rutherford, Scarboro and current Holmeschelter, all of Toronto, Stu Hamilton of Brampton, Pete Kirchhefer of Hespeler and Nick Saffron of Kingsville, Ont.

TO PLAY OFF

The cutoff point for the 64 golfers who were to qualify for the first match-play round was 76 and 16 players who carded this score were to play off today for the last berths.

Weslock, who has won the Ontario title five times, wasn't impressed with his 36-31 card. He felt he could have bettered it by six strokes—putts that "ran around the lip of the cup." He said the greens were affected by the large number of golfers who pressed them.

Weslock's score didn't affect his membership in the Toronto Willingdon Cup team which was settled in the qualifying round. The fourth 36-hole tournament that counted towards team membership.

Weslock led with a four-tournament total of 279, followed by Cowan with 282. Williams' brilliant 65 more than offset a seven-stroke deficit that had kept him out of contention for the first two days and left Bruce Brewer of Toronto who shot a 74 Wednesday.

Landscapers Trounce Lightfoots

Barriage Landscapers gave themselves a bit more breathing room at the top of the Commercial Softball League standings last night by turning back one of their closest competitors.

Landscapers defeated Lightfoot Construction 5-2 to increase the strength of two home runs.

Meanwhile, Black Diamond Cheese were said to be lucky to be able to field a full team and forfeited to the Point Anne Cementmen.

Barriages broke a scoreless tie with three runs in the top of the fourth on a single, double and Cooney's home run. Smith's double, Rose's single and an error got two back for Lightfoots in the bottom of that inning. The winners wrapped it up on Cookem's single and Wood's home run in the sixth.

Joe Harrop fanned the victory, allowing six hits. He fanned one and did not walk a batter.

George Young gave up nine hits while pitching the loss. He struck out four and issued one base-on-balls.

Bill Cooney and Don Wood clouted a home run and double apiece for Barriages. Tim Cook and Tom Cookem each singled twice and Jim Sopha added a double.

Don Smith paced the Lightfoots with a double and two singles. Jim Sheridan, Don Nolan and Doug Rose also hit safely.

Barriages	000 302 0—5 9 1
Lightfoots	000 200 0—2 6 1

Batteries: J. Harvey and D. Wood; G. Young and J. Sheridan.

Read Tops Foxboro 7-2

Erupting for seven runs in the third two frames, Read downed Foxboro 7-2 in a South Hastings Baseball League game played at Foxboro last night.

The losers scored both their runs in the first and that's the way it stayed until Read bagged three in the sixth and four in the seventh.

Frank Farrell sweated the route on the Read rubber, giving up eight hits, striking out four and walking three.

Keith Dickey was the Foxboro loser. He allowed six hits, fanned five and issued seven free passes.

Abrams sparked the Read attack with a brace of singles while Claude Carr, Mel Farrell, Ken Brennan and double. Other safeties went to Percy Milligan.

Howard Skelly and K. Dickey got two hits apiece for Foxboro. Belanger, Charlton, Reynolds and Mann split the others.

Read	000 003 4 - 7 6 1
Foxboro	200 000 0 - 2 8 3

PROMISED FIGHT

OSLO, Norway (AP)—Former heavyweight champion Floyd Patterson said Wednesday that champion Cassius Clay had promised him a shot at the title. The former heavyweight champ said Clay promised before winning the title from Sonny Liston that he would give Patterson a bout—if he ever won the championship.

Morton Tops Pitchers
Name Gray Batting Champ

Final statistics released yesterday showed Tweed's Eldon Gray to be the Belleville and District Softball League batting champion and winner of the Lalett Trophy for 1964.

Gray, who compiled a .349 average and starred with his club in the first 11 games of the season, is presently living in Toronto but is still signed with the club and is expected back for the OASA playdowns. He had 18 hits in 43 official times-at-bat.

A pair of the pennant-winning Ellis Junior players grabbed second and third spots in the batting race. Mike Chaland, who surged from below .300 to finish second with .323, nosed out teammate Bob Moon who registered a .318 average.

Roger Drake of Trenton, last year's champion, took fourth place with an even .300 mark.

In other individual races, Moon led the loop in hits with 22 and in runs scored with 19, while finishing second in homers with three and in RBI with 10. Trenton's Don Cole repeated for the home run crown with four and led in RBI with 11.

In the pitching department, Trenton Shoemaker Myron had the top average of .750 with three wins and one loss — but he was easily outshadowed by a number of the regular pitchers. Bob Ethier of Ellis Juniors won the most games, nine, and struck out 99; Trenton's Pat Macrae had a 9-3 mark and 96 strikeouts and Tweed workhorse Blaine Healey topped all in the strikeout department with 163. Healey was also the leading pitcher of the regular pitchers. Bob Ethier of Ellis Juniors won the most games, nine, and struck out 99; Trenton's Pat Macrae had a 9-3 mark and 96 strikeouts and Tweed workhorse Blaine Healey topped all in the strikeout department with 163. Healey was also the leading pitcher of the regular pitchers.

Cats Crushed, Argos Win

Als Nip Saskys

By ED SIMON
Canadian Press Staff Writer

You watch them on the field and they're still the same old loveable Toronto Argonauts, the most terrifying team in the country between the 25-yard lines.

Then, having watched the last play misfire in their offensive backfield, you check the out-of-town scores and come to the astonishing conclusion that they look as good as any team in the country, at least on paper, on the basis of the pre-season exhibition games played to date.

You couldn't prove it by the way the Argonaut offence stumbled Wednesday night in a lacklustre 17-7 victory over Winnipeg Blue Bombers. And they looked no better last week in squeezing out a 15-12 decision over Calgary Stampeders.

But the Stampeders, impotent at Toronto's Exhibition Park, had previously made mincemeat of Montreal Alouettes, 36-7. And on Wednesday night they proceeded to humble Hamilton Tiger-Cats 32-7 after the Grey Cup champions had barely been edging Winnipeg 2-0.

Meanwhile, in Wednesday's third game, the Als hung on by the skin of their teeth to subdue Saskatchewan Roughriders 17-14.

HEAD OF CLASS

That left the Argos, a team that won only four games in the entire Canadian Football League season, sitting pretty at the head of the class along with Ottawa Rough Riders, conquerors of Winnipeg and British Columbia Lions. Edmonton Eskimos are yet to be heard from.

To be fair to the Argos, a hot muggy night interspersed with showers didn't make for ideal ball - handling conditions. But scatter-armed passing by the three Toronto quarterbacks and penalties incurred by offensive linemen did as much to gum up the Argonaut attack as did five fumbles, all of which they recovered.

Last-half touchdowns by fullback Ron Hatcher and flanker Sherman Lewis, a promising 180-pound freshman newcomer from Michigan State University, rallied down the Argonaut triumph. Jim Christopherson, a rookie from Concordia College and Minnesota Vikings, kicked the extra point on one touchdown plus a 15-yard field goal and a single on a wide 42-yard field goal attempt.

George Fleming, the Argonaut castoff who won the Western Conference scoring championship, scored all the Winnipeg points, converting his own 25-yard touchdown pass in the second quarter and getting a single out of a 40-yard placement effort in the third that fell short.

The Winnipeg offensive made the Argos look like champions. The Bombers picked up 126 yards rushing to Toronto's 87 and completed eight of 22 passes for 120 yards, for 40 yards while Argos managed eight of 22 for 87.

SHOWS WELL

Lewis, an elusive 21-year-old speedster who opened up by the United States professional clubs because of his size, weighing only 63 inches, seven carries and had several other good gains wiped out by penalties. His touchdown came on a 29-yard pass-and-run play with reliever halfback Dick Shatto.

Rookie Parker, Sandy Stephens and rookie Karl Sweetan of Wake Forest shared quarterbacking duties for Toronto. The Bombers went with Kenny Ploen, Hal Ledyard and Ron Digravio, a newcomer from Purdue.

The Bombers played without Leo Lewis, their speedy ground-gaining halfback, and veteran offensive end Ernie Pitts.

Fleming booted three points for the game at Calgary by scoring on the first play from scrimmage in the second quarter on Coleman broke loose for a 97-yard gallop for a touchdown. They had scored all their points before Willie Bethea crossed the line for the only Hamilton touchdown in the last minute of the third quarter.

Quarterback Eagle Day, halfback Jackie Parker and Pete Manning accounted for the remaining Calgary touchdowns while Larry Robinson, their home-bred punter, booted two field goals and three converts and moved from his regular defensive half position to act as quarterback for the last 10 minutes. Jerry Keeling and they handled the club the rest of the way.

Hamilton experimented with rookie Junior Edge and backup quarterback Frank Cosentino at various times but Jim Trimble, coach of the way, Veteran Bernie Faloney, the Ticats Grey Cup hero, appeared only briefly but sparked the Hamilton touchdown with an 80-yard quick kick. Bethea pounced on the ball at the five-yard line and slid over. Don Sutherin converted.

HAD BIG EDGE

Calgary had an awesome margin of 336 yards to 73 on the ground and 213 to 89 in the air, completing 15 or 28 passes while the Ticats managed seven of 16.

The Riders, comeback kids of the 1963 playoffs, nearly performed another miracle in their first outing of the exhibition season.

Trailing 17-7 at the start of the last quarter, they scored one touchdown and seemed to be on their way to another when Ron Atchley, whom the Als acquired from Toronto during the off-season, intercepted a last-down pass by Rider quarterback Ron Lancaster on the goal line.

Dave Hoppman, hard-driving sophomore halfback from Iowa, pulled off two Montreal drives by diving over the line for touchdowns. Gino Berretta converted both and added a field goal.

George Reed, Saskatchewan's most consistent offensive back last season, plunged across from the one-yard line for the first Rider touchdown in the third quarter and Martin Fabi, a former Alouette, took an eight-yard pass for the other. Henry Dorsch kicked both converts.

The Alouettes, with rookie George Bork doing most of the throwing, completed 14 of 25 passes for 224 yards. The Riders, with Lancaster at the throttle most of the way, made 13 of 24 for 183. Montreal also had the edge on the ground, 152 yards to 122.

Sports Calendar

SOFTBALL
Tonight — B and D playoffs: Victorias Commercial Printers vs. The Hudson Bay, York, 6.45; Victorias Motors, Tweed, Lonsdale, at Madoc, 8.15 p.m.
TRAPSHOOTING

Monday — Bantam: Argos vs Riders, (P.C.); Blue Bombers vs Tiger-Cats, 6.15 p.m.
Tuesday — Midget: Argos vs Riders, (P.C.); Blue Bombers vs Tiger-Cats, 6.15 p.m.
Saturday — Four Pakdowns, at Belleville Recreation Bowling Club, beginning at 2.00 p.m.

MONTY AIRS VIEWS

LONDON (Reuters) — Field Marshal Viscount Montgomery said Wednesday he would be a "calamity of the first magnitude" from the defence angle if Britain abandoned South Africa because of that country's apartheid policies. He told the House of Lords during a foreign affairs debate: "Do not let us forget that if South Africa falls into black hands, the naval base at Simonstown (used by Britain) would go the same way as the British base in Kenya."

The Trots

TORONTO (CP) — Beverly Dillard came up with the fastest race of her young career Wednesday night to win the Junior Invitation Pace on a hot, humid night at Greenwood Raceway.

The owner-driver Earl Shea of Bethany, Ont., at the reins, Beverly Dillard covered the mile in 2:03.4, beating favored Baron Atom from the Soky Stable of Toronto.

It was a thrilling trip for the four-year-old mare, Shea moving her out before the half and holding on to win by a neck. Beverly Dillard led at three-quarters in 1:32, and never was in any stretch challenge of Baron Atom.

Indians Scalp Orioles, Yankees Win

Zany Angels Nip Sox; Take Over Fourth

By MURRAY CHASS
Associated Press Sports Writer

Which major league team has the best record since June 15?

It's not the leading New York Yankees. And it's not Baltimore Orioles, who until two days ago were on top of the American League 27 out of 28 days. And it's not Philadelphia or San Francisco in the National League.

It's Los Angeles Angels, who moved into sole possession of fourth place in the American League Wednesday night with a 3-2 triumph over Chicago White Sox.

The Angels, one of the zanies collections of major leaguers since the St. Louis gas house gang, were lodged in ninth place June 15 with a poor record of 34-37. Since then, they have won 26 and lost 11, a lofty percentage of .703.

The Yankees, at .639, are the only other team who have played above .600 in that time. As a comparison, the Orioles stand at .585, the White Sox .575, the Phillies .568 and the Giants .553.

WIN 8 OF 9

The Angels, two games over .500 for the first time this year, have won eight of their last nine and 12 of their last 14.

For their latest victory, Bo Belinsky needed the aid of a couple of pitches from knuckle ball artist Hoyt Wilhelm. The Angels trailed 2-1 entering the ninth inning.

Jim Fregosi singled with one out, trotted to second when Wilhelm hit Willie Smith with a pitch and scored the tying run on a single by Bob Rodgers. One out later, with Lou Clinton at bat, Wilhelm uncorked a pitch that got away from catcher J. C. Martin for a passed ball and Smith scampered home with the winning run.

In other AL games, New York defeated Washington Senators 6-3, Cleveland Indians knocked off Baltimore 7-4, Kansas City Athletics whipped Minnesota Twins 6-4 and Detroit Tigers outlasted Boston Red Sox 8-6.

Dean White got grabbed a 2-0 lead in the first inning on run-scoring doubles by Don Buford and Pete Ward. But Fred Newman settled down and at one stretch retired 17 straight Chicago batters. Joel Horlen followed the Angels only three hits before leaving for Wilhelm in the eighth.

BUNCH HITS

The Yankees managed only four hits against the Senators but all came in the fifth inning when they erupted for five runs, the last three on Joe Pepitone's bases - loaded triple. Mickey Mantle batted in the first two runs with a double.

The victory kept the Yankees in first place, only the second time this season they've held that spot two straight days.

Pitcher Dick Donovan rapped a two-run single that snapped a 3-3 tie and shot the Indians past the Orioles. Woodie Held was given an intentional walk leading the bases, before Donovan singled with two out in the eighth. The Indians scored twice more in the inning.

Kansas City handed the Twins their seventh straight defeat behind the hitting of Rocky Colavito. The Athletics' slugger homered in the first inning, then connected for his 24th following Nelson Mathews' single in the ninth. The second inning broke a 4-4 deadlock. Earl Battey and Tony Oliva homered for Minnesota.

Al Kaline, Dick McAuliffe and Norm Cash each homered and drove in two runs for the Tigers. Ed Bressoud and Bob Tillman slammed homers for the Red Sox while Dalton Jones made it close with a two-run single in the ninth.

Champion Is Lonely

SAINT JOHN, N.B. (CP) — R. B. (Dick) Pearson, president of the Canadian Professional Boxing Federation, said Wednesday the No. 1 and No. 2 places in the list of contenders for George Chuvalo's Canadian heavyweight title have been left vacant.

He said the contenders are "no match" for the champion. Giancarlo Barrazzo of Toronto is listed No. 2, followed by Hugh Mercier of Regina, and Eddie Rivers of Montreal.

Yesterday's Stars

By THE ASSOCIATED PRESS

Batting—Willie Stargell, Pirates, became only second National Leaguer this season to hit for cycle, slamming single, double, triple and homer and driving in three runs as Pirates walloped St. Louis Cardinals 6-2 with an 18-hit attack.

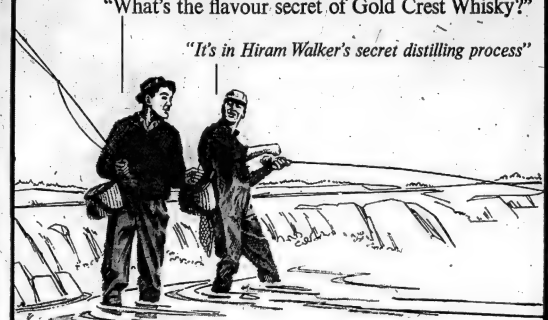
Pitching—Sandy Koufax, Los Angeles Dodgers, won his 11th straight and 13th of the season, pitching his sixth shutout, a four-hit, 15-strikeout job that beat Houston Colts 1-0.

Williams Named To Willingdon

TORONTO (CP) — Paul Williams of Burlington, Ont. Wednesday came out of the ranks of the virtually unknown to win a place in Ontario's four-man Willingdon Cup golf team.

The 23-year-old Indians University student made the team with a six-under-par 65 that lead the 18-hole medal play qualifying round of the Ontario Amateur golf championship. It was only his second attempt at the Willingdon Cup team. Until Wednesday he had not even been considered a possibility.

The other members are Nick Weslock of Toronto, Gary Cowan of Kitchener and Bruce Brewer of Toronto.



The team plays in inter-provincial matches and membership is decided in four 18-hole tournaments. After three tournaments Williams had 228 strokes and was more than the then fourth-place contestant, Ken Thorpe of Toronto.

Williams' brilliant round of 65 Wednesday made his four-game total 363, while Thorpe shot a 74 and blew his chances.

Brewer, who was placed third with 219 after three rounds, also counted 74 and tied with Williams. Weslock shot a 71 but he had only 209 strokes in the previous three rounds and wound up with 279. Cowan had a three-round total of 214 and a card of 68 Wednesday took his final score to 282 strokes.

LASSIE RETURNS

Lassie's new role on television in the fall will be as a helper for American forest rangers.

HIRAM WALKER'S GOLD CREST

Gold Crest is the flavour-right Whisky distilled especially for the connoisseur by Hiram Walker & Sons Limited Walkerville, Canada ESTD 1858

A secret distilling process gives Gold Crest a flavour you'll really enjoy. It combines the qualities you like best, in perfect balance. Gentle, light, golden-mellow to be sure—but with the subtle difference of a great flavour secret. And always of the same superb quality. Try Gold Crest next time. You'll see why it's attracting so much attention.

At Bowling Club Saturday

Districts Compete In Zone 4 Playdowns

Interest will be centred on three local bowlers when the annual Zone Four playdowns are held at the Belleville Lawn Bowling Club greens this Saturday.

The event will bring together winners from districts 13, 14, 15 and 16, in fours, pairs, singles and colt triples. Lawn Bowlers competing will be among the best in Eastern Ontario.

Play will get under way at 9:00 a.m. and after a full day of round-robin play, winners will be declared. These will advance into the Ontario finals, being held in Hanover, on Saturday, August 1. Winners from the other three Ontario zones will provide the opposition.

Local fans will be following the play of Ken Peacock and Wally Laverge, of Belleville, representing this district in the doubles competition. The local pair will find the competition tough. Jim Grainger, skip of last year's Ontario Fours champions, will represent Richmond Hill; Gord MacMillan, Ontario and Canadian singles champion last year, will be here from Oshawa, and Doug LaPorte, from Prescott.

Bill Fuller of Trenton, is the district entry in the singles play. He will be going against G. Knox of Agincourt, Vic Foxhall of Cobourg, and George Farish of Brockville.

Entered in the fours, rinks skipped by J. Rutherford, Agincourt; D. Adams, Whitby; D. Edney, Kingston, and Pete Wert, Ottawa, will be battling for the Zone Four title.

The colt triples, restricted to players, with five years' experience or less, will be contested by rinks skipped by E. Farthing of Stouffville, E. Lotenberg of Oshawa, D. Clark of Kingston and W. Ralph of Brockville.

The day's events will be under the direction of zone convener Gerald Hyde, of Belleville.

Each representative will play one game in the morning and two in the afternoon. A banquet will follow at which time results will be officially announced.

Out-of-town players are expected to bring a number of supporters and the public here has been invited to attend the games any time during the day.

INVITE GROUPS

OTTAWA (CP) — Russia and Czechoslovakia have invited the Canadian Parliament to send a 14-member group on a three-week visit to the two countries and the invitation has been tentatively accepted. It was received by Senate Speaker Maurice Bourget and Commons Speaker Alan Macnaughton who are making arrangements.

All in Sport

"The blocking back's' job on this play is to block the ref's view while we sing the quarterback."

Henley Regatta

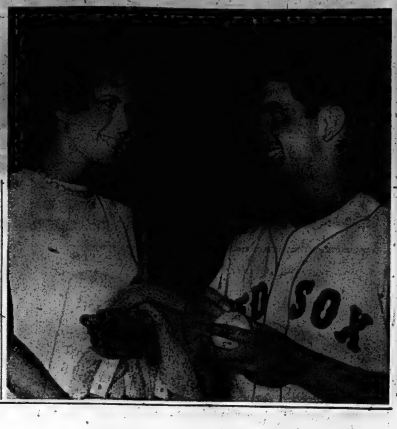
Vesper Club Leads Field

ST. CATHARINES (CP)—Bob Hardegen and Paul Reichenbach stroked to decisive victories in two singles events Wednesday to give the Vesper Boat Club of Philadelphia 30 points and an early lead after the opening day of the Royal Canadian Henley Regatta.

The 20-year-old Hardegan, a senior at St. Joseph's College, flashed to a five-length win over Claude Saunders of Hamilton Leanders in the junior 135-pound singles. He was clocked in seven minutes, 35 seconds over the 2,000-metre distance. Bob Mettlinger of the Massachusetts Institute of Technology finished third.

Reichenbach, a 17-year-old student and a protege of Hardegan's at St. Joseph's Prep, took the junior 135-pound final with an easy three-length victory over Al Casales of Philadelphia Undine, who finished second, and George Sandais of Toronto Argonauts. Reichenbach completed the 2,000-metre course in 7:44.4.

They were the only finals scheduled on the opening day of the four-day championships, which conclude here Saturday.



Hardegan and Reichenbach won both the junior and senior 145-pound doubles at the Henley here last year.

Leanders and Philadelphia Undine each compiled five points Wednesday to tie for second place. The defending Henley champion St. Catharines Rowing Club is fourth with 3½ points, Toronto Argonauts have 3½, Detroit Boat Club two and Brockville 1½.

St. Catharines posted first-heat victories in the junior four with cox and the junior 155-pound eight. West Side Boat Club of Buffalo, N.Y., captured the other fours meet. Detroit captured the second heat in the eights.

Port Credit Dons and Detroit won the heats in the 145-pound, four-oared event. Buffalo and Hamilton won the heats in the junior fours.

BALL FOR TED WILLIAMS' DAUGHTER. — Ted Williams' 15-year-old daughter, Barbara, gets ball autographed by Tony Conigliaro, preceding Red Sox rookie, before Boston-Detroit game at Fenway Park. Conigliaro, 19, has been hitting the ball with authority lately, getting 10 homers before being sidelined by a groin injury Monday night. The young player has his sights set on Ted Williams' 31 home run record made as a rookie with the Red Sox in 1939. (AP Wirephoto.)

Quinte Trap, Gun Club

Earl Marvin and Cy Gardner scored 25 consecutive hits to pace the field at the Quinte Trap and Gun Club's regular mid-week shoot yesterday.

The leaders got close competition from Dick Thomson and John Walsh with scores of 24.

Other good marks were: Jack Warshaugh 23, Harry Farnell 22, Gary Gow 22, Wally Waldorf 22, Don Greenfield 21 and Doug Johnston 21.

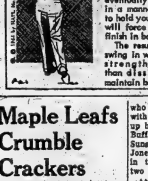
THE Arnold Palmer METHOD

Four-Time Winner of the Masters



AN AID TO GOOD BALANCE

One of the biggest problems golfers face — especially those who take up the game after they have passed their youthful years — is trolling body weight during the swing. It's why their worry is swings result from bad balance than from any other single cause.

Balance is often difficult to teach a player, but here is the one tip that might help force you to maintain balance during your swing.

The next time you practice, follow my illustrated form and hold your finish position until your shots have landed and stopped bouncing. By doing this you will eventually force yourself to swing in a manner that will allow you to hold your finish. In short, you will force yourself to swing and finish in balance.

The result will be a smoother swing in which you will use your strength in hit the ball, rather than dissipate it in efforts to maintain balance.

Latta Ties Deseronto

Latta scored five times in the third inning to earn a 5-5 deadlock with Deseronto on the latter's home diamond in South Hastings League action last night.

Deseronto plated four in the first and one in the second for a 5-0 lead until the Latta outburst. Darkness halted the game after five innings.

Bob Smith pitched seven-hit ball while striking out seven and walking one on the Latta hilltop. Layfield, with help from Brad Ives in the third, pitched for Deseronto. They gave up six hits, fanned seven and walked six.

W. Brant paced the Deseronto hitters with a pair of doubles, while Ives, Marcie with a double and single, B. Detlor, R. Brant and A. Brant also hit safely.

Latta's Bob Smith hit a double and single with the other base knocks shared by Doug Geen, Lorne Cronkright, Ernie Cronkright and Doug Chiesha.

Latta	005	00—5	6	2
Deseronto	410	00—5	7	0

48 Enter Cycling Classic

QUEBEC (CP) — Forty-eight foreign competitors for the giant Canadian cycling classic, Le Tour du St. Laurent, are due to arrive here by air today.

The cyclists will be part of a party of 80 flying to Quebec from Amsterdam for the event. Coaches and European sports writers make up the rest. Russians, Tunisians and Poles are among them.

Quebec City cycling organizers have planned an open-car parade through Quebec City to greet the cyclists.

The race takes cyclists on a circuit of the St. Lawrence River Valley and starts at the end of this week from Matane, Que.

THEATRE FEATURE TIMES

AT THE DELLS — Jerry Lewis in "The Patsy", Ina Balin, Everett Sloane, Phil Harris, Keenan Wynn, Peter Lorre, John Carradine, in Technicolor and Technicolor.

BRIDGE ON THE RIVER KWAI' HELD OVER

JACK HAWKINS

Internationally known for his film work, Jack Hawkins has one of the most important roles of his career in the Sam Spiegel production, "The Bridge on the River Kwai," the Columbia Pictures release now at the Park Theatre until Saturday with William Holden and Alec Guinness also starred. The Cinemascope-Technicolor drama was produced by Sam Spiegel and directed by David Lean, the makers of the recent Academy Award-winning "Lawrence of Arabia." Like "Lawrence," "Kwai" also won the "best picture of the year" Academy Award and six other Awards.

In "The Bridge on the River Kwai," Hawkins plays a British commando officer determined to blow up a war-vital bridge built for the Japanese by British prisoners of war. Holden is seen as an American prisoner who successfully leads a daring raiding party because of his special knowledge of the camp from which he had escaped, and Guinness is the British colonel who takes special pride in the span his men are building. Guinness was named "best actor of the year" for his "Kwai" performance.

Director David Lean and screen writer Carl Foreman and Boulle won Oscars for their work on "The Bridge on the River Kwai."

"The Bridge on the River Kwai" is a superb motion picture that is well worth seeing again and yet again.

"Bridge on the River Kwai" continues until Saturday. One complete show starts at 8.00. Feature at 8.30. Continuous show Saturday from 1.00 p.m.

HITCHCOCK'S CAREER

Alfred Hitchcock began his entertainment career as a title writer for movies in 1920.

Famous Flamenco Dancer Scared in Movie Debut

By BOB THOMAS

HOLLYWOOD (AP)—Hallmarks Jose Greco, whose flashing feet have danced over half the world, is fearful his dramatic debut in films and he's scared.

"Sure, I've been performing since I was a kid," he remarked, "but it has always been dancing. Now I'm supposed to play dramatic scenes. How do I know I can handle them?"

Greco plays a passenger on Stanley Kramer's Ship of Fools, and the producer - director picked him for the part.

"I went into his office and he took one look at me and said it was a pity I'm not tall enough," Greco recalled.

"At the time, I didn't know what I was getting into. All I heard was the title, Ship of Fools. I thought maybe it was a musical. Then my agent gave me the book to read, and I found out the role I was to play in the movie. Then, I started thinking of what Kramer meant when he said I'd be tall enough.

So far Greco has done little in the month's shooting but his dramatic scenes will come soon. And if physical condition means anything, he'll be ready.

SPRY AT 46

"Guess how old I am," he challenged. I hazarded the late 30s, and he confessed: 46. And he added that he could execute any of his 20 dancers in his troupe, most of them in their early 20s.

For two decades his weight has remained a constant 140 pounds. This was a revelation to a cook and a dieter who watched him sail through a lunch of lentil soup, cut yeal and potato pancake with a corpple of glasses of beer.

"I eat this way all the time," he said with a kind of deploring I burn up the carbohydrates."

Greco's flamenco dancing has been a sensation for the past dozen years.

Flamenco dancing has been around for a long time, but it took Greco to make it really pay. His annual gross: $500,000.

At the Belle

New Jerry Lewis Comedy, "The Patsy," is Check Full of Fun and Frolic

A summer vacation without a Jerry Lewis film could not be a very happy one; and with that thought in mind, this summer should be better than ever because Jerry's new comedy, "The Patsy," is probably the funniest of all his very funny films. A Paramount release in Technicolor, "The Patsy," opens today (Thursday) at the Belle Theatre.

The story is a true-to-life situation (usually the funniest kind) about a group of film professionals-a producer, writer, director, press agent, valet and secretary who have just lost their meal ticket, a top comedian who has just passed away. Now, to survive, the group must find another meal ticket, and what they do is try to find an unknown to build to stardom.

The unknown is a dim-witted bellboy (Jerry Lewis) whom the group feels will make a comedian somewhere. Trying to make a star out of this honest but simple-minded delivery, the group has him run the giddy gamut through all Hollywood's fun and foibles.

"The Patsy" has one of the funniest scenes ever put on the screen. Jerry, in his journey to becoming a star, goes to get a voice lesson from a famous coach Ina Balin, and what results is just hilarious. Jerry not only shatters the professor's grand piano, but his priceless collection of antiques.

The cast of "The Patsy," which is filled with talent and experience, includes such names as Ina Balin, Everett Sloane, Phil Harris, Keenan Wynn, Peter Lorre (in what was to be his last film), John Carradine, Hans Conried and Phil Foster.

Adding authenticity and color to the fast paced story is the appearance of various Hollywood stars and personalities with acquaintance that so many world famous landmarks, including the Beverly Hilton Hotel, Chinese Theatre and winding up, believe it or not, on the Ed Sullivan Show.

Maple Leafs Crumble Crackers

By THE CANADIAN PRESS

Keeping up with the Joneses was downright impossible in the International League Wednesday night.

The league - leading Jacksonville Suns couldn't do much with Sherman (Roadblock) Jones, who stood them on their ear with a tidy five-hitter to rack up his sixth straight victory as Buffalo Bisons whipped the Suns 3 - 1. Outfielder Cleon Jones had a triple and a single in three appearances, scoring two of the Buffalo runs.

At Columbus it was Mack Jones, the hottest hitter in the Syracuse lineup, who led off the Chiefs' 13th inning by his triple of the season to ignite a three-run rally that gave the Chiefs a 7-4 victory over the Jets.

While the Jones boys, all unrelated, were wreaking havoc on two fronts, Toronto Maple Leafs hammered Atlanta Crackers 9-2 and Rochester Red Wings split a doubleheader at Richmond, scoring five times in the 15th inning to win 6-4 after dropping the opener 3-1.

Sherman Jones, who hasn't lost since May 21, in his first appearance as a Bison, yielded only two hits through the first six innings but lost his shutout when Joe Morgan reached him for a homer in the seventh. Morgan had three of the four Jacksonville safeties.

Ray Oyler's 13th homer had given Syracuse a 4-3 lead before the Jets began to roll, picking up two runs in the fourth inning and another in the sixth to tie the score. Willie Horton's single plated Mack Jones with the winner in the eighth, with two more singles and a Columbus error adding the insurance tallies.

LEAFS BLAST CRACKERS

At Toronto, the Maple Leafs crushed five extra - base blows in their 13-hit attack against the last - place Crackers as outfielder Bobby Del Greco led the way with his 14th homer and a double and shortstop Ken Hamlin added a triple to extend his hitting streak to 12 games.

Reliever Vern Handrahan won his fourth of five decision for Rochester as he blanked the Virginians over the last 2 2-3 innings and scored a run in their winning rally after getting on base on a sacrifice fielder's choice.

Richmond won the first game when Rochester catcher Joe Pignatano dropped a throw to the plate, permitting the winning run to score.

Tweed

TWEED — Richard Woolfrey, son of Mr. and Mrs. Ray Woolfrey, Tweed is attending the Sixth National American Scout Jamboree, at Valley Forge, Pennsylvania. Richard represents the Moira Valley District which includes Bayside, Stirling, Marmora, Madoc, Thomasburg, Sulphide and Tweed. A total of 50,000 Scouts will attend from the majority of countries in the world, with 412 Scouts expected to attend from Canada.

Sunday guests of Mr. and Mrs. Ray Rasmussen were Mr. and Mrs. Jack Rashotte of Belleville; their two grandsons David Austin of Kingston and Victor Bradley of Toronto.

Mr. Russell Cooke spent the weekend in Toronto.

Mrs. John Sager who celebrated her 80th birthday on Saturday is at present, a patient in Civic Hospital, Peterborough.

Misses Margaret and Catherine MacDonald of Toronto spent the weekend at their home here.

Miss Gwen Leai who is on the staff of Adelaide Public School is taking a summer course at the University of Toronto.

Linda, Pauline and Teresa Laughlin of Toronto and Larry and Wayne Cortes of Oshawa visited with their grandparents Mr. and Mrs. A. J. Beach.

Mrs. Marian Jardine had the misfortune to fracture her ankle on Sunday.

Miss Linda Parks, daughter of Mr. and Mrs. Roy Parks is a Sister at the Salvation Army Brownie Camp at Robin Lake for the month of July.

Mr. Dorion Bosley who has been a patient in Toronto General Hospital for the past few weeks has returned home.

Mrs. Stan Brooks is a patient in Belleville General Hospital.

Mr. and Mrs. Gerald Deruelle of Windsor spent the week with Mr. and Mrs. Frank Deruelle, Stoco.

Mrs. Anne MacLean, regional advisor for the Business and Professional Women's Clubs of Region 11 attended the National Conference in Ottawa.

Mr. Arthur Corbett of Deep River and Mr. and Mrs. L. Corrieu of Lewiston visited at the home of Mr. and Mrs. Francis Courneyea.

Mrs. Harvey Blake visited her son Dennis at Camp Tippet wash over the weekend.

Mr. and Mrs. William Calbery of Niagara Falls are visiting friends and relatives in Tweed and Thomasburg.

Mrs. Stan McCulloch who has been a patient for several weeks in Belleville hospital was able to leave and is spending some time at the home of her daughter, Mrs. Herb Cox, Mr. Cox and family.

The sudden death of Mr. Arthur Young was a great shock to his Tweed friends. Sympathy is extended to Mrs. Young.

2nd Sidney

2ND OF SIDNEY — Karen and David Pearson are spending the week with their grandparents at the farm of Mr. and Mrs. Ernest Curtis.

Mr. and Mrs. Arnold Ketchason attended the funeral of Miss Kathleen MacPherson at the Bush Funeral Home on Monday.

Mrs. R. Monroe of Kirkland Lake spent Friday with Mr. and Mrs. Cecil Jeffery.

Mr. and Mrs. Howard Hodgson and Chris of London spent Tuesday with Mr. and Mrs. Frank White.

Little Judy Hart spent a few days this week with her aunt and uncle, Mr. and Mrs. Frank East of Trenton.

Mr. and Mrs. Kenneth Gaw of Ottawa were weekend guests of Mr. and Mrs. Richard Clement and family.

Mr. and Mrs. C. H. De Clerq and family spent Sunday with Mrs. E. Alexander at Seeley's Bay, bringing their son home with them who had been holidaying with his grandmother for a week.

Mr. and Mrs. Wm. Field and family took a trip recently to Niagara Falls and Buffalo, N.Y.

Mr. and Mrs. Arnold Ketchason and family attended the Reid picnic on Sunday at Presqu'ile Point.

TRUDY

"Well, YOU told him he could bring one of his friends to dinner."

Rawdon

RAWDON—Miss Ruth Bateman, Belleville spent the weekend with her parents, Mr. and Mrs. Percy Bateman.

Mr. and Mrs. Harry McAdam and their granddaughter Miss Velda McAdam of Oshawa spent Sunday with Mr. and Mrs. Arthur Burkitt.

The Mr. and Mrs. W. G. Fletcher of Rawdon circuit observed their silver wedding anniversary a Thursday of last week.

Mr. and Mrs. Jack Sharp and family and Mrs. Paul Sharp were guests on Sunday evening of Mrs. Clarence Douglas at Madoc.

Mrs. Craig Featherstone and children of Burlington are holidaying with her parents, Mr. and Mrs. Clarence Dunham.

COUNCIL MEETING

Rawdon Township Council held a special meeting and passed a by-law designating the various rates and forms, namely rate, 19.9 mills; township rate, 5.6 mills; road rate and snow removal rate, 3.5 mills; Rawdon Springbrook 2.7 mills; Rawdon High School area commercial 25.5 mills and farm and residential, 22.9 mills. Allen Reid for the years 1964-66. Another by-law was passed re: postage disposal in the township. It was authorized that the clerk, Mr. Barlow mills a letter to the clerk of Sidney Township stating that Rawdon is willing to dissolve the Union School section between Rawdon and Sidney, however fits up to Sidney Township to obtain the necessary petitions.

Rylstone

Andrew Thomson, twelfth line, spent a few days last week with his cousins and aunt and uncle, Mr. and Mrs. Clarence Thomson.

Constitution For Free Malta Agreed Upon

LONDON (Reuters) — The British government announced Tuesday agreement on a new constitution for Malta when the Mediterranean island becomes independent.

Authoritative sources said this would probably be in September, although no date for Maltese independence was announced here.

Britain and Malta have also initialled a 10 - year defence agreement giving Britain the right to base troops on the island and the obligation to provide military aid or advice if asked.

ECONOMIC NAME

Louis XV's finance controller, Etienne de Silhouette, gave his name to black profile portraits because of his stringent economy measures.

4th Tharlow

4th THURLOW — Mr. and Mrs. Fred Garrison spent last Monday evening with Mr. and Mrs. Clayton Osborne of Lonsdale.

Mr. and Mrs. Herb Stowes were recent Sunday guests of Mr. and Mrs. Bert Martin.

The Misses Merle and Bonnie Hall of Trenton are spending some holidays at the home of Mr. and Mrs. Grant Cole.

Mrs. Henry Cooke, Stirling, Mr. Carl Cooke of Toronto and Mrs. Gould of Stirling were recent guests of Mr. and Mrs. Grant Cole.

Mrs. Milton Treverton, Miss Marlene Treverton and Garry spent a recent Tuesday with Mr. and Mrs. Ed Trevarton.

Mr. and Mrs. Louis Ruckstuhl and family visited on Sunday with Mr. and Mrs. K. Burley and family of Belleville.

Mr. and Mrs. Wesley Mittan and family of Burlington, spent last weekend at the home of Mr. and Mrs. Douglas Tummon.

CROWDED CITY

More than 8,000,000 New Yorkers, nearly the population of Greater London, are crowded into an area less than half London's size.

CAMPBELLFORD

Whitby Woman Drowns at Bradley Bay

CAMPBELLFORD — Mrs. Archie Jardin, 234 Centre St., Whitby, drowned at noon on Wednesday at the Hendricks cottages at Bradley Bay, near Campbellford.

Mrs. Jardin, accompanied by her husband, in a boat, was swimming some distance from shore. Apparently she got in to difficulty and Mr. Jardin, not in good health, was unable to hold on to his wife. The body was recovered at 3.00 p.m.

The couple had been holidaying at the Hendrick cottages for several years.

Mrs. Jardin, the former Irene Drumm, was the daughter of Mr. and Mrs. Nathan Drumm, formerly of Vernonville, and a niece of Frank Collins of Campbellford.

She leaves four small children.

Campbellford fire chief, Charles Cork, along with firemen Tom Brown, Lockhead Hutcheough, with O.P.P. constable Eric Dewsey of the Campbellford detachment assisting.

PLAN EXAMINATION

TORONTO (CP) — William Raymond Bryson, 19, was sentenced to Toronto Psychiatric Hospital for examination Tuesday after pleading guilty to a charge of intent to wound in connection with the stabbing of a housewife as she slept Sunday. He also admitted two charges of breaking and entering. Bryson said he was in Mrs. Carol Richard's home to get money. He said he was undergoing an epileptic seizure then he attacked her.

Astrological Forecasts

By SYDNEY OMARR

For July 24

"The wise man controls his destiny . . . Astrology points the way."

Aries (Mar. 21 - Apr. 19): Friendships viewed in new light. You should begin to re-evaluate assets. Day to be especially perceptive. Take nothing for granted. Look behind the scenes. Find out the reasons why.

Taurus (Apr. 20 - May 20): Practice "on the line." Applies to personal as well as professional activity. Be at your best where personal appearance is concerned. Bit of extra effort pays dividends.

Gemini (May 21 - June 20): Day to tie up loose ends. You must gain rapport . . . reach understanding with associates. No time for halfway measures. Stick to highlight principles. Go all the way.

Cancer (June 21 - July 22): New approach to financial questions in order. Involves mate or business partner. Don't be afraid to state view. Be definite, dynamic. Avoid one who is an "emotional drag."

Leo (July 23 - Aug. 22): Trust inner feelings. The more "outward" you are . . . the less effective. Go with tide. Don't argue, cajole or attempt to force issues. Not day to "capture headlines." Wait!

Virgo (Aug. 23 - Sept. 22): You can gain most by being indefinite. In plain words . . . keep mind open — ready for anything. Positive approach calls for versatility. Try various methods. Key is willingness to experiment.

Libra (Sept. 23 - Oct. 23): Combine practical needs with idealism. You will gain by being a good listener. Applies especially in relations with members of opposite sex.

Scorpio (Oct. 23 - Nov. 21): Security, job, savings — all appear involved in decisions. Undertake nothing which involves unnecessary risk. Do plenty of listening. Decide only after consulting expert.

Sagittari-s (Nov. 22 - Dec. 21): Relatives appear to play prominent role. Be cordial, but insist on doing what you know will aid immediate family. In straight words — be practical, even selfish.

Capricorn (Dec. 22 - Jan. 19): You have been concerned with your own ideals. Today you reach degree of personal satisfaction. Money question is settled. You can relax and enjoy life!

Aquarius (Jan. 20 - Feb. 18): Worries concerning friends prove groundless. There is more to "story" than you realize. Romantic notions in spotlight. Beware fact from fancy.

Pisces (Feb. 19 - Mar. 20): Take care of health. Keep promises to others — and yourself. Resist tendency to wear yourself down. You have something other: demand. Know this and capitalize on it!

If today is your birthday . . . you are dynamic, an excellent sales person — and able to find the reasons for any puzzling action.

General Tendencies: Full Moon today emphasizes governments, threats to security — and decisions which many oppose.

OFFERS AID

SOREL, Que. (CP)—The Quebec Iron and Titanium Corporation has established a plan to give financial aid to children of employees who wish to attend university. Five $500 scholarships will be offered to outstanding students.

1964 Models End Production This Week

WINDSOR, Ont. (CP) — The last of the 1964-model automobiles will roll from Canadian assembly lines this week while the industry prepares for production of 1965 models, automotive officials said Tuesday.

Chrysler Canada Limited in Windsor expects to build its last passenger car of the current year by the end of this week.

Ford of Canada Limited built its last 1964-model car more than a week ago at the Oakville plant. The Windsor engine plant phased out production Monday, a week after the Windsor foundry shut down operations.

General Motors of Canada Limited completed their 1964 production schedules at Oshawa July 16. McKinnon Industries Limited of Windsor, a General Motors subsidiary, shut down July 18.

Our Man in Indonesia

Diplomat Picks Up Where He Left Off

By ALEXANDER FARRELL

MONTREAL (CP)—Canada's new ambassador to Indonesia says he has plenty of homework to do before taking up the post in October.

Apart from the usual necessity of "boning up" on an unfamiliar country, there is an additional reason in the case of career diplomat Ronald M. Macdonnell. He has been out of touch with Canada's foreign service for five years.

During that time he has been secretary-general of the International Civil Aviation Organization, a United Nations agency with headquarters in Montreal. He leaves July 31 to return to the Canadian diplomatic service and will be succeeded by Bernard Twigt, a Dutchman.

A keen student of history from his earliest school days, Mr. Macdonnell says his career as a diplomat has been satisfying because it has enabled him "to help in a modest way to shape history."

"The only other thing I had ever wanted to do, the only thing I really considered doing was teaching history."

The style and background of this tall, 55-year-old native of Vernon, B.C., are typical of foreign service men.

FIRST MOSCOW MISSION

He is quiet-spoken, discreet and unobtrusive. He graduated from the University of Manitoba in 1930 with honors in history and philosophy, then spent two years studying history at Oxford, again finishing with honors, before joining the external affairs department in 1934.

Almost a charter member of Canada's young foreign service, he was on the staff of this country's first diplomatic mission in Russia in 1942 and opened the Canadian legation in Czechoslovakia in 1947.

Mr. Macdonnell was minister at the Canadian Embassy in Paris from 1950 to 1952. For the next seven years, except for one more foreign post, he was back in Ottawa as an assistant and later deputy undersecretary of state for external affairs.

The exception was a year, 1957-58, in the dual job of ambassador to the United Arab Republic and minister to Lebanon, with residence in Cairo.

As assistant undersecretary in Ottawa he was largely concerned with the administration of the department and its diplomatic and consular posts abroad.

SPELLING JOB

However, he was also involved in the examination of candidates for the foreign service. Feeling that the best preparation for a diplomatic career is "a liberal education—history, economics, political science, law if possible," he used to visit universities trying to stimulate interest in sitting for the service examinations.

An indication of his own enthusiasm emerged from one visit to a Prairie university. He spent an hour giving a pep talk, then said he would like to speak to individuals who were particularly interested. A bright and attractive young girl came forward and asked "what's the best way to marry a diplomat?"

Recalling the incident, Mr. Macdonnell says he has found the diplomat's life interesting but hadn't meant to make it a round that good.

When he leaves for Indonesia, Mr. Macdonnell will be accompanied by his wife, the former Margaret Jackman of Edmonton, but their children won't go with them. Three of them, Logie, Mary and Margaret are married and Norman is remaining in Canada to attend school.

GREGG MARRIED

BRIDGETOWN, Barbados (CP-AP) — Milton Gregg, VC, 72 - year - old former Canadian Liberal cabinet minister, was married here Wednesday to Mrs. Eira Telchmann of Sussex, N.B., widow of Danish-born potter and artist Mjeld Deichmann. The ceremony was performed by the Rt. Rev. Lewis Evans, Bishop of Barbados, in a private chapel of Bishop's Court.

POSTED ABROAD — Ronald M. Macdonnell, 55, is Canada's ambassador to Indonesia. His appointment follows five years' service as secretary-general of the International Civil Aviation Organization, a United Nations Agency with headquarters in Montreal. Bernard Twigt will succeed him July 31. (CP Photo)

Shepherd Job Most Dangerous One on Cyprus

NICOSIA (AP) — The scene seemed straight from the Bible —a gnarled old man with a leather pouch on his back, grazing his sheep on a hillside in a Cyprus sun.

They found his body next day, crumpled at the bottom of a well, with two bullet holes in his forehead.

Shepherding in Cyprus watch their flocks in fear, and the once peaceful profession has become one of the most dangerous jobs on the troubled island.

Twenty - one shepherds have been wounded or killed since near-civil war erupted between Greek - and Turkish - Cypriots. Dozens more have been fired at. At least 10 have vanished or been kidnapped.

Quality Control Of New Schools Will Be Sought

TORONTO (CP)—The Ontario department of education has established a division of school planning and building research to help local school boards achieve what officials call quality control in school construction.

Frank Nicol, recently appointed research architect in charge of the division, said in interview new concepts of school construction are developing as a result of team teaching and seminar methods.

The department, through the new division, will encourage municipal councils and school boards to work together in school construction with a view to increasing community use of their facilities, Mr. Nicol said.

Our Architectural Heritage

By LEONE WILLIAMSON

THE REYNOLDS' BLOCK

The Reynolds Block, once known as the Victoria Buildings, on the corner of Front St. and Victoria Ave., is one building which presents no problem in dating. Chiseled in a key-stone over its door in Front St. are the initials "N. G. R." and the date, 1842. N.G.R. stands for Nelson Gilbert Reynolds, a local mystery man whose name appears frequently on maps and property transactions in the city, but whose occupation and antecedents are unknown.

We know that in 1837, at the height of the MacKenzie Rebellion, he was charged with high treason. We have no record of the outcome of his trial, but by 1840 he was living comfortably on Turnbull St. in Belleville. At that time, a long driveway led from Church St. to N.G.R.'s extensive, landscaped estate, which stood in the path of John Street's normal course from Bridge St. through to Dundas St. Letor, he moved to Whitby, where he became Sheriff of Ontario County and the builder of Trafalgar Castle, now Ontario Ladies College.

The appearance of Reynolds' building suggests that he might have employed George Browne, official architect of the United Canadas, as his designer. Browne, who was Canada's first professional architect, was brought to Kingston when it was the capital of Canada, to erect many of the beautiful and private buildings which add so much to that city's charm. In the early 1840's Browne introduced the Italianate Tradition in British Classicism, a squarish and severe style of architecture like that of the Reynolds Block. One of Browne's trade-marks is his arrangement of the panes of glass in the windows, a simple pattern of regular sized panes in the middle and very narrow panes at the sides. The original casement windows remaining on the second and third storey of the Victoria Ave. side of the Reynolds Block bear a striking resemblance to those of the Browne-designed St. Andrews Manse in Kingston.

George Browne started the first school of architecture in Canada, where he trained architects in the elements of design. If he did not draw the plans for the Reynolds Block, then we can be certain it was the work of his pupils, the mason who executed the stone work, who did. According to a local builder, stone masons used to "sign" their work by inserting a patterned stone in the corselling of the fire walls of their buildings. The "signature" of N.G.R.'s mason was a corbel-stone with a chamfered pyramid centred within a narrow square frame. The presence of at least one stone in Kingston with the same corbel-stone suggests that a craftsman familiar with Browne's style as it applied to commercial buildings was commissioned by Reynolds to erect his store. Local merchants must have been impressed with his work, for he was retained by several of them to put up other stores. hotels and at least one house. His chamfered-pyramid motif can be seen in the corbel-stones of several Front St. stores dating from the 1840's and 50's (Hitchon's, Tom Lewis Cigars, Booth's, O'Neil Sales), in the building housing Sherry's Auto Parts on Pinnacle Street, and in the town house at the corner of Great St. James St. and Church St.

Curious passers-by can see

THE REYNOLDS BLOCK
Front Street and Victoria Avenue

part of the original interior of the building by peering in the door on the east end of the Victoria Ave. facade. The 1842 staircase is still in place, its treads deeply grooved by the passage of many feet over the last 123 years.

THREE GENERATIONS OF GREEKS DEPORTED BY TURKEY — Three generations of one family wait at Greek consulate in Istanbul preparatory to being deported to Greece by the Turkish government. They are among the more than 800 of Istanbul's estimated 9,000 Greek nationals whom Turkey has ordered to pack up and leave. (AP Wirephoto)

Greeks Quit Turkey, Secret Convoys Roll

By HAL McCLURE

By WEBB McKINLEY

ISTANBUL (AP) — They impatiently wait each morning for the doors of the old Greek consulate to open. They crowd into the vaulted anteroom, quietly talking, arguing or occasionally crying.

They are Greek citizens ordered to leave Turkey.

Many of them were born in Turkey. Many have never even visited Greece.

So far, Turkey has ordered more than 800 of Istanbul's estimated 9,000 Greek nationals to pack up and leave. The Greek community believes all will be forced to go eventually.

The deportation, which began last March, has sent shock waves through the estimated 50,000 Turkish citizens of Greek descent residing in the Greater Istanbul area.

They fear some kind of reprisals against them also. The Turkish government denies this, saying that as Turkish citizens they enjoy full citizenship rights and protection under the constitution.

The Turkish government denies that the Cyprus conflict has any direct connection with the evacuation orders. The expelled Greeks have been snap-

GREEKS Continued on Page 8

NICOSIA (AP) — Another carefully guarded military convoy rolled out of the port of Limassol and headed for unknown bases inland in Cyprus early today.

United Nations observers reported 13 trucks "with unknown cargo" left Limassol at 1:30 a.m. and another 17 trucks pulled out at 3 a.m. — both headed "for an unknown destination."

It was the second convoy, loaded apparently with military supplies for the Greek-Cypriot government, to rumble towards the Troodos mountains on this troubled island in three days.

Last Monday night 36 trucks were seen leaving Limassol port laden with large crates.

U.N. Secretary - General U Thant, who today concluded two days of talks in London on the Cyprus crisis, has complained to Greek-Cypriot President Makarios that UN forces have been denied entry to Limassol to check on arms imports.

Thant asked Makarios to allow UN forces full freedom of movement which he said had been agreed on when the UN troops arrived in Cyprus.

There has been no word of a

Whites Stone Pickets

By MALCOLM STEPHENSON

NEW YORK (AP)—Fence has returned to both riot-torn Negro sections of New York City, but fencing white youths hurled missiles at Negro and white demonstrators outside police headquarters late Thursday night.

Police Inspector Henry Yack, 55, was hit in the right eye by a stone. He was held in a hospital overnight.

An egg narrowly missed Police Commissioner Michael J. Murphy. He was cursed by the whites as they threw eggs at him.

None of the pickets, who were protesting alleged police brutality, was hit.

The picket-packed crowd swelled to 1,500 as the demonstrations progressed. But only a fraction of them — mostly teen-agers from the Italian - American neighborhood around headquarters—participated in the jeering and barrages. Fire crackers were also hurled.

The picket, sponsored by the Congress of Racial Equality, were shielded from the barrages by Negro volunteers set up by police to hold the whites back out of range.

ESCORTED AWAY

After three hours of picketing, the C.O.R.E. demontrators were taken in tow by the police and escorted away, never denouncing and escorted in nearby station. They were hailed by hostile residents of the Lower East Side neighborhood who continued to hurl missiles at both police and pickets.

Police arrested seven whites who were at an auto from which an anti-Negro placard had been flung. Six men and youths were charged with disorderly con duct. One boy was charged with juvenile delinquency and released in custody of his parents.

The seven were the first group of whites arrested since racial disorders broke out in the city last Saturday night.

Peace returned to Harlem in Manhattan and almost complete calm to the predominantly Negro Bedford-Stuyvesant section of Brooklyn, after five nights of looting, arson, rioting, vandalism and hundreds of arrests.

Deputy Commissioner Walter Arm said police commands in Harlem and Bedford-Stuyvesant were being "stacked" with men for duty with any emergency this weekend.

REJECT FORMULA

Both Negro and Negro leaders have rejected the racial peace formula that Mayor Robert F. Wagner offered in radio and television appearances Wednesday night. "Too little and too late," was the cry on the streets.

But the mayor's office said his talk had brought hundreds of telephone calls, telephone calls and telegrams, including a message of support from Francis Cardinal Spellman, Roman Catholic Archbishop of New York.

A call for sermons next Sunday on "calm, reason and understanding," was issued in behalf of 7,500 clergymen of all faiths.

Diefenbaker Says Makarios Treats UN With Contempt

OTTAWA (CP) — Opposition Leader Diefenbaker Thursday accused Cyprus President Makarios of contemptuous and cavalier disregard of the United Nations.

Directing a question to External Affairs Minister Martin in the Commons, the Conservative leader asked whether "it is not most serious when the United Nations forces in that country (Cyprus) is treated with such contptuous and cavalier disregard by Makarios?"

Mr. Martin replied that the Opposition leader "knows my reaction, and he knows it well. I do not want to say anything that is going to complicate what is now being done on that island to deal with this very kind of situation. . ."

The prime minister earlier said the Cyprus government has told the UN that, in the absence of any assurance the island will not be attacked, Cyprus government must take steps to protect itself.

He said Secretary-General U Thant of the UN has communicated with Archbishop Makarios to impress upon him that the presence of the UN force on the island is the necessary assurance against invasion.

Opposition leader Mr. Douglas accused the archbishop of using the UN force as a pawn for his own purposes.

Mr. Diefenbaker asked whether U Thant now has received the rules for the UN force to enable it to keep off the island those who would surreptitiously land and "increase the peril." Mr. Martin said the author ity of the UN force doesn't extend to preventing landings of arms or men.

Whites Attack Negro Marchers

ASKS VIETNAM PARLEY — President Charles de Gaulle of France called for a parley among the United States, Red China, Russia and France to settle the Vietnamese war. He is shown as he made his proposal at his semi-annual press conference in Paris) (AP Wirephoto via cable from Paris)

De Gaulle's Parley Call Wholly Unacceptable to US

WASHINGTON (AP)—U.S. officials brushed aside as wholly unacceptable Thursday President de Gaulle's new call for an international conference, including the United States, the Soviet Union and Communist China, to make peace in Southeast Asia.

Rejecting de Gaulle's argument that a military solution in South Viet Nam is impossible, officials said a conference is beyond serious U.S. consideration until at least a new military balance is created in South Viet Nam.

De Gaulle's press conference attack in Paris on the U.S. position in Europe, keyed to the statement that the U.S. no longer dominates the Western world, produced no surprise here.

It served merely to harden the impression that between de Gaulle and the United States the gap on Western European policy is wide and beyond the possibility of bridging.

De Gaulle's challenges also drew a cold rebuff from West Germany.

In Bonn, de Gaulle's reassertion of his design for an independent Europe based on French-West German political co-ordination also drew rejection.

Officials in Chancellor Ludwig Erhard's government repeated their insistence that West German policy is based firmly on a closely integrated alliance with the United States and ultimately partnership between a unified Europe and America.

However, former chancellor Konrad Adenauer, de Gaulle's co-architect of post-war French-West German co-operation said he agreed with the French leader's statements regarding recent changes in the world's political structure.

U.S. officials were irritated by de Gaulle's likening of Western Europe's growing independence of the U.S. to the weakening of Soviet control over the Communist bloc. They said that while the Soviet Union followed a deliberate policy of centralized control of the Communist world, U.S. policy since the Second World War was dedicated to building up Western Europe to a position of partnership in the Atlantic Community.

Loan Bill Ready To Pass

By RONALD LEBEL

OTTAWA (CP) — The Commons moved to the final stage —third reading—of the \$1,000,000 loan bill today after haggling over it for the better part of two weeks.

Swelt ering, weary MPs sat more than one hour overtime until 11:38 p.m. Thursday and completed detailed study of the 16-clause measure.

A small band of Conservative and Creditiste MPs popped up and down all day with a stream of objections, amendments and questions.

Finance Minister Gordon warned that the loan machinery may not be set up in time for the coming academic year if there are further "holdups" in Parliament.

The bill must go through the Senate and receive royal assent before administrative steps can be taken to guarantee bank or credit union loans of up to $1,000 annually to needy university students, Mr. Gordon said. It will take about one month to get the new program moving after it becomes law.

Thursday's debate alternated between sharp exchanges between Tory and Social Credit arguments about legal and constitutional fine points.

SPEND EVEN SITTINGS

MPs spent three sittings on the loan legislation last week and into this week. They have sat 110 days without a recess since the session opened Feb. 18.

The House approved one amendment to the bill Thursday, but voted down two others. At the suggestion of Erik Nielsen (PC—Yukon), the government agreed an amendment giving the commissioners and elected members of Whitehorse and Northern territorial councils jurisdiction over the administration of the scheme in the North.

Mr. Nielsen had objected that the original bill placed this power in the hands of the northern affairs minister.

Later, Remi Paul (PC—Berthier - Maskinonge - Delanaudiere) moved an amendment that would ensure that the bill will not conflict with provincial law barring minors from signing contracts.

OPPOSE SECTION

He and a few Conservative colleagues fought against section 13 of the bill invades provincial jurisdiction over civil rights and would make the plan unconstitutional. Section 13 permits students under 21 to obtain loans without parental consent.

Government spokesmen replied that the federal government has every right to legislate on banking. When there is conflict with provincial banking legislation, the federal statute prevails, they said. The amendment was defeated 69 to 34.

The Commons rejected 96 to 12 an amendment by Gilles Gregoire (Creditiste — Lapointe) that would have changed the opting out formula inserted in the bill at Quebec's request.

Quebec will receive a direct federal grant of about $700,000 annually in compensation for interest payments it will lose by staying out of the federal plan. Mr. Gregoire argued that Quebec be compensated instead through an extra one-fifth of one per cent of Ipersona income tax.

Goldwater and Johnson to Confer On Avoiding Civil Rights Debate

WASHINGTON (AP)—Against a backdrop of harsh words, Republican presidential nominee Barry Goldwater is scheduled to talk to President Johnson today about steps "to avoid any inflaming of troubles" over civil rights in the presidential campaign before the Nov. 3 general election.

"I don't want to exploit the campaign in any way that will cause disorder," the Arizona senator said Thursday night.

Goldwater said he will offer Johnson his ideas on what can be done to avert a civil rights blowup, and "seek the president's thinking in return.

Goldwater has, in effect, challenged Johnson to a debate of civil rights. Hours before he won the republican nomination, the Arizona senator said in San Francisco:

"Having opposed civil rights until this year, let him make an issue of it. I'll just repeat back to him the thousands of words he has spoken . . .

"Lyndon Johnson is the biggest faker in the United States," Goldwater said. "Let him make an issue of it. He's the phoniest individual that ever came around."

Young Mother Held Hostage By Two Gunmen

'Threatened to Kill Me,' Companion Wounded

HUNTSVILLE, Ont. (CP)—They repeatedly pointed their guns at me and threatened to kill me . . . at one time, one of them threatened to put the gun in my mouth and pull the trigger."

This is how Mrs. Jean Millar, 21-year-old mother of two, described her ordeal after she was taken hostage by two gunmen who Thursday held up the Cobden, Ont., bank in which she worked.

"But they didn't do anything to me," she said in a relaxed voice in a telephone interview early today, more than 12 hours after the holdup.

She was brought to the police station here with the two men who were arrested at gunpoint at an Algonquin Park gate, some 25 miles east of here and about 150 road miles from the quiet Ottawa Valley village of Cobden. The two men gave up quietly.

Two men escaped with about $6,000 from tills of the Cobden branch of the Bank of Nova Scotia shortly after noon Thursday.

OPP said they had recovered $5,900 and two loaded rifles.

The two men were being driven to 9 a.m. court when charged this morning.

The bandits wounded a accountant Anne McWilliams, 35, in the knee with one of two shots fired during the robbery when she would not open the vault.

TAKE HOSTAGE

A network of police roadblocks was set up throughout eastern Ontario and into Quebec after police learned the gunmen had forced Mrs. Millar into their 1953-model getaway car, which had Connecticut license plates.

"We drove outside Cobden and the men stopped the car," Mrs. Millar said. "We left the car and walked through fields to an old barn and stayed there until about 30 minutes to eight.

"Then we found a tele scope on his rifle and they could see the car from the barn. Then they saw two policemen walking around the car and one said 'Let's get out of here.'

"We climbed a fence and went through a little bit of bush to a farmhouse. It was owned by John Holly, whom I've seen occasionally in the bank, and they forced him inside at gun point.

"The men demanded the farmer's truck keys and I went to my neck and threatened to kill me. . . They told me to get the telephone book at the farmhouse and I did. Mr. Holly gave his car."

DRIVE THROUGH PARK

Mrs. Millar said the gunmen drove with her in the 1958-model truck through Algonquin Park, 25 miles south of Cobden, along a back road to Eganville and then through Algonquin Park toward Huntsville.

As they were leaving the park on the west gate "a police officer car asked for the guy's licence. Then he pulled his gun and asked us to get out."

Two policemen drove Mrs. Millar and the gunmen to Huntsville Court House. The arrest happened about 12:20 a.m. today.

Mrs. Millar, who has worked at the bank about a year, said she became involved in the

Car Firms Profits Soaring

By JACK LEYLER

NEW YORK (AP)—The big three U.S. automakers are earning more money than ever before.

General Motors Corp. and Chrysler Corp. reported Thursday that profits and sales soared to record levels in the second quarter and first half of this year. Ford Motor Co. issued a similar report earlier in the week.

General Motors' sales and earnings were the highest ever reported by any company. Its chairman, Frederic G. Donner, and president, John F. Gordon, attributed the surge to expansion in economic activity and prosperity consumer confidence.

The big three's report is a great prosperity came while they were negotiating with the United Auto Workers on new labor contracts. Ken Bannon, UAW Ford department director, said in Detroit:

"It is obvious that Ford's profitability makes it possible for the company to cut prices, give Ford workers and their families security and still provide generously for its stockholders and executives."

EARNINGS ARE UP

General Motors earned $932,000,000, equal to $2.11 a share, in the three months ended June 30, compared with $464,000,000, or $1.82 a share, in the second quarter of 1963. This previous record was $538,000,000, or $1.87 a share, in the 1964 first quarter.

First-half earnings of No. automaker totalled $1,138,000,000, or $3.93 a share, compared with $878,000,000, or $3.07 a share, in the 1963 first half, which was the previous record.

Sales totalled $5,082,000,000, in the 1964 second quarter against $4,516,000,000 a year earlier. First-half sales of $9,988,000,000 compared with $8,955,000,000 in the 1963 first half, the former record.

World-wide factory sales totalled 1,873,526 vehicles in the second quarter and 3,948,339 in the first half. Ford sold 1,646,747 and 3,158,603 in the previous comparable periods.

Chrysler Corp., the third automaker, earned $60,600,000, equal to $1.61 a share, in the three months ended June 30 against $41,700,000, or $1.13 a share, a year earlier. First-half earnings totalled $114,400,000, or $3.05 a share, compared with $77,900,000, or $2.11 a share, in the 1963 first half.

SALES TOP BILLION

Chrysler sales in the second quarter rose to $1,071,000,000 from $890,000,000 a year earlier and in the first half totalled $2,082,000,000 from $1,687,000,000.

World-wide sales in the first half totalled 2,055,000 vehicles, up from 736,292 a year earlier.

Ford's profits in the second quarter amounted to $170,700,000 equal to $1.63 a share, on sales of $2,672,000,000. This compares with $135,000,000, or $1.41 a share, on sales of $2,544,700,000.

Attractive Young Bank Clerks Dated Men Held for Robbery

COBDEN, Ont. (CP)—"I was stunned," said Beverley Graber, attractive 18-year-old farm girl who said she had been dating one of the men suspected of robbing the local bank of $6,000 and taking a woman teller as hostage.

Beverley told her story after she had gone to the bank to look around with many of the other residents of this small town village. She said that she and Donna Robinson, 16, had been out several times with two men being sought by police.

Beverley said she had gone to Pembroke drive-in theatre with one of the men Monday night. "He was nice," she said. "But the big guy who walked in though, you had to get out of his way."

She said the bigger man was over six feet tall, with dark reddening hair and was between 25 and 30. He had tatoos on both arms. The younger man was said to be between 20 and 25.

"They said they were from Connecticut. I don't remember the place. The car had a Connecticut license."

"Monday they took Donna and I to the drive-in and Tuesday we went to Ottawa to meet her brother at the airport, but the brother didn't show."

Mrs. Frank Shean, operator of a restaurant across the road from the bank, said the men met the two girls Monday (June 22) must have put $10 worth of quarters in the juke box and remember thinking they would wear out the records."

Today's Chuckle

Why try to fool all the people all the time when a majority is all that's necessary?

THE WEATHER

Synopsis: A few scattered thundershowers can be expected in southern regions by Saturday afternoon. Temperatures today are expected to be as warm as Thursday with most areas expected to reach into the high 80s. Cooler air is expected to move into northern regions tonight and into central regions Saturday. Southern regions can look for a hot and humid day Saturday.

Ottawa Fears Cyprus Schmozzle May Kill UN Police Proposal

OTTAWA (CP)—Will Cyprus destroy the Canadian government's lofty aim of substituting United Nations peacekeeping operations for national armies? The great fear in this capital is that it may.

Even as the Cyprus situation worsens, officials here are doggedly pushing ahead with plans for a fall conference of some 30 nations on establishment of an international police force and discussing the possibility of a United Nations patrol along the 600-mile jungle border between South Viet Nam and Cambodia. Informed sources say the Cyprus situation now has reached the point where the UN force, including 1,125 Canadians, is caught in an impossible squeeze.

These are the choices:

1. If the UN force is forced to shoot its way in to keep Greek and Turkish-Cypriots apart, its mission will have failed. The UN force is in Cyprus at the invitation of the island's government and can't very well shoot Cypriots.

2. If the UN force withdraws and leaves the Turkish minority to the mercy of the better-armed Greeks, its mission will have failed.

Moreover, if any Canadian soldiers are killed, public reaction in Canada to UN peacekeeping or, at least, to Canadian participation could become highly unfavorable.

T. C. Douglas, New Democratic Party leader, said in the Commons a week ago that the UN is being played for a sucker in Cyprus. Conservative Leader Diefenbaker asked Thursday in the Commons: "Is it not most serious when the UN force is treated with contemptuous and cavalier disregard" (Cyprus president) Makarios?"

Privately, officials say President Makarios is making a mockery of the UN by continuing to import arms and men in contravention of the March 4 UN Security Council resolution.

Meanwhile, it is considered possible that the UN's special mission to the disputed border area between South Viet Nam and Cambodia could encounter that the UN assist in demarcation of the border and perhaps urge a UN patrol.

Cyprus Problem 'Difficult' Says Visiting Greek M. D.

Final settlement of the current Greek - Turkish trouble in Cyprus will be a "difficult problem" according to Dr. Alkis Sidiropoulos of Thessaloniki, Greece, who stopped off in Belleville yesterday on his return home from the Y's-Men International convention at Estes Park in Colorado.

Last night the Greek medical doctor, past president of the Thessaloniki Y's Men's Club, visited with local club members and showed slides of club activities in his own country.

Discussion on the Cyprus problem is almost No. 1 topic in Greece, according to Dr. Sidiropoulos, who says the trouble on the Mediterranean Island receives daily front page news coverage.

Naturally his sympathies are with the Greek population of the island who make up 83 per cent of the total.

But at the same time he is mindful of the fact that Cyprus is but a comparatively few miles from Turkey, while it is hundreds of miles from Greece.

Turkey wants to divide Cyprus politically, but the visiting Greek doctor feels this would be "not good."

Like Y's Men members everywhere, club members at Thessaloniki put a lot of active work into their activities.

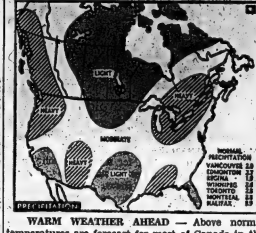
The visitor was met by Dr. Mavropoulos returns home at the end of July he will go to a "Y" boys' camp as resident doctor for a month.

The Belleville Y's Men's Club has a more formal interest in the Thessaloniki club, which it claims as a "brother" club. The two clubs have been corresponding for several years.

And to make the tie a bit closer, Dr. Sidiropoulos is acquainted with "Di" Diamantides secretary of the Belleville YMCA, who at one time was "Y" boys' work director in Thessalonika, a city of about 450,000 inhabitants.

"That was 24 years ago," recalled the doctor.

Since the Y's Men's International convention in Colorado, Dr. Sidiropoulos has been visiting clubs in Michigan and in Ontario, and next week will continue his visits in New York State.



While in Belleville he is staying with Mr. and Mrs. Vernon Weir, 331 Albert St.

No Interest In Topless If You're 51

SAO PAULO (Reuters)—Mayor Prestes Maia explained on television Thursday why his staff is ignoring a request by a woman for permission to wear a topless bikini at municipal swimming pools.

"We discovered the applicant has already reached the respectable age of 51, so the matter ceases to be of public interest," he said.

WARM WEATHER AHEAD — Above normal temperatures are forecast for most of Canada in the long-range outlook of the United States weather office.

Map and figures cover the period to mid-August.

Light precipitation is forecast for the prairie provinces and heavy precipitation for Southern Ontario and Quebec.

Other normal temperatures: New York 76, San Francisco 63, New Orleans 81. Other normal precipitation: New York 4.4, New Orleans 5.6, San Francisco 0.

(CP Newsmap)

Singapore Riots Get Less Violent

CP Cable AP-Reuter

SINGAPORE — Chinese and Malays fought for the fourth day in Singapore today, raising the official death toll to 13 but police said the racial clashes were getting smaller and less frequent.

Official casualty figures showed 197 injured since the riots began, but the unofficial count placed the injured at close to 400.

More than 1,400 persons, mostly curfew violators, have been arrested by the 7,000 police and combat troops trying to check the riots on the island.

Because of the explosive situation, Malays were advised to observe the Moslem sabbath at home today instead of going to mosques.

HEAD MEN MEET

Malay and Chinese head men of various communities on the island met Thursday night. They agreed on temporary arrangements to restore order, but details were not available.

Lee Kuan Yew, state premier of Singapore who is of Chinese descent, blamed the riots on Malay extremists. He said the clashes, which began during a Moslem religious procession Tuesday, posed "a very grave development" to the future of the 10-month-old Federation of Malaysia which it is hoped were taken to stop it.

Fire Hazard Remains High

Three small brush fires were started by lightning during the past two days, but each one was started by a careless fisherman in the Tweed forest district, including the second earlier fire, Department of Lands and Forests personnel are holding right fires under control in the district, and supervising the control of two fires outside the district. Fire total for the district so far is 52 for the month of July — 16 more than the total for July last year.

The new fires caused by lightning are in Wicklow, Lake-rick and Mayo townships. The fire caused by carelessness is in Gilmour township.

Forest fire hazard in the district is high today.

O'Hara Mill Open on Sunday

For the past two Sundays traffic to the O'Hara Mill at the Lake-on-the-Mountain Conservation Area northwest of Madoc has been reported as heavy.

Officials at the MNCA said today that O'Hara Mill will be open to the public again this Sunday from 2.00 to 4.00 p.m.

Probe Yet To Reveal T. B. Source

LONDON, Ont. (CP)—An intensive investigation into a tuberculosis outbreak among pupils and teachers at Holy Cross Separate School here has not yet pinned down the source of the infection.

Dr. D. A. Hutchison, city medical officer of health, said Thursday hundreds of persons have been checked in the investigation which may become a summer-long task.

Health authorities have gone through the wide circle of persons directly or indirectly involved with the parish and results have been negative.

Now, Dr. Hutchison says, the investigation will widen in scope to reach those "remotely" in contact with the school. This includes area variety stores and soda shops, Dr. Hutchison said.

Thirteen pupils from the school were admitted to Beck Memorial Sanitorium since the outbreak was detected two months ago. Seven other persons, including two teachers, received drugs as outpatients.

ELIMINATES PAIN

LONDON (CP) — Toothache sufferers soon may no longer need to fear the anesthetic needle. Dentists here claim they have discovered a new method of numbing the gum by a painless compressed air jet injection which spurts fluid deep into mouth tissues.

Chimp Won't Stand for Monkey Biz

NEW YORK (AP)—When two motion picture stars battle over a screen role, hardly anyone takes notice—unless of course, the stars happen to be chimpanzees.

Such is the case with a six-year - old performing chimp named Thursday as the chief plaintiff in a $100,000 suit against Twentieth Century-Fox Corp. and its agent, Servant, Inc.

Lee Ecuyer, of Freeport, L.I., said his chimp, Ippy, won a painting contest for chimps last year sponsored by the corporation.

He said Twentieth Century-Fox promised the winner the $750-a-week role in the film What a Way to Go.

He claimed the company also said the winner's handler would receive $250 a week for the duration of the filming to take care of his animal.

Ecuyer charged in state Supreme Court the promises were false, fraudulent and deceitful."

Another chimp made the film, leaving Ecuyer and his pet injured, he said, from the standpoint of "general reputation for veracity."

PLAN BLASTS

QUEBEC (CP) — The final chapter in one of the St. Lawrence's worst marine disasters will be written this summer. The first blast in a series which will eventually destroy the wreck of the ore carrier Tritonica will be set off today. The 14,800-ton ship went to the bottom with 36 hands aboard last year.

Somebody Knocked the 'W' Out of 'Zwick'

Just where is "Zick's Island anyway?

Wherever it is, according to big colored billboards parted all around town, that is where the Sells-Gray circus is going to be showing next Thursday afternoon and evening.

But don't be mistaken on the location and come next Thursday Zwick's Island will be the main mecca for local kiddies who want to see the circus animals and the funny faced clowns.

Belle Cleaners Awarded Govt. Contract

OTTAWA—A contract worth $55,000 for laundering services through to May of next year, has been awarded to this Belle Cleaners and Laundrette of Belleville, Industries and Defence Production Minister Drury today announced.

It was one of 180 contracts worth a total of $50,000,000 placed in the first two weeks of June.

Local Dancer In CNE Show

A Belleville girl will be a member of the dancing ensemble at the 1964 Canadian National Exhibition Grandstand show opening August 21.

She is Judy McKnight who will be dancing in a series of spectacular routines choreographed by one of Canada's leading choreographers and modern dancers — Jan Lund. She will also appear with Midge Arthur's famed Canadetta chorus line.

BUCK ADDS VOICE

MOSCOW (Reuters) — Tim Buck, Canadian Communist party chairman, has added his voice to the Soviet-led chorus for an international Communist conference "in the near future." Izvestia printed Buck's request Thursday night. Buck said a conference would be significant "for the widening and deepening in the ideological struggle to achieve complete harmony on questions concerning the party."

Obituaries

ANDREW DANIEL HARRIS

Wallaceburg

Andrew Daniel Harris of Wallaceburg, died suddenly on Thursday afternoon as the result of a drowning accident. He was in his 17th. year.

Son of Mr. and Mrs. Andrew Harris, he was a resident of Concession 18 of Chatham township.

He was a former student of Holy Family and Wallaceburg District High School and for the past year attended the Stirling and Rawdon District High School.

Surviving besides his parents of Wallaceburg, is a brother, Douglas, of Stirling.

Funeral on Monday morning from Holy Family Church, Wallaceburg. Arrangements under the direction of the Eric F. Nicholls Funeral Home, 699 Elgin Street, Wallaceburg, Ont.

MRS. WILLIAM JAMES NICKLE

Mrs. Grace Nickle of 117 Frank Street died suddenly on Thursday at the residence of her daughter, Mrs. T.E. (Reta) Stephenson of Otterburn Heights, Montreal. She was in her 62nd year.

Born and educated in Belleville she was the daughter of the late Mr. and Mrs. William Sinclair. She had been a resident of this community all her life.

Mrs. Nickle was a member of the Anglican Church.

Surviving are three sons, William H., Montreal, Arthur and Bruce Donald all of Belleville and three daughters, Mrs. T. E. (Reta) Stephenson of Montreal, Mrs. Harold (Eva) Quinsey of Belleville and Mrs. William (Mary) Haslip of Belleville.

Also surviving are a brother William of Belleville, 11 grandchildren. She was predeceased by her husband William James Nickle in March of 1953. Two sons, Harry (Stub) and Robert also predeceased her.

Funeral on Monday afternoon from the chapel of the John R. Bush Funeral Home, 90 Highland Avenue.

MRS. EARL BLEECKER KETCHESON

Foxboro

Mrs. Syivia Irene Ketcheson of Foxboro died suddenly at her residence Thursday. She was in her 56th year.

Born in Dolsro, she was the daughter of Mr. and Mrs. James Walter Lidster of Corbyville, she has resided in the Foxboro community for the past 17 years and previous to that at Corbyville.

She was a member of the Foxboro Presbyterian Church.

Surviving, besides her parents are her husband, Earl Bleecker Ketcheson and two brothers, Earl of Belleville and Raymond, of Toronto.

Funeral on Monday afternoon from the chapel of the John R. Bush Funeral Home, 90 Highland Avenue.

INFANT DAVID ALLAN McLUSKIE

The funeral of Infant David Allan McLuskie was held on Thursday afternoon from the chapel of the John R. Bush Funeral Home; Mr. Highland Ave. ue conducted by Rev. Alfred Poulter.

Interment was in Belleville Cemetery.

MRS. TOM COLCLOUGH

The funeral of Mrs. Tom Colclough was held on Wednesday afternoon from the chapel of the Grant Funeral Home, 68 North Front Street conducted by Rev. Harry M. Davis.

Interment was in Belleville Cemetery.

Bearers were Frank Johnson, George Wardle, Arthur Woodley, Frank Howard, Daniel Cowley and Harry Greaves.

Resting at White and Morris Funeral Home, Deseronto. Funeral Service will be at Christ Church Mohawk Village, Tyendinaga at 2 p.m. Canon J. V. Temple officiating.

Interment, Christ Church Cemetery.

SCOTT, George Edward — Passed away at Belleville General Hospital on Wednesday, July 22, 1964, George Edward Scott of Canniff St. in his 84th year. Beloved husband of Ethel Gear (Mrs. George Scott) dear father of William, Roslin.

Resting at the Cassidy Funeral Home, Parham. Funeral Service on Saturday, July 25 at 2.30 p.m.

Interment, Oconto Cemetery.

KETCHESON, Mrs. Sylvia Irene — At her late residence, Foxboro, on Thursday, July 23, 1964, Sylvia Irene Ketcheson, aged 55 years, beloved wife of Earl Bleecker Ketcheson and dear mother of Mrs. Glenn Wallace Lidster of Corbyville, Belleville and Raymond Lidster of Toronto, dear sister of Earl Lidster of Belleville and Raymond Lidster of Toronto.

Resting at the Arthur Ketcheson Funeral Home, 200 Dundas St. East, Trenton. Funeral service will be held on Monday, July 27th at 2.30 p.m. Rev. James Payton officiating.

Interment in Mount Evergreen Cemetery.

FORYER, Everett Samuel — At Kingston on Thursday, July 23, 1964, Everett Samuel Foryer, husband of the late Minnie Cowling of Frankford, dearly beloved father of Peteon and dear brother of Mrs. Ethel Hepburn, Ameliasburg, Prankford, in his 84th year.

Resting at the Rose Funeral Home, Frankford, until Saturday, July 25th where service will take place at 1.30 p.m. Reverend Charles Prodgers officiating.

Interment, Thomasburg Cemetery.

OSBORN, Clayton Earl — At the Belleville General Hospital on Wednesday, July 22, 1964, Clayton Earl Osborn, beloved husband of Ruth Doreen Whitney, aged 28 yrs., son of Mrs. Louella, in his 56th year.

Resting at 24 Ann Grant Funeral Home, 24 N. Front Street until 2.30 p.m. Saturday. Funeral service at Malmos United Church at 2.30 p.m., Saturday, July 25th. Mr. Sidney Bates officiating.

Interment, Malmos Cemetery.

Jy23-2i

BEDNER, Harry Edgar — At Belleville General Hospital on Thursday morning, July 23, 1964, Harry Edgar Bedner, beloved husband of Ethel Bedner, in his 64th year. Beloved husband of Edith May Gardner and dear father of Gerald G. Bedner of Ameliasburg and Mrs. Robert R. Redner of Grant Centre, Alberta, Sybil (Mrs. Morley Kerr) of Ameliasburg and Jean (Mrs. James Bateman) of Belleville. Dear brother of Mrs. Gladys Bird of Petersburg, Ont., and Mrs. Ethel Bird of Belleville.

Resting at 130 Dundas East. Funeral Home, 130 Dundas East, Belleville. Service in the chapel on Saturday morning, July 25 at 10 a.m. Rev. Ernest Rowe officiating.

Interment, Albury Cemetery.

Jy23-2i

PENN, Rose Ella — At Belleville General Hospital on Wednesday, July 22, 1964 Rose Ella Penn, beloved wife of the late Isaiah Penn, dear mother of Mrs. Ethel Hall, Mrs. Ida Hall, Mrs. Ira H. Hall, both of Belleville, Mrs. Ruth Hall, Detroit, Mich., Mrs. Edith Hall, Toronto, Mrs. Phyllis Hall, Watertown, Penn., U.S.A., and Mrs. Lucille Hall, Belleville, also 23 grandchildren and 23 great-grandchildren.

Resting at the Cassidy Funeral Home, Parham until Saturday, July 25 at 2 p.m. Interment, Christ Church Cemetery.

Jy23-2i

IN MEMORIAM

MEYERS — In loving memory of a dear brother, Mr. C. H. (Reta) Stephenson, Otterburn Heights, Montreal, who passed away July 24, 1962.
You fell asleep without warning,
But memories of you will never die.
—Lovingly remembered by sister and family.

CARDS OF THANKS

Mrs. Berton Fitzgibbon and Bryce wish to thank all the friends and neighbors who remembered them with cards, flowers and gifts during the recent husband and father, Berton Fitzgibbon's illness. Jy24-1i

I would like to thank the nurses and aides of 1st floor West, Dr. Harth, Dr. McDonald, Dr. Peter Scott, Rev. Smith and Rev. Slack for their kindness to me while I was ill in the hospital. I want to thank the Lodge, Legion, Auxiliary and all the good friends for cards, letters, visits and flowers and all those who remembered me by call on me in the hospital. It was appreciated more than words can express.

(Mrs.) Florence Coulter.

Parliament At a Glance

By THE CANADIAN PRESS

THURSDAY, July 23, 1964

Prime Minister Pearson said he did not know the whereabouts of Hal Banks but would make a further statement today.

Eldon Woolliams (PC—Bow River) said he was told that Banks sought for jailing, was living at Higgins Beach, Scarborough, Me.

Creditiste Real Caouette (Villeneuve) and Gilles Grégoire (Lapointe) resumed use questioning of the student loan bill.

Lloyd R. Crouse (PC — Queens-Lunenburg) said the bill might supply some parents with interest-free funds.

An amendment to the bill allowing Quebec an added tax abatement was defeated 98 to 12, four Conservatives voting with eight Creditistes.

The bill later passed committee stage and now needs only routine third reading today.

FRIDAY, July 24

The Commons meets at 10:30 a.m. to give third reading to the student loan bill and debate estimates. The Senate is adjourned until Monday at 3 p.m.

COUNTRY STYLE TIES and shaving permits were presented to Belleville Mayor Jack Ellis and Alderman Donald Williams yesterday at Belleville Place by Douglas Perry, clerk of Lennox and Addington county. In the picture, Mrs. Robert Baldwin adjusts the mayor's tie. The civic officials greeted a 60-car cavalcade that came to Belleville last night to promote the centennial celebration of Lennox and Addington.

Ship Explosion Kills Nine, Injures 165

CP from Reuters-AP

ALGIERS — The Egyptian freighter Alexandria exploded in the harbor of Bone Thursday night, killing 20 persons and injuring 165, hospital officials said today according to the Algerian news agency.

The fire spread to dockside lodgings and a waterfront hospital was badly damaged.

First indications were that the explosion took place under the ship's hull, reports said.

The Alexandria was tied up in the eastern Algerian city when the explosion rocked her. The flames spread to the adjacent neighborhood before being brought under control early today, informants said.

Officials said Soviet and Bulgarian medics doing relief work among the Algerian population in the area were rushed to the scene.

Community Antenna TV In Canada

OTTAWA (CP) — Transport Minister Pickersgill said in the Commons Thursday there will be no delay in dealing with applications now before the government to establish community antenna television systems in Canada.

Mr. Pickersgill who announced Wednesday the end of a freeze imposed last December on the applications, said he believes most of them can be dealt with "almost immediately." He might want additional information on some of them.

Alfred D. Hales (PC—Wellington South) asked whether new applications now should be made to the minister or to the Board of Broadcast Governors.

Mr. Pickersgill said the applications should be made to him. He will seek informal advice from the BBG until Parliament enacts a new provision empowering the board to hear arguments on cable television applications.

Johnson Speaks To Boy Scouts

VALLEY FORGE, Pa. (AP)—President Johnson told 32,000 cheering Boy Scouts Thursday night that the federal government "is not to be feared or attacked."

Addressing the scouts' sixth national jamboree at a mammoth closing pageant, Johnson seemed to tailor his remarks as much to United States parents as to any of the young boys who sat about in khaki shorts and skirts.

More than 400 Canadian scouts and large numbers from other nations attended this year's jamboree, which came to an end with a spectacular candle-lighting ceremony on a giant grassy slope. Each of the 32,000 scouts lighted a candle to symbolize the always-burning torch of scouting that glows throughout the free world. An estimated 80,000 visitors watched the ceremonies.

Fire Results In Fire Boss Getting Fired

MOSCOW (AP) — "Comrades, our forest is burning. Send the fire brigade," said the call.

"Oh, that's just some peat smoking. Don't worry about it."

Comrade M. V. Kossarshevsky, the fire department official who gave this answer, has been fired. The government newspaper Investia said Thursday the fire was reported at 11:30 a.m. in an area near Moscow. It was 3 p.m. before anyone went to investigate. How much was burned was not mentioned.

Kossarshevsky was fired "for irresponsibility and delay displayed while fulfilling his service duties," the official declaration said.

Husband Fails To Save Drowning Wife

CAMPBELLFORD, Ont. (CP) Mrs. Irene Jardin of Whitby, Ont., 40-year-old mother of four was drowned Wednesday in Bradley's Bay after two vain rescue attempts by her husband.

The couple, on holiday, were swimming in the bay about four miles southeast of here when Mrs. Jardin got into difficulties.

Her husband twice tried to pull her to their rowing boat, but each time lost his hold. Mrs. Jardin's body was later recovered.

Will Represent W. Ont. Schools

LONDON, Ont. (CP) — Bill Penistan, 16, of Stratford, and Doug McPherson, 15, of London, will represent western Ontario boy scouts at the world boy scout sailing championships in Charlottetown next month after defeating seven other district crews in competition here Thursday.

Scouts from Sarnia, Wallaceburg, Stratford, London and St. Thomas sailed 14-foot Flying Juniors over a three-mile triangular course on Fanshawe Lake in five "sailing off" races.

The world contest is being held in Charlottetown Aug. 8 to 15.

Topless Suit 'Public Outrage'

PARIS (AP)—French Interior Minister Roger Frey Thursday declared the women's topless swimsuit "a public outrage." He told police throughout France to warn prospective wearers of the new style that they risk fines and jail.

Prospectors Huddle 8 Days On Floats of Upset Plane

PRINCE RUPERT, B.C. (CP) Robert Gilroy and Max Ports faced certain death if they struck out in the glacier-fed waters of the Iskut River.

So they huddled, drenched and bitterly cold, for eight days on the floats of their overturned Beaver aircraft.

They told about it Thursday following their rescue. Gilroy spoke by telephone from Terrace, 70 miles inland from this north coast city and 200 miles south of the spot where their plane hit the river July 14.

The two prospectors were returning to their campsite at the junction of the Iskut and Ishkini River. They tried for a landing close to the site but hit a mud bank.

The plane floated downstream for a mile and a half and stopped upside down on a sand bar. Gilroy, 36, and Ports, 48, clambered onto the floats and there they remained through almost continuous rain for eight days.

The Iskut was about three-quarters of a mile wide, its water close to 50 degrees. They were spotted Wednesday and picked up and flown to Terrace.

PORTSMOUTH, Va. (AP)—Four men who had been drifting on a life raft for nine days were picked up by a freighter in the Atlantic Ocean Thursday. They were identified by the U.S. Coast Guard as survivors from the missing yacht Gooney Bird.

They were picked up, apparently in good condition, by the English freighter Malden after being spotted by a navy plane.

The Gooney Bird, a 36-foot motor sailer, left Old Saybrook, Conn., July 11 and was due in Bermuda July 17. The coast guard reported the rescued men as saying the yacht struck a submerged object July 14 and they abandoned the vessel the following day.

The coast guard said it was informed that aboard the yacht when it left the U.S. were Ralph Stevens and Philip Sferakoub, both of Cheshire, Conn., Leo Pogorzelski of Waterbury, Conn., and Julius Kastner of New Haven, Conn.

This Tramp Travels First Class, Flies to Banquet, Home in Taxi

TRENTON—Tramp by name, tramp by nature.

A young pet crow's wanderings causes concern to its aged owner.

The other day Tramp, (that's the bird's name), on one of its flights, literally dropped in on Mrs. Percy Turner of 29 Barbara Street. She found the crow sheltering at her back door and went to investigate.

Naturally her unexpected guest was begging for food. She soon learned the stranger was fussy about its eating habits while demanding particular attention.

True to form her black feathered visitor gushed extreme politeness. The Trump's good manners helped to make the "touch," Mrs. Turner admitted. Young Mr. Crow thanked her many times for being so kind. The young bird has not learned to talk yet but chatters continually when eating. "We got along fine," she said, telling the story of their meeting. "Tramp opened his mouth and I dropped the food in."

Mrs. Turner's daughter, living a few doors up the street, called radio station CJBQ when they realized somebody had lost a "wonderful pet."

TAXI ARRIVES

Soon a taxi was at her mother's place with members of a family worried about their bird's welfare. The callers seemed delighted with the treatment Tramp had been given and offered the finder a reward. Mrs. Turner refused the money explaining she was only too happy to be able to care for her new - found friend. She was told the keeper, an elderly resident living on Marmora Street, had walked about the neighborhood for two nights in search of his missing pet.

A crow lover in Belleville praised the "crowing" Mrs. Turner said she would have kept it herself if the rightful owners hadn't claimed it.

"It was the smartest thing and could have played here as long as it wanted to," she remarked with a show of affection in her voice.

Today Tramp is back at its permanent address perhaps a little more restless in anticipation of another trip. Destination unknown. Time of departure not available at the time of writing. No occurrences of importance were reported from Trenton police headquarters this morning.

ENCYCLICAL COMPLETED

VATICAN CITY (AP)—Vatican sources said Thursday they understand Pope Paul has finished writing his first encyclical, setting down the program of his year-old pontificate. The informants said the encyclical is a letter to the bishops of the Roman Catholic Church, is to be made public next month.

Cars Damaged In Collision

TRENTON — The O.P.P. at Brighton reported this morning that a motor vehicle accident between two cars on the county road near Morganstown early last night resulted in considerable property damage but the occupants escaped without injury.

Police set the damage in the amount of $600. Joseph Muller was the driver of the one automobile, Wayne A. Jones the other. Their addresses were not available at the time of writing. No occurrences of importance were reported from Trenton police headquarters this morning.

Air Cadets Leave for Tour of US

TRENTON — A group of Canadian Air Cadets left here today by aircraft for a tour of the United States.

Yesterday they welcomed 16 American air patrol cadets arriving at the airbase to start a tour of this country. Similar exchange visits have been going on since 1947.

The visitors from across the border were piped down the ramp from the big four-engined transport they travelled here in. They were met officially by Art MacDonald the managing director of the Air Cadet League of Canada and Douglas Whitley, a member of the league's Ontario committee.

Her, No Top Him, No Bottom Both, In Jail

BUDAPEST (AP) — The one-piece bikini has been introduced to Hungary," but it was not topless.

Anna Nevelcsa, a young girl of Nitrvegyhaza in northeast Hungary, recently appeared in the local swimming pool with only part of her bikini.

Her bosom was modestly covered; the rest was bare.

"But worse was to follow," said the local paper Somogyi Neplap, which reported the incident Thursday.

"Young Jozsef Peirman of Sostohegy was apparently inspired by the girl's attire. He promptly stripped himself of his trunks."

Both were arrested and will be charged with having "caused a public scandal," the paper reported.

Sleuthing in the Sky

So you think "who-dun-its" are ridiculous, their super-sleuths overdrawn.

Obviously you are not a scientist.

Or, if you are, you have never stepped aside long enough to take a look at your own profession.

There is not any Sherlock Holmes of fiction, from the original by the same name down through all the inventions of Agatha Christie and Mickey Spillane, who can hold a candle to the laboratory gang when it comes to dreaming up ways of ferreting out the truth.

Recently, one branch of these real-life sleuths, the astronomers, have been hunting for the source of powerful X-rays.

In the "who-dun-its" the standard procedure is to gather up all the bits of evidence and fit them together so that they make a recognizable whole.

The scientists work in a different manner. They take what little they know, dream up a theory to explain these facts and then devise some way to test the theory—in a word to manufacture additional evidence that it is correct.

This often, involves some spectacular brain work, such as Albert Einstein's theory of relativity. This was proven correct when the bomb went boom over Hiroshima. Sometimes the theory is so complex that it is left a major scientific break-through.

But to return to the mysterious X-rays. Some astronomers explained them by arguing that when a star known as a supervova explodes, some remnants form a neutron star, so dense that it weighs a billion tons per square inch—which makes a hunk of lead a close cousin to a hummingbird's pin feathers.

These astronomers further argued that the neutron star which was the source of the powerful X-rays was hiding amidst the gases of the Crab Nebula.

How to test the theory? Simple, said the super-sleuths of the U.S. Navy research laboratory. The moon was shortly going to eclipse the Crab Nebula. If all that needed to be done was to send an X-ray detector 144 miles up into the sky. When it suddenly ceased detecting X-rays as the moon came between it and the Crab Nebula, that would prove the existence of the neutron star—and, we suppose, the fact that it weighed a billion tons per square inch.

No sooner dreamed up that done. Only this time the theory did not prove out—the X-rays faded, but were not suddenly blacked out. So no neutron star.

This has sent the scientists back to their thinking pads to dream up another theory. When they have one which fits all the known facts, they will devise some new way of testing it—in other words of manufacturing more evidence. Eventually some theory will fit all the known facts and this theory will be accepted as truth, for the time being.

To the scientist truth is not an absolute, but the theory which most reasonably explains all the known facts.

Whistling in the Dark

Opposition Leader Diefenbaker charged in the House of Commons recently that the Government was looking for an excuse to call a general election.

There may be more than a grain of truth in his contention. Yet one cannot help but wonder whether Mr. Diefenbaker is not hoping that no such election will be called.

If, in point of fact, the Liberals would welcome an early election, many Conservatives would not. The reason is that many party members and supporters are very much concerned whether the Conservative party could come back to power in such an election.

An election held tomorrow would not find favor with a great many voters. Moreover, there are few real issues on which it could be fought. And, in the Conservative camp, there is the rift over leadership of the party which, only with difficulty, was pushed beneath the surface and from public view at the party's annual meeting earlier this year.

Until the Conservatives settle the leadership question and restore unity and direction to their party, the election which Mr. Diefenbaker says the Liberals would like, almost certainly would not do his party much good.

• • •

You rise early in the morning and go outdoors to make a before-breakfast circuit of the house and sniff the garden air ingrained with gold. But though you think yourself taking the day by the prime, it is already old to the birds.—Christopher Morley.

Chinese Active in Africa

Christian Science Monitor

Trying to "ride the fox and ostrich of the subtle Chinese Communists" action in Africa with any real authority is a labor-loss experience.

Western intelligence about the Chinese maneuvering across this at times mysterious continent is fragmentary. But surely U.S. United States is developing better sources of information.

American planners tend to concentrate on the most critical regions. With the United Nations troops leaving, many eyes are on Korea.

A Chinese Embassy has been established in Burundi on the Eastern Congolese border with a sizeable roster of staff officially described as diplomats. Their aim is reported to be subversion, intrigue and propaganda—particularly in Burundi's huge neighbor, the Congo, which might well be beset by periodic political and social unrest for years to come.

On the Western border of the Congo, at Brazzaville in "the other" Congo, there is a small group of Chinese. Again the usual Communist maneuvering goes on, in that case aimed at Leopoldville across the river.

Chinese propaganda is picked up from time to time in The Congo and around the edges. But Western analysts stress that while political intrigue is going on hard evidence is in short supply.

• • •

The Chinese headquarters in Bunjumbura in Burundi, at this stage, seems to be more significant than the one in Brazzaville.

So far there is no evidence of Chinese activities including sent into The Congo from Burundi just because the mission has been there longer and is larger.

Congo exiles live in both cities. The Chinese have helped them up to see if they are far enough to the political left for use.

Over-all it can't be said the Chinese have shown much impact in The Congo compared to that in many other parts of Africa, nor is this last penetration deep.

• • •

Outside of The Congo the Chinese are having their problems too. Loans are offered but China has little useful material to offer the Africans. This aid answers to little.

Peking's deepening interest in Africa is seen by analysts to be one of the most significant shifts in their foreign policy of the past decade.

Looking on Africa Peking sees the continent as ranked in these terms:

1. Pushed into outer darkness by history, the Chinese need international respectability and the new nations can help provide it.

2. A United Nations seat, the Chinese must have decided, will depend crucially on the African vote. Hence the African attitudes and interests are being cultivated.

3. Peking feels sure its brand of communism is far more attractive to the new nations than that of Moscow. The Chinese claim to be part of a developing action that is less sophisticated and of the "right" race.

On this last point, the Africans tend to accept the Chinese aid of technical terms and cane planting for example, and light industries, while they tend to ask the Soviets for heavy industry and are disappointed if it is not forthcoming.

• • •

Obviously the Chinese are thinking of Africa in terms of the next generations, not this one.

The Chinese are unknown in much of Africa. They will wait.

And many students of the Chinese in Africa feel the Chinese will be much more subtle in Africa than the Soviets have been.

What both Peking and Moscow feel is that by waiting patiently the time will be ripe in Africa, here and there, where the new nations will face social and economic deterioration which only communism can face and conquer.

In the present African leadership there is often fear of the Communists and especially a fear of the Chinese.

Still this African leadership is intrigued by the Communist technique of playing the Soviets off against the Chinese for economic aid.

This African game of Peking vs. Moscow for economic aid is only in its infancy. Time after time when either the Chinese or the Soviets offer aid to a new African nation the "outside man" comes through with aid in return.

Can Rent Your Clothes

Stratford Beacon-Herald

It is the ambition of most young couples, we suppose, to own their own homes, and have the feeling that you own all of the earth's surface is theirs, and no one else's. The percentage of those who want to be owners and not renters must be pretty overwhelming. How else could one explain the tearing down of old houses in the city to make room for building of new blocks of apartments?

The great majority of people still want to be the owners of their own transportation, but there are a few who are in the direction of renting, rather than owning, in the automobile business. How else could one explain the growth of the car-rental business?

• • •

An enterprising businessman in Victoria, B.C., thinks he has spotted another field for renting instead of owning. He has bet his business future on the proposition that women would just as soon rent business suits, as own them. For $14.90 a month he will provide a wool suit, and the price includes a weekly cleaning and pressing. The deal, in fact, involves two suits per customer, made to measure in Toronto. The British Columbian who wants to look well - dressed every day, without tying up money in clothes of his own, is measured by the rental firm; the measurements are sent to Toronto as the guide for making two suits. Once a week the customer exchanges the suit he has been wearing for the freshly - pressed one.

The complexities of Canadian taxation enter into the deal. The suit is rental - not - purchase of wool. Hence the Department of National Revenue will let young businessmen deduct the $14.90 a month from income, for tax purposes, on the grounds that it is a business expense to look well dressed. There is doubt about this point, we gather, and rulings are yet to be made by income - tax officials.

• • •

The business has been going well enough to encourage its broadening from suits, to include shirts. For a deposit of $10, and a rental fee of $2.15 a week, the Victoria customer people will provide a freshly-laundered shirt every day.

How far will this trend go, we wonder? Is the day coming when none of us will own anything? It's awkward to be thrown out on the street when you fail to meet the monthly rental date for your apartment. It's inconvenient to have to walk when you can't keep up the monthly rental on your hired car. It is a bit embarrassing to be on the street, and walking, if we can't keep up the monthly rental for the clothes we have been wearing.

People Hoard Wooden Nickels

San Mateo, Cal., Times

A bank in Wisconsin has found that people like to hoard wooden nickels despite the well worn admonition. Of the owners of 20,000 5-cent pieces issued by the bank are hoarding them, and the bank, assured mail orders which flowed in from all parts of the United States.

The banks says it issued the wooden nickels because of the current shortage of coins. Although the bank has never had to call by the bank's own reserves, their insurance was against encashment on a prerogative of the U.S. Treasury, as the bank readily acknowledges.

The Wisconsin incident is good publicity for the bank, but it also points up what is described as the world coin shortage in U.S. history. Not only nickels, but the other denominations also are in short supply. The rise in business activity, greater use of vending machines, increased interest in coin collecting and the growing population are all cited as factors.

Much of the blame has been laid to the Treasury. The Treasury certainly has been shortsighted in failing to anticipate the arrival of a shortage that caused one bank to resort to wooden nickels.

Does It Best

Well, there's one thing every man can do better than anyone else; Read his own handwriting.

OFF THE RECORD

By Basil Boyd

"It's not that he loves flowers . . . the roof leaks in all those places and he's too lazy to fix it."

LOOKING BACKWARDS

GLEANINGS FROM OUR FYLES OF BYGONE YEARS

30 YEARS AGO

July 24th, 1924.

The story of Ed Link, originator of the "Link" trainer, of his principles of training celestial navigation, and how the two go hand-in-hand with the training of pilots for instrument flying, was told to Kiwanis Club by Squadron Leader C. W. McLeod, commanding officer at No. 1 Instrument Flying Training School, S/L McLeod told of the "Link" trainer and how its originator had toyed with the early development of the idea for several years before a working model was produced. After successful demonstration it had been snatched up by the leading air powers. An order for 50 machines from England together with a personal mission of Germany by the company salesmen were among efforts of that country to procure the machine. Besides the "Link" trainer, the Englishman had made an outstanding contribution through introduction of his new sextant.

Fishing "down the bay" as he terms it, Malcolm Parks of East Lake, with a party of six caught forty pickerel!

Messrs. William Carnew, James Roy, James Mackie and George I. Thomas are spending a few days in Detroit, Mich.

The Hon. Mr. Justice R. C. Clute of Toronto, formerly of Belleville, visited relatives here yesterday.

No Apology Due Wallace

Toronto Star

Before Governor Wallace's speech to the International Lions convention a Georgia delegate protested against the civil rights demonstrators who picket Governor Faubus of Arkansas.

"It's the most asinine thing I've ever seen," he said. "Wallace isn't here to talk about race matters."

During his speech the governor insisted that his presence at the convention was non-political.

The speech itself was anything but. Governor Wallace lashed the Johnson administration and accused it of "tyranny." He blasted the liberal press for "misleading and distorting the stand of the southern states."

The Supreme Court of the United States "came under heavy fire. It was described as "little men who embrace absolute power, who try to impose their moral and social values on the country — outlawing the customs of the land and outlawing God."

By the standing ovation which they accorded Governor Wallace the Lions forfeited any right which they might have had to accuse his presence on the ground that it was improper to be the governor of the home of Lion's president, Aubrey Gates.

The Alabama Governor was preaching his familiar gospel of hate. He attacked the American civil rights bill and defended the customs of the south.

These "customs" include racial segregation, maintaining the negro in ignorance and poverty and depriving him of his right to vote.

Before Governor Wallace arrived in Toronto racially - tinged meaning citizens were troubled by the growing hostility to his visit.

These people were concerned that our city might be accused of being inhospitable and that criticism of Wallace might be interpreted as being directed against the well - intentioned Lions and their many good works.

Governor Wallace's "non - political" speech ripped both of these illusions to shreds. Any respectability provided "by the Lions.

There is no need to apologize for Toronto's hostile reception to Governor Wallace and his political doctrine.

If some of the hostility has rubbed off on the Lions they have only themselves to blame.

Today in History

By THE CANADIAN PRESS

July 24, 1954 . . .

The bloodiest battle of the War of 1812 was fought at Lundy's Lane, Ont., 150 years ago today—in 1814. Although neither side could claim victory, the battle checked the advance of invading American forces into Canada and forced their withdrawal to Fort Erie. Out of fewer than 3,000 men, the defenders suffered 878 casualties with 171 killed while the American loss was 171 killed of the total of 853 casualties.

1534 — Jacques Cartier landed at the site of Gaspe, que., and took possession of the land for France.

1847 — Mormon leader Brigham Young approved the site of what later became Salt Lake City.

Strictly Personal

True Charm Really Utter Simplicity

By SYDNEY J. HARRIS

No writer or thinker o have heard of has ever been able to define that elusive word "charm." Perhaps the best "negative definition" is 'Sir' James Barrie's: "Charm is that which, if a woman has it, she doesn't need anything else; and if she doesn't have it, nothing else helps."

I was thinking about this the other night, not particularly in reference to women. A local TV channel was showing an early Fred Astaire film to fill the late hours, and I have always been a devoted fan of Mr. Astaire's.

As I watched him cavort across the screen, his basic charm came through to me, just as it was ever, even with the banal lines and stupid situations he was forced to cope with. His dancing was superb, of course; but beyond his grace and agility, there was a presence that permeated everything he said and did.

I suspect that what we feel, when confronted with a person of such indubitable charm is a sense of utter honesty, the personality that gratifies us as much as the beautiful unity in a work of art or nature. Real charm, as opposed to superficial "charm school" technique, comes out of the depths of a personality that is all of a piece. Beauty, said Erasmus, following Aristotle, must have three things: proportion, harmony between the parts, and luminosity. I imagine that the luminous quality is what we might call "charm." Some things that are beautiful are inert; they compel our admiration, but do not stir our feelings — like some beautiful women who lose their appeal the moment they open their mouths and talk.

The luminous quality in a person can shine through, it seems to me, only when that person has achieved (or has been given as a grace from God) harmony between the different parts of his nature; when he has resolved contradictions within himself, and subdued them under some guiding spiritual or emotional principle.

An individual who is genuinely charming possesses three attributes: first, a firm sense of identity; second, no need to assert or deny that identity; and, third, the ability to "lose" himself in what he is, and to feel that this personal aura he emanates can be pleasing to those who encounter it.

Most of us are much too busy asserting or denying, defending, consolidating, retreating, or defending; trying to use elements in our environment to bolster ourselves up or hide behind — all of this taking ways (largely ineffectual) of trying to come to terms with the contradictions within us. It is the utter simplicity of charm that most attracts us — and this may be the clue to its ultimate nature.

Weekly Livestock Review

TORONTO (CP) — Trading was dull at prices unevenly low on all classes and grades of slaughter cattle at the Ontario public stockyards this week.

Veal calf prices were lower. Hog price were higher and lamb prices were higher than last week's close.

Cattle receipts were estimated at about 6,400 head, about 3,000 head less than last week and some 700 head less than the same week in 1953. Western cattle receipts totalled 726 head, a decrease from last week of 136 head.

There were no shipments to Eastern Canadian slaughterers nor exports off the market to the United States.

Slaughter cattle: Choice steers sold at $24-24.50 with single sfld odd headers to 25 and a few fancy steers to 25.50; good 22.50 - 23.50; medium 20 - 22; common 16-18; choice heifers 20-22.50 with odd tops to 23; good 20-21; medium 18-19.50; common 15-17; choice fed yearlings 22-24 with odd tops to 25; good 20-22; good cows 12.50-16 with sales to 16.50; medium 14-15; canners and cutters 10-12.50; good heavy bologna bulls 18-19; common and medium 15-17.

Replacement cattle: Good stockers 22-24 with good steer stock calves to 24.50; fair to good medium stockers 18-21.

Calves: Choice vealers 27-28 with odd singles to 31.50; good 24-26; medium 21-23; common 9-21; boners 14-18.

Hogs: Grade A 27.00-28.00; heavy sows 18.15-19.00 with light sows gaining a $1 premium; stags 16.25 on a dressed weight basis.

Sheep and lambs: Lambs 23-25 per hundredweight with good lambs closing at 27; sheep 9-16 according to quality.

DOLLAR RATE

MONTREAL (CP) — United States dollar in terms of Canadian was off 1-32 at 96.06 1-16. Pound sterling was off 1-16 at 2.80.

PRODUCE MARKET

TORONTO (CP) — Churning cream and butter print prices were unchanged today.

Butter prices: Agricultural Stabilization Board tenderable: carlots: buying 40 score 53; buying 30 score 52; selling 53.

Toronto Stocks

TORONTO (CP) — The stock market was a dull affair today despite active trading.

Industrial stocks notched a small faster gain while speculative mining issues traded in narrow range.

Distillers Seagrams was the outstanding industrial, advancing to a 1954 high at 64. Banks, which were lower Thursday, recouped some of their losses. Royal Bk. Canada and Commerce tacked on ½ to 67.

Algoma Steel advanced ¼ to 74¼ and CPR the same amount to 46¾.

Among speculatives, Raglan dipped 50 cents to $2.50 while Windfall advanced five cents to $4.70. Canadian Dyno was ahead seven cents to $1.88.

Cochenour Willan tacked on 10 cents to $2.30 in gold.

On Indian industrials were ahead .15 to 160.59, golds .59 to 123.94 and Mex Exchange index .12 to 149.77. Base metals were down .20 to 65.34 and western 85.69 and Canada Exchange index a.m. was 2,180,000 shares compared with 2,138,000 shares at the same time Thursday.

On Thursday speculative mining issues dominated activity.

Raglan, the company with a nickel property in the Ungava district of Quebec, jumped 40 cents to $2.50 and traded in a $2.11 to $2.65 range. Canadian Dyno, which has 2,000,000 shares of RE/lan, advanced 15 cents to $1.81.

Bowaty added six cents to 21 cents. National Exploration four cents to 31 cents and Sand River previously was the settlement received by Greg Sherwood Dodge Jewett with her divorce from the late Horace E. Dodge Jr. Her lawyer said she received $9,000,000.

Mrs. Capron testified her husband of 35 years had kept his duties a secret from her, although one time he offered $7,000,000 if someone would take her off his hands. She charged cruelty.

Under the agreement Mrs. Capron will get 800 acres of land at Laguna, Nigeel, south of Santa Barbara on the southern California coast. Capron was given the option of buying it back for $16,000,000 between Jan. 30 and Feb. 28, 1955.

Capron was a struggling baseball player when he married her in 1909, she said. He made his money by property trades, her lawyer said.

Algoma Steel and Dominion Bridge, which Algoma controls, climbed 1 and 1¼ to 74 and 28¾ respectively.

Base metals were higher. Steep Rock added 12 cents to $8.55 and Opemiska 15 cents to $8.55.

Golds were led lower by Giant Yellowknife's loss of ¼ to 11¼. Dickenson and Cochenour Willans eased five cents each to $4.95 and $2.25. Dome countered with a ¼ gain to 30¾.

On Index, industrials were unchanged at 160.44, golds were down .12 at 123.36 and western .58 at 98.56. Base metals advanced .71 to 65.54 and the exchange index .52 to 149.85.

QUAKE AREA

Changes Wrought on Peace River

Trading Post Has a Supermarket!

Arizona Author, Two Daughters On Canoe Trip

EDMONTON (CP) — An Arizona author and her two daughters are making a 2,000-mile canoe trip through some of the wildest bushland in the Canadian North.

Mrs. Connie Helmerick, travelling with her daughters Jean, 14, and Ann, 12, plans to use the trip to gather material for a book on northern adventure.

The trip was interrupted temporarily when Ann developed acute appendicitis after they had travelled 600 miles to Fort Vermilion, Alta., 300 miles northwest of here. Ann was operated on at hospital in Fort Vermilion but complications forced them to fly to Edmonton for a second operation and further treatment.

The Helmericks started their trip June 17 at Taylor, B.C., when they set their 30-foot canoe into the Peace River.

"We do have a 9½ - horsepower motor if we need it, but most of the time we drift or paddle," Mrs. Helmerick said in an interview Thursday.

HEAD FOR WILDERNESS

Plans call for them to travel the Peace until it joins the Slave River at Lake Athabasca, Alta. There they'll follow the Slave to Great Slave Lake and across the lake to Yellowknife, N.W.T., completing the first stage of their trip.

The girls will be enrolled in school at Yellowknife in the fall.

The second stage of the trip calls for them to go down the Mackenzie River next summer. Eventually, they hope to reach the Beaufort River Delta and the Arctic Ocean.

Mrs. Helmerick has spent 12 years, mostly in Alaska, exploring, photographing and writing about the North. Her proposed book will be her seventh.

Woman, 74 Gets Divorce, $16,000,000

LOS ANGELES (AP)—A 74-year-old woman who said her husband made her live frugally for 55 years of marriage was granted an interlocutory decree and a $16,000,000 settlement Thursday.

Superior Judge R. Lyon Capron of Newport Beach, Calif., said her husband, George, made her wear some of her own clothes, denied her the help of servants and wouldn't hire her a nurse when she was bedridden with a broken leg.

Capron, 79, is worth $30,000,000, her lawyer said.

The $16,000,000 divorce settlement may be the largest ever. One of the largest made known previously was the settlement received by Greg Sherwood Dodge Jewett with her divorce from the late Horace E. Dodge Jr. Her lawyer said she received $9,000,000.

Mrs. Capron testified her husband of 35 years had kept his duties a secret from her, although one time he offered $7,000,000 if someone would take her off his hands. She charged cruelty.

Under the agreement Mrs. Capron will get 800 acres of land at Laguna, Nigeel, south of Santa Barbara on the southern California coast. Capron was given the option of buying it back for $16,000,000 between Jan. 30 and Feb. 28, 1955.

Capron was a struggling baseball player when he married her in 1909, she said. He made his money by property trades, her lawyer said.

By DAVE STOCKARD

HUDSON HOPE, B.C. (CP) — The Mountie came out balancing a tray.

A high-booted writer wearing a gun, he was making a quick march in the line of duty, a short - order patrol from the kitchen of Hudson Hope's only hotel to RCMP headquarters down the street.

It was mealtime at the local calaboose.

"They got a couple of beaver poachers locked up," a sidewalk lounger said to nobody in particular.

The lounger was strategically located. He could point toward the jail and still straddle Hudson Hope's two main doorways to the hotel beer parlor and the other to the National Employment Service branch office.

Hudson Hope, next - door neighbor to the Portage Mountain dam and the huge Peace River power project, is still a place that paces itself at traditional tempo — a nice town to kill time in.

There have been changes since dam-building started by its standards, "The Hope" is having a galloping case of progress.

POPULATION ZOOMS

In three years the population has zoomed from a static minus-100 to a floating 700-plus.

There is a water and sewage system. Thirteen streets have been lined up for the fall term to teach, as far as Grade 10, a student enrolment expected to reach 400. A supermarket has opened.

There are trailers galore in Hudson Hope, providing a temporary suburbia.

There is a bank, though a bandit with a flair for the spectacular could make the getaway of his century by putting wheels back under it and pulling out in a cloud of dust, or gumbo.

Hudson Hope's hopes, generally, are not long range.

Once the power dam is completed in 1968 it takes only a small crew to maintain it. Villagers expect tourist and sightseeing benefits flowing from the dam will go mainly to the rival community of Chetwynd to the south—a new road to the dam will bypass Hudson Hope—or to eastern points linked by the Alaska highway.

HOTEL THE FOCUS

Epicentre of Hudson Hope social life is the Peace Glen Hotel, a newcomer in a bulldust set alongside the rickety tilt of its abandoned predecessor.

The Peace Glen pays tip-service to Peace River power, boasting on its match folders: "Site of the world's largest dam."

The dam is going up 13 miles away. And, as the $73,000,000 project is, it can't truthfully lay claim to a global record.

Signs on the hotel bulletin board are more down to earth: "For rent, 8-by-40 two-bedroom trailer." . . . "Will quarter one beef." . . . "One guitar—like new."

But you can't get away from the fact that the $73,000,000 construction mess at the dam site is big.

The bartender in the Peace Glen cocktail lounge says that, generally, the working shifts from the dam are a good-natured crew. Circumstances have changed, though.

TOP PAY

The hardrock miners who built the diversion tunnels before the start on the dam proper got top pay. While the biggest two-week pay cheques passed over the bar now are in the $300 neighborhood, when the hardrock boys were busy—those were the days — some cheques topped $700.

"The only real trouble we have is when a gang is laid off," said the bartender. "They figure they've paid for the furniture in here in the months they've been in and that they should be able to do what they want with it."

In the stadium - sized beer parlor a few steps away, mid-afternoon business was slack.

"I'm a stabilizing influence on one man was saying. "Home is where I park my trailer."

Another customer was showing off a pornographic fish lure —they do exist. And a third was painting in far corner where a rancher was sitting accompanied by a monstrous cattle sidekick.

"That's a blacksmith dog," the joker said. "You kick him in the hay and he makes a bolt for the door."

RIVER NEAR

The conversation was not entirely uplifting. The Peace River is only spitting distance from the hotel.

There is almost magnetic step in the half-light of the northern evening was to stroll down to the steep riverbank and watch the Peace flowing strongly past.

A huge-yellow dog came along, looking for company. He sat down, tail-wagging and contented, and joined in the lazy game of river-watching.

All around was an absolute stillness. The clatter of dam construction seemed a million miles away.

Hudson Hope is a nice town to kill time in.

Beekeepers Threaten to Sue Crop-Dusters

BRANTFORD (CP) — Beekeepers in nearby Brant and Norfolk counties threatened Thursday to obtain an injunction against aerial crop dusting unless measures to prevent possible damage to their bee colonies.

A spokesman for the beekeepers said Thursday bees are being poisoned by the insecticide the planes are spraying over area crops to combat the current army-worm invasion.

Wilfred Harvey, who has a bee farm near here, said the bee - keepers are considering seeking an injunction against the two companies and farmers hiring the planes.

Injured Man Said Critical

DRYDEN, Ont. (CP)—A Fort Colborne, Ont. man Thursday was reported in critical condition with undetermined injuries after the car he was driving collided with a truck east of here Wednesday.

Provincial police said David Sheddon was taken to hospital after his car collided with the truck driven by Don Lamarche of Dryden. Mr. Lamarche suffered minor injuries.

Dryden is about 225 miles west of Fort William.

Charge Barber Slew His Wife

TORONTO (CP) — Marvin Fitzgerald Brown, 44-year-old barber from Jamaica, Thursday was committed for trial on a charge of non-capital murder with an unfinished dinner for two on the table.

Mrs. Brown was found stabbed in the couple's apartment with an unfinished dinner for two on the table.

Mr. Brown was found stabbed in the couple's apartment with an unfinished dinner for two on the table.

Mrs

Mr. and Mrs. Peter Joseph Young are pictured following their recent marriage in The Church of St. Michael the Archangel, Belleville. The bride is the former Margaret Jeannette Langabeer, daughter of Mr. and Mrs. Clarence H. Langabeer, Belleville, and the bridegroom is the son of Mr. T. C. Young, Belleville, and the late Mrs. T. C. (Laura) Young.
(Photo by Lumbers Studio, Belleville)

Young – Langabeer

White gladioli and green and mauve shasta mums formed a lovely setting in the Church of St. Michael the Archangel, Belleville on Saturday, July 11, when Margaret Jeannette Langabeer, daughter of Mr. and Mrs. Clarence H. Langabeer, Belleville was united in marriage to Peter Joseph Young, son of Mr. T. C. Young and the late Mrs. T.C. (Laura) Young. The Rev. Thomas Callaghan, C.S.S.R., cousin of the bride, officiated.

Miss Dorothy Grant rendered the traditional wedding music and accompanied Mr. Edward Brown in his rendition of wedding hymns.

Given in marriage by her father, the bride wore a bell-shaped floor length silk and de-pesn brisbl gown, featuring a lace train fastened to a wide bow at the back of the dress, and long sleeves. Her head-dress was a crown of nylon leaves, pearls and silver stardust which held a shoulder length silk veil. She carried a bouquet of white gardenia and maune and green stephanotis entngled with ivy.

Mrs. Joyce Arbott, Belleville was matron of honor dressed in a mauve silk organza over nylon taffeta sheath with a cape style overskirt. She wore a matching headdress and carried a spray of white gardenias mingled with ivy. The bridesmaids were Miss Linda Langabeer, Belleville, sister of the bride, Miss Julia Poirier, Belleville and Miss Anne Dorais, Belleville, all in pale lime green, similarly attired to the matron of honor.

The groomsman was Mr. Robert Langabeer and the ushers were Mr. Brian Langabeer, Mr. Barry Arnott and Mr. Lawrence Bowdoin, all of Belleville.

The reception was held at Club Canara where the bridal table was most attractive with its white linen cloth centred with a three-tier wedding cake topped with wedding bells and white doves and flanked with tapering white candles. The bridal bouquets added to the nuptial setting.

The bride's mother, wearing a blue lace sheath over taffeta with matching accessories and a corsage of pink Sweetheart roses received the guests, assisted by the mother of the bridegroom in beige lace over taffeta with turquoise accessories and a corsage of white carnations.

For the wedding trip to Washington, Arlington and the southern States, the bride chose a three-piece navy blue and white linen suit, white straw hat, white accessories and a corsage of white gardenias.

Guests were present from Belleville, Read, Napanee, Wallbridge, Kingston, Ottawa, Toronto, Hamilton, Montreal.

Previous to the marriage the bride was honored at a shower held at a cottage at Mountain View by the girls of the Ontario Hydro Office, Belleville; at a miscellaneous shower at the home of Mrs. Joyce Arnott, with Miss Linda Langabeer, Miss Julia Poirier, and Miss Jane Doran as co-hostess, and a presentation of a steam iron from the Ontario Hydro Social Club, where the bride is employed.

The couple will reside at 1812 Station St., Belleville.

TWO OPENINGS

QUEBEC (CP) — Stores in downtown Quebec City will be able to stay open two nights a week, Mayor Wilfrid Hamel has announced. Downtown merchants wanted the opportunity to compete with suburban stores which now remain open more than one night a week.

Playground Activities

CHURCHILL HEIGHTS

On Thursday, July 16th, a "On Wheels" parade took place on Churchill Heights playground. After decorating the wagons, three-wheelers and two-wheelers we paraded through the park and along Mikal Ave. My judges, Betty Rice and Aaron Culloden, decided the winners for the following:

Most colorful, - Mary Matthews; prettiest, Wendy Pringle; least decoration, David Phillips; neatest, Bonnie Gray; most decoration, Brenda Shannon; smallest, Doug Campbell; biggest, Janice Christopher; most original, Cathy Warwick; special helper, Linda Trueman.

I would like to thank everyone who participated in this event, especially the older girls who helped decorate some of the bikes.

Playground supervisor,
Carolann Kelly.

BAYVIEW SCHOOL

On Wednesday the 22nd the sons of Bayview School defeated the fathers by a score of 18 to 11. The sons were too powerful and the fathers wilted under the heavy pressure.

The fathers blowing a 9 to 4 lead, couldn't hold back the sons and as a result a "son" victory.

Led by the power hitting of Lorne Blatchford with a grand slam homerun, they also had two two-run homers by Everett Adamson and R. S. Cretney. The game was ended by a spectacular run down of "Father Mascaro" when Doug Thompson made a diving lunge to nip the father by a step and thus ending the thrilling game. "Father Watson" hit a homer for the fathers but this proved not to be enough and "Father Mascaro" took the loss while R. S. Cretney was the winner.

ST. PAUL PLAYGROUND

On Wednesday the 22nd at St. Paul playground a scavenger hunt was held.

Members of the winning team were captain Sharon Drummond, Jim Drummond, Robbie Drummond, Joe Seymark, Tom Callahagn and Ronnie Callahagn. Captain of the 2nd place team, and the other members were Sharon Hannah, Judy Seymark, Harry Seymark, Mickel Callahagn, Sherri Thompson and Randy Thompson.

The winning team collected all the items called for, while the second place finishers failed to get a 1963 license plate. A scavenger hunt will be held next Wednesday and all interested children are welcomed.

Supervisors — Bob Cretney, and Margery Pugh.

FIREHALL

Thursday was safety day on the Firehall playground and all safety rules were carefully observed. Mr. Bere the talking car spoke to the children and a poster contest was held. For the best poster stressing a safety rule Bonnie Sinclair received the prize. Honorable mention, however, goes to Debbie Cox.

Safety races were held and the winners in their respective age groups were: three years, Bobby Sinclair; five years, Norma Macartney; six years, Robert Jeffrey; seven years, Cameron Cox; nine years, Michael Evans; 10-13 years, Filiro Romano. In a variety race Charles Kleinsteuber was the winner.

Many thanks to all who participated in the cake draw. The winner was Keith Lawday. Thanks are due also to Joe Romano who was the judge of the poster contest. Supervisor, Meg VanAlstine.

ALEMITE

At Queen Mary School on July 17, the Alemite senior team bombed the West Hill 13-6. The winning pitcher was Bob Tomaso and the loser, Tommy Cane. The two double plays went to Tom Young-Bob Tomaso and Bob Rowbotham-Wayne Sutherland. Two home runs were by Tom Young and Bob Tomaso.

On Thursday morning, this same dynamic team came from behind to defeat East Hill by a score of 21 to 13.

At the same time, the junior team defeated Sir Winston Churchill 12 to 8. The home runs were by Wayne Andrews and Gary Kellett, both from Alemite and to Tony from Sir Winston.

Thursday afternoon a pet show was held in which dogs,

Mr. and Mrs. Harold M. Lawrence of Oakville are pictured following their recent marriage in Johnstown United Church. The bride is the former Geraldine Ruby Harry, daughter of Mr. and Mrs. William S. Harry, Trenton R. R. 5. The bridegroom is the son of Mr. and Mrs. Victor J. Lawrence of Oakville R. R. 2.

Lawrence – Harry

Rev. G. A. Puttenham of Cherry Valley officiated at the wedding ceremony in Johnstown United Church on Saturday, July 18, when Geraldine Ruby Harry, daughter of Mr. and Mrs. William S. Harry, of Trenton, R.R. 5, was united in marriage to Harold McLean Lawrence, son of Mr. and Mrs. Victor J. Lawrence of Oakville, R.R. 2. The wedding music was rendered by Mrs. Barrett Hamilton, Trenton, R.R. 5, who also accompanied the soloist, Miss Fern Tinney of Campbellford, in two appropriate selections.

Given in marriage by her father, the bride wore a nylon over taffeta bridal gown having a fitted bodice enhanced with lace, scoop neckline and long pointed sleeves. The bell-shaped skirt was trimmed with lace at the hemline and highlighted with a removable chapel train edged with lace and accented at the waistline with a large bow. Her fingertip length bouffant veil of silk illusion was caught by a white organza rose headdress and she carried a bouquet of red roses.

Miss Evelyn Harry, Trenton R.R. 5, only sister of the bride as maid of honor, and Mrs. Keith Adams of Rexdale, only sister of the bridegroom, bridesmaid, were dressed in identical gowns of aqua taffeta in sheath style with matching detachable overskirts trimmed with rosettes of same material. They wore flowered headpieces to match and carried bouquets of pink carnations and white mums. The two little flower girls were Miss Nancy Harry of Brockville and Miss Dianne Harry of Oakville, both friends of the bride, dressed alike in frocks of pink taffeta with matching headpieces.

Each carried a basket of aqua carnations and white mums. Master Ricky Harry, Trenton R.R 5, nephew of the bride was the natty little ringbearer dressed in a grey suit.

Mr. Bruce Lawrence, cousin of the bridegroom from Georgetown was groomsman, while Mr. Keith Adams, brother-in-law of the bridegroom of Rexdale, and Mr. Gerald Harry, twin brother of the bride, of Brockville, were the ushers.

The reception was held in Aikens United Church hall, with Aikens U.C.W. catering. The bride's table was most attractive centred with a three-tier wedding cake, decorated with pink and white and flanked with pink candles in silver candelabra. The colorful bridal bouquets completed the nuptial setting. The bride's mother received the guests, wearing a lovely blue silk sheath dress with pink hat, white accessories and a corsage of pink carnations. She was assisted by the bridegroom's mother, who chose a copen blue lace over taffeta dress with matching hat, beige accessories and a corsage of pink carnations.

For the wedding trip to points East and North the bride donned a figured linen sheath with white accessories.

Guests were present from Oakville, Brantford, Saskatchewan, Rexdale, Beeton, Palermo, Burlington, Georgetown, Kitchener, Belleville, Stirling, Shannonville, Brockville, Johnstown, Toronto, Conecon, Trenton, Gananoque, Campbellford and Cherry Valley.

Previous to the marriage the bride was honored at a miscellaneous shower at the home of Mrs. A. Cowan in Palermo with Mrs. K. Adams and Mrs. R. Cowan assisting; at another given by the members of Pine Grove School at the home of Mrs. Lloyd Turner and a miscellaneous shower given by the Johnstown community for the bride's home.

Mr. and Mrs. Lawrence will reside at 1318 Third Line, Oakville, Ontario.

Dessert Ideas Certified By Readers

GINGER SNAPS

¾ cup shortening
1 cup packed brown sugar
1 egg
¼ cup molasses
2¼ cups flour
2 tsp. soda
1 tsp. ginger
1 tsp. cinnamon
1 tsp. nutmeg
¼ tsp. salt

METHOD:

Mix together shortening, brown sugar, egg, molasses. Sift flour, soda, salt, ginger, mixed spice and nutmeg and add to first mixture. Roll into small balls, dip in cold water, then in sugar. Place on ungreased cookie sheet, bake at 350 degrees F. for 15 minutes.

Mrs. Leo Webb,
R. R. 1, Madoc

DATE AND NUT DROPS

1 cup butter or margarine
1½ cups brown sugar
1¼ cups raisins
1½ cups dates
2½ cup walnuts
3 eggs
1 tsp. soda
2 tbsp. boiling water
2½ cups flour
1 tsp. salt
1 tsp. cinnamon

METHOD:

Cream butter that add sugar and cream. Add eggs well beaten, then fruit and nuts. Add soda mixed with boiling water, then the sifted flour with spice and salt. Chill dough and drop from a teaspoon onto a greased tin, leaving room apart. Bake at 350 degrees F. for about 12 to 15 minutes.

Mr. and Mrs. Norman Michael Bossa leave Bridge Street United Church after their wedding. Mrs. Bossa is the former Helen Elizabeth Ann Blakely, daughter of Mrs. Harry W. Blakely of Belleville and the late Dr. Blakely. The bridegroom is the son of Mr. and Mrs. Michael Bossa of Toronto.
(Photo by William E. Riley, Belleville)

Bossa – Blakely

Bridge St. United Church was the setting on Saturday, July 11 when Helen Elizabeth Ann Blakely, daughter of Mrs. Harry W. Blakely and the late Dr. Harry W. Blakely became the bride of Mr. Norman Michael Bossa, son of Mr. and Mrs. Michael Bossa of Toronto.

Rev. H. M. Davis officiated at the double-ring ceremony. Mr. Alec Gordon played the wedding music and accompanied Mrs. Ronald Manley, soloist.

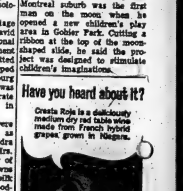
The bride, given in marriage by her brother, Mr. David Blakely wore a traditional wedding gown of parchment white peau de faille. The fitted bodice featured a scoop neckline etched in Battenburg lace and the moulded skirt was complemented by a separate train completely outlined in lace.

The bride's attendants were Miss Betty Grills, Belleville as maid of honour; Miss Sandra Crawford, Belleville and Mrs. Boris Kosky, Toronto, sister of the bridegroom. Their gowns were of Regency blue silk chiffon with short-sleeved bodices of blue and white Guipure lace. "The Empire waist had narrow bands of blue velvet ribbons. The long sheath skirts were gracefully accented by floating panniers.

Mr. E. Cwit of Toronto was best man. The ushers were Mr. Ted Rokush and Mr. Stephen Semenciw of Toronto.

The wedding reception was held at the Hotel Quinte when the toast to the bride was proposed by Mr. Lee Grills.

Many out-of-town guests were present.



The bride chose as her going-away outfit, a suit of pink linen with matching hat and white accessories.

After a wedding trip to Nassau Mr. and Mrs. Bossa will reside in Belleville.

OPENS SOON

ST. LAURENT, Que. (CP)— Mayor Marcel Laurin of this Montreal suburb was the first man on the moon when he opened a new children's play area in Gobier Park. Cutting a ribbon at the top of the moon-shaped slide, he said the project was designed to stimulate children's imaginations.

SPEAKING of MANNERS

PAULINE LEWIS

WHAT'S YOUR E.Q.?

Should you always send a thank-you note for a gift, or a bread-and-butter note for hospitality, or, at times, is it optional? Many well-intentioned recipients often don't know when a note is expected. For instance, is a note necessary or optional for the following:

1. A wedding gift?
2. A shower gift?
3. A hostess gift?
4. A birthday or housewarming gift brought to a party?
5. Any gift that is sent instead of being given in person?
6. An overnight stay?
7. A dinner party?
8. A party given in your honor?
9. A wedding reception?
10. A day spent with friends who invited you to swim, boat or golf with them at their club?

ANSWERS:

1. A hand-written note is necessary.
2. Optional, but a gracious gratitude when done.
3. Optional, and most often not done.
4. Optional, since the verbal thank-you usually is sufficient.
5. It's necessary to acknowledge its safe receipt.
6. A note is obligatory.
7. Optional.
8. A note, accompanied by flowers, should be sent to the hostess the very next day.
9. It's a "must" for the bridegroom's mother, but optional for other guests.
10. Optional, but thoughtful.

Playground Activities

O.S.D.

Thursday afternoon was Halloween in July at O.S.D. playground with approximately 25 children arrayed in very original and amusing costumes, despite the wet weather.

Judges Anne McDougall, Doug Rashotte, Gary Cameron, Edgar Williams and the supervisor had a difficult job. Winners were: most original, Michael and John Reilly; funniest, Michelle Rachorlicch and Jennifer Barrett; cutest, Ray Ellis; best girl, Sharon Graves; best boy, Donald Stratford.

In the following shoe-kick, Dale MacCormack was the winner for 9 yrs. and under and Bernard Howe for over 9 yrs.

In the freckle contest, Dale MacCormack proved he had the most freckles on his nose.

Thanks to all, who participated.

Wrap Skirt

4589

WAIST 24"-32"

by Anne Adams

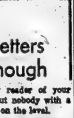
Extra ... easy! Wrap 'round and tie to cinch waist—no fitting worries. Whip up this wonder skirt in linen, pique, homespun, blends.

Printed Pattern 4589: Misses' Waist: Sizes 24, 26, 28, 30, 32, 34, 36. Size 26 takes 2½ yards 45-inch fabric.

Fifty cents (50c) in coins (no stamps, please) for this pattern. Ontario residents add 2c sales tax. Print plainly size, name, address, style number.

Send order to Anne Adams, care of The Ontario Intelligencer, 60 Front St., W., TORONTO 1.

THE LITTLE WOMAN



"It calls for six onions, mushrooms, garlic, beef— and two frozen dinners in case I ruin it."

Ann Landers

No Need to Fake Letters The Truth Is Wild Enough

DEAR ANN LANDERS — I'm a steady reader of your column and I confess I enjoy it immensely, but nobody with a brain in his head would believe the letters are on the level.

It is not possible day after day for people to get into those nutty situations. Please don't interpret this as criticism. Everyone I know reads you avidly — as I do. The column is worth the price of the newspaper. I just had to let you know that at least one Bostonian reads you with tongue in cheek. — THOMAS THE DOUBTER.

ANN LANDERS

DEAR DOUBTER — So you think I make up the letters? Well, you are not the only one.

How do you like the one about the wife who got mad at her husband, went to the bank, drew out their joint savings of several thousand dollars, then proceeded to scatter the $100 bills all over the street?

And then there was the Miami policeman who spotted a car weaving all over the street. When he went to arrest the driver, he discovered the man was blind. His sister who was seated beside him said, "Horace always wanted to know what it was like to drive a car, so I let him."

Great entertainment, but who would believe it? Well, those incidents are not from my column, Buddy-Boy, they are news stories.

Made-up letters would be dull compared to what people are Really doing these days. Who has to make up letters?

* * *

DEAR ANN LANDERS — For my 32nd birthday my husband gave me a black eye and a broken nose.

I received this thoughtful gift in return for the news that I was pregnant again. My sister and her husband took me and my two little girls into their home and my brother-in-law paid for our divorce. When the third baby came I decided I had imposed on my family to the limit. I couldn't add another mouth for them to feed. So, in exchange for medical bills plus a little extra, I let my sister's friends legally adopt the new baby — a boy.

Four years have passed and I am now married to a wonderful guy. We learned recently that my husband is not able to have any children. I want my son back. My husband says it would not be fair to take the child from his adoptive parents. I have talked to a lawyer and he says I have a good chance of winning a court fight since I was emotionally overwrought when I signed the papers.

Do you feel that a mother is entitled to her child? — MISTAKE.

* * *

DEAR MISTAKE — I certainly do. And the child's mother is the woman who adopted him. You have two children, and if that isn't enough, then adopt more.

* * *

DEAR ANN LANDERS — Last night our 15-year-old daughter was vigorously beating a pan of fudge. It smelled very tempting. I went into the kitchen and said, "Millie . . . please call me when the fudge has cooled. I could eat half a dozen pieces!" She replied, "This fudge is not for Us, dad, it's for the boys in the firehouse.

I asked my wife what goes. She said, "Millie likes to bake cookies and things for the firemen. She enjoys sitting over there those hot summer evenings . . . says the firemen are real good company."

I happen to know that every one of those firemen is married. I don't think this is a proper way for a 15-year-old girl to spend her evenings. My wife says I have an evil mind and that the firemen look on Millie as a sweet little kid. You are going to be the one who settles this. — POPS.

* * *

DEAR POPS — Your wife is out of order. This sweet little kid should not be hanging around the firehouse.

Insist that she knock it off. Encourage Millie to spend her spare evenings with friends her own age.

* * *

"The Bride's Guide," Ann Landers' booklet, gives authoritative and complete information on how to plan a wedding. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed stamped envelope and 40 cents in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Women's Institutes

CHATTERTON W. I.

The July meeting of the Chatterton W.I. was held at the home of Mrs. David Little with a good attendance. President, Mrs. Carson opened the meeting.

Business and correspondence were read which included a letter from the Institute's adopted boy; and the agriculture department announcing that Miss Pegoua was retiring and Miss Munroe would be taking her place. River Valley W.I. are donating prizes at Shirley fair for an apron made by a local 4-H or W.I. group to be judged at eventmashing.

Mrs. Floyd MacInnes, education convener was in charge of the program which was relating given by Mrs. MacInnes, Mrs. Harold Reid, and Mrs. Bleechet.

Mrs. MacInnes introduced the guest speaker, Mrs. George Heazman of River Valley W.I. Her topic was "Education with an historical flavour" giving a paper "Some School Experiences of Dr. J. J. Birchard," a doctor of mathematical science.

COMMON DESK

Dr. Birchard started to school in 1855 to a log school, 26 ft. square, pyramid roof, 3 small windows and a door without portholes. Desks on the wall on an inclined shelf which served as a common desk. Rows of benches in the centre served as seats also, a box stove, a few maps on the desk, a high plain desk on which lay a wooden rule and a leather strap with 5 strands - this was a first Upper Canada Grammar School.

School was from 9 to 12 and 1 to 4, six days a week, through the terrible heat of July and August with no recesses or holidays. Teachers changed rapidly and their personality, appearance and teaching abilities were varied; some scarcely knew themselves. However the 3 R's were taught to the whole community and inspired the child out here and there to attempt greater things.

About 1890 a new school was built made of boards, painted, separate doors for boys and girls, desk for each two scholars, a black board and many new improvements.

NO EXAMINATIONS

The teachers in those days were not hampered by official regulations. There were no examinations, but there were spelling matches and old time rivalries with the neighboring schools.

When Mr. B. began to teach, no professional training was required by the Senior boys left school at 14 earlier age. New schools of books took the place of former schools, much new equipment and many changes taking place in the school progress.

After 60 years in serving in active work Mr. B. meets many of his former pupils who have a kind word for their old teacher. He has this revealed to us in many of his precious memories.

Mrs. David Little gave a copper tooling demonstration which she took at River Valley.

A rummage auction with Mrs. H. Reid as auctioneer was well received.

SOCIETY JUBILEE

The Women's Missionary Society of the Presbyterian church is celebrating its 50th anniversary this year.

STEPPING OUT — Honor Blackman plans to hang up her pistols and step out of her role as a trouble-shooting secret agent in a televised espionage store series. She is looking for roles with more femininity and sex appeal. (CP Photo)

British Actress Bounces The Men Like Basketballs

By CAROL KENNEDY

DENHAM, England (CP)— Honor Blackman feels the time is coming when she must hang up her pistols and swap her boots and leather suits for more feminine garb.

Until last year this honey-blonde, blue-eyed actress was a little - known name who had played English rose types in some 20 British movies. Now she is known across the nation as the girl who can wrap with near is to bounce them off the wall like basketballs.

The transformation came when the producers of a television espionage series called The Avengers decided to cast a woman as one of the two chief characters, a pair of trouble-shooting secret agents who specialized in unarmed combat. The experiment was so successful that Cathy Gale with her judo and her "kinky" leather outfits became something of a cult among British girls.

Coinciding as the series did with the Paris fashion for leather and knee-boots—invariably worn by Cathy when preparing for action—it sometimes seemed as if all Chelsea was full of female avengers.

WEARS SEXY ROLES

"I must have been the only women in London who didn't own a pair of boots like mine," chuckled Miss Blackman as she reclined in skin-tight mauve suede pants on the set of the new James Bond picture "Goldfinger," in which she plays the female gangster Pussy Galore.

It may be the last tough-girl part for some time. If Miss Blackman gets her way, she would like to play softer roles with more sex appeal, though she says the film version of Pussy Galore has plenty of "oomph."

She finds the image of Cathy Gale hard to shake off even in private life. Fans tend to identify her with the TV character, who as well as being a judo expert was also an intellectual prodigy, forever amassing her male colleagues in the avengers, the suave man-about-town played by Patrick MacNee, with knowledges of the most obscure subjects.

Most of her fan mail during the series came from women, and most of the disapproving letters—some violently abusive —were written by men.

"They seemed to feel the character was somehow an insult to their sex. Some of the letters were so bad that television company wouldn't let me see them."

ACTED IN ONTARIO

Honor Blackman's real personality is far removed from her TV self—warmly feminine and with a spontaneous charm not in the least "actressy." She has no qualms about revealing her age—she read recently with delight as a reporter's suggestion that she might be successful in the maturely seductive type of role played by France's Simone Signoret. I were only half as good as actress as she is."

Like her TV partner Patrick MacNee, Honor Blackman has had acting experiences in Canada. In 1952, visiting Toronto with her first husband, she played in Crime Passionel at the Museum Theatre. She also did a summer season in The Importance of Being Ernest and "The Cabinet Minister" in Ontario's Muskoka district.

Although she says her ideal way of life is "really very shiftergad," she confesses to getting a kick out of physical violence. She became a Judo Yellow Belt training for the part of Cathy Gale.

"I was a mass of bruises after every performance and I still have a scar on my back that will never heal. But it was fun."

BUSS FUSS

APIA, Samoa (CP) — The South Sea islands are strengthening their reputation for romance. A woman who entered the home of a sleeping neighbor and kissed him was charged with "unlawful entry and assault." The chief justice threw Samoa dismissed the charge, saying "kissing is not a crime."

Readers' Friday Column

by Mary Moore

PLEADING NOTE FROM MANY:

I have a letter from a Mrs. M. Jackson asking for a fruit cake made without sugar! (no sugar). She did not send her address. I have several pieces of literature for her and would be grateful if Mrs. M. Jackson would send me her address. This applies to all of our readers. Please enclose a stamped self-addressed envelope with your request. Gratefully yours, Mary.

FRIDAY

Dinner Menu

Broiled Lake Trout Fillets; Lemon Butter; Broiled Crumbed Tomato Halves; Creamed Cauliflower; Red or Black Raspberries with Cream; Cocoanut Twists (see Thursday); Iced Coffee.

QUESTION:

Do you have a recipe for freshly made peanut butter using the blender? If so could you give it please? . . . Mrs. S. V. F.

ANSWER:

PEANUT BUTTER (made in Blender):

One and one-half cups skinless salted peanuts. Put peanuts in blender goblet, cover and turn at high speed to desired peanut butter consistency. Use rubber spatula to push the peanuts from sides of container into processing well as it operates. Yield: ¾ cup peanut butter.

LETTER:

You are asking for a recipe for a baking powder baba. Maybe this is what Mrs. M. R. wants.

REQUESTED BAKING POWDER BABA (courtesy Brigitte M.):

¼ lb. butter, ¾ cup sugar, 4 eggs, 1 teaspoon vanilla, ½ teaspoon salt, 1 2-3 cups all-purpose flour, not sifted, ¾ cup cornstarch, 5 teaspoons baking powder, about 4 tablespoons milk.

Mix flour, cornstarch and baking powder. Cream butter and sugar. Add eggs, one at a time, blending well. Stir in vanilla and salt. Add flour mixture and milk as needed. Dough should drop heavily from spoon. Grease well bread pan (mine is 14" x 3½") or ring form 9" in diameter. Bake 70 minutes at 350 deg. Fahr. or until toothpick inserted in centre comes out clean. Put cake on serving plate and make holes with toothpick all over top. Then, while still hot, spoon syrup (below) over evenly, using every bit that may run on plate.

SYRUP:

Use as much or little as desired you may use the syrup given in your recipe, Mary, for Baba as Rhum, with the addition of apricot puree and juice.) Or use one cup water brought to a boil with ½ cup powdered sugar. Then add ¼ cup rum and juice of 1 orange and 1 lemon and sweet grated rind, if desired.

This cake tastes best chilled. I have brought this recipe with me from Germany and all our friends love it too . . . Brigitte M.

ANSWER:

Thank you for this tested, recommended recipe requested by Mrs. M. R.

Silhouette New Winter Fashion Trend

PARIS (AP) — Paris winter fashion styles to be featured in showings next week will feature the animated silhouette— a look that seem to come with the wearer, giving a vivid impression of mobility.

That is the conclusion following a survey of leading Paris designers who previewed a week of winter showings Monday. Hemlines will stay about the same, including Pierre Cardin's, which will hit the knee-cap as in previous designs.

Waistlines will vary, but generally they will be high, with small bosoms and long, tight sleeves. Necklines for the season took daring plunges, will be high, often close to the throat.

Accessories will range from flame-colored hairdos to believed harem sandals for evening wear. Hairdos will be varied, but the short cut seems to be the favorite.

In shoes, arrow points are out and oval are in. Covered toes will be right for sports. Classic high-heeled evening sandals will be embroidered in all ver.

WOMAN BARRISTER

Algaria's first women barrister since the country gained independence from France has been sworn into office.

U.C.W. Meeting

MOIRA U.C.W.

MOIRA — The July meeting of Moira United Church Women was held at the home of Mrs. Milton Vanderwater with ten members and ten children present.

The president, Mrs. Jean Thompson opened the meeting by reading the call.

The worship service was taken by Mrs. Helen McInroy and Mrs. Milton Vanderwater. Business was dealt with.

The program, convened by Mrs. Jean Gordon, took place a reading by Jean Redenburg; piano solo by Mrs. James Vanderwater, reading by Lorraine Hughes; duet by Alice and Sandra Vanderwater reading by Marylin Thompson and topic given by Alice Ketcheson.

A dainty lunch was served.

Nazi Women More Brutal Than SS Male Counterparts

By LOYAL GOULD

FRANKFURT (AP) — Testimony 20 years later shows that the SS (Elite Guard) women in Hitler's Germany often was more brutal than the male—and rarely was brought to justice.

There are no women defendants in the war crimes trials now going on in West Germany. A handful were hanged under verdicts by Allied war crimes tribunals, just after the war, but most of the SS women escaped punishment.

Allied authorities in general were reluctant to believe women capable of the atrocities attributed to their male counterparts. The current trials show the SS women frequently outdid them.

Former concentration camp inmates say the SS women competed with their male comrades in devising tortures and developing unique methods of killing. They pressed to help at mass slaughters of prisoners, often followed by orgies.

Who were the tens of thousands of women in Heinrich Himmler's SS?

Trial testimony pictures them as a cross section of German womanhood — girls in their teens ,matrons in their 40s and 50s; highly educated women, often of noble blood, and women with so little schooling they rarely could scratch out their names on pay chits.

Whatever their background, all shared one thing in common —the conviction they had open hunting season on those Himmler termed "living matter unworthy of life." These were primarily Jews and Slavs, plus anyone else unwilling to accept the dictates of Nazi ideology.

To put into practice what their convictions demanded, these women took basic training at various camps, then went to Dachau concentration camp for instruction in murder and torture techniques taught by Himmler's collaborators.

From Dachau, they were assigned to concentration camps— 250 in Germany and German-occupied Europe—to guard female prisoners. They were assisted by German women brought to the camps as civilian functionaries from prisons where they were serving terms for criminal offences.

Perry Broad, a former SS trooper, wrote in his account of Auschwitz that the SS women "were thrilled by the knowledge that they had ifflicted pain" on their charges. Broad is one of 21 former SS guards and Auschwitz functionaries on trial in Frankfurt.

MANY ENJOYED KILLING

Survivors of women's camps testify that SS women boasted of their ability to exceed each other in cruelty. They competed for the joy of helping at mass gangings in order to get extra pay and tobacco and alcohol rations. Many enjoyed killing and torturing prisoners who exceeded them in beauty and intelligence.

They chose females for crippling and often deadly "experiments" in artificial insemination, performed without anesthesia by SS physicians.

Barracks-room orgies often ended with drunken male and female SS guards forcing half-starved prisoners to put on sex shows on improvised stages set up on the tables of SS mess halls. The prisoner "actors" were invariably killed after their performances.

Where are these SS women now?

Legal authorities say most of them have settled into the mainstream of German life, working as farmers or raising families. Some likely went to the United States as war brides.

'Suicide Strip' Inspected by Minister, OPP

LONDON, Ont. (CP)—Provincial Highways Minister Charles MacNaughton and OPP Commissioner Eric Silk travelled the "Suicide Strip" of Highway 401 Thursday, seeking means of reducing the 70-mile stretch's toll of death.

Since the strip, a two-lane section running west from near London, was opened nine months ago, 15 persons have died in traffic accidents on its route.

Wednesday Mr. MacNaughton and commissioner Silk conferred in London on ways of reducing the death rate — 13.9 lives for 100,000,000 vehicle miles of travel compared with the 1953 provincial average of seven.

Thursday they drove the strip's length and both proclaimed the road in good condition and well marked. But commissioner Silk said he'll recommend to the Ontario government that the OPP be allowed to use unmarked cruisers on the stretch because of "the special circumstances."

Mr. MacNaughton said he'll back the commissioner on any enforcement measures he feels necessary.

Greeks

(Continued From Page 1)

ing in activities detrimental to national interests, the Turks charge.

Greek officials laugh at this. Sources close to the Greek consulate say the first lists of exiles included nine persons over 80 years old, 92 over 70 and five deceased.

The Greek national usually has a week to settle his affairs and depart.

The trouble is, say the Greeks, no one wants to buy their businesses. Or if they do, the price offered is ridiculous. The government, in effect, assumes control.

Secret

(Continued From Page 1)

reply from Makarios.

Thant also sent a message to Fazil Kuchuk, Turkish-Cypriot vice-president, saying he had received word that arms were being imported into Turkish-Cypriot areas. Thant said he had also appealed to Greece and Turkey to help stop the arms buildup on the east Mediterranean island.

As the Greek-Cypriot government continued its arms buildup — claiming this was needed because Turkey threatens to invade the island—tension persisted in the latest trouble spot, the village of Hamid Mandres.

On the bleak hills about three miles north of Nicosia Greek and Turkish - Cypriots squared off and fired sporadic shots at each other. Finnish troops of the UN force were trying to avert an all-out clash.

Young

(Continued From Page 1)

holdup after returning to her teller's cage 15 minutes before the end of her lunch period.

"I was standing at my cage. One of the men pointed a gun at the next teller's face and she just laughed at him. He then jumped over the counter and grabbed money from her drawer.

They came over to mine and it was locked. I went to get the keys out of my purse but they wouldn't let me out of their sight and I didn't open my drawer.

GIRL SHOT

They took us into an open section of the vault and that's when the other girl was shot in the leg. Then they said "Come on" and I went."

Most of the frightful hours Mrs. Millar was held hostage, her husband waited anxiously by his telephone at Forester's Falls, near Cobden, for word of her. "It's an awful shock," he said. He drove to Pembroke immediately to pick up his wife.

Their two boys, four and two years old, were at the home of Mr. Millar's mother Thursday night.

Witnesses said the two men came out of the bank with Mrs. Millar between them.

Clarence Millar of Forester's Falls, passing the bank at the time, said the two men appeared to be holding the young teller and he assumed she wasn't feeling well.

Then the two men left the bank John Bak, 25, a high school teacher who walked in on the holdup, was shoved on the neck by one of the bandits.

One fellow was standing at the door. I heard a couple of . . . is just as I stepped into the bank vestibule . . . The other one came over. He had one of the tellers as a hostage . . . as he went by me he hit me on the neck. He didn't hit me too hard."

As the getaway car roared away from the bank it almost collided with another car.

There were reports a third man was involved in the getaway but Mrs. Millar said two men were with her in the car during the harrowing ride along the bandits' escape route.

"I just kept very quiet in the back seat and along the way," she said. "Every once in a while one pointed his gun at me and threatened to kill me as I just behaved. They talked quite a lot—about anything."

Police said they knew the names of two men who had been in the Cobden area, about 70 miles northwest of Ottawa, for several days and who had visited Cobden girls. One was said to be between 25 and 30 and the other between 20 and 23. Townspeople said the two men had wandered around the village of about 800 population most of Thursday morning.

The robbery was committed while bank manager Robert Thompson, 55, was at lunch in his apartment above the bank.

Inspector Gordon Eady of the Toronto headquarters of the provincial police was placed in charge of the robbery investigation. A native of Forester's Falls, he was home on a holiday when he was asked to take over.

FALLS TO DEATH

TORONTO (CP)—David Lee, 61, fell to his death from his room on the fourth floor of the Central YMCA Thursday.

Teen-Age Canada
Young Canadians Give Time to Aid Older People

By JACK HUTTON

The old man found the book with fumbling fingers and held it inches away from his nose. But it was no good. He let the book drop listlessly on the coverlet.

A door opened and shut And suddenly the old man's eyes lit like again.

"Mr. Martin," said a chiding voice. "You promised you'd let me read to you today, didn't you?"

A small thing maybe, reading to an old man who can no longer see the books he has loved all his life. But to Mr. Martin it is always the same thing as opening the door to another world.

In his week the Canadian Red Cross is counting up the number of young people across Canada who are giving up hours or days each week this summer to do anything from reading to shut - ins to pushing wheelchairs.

They call these unpaid helpers "volunteens". Some work half a day a week. A few like to work five days. But put them all together and suddenly you're [illegible] about several thousand volunteens.

An official told me in wondering tones about one girl who works in a hospital several days each week. "I know she'd be embarrassed to see her name in print, but she amazes us," said the official.

"She just finished her high school exams a few weeks ago and prob bly feels like a good rest somewhere. But she's helped out for several summers and wanted to do it again.

"We insist on our volunteers being at least 15 years old, but we don't pay them the wages they might get in another job. They don't even get street car tokens fare from us. Yet this girl has 1,000 hours to her record."

A bit different than sunning on the beach, what? And yet thousands of young Canadians give up part of their summers year after year to perform similar tasks.

What can you do, supposing that you have a few spare hours each week? If you can swim, they may need you to help handicapped children. You may find yourself handing out coffee and smiles at blood donor clinics.

You may push wheelchairs (remember this is a tiring job) you may wield up as a shortorder cook in a hospital canteen. It's possible you may be asked to nothing more than visit and chat with patients in veterans' home.

Or, as in the case of Mr. Martin, you may be asked to read to elderly or shut-in patients. Sometimes just the sight of a young face in the room is worth all the medicine in the world.

It's something to think about. For my money, the volunteen program is one of the finest things happening in Canada this summer. And they need you.

If you're interested in finding out more, contact your local Canadian Red Cross branch and ask for details. Good luck.

PREJUDICE

Letters are still pouring in in response to the letter from the Negro youth who said he'd been disillusioned to find Canadian young people just as stand-offish and prejudiced as Americans.

Anne Chubok, 16, of St. Catharines, Ont., writes: "I'm very disappointed with the replies given to the Negro boy's letter. I see that it hurts to find out the truth about ourselves. Yes, we are prejudiced, but we don't like to face up to the facts.

"Many stated that he could join clubs where he would find friendship. Yes, he could do this but how many of us would go out of our way to make him feel welcome? I don't think there are many.

"The letter that bothered me most was from the 15-year-old in Halifax, N.S., who stated that this problem is so far away. This occurs in our own country and we are too blind to see it. We must face up to do something to change this passive attitude."

Thank you, Anne. If nothing else, the letters have proven that a great many young Canadians are aware of what's happening below the border this summer. And they know it must inevitably affect us someday.

COBBLES REMAIN

NEWARK, England (CP) — This Nottinghamshire town wants to preserve the ancient look of its market square. So cobblestones of cobbles now being damaged by cars are to be taken up by hand, washed, and replaced on a reinforced concrete bed at a cost of $15,000.

Mr. and Mrs. Sam Peoples, David, Allan and Robert spent the weekend at Hawkins Bay, at Actinolite.

DESERONTO

Close Oldest Drug Store This Week

DESERONTO—The closing of one of Deseronto's oldest stores takes place this week as Mrs. Dorothy McCullough sells off the stock from the business of her husband, the late Thomas Lanfear McCullough.

Mr. McCullough operated his pharmacy in that store for more than fifty years. An inveterate keeper of things in time the store was his castle soon amassed a collection of odds and ends.

Every nook, cranny, drawer and counter has not only yielded the trivia of half a century but yielded items of historical and sentimental value as well.

A dusty box on an even dustier shelf hides unused electric candles, penlights and postage stamps, the first products of a now famous dispenser of flashlights and batteries.

Behind the faded label on a tall glass stoppered bottle rests the proprietor of today's breath sweeteners, a half bottle of "pleasantly flavored" cardamon seeds.

Beside the "sure cures" of a bygone age a book containing full instructions for building the carriages of yester-year.

And in plain view dozens of dispensary bottles still waiting the hand of the chemist.

The busy life of a once busy Deseronto is reflected in item after item. Because of this Mrs. McCullough has been careful to keep the items of significant historical interest in places where they will be most appreciated.

The marble and glass showcases now form part of the town's library display centre.

Old glass bottles and stone jars are earmarked for Upper Canada Village.

More recent pieces are to be stored for the time when Deseronto has its own museum.

And like any other business closing out all else is for sale.

Sunday School Lesson

Winning With Teamwork

By CLARENCE W. CRANFORD

It is one thing to lead a revolution. It is another thing to establish a stable government when freedom is won. George Washington was unique in that he not only knew how to lead the colonists to victory in their struggle for freedom, but he knew how to be a great political leader after independence was established. Of course, he could not help once he was alone. It took all the founding fathers working with him to set the colonies on their way as a new nation.

Moses was the foremost leader of his day. He stands out as one of the truly great men of history. Without his determination and fearless leadership, Israel would not have been led from bondage in Egypt. Without his faith and resourcefulness, the people might have perished in the wilderness when sheer survival was their problem due to thirst and hunger.

When survival was ensured, and life had settled down to a more stable pattern, inevitable problems arose. They arose along with community living. Laws had to be declared and interpreted. Disputes had to be judged and punished. Disputes had to be settled. Religious instruction had to be given. At first, Moses tried to attend to all these details himself. His days were long and he easily dawn till late at night acting as judge, personal counselor, and religious and civil lawgiver.

JETHRO TO THE RESCUE

Jethro, Moses' father-in-law, saw immediately that this situation was not good. It would over-tax Moses' strength. It his time was to be spending nearly all minor issues that could just as well be handled by someone else he would soon be too tired to give attention to the major decisions that only he could make. Moreover, the people were not being trained to assume leadership. So Jethro proposed certain administrative changes that would free Moses for matters of major policy, but would delegate responsibility for handling multitudinous details to able assistants. He suggested a system that would work result in team - work rather than in one-man rule.

TEAM-WORK WINS

Jethro's wisdom still applies today. The happiest family is not one in which the father alone does all the work, or the father makes all the decisions, but one in which responsibility for both work and planning is shared. This does not mean there should be no parental authority. In some families, everyone tries to give orders. Certain decisions must be made by the father as the head of the family, but he will seek counsel and listen with consideration and love, making sure that every member has an opportunity to contribute to the welfare of the family.

The Uniform Sunday School lesson for July 26: "God's Leader-Needs Help." Exodus 15:22 through 18:27.

The happiest church is not one that is dominated by one person, but one in which all seek to do their part. The minister must lead, but he should not be expected to do all the work. He must know how to delegate responsibility, as the late President Kennedy suggested, the best nation is not one where everyone asks what the government can do for him, but where each citizen asks what he can do for his government. It is team-work that wins the nation, as a situation where one player insists on being the star in every play. The is a man needs a coach — someone who knows how to plan the strategy, and train the players — but the coach cannot coach and play in the game at the same time. There must be a delegation of responsibility for the best results.

The disciples of Jesus confronted this same problem at the beginning of their ministry. Their energy and efforts were frittered away by having to give attention to many cases of dire need. These cases were important. They needed to be solved. But this left the disciples no time to do the work of evangelism for which they were especially fitted. So they decided to choose seven men "of good repute, full of the spirit and of wisdom" to whom these duties could devote their time "to prayer and to the ministry of the word" (Acts 6:3-4).

The world needs leaders. Leaders need followers. Without a mission, an orchestra has difficulty playing together. Without players, he could not lead. So, in the home, in the church, in every community, in the nation, and in the world, we need to learn to play together as a team.

Moira

MOIRA — On Wednesday evening the Institute meeting was held at Moira United Church on the Thomasburg charge. Rev. George Smith, all of Plainfield, had charge of the service with Rev. Paul Packman of Thomasburg giving the message and inducted Mrs. Aylmer Smith to the Thomasburg pastoral charge.

Mr. and Mrs. Kenneth Gare and grandson Kenneth left the Adirondacks on their vacation.

Moira

MOIRA — On Wednesday evening the Institute meeting was held at Moira United Church on the Thomasburg charge. Rev. George Smith, all of Plainfield, had charge of the service with Rev. Paul Packman of Thomasburg giving the message and inducted Mrs. Aylmer Smith to the Thomasburg pastoral charge.

Mrs. Olive Williams, Belleville, spent Tuesday with her mother, Mrs. Blake Keller.

Mr. and Mrs. Reg Williams, Oshawa; Mr. Gary Williams, of Belleville, Wednesday evening callers on their grandmother, Mrs. B. Ketcheson.

Mrs. Donald Haggerty, Belleville, spent Friday evening with Mr. and Mrs. Wallace McIlvoy.

Mr. and Mrs. Milton Vanderwater and Rhonda attended the former family reunion held at Cobourg recently.

Mr. and Mrs. Black took up residence in the Emerson home in the village last week.

Mr. and Mrs. Doug Cochrane and children, Donna and Craig Cochrane, of Oronto, were Sunday guests of Mr. and Mrs. Milton Vanderwater and family.

Mr. Arthur Salisbury of Watertown, N.Y.; Mr. and Mrs. Max Reynolds, Bancroft; Mr. and Mrs. Ralph Salisbury, of Belleville, were guests of Mr. and Mrs. Clayton Vanderwater on Sunday afternoon at the memorial service at the cemetery in the afternoon.

Mr. and Mrs. Blake Kellar of Yallowknife, and Mr. and Mrs. Parrinder and son of Belleville were also Sunday guests of Mr. and Mrs. Joe Keller.

Mr. and Mrs. Wallace McIlvoy were Sunday guests of their son and daughter-in-law, Mr. and Mrs. Gordon McInroy and family, Belleville, on the occasion of Gordon's birthday.

Mr. and Mrs. Ross Ketcheson, and Mrs. Blake Ketcheson were Sunday afternoon callers of Mr. and Mrs. Fred Campbell, Belleville, also on Mrs. Olive Williams and family, Belleville. Linda returned home with them.

Mr. and Mrs. Joe Kellar visited with Mr. and Mrs. Blake Kellar, Campbellford on Sunday, thence to Civic Hospital, Belleville to see Mrs. Ryan Son Kellar, who is a spatient there.

Mr. anw Mrs. Angus Mumby arrived home Sunday night from their trip to Calgary and Vancouver.

Mr. and Mrs. Don McInroy and girls were Sunday guests of Mr. and Mrs. Jerry Way, of Belleville.

MR. TWEEDY — by Ned Riddle

Despite Trouble With Allies Khrushchev Finds Bulgaria Faithful European Friend

Of all the Communist regimes in East Europe, Bulgaria is the most firmly tied to the Soviet Union. While change sweeps through other Communist countries, Bulgaria remains faithful to the Kremlin. Richard O'Regan, Associated Press chief of bureau in West Germany, explains the reasons behind this in the following last of four articles on the situation in East Europe.

By RICHARD O'REGAN

SOFIA (AP)—Despite all the troubles he is having with his Communist allies, Soviet Premier Khrushchev has one true and faithful friend in East Europe—Bulgaria.

Romanians may be turning their backs on Moscow Poles and Hungarians may be purging their own brands of communism and Czechs may be flaying around looking for ways out of the economic mess communism has led them into, but—

Bulgaria is cooler in its relations with the United States than Moscow and Bulgaria has given the Soviet Union almost complete say over its economic life. It is the most Stalinist of East Europ^ean Communist countries.

Much of the reason for the close ties to the Kremlin is due to the traditional friendship of 8,000,000 Bulgarians — whether or not they like communism—for Russia, Bulgarian pride in giving the Russians the cyrillic alphabet and the fact that for almost 1,200 years Bulgaria has never considered itself part of Europe.

Said one Western diplomat working here:

"You can be sure that if other Communist nations turn more toward the West, Bulgaria will be the last to do so. If they get tougher toward the West, Bulgaria will be the first after Moscow."

CONTROLS LESS STRICT

It is perhaps Bulgaria's lack of identity with Western Europe which accounts for a striking fact that meets the Western visitor on arrival: Border controls to the West are less strict in Bulgaria than elsewhere in East Europe.

"Very few Bulgarians think of escaping to the West," a diplomat explained.

The diplomats and other Westerners in Sofia report:

Bulgarians still are discouraged from talking to Western ers. Political jokes are a punishable offence, even though they are a favorite pastime elsewhere in the East.

Deportation of "political unreliables" from the cities to the countryside are still occurring frequently, although shortage of housing is often given as the reason.

HAVE SPY MANIA

A spy mania has been built up around all Westerners and the public has been urged to report on the movements of foreigners.

Bulgarians are barred from entering the American legation and there now are two militiamen to stop them. Six months ago there was only one. Next door is a big anti-American display.

The current policy of Bulgaria was summed up by Communist Chief Todor Zhivkov when he told a party congress:

"There must be an intransigent struggle against bourgeois ideology and the decadent influences of the capitalist West."

He charged the West with using press, radio, movies, music and dancing to corrupt Bulgarian youth and declared war on all attempts by artists to introduce Western ideas into literature, theatre and art.

RELATIONS FROZEN

Relations with the U.S.—interrupted for 10 years between 1950 and 1960—came to a new freeze after youths rioted in front of the American Legatio last December and overturned American cars.

But since the Bulgarians apologized, there have been indications that Moscow has told Zhivkov Bulgaria is lagging in existence and should loosen up a little.

Diplomats in Sofia are not certain, but they believe a struggle may be going on for power within the Bulgarian government among three factions: Old-time Stalinists; a group of young Communists with more modern, more Western ideas, and the men in power.

They think Bulgaria's secret police, still very much in evidence, may be run by Stalinists who are still making it difficult for the party to carry out any changes at all.

On the other hand, the party leadership also recently criticized liberals who want more radical solutions to Bulgaria's problems. The regime evidently is afraid to give them more power for fear liberalisation would get out of hand.

TRADE WITH RUSSIA

Eighty per cent of Bulgaria's total foreign trade is with the Soviet Union and her trade commitments are of long term.

Before communism took over, agriculture was Bulgaria's major industry. The Communists have been placing emphasis on building up industry and now industrial production exceeds agriculture in value.

Yet, has left Bulgarians short of food. Last winter there was a major bread shortage in towns and cities.

Economic observers here say the standard of living has improved over the last two years, but it is harder for the average Bulgarian to get by on his pay than any other East European.

Life in the country villages—where farms are all either collectivized or part of co-operatives—is said to be better than in neighboring Greece.

"If say this for the Bulgarian Communists," said one agricultural expert, "Their peasants no longer are living in mud huts as many have their own homes, with electric light and power—which they rarely had before communism took over."

But he added:

"As long as Bulgarians feel so much affection for the Russians, there is not likely to be much change in Bulgaria."

8th Tyendinaga

8th TYENDINAGA — Mr. and Mrs. W. Cross of Camnpbellford spent Friday with Mrs. J. Cross.

Miss Marlene Funk of Shadbury is spending some holidays in the neighborhood.

Mrs. William Alford, also Mr. Robert Coulter from this district, are patients in the Belleville General Hospital.

Mr. and Mrs. Ross Manthorpe and family spent Sunday with Mr. and Mrs. S. Cross.

The Inquiry Is Ended But... Coffin Murder Controversy Will Linger On

Mr. Justice Roger Brossard has conducted an inquiry into the handling of the celebrated Wilbert Coffin murder case of a decade ago. In this story a Canadian Press reporter who attended the hearings reviews the 4½ months of testimony.

By GERRY MCNEIL

QUEBEC (CP) — Scant new evidence was heard by Mr. Brossard royal commission during its 4½ months of public hearings into the celebrated case of Wilbert Coffin.

There were no dramatic revelations about his innocence or guilt of the triple slaying of three American hunters believed committed June 12, 1953, in the Shickshock Mountains west of Gaspe, Que.

During 46 days of hearings, Montreal publisher Jacques Hebert, 46, listened as statement after statement in his book "J'Accuse les Assassins de Coffin (I Accuse the Assassins of Coffin) was denied.

The book was a defence of Coffin and an attack on the methods and motives of the police, prosecutors and public authorities whose work led to his execution Feb. 10, 1956.

But from the moment Mr. Hebert, the first witness, testified Feb. 24 that he hadn't read the Coffin trial transcript, nor met Coffin, nor talked to more than a handful of the 91 witnesses, the book took a fearful beating.

Publication of the 176 - page book last December led the Quebec government to order the unique inquiry into the handling of evidence and conduct of those involved in what is probably Canada's most controversial murder case.

GOWN CASE STRONG

Eugene Lindsay, 47, his son Richard, 17, both of Hollidaysburg, Pa., and Frederic Claar, 20 of East Freedom, Pa., were bear-hunting when slain.

Their bodies, badly decomposed and torn by bears, were found more than a month later. A bullet hole in a shirt and another in a pelvis indicated murder. It couldn't be determined how one of the men had died.

Coffin, then 30, was the last person with whom Richard had been seen alive. He was charged with Richard's murder Aug. 28, 1953, found guilty by a jury Aug. 5, 1954, and hanged after appeals had been denied.

The Crown case was impressive. Articles belonging to the hunters were traced to Coffin's friends in Montreal. Some $500 was missing from the bodies and the Crown recounted in detail Coffin's heavy spending en route to Montreal.

Defence lawyer Raymond Maher told the inquiry the prosecution could have made "A liar" of Coffin if it had put his client on the witness stand.

Despite maintaining his innocence, had denied to his dying day that he had a rifle in Gaspe, Coffin's lawyer said the slayings were believed to have been committed.

Coffin's Eagle, a relative of Wilbert Coffin, told the commission that on the night he left Gaspe Coffin left with his (Eagle's) Marlin .32-40-calibre rifle at the Coffin home in York Centre, near Gaspe.

SPENT FREELY

Evidence also indicated that Coffin collected for stalking mining claims that spring had gone long before he left Gaspe late June 12 on a wild, free-spending trip to Montreal. Only four days earlier, in fact, he had had to borrow $20 from a partner.

Mr. Justice Roger Brossard, Quebec Provincial Police and Quebec Superior Court justice, found himself breaking new, sometimes tricky, ground during the unprecedented inquiry. He had to make five tricky rulings on professional secrecy, a privilege claimed by lawyers. Twice he revoked the privilege, ruling his decisions partly on jurisprudence that the privilege may not be used as a cloak for wrong-doing.

Opinions, unless asked for, got frosty receptions. When Toronto lawyer Arthur Maloney, Q.C., acted on the Coffin appeal, suggested public opinion would never cease to be disturbed about the case, Mr. Justice Brossard said it might, after his report, "if people stop writing books about it."

Appeal courts ruled in 1955 that on the basis of evidence presented Coffin had had a fair trial. And during the commission hearings Mr. Justice Brossard emphasized that this inquiry wasn't to be considered a second trial for the prospector.

PARTLY DEAF JUROR

There was irony, however, in the disclosure at the inquiry by a member of the jury, Cornelius White, 66, that he was partially deaf and hadn't heard much of the testimony at the murder trial.

This fact alone, had it been known at the time, might have brought Coffin the new trial he sought. But Mr. White never complained and no one noticed his hearing disability.

The commission also heard evidence that the coroner's inquest was badly handled and that Coffin's only piece of public testimony was haphazardly recorded. One witness recalled the coroner, Dr. Lionel Roux, saying: "Let me get my hands on the dog. I'll make him talk."

Where the conduct of officials was concerned, the royal commission scrutinized everything from police work to the gathering of affidavits by the Coffin family during the appeal stage.

Almost everybody mentioned in the Hebert book was called —insular and inscrutable Gaspesians, talkative Miami detectives, high society lawyers. Their testimony took issue with the book's statements.

A widow admitted that information she gave Mr. Hebert was based on small-town gossip.

INDIAN CONFESSED

It formed the foundation of a speculative chapter on why Frenchman Wilbert Thompson, the Mohawk Indian who told Miami police in 1956 it was he who killed the hunters, later retracted the confession.

Mr. Hebert theorized that Quebec politics was behind the retraction, but evidence — including that by Mr. Thompson —indicated he had invented the story so that police would ship him back to Canada.

Other chapters in the book about suspicious jeeps and mysterious notes at the scene of the crime also lost their significance as police records and testimony located and they couldn't have been involved.

The story of Jack Eagle's rifle underwent a change during its bearings ended July 3 with 14,000 pages of testimony bound in 39 volumes.

The commission was able to trace the weapon to the night Coffin came to Eagle's home with it—Mr. Eagle had loaned it to him early in June—but there the trail ended.

Sgt. Henri Doyon, who was in charge of the Gaspe Quebec Provincial Police detachment, testified Coffin told him Aug. 27, 1953, that the rifle was at his camp 15 miles west of Gaspe.

NO SIGN OF RIFLE

Sgt. Doyon said he at once told Capt. J. A. Matte of this. Capt. Matte, now OPP chief inspector, was one of five police officers sent from headquarters to take part in the investigation.

A disagreement between the two men emerged at the commission hearings over whether Capt. Matte told Sgt. Doyon to go for the rifle immediately or on the following day.

In any case, Sgt. Doyon arrived at the camp 20 hours after learning of the rifle only to find no sign of a weapon and fresh vehicle tracks.

Defence lawyer Raymond Maher, his client's son - Guy Hamel, and Wilbert Coffin's brother Donald testified they were in Montreal on Aug. 27, hours before Sgt. Doyon.

Mr Hamel and Mr. Coffin said the lawyer took a package from the camp but neither saw its contents nor handled it. The lawyer himself denied he obtained a rifle or even part of one. He also denied telling another witness in 1960 that he had thrown the rifle from the Quebec Bridge to dispose of it.

TRIED FOR PERJURY

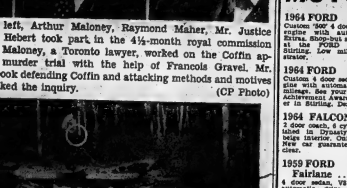
Mr. Hamel was charged with perjury during the Coffin trial and later convicted after two policemen testified he made oral statements to them about the rifle.

While a worker on the Quebec Bridge turned over to Sgt. Doyon a lever belonging to a surveying outfit, setting under orders from then solicitor - general Antoine Rivard, the sergeant investigated but was unable to link the lever definitely with the Marlin belonging to Mr. Eagle.

The theory in the Hebert book was that Capt. Matte had the "diabolical" idea that the rifle would be more valuable to the prosecution if it vanished and that he allowed Mr. Maher to get wind of it, hoping the defence lawyer would dispose of the weapon.

Ironically, however, experts testified that because of the state of the bodies and lack of evidence, it would have been impossible in any event to determine the type of rifle used in the slayings.

The handling of Coffin's appeal by lawyer Francois Gravel was also scrutinized. He was questioned about the way affidavits were gathered, about points in Coffin's statements, and about the way these statements, including Coffin's last will and testament, became public.



SOLD TO NEWSPAPER

Mr. Gravel admitted selling the will to the Toronto Star for $2,000 on the eve of the hanging. But he also submitted a copy of an "authority" to which Coffin is supposed to have allowed his lawyers to make such material public. The

ROYAL COMMISSION PRINCIPALS — From left, Arthur Maloney, Raymond Maher, Mr. Justice Roger Brossard and author and publisher Jacques Hebert took part in the 4½-month royal commission inquiry into the handling of the Wilbert Coffin trial. Maloney, a Toronto lawyer, worked on the Coffin appeal. Quebec lawyer Maher defended Coffin at his murder trial with the help of Francois Gravel. Mr. Justice Brossard conducted the inquiry. Hebert's book defending Coffin and attacking methods and motives of police, prosecutors and public authorities, sparked the inquiry. (CP Photo)

GUN OR BELT? — Centre of attention in these enlarged photographs is the dark object at the unidentified man's waist. An argument arose during the royal commission investigation into the Wilbert Coffin murder trial as to whether it was the man's belt or a pistol. The photo was taken by a camera found near the body of Frederick Claar, 20, one of three Pensylvania hunters found dead in the Gaspe wilderness. (CP Photo)

COFFIN WITH LAWYERS — Wilbert Coffin (left), convicted and hanged in 1956 for the shooting death of one of three U.S. hunters, is shown with his lawyers Raymond Maher (centre) and Francois Gravel during the trial. The trial and the circumstances leading to the trial have been the centre of attention of a royal commission inquiry ordered by the Quebec government. (CP Photo)

crossing original of the document was said to have been signed by Coffin.

During the commission hearings some 400 exhibits were entered—transcripts of the Coffin proceedings, police records, newspaper articles, photographs taken by Coffin, and the three books written about the

Deadline for Mr. Justice Brossard's report is Oct. 15, though an extension may be needed and September may see a few brief public hearings held to clear up some points.

Meanwhile, there is a baseless feeling among those most deeply involved in the Coffin affair—that the controversy won't end even when the report is in.

Demand Reds Be Banned Irks Home and School

TORONTO (CP)—The Canadian Home and School and Parent - Teacher Federation withdrew its sponsorship of a proposed 1967 conference in Canada of parents and teachers rather than accede to proposals that representatives of Communist countries be barred.

This explanation of a decision taken by the federation at its annual meeting in Charlottetown last week was given Thursday by John Ricketts, voluntary public relations officer of the federation. Mr. Ricketts said the action taken by the meeting has been misinterpreted by some people.

The conference was proposed by the federation's international committee "with the object of using home and school's huge membership to help relax international tension," Mr. Ricketts said.

"It has been agreed to hold the meeting in Ottawa, if possible in conjunction with the regular annual meeting of the international union of family organizations."

TOOK STAND

The union, however, and the United States National Congress of Parents and Teachers, took the stand that they would attend only if Communist countries were not invited.

Rather than accede to this condition, which it considered incompatible with its aim to promote world peace and understanding, the Canadian federation withdrew its sponsorship of the meeting, Mr. Ricketts said.

He added, however, that the annual meeting decided that if the IUFO still decides to hold the meeting in Canada and will give extra time to a special conference on parent-teacher relationships, the federation will reconsider.

The union was advised of the federation's action and the delegates expressed that the union would sponsor the Ottawa meeting and extend invitations as broad a basis as possible and include non-members of the IUFO.

US, N. Zealand Pledged to Help

AUCKLAND (AP)—If the Indonesians attack Australian troops in Malaysian Borneo, New Zealand and the United States will be obliged to help them because of their membership in the ANZUS pact, Prime Minister Keith Holyoake of New Zealand said Thursday.

Holyoake referred from the British Commonwealth prime ministers conference in London and a meeting of the ANZUS pact nations—Australia, New Zealand and the United States—in Washington.

New York Ugly Symbol Of Vicious Racial Strife

Reiman Morin, twice winner of the Pulitzer Prize, covered the racial violence last year in Birmingham, Ala., and has revisited the city several times since then. In this report, he compares and contrasts the events in Birmingham and New York.

By RELMAN MORIN

NEW YORK (AP)—A little more than a year ago, violence in the streets made Birmingham, Ala., an ugly symbol of racial strife.

Today, New York is another such symbol, only worse.

You see essentially the same scenes . . . police clashing with crowds of Negroes . . . bricks and bottles flying . . . bloody and contorted faces . . . prostrate figures in the streets.

To a degree, the deep underlying causes of this are the same in New York as in Birmingham — Negro frustration, despair, resentment finally exploding into violence.

But at this point the comparison ends.

DIFFERENT TALE

The tale of the two cities is radically different.

In Birmingham, the demonstrations were organized. Negro leaders notified the police as to when and where the next protest would be made. They also notified news media since they wanted to publicize their demands.

In New York, the rioting seems aimless, without relevance without any clear purpose.

It was touched off nearly a week ago by the fatal shooting of a 15-year-old Negro boy by a white police lieutenant. Police said he fired in self-defense when the Negro came at him with a knife.

In Birmingham, Dr. Martin Luther King, the organizer, and his lieutenants, Rev. Fred L. Shuttlesworth and Rev. Wyatt Tee Walker, were the leaders. And they led.

At one point, Shuttlesworth was able to say:

"I am willing to promise that the demonstrations are off, that we are not going to have any violence from Negroes, and that the community will come back to normalcy."

None of the persons named as heads of Negro organizations in New York could say that today and be sure the promise would be kept.

In Birmingham, the objectives of the demonstrations were clear-cut and specific — desegregation of some department store facilities, better job opportunities, the hiring of those arrested for demonstration, and the formation of a biracial committee to adjudicate racial problems.

Some of these, in the year that has passed, have been quietly accomplished by whites and Negroes working together in the city.

But what are the purposes behind the Negro riots in Harlem and the Bedford - Stuyvesant section of Brooklyn?

In the past, Negroes in New York as elsewhere demanded better housing, more job opportunities, equality, human dignity. But the recent rioting here appears to have been more aimless — of long-smouldering feeling rather than for civil rights.

Said state Senator Constance Baker Motley, Negro Democrat who represents Harlem:

"Whether it's true or not, Harlem believes the police are the enemy. They think they're not here for their protection."

In both Birmingham and New York, police acted "police brutality." Yet, Rev. Shuttlesworth, calling on Governor Wallace of Alabama to withdraw the state highway patrol, said, "we want the city police, whom we respect, to take charge."

Throughout the South, there are always reports that there are Communists in the Negro movement.

"Hate groups" in New York are among those responsible for the riots, said Rev. Richard H. Hildebrand, branch president for the National Association for the Advancement of Colored People. He added:

"The Communists have been working on these hate groups and black nationalists . . . because they think they are the wildest and most extreme and, through them, they can promote the most unrest."

An incident in Birmingham points up the contrast:

Rev. Fred Kirg and a Negro woman went among the Negro community collecting weapons. "We must get rid of our knives and our guns," he said. "We don't need them. We must fight violence with non-violence."

The weapons were put in a blanket carried by the woman. King spoke of "our white brothers."

MAY HAVE HATED

Individual Negroes may have hated whites in Birmingham during the demonstrations, but there were no "hate groups."

Hatred obviously burned in the hearts of some whites, as evidenced by the bombings of "Dynamite Hill," a Negro residential section, and the explosion that killed four little Negro girls in the church on Sixteenth Street.

The Birmingham law enforcement authorities had an advantage not existing in the New York police—advance warning.

Sheriff Mel Bailey of Birmingham, having that information, said he went to work with private groups and other organizations. "We quietly passed the word that the worst thing that could happen would be for this thing to turn into a race riot."

Hence, he said, he wanted to create a "buffer zone" between them and the Negro demonstrators.

CROWD OBEYED

This was done. During the worst of the disturbances, when a police officer spoke afterwards of whites to "move back, move back," the full crowd obeyed.

Birmingham police used police dogs and fire hoses to break up the demonstrations. In New York, officers used nightsticks and fired volleys of bullets over the heads of the Negroes.

In Bedford-Stuyvesant, some 350 store windows were smashed by rioters and there was widespread looting. In Birmingham, only one known case — a grocery store — was looted following the bombing of a Negro motel.

The greatest difference between the disturbances in the two cities probably is in the net result:

In Birmingham, the Negroes advanced their cause. In New York Negro leaders themselves say it has been damaged.

4 Hooded Monaco Gunmen Steal Jewels Worth Million

MONTE CARLO, Monaco (AP) — Four hooded gunmen snatched a $1,000,000 jewel robbery from the Casino, wounded two persons in their getaway.

A policeman was felled by a sub-machine-gun blast in the chest and pelvis. A woman was wounded in the legs by another burst as the band fled in a stolen panel truck.

It was the fourth holdup in 10 years for the Cleric Jewelry Company in the Monte Carlo Casino and the luxurious Hotel de Paris.

The gunmen wore hoods which left only eyes and mouths visible. Witnesses saw them enter the store, force two of them sprang through the door of the shop, fired a warning blast into the floor and knocked down a clerk who was at the cash register. The men held the manager and two other employees at gunpoint while the others stuffed the display.

Policeman Henri Natali approached to investigate the hooded truck driver, witnesses said. The driver hooked the horn and Natali found himself grappling with a fourth man who jumped from the truck. The two gunmen, hurriedly leaving the shop, joined in.

As Natali almost succeeded in the fourth man's grasp, one of the gunmen blasted him at short range. Apparently thinking he had killed the policeman, they tried to load him into the truck but soon gave up and fled.

Industrial Circuit

RESEARCH INSTITUTE

Director of the Entomology Research Institute in Belleville, Dr. Bryan P. Beirne has been elected first chairman of the International Advisory Committee on Biological Control. Established early this month during the International Congress of Entomology at London, the committee will develop international co-operation in biological pest control work and will offer expert advice in the field to developing nations. It will operate through the United Nations and through other international organizations. Secretary of the committee is Dr. F. J. Simmonds of Trinidad, director of the Commonwealth Institute for Biological Control, and other members include leading biological control experts from Australia, Czechoslovakia, France, Germany, Japan, the U.S.S.R. and the U.S.A. Dr. Beirne was elected for a three-year term.

A new staff member has arrived at the Research Institute, to direct a research program in the forest insect field. Dr. Diether Peschecken, trained at the University of Manitoba and the University of Gottingen in Germany, where he was assistant to the Professor of Plant Pathology, has also worked for the Manitoba Department of Agriculture and for Imperial Chemicals and biological control of aphids. In Belleville he will be responsible for research into insect damage to plants. Married he is the father of two young children.

HYDRO FORESTRY WORK

Responsible for tree control and brush clearance on about 19,000 acres of right-of-way foresters of the western half of Ontario Hydro's Eastern Region have new cross-country vehicles this year. In the past, spray operations have been tracked muskeg tractors and "swamp buggies", (four-wheel-drive vehicles with oversize tires). Now one of the 10 spray crews in the area is equipped with high tractors — four-wheel drive tractors that trail the middle to steer — modified to carry spray equipment. The tractors were originally designed to haul timber out of bush areas. They have some speed, rough country ability and maneuverability ranges over the old vehicles, and they have much lower maintenance costs. Two make are being used by a crew based at Tweed — one for spraying and one to keep the sprayer supplied with water — and both are Canadian made.

The herbicide sprays used by the Hydro to keep lines and right-of-way areas free of trees and brush are unusual in that they are non-toxic to plants and animals. Used on broad-leaf plants, the sprays in use at this time of year stimulate the plants so they literally grow themselves to death. The sprays used later in the year — after the growing season — sink through the bark and into the wood of small trees while they are dormant, and stimulate the tree to grow itself to death in the spring. The sprays have no effect on grasses, and actually increase the grazing value of areas in which they are used. Spray crews work about seven months of the year, with one or two full-time foresters and a larger force of summer help. During the winter months, when spraying is impractical, the full-time foresters are at work pruning trees. Brush is sprayed every three years and trees are pruned every three-to-five years along the 8,100 miles of high-tension and rural distribution lines in the area.

The Hydro foresters also handle landscaping around the Commission's installations and offices, and manage the forests on Commission-owned property. Foresters in this area reforest about 100 acres of land per year.

Forestry Superintendent for the west half of the Eastern Region is Fred G. Simpson of Belleville; Russell Joyce is supervisor. The ten gangs in 11 administrative areas work directly under the area managers.

L.A.P.A.

Schedule for 1964-65 season of the Industrial Accident Prevention Association was set at a meeting in Belleville on July 14. First general meeting of the season will be the supervisory dinner, on Tuesday, October 6, at the Sun Valley Motor Hotel in Belleville. The Association hopes to get the Ontario Fire Marshall as speaker. First executive meeting of the season is set for September 8th.

It Will Be a Long Pull

'Family Help' for Malaysia Pledged

By STEWART MacLEOD
Canadian Press Staff Writer

What discourages Canadian officials in planning aid for Malaysia is the realization that regardless of what help is offered, the federation's troubles with a threatening Indonesia will probably continue indefinitely.

This has been a common feature of all Southeast Asian flare-ups. Instead of briskly battling to a conclusion, there is a tendency to wage guerrilla warfare wearily until most of the world becomes a disinterested spectator.

But Malaysia's threat from the arrogant "confrontation policy" of Indonesia has stirred up far more interest in official Canada than other rumblings in the distant Asian jungles. This time a Commonwealth country is in danger and Prime Minister Pearson is known to have strong feelings on the question of "family help."

PEARSON FOR SUPPORT

At the recent Commonwealth prime ministers' conference in London, Mr. Pearson stoutly supported the inclusion in the communique of a paragraph pledging support for the threatened federation. And when all African countries finally agreed to go along with the paragraph, the Canadian prime minister was clearly pleased. "It's going quite far for some of them," he said, "it really is."

Malaysia Prime Minister Tunku Abdul Rahman left the conference encouraged by the pledge of support. And now he is coming to Canada to look into the possibility of buying jet reconnaissance planes, and to talk with Mr. Pearson and other officials about possible Canadian assistance.

So far there has been no Canadian commitment for military assistance although it is generally believed that some way will be found to help Rahman acquire aircraft, or other equipment, in this country. And if a widely - held view in Ottawa, that Malaysia will use a lot of replacements before its problems with Indonesia are settled.

SUKARNO'S REASONS

President Sukarno of Indonesia has several good reasons for goading Malaysia, and these reasons are not likely to dissipate overnight. First, about the only thing that his party and the Communist party of Indonesia have in common is the belief that there should be a showdown with Malaysia. Second, a policy of aggression serves to hide some fairly serious economic ills at home.

And if there were not reasons enough for a protracted campaign, neither Russia nor Red China have been "all out" united their military aid to Indonesia. China has also pledged political support for the policies.

Canada, ironically, contributes economic aid to Indonesia under the Colombo Plan, and this is likely to come under critical review unless there is a drastic change of policy there. Opposition Leader Diefenbaker said this aid should end "here and now."

PC MP States Hall in Maine

OTTAWA (CP)—Prime Minister Pearson said Thursday he is not aware of the whereabouts of former SIU president Hal C. Banks. An opposition MP provided him with a Maine address where he said Mr. Banks lived Wednesday.

The exchange between Mr. Pearson and Eldon Woolliams (PC—Bow River), occurred in the House of Commons answering questioning about efforts to arrest Banks on a warrant to serve a one-month jail sentence for contempt.

Mr. Woolliams said he had been advised by radio station "AGM Montreal and reporter Ed Murphy that Banks could be found at Biggins Beach, Scarborough, Me.

MAPLE LEAF FLAG designs for pins are printed on strips of plastic, then cut off with a heavy shear by Paul Mercier, Front Street jeweller turned manufacturer.

Hopes for World's Fair Orders For Belleville-Made Articles

By ANDY TURNBULL

P.M.I. ENGRAVERS

"Expo 67", the Montreal world's fair planned for Canada's centennial year, may mean big business for Paul Mercier Industries, of Belleville. Mercier is hoping for several contracts for engraved items — identification badges, signs and the like — from the fair itself and he is trying to have a line of made - in - Belleville costume jewellery accepted for sale at concessions at the fair.

The jewellery is made by Avon Jewellery of Belleville according to Paul Mercier's design and with the PMI trademark. Most of it bears a Canadian motif, and it is distributed coast to coast.

The engraved products are a development of Mercier's business as a Front St. jeweller. He bought a pantograph engraving machine about fifteen years ago to engrave plaques, dials and the like. Two years ago he was approached by a local industry to have it do an engraving problem, and he solved the problem. Since then he has added other pantograph engraving machines to his shop, and he now gets regular business from about 20 local industries.

A lot of his work is done in plastic. Working with laminated plastics — a colored veneer on a white base — he cuts away the colored veneer so the pattern or lettering shows through.

He makes signs and identification badges for clubs and other organizations.

But a growing percentage of his work is done in brass, steel and aluminum. One job now in progress is a good example of this sort of work. Mercier is engraving the crest of the city of Sarnia on the cover plates for doorknobs for the building. The work is being done under subcontract from International Silverware. He also has regular orders for engraving the "push" and "pull" inscriptions on push-bars for glass doors.

TRACED ON LINOLEUM

In the shop above his Front-St. jewellery store, Mercier enlarges a customer's sketch with an opaque projector (mounted on rails hung from the ceiling) to the required size on a sheet of linoleum. The pattern is then cut by hand in the linoleum.

Next step is to make a master pattern, with a pantograph engraving machine. A pantograph is a machine with two styluses, pens or other instruments connected so one will imitate — on the same or a different scale — the motions of the other. In a pantograph engraving machine, one stylus is used to follow the pattern, and a rotary cutting tool cuts a similar pattern in the material. All Mercier's machines are used to reduce the pattern size on scales of about three to one. The master pattern cut in brass is smoother than that linoleum pattern but not quite as durable. The engraving finished, it is clamped in place on the engraving machine and the final work is ready to begin.

Newest line produced by P.M.I. is a maple leaf flag design silk-screen printed on plastic with a pin on the back, for which a broach. The pins hit the market in Belleville last week and are slowly spreading out to other districts. Mercier hopes to have national distribution arranged in the near future.

Bomb Kills Two People In Georgetown

GEORGETOWN (Reuters)—An East Indian woman and her brother were killed by a bomb hurled into a room in this British Guiana city Thursday night. Two other persons were injured.

The latest incident brought to 138 the number of persons dead or missing in five months of racial violence between Negroes and East Indians.

SPRAYING BRUSH in the Tweed area, a Hydro forestry crew is using vehicles new to the job — bush tractors designed to haul timber around logging sites. The six-ton four-wheel-drive vehicles fold in the middle to steer. Driving the spray vehicle in this picture is Donald Brough, of Actinolite, driving the supply vehicle following behind is Leonard Maracle, of Shannonville. Picture was taken near Cooper.

Ontario Intelligencer

Sport Slices...

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, *Sports Editor*

" . . . And a little child shall lead them . . . "

You know where that quotation comes from. If not see your minister.

The sports desk of any newspaper, like Perry Como, gets letters.

The missive material according to a lengthy survey contains at least one slap-on-the-back to twenty greetings via the gutless mattress.

Some of them blasted the attitude of the upcoming crop of minor athletes. They were true, in some respects.

The public prints during the past hockey season ran red with the talk of criticism of minor hockey players resorting to mayhemic tactics. And rightly so.

Other sports have their troubles but on the whole, as I see it, the minors are carrying the banner of community spirit and sportsmanship—and in many cases offering a splendid example to their big brothers.

Last spring this department received a letter from out-of-town locals to our hockey-playing "little guys." It was a fine tribute.

But the little baseball guys are not letting the city down, nor are other pint-sized sportsmen in other phases of athletics.

A short time ago the Belleville peewees baseball team was invited to a tournament hosted by the Greater Niagara Falls Baseball Association.

They acquitted themselves well. They didn't bring home any championship bacon but did win one game before being eliminated in the second tilt of a knockout tournament.

Mr. Nels Sundstrum, president of the Greater Niagara Baseball Association, wrote this department a letter in which he paid fine tribute to the Belleville minor baseball team and his officials during their stay at the honeymoon city and their participation in his association's tournament.

This city in general and parents of the boys in particular should be proud of those youngsters who are described as "good sports and gentlemen."

The team, the coach, manager and others who went along made a fine impression on the Niagara baseball men and other citizens with whom they came in contact.

But Mr. Sundstrum's letter speaks for itself. It follows:

"You undoubtedly are fully aware of the importance of a well organized Minor Baseball program for the youth of our communities throughout each year. Most people take this for granted and have no idea of the time and effort put into such programs, by so few people.

"The gratification of such efforts not only comes when you have a successful season, but I think reaches its peak when visiting teams, who take part in tournaments, are described by the Host Club as good sports and gentlemen.

"The Greater Niagara Falls Baseball Association had the honor on the weekend of July 11th, of being host to the Belleville PeeWee team in our tournament.

"The boys were billetted on Friday and Saturday nights and I can assure you that each and every one will be gladly welcomed back, by their hosts, whether it be another tournament or a friendly visit.

"The coaches, Ed Christopher and Mac Hunter, without difficulty had the boys in hand at all times.

"We enjoyed our discussions on minor baseball with Ron Lapinette, your president, Gord Burnette, secretary and Reno Ashton, treasurer, and I would say to the people of Belleville, "Get behind your Minor Baseball Association and build better boys by building baseball."

"Trusting the Belleville "boys and adults" who visited with us enjoyed themselves as much as we in Niagara Falls enjoyed having them.

"Nels Sunstrum".

COURSE CLOSED

Bay of Quinte Country Club golf pro George Balam said yesterday that the club's golf course will be closed to member play from 6 a.m. August 1st to 6.00 p.m. August 3rd.

This is being done to give players participating in the three-day Festival of Golf the best course facilities possible.

DEFEATS URBAN

HAVERFORD, Pa. (AP)—The first and second seeded players, Mrs. Clark Graebner and Mrs. Karen Hantze Susman, both of California, reached the semi-final round of the women's Pennsylvania lawn tennis championships. Mrs. Graebner, of Santa Monica, Calif., won from Faye Urban of Windsor, Ont., 6-2, 6-1. The former Canadian junior champion could not match the power of the California's driving attack in the second set.

Rookie Homers 1st Big League Pitch

By MURRAY CHASS
Associated Press Sports Writer

Bernie Campaneris had a rocky childhood, but his American League debut went more smoothly than a Russian election.

Campaneris, a 21 - year - old Cuban, made an emergency overnight trip to join Kansas City Athletics, who had lost shortstop Wayne Causey in a baseline accident.

Shortly after arriving Thursday, Campaneris shocked two homers and a single, driving in three runs, as the Athletics clipped Minnesota Twins 4-3 in 11 innings. The rookie also walked and stole a base while the Twins dropped their eighth consecutive game.

As a child in Cuba, Campaneris trained diligently to become a big league ball player. He even threw rocks with both hands to develop dexterity.

In his first major league time at bat Thursday, Campaneris slammed Jim Kaat's first pitch over the fence in left.

COME UP SIX

That made him only the sixth player in major league history to hit a home run on the first time up.

In the seventh inning he hit another Kaat pitch over the same fence and became only the second in modern history to hit two homers in his first game.

Bob Nieman did it with the old St. Louis Browns in 1951.

One of the other five players to hit a first-pitch homer was Hoyt Wilhelm, now of Chicago White Sox. The veteran pitcher got a key single Thursday in Chicago's 2-1 victory over Los Angeles Angels in another 11-inning contest.

Elsewhere in the AL, Washington Senators edged New York Yankees 2-1; Baltimore Orioles trounced Cleveland Indians 7-1 and Boston Red Sox trimmed Detroit Tigers 4-3.

Campaneris' second homer, with a man on, tied the game 3-3 after Harmon Killebrew's 34th homer with two aboard gave the Twins a 3-1 lead in the sixth inning. Doc Edwards won it for the Athletics with a homer off Gerry Arrigo in the 11th.

BROKE STRING

The White Sox broke Dean Chance's scoreless pitching string at 27 innings with a run in the first but had to wait 10 more innings for the triumph. A double by Felix Torres and Bobby Knoop's single tied the mark in the Angels' eighth.

Then in the 11th, Mike Hershberger walked, went to second on Wilhelm's single and scored on Tom McCraw's single.

The Yankees held a 1-0 lead until the eighth when Jacob-hilter Jim King lashed a bases-loaded single, driving in two runs.

The Orioles moved within five percentage points of the first-place Yankees as Robin Roberts pitched a five-hitter for his 282nd victory against four defeats. Sam Bowens drove in four runs with a two-run single in the first inning and a two-run homer in the third while Dick Brown smashed solo homers in the sixth and in the eighth.

Boston edged Detroit on Felix Mantilla's sixth - inning home run. Bullpen ace Dick Radatz preserved Dave Morehead's sixth victory in 16 decisions.

Minor Baseball Results

Jaycees clipped Barriage Landscapers 8-5 in a Bantam division Minor Baseball league game played at Park Dale last night.

Paul Goodfellow scattered eight hits over the distance for the Jaycees. He got five via the batted system and loaned one base - on - balls. Dave Thornton was his receiver.

Howard Wark tagged for 10 hits while handling the Barriage pitching. He clakmed 13 strikeout victims but handed out 10 free passes. Bernie Howe was his battery mate.

Paul Goodfellow banged a big bat for the winners, clouting two home runs and a single. Dan Parliament and Dave Thornton ace knigled twice. Lawn Lapenskie, Atkinson and Paul Goodfellow once each.

D. Roper rapped a double and single for the losers and Paul Howe had two singles. Howard Wark hit a triple, R. Howe, B. Skeir and T. Wilson a single apiece.

Champion, Ex-Champions Eliminated

Youth Steals Amateur Spotlight

By PHIL CORNFORD

TORONTO (CP) — A youngster stole the limelight Thursday and many veterans, led by defending champion Bill Morland of North Bay, headed home to await another crack at the Ontario amateur golf championship.

Twenty-year-old Brian Wilcox of Thornhill, Ont., was responsible for the departure of one of them as he headed into the third round today with two impressive victories behind him in match-play under a blazing sun on the Weston Golf and Country Club course.

Wilcox, who won the Canadian Junior championship in 1960 at the age of 16, needed only 13 holes to dispose of 1960 Canadian amateur champion Bruce Castator of Toronto 7 and 5.

Morland was eliminated in the second round by Don Hill of London, Ont., and was followed by two former Ontario champions—his brother Dave Morland and Jack Nash of London.

But it wasn't only the juniors that caused the upsets. Veteran Ernie Beasley, who has won the Weston club championship 12 times, eliminated 23-year-old Paul Williams of Burlington, Ont., 3 and 1 in the first round. Williams had led the qualifiers with a course amateur record of six-under-par 66 Wednesday.

FAVORITES ADVANCE

The two favored contestants for the championship — Nick Weslock of Toronto, who has won the championship five times, and Gary Cowan of Kitchener, who has long sought to add the Ontario title to his string of laurels that include the current world amateur championship—made it into the third round.

Wilcox, who has been playing on the New Mexico State University team for the last two years, shot a 69 in the qualifying round and proved it was no fluke Thursday. He got his revenge against Bruce Brewer of Toronto, who had beaten him for a place on Ontario's four-man Willingdon Cup team Wednesday, defeating him on the 19th hole.

Bill Morland swept through the first round with a 3 and 1 victory over Gordon MacKenzie of Toronto but ran into trouble as soon as he faced Hill, Hill, 32-year-old owner of two construction firms, lasted through the first three holes but halved the next three, Morland took the seventh and then fell behind as Hill won the next three holes in another outburst of energy and skill.

Hill needed only one hole to win and he was almost denied the victory when Morland, facing a five-hole deficit, hit form and captured the 14th, 15th and 16th with birdies. He was going for another birdie on the vital 17th when he missed a long putt and halved the hole.

Nash, 23, who first won the Ontario championship in 1959 and repeated in 1960 and 1964, was extended to 21 holes—the longest match of the day on the 6,456-yard course — before he gained a first-round victory over Carl Charlton of Preston.

He had a short break and then headed out for the second round, which went to the 19th hole when Don MacGregor of Brantford beat him by a single stroke.

Dave Morland, who won the title in 1960, went down on the 18th hole of the first round to Gordon Hall of Toronto.

Weslock won his matches against Ronald Brown of Kingston and Herb Epstein of Toronto 5 and 3 and 3 and 2 respectively, while Cowan was taken to the 20th hole by Ted Durey of Thornhill, Ont., before he went on to a second-round, 3-and-1 victory over Greg Fatter from Hamilton.

Has Commanding Lead

St. Kitts Leads Royal Henley

ST CATHARINES, (CP)—St. Catharines Rowing Club, bidding for its fourth consecutive title, stroked to a commanding points lead Thursday during the second day of the Royal Canadian Henley Regatta.

The St. Catharines oarsmen recorded four wins in the seven finals run off to bring their points total to 130 at the half-way mark in the four-day 82nd annual event.

Buffalo West Sides, shooting for its first Canadian rowing championship since 1957, finished the second day's events in second place with 49 points. The Detroit Boat Club was third with 42½.

Hamilton Leanders had 34, Philadelphia Vespers R19, Brockville 19½, Philadelphia Undines 13½, Scorse, Mich., 10½ and Fort Credit, Ont., Dons 10.

Eleven other clubs, including two from Mexico, are competing.

The defending champions edged Fort Credit by a deck-length in the 145-pound junior fours in a time of seven minutes 12.6 seconds over the 2,000-metre course. St. Catharines registered its second win by covering the course in 6:39.8 to defeat the Detroit Boat Club in the junior 155-pound eights.

The club finished in its third win in seven minutes flat in the junior heavy fours, defeating Toronto Argonauts by two open lengths. The fourth victory came in the junior 135-pound eights with the St. Catharines No 2 crew covering the course in 6:44.4, just eight inches ahead of St. Catharines' No. 1 crew.

Buffalo West Sides defeated Toronto Argonauts in the junior heavy fours with coxswain by a one-foot margin in 7:01.2.

Bill Schmitt, a husky 20-year-old sculler, gave the West Sides their second victory of the day, winning the featured junior heavy singles 7:42.5, two lengths ahead of Otto Pletzner of Mexico City's Antares.

In the other final event of the second day, Scott McDuffee and Ron Dreher of the Detroit Boat Club stroked the course in 7:35.5 to defeat Al Casales and Rich Mazzo of Philadelphia Undines in the junior 145-pound doubles.

LOSE LAMBERT

MONTREAL (CP) —Flanker Willie Lambert has been lost to Montreal Alouettes for at least one month with a broken hand. Lambert, McGill University graduate, was injured Wednesday night in an exhibition game against Saskatchewan Roughriders.

Kidd Says Canadians Can Do It

TORONTO (CP)—One person seems confident a Canadian can run a mile in under four minutes at the Metropolitan Toronto Police Games Saturday night.

In fact, Bruce Kidd, Canada's fastest distance runner, believes the conditions are right, we can both do it." Kidd said, "And Ergas Lepa could be there too. After all, Crothers would have done it last year but the track was slow from a heavy rain."

Coming from the 20-year-old East York track star, the prediction seems believable because two years ago, in the same meet, he became the country's fastest miler with a 4:01.4 time.

Burdette's Clouting Clobbers Giants

Homer, Triple, 2 Singles

By THE CANADIAN PRESS

When Chicago Cubs picked up Lew Burdette from St. Louis Cardinals last month, some people wondered why in the world they wanted a 37-year-old pitcher who hadn't had a winning season in two years.

To head up their batting strength, that's why.

At least the one-time ace of Milwaukee Braves' mound staff made it look that way Thursday night as he pounded a home run, a triple and two singles to give the Cubs a resounding 12-4 triumph over San Francisco that dropped the Giants two games off the National League pace.

Inevitably, a reporter asked Burdette afterwards when he had last collected four hits in a game.

"In 1921," the pitcher deadpanned.

WIDEN EDGE

With Burdette's help, Philadelphia Phillies took the biggest edge over the Giants that either contender has enjoyed in a month by staggering to a 13-10 victory over the Braves in 10 innings. The third-place Cincinnati Reds snapped a five-game losing streak by shading New York Mets 5-4, Pittsburgh Pirates hammered St. Louis 8-5 and Los Angeles Dodgers slipped Houston Colts 5-4.

Billy Williams and Ken Gabrielson also tagged Billy O'Dell for homers as the San Francisco starter was bombed for 13 runs, and 14 hits in seven innings. Manager Alvin Dark explained that he left his starter in there in hopes of sharpening him up as a replacement for the injured Jack Sanford in his pitching rotation.

While O'Dell was laboring, Burdette was breezing. He had a 12-0 lead before the Giants scored, eventually was tagged for homers by Orlando Cepeda and Jim Hart but had little difficulty bringing his record to 7-2. It was his sixth victory since he was traded to the Cubs by Los Louis.

Johnny Callison hit two homers for the Phillies, accounting for five runs, and Gene Oliver and Denis Menke connected for the Braves as the lead changed hands three times in the last two innings.

In the 10th, winning pitcher Jack Baldschun singled and Richie Allen, who had made two costly errors, beat out an infield hit.

Pedro Rojas followed with a two-run double that snapped the tie.

The Reds beat the Mets with the aid of sixth-inning errors by Rod Kanehl and Charlie Smith, misplays that helped a single by John Edwards, that accounted for the winning run.

Bob Bailey and Bill Virdon each collected a homer among their three hits as the Pirates bumped Mike Cuellar and three successors. Pitcher Bob Veale was the only Pirate who had a multi-hit game, getting two singles and a double.

The Dodgers trailed 4-2 going into the ninth when Nate Oliver's single, a walk and Maury Wills' double tied it. Then Willie Davis then beat out an infield hit, loading the bases. Ron Fairly wrapped it up with a two-out, two-run single.

B. D. Softball Playoffs

Tweed, Trenton Win Openers

By GARRY ALEXANDER
Sports Staffwriter

Tweed Lombanks and Trenton Commercial Printers both blew early leads but came back to draw first victory blood as the Belleville and District Softball League playoffs opened on two fronts last night.

Here in Belleville, Trenton rung on to nip Ellis Juniors 5-4 after leading 4-0 in the early stages.

In Madoc, before a large crowd, Tweed saw a 6-1 lead vanish before edging Trudeau Motors 8-7 on a bases-loaded single in the 11th inning.

Second games in both 3-of-5 sets will be played Saturday night. Tweed visits Trudeaus at the CNRA Park at 6.45 and Ellis Juniors go to Trenton for a 9.00 p.m. fixture.

MADOC — Trudeaus scored three times in the seventh and three more in the eighth, to send the error-riddled but exciting tilt into extra innings tied at 7-7.

In the top of the 11th, Lombanks' Ray LeSage let Zakos' leadoff single go through him in centre for a two-base error but the runner died on third and LeSage got revenge in the bottom of the inning.

Bobby Green, who had pitched a strong game, left in the 11th after three errors, a passed ball and a walk with none out. Doug Ellis took over but Carleton's Tweed loaded the bases and T. LeSage slashed a clean base hit to right, ending the scoring threat.

Plane's two-run single was the big blow in the losers' seventh while three errors, a passed ball and Green's hits helped them tie it in the eighth. Tweed had gone ahead 4-0 in the top of the first on a bobble in the bottom of the seventh.

Two miscues and three hits got the winners a pair in the first while hits by Gorr and Green's pass ball gave Trudeau's added one in the third. A threebase throwing error sent two home in the fourth.

Faulkner singled home Trudeau's game-opening run after an infield hit and an error and later was robbed of a homer by Carleton's one-handed catch in the deepest part of left field.

Richard Morton was the winning pitcher, taking over from Blaine Healey in the eighth. Healey was charged with all seven Trudeau runs and 10 of their 13 hits, despite striking out 13. He had control trouble, walking five. Morton struck out a pair and passed one.

Green was the loser after striking out nine and allowing four before he tired and left with a sore arm in the 11th. All in all, Tweed collected 11 hits.

Terry LeSage, Garry Gorr, Paul Neves and Lorne Carleton had two hits each for Tweed and Bert Sherry got the other. Rick Locke had three, Paul Zakos and Green two apiece for Trudeaus. "Pug" Kellar, Bob Wannamaker, Bert Faulkner, Ralph Plane, Billy McGuire and "Shiner" Murray split the others.

Trudeaus	100 000 330 00	—	7 13 7
Tweed	301 200 100 01	—	8 11 1

Batteries: B. Green, D. Ellis (11) and F. Murray; B. Healey, R. Morton (8) and G. Gorr.

Suns Whip Leafs 7-4, Chiefs Lose

By THE CANADIAN PRESS

The way things turned out, the worst thing that happened to Toronto Maple Leafs Thursday night was that they got two men on base in the ninth inning with only one out.

Tied 4 - 4 with Jacksonville Suns, manager Sparky Anderson sent two successive pinch hitters against the International League leaders but couldn't get a run.

So Marshall Bridges, who had been mowing down the Suns for three innings, was replaced in the 10th by John Anderson. And the rest of the story is on ice.

When it was all over, the Suns had a 7-4 victory and Anderson went down to his ninth defeat in 10 decisions.

In other league games, Atlanta Crackers split with Buffalo Bisons, winning 6-2 and losing 4-1, and Columbus Jets edged Syracuse Chiefs 4-3 after being blanked 2-0 in the opener. Rochester Red Wings and Richmond Virginians were rained out.

GETS TRIPLE

Anderson's troubles began when former Leaf Neil Chrisley led off the 10th with a triple and scampered home on a single by Ron Cox Miller pinchhitter Barney Schultz eventually singled Cox home and the third run counted on a bases-loaded error by second-baseman Bob Sadowski.

Back-to-back homers by Don Dillard and George Kopacz of the Leafs in the seventh inning had set up the extra-inning allocation.

Bunky Warren, who joined the Bisons a few hours before, stopped Atlanta on five hits after the tail - end Crackers hammered five home runs to take the game's first Buffalo Southpaw Doug Gallagher of the Chiefs and rookie Billy Knoch of the Jets turned in stout pitching performances to grab the victories at Columbus.

CONSIDER STADIUM

VANCOUVER (CP) — British Columbia Lions football club, dissatisfied with their present stomping grounds at Empire Stadium here, are thinking of building their own stadium in suburban Burnaby. Lions' president Clarke B. Delbridge said Thursday the Western Football Conference club had initiated discussions for construction of a 60,000-seat stadium on Simon Fraser University property.

Beat Point Anne, Daubers Win

Landscapers Eye Flag

A combination of City Hotel's 6-4 loss to Ter-Hiar Daubers and Barriages 5-3 victory over Point Anne Cementmen gave the Landscapers a straight-sail on the Commercial Softball League pennant last night.

Barriages "magic number" now stands at one with just a little over a week left to play in the schedule. The club had clinched at least a tie for first place.

Point Anne held a 3-1 lead at one time last night but Barriages got one back in the fifth and won it in the sixth on G. Wood's three-run homer. A walk and fielder's choice put the men on ahead of Wood's circuit clout.

Gerry Genersaux pitched the victory, letting the losers down on five hits in an error-filled contest. He struck out five and walked four. Vern Whalen was touched for nine hits in a losing effort. He fanned none, walked three.

SOLUNAR TABLES
WHEN TO FISH OR HUNT
by John Alden Knight
Order from this paper
The following chart is for the period from Saturday July 25th, to Sunday, August 2nd.
All times are Eastern Day light Saving Time.

Day	Minor	Major	Minor	Major
	A.M.		P.M.	
Saturday	6.15	——	6.30	12.59
Sunday	7.06	12.50	7.25	1.15
Monday	8.00	1.45	8.20	2.10
Tuesday	8.50	2.35	9.10	3.00
Wednes.	9.40	3.25	9.55	3.45
Thurs.	10.30	4.15	10.45	4.30
Friday	11.20	5.05	11.40	5.30
Saturday	——	5.55	12.10	6.20
Sunday	12.30	6.50	1.05	7.15

Gary Wood rapped a single and his homer to spearhead the winners' attack. Cy Radford, Jim Sopha and Gordie Duff each singled twice and Tim Cook once.

Jim Horwood had a double and single for the Cementmen. Powell, Whalen and E. Maher also had base knocks.

Ter-Hiar came from behind 3-1 with a trio in the fourth, three runs in the fifth and one and clinched it on Latchford's solo homer in the sixth against Gordie Duff.

Ron Poitner gave up 11 hits but stayed the route on the Dauber hill. He struck out a pair, did not walk a man and got errorless support. Dave Fleming allowed seven hits at defeat, fanning four and walking two while the club had six costly errors.

Hugh Pointer was the lone winner with two as Latchford's home run was the only extra-base blow. Little, Bob Duggan, Jeffery and H. Pointer had singles.

Ialenti belted a City Hotel homer. Morgan and Sutherford got a double and single each, F. Donovan and Archer two singles apiece. Mullins and Feeney also hit safely.

Point Anne	200 010 0	- 3 5 8
Barriages	010 013 x	- 5 9 7

Batteries — V. Whalen and Mahaney; G. Genersaux and D. Wood.

Ter-Hiar	0103110	- 6 7 0
City Hotel	1300100	- 4 11 1

Batteries — R. Pointer and Latchford; D. Feeney and Ialenti.

ONE DISABLED LIST

BALTIMORE (AP) — Baltimore Orioles placed sore-armed right-hander Chuck Estrada on the disabled list Thursday for the second time in two seasons.

The 28-year-old pitcher, who won 18 games in 1960 and 15 in 1961, underwent an elbow operation last Sept. 25.

Sports Calendar

SOFTBALL—

Saturday — B. and D. playoffs: Trenton Commercial Printers vs. Tweed Motors, CNRA Park, 8.45; Ellis Juniors vs. Trenton Commercial Printers, Bay Shore Park, 9.00 p.m.

Monday — B. and D. playoffs: Trenton Commercial Printers vs. Ellis Juniors, CNRA Park, 6.45 p.m.

Monday — Commercial (2-0): Lightfoots vs Belvedere, (2-0), Sandwiched around a single by John Edwards, that accounted for the winning run.

Bob Bailey and Bill Virdon each collected a homer among their three hits as the Pirates bumped Mike Cuellar and three successors. Pitcher Bob Veale was the only Pirate who had a multi-hit game, getting two singles and a double.

The Dodgers trailed 4-2 going into the ninth when Nate Oliver's single, a walk and Maury Wills' double tied it. Then Willie Davis then beat out an infield hit, loading the bases. Ron Fairly wrapped it up with a two-out, two-run single.

Stevenson, Commercial (2-0); Lightfoots vs Belvedere, (2-0), sandwiched around a single by Ter-Hiar, Alemite, 6.45 p.m.

Monday — Intermediate: Fisher Bodies vs Willetts, (Zwicks), 8.30 p.m.

BASEBALL—

Tuesday — Eastern Ontario benefit: Belleville Joyce Realty at Oshawa Athletic Park, 8.00 p.m.

Saturday — South Hastings: Deseronto at Tweed, Flaherty Concrete at Latta, 8.45 p.m.

Sunday — Eastern Ontario benefit: Belleville Joyce Realty at Kingston, 2.00 p.m.

Sunday — South Hastings: Read at Shannonville, 2.00 p.m.

WRESTLING

Tonight, and every Friday, three professional bouts, Belleville Memorial Arena, 8.00 p.m. (This week featuring the midgets).

HARNESS RACING

Every Saturday, Quinte Driving Park, 8.00 p.m. races. Belleville Agricultural, 8.00 p.m.

TRAP AND GUN

Quinte Trap and Gun Club's regular shoots, every Sunday, 10.30 a.m., and Wednesday, 6.30 p.m.

HORSE BASEBALL

Saturday — E.O.B.A. Qualifying first game: Kingston, 2.00 p.m.; Peewees and Bantams vs Belleville, at Kingston, 1.00, 3.00 and 5.00 p.m.

Sunday — E.O.B.A. Qualifying play: Belleville Peewees and Bantams at Kingston.

MINOR BASEBALL

Monday — Tyke: Redsox vs Canadiens, Leafs vs Bruins; Harold ve Hawks, (P.S.S.): Rangers vs Leafs, (P.H.): Bobcats vs Wings, (Q.M.), 6.15 p.m.

LAWN BOWLING

Saturday, Quinte Four play downs, Belleville Lawn Bowling Club, beginning at 9.00 a.m.

PILOUS NAMED

VICTORIA (CP) — Rudy Pilous was confirmed Wednesday as coach of Victoria Maple Leafs, new entry in the Western Hockey League. Pilous, a former coach of Chicago Black Hawks, coached Denver Invaders of the WHL last season. The Invaders moved to Victoria under the name Maple Leafs this year.

Track Meet Attracts 260

SUMMERSIDE, P.E.I. (CP) — About 260 athletes from five provinces are expected to be on hand today for the Eastern Canadian age-class track and field championships.

Athletes from Ontario form the largest contingent with several entries rated as good bets to break Canadian midget, juvenile and junior records.

CAVE DWELLERS

Animals that live in caves and never venture out are called troglodytes; most are blind and colorless.

Was Gold Medal Hope For Canada

Shot-Put Champion Forced Out

By JACK SULLIVAN
Canadian Press Sports Editor

Sports is shattering news. said Ken Wright this week when Dave Steen, Canada's champion shot-putter, announced he had given up competition for a year. The young giant from Burnaby, B.C., has been hit by mononucleosis, a blood disease.

"There goes a possible medal hope at the Tokyo Olympics in October right down the drain," said Twigg, who managed Canada's team to the 1962 British Empire Games at Perth, Australia. Steen won a third-place bronze medal in his specialty.

"It is by no means an exaggeration to say that Steen was within reach of a medal and certainly within reach of finishing in the first six at Tokyo," Twigg added.

"This is a definite blow to Canada's hopes. We haven't many possible medal winners in track and field and he showed us at Perth that he had the ability to improve and to be ranked right up there with the world."

CLOSE TO 64 FEET

Steen is six feet four inches tall, weighs 216 pounds and is only 23 years old.

"He has come awful close, within about one-half inch, of hitting 64 feet and, apart from the Americans, there are only a few Europeans reaching that kind of mark.

Another track official, Paul Poce, of Toronto, who coaches Abigail Hoffman and Jenny Wingerson, two Olympic hopefuls, expressed the same sentiment. "Steen's loss is a shocker."

"Now," said Poce, "we haven't anybody in Canada close to world ranking in field events and that is a situation that is a crime."

Poce was critical of the Amateur Athletic Union, which governs track and field in this country, and the Canadian Olympic Association.

NEED COMPETITION

"The AAU is working in the wrong direction if it is concerned mainly with administration and paper work and doesn't seem to concern itself with training and competition for our young athletes.

"We have the talent. We have athletes who are interested in track and field across the country, but they haven't the leadership. The leading country in the world in track and field is the United States, just south of our border, and we have only three or four athletes competing in their open championships.

"We should be competing in the U.S. in depth, but it is a matter of money, and that's where the Olympic people are letting our athletes down. All they are doing is raising money to get teams to Olympic Games. Part of this money could be used to send athletes to the U.S. and Europe in the off-Olympic years to give them that badly needed international competition."

Poce, who just returned from England where his two athletes competed, said competition there was "fantastic."

"There's lots of it and in depth and our Canadians are going to see it in Tokyo in October not only from British athletes but from those right across Europe and from the U.S."

Insurance Open
Geiberger Tops With 64

HARTFORD, Conn. (AP)—Al Geiberger shot a seven-under-par 64 Thursday to lead the opening round in the $50,000 Insurance City open golf tournament.

It was two strokes better than his nearest competition, Al Besselink, Jim Feree, Jack Rule, and Bert Yancey. Wilf Homenuik of Winnipeg was four strokes off the pace with 36-32—68. A stroke behind him was A. Balding of Toronto, who took 33 to complete the second half of the round. Balding was tied at 69 with Sam Snead and Billy Casper.

Ken Venturi, the U.S. National Open champion, and Bobby Nichols, the PGA winner, were six strokes behind Geiberger.

Drysdale Fractures Thumb

NEW YORK (AP) — Right hander Don Drysdale of Los Angeles Dodgers received the news Thursday on his 28th birthday that his right thumb is fractured, which will keep him idle for about 10 days. It was one of five serious injuries that sidelined key personnel in the major leagues.

Philadelphia Phillies lost 300-hitting Danny Cater for at least six weeks and possibly the rest of the season, pitchers Chuck Estrada of Baltimore Orioles and Ray Washburn of St. Louis Cardinals were placed on the disabled list and Kansas City Athletics lost shortstop Wayne Causey for 10 days.

Drysdale suffered the hairline fracture while slugging flies Wednesday night before the game against Houston.

Six weeks is the estimate of inactivity for Cater, who broke his left wrist Wednesday night in a collision with Joe Torre of Milwaukee Braves at first base.

Estrada, a 26-year-old right hander who won 18 games in 1960 and 15 in 1961, underwent an operation last year to remove a bone spur and calcium deposits from his elbow. The arm has not responded and Estrada has pitched only 32 innings for a 3-1 record.

Washburn complained of pain while pitching against the Pirates. X-rays showed calcification of his right shoulder joint. Cayger, hitting .260, hurt his left elbow in a collision with first-baseman Bob Allison of Minnesota Twins.

SUPPLIES TIN

Malaya, part of the Federation of Malaysia, produces a third of the world's supply of tin

Champion Leads Que. Amateur

OTTAWA (CP) — Defending champion Don Davidson of Aylmer, Que. carded a four-under-par 68 Thursday to lead the field of 96 golfers in the qualifying round of the Quebec Amateur golf championship.

He toured the front nine in 34 shots, three better than par, and came home in 35, one under, over the 5,746-yard Ottawa Hunt Club course.

Playing under a clear sky with the temperature in the mid-80s, Davidson was over par on only one hole. He picked up three birdies and broke even with par on the other 12 holes.

Two shots behind the defending champion were Andy Nelan, H. J. Rivermead, and Henry Sellakwe of Thetford Mines, Que., who each had a 35 going out and 36 coming in, for an 18-hole score of 71.

Glen Sealey, Hull Rivermead, had the fourth best score with 72, while Pete Zebtchuk of the host Hunt Club came in with an even par 73 for the fifth best round.

BIG SALES

Major purchases of wool by British and Japan have pushed Australian export figures to record levels this year.

The Trots

TORONTO (CP) — Canadian intrusion found the inaugural of the $ 1-6-mile distance for trotters to his liking and handily captured the junior invitation event Thursday night at Greenwood raceway.

The 3 to 4 choice in the field of six, Canadian Intrusion led from start to record his fifth win in 12 starts this year for owners Ross and Colin MacKinnon of Owen Sound.

Canadian Intrusion covered the distance in 2 minutes 32 5-6 seconds, in scoring a 3½-length decision over Frisco Van R., driven by co-owner Clarence Lockhart of Collingwood.

Lullwater Frost from the Armstrong Brothers stable of Brampton raced up to take third place by a nose from Penny Coelen, owned and driven by John Findley of Arpprior.

The finish of Canadian Intrusion and Frisco Van R. provided a quinella of $19.70.

Eastern Football Conference
Sells TV Rights For Million

MONTREAL (CP)—The Eastern Football Conference has sold television rights to its 1965-66 games to an advertising agency for $1,000,000.

"It's the most money we've ever received for our television rights," EFC president Harry O'Brien told a press conference Thursday. "It's a great step forward in the history of the game."

O'Brien said the agency also will have an option on the Grey Cup games for the two seasons.

The record price, paid by the Montreal firm of Bouchard, Champagne, Pelletier Limitee, means a healthy increase in revenue for the four EFC teams. Each club will receive an extra $25,000 a season for the rights.

The television contract for the current season, worth $401,000, is shared by the CBC and private CTV networks. But now they'll deal with the ad agency for the privilege of telecasting eastern football.

Jean - Paul Champagne, a partner in the agency, explained the firm's plans for the TV rights:

"First, it goes without saying, they are for sale," he said. "Second, we plan to improve the quality of the football image on television. We do not say it is bad now, but we feel improvement can be made and we are going to try and do it."

ARE MAIN CONCERN

Technical improvements are the chief concern, he said, and also we want to give a better football package to the sponsor because, after all, they pay the tab."

A better package meant, among other things, a better quality half-time show.

The contract, agreed on after near - secret meetings, was signed July 12 in Ottawa by O'Brien, Ottawa president, Jake Gaudaur of Hamilton, Ivey Hayman of Toronto, Montreal's Ted Workman and Sam Berger, league trustee.

O'Brien, whose low - budget team will stand more solidly in the black, was an elated spokesman for the league.

"By selling our rights to an advertising agency," he said, "we are doing what the National Football League in the United States has been doing for years, and which has been very successful for them."

Closed circuit television rights were retained by the teams. The agency hopes, however, to acquire radio rights as well.

Amateur Golf Results

Jack Nash, London, Ont., defeated Carl Charlton, Trenton, one up.

Bob Jarvis, Welland, defeated Doug Lauder, Toronto, 2 up.

Greg Patterson, Toronto, defeated Harold Dietrick, Kitchener, 3 and 2.

Bob Mason, Welland, defeated Roy Boyes, Toronto, 8 and 6.

Gary Cowan, Kitchener, defeated Ted Durey, Thorahill, Ont., one up.

Ken Thorpe, Toronto, defeated Jeff McGraw, Oshawa, one up.

Kent Lloyd Kingston, defeated Ian Thomas, London, Ont., one up.

Gordon Ball, Toronto, defeated Dave Morland, North Bay, one up.

Second round:

Layton Baumgart, Kingston, defeated James Waite, St. Thomas one up.

James Neale, Hamilton, defeated John Mickle, Ridgetown, Ont., 4 and 3.

Gary Cowan, Kitchener, defeated Greg Patterson, Toronto 3 and 1.

Al Cassidy, Toronto, defeated Ken Lloyd, Kingston, 3 and 1.

OLD STANDS

Two species of redwoods — giant sequoia and the taller coast redwood—have flourished California for 60,000,000 years.

The Tracks

FORT ERIE (CP)—Nardeo, an Irish-bred which arrived in Canada in late May, scored his first victory in North America Thursday when he won the personals race here.

With Irish-born jockey Sam McComb in the saddle, Nardeo came from off the pace on the final turn and swept over Fort Erie's lush green turf course to defeat Sweet Cee Cee and Rococo Rogue.

Purchased in May by Lanson Farms of Toronto, Nardeo finished third in his first outing in this country, then ran dismally in his next two.

In the co-feature fifth race, Win Again, a two-year-old filly which Mrs. George Schreiber won in a $100 a ticket raffle last fall won her third race of the season.

Racing around the outside of four horses on the final turn, Win Again outraced Wally Wallace and Our Princess.

LONG REEF

Australia's Great Barrier Reef stretches for 1,350 miles, and measures 12 to 150 miles in width.

"BRIDGE ON THE RIVER KWAI"

"The Bridge on the River Kwai," the Sam Spiegel production at the Park Theatre today and Saturday in CinemaScope and Technicolor, won 27 international awards, 7 Academy Awards including "best picture." Alec Guiness, who stars in the film with William Holden and Jack Hawkins, was named "best actor." Director David Lean was named "best director," and the film also won awards for best musical score, best film editing, best photography and best screen play adaptation, by Pierre Boulle from his own novel. A Columbia Pictures release, "Kwai" also won some 30 other major international honours.

"The Bridge on the River Kwai" is a superb motion picture that is well worth seeing again and yet again.

"Bridge on the River Kwai" continues until Saturday. One complete show starts at 8:00. Feature at 8:30. Continuous show Saturday from 12:40 p.m.

At the Belle

Cast of Top-Name Performers in Jerry Lewis' "The Patsy"

Jerry Lewis' new Technicolor comedy from Paramount, "The Patsy" is showing at the Belle Theatre. The film is Lewis' 30th motion picture.

"The Patsy" is about a group of show business professionals whose mainstay, a famous comedian and movie star, suddenly dies. They decide to build a nobody into a star, substituting the newcomer for the dead comedian, and continuing with their individual jobs. For their replacement they select a bellboy (Jerry Lewis) who shows signs of having talent and what results is sheer bedlam.

"The Patsy" was produced by Ernest D. Glucksman and directed by Jerry Lewis from a script he wrote with Bill Richmond. Included in the cast are Ina Balin, Everett Sloane, Phil Harris, Keenan Wynn, John Carradine, Phil Foster and Peter Lorre, in what was to be his last movie.

A special feature in "The Patsy" will be a dance appearances by leading stars and show business personalities.

Sells and Gray Circus Comes to Town July 30

The Sells and Gray Circus will erect acres of billowing white canvas on Zwick's Island Thursday, July 30. Local performances will be held for benefit of the Army, Navy, Air Force Vets, Unit 201.

The circus has 3 rings of specially selected horses. Headlining the show are the peerless perfectionists of equilibrium on their rolling globes, the sensational Lacey Troupe. The family is known as the Royal Family of the Hungarian Big Top. Veterans of the greatest circuses on 6 continents, they come to Sells and Gray after a successful tour of the country's biggest Shrine Circuses. One of the true highlights of the entire performance occurs when the 8 Laceys balance on huge balls and roll up a narrow ramp, make a sharp 90 degree turn, and then roll up still another ramp, inclined at a 45 degree angle, and then roll down again, backwards. This is the only act in the history of the circus to accomplish this. It is described as "unbelievable and unforgettable" and is unparalleled in circus annals.

Sharing the spotlight are the pondering pachyderms, to be put through their paces by La-Christina — described as the world's most beautiful elephant trainer. The lovely belle was discovered at the Chipperfield Circus by her native Great Britain and was immediately signed to a long term contract.

Among children's favorites will be Pepito — television's funniest clown. He will present his famous comedy magic act which has amazed countless millions through his many network television appearances, and he has a new routine that is even funnier.

Executive Director Bill English has assembled a number of other acts heretofore seen by North American audiences only via taped television appearances. The Continent's greatest acts will make Sells and Gray truly America's Circus Internationale — a veritable miniature United Nations on wheels.

Chief among these acts are the Redcans — Holland's most fearless stars of death-defying unsupported ladder leaving. A daring display of ladder skill and split-second timing spells the difference between greatness and catastrophe.

From Denmark comes the ballerina equestrienne and the dine-hazardous feats of hurricane horsemanship; the Bonnellys are a French family presenting awe-inspiring acrobatic gymnastics, and Circus Hamburg gives the Schmidts — manipulating marvels and a dashing whirlwind display of unbelievable hotel dinner plates circumventing the ring spinning atop slender shafts. Scintillating Carmencita Dal Manzana is an aerial ballerina known as "Spain's goddess of the air".

Rounding out America's end of the show are the Capricious canines of Bonnie Bono — one set unmatched anywhere in the world which proved to be the hit of the show last year when she made her first visit to Ontario.

WILD ANIMALS

Certainly not to be missed is the menagerie carried by the circus. Among the most unique of the varied collection of denizens of the jungle is Fluffy—a rare guanaco recently imported from the Andes Mountains of Peru. Then, there's Tommy of the teenaged camel.

Congo, the giant man-killing ape is there, although of course, he is kept in a specially built escape proof cage and is constantly guarded. According to Sid Miller, zoological director of the entertainment, the beast from the heart of darkest Africa — has the strength of 8 men.

The present season opened early in March and was premiered at the elaborate winter quarters just north of Sarasota. Every bit of equipment has been rebuilt, new trucks have been specially constructed, and several thousand dollars have been spent on specially designed wardrobes. A completely new spread of canvas has been purchased — each individual tent brand new, fire proof and rain-proof. Not one detail has been spared to make this year's Sells and Gray Circus the finest circus in North America.

Director of 'Tom Jones' First Thought It a Mess

By BOB THOMAS

HOLLYWOOD (AP) — He looked more like an itinerant basketball pro than the winner of this year's academy award for direction.

Tony Richardson, in faded blue jeans, royal blue windbreaker and sneakers, was directing tests of Anjanette Comer as a mortuary assistant and Sir John Gielgud as a corpse for The Loved One. The British director was working on tiny stage of a Hollywood television studio despite the fact that the film is being released by MGM.

The Loved One, based on Evelyn Waugh's satire of the southern California undertaking industry, will be filmed entirely on location. The company will not be shooting in a local cemetery. A Beverly Hills mansion and its grounds will be used.

"It hate studios," Richardson explained. "It is simply not the studio type. I feel constricted in them."

The director also is reputed to hate interviews, yet he took time out from his fast-making to offer some comments on his work, past and future.

WON MANY AWARDS

Richardson is the man who made Tom Jones, which brought him every award in sight, including the Oscar.

"After I finished making it, I thought it was a mess," he said. "I was very sad all finished and disjointed, and I didn't see how anyone would make sense out of it."

He estimated the film's cost at $1,300,000 and hears that its finished gross ranges between $25,000,000 and $30,000,000. "Incredible," he commented.

"For since Tom Jones, I've been deluged with offers to make films from novels of the period," he said. "I wouldn't even consider them. I have an abhorance of repeating myself in anything I do.

"I plan to make four films before I make Charge of the Light Brigade," the director said. "That will be an immense project and I tell myself that it will take 18 months, but I know it will require more."

TV—Radio Column

Thinks 'Open Wider Please' Ideal Theme for TV Show

Edgar Buchanan, a veteran character actor, plays a lovable old rapscallion in CBS-TV's popular Petticoat Junction. Long before he was an actor, however, he was a professional man. He says a few words in defense of his favorite dentists in this column written for vacationing Cynthia Lowry.

By EDGAR BUCHANAN

HOLLYWOOD (AP) — Now that lawyers, surgeons, psychiatrists, clergymen, newspaper men, soldiers, schoolteachers and detectives have all been glorified by television, I'm willing impatiently for the business to do right by us dentists.

It's a matter of loyalty with me. After graduating from dental college in Portland, I practised 16 years in Eugene, Ore., before turning actor, and I don't like to see my old desire slighted.

I like acting fine, but sometimes I have a sentimental yen to get my hand on a drill and my knee on a patient again.

Some writers and producers have a compulsion to picture dentists as sadistic as dunbo. I suspect it started with Doc Holliday, the notorious dentist, gunslinger, gambler and boozer of the wild west, who spent more time pulling corks from bottles than pulling teeth. I knew some drunks. None of them is a frontier dentist but a few of them are writers and producers.

To get back to the theme of this essay, a dentist would make a dandy television hero. It may surprise you to realize that the average dentist is a two-fisted he-man. Take my own dentist, for instance. I know because every time I open my mouth he sticks both of them in there.

GOT THRILL

I was scanning the program listings for the evening in my newspaper when I spotted something called Probe and starring Dr. Alfred X. Burke. With that title it looked like a sure thing. You can imagine my disappointment when it turned out to be a guy lecturing on water pollution.

Then I noticed a listing that read Oral Roberts. Anybody with a name like that has just got to be a dentist. But I tuned in on a revival meeting.

Now comes the happy ending. In the theatre listings on the next page I caught sight of an ad for a picture called A Yank in Viet Nam, starring Marshall-Thompson. Now there's one I don't plan to miss. That Thompson is a young, husky, good-looking fella. He's good for our professional image. Looks something like a dentist.

At last those movie moguls are giving us dentists a break.

FIRST BIG SHOW

The Ed Sullivan Show stems from a 1947 Harvest Moon Ball in Madison Square Garden at which The New York Daily News columnist was host.

Balding To Play At Halifax

HALIFAX (CP) — Veteran golfer Al Balding will defend his Canadian Professional Golfers' Association title at the Ashburn Golf Club here Aug. 13-15, tournament chairman J. Doane Hallet announced Thursday.

Balding, the 40-year-old Toronto native who re-wrote the record books in Edmonton last year for his third national title, advised the local committee he is "most anxious" for a repeat this year.

Last year, Balding clipped a stroke off the previous record on 203 held by Vancouver's Stan Leonard. It was set in Quebec in 1961. Balding's records of 66-66 and 85 combined for an eight under par 202, two better than Leonard.

The CPGA tournament this year will be played over 54 holes, 18 holes each day. In case of a playoff, there will be an 18-hole showdown Aug. 16.

Home: GR 6-5813

Warm Welcome Given Cadets From Jamaica

PICTON (Staff) — 13 Jamaican Cadets arrived by aircraft at RCAF Station on Tuesday night. They received their official welcome on Thursday morning from the commanding officer of Picton Cadet Trade Training Camp, Lt. Col. David Veitch RCR, Kingston.

Approximately 600 cadets were on parade including the Jamaican contingent and participated in a ceremonial march past. The Jamaican Cadets are under the command of Conducting Officer Capt. Egbert Nathaniel Schloss.

In a welcoming address to the Jamaican Cadets, Lt. Col. Veitch is quoted as saying "the visit was clear evidence of the Commonwealth ties that bind our two countries." He also stated that he was sure the visit would do much to maintain and strengthen the association between the two. He told the Jamaican Cadets that Camp Picton during the early years of the war was one of the closer ties with the Commonwealth as the Camp was activated to the Elementary flying training school in the British Commonwealth Air Training Plan.

Even today it is the home station of Canada's United Nations "standby unit" (the 1st Canadian Guards.)

The commanding officer in closing his address assured the cadets that their first visit to Canada would be a great success and that they would everything that we could to make it so.

South Hastings Little League

Canniffton Comets held the undefeated Carmel team to a 7-7 tie in the second game of their South Hastings Little League baseball playoffs last night.

Carmel leads the two-of-three series one game to none. Last night's game will be replayed, with Canniffton at Carmel on Saturday, August 1, at 6.30 p.m.

Mike Muscliow pitched for Carmel while Bob Luffman was on the Comets hilltop.

Ron Mitchell and Royden Ritz each collected two Canniffton hits.

Duane Horton and Brownlee had a pair of hits each on Carmel's behalf.

Minto

MINTO — Salem Sunday School pupils enjoyed a picnic at crystal Beach on Sunday.

Mr. and Mrs. Jim Diamond of Florida, and Mr. and Mrs. Sam Diamond of Campbellford, visited Mr. and Mrs. Orval Jackson on Tuesday.

Mr. and Mrs. Jeffrey of Rosetown, Saskatchewan, were Tuesday evening guests of Mr. and Mrs. Ray Ploegman and Mr. and Mrs. Lorne Hagerman.

Mr. and Mrs. Jack Johnson and two children of London, were Wednesday evening visitors at the Hagerman home.

Mrs. Lorne Hagerman, Master Bruce Keller of Belleville, are holidaying with their grandparents, Mr. and Mrs. Stanley Keller.

Mr. and Mrs. Garnet Dunsford and daughter Bernice, of Sturgeon, Saskatchewan, were the overnight guests of Mr. and Mrs. Cecil Carter.

Misses Marilyn Geen, Jane Clemens and Sharon Hidge and Paul Heagle spent the weekend in Middlesex as representatives of the Junior Farmers of Hastings.

Mr. and Mrs. Arnold Reid and boys of Ottawa spent a few days' holidays with Mr. and Mrs. Phil Vance.

Mr. and Mrs. Harry Geen spent Sunday evening with Mr. and Mrs. Clare Geen of Thomasburg.

Mr. H. Cavalier of Belleville conducted the services of St. Thomas Anglican Church on Sunday morning. The music was accompanied by his wife and children and guests of Mr. and Mrs. Lindsay Tanner.

Mr. and Mrs. E. Broadworth attended their family picnic on Sunday. Mr. and Mrs. Paul Collins and boys of Campbellford; Mr. and Mrs. Doug Broadworth and family of Bancroft; Mr. and Mrs. Bob Elliott and girls of Kingston, and Mr. and Mrs. Fred Palmer of Peterborough.

Mrs. Elliott and girls remained for a holiday.

Mr. and Mrs. A. Bullman and Mr. and Mrs. V. Chaltey of Codrington were the guests of Mr. and Mrs. O. Jackson.

Mrs. Vera Alcombrack of Toronto, is holidaying at the home of her brother and family, Mr. and Mrs. Bert Heagle.

Gordon Graham By Golf Club

PICTON (Staff) — A farewell party was given Wednesday evening at the Picton Golf and Country Club for Mr. Industrial Acceptance Manager, Gordon Graham who has been transferred to Kirkland Lake.

A number of business associates and golfing friends gathered for the occasion to express their best wishes to Gordon for future happiness and success in his new post.

Homer Shields spoke for the group during two presentations to the guest of honour. The first gift presented was a pair of snowshoes "for getting around in Northern" and the second was a bridge set.

Gordon voiced his thanks and appreciation for the regret at leaving a community in which he had so many friends.

The incoming IAC manager Jim Demopoulos was introduced in those attending by Al Pearce, Mr. Demopoulos comes to Picton from North Bay.

Will Discuss Annexation

PICTON (Staff) — The proposed annexation to Picton of some 3,000 acres of Hallowell Township will be the topic of a meeting next week between the council members of the two municipalities concerned.

The meeting is scheduled for Monday evening, July 27th at Hallowell's new equipment garage on the Mariatown crossroad. Recently there have been two resignations connected with the proposed plan.

Harlem Kings Here July 27

PICTON (Staff) — The Harlem Comedy Kings softball team will be in Picton Monday evening July 27th to play an exhibition softball game with Bloomfield. The game will use for 8.15 p.m. at the Queen Elizabeth school ground.

The Kings are followed by the clown prince of softball "Showboat Buckner who has thrilled thousands of fans with his antics, wisecracks and above all his softball ability for the past 15 years. The team will use their complete bag of tricks in the game with Bloomfield. There will be jokes, pepperball, infield, rowboat acts and a complete playing of "Shadow Ball" in slow motion.

Pea-Canning Season Over

PICTON (Staff) — The harvest and canning of peas is over for another year in the county. Tuesday and Wednesday saw most of the factories wind up the late varieties. The rush has been made working late hours and much additional employment was given. Factories are now preparing for tomato canning in August, while a few are handling berries and cherries.

Latta

LATTA — Mr. and Mrs. John McFarlane, Billy and Dale of Kingston attended the Chumbley-Askey wedding and spent the weekend with her parents, Mr. and Mrs. Walter Chumbley.

Tuesday guests at the home of Mr. and Mrs. Charles Trevorton and Clare were the Rev. and Mrs. E. J. Kersey and family of Scarborough.

Weekend guests at the home of Mrs. Daisy Colden were her grandson, Mr. Wayne Gow, Mrs. Gow and Glenn.

Wednesday afternoon guests at the Trevorton home were: Mrs. Ella Trevorton and Jane, 8th line; C. DeJohn and Richard, and Mrs. Fred Ploegman of Carrying Place.

Miss Helen Treverton, 4th line, spent a few days last week with the Trevorton girls.

Miss Susan Trevorton spent Friday with her grandmother, Mrs. Frank Treverton of Belleville.

Mrs. Charles Treverton, Mrs. Harry Harrison and Mrs. Harold Treverton were guests at the same home.

Sunday evening callers at the home of Mr. and Mrs. Harold Skelly were: Mr. and Mrs. Alex Carroll of Rochester, and Mr. and Mrs. Dorwell Thompson, also of Rochester, and Mr. Bertie Lawrenson of the 7th line.

Miss Lorna Wilder is a patient in the Belleville General Hospital.

Mr. and Mrs. Harold Trevorton and girls spent Sunday with Mr. and Mrs. Allen Heagle, Mr. and Mrs. Wenzel and Peter of Bloomfield and Mr. and Mrs. Lorne Reid and Mr. and Mrs. Clifford Wilder and girls of Belleville at Presqu'ile.

Mrs. Jack Colden spent a few days last week with her granddson, Mr. and Mrs. Wayne Gow and Kathy of Whitby.

Mrs. Sherwood Thompson is a patient in the Belleville General Hospital.

GUESTS AT WEDDING

Mr. and Mrs. Walter Chumbley were guests at the Chumbley-Askey wedding on Saturday, July 18th at the Latta Tabernacle Church in Belleville.

Tuesday evening guests at the home of Mrs. Daisy Colden were her son and daughter-in-law, Mr. and Mrs. Armond Colden and ingrid of Shannonville, her daughter and son-in-law, Mr. and Mrs. Jack Gow of Corbyville and granddaughter, Mr. and Mrs. Duncan McInnis and Gregory of Belleville.

Mrs. Stanley Hazard spent a few days last week with Mr. and Mrs. G. Clalint of East Rochester.

Rev. E. J. Kersey of Scarboro attended Sunday morning service at the Plainfield United Church.

Weekend guests at the home of Mr. and Mrs. Charles Dickens, Jim and Sandra, their daughter and son-in-law, Mr. and Mrs. Ray Godbout and family of Perth.

Mr. and Mrs. Joe Perrolstone and Mr. and Mrs. Dorwell Thompson of Rochester were guests during the past weekend at the home of Mr. and Mrs. Bertie Lawrenson.

Myrtle Meeks is a patient at the Belleville General Hospital.

Mr. and Mrs. Chas. Treverton and Susan were Sunday guests at the home of Mr. and Mrs. Harold Treverton and family of 4th line.

Mrs. Len Brennan is a patient at the Belleville General Hospital.

Mr. and Mrs. Maurice Chumbley and family of Harrowsmith attended the Chumbley-Askey wedding at the Alliance parsonage on Saturday and spent the past weekend with his parents, Mr. and Mrs. Walter Chumbley.

PASS BILL

WASHINGTON (AP) — The U.S. Senate passed a $947,500,000 anti-poverty bill overnight in a major victory for President Johnson. The vote was 62 to 33.

Gordon Graham Gets Golf Club Gift

PICTON (Staff) — A farewell party was given Wednesday evening at the Picton Golf and Country Club for Mr. Industrial Acceptance Manager, Gordon Graham who has been transferred to Kirkland Lake.

A number of business associates and golfing friends gathered for the occasion to express their best wishes to Gordon for future happiness and success in his new post.

Homer Shields spoke for the group during two presentations to the guest of honour. The first gift presented was a pair of snowshoes "for getting around in Northern" and the second was a bridge set.

Gordon voiced his thanks and appreciation for the regret at leaving a community in which he had so many friends.

The incoming IAC manager Jim Demopoulos was introduced in those attending by Al Pearce, Mr. Demopoulos comes to Picton from North Bay.

Thomasburg

THOMASBURG — A cordial welcome is extended to Mr. and Mrs. Aylmer Smith and children who have moved into the United Church parsonage. Mr. Smith is the new minister in charge of the Thomasburg-West Huntingdon pastoral charge of the United Church of Canada.

Mr. and Mrs. W. Burd of Belleville and Mr. and Mrs. Roy Rose of Halloway were recent guests at the home of Mr. and Mrs. Bert Wednesday.

Mr. and Mrs. Oscar Clapper of Stirling attended the funeral of Mrs. William Gibbs held Wednesday afternoon from the late residence of Mr. and Mrs. Ross Wilson. Mrs. Clapper is the former Edna Morton of Thomasburg.

Mrs. Lorne Kemsley and son Kevin of Ottawa are spending sometime with her parents, while her husband is attending a summer course at Ontario College of Education in Toronto. Mr. and Mrs. Gordon Boldrick, Toronto.

Mr. and Mrs. H. E. Thompson and Miss Mary Hicks were recent guests at the home of Mr. and Mrs. Lorne Thompson of Trenton. Mr. and Mrs. Thompson and Mary motored to Stittsville, near Ottawa, where they visited Mr. and Mrs. Gordon Holdrick, Toronto.

Mr. and Mrs. Philpott of Toronto who visited with Mr. and Mrs. Orter here for some sometime, have returned home.

Don Gifford an employee of Thomasburg Auto Parts had the misfortune to get his left hand badly injured last Friday. Dan Gifford was badly lacerated and fractured his wrist.

Several ladies gathered at the home of Mrs. H. K. Morton last week and quilted two quilts for the Thomasburg U.C.W.

Mr. and Mrs. Jamieson Graham were guests of honor at a party in the I.O.O.F. Hall last Friday night. Dancing was enjoyed by all after which the evening was presented with a number of gifts. Mr. Graham is the son of Mr. and Mrs. Clarence Graham, Thomasburg, R.R. 2 and is in his graduating year from Peterborough Teachers' College. He will be on the staff of one of the public schools at Belleville in September.

Mr. and Mrs. E. Richardson, Kenneth and Barbara Reid, Ontario were Sunday guests at the home of Mr. and Mrs. Ross Wilson. Mrs. Wilson, Lola, Merle and Violet Morton were also visiting with them returned home.

Scoharie

SCOHARIE — Mr. Jim Hanna's brother, Harry Hanna, and sister, Mrs. Christella McBride, Detroit, sister, Mrs. Matilda Wardrope, Motherwell, Scotland, and son Peter of Detroit, Michigan were weekend guests of Mr. and Mrs. Jim Hanna and Paul. Mr. and Mrs. Harry Hanna has seen his sister, Mrs. Wardrope.

Best wishes were in charge of the service in Bloomfield United Church on Sunday morning. Mr. Beverly Foster was selection, delivering the message. Mrs. Foster, Janice and Teddy were guests at the home of their cousins, Mr. and Mrs. Burton Foster.

Mr. and Mrs. Don Parliament and Mr. H. Foster were Tuesday guests of Mr. and Mrs. Foster, Elizabeth and Thomas, on the occasion of Mrs. Parliament's birthday.

Mr. and Mrs. Stanley Jackson, Enterprise; Mr. Clarence Calnan, Mr. and Mrs. Ernest and Elizabeth and Thomas were Sunday guests of Mrs. Harry Foster in celebration of Mr. and Mrs. Jackson's wedding anniversary and Mrs. Ross Foster's birthday. Mr. Jackson is "Sunny Sue" of the Northern Circle of the Farmers' Advocate.

The Auxiliary to the County Home met at the Home on Tuesday afternoon.

HOLD SHOWER

A large number gathered at Orde Hall on Thursday evening in honor of Mr. and Mrs. Wilbert Daft (nee Pat Cunningham) on their recent marriage. Mrs. Earl Welbanks read the address and Donald Cunningham and Timmy Welbanks carried in the many gaily wrapped gifts. The young couple gratefully thanked everyone for their kindness.

Tables were set up and lunch served by the ladies to bring a pleasant evening to a close.

IS CHANCELLOR

EDMONTON (CP) — Newspaper publisher Francis Philip Galbraith of Red Deer Alta., has been elected by acclamation as chancellor of the University of Alberta for a six-year term, it was announced Thursday. Born in Guelph, Ont., Mr. Galbraith moved to Lethbridge in 1906 and to Red Deer in 1907.

Successful Living

A Little Neighborliness May Solve the Problems

DEAR DORIS — I have four small children. They can't even play with their bikes on the street because some of the neighbors send them home and tell them to stay there.

The kids around here are very nice because they throw stones at the kids, pound on the windows at night and throw things at the house.

One neighbor told me to keep my kids around their own corner and in their own yard (which is very small.) Yet her kid climbs over our fence and plays with my kids.

I never seem to get my work done because I try to keep my kids in their own yard. Some days I could just sit down and cry I get so disgusted, and nerved up. — UNWANTED.

DORIS CLARK

DEAR UNWANTED—It's unfunny. But could it be they worry when your little ones go far afield? Are those bikes ever on the road? How do you keep an eye on things?

For now, I'll suggest that you make that yard of yours fun to play in; the stores can help you with play equipment. And when the neighbor comes in, make him welcome! Half way through the morning, a plate of apple wedges or carrot sticks can mean popularity and peace.

* * *

DEAR DORIS — I am 15. A boy two years older than me asked me to the drive-in this weekend. There's another couple from out of town coming with us.

(1) What do I wear? What if I wear slacks and she wears a dress or vice versa?

(2) For those who should I tell to my date at the drive-in?

(3) When he brings me some flowers do I wait until he opens the door for me?

(4) What if he doesn't start to get out to open the door? Do I just hop out myself calling "thanks" and "good night?" — SCARED.

* * *

DEAR SCARED —

(1) A cool summer dress is still acceptable attire. Most boys prefer dresses.

(2) Not very.

(3) Yes.

(4) Wait. It's a poor date indeed who makes no effort to get out of the car with you and walk you up the steps to your own house.

* * *

DEAR DORIS — I wrote to you about the song I wrote. Took your advice and sent it away. It came back complete with music and it's not bad at all compared to the songs of those four freaks from Liverpool.

I'd really like to record it myself. I sang in the junior choir for years until my voice changed. Now I've been asked to join the senior choir but refused because I would be the only boy among seventeen ladies and seven old men.

No other boys sing and think I'm for the birds. I'm 16 and you know what it's like.

I sang solos at weddings. I've won awards for play-acting at school. I might fail my year but I'll finish high school if I go till I'm 90. Where do I start a musical career? — UNDECIDED.

DEAR UNDECIDED — If you're for the birds, start singing! Join the choir and start a trend. That's what a leader would do. Or, if you're missing your voice, what it takes.

Who knows what other music-loving fellows — and girls — you'd pull in with your? Don't let your future pass you by.

* * *

DEAR DORIS — I have been keeping company with a married man. He says he loves me and if I don't see him he is going to tell his wife what is going on. Even when he and his wife are out driving he calls for me (my husband included) and says he wants me to be with him when he goes.

If he sees me dancing with someone else he gets mad and goes home. Then he will tell his wife it is her fault; that she is trying to get her husband away.

I do love him, Doris. What should I do? — WORRIED.

DEAR WORRIED — Love, fiddlesticks! Your Romeo sets up his own standards of conduct, completely oblivious of the fact that married people ought not to make love to people they are not married to.

He needs his head read. And you need to take another look at your long-suffering husband.

* * *

DEAR DORIS — Our farm is near the home of my husband's former girl friend. On rainy days she goes to our house to spends hours with her and on sunny days she spends hours with him in our orchard. He never mentions having been with her.

My problem is to determine if they can retain their decorum and decency or if I should be more aware of it than the author also, so am I. She is always between us as truly as though she were there in person. I never mention that I know of this — and it depresses me beyond words. I am much in love with my husband.

Before we raise a family, some decision must be reached. Should I stay or leave him? — HURT AND CONFUSED.

* * *

DEAR HURT — Some men want to eat their cake and have it too. I suppose if your husband had married the other girl, he would now be interested in playing around with you — if you would be his type.

It's possible that this started out as innocent neighborliness, but from the way it is progressing, it may end up in the divorce court. It's time to face him with it.

* * *

Confidential to DISCOURAGED MODERN TEEN — It would seem reasonable for you to have a little more leeway. But if, as you say, you are "leaving your life in my hands," why not also give me your right address? When you do, enclose a self-addressed, self-addressed envelope, and repeat your questions.

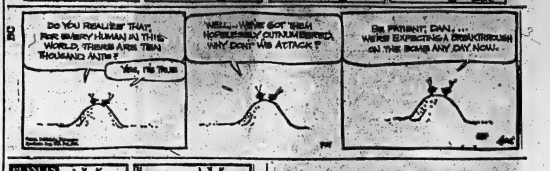
(Write to Doris about what's troubling you. And remember that stamped envelope!)

CATHOLICS ARRIVE

MONTREAL (CP)—About 100 Trinidad Roman Catholics headed by Most Rev. William Fitzgerald, Auxiliary Bishop of Trinidad, arrived in Montreal at Thursday night to start a 22-day tour combining religion and sight-seeing. They will be in Toronto July 29 to visit a number of Ontario shrines.

LIGHTNING KILLS 29

LAGOS (Reuters) — Twenty-nine people were killed and 11 others seriously injured when lightning struck a bus in which they were celebrating a wedding Wednesday night in Kongeria, Northern Nigeria, the Nigerian Broadcasting Corporation reported Thursday. Other buildings were also damaged and trees uprooted in the village.



Astrological Forecasts

By SYDNEY OMARR

For July 25 . . .

Aries (March 21 to April 19) One you most could charm you out of profits. Means be aware, alert and skeptical. Hold fast on ideas, property. Fine day if you are determined to carry out resolutions.

Taurus (April 20 to May 20) Important to attend to business affairs. Includes correspondence, fulfillment of obligations. Finish project. Tonight relax in company of stimulating companion.

Gemini (May 21 to June 20) Be perceptive. Realize that associate who appears antagonistic - - is merely upset. Chases to make "long distance" plans indicated. Do so. Get vacation routine in order.

Cancer (June 21 to July 22) Conserve energy. Be cautious where games, sports activities are concerned. Check files. There is project you should be considering. But you require all of the facts.

Leo (July 23 to August 22) Your sense of humor will prove great asset. Don't take others too seriously. Be a good listener. But also be conservative where promises, agreements are concerned.

Virgo (August 23 to Sept. 22) Special attention required where wardrobe enters picture. Be at your best. Attend to details - - and "big" projects take care of themselves. Get sufficient rest.

Libra (Sept. 23 to Oct. 23) Be considerate of feelings of children. Keep promises regarding entertainment, outing. Tonight flavors romantic pursuits. You could meet important person at social affair.

Scorpio (Oct. 24 to Nov. 21) Improve ability to seek harmony within family circle. Tendency for one close to you to lose temper is indicated. Be mature, understanding. Obtain hint from Gemini message.

Sagittarius (Nov. 22 to Dec. 21) Avoid seeing persons, situations in false light. Be factual. Throw off tendency toward wishful thinking. You can gain if you concentrate on task at hand.

Capricorn (Dec. 22 to Jan. 19) Budget time - - and funds. Hold the line on expenses. Your judgment is correct. Know this - - react accordingly. So-called experts not very "expert" today.

Aquarius (Jan. 20 to Feb. 18) Circumstances contrive to make you active - - where you might prefer to remain uninvolved. Extend helping hand to one in difficulty. Relax tonight with loved one.

Pisces (Feb. 19 to March 20) Receive increased degree of privacy. Think things through to definite conclusion. Heed intuitive intellect. If you are suspicious - - there is probably good reason.

If today is your birthday you are introspective, capable of discerning "story behind the story."

GENERAL TENDENCIES: Cycle high for Aquarius, Pisces, Aries. Special word to Libra: Be outgoing. Member of opposite sex takes special notice. Smile.

Hillier

HILLIER — Mrs. T. A. Wannamaker has returned home from Picton Memorial Hospital following surgery which resulted from infection from an injury.

Mr. and Mrs. W. A. Evans, Bryan and Colleen spent last weekend with her parents, Mr. and Mrs. A. Wannamaker. Mr. and Mrs. Evans are now settled in their new home at Brooklin.

Mrs. G. Lloyd, Mrs. James, Mrs. Vandusen and Mrs. H. Pierson called on Mrs. A. Wannamaker on Monday evening.

Mrs. J. Wannamaker and Mrs. H. Lancaster spent Tuesday with her parents, Mr. and Mrs. A. Wannamaker.

Mrs. M. Trumpour has been a patient in the Picton Memorial Hospital. Mrs. D. Minaker accompanied Mrs. Trumpour to her son's home on Thursday of last week.

U.C.W.

The U.C.W. of Rose Hall unit was held at the home of Mrs. Ross Pierson on Tuesday evening. Owing to illness several members were absent. Mrs. Pierson presided and Mrs. L. McCartney took over the duties of secretary-treasurer for the minutes. A vote of thanks was expressed to the ladies who had sent cards and visited Mrs. Wannamaker while in hospital. The opening of the devotional was given by Mrs. Pierson and the remainder was conducted by Mrs. J. Thompson. Mrs. R. Tice assisted Mrs. Pierson in serving dainty refreshments.

A GOODBYE KISS FROM KHRUSHCHEV — Soviet Premier Nikita Khrushchev kisses a little girl who was in the crowd that witnessed his departure from Warsaw for Moscow. Khrushchev went to Warsaw for the celebration of the 20th anniversary of Poland's Communist regime. (AP Wirephoto)

Asks Probe Of Kickback Charges

OTTAWA (CP)—Harold Winch (NDP — Vancouver East) said Thursday the Commons public accounts committee should investigate whether private architects employed by federal departments receive kickbacks from foreign equipment manufacturers.

He placed his proposal before the committee while members were questioning Lucien Lalonde, deputy minister of public works, on extra payments the department made in the 1963-63 fiscal year for work in excess of contract prices.

Mr. Winch said he understands that outside architects sometimes include in their specifications the use of equipment which must be imported. They did so even when Canadian equipment of better quality was available at a lower price.

Auditor-General A. M. Henderson said the works department should not be blamed entirely for all overpayments. In many cases the department was following instructions of other departments and overpayments resulted from decisions made by those departments.

A & W Boss Quits to Join Clergy

WINNIPEG (CP)—A booming drive-in restaurant business is helping Richard F. Bolte along the road to the ministry.

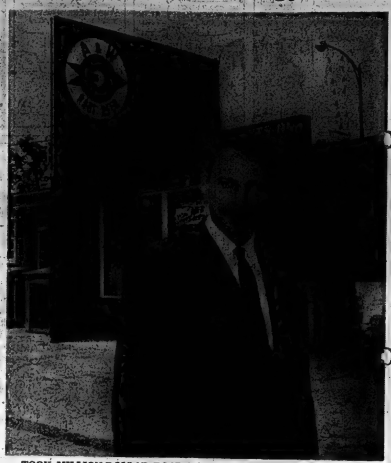
He came here from Missoula, Mont., eight years ago and established A and W Drive-Ins of Canada Ltd.

This year, at 33, he retired as president after seeing 116 drive-ins representing a capital investments of about $8,000,000 put into operation between Halifax and Victoria.

For Mr. Bolte, who now has moved up from the presidency to chairman of the board, the drive-in enterprise had a purpose from the start.

"I guess I've had the ministry in my mind since high school," he says. "I was convinced I could serve the best if I could be a free-lance theologian. To be that, I had to have financial independence."

A and W, which operates internationally with each country involved having its own franchise, had its beginnings in California in 1919. The Canadian head office is in Winnipeg.



Mr. Bolte will study at the Religious Institute of Science of Mind at Los Angeles for four years. He says the course will be non-denominational—a look at all religions—and will include studies in psychology at the University of Southern California.

Although he has found a home in Pacific Palisades, Calif., the father of three says he will return to Winnipeg four times a year.

Once his studies are completed he will decide what he will do as a minister.

As for his experience in business: "A million-dollar-a-year business can be built on strict Christian principles," he says.

"We've had our problems, mind you. At times we may have done things more quickly or profitably had we taken an easier path. But day-to-day use of Christian principles is essential to the long-range prosperity of any company. It works. We think we have proven it."

TOOK MILLION-DOLLAR ROAD TO MINISTRY — Richard F. Bolte, 33, stands before drive-in restaurant in Winnipeg, one of 116 he established across Canada since coming from Missoula, Mont., eight years ago. Mr. Bolte, chairman of A & W Drive-Ins of Canada Limited, representing an $8,000,000 capital investment, says he established the business to achieve financial independence to pursue a career as a freelance theologian. He plans to take a four-year theology course in California. (CP Photo)

White's District

WHITE'S DISTRICT — White's Church service was taken by Mr. Welch on Sunday. Mrs. James Palmer assisted in the service as pianist.

Mr. and Mrs. Archie Arbuckle and Teddy of Belleville were Saturday visitors of his sister and husband, Mr. and Mrs. Kenneth Smith.

A few from this district attended the Reid — York wedding in Bloomfield on Saturday.

Mr. and Mrs. Frank Westfall attended the wedding of their niece, Miss Geraldine Harry to Mr. Harold Lawrence on Saturday at Johnstown United Church and the reception which followed at Aikens Unlited Church hall.

Mr. Isaac Arbuckle, Mr. Frank Longergan and friends Betty and June, also Margaret Arbuckle and her friend Marion were weekend guests at the Smith home, returning to Toronto on Sunday afternoon.

Mr. and Mrs. Clayton Stickle were Sunday guests of Mrs. W. Jeffery.

Mr. and Mrs. Samuel Arbuckle, Nan, Margie, Sandy and baby Lesley of Toronto spent the weekend with his sister and husband, Mr. and Mrs. Kenneth Smith and other guests, returning home on Monday.

Tuesday callers of Mrs. Walter Jones who returned home on Monday from Trenton Memorial Hospital were Mrs. Lawrence Larsen and Mrs. W. Jeffery.

Mrs. C. Hatch of Montreal was a Wednesday guest of Mr. and Mrs. Albert Jones and attended the White's U.C.W. meeting which followed.

Mr. and Mrs. Ernest Curtis were Sunday callers of Mr. and Mrs. Frank Sandercock.

Mrs. Margaret Arbuckle of Carrying Place and Mr. and Mrs. George Soble and family of Amelasburg were Saturday evening guests of Mr. and Mrs. Kenneth Smith.

WORDS AND MUSIC

LONDON (CP) — An 1815 manuscript of Beethoven's arrangements of five Scottish songs was sold at Sotheby's for £3,200. In the same sale was a letter believed to have been written by Beethoven to Therese Brunsvik, which sold for £1,600.

Find 8 Bodies In Raid Upon African School

PRETORIA (Reuters) — The emaciated bodies of seven African youths and a witchdoctor were found in shallow graves when police raided a traditional "initiation school" a few miles north of here, police said Thursday.

Another eight boys were taken to hospital by police and 40 more back to their homes.

By African tribal tradition, boys on attaining puberty go to "initiation school" for ceremonies, including circumcision, after which they are regarded as adults.

Eldorado

ELDORADO — Miss Alice Howe has returned home after a stay in Kingston Hospital.

Mrs. Andy Kerr of Kingston spent the weekend with her father, Mr. Milford Stevenson.

A number from here attended the Empey — Shaw wedding in Belleville, on Saturday.

Mr. Don Fox of Toronto was the weekend guest of his father Mr. James Fox.

Mr. and Mrs. Elgin Post spent Saturday at Glenn Allan Park.

Misf Karen and Laverne McCann of Madoc has returned home after spending the past week with their grandparents, Mr. and Mrs. Mel Johnson.

Mr. and Mrs. Clayton Blackburn and triplets were Sunday evening guests of Mrs. C. D. McCann.

Mrs. C. D. McCann spent a day recently with Mr. and Mrs. Clayton McCann and boys who are camping at Crystal Beach.

FELTS PASSENGERS

POOLE, England (CP)—For four days passengers at Poole railway station in Dorset were bombarded with apple cores and plum stones. The culprit now has been caught—an escaped "bush baby," a small, rumbustious African animal.

Melrose

MELROSE — Mr. and Mrs. Roy Badgley recently visited their cousin, Mrs. F. Badgley, Napanee.

Mr. and Mrs. J. C. Milligan are entertaining Mr. and Mrs. Gaylord of Fort Francis, and Mr. and Mrs. Lewis Milligan and family of Louisiana. Mr. and Mrs. Stuart Milligan and family of Hamilton will come later in the week as they proceed to their summer cottage.

Mr. and Mrs. Lloyd Murray and family of Merrilton visited Mr. and Mrs. W. McMechan and other relatives here.

Mr. and Mrs. Clare Weese and girls, Mr. and Mrs. Lorne Weese and Shirley with their guests, Mr. and Mrs. Jack Weese of Toronto attended the wedding of the daughter of Mr. and Mrs. Bernard Hollinger on Saturday, July 18th.

Mr. and Mrs. Newton Deville and family attended the Locke—Cross wedding on July 18th.

Mr. and Mrs. Hulquist of Belleville, recently visited Mr. and Mrs. Jack McLaren.

Mr. Russell McFarlane received the news of the passing of his sister, Mrs. J. J. Boyle, Teaneck, N.J., on Sunday morning. Friends and neighbors extend their sympathy to the bereaved relatives. Mrs. Boyle is the ninth of a family of 11, who grew up in this community, who have now passed on.

Sympathy is extended to Mrs. Clifton Osborn, bereaved by the passing of her husband at the Belleville General Hospital on Wednesday morning.

Mr. Bates, resident student minister, his wife and daughter, have returned from their vacation and are now occupying the manse in Shannonville.

Mrs. Peter Scarlett of Toronto, spent a few days last week with her mother, Mrs. A. English. Mr. Scarlet joined her and spent the weekend here.

Mrs. W. English and Mrs. Grant McLaren attended summer school at Albert College on Tuesday.

OLD OUT

The use of scissors goes back to at least 300 BC.

Wellington

WELLINGTON — Mr. Sid Brooks, Jr. is in the Trenton General Hospital due to a car accident at Palmers Hills, on Monday.

Mr. and Mrs. Leonard Palmer have returned home from a holiday spent with their son, Lawrence and his family at Sudbury. They also visited at Elliot Lake and Manitoulin Island.

Mr. and Mrs. Henry Dick and Allen are leaving on Saturday on a motor trip to the East Coast.

Mrs. Gordon Henry is now a patient in the Kingston General Hospital.

Mrs. J. Collier returned to her home on Sunday after spending several weeks in the Kingston Hospital.

Mrs. Sherman Weir spent Monday afternoon with Mrs. Clifford Gamble.

Mrs. Roger Hobson and Lisa accompanied Mrs. Harley Aman to Stratford last week where they visited relatives.

Mr. and Mrs. Lorne Wagonoto are spending this week with the former's sister, Mrs. Thomlinson and Mr. Thomlinson at their summer home here.

Mr. Arthur Death and boys of Toronto were overnight guests last Thursday of Mr. and Mrs. Sherman Weir.

Miss Marion Morris of Mountain View is spending a few days this week with Mr. and Mrs. Tom Morris and family.

Mr. and Mrs. Percival Hicks of Blessington were Sunday guests of Mr. and Mrs. Jack Hoot.

Mr. and Mrs. Murray Smith of Cobourg spent the past two weeks with Mr. and Mrs. Mr. and Mrs. Dayton Murphy. Miss Judith Smith spent the week-end at the same home.

Mr. and Mrs. James Way were Sunday afternoon and evening guests of Mr. and Mrs. Jay Sprague at their summer home at Big Island.

Miss Linda Weir and her friend, Miss Jane Mazely, student nurses at the Belleville General Hospital, spent Monday and Tuesday with the former's parents, Mr. and Mrs. Sherman Weir. Sunday guests at the same home were Mr. and Mrs. Harry Sherry and Burton of Thomasburg.

Mrs. Walter McKay, Miss Joan McKay, Mrs. Williams and two daughters of Toronto, who are holidaying at the Fraser cottages, North Port were luncheon guests of Mrs. B. C. Bishop on Wednesday.

Marmora

MARMORA — Mr. and Mrs. Richard Scanlon and family of Scarborough, have been holidaying with Mr. and Mrs. Eugene Brady.

Mrs. Charles Airhart is able to be around again after spending two weeks in hospital.

Mrs. E. Wannamaker of Ottawa has been spending some time with her daughter, Mrs. Bert Bennett, Mr. Bennett and new baby.

Mr. John Claremont Sr. is recuperating at his home follow-ing several weeks in St. Joseph's Hospital, Peterborough.

Mr. and Mrs. Vernon Green, Janice and Gayle of Long Branch spent the weekend with Mr. and Mrs. Clare Lambert at the latter's cottage, Belmont Lake, and also visited Mr. Green's parents in Marmora.

Mr. Leo Meehan of Hamilton spent the weekend with his parents here.

Mr. and Mrs. John Claremont Jr. of Oshawa are staying with his parents.

Mr. and Mrs. Hugh McManus, David, Deborah and John visited Mr. and Mrs. J. Green on their return from a holiday in New Brunswick.

COLONIAL BUS OVERTURNS NEAR CITY

Rioting Negroes Battle Police In Rochester

State of Emergency Declared by Officials

ROCHESTER, N.Y. (AP) — Hundreds of young Negroes, hurling bricks and stones and overturning automobiles, battled white police today in a riot that spread for blocks and forced city officials to declare a state of emergency.

Two hundred state policemen were dispatched by authority of Governor Nelson A. Rockefeller from outlying areas to help quell the disorder.

At least 50 persons—42 Negroes and eight whites—were injured and taken to hospitals, police reported.

The police chief's car was among a number of vehicles overturned by the mob.

In Albany, N.Y., the Rockefeller office also said that Maj-Gen. A. C. O'Hara, the governor's military chief of staff, had been notified of the situation, and a ranking officer of the National Guard had been ordered to a state police substation near Rochester

The state of emergency was declared by City Manager Porter W. Homer nearly five hours after the Negroes stoned and fought police and white motorists, looted stores and overturned police cruisers.

JOIN IN LOOTING

A reporter said he saw gangs of white teen-agers take advantage of the disorder and join in the looting.

The riot was touched off in a Negro section near downtown Rochester shortly before midnight when two policemen attempted to arrest a young Negro on a charge of public intoxication. Four or five young Negroes attacked the policeman.

Word of the incident reached hundreds of other near - aged Negroes who had been attending a street dance nearby. The mobs swarmed around the police. Fights broke out.

The two policemen called for assistance and about 12 patrol cars sped to the scene. The battle spread up and down the street.

Police were withdrawn a few minutes later from the riot scene. They blocked off the area with ropes and patrol cars.

The mobs smashed windows in dozens of stores. Looters made off with TV sets, appliances and liquor, witnesses said.

Language Amuses Member

By RON LEBEL

OTTAWA (CP)—The honorable member for the Northwest Territories braved Ottawa's soggy heat wave Friday and gave the Commons a cool, refreshing view of Confederation.

"Part of the trouble in southern Canada," said Conservative MP Gene Rheaume, "is that those of you who live down here in the south are starting to squabble about all kinds of things that are not really important."

Language, for instance, he said.

"Quite frankly, I am amused when I see the efforts of many people in this chamber, including the prime minister, bobbling around on their pidgin French as if this were some kind of contribution to biculturalism.

"Don't forget John,' interjected Douglas Fisher (NDP—Port Arthur) with a wicked grin.

Mr. Rheaume: "And many others, and the leader of the opposition, too.

DOESN'T SPEAK FRENCH

Mr. Rheaume, who was raised in the Peace River country and doesn't speak French, called for a return to the great westward and northward push that marked Canada's pioneer days. He asked for more government emphasis on northern development and eventual creation of a province of the north.

"The simple fact of the matter is that 90 per cent of this country is not even in Confederation yet. We are going to enter Confederation at some point . . . and we are not going to let you people who live down here in the south spoil it for us.

"We are not going to let you run Confederation so that there is nothing for us to enter.

Mr. Rheaume, who lives in Yellowknife, N.W.T., spoke after Northern Affairs Minister Laing clashed with Gilles Grégoire (Creditiste — Lapointe) over whose civil servants should

Bandit Proves Deadly

TORONTO (CP) — Police today pressed the hunt for the killer of a bank customer who had volunteered to help thwart a $28,000 holdup because he was a crack shot.

Within hours of the fatal shooting Friday of Jack Blanc, 56, veteran of two wars, Police Chief James Mackey authorized a reward of $1,000 for information leading to the capture and conviction of the heavily-armed bandit who blocked pursuit with a hail of bullets.

The windshield of a police cruiser was riddled, spraying shattered glass into the eyes, face and neck of a constable.

Police searched for a 1960 lavender and yellow Pontiac with Ontario licence number 293-146. Border-crossing points into the United States were covered.

Inspector William Perry and witnesses told how Mr. Blanc, a fur cutter who served in the Second World War and the Arab-Israeli war in 1948, met his death.

The bandit fled from a Canadian Imperial Bank of Commerce branch in suburban Downsview after ordering accountant Carman Lamb to fill a briefcase with money from the vault and cash drawers.

Mr. Lamb took out in pursuit with the bank's revolver in hand but Mr. Blanc told him: "Give me that. I'm a crack shot."

The two men followed for about a block and Mr. Blanc fired as the gunman—as getting into a car. He missed by about a foot and the gunman got out, took aim and hit Mr. Blanc in the head from about 50 feet away.

His wife, who had witnessed the chase, threw herself on the body and screamed: "That's my husband! That's my husband!"

A cruiser driven by Constable Donald Jackson arrived a few seconds later but was brought to a halt by gunfire. Constable Jackson was reported in satisfactory condition.

In the space of 200 feet the gunman fired five or six more shots from his automatic rifle and .45-calibre pistol at those behind him, but no one was injured. He then got into an unoccupied car and drove off.

Wearing a nylon stocking nose mask and a Beatle wig, the gunman had burst into the bank around 5 p.m. and walked into the manager's office. He took a rifle out of a guitar case, fired two shots over the head o. manager Henry Martens and ordered him to "get the money you have in the bank."

He then returned to the main lobby, jumped on a counter and waved the rifle at the staff and about 25 customers. After ordering the vault to be opened he was heard to say: "I'm tired of getting just what's in the till. I want in a hundred grand ($100,000).

When Mr. Lamb had filled the bag, the gunman divided the customers and staff into two groups, men and women, and told them to walk out of the bank and turn in opposite directions.

Inspector Perry described the bandit as between 25 and 30 years of age, five feet seven to 10 inches tall, of good build and tan complexion.

MIRACULOUS ESCAPE — Seven passengers and the driver of this Colonial Coach Lines bus narrowly escaped death early this morning when it crashed into a tree on Highway No. 2 about three miles west of the city. All eight were taken to hospital; the driver is in serious condition.

Civil Rights Issue Cannot Be Ignored But Will Avoid Personalities - Johnson

WASHINGTON (AP) — President Johnson has laid out his path for the fall campaign along the high road of politics, stressing peace, prosperity, moderation and avoiding personal attacks on his Republican opponent, Barry Goldwater. He said all this again Friday in a television press conference.

But—at the same time—"old campaigner" Johnson just could not resist a chance to needle the Arizona senator on the role in the campaign of civil rights, Sicilian control over nuclear weapons and lawlessness in the streets. Asked whether he expected "a rather rough campaign," Johnson replied:

"Most campaigns are rough campaigns. I'm an old campaigner. I have been at it 30 years. One of the first things I learned, at least so far as I am concerned, is the people are not much interested in my personal opinion of my opponent."

Speaking only two hours before a meeting with Goldwater, to discuss the racial question and other subjects, Johnson said, "... I do not believe any issue which is before the people can be eliminated from the campaign in a free society in an election year. After all, that is the purpose of elections, to discuss the issues."

Later, the two men met for 45 minutes and released a short statement saying they agreed "racial tensions should be avoided" in the campaign ahead.

Johnson, in the press conference, said: "If Senator Goldwater and his advisers, and his

(Continued on Page 16)

Que. Mayor Reads Riot Act To Forestall Police Chief

MONTREAL (CP) — Mayor Alexandre Girard of suburban Lafleche read the Riot Act in the main corridor of Lafleche city hall Friday to a handful of civic employees and citizens who happened to be present.

He told reporters later he took the "extreme" step because a telephone caller informed him "that our police chief Georges Beaulne and some friends wanted to take over the police department."

The Riot Act prohibits a public gathering of more than three persons at a time, he said, and also imposes a 9 p.m. curfew on cars. Persons convicted of an offence under the act were liable to life imprisonment.

No incidents were reported Friday night.

Mr. Beaulne has been a source of friction for some time between Mayor Girard and the city council of Lafleche, a troubled community of 12,000 on the south shore of the St. Lawrence River opposite Montreal Island. The mayor has fired him on a number of occasions but each time the aldermen have reinstated him as police chief.

The city also is said to be in financial difficulties and the Quebec government has announced plans to put Lafleche under trusteeship on this account. Mayor Girard said the Riot Act will remain in effect until government trusteeship is imposed, possibly Monday or Tuesday.

To enforce the act, he ordered

Charge Two With Theft, Abduction

PEMBROKE (CP)—Two Connecticut men, dressed in T-shirts and dungarees, were charged Friday with armed robbery, kidnapping, wounding and car theft in connection with Thursday's Cobden, Ont., bank robbery.

They are Robert Bigelow, 26, of Windsor Lock, and Douglas Olden, 21, of East Granby, Conn. They will appear before Magistrate S. C. Flatus here next Thursday.

Police brought the pair to Pembroke from Huntsville, where they were stopped Thursday night at gunpoint as they drove out the west gate of Algonquin Park.

While witnesses said three men were involved in the robbery, in which $8,300 in cash was taken, police made no mention of a third man or of an imminent arrest.

Mrs. Jean Miller, 21, a teller in the Cobden branch of the Bank of Nova Scotia, said three

Eight Injured As It Hits Tree On Highway 2

Barely Misses Trailer And Sleeping Family

The driver and all seven passengers in a westbound Colonial Coach Lines bus were taken to Belleville General Hospital early this morning, the driver in critical condition.

The bus smashed into a tree about eleven inches in diameter, ripping it out by the roots. The accident occurred about three miles west of the city on Highway No. 2 at Potter's Cabins.

In serious condition in hospital, suffering from a possible broken back and leg injuries is the driver, 33-year-old Vincent Le Court of 54 Kinmark Boulevard, Scarborough, Ont.

Passengers in the bus taken to hospital were: Miss Nina Brasfield, 3333-Grest St. Cathérin St., Montreal; suffering from laceration to her lip and a possible fractured jaw; Louise Marie LaBerge, of 238 Maple Wood Montreal, an injured nose; Maurice St. John, 52, of Greenfield, Ontario, suffering from lacerations to the nose and a possible fractured nose; his 49-year-old wife Clarinda, with bruises to both her legs; Miss Patricia Hall, 18, of 8014 Lionel Groulx Ogdensburg, N.Y., suffering lacerations to her left leg; Miss Edith Shephard of Madoc, with an injured left arm and Cameron Kennedy, who received a bruised jaw and a bruised left thumb.

All of the injured were taken to hospital by LaSalle Ambulance.

CAR TURNING

Police say the bus was proceeding west behind a vehicle being driven by Earl Raymond McDougall of Mayerthorpe, Alberta. The bus pulled out to pass, at the same time Mr. McDougall started to make a left-hand turn into the driveway of Potter's Cabins.

It is believed the driver lost control of the bus after the two vehicles collided. The bus narrowly missed a parked house trailer, striking a Dodge Kitroit family, Mr. and Mrs. Walter Bryja and their two children, and smashed into the tree. The trailer was on the Potter's Cabins property, some six feet from the tree which the bus hit.

The bus driver was thrown from his seat through the windshield.

Mr. McDougall and his passenger, David Leslar, who were

Federal Tax Take Climbs

OTTAWA (CP)—Federal tax revenues are climbing sharply.

Finance department figures published Friday night showed that income tax collections in the April-June period were 28 per cent higher than a year earlier.

The yield from sales taxes was up nearly 36 per cent.

Total tax revenues for the three months, the first quarter of the current fiscal year, were up $310,800,000 to $1,812,900,000. Non-tax revenues raised the total to $1,771,600,000.

With expenditures rising at a less rapid rate, Finance Minister Gordon was able to show a first-quarter budgetary surplus of $251,300,000 compared with a $62,200,000 in the same period last year.

In June alone there was a $92,300,000 surplus as against a deficit of $72,200,000 in June last year.

These figures do not include the operations of the old age security fund. It had a three-month accumulated surplus of $20,500,000 compared with a $6,000,000 surplus a year earlier.

WILL TRANSLATE

OTTAWA (CP)—Works Minister Deschatelets announced Friday his department will install a translation system in the public galleries of the Commons.

Foot Severed by Hay Mower Grafted Onto Leg of Girl, 9

OTTAWA (CP)—A team of Ottawa surgeons Thursday performed a unique operation on a nine-year-old Montebello, Que., girl in an attempt to save her left foot which had been completely severed about an inch above the ankle.

The doctors said the foot-attaching operation performed on Suzanne Lafontaine was accomplished with new equipment developed recently by the National Research Council to staple together severed veins and arteries with metal clips.

They said there is about a 33-per-cent chance that the operation will prove successful. It would be another 24 hours before they will be any definite indications of its success or failure.

The young girl's foot was severed by a hay mower as she left Lafontaine farm at Bouchette, some 70 miles north of Ottawa. The girl was taken to the Maniwaki hospital, where arrangements were made to move her to the Ottawa General Hospital.

Dr. Fergus Ducharme, orthopedic surgeon at the Ottawa hospital, told officials of the Maniwaki hospital to retrieve the foot which was still at the farm, inject it with anti-coagulants to prevent blood clotting and refrigerate it.

The operation was conducted in two stages. In the first stage the surgeons attached the foot to the leg with metal pins. The main veins, arteries and nerves running from the leg to the foot were then stapled together.

If this operation restores enough circulation to the foot to keep it alive, further operations will be necessary to connect smaller nerves and blood vessels.

A real friend is one who will come to see you over the back fence even though he knows he's missing his favorite television program.

THE WEATHER

Denike

Synopsis: Skies will be mainly clear in southern regions today with thunderstorms expected by afternoon and ending overnight. Another sunny day is expected Sunday. Temperatures in Kingston today are expected to be very warm in southern areas but somewhat cooler near the lakes.

Election Over Flag Issue Seems Likely

OTTAWA (CP)—Are Liberals and Conservatives headed for a collision on the flag issue which could a general election can solve?

The answer seems to be yes in the light of statements from both groups that they are dug in unalterably in their respective stands on the flag.

The flag debate is scheduled by the government to resume in the Commons soon, possibly next week.

Prime Minister Pearson said Friday the government will not budge on this intention.

The flag is part of our social program for the first part of the session and we want to finish it," he told a reporter.

debate postponed until after a summer recess. They have advised the government that debate on the flag will take many more weeks.

So far the government's proposed flag of three red maple leaves on a white ground with a vertical blue bar at each side has been debated on only two days. There have been 15 Liberal speakers, the Conservative, three New Democrat, four Social Credit and three Creditiste.

Unless one side gives way, debate could be prolonged indefinitely.

If the government could discuss Parliament for a full election on the basis that Parliament refuses to enact into law the proposed flag.

Neither Liberals nor Conservatives are said to be unanimously in favor of the positions of their party. But they seem to be close enough to convince each other to modify their positions and hope that the debate will run out of speakers.

Conservative House leader George Churchill says the will be no problem. Some of his senior colleagues with long experience in the Commons agree.

They want fullest possible debate. They are little chance of a final decision being reached before it becomes imperative for the government to suspend the flag debate again to bring forward other legislation.

The Conservatives want the Members in both parties say they are prepared to fight on this ground regardless of whether an election—as a final showdown—is held.

Both sides figure the other is bluffing.

"We certainly aren't," says Mr. Churchill.

"I wouldn't like to think what would happen," says Mr Pearson on the question of the Conservatives being unalterably determined not to give way.

Would the government agree to suspend the flag debate until after a recess under certain conditions?

"Oh, no," Mr. Pearson said. "It's not a question of conditions."

Lakes Huron, Michigan Low Levels Causing Multi-Million Losses

WASHINGTON (AP) — U.S. Army engineers testified Friday that the water levels of Lakes Huron and Michigan are at a 104-year low. The condition, they said, is causing a multi-million-dollar loss to commercial shipping.

Ll-Col. S. W. Pinnell of the army engineers estimated that the present 577-foot low levels of Lakes Michigan and Huron will be $7,000,000 this year. He said he could not say how it would be economically feasible to import water into the lakes from other U.S. sources, but added there are Canadian possibilities.

The official, Richard D. Kearney, state department deputy assistant adviser, said he was advised Thursday night by the Canadian embassy that an agreement has been reached on the proposed provisions which Canada will submit. When it is received, it will be studied, recommade and discussions arranged on any differences in questions to be submitted to the commission.

Chairman Philip A. Hart (Dem., Mich.) of the subcommittee had written State Secretary Dean Rusk proposing that the department discuss with Canada the possibility of referring study proposals to the International Joint Commission concerning the problem of Great Lakes water levels.

Kearney said interested U.S. federal agencies strongly support a joint U.S.-Canadian study of the commission.

Commie Says He Will Lead Anti-Police Parade in N. Y.

NEW YORK (AP)—A self-described Communist said he would lead anti-police demonstration in Harlem today despite a ban on it by Police Commissioner Michael J. Murphy.

Murphy announced the ban at police headquarters Friday night while about 300 pickets marched outside chanting charges of police brutality.

He said he fears mass street meetings this weekend could touch off racial violence like the bloody rioting that started last weekend.

A swelling chorus of protests against the ban came from civil rights leaders, many of whom have been pleading for moderation in the crisis.

They demanded a meeting with Mayor Robert F. Wagner, urging him to rescind the ban and reprimand Murphy. However, they also opposed the planned demonstration.

William Moore, a Negro who says, "I am a Communist," declared he would head the Harlem Defense Council in a march late today.

DEMONSTRATION BARRED

Wagner said he barred the demonstration "in view of the grave tragic and unfortunate events of the last few days to preserve and improve the uneasy peace which now prevails."

Negro Assemblyman Bernard Austin said Murphy's order would result in "a disaster" and lead to "the most vicious kind of behavior."

Rev. Richard A. Hildebrand of the New York branch of the National Association for the Advancement of Colored People said the ban would probably lead to more trouble than the meeting would cause, adding:

"We were just beginning to get this thing quieted down and people like this are stirring up trouble again."

The fatal shooting of a 15-year-old Negro youth last week by police Lieut. Thomas Gilligan led to protest rallies last Saturday in Harlem and overflow crowds erupted into rioting and looting which spread to the Bedford-Stuyvesant section of Brooklyn.

CLAIMS SELF-DEFENCE

Gilligan, now on sick leave, said he shot in self-defence.

Commissioner Murphy has repeatedly demanded to suspend him pending outcome of a grand jury investigation now under way.

In St. Augustine, Fla., meanwhile, five men identified as Ku Klux Klansmen were charged with cross - burning as the state attorney - general vowed to vigorously pursue lawbreakers until peace returns."

Florida Attorney-General Dan Warren said he would swear out additional warrants today charging more persons with fostering violence.

He obtained five warrants Friday that charged 10 men as Klansmen with burning a cross on private property without permission.

RADIATION HITS MAN

CHARLESTON, S.C. (AP)—Police cordoned off the United Nuclear Plant Friday night after an employee was taken to Rhode Island Hospital suffering from radiation poisoning.

Plant officials said the man got a "release" in the plant of radioactive material, but that it had not gone beyond the walls. In hospital in fair condition was Robert Peabody, 38.

Obituaries

REGINALD STEVENSON

Funeral rites for Reginald Stevenson of 217 Pinnacle Street, were held yesterday from the Pinkston and Lancombe Funeral Home.

The service was under the direction of Rev. R. F. Smith with interment in Belleville cemetery.

The bearers were Donald Grass, Jack Smith, Mel Leland, William Harwood and Cecil and Rodan Cass.

MRS. MAUDE ELEANOR BOOTH

The funeral of Mrs. Maude Eleanor Booth was held yesterday afternoon from the Grant Funeral Home. Interment was in Belleville cemetery, Rev. James Smith officiated.

Bearers were: Earl MacDonald, James Somark, Anthony Ritch, Carl Rollins, John Clarke and James Pickell.

NORRIS WILLIAM GIBSON

The funeral of Norris William Gibson was held Friday from the John K Bush Funeral Home.

Services were conducted by Mr. Richard Symons with interment in Grove cemetery, Ameliasburg.

The bearers were: Burr, Maurice, Leo Wood, Ross Burr, Harold Foote, William Letchford and Clarke Sprung.

WILLIAM ERNEST DAY

In failing health for sometime, William Ernest Day of 764 Victoria Avenue died yesterday in the Belleville General Hospital. He was in his 72nd year.

Born in Sidney, he was the son of the late Mr. and Mrs. William Day. He was a life long resident of Belleville.

He is survived by his wife, the former Miss Jean Heskett. Also surviving is a half brother.

The funeral service Monday afternoon from the Thompson Funeral Chapel, 38 Everett Street.

Priest Who Asked Pope to Fire Cardinal Moved

LOS ANGELES (AP)—Rev. William H. DuBay, the young priest who asked Pope Paul to dismiss James Francis Cardinal McIntyre as archbishop of Los Angeles, has been transferred to a parish in suburban Anaheim.

Father DuBay, 37, publicly asked Cardinal McIntyre's removal last month on grounds of "gross malfeasance in office" by allegedly failing to give Catholics leadership on racial issues.

The priest's transfer was disclosed Friday by a friend and confirmed by Rt. Rev. Msgr. Benjamin G. Hawtes, chancellor or administrative officer of the archdiocese.

The friend, Roger Kuhn, said Father DuBay took up duties this week as assistant pastor of St. Boniface, an all-white parish.

Kuhn, a schoolteacher, said DuBay was "disappointed" because he wanted to continue serving the predominantly Negro parish of St. Albert the Great in nearby Compton.

DuBay wrote the Pope that McIntyre "has failed to exercise moral leadership" among white Catholics on racial discrimination and "has conducted vicious programs of intimidation against priests, religious, seminarians and laity" who tried to provide such guidance.

Throughout the controversy, Cardinal McIntyre has remained silent.

Dr. W. Walker Retires Soon From Ministry

After 42 years in the ministry in the Presbyterian Church, Rev. Dr. W. J. Walker, B.A., B.D. B.Th., D.D., former minister at St. Andrew's Church here, will retire at the end of August.

Dr. Walker is now minister at the Stamford Presbyterian Church in suburban Niagara Falls. On retirement, he and Mrs. Walker, will live at Port Credit.

Well known in the Belleville area, Dr. Walker was minister at St. Andrew's from 1924 until 1942. He began his ministry in Niagara Falls in 1922 and after leaving Belleville served at Galt for 14 years, and later at Beamsville. He went to Stamford in 1957.

Three of Dr. and Mrs. Walker's daughters live in the Toronto area, Mrs. Harold Bridenell (Nancy), Mrs. Lloyd Bowden (Helen) and Mrs. Arthur Sparrow (Margaret), while another daughter, Mrs. Charles Howe (Dorothy) lives in Windsor. Their only son, William G. Walker, lives in Vancouver. There are 13 grandchildren.

Union Sees Trouble at End of August

DETROIT (AP)—General Motors Corporation presented the United Auto Workers Union with proposals Friday for five contract changes, the main ones in grievances and strike language.

Leonard Woodcock, the UAW's GM department chief, immediately disputed the company charges and used to preface the proposals.

Earlier this month, Woodcock said he foresaw "trouble at the end of August." The UAW contracts with GM, Ford Motor Company and Chrysler Corporation expire Aug. 31. Friday, Woodcock said he has seen nothing at the bargaining table since to change his mind.

GM said that the no-strike clause in its contracts has not been abused. Under the contract, only those issues can cause for a strike. The company says that the union, in some cases, has threatened strikes over strikeable issues to force the settlement it wants in a dispute over issues not subject to walkout action.

The company said also that the grievance procedure that been abused, and that large numbers of unresolved grievances had been filed in some cases as a tactic to gain other ends.

Negotiations at Ford, GM and Chrysler recessed for the weekend after the GM presentation.

Report People In Burning House Proves False

Police and firemen worked hurriedly to get a woman from a home on St. Paul Street early today when a woman claimed people were trapped inside.

The crew of a police cruiser, first to arrive on the scene when the fire was discovered at the home of Mr. and Mrs. Ron Snider, were told by a woman that some of the family were still inside.

The officers tried to enter the home but were driven back by smoke and flames.

Within minutes fire trucks arrived and firefighters then donned smoke masks and tried to make a search of the still building. It was empty and the report confirmed erroneous.

The blaze was finally quelled despite efforts of firemen to contain the blaze for more than an hour.

Cause of the blaze, believed to have started in the kitchen of the small house, was unknown.

Sabres on Way To Scrap Pile

OTTAWA (CP) — The Sabre jet fighter, a strong vertebra in the backbone of Western European defence for a decade, is joining the CF-100 jet interceptor and the Canso search and Rescue transport and Lancaster reconnaissance plane on the RCAF's scrap heap.

The last five RCAF Sabres which will undergo major overhaul are scheduled to come out of the enamel and heating complex at Charlottetown by the end of this month.

At one time, the Sabre with its Canadian-made Orenda engine was the best jet fighter that NATO had in Europe. It was flown in eight RCAF squadrons in France and West Germany beginning in 1952. Twenty-one RCAF pilots flew the Sabre in the Korean War.

All told, the air force purchased 1,815 Sabres for some $300,000,000. Now it is down to its last 113 and 49 of these are in storage and 21 others will soon be sold for scrap.

An RCAF spokesman said Friday that 35 Sabres still are being used by fighters at Chatham, N.B., but will gradually be retired as the CL-41 jet trainer comes into increased use.

Expect Vote Will Approve Cuba Boycott

WASHINGTON (AP) — The American foreign ministers conference was expected to step diplomatic and trade sanctions on Cuba today and warn the Fidel Castro regime it faces a possible armed attack if it continues subversive aggression.

The 21-nation meeting put the resolution expected to win the support of 15 countries, including Brazil and Argentina.

The United States will go along with any measure aimed at tightening the isolation of the Castro regime.

The resolution, still subject to change at a closed - door meeting today, condemns Cuba for its subversive efforts to overthrow the government of Venezuela and resolves that the governments of the American states will not maintain diplomatic nor consular relations with Cuba; will interrupt all trade, direct or indirect, with Cuba, with the exception of foodstuffs; and will interrupt air and maritime transport with Cuba and the cessation of transport necessary for humanitarian and emergency purposes.

COSTLY POOLS

MIDDLESBROUGH, England (CP)—New swimming baths of near Olympic standards will cost the corporation of this Yorkshire town £360,800. There is accommodation for 1,000 spectators and beneath the tiered seats will be a training pool for beginners.

Parliament At a Glance

By THE CANADIAN PRESS

FRIDAY, July 24, 1964

The government's student loan bill was passed 137-14, Quebec Conservatives and Creditistes opposing final reading.

Forestry Minister Sauve announced a revised Interim policy on freight assistance for Western feed grain in the Maritimes.

Resources Minister Laing said there will be no hurry about switching Quebec-Labrador iron ore to the provinces.

Gene Rheaume (PC—Northwest Territories) said the government is endangering the health of Eskimos by cutting welfare payments.

Douglas Fisher (NDP—Port Arthur) said provincial status for the Yukon and Northwest Territories appears a long way off.

Erik Nielsen (PC—Yukon) criticized the disbursement of liquor revenues by Yukon Territorial Council members.

THURSDAY, July 23, 1964

The Commons meets at 3 p.m. to debate an interim supply bill. The senate meets at 3 p.m.

Sherwood Lett, Chief Justice Of B. C., Dies

VANCOUVER (CP) — Sherwood Lett, chief justice of British Columbia and a man whose life was marked by crushing duties in diplomacy, politics, diplomacy and war, died Friday night at the age of 68.

Mr. Justice Lett, a native at his Vancouver home after an illness dating back to a heart attack in 1959.

As chief justice of the Supreme Court, he ruled on a numerous action challenging the legality of the provincial government's expropriation of the B.C. Electric Company.

He handed down the judgment after his elevation to the B.C. Appeal Court.

It was a responsibility that combined a brilliant career as scholar, soldier, statesman and lawyer.

Mr. Justice H. W. Davey of the Appeal Court said Friday night that formulation of the B.C. Electric judgment, which declared the expropriation law valid, was "a monumental task."

"And I think it was in some degree responsible for his illness," said Mr. Justice Davey.

PREMIER SADDENED

Premier W. A. C. Bennett, whose Social Credit government was the issue in the action, said he was "shocked and saddened" by the death of the chief justice.

Born at Iroquois, Ont., Chief Justice Lett left McGill University College to enlist with the Irish Fusiliers of Canada at the outbreak of the First World War. He was a military Cross at Amiens in 1918 and during the trenches completed the Victoria Cross he had won for gross the University of B.C.

As brigadier he led the 4th Infantry Brigade in the Dieppe raid of 1942. He was severely wounded and was awarded the Order of St. John and commander and a period as deputy chief of staff at Ottawa, he returned to Europe where he was wounded again at Caen in July, 1944.

He was chancellor of the University of British Columbia from 1957 and in 1964 was named chief of the Canadian delegation on the International Supervisory Commission in Indo-China.

Believe 100 Killed in Ship Explosion

ALGIERS (Reuters) — More than 100 persons may have been killed in the explosion that wrecked the Egyptian ship Star of Alexandria in the harbor of Bone, Algeria, Thursday night, usually reliable but unconfirmed reports said today.

The reports said more than 300 persons were injured.

The blast occurred while ammunition was being unloaded from the ship in the eastern Algeria port.

Official casualty figures put the dead at 25 and the injured at 185.

Five hundred donors gave blood at hospitals in Bone and Algiers Friday night after an appeal. Today, nearly 10,000 people followed the funeral of 16 of the victims.

Feel Prevention If Not Cure, Around Corner

By CARL MOLLINS

TORONTO—(CP) — Almost 2,000 medical, scientific and lay specialists in diabetes nationally estimated to affect between 60,000 and 180,000,000 people.

"This congress marked a new high, not merely in attendance and in the quality of the research reported, but in the hope and confidence that in the next few years there will be startling discoveries for the prevention of diabetes," said Dr. Ronald V. Kent, re - elected president of the IDF.

Dr. Randall G. Sprague of the Mayo Clinic, Rochester, Minn., said the collection impact of more than 16 study papers and 11 symposiums was an indication that activity designed to cure the disease has quickened its pace. Drugs are also of new techniques.

NEWER FORM OF INSULIN

Dr. Sprague developed severe juvenile diabetes at the age of 4 in 1921, the same year that the late Sir Frederick Banting and Dr. Charles H. Best discovered insulin in Toronto. He had waited to 78 pounds in the Chicago hospital and was doomed to die when his kidney and blood circulation.

"Yet by hope is for prevention through early diagnosis and treatment of pre-diabetics," he said. Pre-diabetics are people with an inherited predisposition to diabetes.

The IDF Congress repeatedly emphasized the importance of seeking out pre-diabetics, who usually have high-sugar-normal blood sugar and few symptoms, so that they can be treated before the full onset of the disease. Diet control is considered one essential way of holding off the disease.

Corn, Berries Feature City Market

Trade was brisk on the biggest farmers' market of the year in Belleville today.

Produce was in abundant supply and readily at mostly unchanged prices.

Top feature of the market was a generous display of corn, the first of the season — selling between 60-70 cents a dozen.

Berries were in heavy supply matched by a good demand. Blueberries brought $4 a basket, 75 cents a pint. Raspberries were 75 cents a quart for blues and 50 cents a quart for reds. Red currants were also sold from 45 cents a quart to $1.25 for a basket.

Peas in the shell were $1. a basket, 50 cents a pint shelled. Heavy supply of new potatoes brought 75 cents a basket, 20-25 cents a quart. Tomatoes were unchanged at 35 cents a quart for large, 25 cents for small. Lettuce was 15 cents a head; cabbage ranged from 10 cents to 25 cents; carrots, 15 cents a bunch, two for 25 cents; onions and radishes, three for 25 cents.

DEATHS

DAY, William Ernest Day — 764 Victoria Avenue, at Belleville General Hospital on Friday, July 24, 1964, William Ernest Day, beloved husband of Jean Day, both Jean Heskett, 71 years of age.

Resting at the Pinkston and Lancombe Funeral Home, 257 Victoria Avenue at Church Street, Belleville, where the funeral service will be held on Monday, July 27 at 11:00 a.m. Interment Belleville Cemetery.

KETCHESON, Mrs. Sylvia Irene — At her home, 1 Cedarvale Crescent, Toronto, on Thursday morning, July 24th, Mrs. Sylvia Irene Ketcheson in her 54th year, beloved wife of Earl Ketcheson, dear mother of Mrs. Gordon (Joanne) Mrs. James Walter Lister of Corbyville, dear sister of Mrs. Lidster of Belleville and Mrs. Gertrude Hall of Toronto.

Resting at the John R. Bush Funeral Home, 99 Highland Avenue, Belleville, from Saturday morning, July 25 until 2 p.m. Monday, July 27 at 2 p.m. Reverend Ross Manthorne. Interment Belleville Cemetery.

IN MEMORIAM

REID — In loving memory of our dear husband and father, Andrew A. Reid, who passed away July 23, 1954.

Time goes on with many changes, Joys and sorrows, smiles and tears, But your memory we will cherish, With the passing of the years.

Never remembered by wife Estelle, daughter Mary Ann Hutton, daughters, Pearl, Marvel and Ruth.

MARACLE — In loving memory of our dear husband and father, Jacob Maracle, who passed away July 24, 1959.

Time has come in our hearts, Sad years won't take away, The love we have for no one can replace.

We miss you sister, and always remembered by sister Alfred and brother-in-law Fletcher and family.

THOMPSON — In loving memory of my dear husband, Mrs. William (Grace) Thompson, who passed away July 24, 1962.

Life goes on and years pass by, But memories remain forever near.

Sadly missed by daughter Helen.

CARDS OF THANKS

It is my wish through this paper to express my sincere thanks of family and myself our grateful appreciation to the Belleville General Hospital staff for the wonderful care and consideration received by me and my family while a patient there. To Drs. Gibson and Murphy I give my earnest and heartfelt thanks. To Dr. Gibson I express my deep appreciation of caring for her, for their skill and efforts to relieve my pain I am exceedingly grateful. Many thanks to the nurses and other staff for their wonderful attention and kindness. To the Reverend Everett Smith, Reverend Ross Manthorne, Reverend Sproat, funeral service. Also Lloyd Lee, Lee Funeral Service, and Mr. Bert Pinkston, Pinkston Funeral Service, officers of the Belleville Lodge No. 15 A.F. and A.M. for the use of the chapel and funeral. To all our kind neighbors and friends for their many visits, cards, floral tributes, flowers, medicine and for their many kindnesses and prayers. To you all I say, may God bless you may be repaid in His keeping till we, like my dear wife and mother, meet in His kingdom above.

Mr. Jim Savage and family.

Mrs. Berton Fitzgibbon and family wish to thank all the friends and neighbors for the many kindnesses shown at the passing of our beloved husband and father Fred Fitzgibbon. 7724-31

Eight

(Continued From Page 1)

enroute to Toronto, was not injured.

Damage to the bus is estimated at $1,500 to $17,000; to the car $150 to $200.

CAUGHT IN WRECKAGE

Police said that the bus driver, Mr. LaCoste, was going through the windshield, was caught by his leg in the wreckage and fell from the front seat of the vehicle.

That Mr. McDougall and Mr. Fidel Castro, LaCoste from the bus, then called police and the ambulance.

Mr. Bryan, in parked trailer, said he and his family were on their way to Montreal. He said he became tired about 2.00 a.m. and parked his trailer about six feet from the tree that was struck by the bus. His two children, aged five months and three years, were not awakened by the accident.

Several boys picking worms at the Golf and Country Club, about a mile and a half from the scene said they heard the crash as the bus struck the tree. It was due in Toronto at 7.00 a.m. this morning.

Ontario Provincial Police Constable W. S. Halvorsen is conducting the investigation. It is not known as yet if charges will be laid.

THE SECOND DEADLIEST POISON

Tetanus results from the poison released by Clostridium tetani, a microscopic organism which thrives on lack of oxygen. These germs are present almost everywhere and once infected over 62% of their victims die. Children and adults are equally in danger.

But, Tetanus Toxoid provides almost total immunization if booster shot is taken every three or four years. The cost is low. Why gamble with your life? If you are not properly immunized against Tetanus, visit your physician as soon as possible. Any scratch or injury can cause Tetanus.

Five Detained In Connection With Explosion

JOHANNESBURG (Reuters) — Police today were holding a white man and four Africans in connection with a time-bomb blast that injured 25 persons at the railway station here Friday.

All five were picked up Friday night at police roadblocks set up throughout the Witwatersrand region.

The explosion occurred during the evening rush hour in the station's main waiting room.

The bomb, concealed in a suitcase, burned many of the victims. Three children were among the injured.

In another incident Friday night, five shots were fired into the entrance hall of the English - language newspaper The Rand Daily Mail in the centre of the city.

Justice Minister Balthazar Vorster called the bombing "nothing less than a cold-blooded attempt at the murder of innocent passers-by. It was a deed of panic by subversive elements, and the last convulsion of their activities."

CP MEN CHANGE POSTS — Harold Morrison, 44, (left), Washington staff correspondent of The Canadian Press for five years, becomes CP bureau chief in London, Sept. 1. He succeeds Alan Harvey, 45, (centre), who has resigned to take another news appointment overseas. Arch MacKenzie, 38, of Ottawa bureau staff, succeeds Morrison at Washington. (CP Photo)

McIntyre Mines Has Increase In Earnings

TORONTO (CP) — The mid-year report of McIntyre Porcupine Mines Ltd. of Toronto said Friday higher investment income and profit from the sale of copper concentrates contributed to a 25-per-cent increase in company earnings in the six months ended June 30.

The report disclosed earnings of $2,372,864 or 90 cents a share compared with $1,880,936 or 80 cents a share in the same period in 1963.

Thant Urges South Viet Nam Settlement

RANGOON (Reuters) — UN Secretary-General U Thant returned to his Burmese homeland for a three-day visit today and repeated his call for negotiations to solve "the South Viet Nam problem."

"I believe that the South Viet Nam problem is susceptible of solution by negotiations and not by military means," Thant said in answer to reporters' questions at the airport here.

He said that when he met President de Gaulle in Paris earlier this week they agreed that political and diplomatic methods, rather than military means, should be used in Viet Nam and elsewhere in Southeast Asia.

New Division To Plan Shape Future Schools

TORONTO (CP) — Education Minister Dr. Davis of Ontario said Friday the department of education has set up a special division to plan the shape of future schools in the province, avoid obsolescence and control costs.

Mr. Davis said in a statement the new division will investigate facilities needed to house pupil-teaching techniques and technical training aids, and study quality standards of school buildings with specific reference to materials and methods of construction in relation to cost.

The division will also see whether greater use can be made of school buildings for community facilities.

Hypnotized, Birth Painless

EDMONTON (CP) — Mrs. Gordon Davidson of Edmonton, who gave birth to twins under hypnosis, says she suffered no pain in labor or childbirth.

"It's a shame that women suffer in childbirth when they don't have to."

Mrs. Davidson was in labor 34 hours for the birth of her first child, but barely two hours for the birth of the twins.

The hypnosis treatment was three 30-minute sessions with Jack Day, president of the Alberta Hypnosis Society. They were started three weeks before the twins' birth with the last nine days before birth.

During pregnancy Mrs. Davidson's husband, also a hypnotist, gave her three "relaxation sessions" lasting 20 minutes.

The idea of having a baby under hypnosis was suggested to Mrs. Davidson by her husband, who had been interested in hypnotism for 10 years.

"Childbirth under hypnosis is simply a matter of relaxing and keeping one's self under control," said Mrs. Davidson.

Mr. Day commented:

"Childbirth under hypnosis is natural birth without effort. No need for yoga exercises."

He said "trust and confidence" are most important.

Wandering Woman Had $21,300 Cash

ST. PETERSBURG, Fla. (AP)—Police found an elderly woman wandering the streets Friday and took her to a hospital.

"Do you have more than $5 in your possession?" the admitting clerk asked. "If so, we'll have to put it in the hospital safe."

"Yes, a little," the woman replied.

After an hour of counting, $21,300 was placed in the safe.

Red Ensign Painted on City Pavement

KINGSTON (CP)—Police discovered a curb - to - curb painting of the Red Ensign on a main street in the west end of the city today.

Under it with the large painting were the words "no other flag."

Police have no plans to remove the art work.

Escapee, 19, Back in Custody

SUDBURY (CP)—A 19-year-old Burwash industrial farm escapee is back in custody today after about 12 hours of freedom.

Norman Duckworth of Dundas took to the busy road Friday but was picked up early today by prison guards as he walked along the nearby Killarney road.

Existence Precarious For London Musicians

By ALAN WALKER

LONDON (CP) — "Man, it's worse than narcotics.

"I'm here every week.

"My wife says, she's going to leave me."

Who would have guessed that the small and narrow street in Soho would give rise to such agonizing cries?

But it is Archer Street and the speaker was a saxophone player who spends nearly all his time in cafes and pubs waiting to be hired.

Professional musicians make Archer Street their base of operations. They have to toady to the "fixers," as agents' hirelings are called, who select players to fill assignments.

Most hired are dance-band men who have to play schmaltzy arrangements "off the charts," or exactly as written. Any competent musician can get it and a "fixer" can find a decent man all equally good so he picks whom he likes.

That's why the musicians spend so much time in Archer Street, making contacts and trying to make people like them. Some feel it's degrading, although necessary, and they bury their woes in talk of the comradeship supposedly found there.

MAKE FRIENDS

"When I first came here I didn't know anyone," a bass player told a reporter. "I was frightened to death. I'd just come to London so I walked up and down the street all day.

"I drank endless cups of tea. Nobody spoke to me and I didn't speak to anybody.

"But I kept coming back back every day and finally I met a drummer I'd played with in Birmingham. He introduced me to a couple of people and at last I got a gig (an engagement)."

When they're not working, musicians clutter up teashops and the patience of proprietors. They talk endlessly of latter days and tell the same jokes over and over again.

One man said his wife had finally talked him out of trying to earn a living from music. He sold his clarinet and then, wiping tears from his eyes, walked straight back to Music Street to be consoled.

"I got a steady job then; of a sort, and then I got a few more one after another because I liked them all. I intended to work hard, to keep the wife happy, but it wasn't any use. I kept drifting back here."

Archer Street truly is paved with good intentions.

The 600 members of the Orchestral Association in Archer Street are luckier than most. They are the street's cream and rarely have trouble earning enough to pay their bills. But there are many would-be stars outside.

"Except for the best of them, it's a precarious existence," said George Orreco, secretary of the 50-year-old association.

And for those who don't "make it," in musical parlance, there's the British Musicians Sick and Pension Society next door. It supplies a voluntary pension and insurance plan for free-lance musicians but that's only half its job.

It's a charity too.

Global Space Communication Accord Signed

WASHINGTON (CP) — A global space communications agency took a dramatic step in reality Friday when representatives of 13 countries and the Vatican initialled agreements covering their participation.

The agreements still require ratification by the governments of the 13 countries, including Canada, before formal enactment, scheduled for Aug. 18.

Five other countries plan to join the pact almost at once, and provision has been made for any and all other members of the 122-country International Telecommunications Union to join the unique private-government venture. That includes virtually every country except Communist China and North Korea.

However membership will not be a requirement for leasing facilities when the $200,000,000 satellite system goes into operation, possibly late in 1967.

Postmen Get New Pay Award In Britain

LONDON (Reuters) — Government and union leaders Friday night reached agreement on a new pay award to Britain's 125,000 postmen.

A statement issued earlier in the evening by the executive council of the postmen's union said a negotiating position had been reached.

The postmen's refusal to work overtime and a one-day wildcat walkout last week brought about a massive backlog of undelivered mail. It has been estimated mail deliveries in the London area are about five days behind.

Settlement of the postmen's pay dispute was announced after nearly 4½ hours of talks between Postmaster - General Reginald Bevins and union leaders.

Reports said the government had agreed to a 6½-per-cent pay increase—an average boost of 12 shillings and sixpence ($2.35) for provincial postmen.

Velvet Suits For Men New Fashion

FLORENCE (AP) — There was fashion news for the men in Florence this week too—velvet suits for business and evening.

Several top Italian men's wear designers presented their new collections during the week's fall and winter fashion showings that ended here Thursday.

The velvet suits, from Fronzoni, created the biggest stir. Although the fabric was far-out, styling was traditional.

There was a three-button bottle green number for the office and a two-button navy blue formal for the opera. The velvets were dull-surface, heavy weight cotton types with much the samefee l as men's wear corduroy.

Fronzoni also used them for sports jackets worn with finely checked turtleneck jersey pullovers.

Will Ask Hees To Explain Contract Award

OTTAWA (CP)—George Hees, former Conservative transport minister, is not waiting for an invitation to explain his role in the awarding of Montreal International Airport contract in 1960 that left the transport department with a debt of more than $100,000.

The Commons public accounts committee Thursday passed a resolution instructing its Conservative chairman, Gerald Baldwin (Peace River), to correspond with Mr. Hees and ask for an explanation of the awarding of the contract.

The resolution also said that the committee's steering committee "on the basis of any reply received" would determine whether or not there is any necessity to ask for a personal appearance before the committee of Mr. Hees.

Mr. Baldwin said that when Mr. Hees read a press report that the committee was going on the committee's action he telephoned and asked for an immediate opportunity to appear before the committee.

"Mr. Hees said he'd like to come to Ottawa to clear things up," Mr. Baldwin said. "Accordingly, we have arranged for Mr. Hees to appear before the committee next Tuesday morning."

Royal Alex To Be Private Theatre Club

TORONTO (CP) — Ed Mirvish, Toronto's discount store king who bought the traditional-steeped Royal Alexandra Theatre about a year ago, has plans to turn the King Street playhouse into a private, exclusive theatre club.

Mr. Mirvish said in an interview Friday he hopes to start his revolutionary club in the fall of 1965. Membership fees would probably be $500 or $600 a year. Each club member would be assured a seat for a particular night's performance for 52 weeks of the year.

P. M. Picture Producer Still on Job

OTTAWA (CP)—State Secretary Lamontagne said Friday he will investigate reports that several CBC producers, including the producer of the controversial film Mr. Pearson, have resigned or been fired. He was replying in the Commons to Eric Nielsen (PC—Yukon), who named the producer as Thom Benson of the CBC.

In Toronto, Mr. Benson denied that he had been dismissed or resigned.

Dale Brian Guay, 17, of this city is a patient in a Seven Islands, Quebec hospital, with a skull fracture. His mother, Mrs. Norman Guay and daughter Sandra, left yesterday to visit him. Dale, an employee of the Dravo Engineering Company, received his injury June 17th in an accident which killed one man and injured three others.

Prisoners Appeal to Law Society

TORONTO (CP)—A group of prisoners at Toronto's Don Jail has appealed to the Law Society of Upper Canada for action in persuading the Ontario Appeal Court to provide full transcripts of their trials at public expense.

The 13 prisoners claim in a letter to the law society they can't properly prepare appeals to appoint an eminent counsel to persuade the court that they should be furnished with the transcripts at public expense.

Request Law On Homosexual Acts Relaxed

TORONTO (CP) — Sidney Lats of Toronto, associate editor of Maclean's Magazine, announced Friday night that a society to help Canada's homosexuals will be established in October with headquarters either in Toronto or Ottawa.

Mr. Katz, chairman of a six-man planning committee which is organizing the society, said in an interview his first objective will be the amendment of Section 149 of the Criminal Code which makes illegal all homosexual acts.

He estimated there are hundreds of thousands of homosexuals in Canada. The society would be called the Homophile Reform Society.

The committee has written to Prime Minister Pearson suggesting a meeting to discuss amendments to the Criminal Code to allow homosexual acts in private between consenting adults. No reply has been received.

Her Dad Luck Came in Flood

ORANGE, N.J. (AP) — Wednesday was a bad day for Dorothy Gower.

First she accidentally drove her car through the family garage.

Then police and firemen came roaring to her home in response to an anonymous tip that the place had exploded.

Friday Mrs. Gower discovered that in all the confusion a burglar had slipped into her house and escaped with $70 in cash and the keys to her husband's car.

Later, police said, the thief came back and drove off with the car, which was parked near the couple's home.

Norway-Bound Cabin Cruiser Having Trouble

CORNWAL L(CP)—Two Toronto businessmen, Haakon Sverdrup, 46, and Otto Pedersen, 59, who hope to cross the Atlantic in a 26 - foot cabin cruiser to Norway are having trouble getting out of the St. Lawrence River.

While travelling the channel opposite here Friday they ran into difficulty which might impede their plans of making the trip in two weeks.

Mr. Sverdrup, owner of the cruiser Viking, was at the helm when a water-ski rope and its wooden handle wrapped around the drive shaft and guard. Eventually they limped into a marina at Summerstown, about 10 miles east of here.

Their first trouble came when they were forced to stop at Gananoque Thursday afternoon after the craft struck a shoal 15 miles east of Kingston.

The two set off downstream today on the next stage of their trip which began last Friday at Lake Chemong, near Peterborough.

No Success In Search For Hal Banks

MONTREAL (CP) — Bailiff Andre Landriau said Friday there have been no developments in the search for Hal Banks, former president of the Seafarers' International Union of Canada.

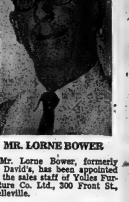
A writ of arrest was issued Tuesday which, when served, will put Banks in jail for up to serve a 30-day sentence for contempt of court.

Asked about a report that Banks had gone to Puerto Rico, Mr. Landriau said he had heard rumors but had no information to substantiate them.

May Force Beekeepers To Move Hives

BRANTFORD (CP) — Beekeepers in this area said Friday they may have to move their colonies out of Brant and Norfolk counties unless aerial spraying companies discontinue the spraying of poisonous chemicals in the vicinity of their hives.

A delegation representing 75 beekeepers in the two counties sought help from Ontario Agricultural College officials. They were advised to move their operations if their bees are affected by the spraying of fields infected by army worms.



Wilfred Harvey of RR 5, Brantford, found many of his bees killed Friday and many more paralysed. Samples of 150 dead bees are being forwarded to OAC for examination.

R. Gordon Tomlinson of the OAC said moving the bees would create a problem for fruit-growers in the area, and orchards would stop yielding fruit because the bee colonies no longer would provide pollination.

PRINTER FINED

TORONTO (CP) — Harry A. Collins, 30, of Toronto, a printer involved in the current dispute with the three Toronto daily newspapers, was fined $50 Friday for creating a disturbance outside the Globe and Mail offices. Police said he obstructed a truck leaving with the first edition produced after the stoppage July 8. Collins is a linotype operator for the Toronto Daily Star.

Accident Alley and Suicide Strip

There is an old saying, "Somewhere, someone has got it worse than you." In recent weeks, there has been considerable comment about that stretch of Highway 401 east of Marysville that narrows down into the two-lane strip that has been dubbed "accident alley."

There is another similar stretch of road in Western Ontario between London and Tilbury. This 70-mile segment of Highway 401 has been named "suicide strip." The reason for this nickname is evident: In nine months, 17 persons have lost their lives on this section of road.

This week the Ontario Minister of Highways, Hon. Charles S. McNaughton, made a personal tour of the roadway to see what can be done about lowering the fatality rate. London authorities have made two suggestions that will be presented to the minister. These might be of some aid to our "accident alley" drivers. The first suggestion is that all trucks be prohibited from using the two-lane section until the four lanes are completed. The purpose of this proposed ruling is to eliminate the traffic hazard of these lumbering boxcars of the road. This plan would be most acceptable in our area because Highway 302, for all practical purposes, parallels Highway 401. The second suggestion is that vehicles on this stretch of road turn on their headlights. This would supposedly serve as a warning to all drivers who pull out to pass. This would be of some use in the daylight hours but would not change anything during the evening and night hours when most of the mishaps occur.

The Dominion Automobile Association announced on Monday of this week that this two-lane stretch in Western Ontario has developed into "the most accident-prone strip of payment in the country." The reason it gives for this rating could very well be the one for all our serious mishaps on the 401 between Marysville and Kingston. "The situation is suggested to be due to the abrupt change from the previous 400 miles of divided highway (from the east) to the conventional two-lane thoroughfare with its increased potential for head-on collisions."

Certainly, something should be done in our area to mark the change of highway conditions more clearly. Perhaps, those suggestions of the London Lonbrities could be tried. Or perhaps attention-arresting visual warnings more dramatic than the present signs should be set up.

The paving of the other lanes is now in progress east of Marysville, but is going to take another two or three months to complete. Something should be done now to correct the conditions of our "accident alley." We have had some 18 accidents on this stretch since it opened. If the situation remains the same there could very well be more accidents and more deaths. It is time for the authorities here to do something.

Maybe Mr. McNaughton could take a drive down our "accident alley" and make some recommendations.

A Substantial Drawback

The Soviet Union has received a great deal of publicity on its recently published proposals for the establishment of permanent United Nations peace-keeping machinery.

Yet as has been pointed out by British officials, the new proposals appear to contain a very substantial drawback. One interpretation that can be given them is that although permanent members of the Security Council—the U.S., Russia, Britain, France and Nationalist China—are excluded from supplying stand-by military contingents for the peace-keeping force, the Security Council would nonetheless have a veto over the force's peace-keeping activities.

It follows, therefore, that even if such a peace-keeping force were set up, the Soviet Union could, if it chose to do so, prevent that force from being used on any given occasion. This is a very serious shortcoming considering Russia's record at the UN and considering the fact that communist activities, directly or indirectly, frequently give rise to the need, for UN peace-keeping activities in the first place.

I do know that the eye is the best guide to the ear. If you see a thing, you hear it better. A cinema can be an ideal place for music-making. I would like it to be quite normal for cinemas once a week to give up their theatre for good music-making for the people at cheap prices.—Sir Malcolm Sargent, the famous conductor.

From the French-Canadian Viewpoint

This is a selection of editorials on current topics, translated from the French-language press of Canada.

Le Devoir

Montreal Le Devoir—The Commons vote (in favor of the federal government) for loans to university students) helps clarify the meaning of certain current theories on co-operative federalism.

Let us take first of all the statement by the federal minister of justice (Hon. Guy Favreau) at the recent meeting of the Quebec Liberal Federation. The minister concluded by saying that "in a healthy federal system each sector of government fully respects the jurisdiction and responsibilities of the other sector."

This is clear and categorical statement on the requirements of federalism. But in the conditions that prevail in a field reserved to the provinces. Nevertheless, Mr. Favreau, as a minister in the Pearson government, proposes and approves these federal loans to students which are an invasion of provincial jurisdiction. According to Mr. Favreau's own definition, one could say our federalism is sick.

In the Commons July 9, Leon Balcer, (PC—Trois-Rivieres) asked Hon. Maurice Lamontagne, if he was aware of opposition from Quebec university students to the federal loans, and the state secretary replied that all provincial rights are protected in the bill. The meaning of that statement is represented by the bill by a provision that allows a province to receive federal compensation if it operates its own system of grants to students.

This is what they call respecting the rights of the province. This system nevertheless remains unacceptable because it is a federal system under which takes initiatives in purely provincial questions; which collects taxes that are for provincial ends; which imposes the controls and terms of the programs and upon provinces that don't want any part of them.

This is the result of federalism where the central state pretends to respect the rights of the provincial states even as it invades their jurisdictions under the pretext of reducing its interference at the provincial level while safeguarding constitutional decisions.

The Quebec resolution has brought only a new tone to the centralizing system. Now when the federal government wants to invade a provincial field of jurisdiction it starts by consulting the provinces instead of presenting them with a fait accompli.

Nevertheless it is an improvement, especially for Quebec which can thus protect its constitutional rights a little better, or at least less badly, than before. — Paul Sauriol. (July 18)

L'Evangeline

Moncton L'Evangeline—The federal government's decision to help students will no doubt be welcomed with joy in university circles. . .

A member of the Ralliement des Creditistes opposed the measure, saying that it is a new interference by the federal government in a provincial field. One could question the validity of such a statement. . . .

We think the new plan will help a greater number of students reach university. A good education is indispensable today and the government must give citizens the means of obtaining it. . . .

While fees are increasing, students are often deprived of financial means of entering university. It is true that many obtain work during the summer which helps them to defray at least part of their fees but they cannot count on such means in any case, summer jobs are very limited, especially in the Maritimes.

If education is the measure of the country, it will one day be necessary for everyone to have access to university, if they want it and if they have the ability to take the courses. — Donald Lagle (July 15)

le nouvelliste

Trois-Rivieres Le Nouvelliste — Following debates which took place in Ottawa on the subject of extending family allowances, Leon Balcer, member for Trois - Rivieres and leader of the Conservatives of Quebec, published a statement in which he reviewed the spirit of Confederation as it deals with sharing of powers between the federal government and the provinces and modifications made as a result of Ottawa's interference in fields reserved exclusively to the provinces. . . .

Mr. Balcer . . . attacks what has become a sort of dogma among the liberal organizers. "Ottawa," he says, "has put forward a principle that is contrary to provincial autonomy and relating to control of the economy by fiscal means under the pretext that uniformity must be obtained by use of national standards. This is the sort of thinking that the province of Quebec, in the name of provincial autonomy and the sovereignty of provincial rights, does not want to accept and cannot espouse."

It is obvious that the control of the Canadian economy by the federal government can lead only to one result—the enslavement of provincial governments by Ottawa. By the absolute direction of economic life, by regulating credit, by the innumerable restrictions which it could impose, Ottawa is in a position to smother some provinces and favor others.

The case is particularly serious for Quebec since the very existence of the French-Canadians is linked to the normal functioning of the government of Quebec. (July 16)

Today in History

By THE CANADIAN PRESS

July 22, 1944 — Benito Mussolini resigned and was arrested 21 years ago today —in 1943. Throughout the Italian nation demonstrations bore witness to the popular relief at the end of Il Duce's rule. He was rescued in a daring raid by German parachutists in the Abruzzi Mountains. In 1945 he was captured with his mistress by Italian partisans and executed.

1906—Louis Blériot made the first flight across the English Channel.

1934 — Chancellor Dollfuss of Austria was slain by Nazi storm troopers.

To Your Good Health

Tests for Mongoloids Slowly Being Perfected

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: After having normal children, I had a mongoloid. It passed away shortly after birth. I am very depressed and long to have another child, but my husband and I don't want to go through such heartbreak again.

How does such a birth occur? Is it more probably for women in their 40's? Can chromosome tests be made on the mother and father to predict whether the next baby will be mongoloid? Can such a birth be prevented? Can the percentage of risk be determined? — Mrs. W. V.

No. This is a difficult letter to reply to because only a portion of the answers are as yet apparent. (A mongoloid baby is one which is mentally retarded. It also has some physical characteristics, slanted eyes, flattened nose, etc., which led to the term mongoloid.)

It was only about five years ago that mongolism was scientifically determined to be a genetic defect, the baby having 47 instead of the usual 46 chromosomes.

This difference in chromosome may be inherited, or it may not; apparently it can also be a freak of development independent of the cellular makeup of the parents.

Anyway, some discrepancy in the chromosome count has been traced back as far as grandparents. The tendency may be present, yet no mongoloid babies appear for a generation or so. We need to know more about this. Much more.

Again, we also know that mothers over 30 seem to have about one mongoloid baby per 1,000 births. At age 40 or above, this increases to 2 or 3 per 1,000 births. The mother's age is the important factor; the father's doesn't seem to be a factor.

For practical purposes, I can say only that if a young mother has a mongoloid baby, complicated tests may show that she should not have anymore children. In some cases, the advice will be a firm "NO." In others, we cannot say.

With older mothers, we can't say whether age or genetics is the work.

I wish I could give a nice, simple concise answer here, but I can't. For one thing, it is certainly possible to have a mongoloid baby, yet have a perfectly normal afterward.

So here is the best answer I can offer to Mrs. W. V. or any others concerned with this problem:

1. — Yes, tests can be made but they are not completely so in all cases. Only in some. Most of the big medical centres now make such tests. They are too intricate for individual doctors to undertake.

2. — Age of the mother is a factor.

3. — There is no known method of preventing mongoloid babies. A mongoloid can occur along with normal, or exceptionally superior children.

Dear Dr. Molner: I have a friend stationed in the Philippines who wrote and said his got a venereal disease from too much powdered milk! Is this possible? — J. J.

That's about the lamest excuse I ever heard. No.

Dear Dr. Molner: Is it possible for a gall bladder to grow back after being removed? — M. R

No.

Old Times

Regina Leader-Post

It's only a tiny crack in the socialist wall. Yet the decision of the Czech government to denationalize a number of services and return them to the "private" sector of the economy may foreshadow a trend.

According to the newspaper Rude Pravo, barbers, shoemakers, souvenir and refreshment vendors, bookroom attendants, launderers and people employed in shining shoes are among those being permitted to revert to individual enterprise.

Ottawa Offbeat

Militia Feels Economy Axe As Numbers Cut by Third

By RICHARD JACKSON

From The Intelligencer's Ottawa Bureau

OTTAWA — In cutting back the Militia and stripping it of its civil defence role, the Government apparently believes that whatever danger there may have been of nuclear attack on Fortress America now has been dissipated.

So, as it first came to the Navy, the Army and the Air Force, the Defence Department economy axe is coming to the Militia and 15,000 men will be lopped off the roll.

In the slash from 45,000 to 30,000 men, some historic old regiments will case their colors for the last time.

There are some Opposition MPs, a couple of them former Defence Ministers like Hon. Ralph Campbell of Winnipeg South, and Marcel Lambert of Edmonton West, who hate seeing wondering if the Armed Forces are not being sacrificed for the diplomatic corps.

The Services themselves are starting to ask whether it's true that what the Government saves in the Defence Department it will be spending in External Affairs.

The suspicion persists that the fighting forces are being compelled to skimp on manpower and equipment so that the diplomatic services can splurge in international "police" assignments and foreign aid. The costs of both, for food and advertising in the name of global police patrolling are increasing sharply, in direct and perhaps inverse ratio to what is happening in defence budgeting.

EXTERNAL IN CHARGE

Some sort of basis for the suspicion might be seen in what is the plain fact that Defence Minister Hellyer—sovereign of the policies of former Defence Minister Paul Lambert, Harkness and Pearkes—has said that the Armed Forces must, of course, take some policy direction from external affairs.

Mr. Hellyer subscribes to the proposition that foreign policy comes first, and only then, and related directly with it, defence policy.

So External now can say—and does—that it's told the Navy to cancel scheduled cruise ports of call.

Now, if this is not so, if Defence is not being downgraded for an upgrading of External, then why are the Armed Forces alone being sacrificed? Why the Militia? Surely External agencies are left intact.

If the threat of a sneak nuclear attack on continental America—and Canada, in the line of bombers or missile flight—has decreased to the point where the Militia safely can be told to pack up on civil defence, it should follow that the $30,000,000 "Diefenbunker," the secret government "funk-hole" near the Capital, could be boarded up.

But why keep civil defence establishment, hewn deep out of the bedrock 18 miles west of the city, ramified in expensive operation. The Commons Defence Committee has asked questions about it, and been told that it is for the safety and comfort of the Federal Cabinet, the topside brass of the senior civil service and others, as they were described, "essential personnel" in case of surprise attack.

PARLIAMENT UNESSENTIAL

The bemused MPs wondered out loud, during the Committee's absence of quorum, why MPs were not similarly "essential."

They got no answer.

But the background is, for that's what it is, equipped with all the modern electronic conveniences of war, can wonders with an estate—even if for business in life is giving dollars away by the million.

Looking Backwards

GLEANINGS FROM OUR FYLES OF BYGONE YEARS

30 YEARS AGO

July 23th, 1944.

Packed congregations marked the 90th anniversary of the Moira United Church on Sunday when members of the three other church appointments joined in celebrating the anniversary of the building of the present edifice. A special message was delivered by the pastor, Rev. Kenneth Stewart, while hazel brushes was Mr. J. Owen Herity of Belleville who reminisced in events of yesteryear.

All buildings of the Ontario School for the Deaf, formerly occupied by personnel of No. 5 I.T.S., RCAF were officially handed over to the School Superintendent, Mr. J. E. Morrison, representing the Ontario Department of Public Works, on Saturday. It was definitely understood, officials stated today that the new drill hall erected on the property of the school will be retained as a gymnasium for the use of the pupils. Work will be started immediately by the Ontario Department of Public Works in transforming all buildings to their original status, conformable to the agreement made when the school was turned over to the Federal Government for air force training.

30 YEARS AGO

July 25th, 1914.

The Hon. J. Albert Faulkner, M.P.P. for West Hastings and Minister of Health in the Hepburn Liberal Government, was tendered a reception at an all-day picnic. Three bands were in attendance, namely, the Argyll Light Infantry Band under the direction of Prof. Ross Hunter, The Stirling Citizens' Band under the direction of Ned Pott and the Frankford Citizens' Band under the direction of W. F. Ketcheson. The picnic was under the auspices of the West Hastings Liberal Association and the Belleville Liberal Club. Mr. Harold Holton, president of the latter club, presided during the platform meeting.

40 YEARS AGO

July 25th, 1924.

Mrs. J. W. Bell of Corbyville recently found in her garden a King George the Third coin dated 1791. Mrs. Bell and Mrs. Morton of Harold also found a five cent piece in Prenoto coin sorting the date of 1906.

Mr. James Doyle of this city caught a sturgeon in the Bay of Quinte Bay yesterday which weighed 48 pounds. Mr. Duesberry of this city also caught a 35-pound lunge yesterday down the bay.

A barn belonging to Mr. Sam Dougherty, Herchimer Ave. North, was recently destroyed by fire.

Mr. "Doc" Barrett has arrived home from New York City to spend his vacation.

Mr. and Mrs. N. B. Duffin of South Bend, Ind., and Mr. Frank Duffin of Battle Creek, Mich., are visiting Mrs. J. Bolland and family, Dundas St. East.

From our file copy at this time in 1904: "Work is progressing satisfactorily in the construction of the Alford block on Front St. opposite to the entrance to the footbridge.

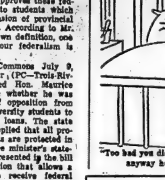
50 YEARS AGO

July 25th, 1914.

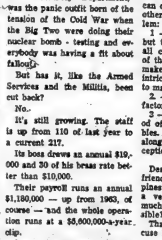
Lacrosse was a popular game in this city and district years ago, and like the information of old timers we are giving the names of some of the players in the 1864 game: Fred Weller, Billie Hitchon, Ezra Will Holton, Mack Jamieson, Frank Wolverton, Harry Powell, "Bud" Bogart, Jack McFee, Harry Burrell, Harry Jackson, Fred Sanster. The latter also coached junior players. There were others we know but the games were played on the old Cricket Field on the bay shore in East Belleville. Mader also had a fast team. Here are the names of some of the Mader players: Wright, Bobbie Colling, F. Kirk, J. Kirk, Charlie Cross, C. Kirk, Billie Bird, Will Harper, Carl Lynde, W. Sinclair, Ed Cross and George Burns. Archie Mader was manager. Will Cross used to captain the Mader team. There were always two clubs out to practise, hoping to be chosen to play in some of the matches and no doubt, some of them made the team.

Give-Away Is Not Easy

Financial Post



The Rockefeller Foundation was established in 1914. It has a $343 million asset and, for the advancement of education, health, science and the arts, for 50 years.



A book about its jubilee, "Toward the Wellbeing of Mankind," contains some remarkable statistics. The foundation began with an endowment of $182 million and has given away $776 million and its stands today at $643 million.

This is an object lesson in how not to compound interest; but it is certainly more than that. It shows what skilful investment can do over a longish period.

The original gift of $242 million, it appears, was taken from capital to meet the fund's commitments at various times in its 50 years history.

In an expanding and affluent society, it is clear, shrewd buying and selling can work wonders with an estate—even if for business in life is giving dollars away by the million.

The Vacuum Sidewalks

Cape Breton Post

It's the sort of thing the proverbial Buck Rogers would approve: The street sweepers of a resort on England's south coast are going to be issued vacuum cleaners for use on the sidewalks.

Naturally, this is going to figure in come-hither publicity, where fond of germs may decide that this particular topside place will be made a safer spot to take their children on holidays.

The day that the city of Sydney decides to buy vacuum cleaners with which to clean the sidewalks will be a day of raised eyebrows all around and it would be a day of extraordinary smart business promotion publicity.

A Lift for Living

Men of Faith Can See Light Despite Looking at Darkness

By REV. HAROLD E. KOHN

Recently I took an airplane trip across a stretch of America's Middle West. It was not an auspicious day for flying, but the flight could not wait for fair weather. Leaden clouds darkened the heavens and winds whipped the air with sadistic frenzy. Before a drop of rain could fall, the earth was already drenched with forebodings of a storm.

But the plane took off as scheduled. In minutes we were lifted above the heavy storm clouds. What a difference that climb of a few thousand feet made in our outlook! When seen from above the clouds were not black and threatening, but fleecy-white, touched with golden highlights from the sun.

When were the airplane passengers seeing the clouds truly, realistically — when we viewed them from the ground and perceived their darkness or when we saw them from high in the heavens and beheld their brightness? Was the dark view or the bright view true and real?

Both views were right. Clouds have a shadowy side and a sunlit side, and what an observer sees depends upon whether he is above or below them.

FRAGMENTARY VIEWS

Pessimism and optimism are the extreme, fragmentary views of human existence. The pessimist looks at life from the ground, from the lowest possible station. He sees only the dark underside of all questions, makes a philosophy of his viewpoint, and behaves as if there were no sun above the clouds and no promise of better days to come. The optimist is nearly always airborne. He maintains a view from above the cloude, seeing life as brimming with beauty, ignoring darkness and storms. A great faith is neither always earth-bound amidst gloom, nor invariably detached from earth and its grimly cheerful. Rather, it recognizes that clouds are both dark and light, foreboding and beautiful. Such a faith is big enough, realistic and honest enough, appreciative, daring and hopeful enough to see, recognize and weigh the worst and the best and to believe that if a good God allows both in His universe He must have a purpose and a place for them. So the man of faith thinks room in his thinking for the dark and the bright.

The pessimist grumbles, "My gasoline tank is three-quarters empty." The optimist happily, carelessly declares, "My tank is one-quarter full." The man of faith knows that such a tank is both three-quarters empty and one-quarter full. Believing that partial views are dwindling supplies are orders, "Fill 'er up!"

The pessimist complains that the lily belongs to the onion family, an ditho optimist blissfully responds, "No, the onion belongs to the lily family." The man of faith will likely consult an authority, but the answer will make no difference in his gratitude for lilies and onions. He orders onions for his table and grows lilies in his garden and believes they belong to each other and to a common plan for the world, planned by a the Creator. The man of faith is inclusive in his appreciations.

A pessimist gloomily counts all the difficulties in his opportunities. The optimist too often ignores the difficulties in his opportunities. The man of faith, fully aware of the difficulties in his opportunities and of the opportunities in his difficulties, believes that God will help him to make the opportunities and difficulties alike for growing Christlike in character.

MEANING OF FAITH

Faith is not a belief that "everything will turn out" to please us; rather it is the confidence that no matter how "things turn out," GOD will somehow use the events of our days for His glory and our good if we will give it so and submit to His will. We do not know, and do not need to know, all that will happen to us. But at this moment, and always, we can live in what spirit we will take everything that happens to us. We can accept the worst that comes our way as being gloomily dark on earth's side and bright with opportunity on Heaven's side, foreboding from our viewpoint and bright with hope from God's viewpoint.

A cellar wall in the city of Cologne bears a heartening Gospel. Captured prisoners of war hid in that cellar during World War II, and one of them left this description written there: "I believe in the sun, even when it is not shining. I believe in love, even when feeling it not. I believe in God even when He is silent." That faith is more realistic than either pessimism or optimism; it is more honest than pessimism and braver than optimism. It knows darkness, but believes in the sun. It experiences emotional numbness, but believes in love. It suffers the silences of God, but trusts answers to man's pleadings are delayed, but still trusts in God.

One measure of your faith is whether you can look at life's darkness and yet believe in the light.

Stories of Famous Hymns

"ROUND THE LORD IN GLORY SEATED"

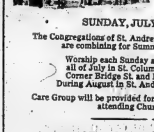
Round the Lord in glory seated,
Cherubim and seraphim
Filled His Temple, and repeated
Each to each th' alternate
hymn:
"Holy, holy, holy Lord!"

Heaven is with Thy glory
resting,
Earth takes up the angel cry,
"Holy, holy, holy," singing,
"Lord of Hosts, Thou Lord
Most High!"

"Lord, Thy glory fills the heaven,
Earth is with thy fullness
stored;
Unto Thee be glory given,
Holy, holy, holy Lord!"

With His seraph train before
Him,
With His holy Church below,
Thus unite we to adore Him,
Bid we thus our anthem flow;
"Lord, Thy glory fills the
heaven,
Earth is with Thy fullness
stored;
Unto Thee be glory given,
Holy, holy, holy Lord!"

For more than a century and a half this favorite hymn of adoration has been ringing through the churches of the world. Today it continues to hold a prominent place in twentieth century hymnals and seems to be growing in favor with Christians everywhere.



Its words were—written by Bishop Richard Mant, distinguished English churchman and hymnist, and its tune, known as "Sanctus," was created many years later by John Richards, Welsh musician and composer. The hymn theme was inspired by the first three Bible verses in the sixth chapter of Isaiah.

Bishop Mant, a native of Southampton, England, was graduated from Trinity College at Oxford. Soon after his ordination he was called to serve as chaplain to the Archbishop of Canterbury and in 1820 he was consecrated a bishop. He wrote many hymns, a metrical version of the Psalms, and a "History of the Church in Ireland."

Mr. Richards became widely known in Wales for his compositions of hymn tunes and anthems. He was born in Bangor, North Wales, in 1843 and died there in 1908. His "Sanctus" music made its first appearance in "Hymns and Tunes of the Presbyterian Church of Wales" in 1900.

Whenever Welsh men and women gather for a local, state, or national Gymanfa Ganu, this beautiful hymn is almost sure to be on the program for congregational singing. Its stirring tune has long been a popular processional with choristers of all churches.

ORIENTAL NOTES: JAPANESE INNS

(Second of Two Parts)

"Shall I not take mine ease in mine Inn? — Shakespeare.

• • •

We would like to express our thanks again to Mrs. A. B. Mitchell, 190 George Street, for the following excerpts from delightful letters written while on a recent Japanese tour by her American friends, Mr. and Mrs. James McFadden.

(SECOND OF TWO PARTS)

Mrs. McFadden continues: "We suddenly discovered why this trip in Japan is so expensive!

"At least, everything in Japan costs a lot. We pay about $15 each for three meals a day, for example. But, we found that Japan Travel Bureau, on our tour of the peninsulas, had booked us into suites which are ordinarily reserved for the Emperor! In one case, an apartment of eight rooms! Did we travel in style!

"We had asked for something off the beaten track, where we could see the country, countryside, fishing villages, etc.; and that was just what we got. Even people we've met who live in Japan haven't made the tour of Hit Peninsula. Yet it is fabulously lovely.

"At Shirahama, a seaside resort popular with the Japanese, we stayed in a Japanese Inn (we have come to enjoy these very much) with our rooms looking right out on the water. Japanese dinner served in our rooms really looked nice for a long, as the 'place de resistance' was live lobster. Yes you read it right. The lovely, jolly-like had been drawn out, and Jim tried some before he realized what it was, though I kept pointing out that the creature's feelers were still waving about. Poor thing!

"Since it was Saturday night there was entertainment for the guests in the lounge (where we all sat dressed in the same brown kimonos); a delightful dance-play of a local legend, including butterfly fairies and a terrific fierce red-faced dragon, a blues singer, and a trained chimpanzee that rode a bicycle. Great fun!

"Next we had a half-raising ride to Kalzuura. I'm warning everybody now who comes to Japan to do it by train, not by car, as we did. The roads are all hairpin turns, and narrow, with only occasional spots to turn out in, while buses or cars whiz merrily by heedless of the unfenced drop on one side.

"Kalzuura Bay is even more beautiful than Shirahama. Almost a complete circle, with an island across the entrance. From there we drove to Nachi waterfall. Its setting is a grove of tremendous cedars some supposedly 3,000 years old.

"That night we spent in a Japanese inn which was formerly a daimio's castle, and that is where we had the Emperor's suite of eight rooms. (The other were only two to five rooms). There was a sunporch completely glassing in two sides, from which one had a broad view down on the roof-tops of Shingu city, the mouth of a big river and the Pacific ocean with a range of mountains for good measure.

"Our Department consisted of "Western" living room with TV and arm chairs; bedroom with nothing is it; dining room; hall, sunporch, dressing room, washroom, toilet room, bathroom. The size of rooms in Japan is measured by how many straw mats it takes to cover the floor. Most Japanese families live in rooms having two, four or six mats. If they have three rooms they're lucky. We counted in our apartment (pardon me, the Emperor's) some forty-six mats. The rooms were called the Gekko Room which means "moonlight."

"At Nagoya, we had a fine reception on the train platform, where the Travel Bureau man stood on the platform and held up a sign, "Mr. and Mrs. James McFadden, Welcome to Nagoya", decorated in color with flowers and designs.

"At Obtsu, we stayed two nights at the Minaguchiya Inn, made famous by Stotter's best seller, "The Japanese Inn". It was fun and we had the owner autograph our copy of the book! Going to bed at least got a glimpse at sunrise, even if it clouded over the rest of the day, as usual. We walked miles, Jim on a beach, I in track and bus traffic, to get our pictures of the Mount. Though we continued to see it clearly all day, even at sunset, we've not sorry for that early morning effort.

"There is something truly magical about that volcanic cone, and we have felt that the Japanese have always held it sacred. It has such majesty, such an eerie quality, such mysterium, that we kept photographing it all day long.

"Next day, when we saw it, the snowy peak was apparently floating above the clouds without any supporting base. But on that one day, we saw it all!

"Here is Jim's latest poem — our farewell thought for a wonderful trip in a fascinating country:

ON FUJI'S PEAK

The dawn fires glow
While day breaks slowly down below.
The sunshine clings to Fuji's height
As earthy man prepares for night.

WOMEN OF THE MOOSE

The last regular meeting of the month was held on July 22 at the Moose Hall with past Senior Regent, Gladys Ritch presiding for Nellie Brandner.

Several co-workers were on holidays which made the attendance quite low. Various reports were given by the recorder Nellie Scrymgeour.

Deepest sympathy was expressed to co-worker Alma McLuskie on the loss of her grandson.

After a brief discussion period, the meeting was brought to a close and all co-workers present enjoyed a few games of cards.

Mid-Week Church Group Concludes Year's Activities

The mid-week groups of Centre St. United Church concluded the 1963-64 activities with the annual graduation and awards night.

The Messengers and their mothers were welcomed by the leader, Mrs. Gail Jones. Mrs. Dorothy Hudgins, assistant leader conducted the worship. Mrs. Jones gave a short report on the year's work and asked the mothers to help the leaders and the children by teaching them respect for the church in their own homes.

The awards were given out according to attendance, with two children with perfect attendance. There were seven girls and three boys leaving the group and going to other organizations. They are: Trudy Hudgins, Marilea Ward, Wendy Mansfield, Valerie Brinkert, Dale McFeat, Barbara Prudden, Jackie Cowan, Robert Gatcum, Allan Woodcock and Bobby Mandeville.

The evening closed with a sing-song and lunch served by C.G.I.T. girls.

EVENING GET - TOGETHER

The Explorer girls and C.G.I.T. held their evening get together. Mrs. Alma Hawley, Explorer leader welcomed the groups and mothers and conducted a worship service. Gail Jones C.G.I.T. leader assisted Mrs. Hawley in a sing-song. The Explorer girls received awards for the year's work, with four girls going into C.G.I.T. Patty Schanerhorn, Shiela Hancock, Carol Mansfield and Joyce Parks. These girls received 2c. pins. The C.G.I.T. girls received their awards and Miss Shirley Hudgins graduated from C.G.I.T. She was presented with a graduation pin and coffee spoon from the group following a candle light graduation ceremony.

The evening ended with lunch and a social half-hour was enjoyed by all.

SPEAKING OF MANNERS

BY PATRICIA LEWIS

MAIL, CALL

QUESTION: A boy I had a date with recently suggested we go to the movies. I agreed, but, when we got to the theatre, I didn't care to see the picture that was playing. Another I preferred was playing a block away, so we went there instead. My mother later said it was impolite to make my date give in to my wishes and that it would have been more courteous to go to the movies he had first chosen. He didn't seem to mind though.

Would you please tell me if I behaved like a spoiled brat about the whole thing? I've been feeling contrite ever since. — E. P., Trenton, N. J.

ANSWER: Relax. If your date was desperate to see the first movie, and said so then it would have been more courteous to give in to his wishes. But since he was agreeable to your counter suggestion it obviously didn't matter to him very much which picture he saw.

If a boy invites you to something specific, and possibly buys tickets in advance, they you're committed to go along with him when you accept the date and it's rude to suggest a change in his plans.

QUESTION: If your host and hostess are busy caring for other guests, is it permissible to help oneself to a drink or some other refreshment? My husband often does this, and I'm afraid it might give others the false impression that he's ill-mannered. — Mrs. E. A., Pittsburgh, Pa.

ANSWER: It's permissible to help oneself to a drink if the host indicates it's every man for himself. Otherwise a guest should wait till he gets the host's attention, then indicate he'd like a refill.

Liquor, of course, may help themselves to canapes and the like that are placed on nearby tables without waiting for the hostess to pass them around.

QUESTION: When someone pays you a compliment — says you look nice or admires something you've done — should you simply say thank you? Or should you try to repay the compliment by saying something nice about the person in return? What is the gracious thing to do when someone is courteous enough to show his admiration? — H. L., Columbus, Ohio.

ANSWER: While it's nice to receive a compliment, it's not good taste to labor the point. A smile and a modest thank you usually is given and uttered in response to a compliment.

If you try to turn around and pay a compliment in return, it might sound false and appear as though the other person were fishing for a pat on the back by saying something complimentary about you in the first place.

QUESTION: My husband just got a promotion, a raise, a private office and a secretary. The latter is why I'm writing to you. What should I call her? My husband calls her by her first name, and he thinks it would be all right if I did, too. If ever I should visit his office, naturally, I want to address her correctly. What do other executive wives call their husbands' secretaries? — Mrs. C. P., Chicago, Ill.

ANSWER: Call her "Miss" or "Mrs." That's what other executive wives usually do, and it's generally the form used over the phone or in person.

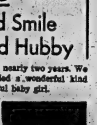
Successful Living



A Good Kiss and Smile Can Help Wife and Hubby

DEAR DORIS — I am 18, and married nearly two years. We have a good marriage because I've married a wonderful kind and understanding man. We have a beautiful baby girl.

My husband is now out of work and the bills are piling up. We are existing on unemployment insurance.

My husband often says to me he should have married an older woman, one that would understand him and give him courage, and maybe come up with a good idea once in a while.

My love for him is beyond words. I would just love to be the perfect wife for him. If I only knew how to go about it, to cheer him up when he has problems. — TRYING HARD.

DORIS CLARK

DEAR TRYING — He wants an old head on young shoulders, doesn't he? Yet it was the winsome young heart which won him!

Since he is more than worth it, let's aim to please: Practical budget helps are on their way to you, to help cope with those bills. Beyond them that, your own Children's Aid or family agency will gladly share their experience on budgeting if you request an appointment.

Best of all is a constant build-up. Greet your man with baby pretty and face newly made up; with a smile and a kiss; with your baby girl ready for him to hug; and an attitude that it's all worth while because you have him. And remember to say so.

When you put that across, a man can fight tigers for you and win!

• • •

DEAR DORIS — My adopted son of three has a habit of sucking his thumb and handling the genital region at the same time.

We have scolded him for this habit and I also bear his grandmother scold him. He is a bright happy child, outgoing and crazy to play with other boys, however there are none his age to play with. He has to amuse himself a lot while I am busy getting the work done and I feel he gets bored. — PERPLEXED.

DEAR PERPLEXED — Scolding will not banish the habits but fix them more firmly. He is indeed bored and frustrated; lacking something outgoing to do he turns to physical sensations.

You're going to have to put first things first. Neglect a little work to be companionable with your most precious little sprout, so that he may grow!

He needs challenges to meet and three-year-old fun to have. When he gets them, the infantile tendencies will disappear of neglect.

• • •

(There are reasons why people act as they do. For a new look at your own human problem, write to Doris. And remember that stamped envelope.)

A clip-on towel rack on the side of the work table keeps things little folk is hang up their towels.

Women's Institutes

ELDORADO - BANNOCKBURN W.I.

ELDORADO — The Eldorado and Bannockburn Women's Institute meeting was held at the home of Mrs. C. D. McCann on Tuesday evening with 19 members, two visitors and two children present.

The president Mrs. Cecil Blackburn opened the meeting in the usual manner after which a number of business items were discussed. A gift was presented to Mrs. Frank for her leadership in girl's work.

Mrs. Arthur Robnson was convener of the program which included: a reading by Mrs. Robinson; the motto on agriculture by Marlene Blackburn; a poem read by Lea IntVeld; a report on the Tweedsmuir history book by Mrs. Ken Bateman; current events given by Mrs. Blackburn; other readings by Mrs. Robinson and Mrs. Blackburn and a paper by Mrs. A. Robinson.

Refreshments were served and a vote of thanks was extended to the hostess.

OFF TO INDIA — Mrs. Roland Michener, wife of Canada's new high commissioner to India, relaxes beside a wading pool at their Toronto home before leaving for India. With her is a granddaughter Laura Merry Schatz.

(CP Photo)

Protocol Holds No Terrors For Mrs. Roland Michener

TORONTO (CP) - Diplomatic protocol doesn't frighten Mrs. Roland Michener, wife of Canada's new high commissioner to India.

For one thing she has reduced the awesome wording words to practical term. She defines protocol simply as "good manners, good sense and a consideration for others."

Those who know Norah Michener agree she has all three.

But that isn't all in her favor. She is already an expert on such diplomatic essentials as how to give a dinner party. For a number of years she wrote a column on fashion and entertainment for Canadian Homes and Gardens magazine.

And when her husband was Speaker of the House of Commons in Ottawa, Mrs. Michener wrote a handbook for parliamentary wives detailing the customs and manners of life in official Ottawa.

Mr. Michener, 64 - year - old Toronto lawyer and native of Lacombe, Alta., who spent 15 years in Parliament as a Progressive Conservative MP, was named to the Nor Delhi appointment early in July He and his wife will leave for India in August where he'll succeed Chester Rooning.

Mrs. Roland Michener, wife of visiting in 1934

It won't be their first time in India. They have fond memories of a trip they took 10 years ago. "We have many Indian friends we'll see again," Mrs. Michener says.

A native of Manitoba who grew up in Vancouver, the former Norah Willis has a PhD in philosophy from the University of Toronto, a rare accomplishment for a woman. She is also the author of a book on philosophy, Maritain, on the Nature of Man in a Christian Democracy.

She is particularly looking forward to renewing her acquaintance with Indian President Sarvepalli gradhakrishnan who is also a philosopher as well as a statesman.

When the Michenors were in New Delhi' they were house guests of Escott Reid, then high commissioner, and his wife. So she already knows the house she'll be living in. In fact, she has already decided they'll occupy the Bedroom, with a bathcony, they had during the visit.

Although the high commissioner's residence is basically furnished by the government, Mr. Michener plans to take some things of her own—table ornaments, a silver pheasant, Florentine rocks and lady doves, a set of dishes and silver plates, "and lots of books; but couldn't live anywhere without my books."

She'll also take family pictures—of her daughters Mrs. Ronald Rohr (an artist and sculptor) who husband is head of the history department at Brown University, Providence, R.I.), Heather Lawrence (CBC public affairs producer). Mrs. Roy Schatz (a biochemist at Montreal hospital), and of her four granddaughters.

SOCIAL and PERSONAL

Miss Madeline Foley of Baton Rouge, Louisiana is visiting the Guay families in Belleville.

Mr. and Mrs. Charles Parkhurst, McArthurs Mills, were guests of the latter's sister Miss Ruth McEathron, R. R. 7, Belleville, Mr. and Mrs. Parkhurst also called on other relatives in Belleville and Mountain View.

Playground Activities

HARRY J. CLARKE

A successful "On Wheels Day" was held on Friday, July 24th at Harry J. Clarke Playground. About 65 children were present, Supervisor Pam Murray would like to thank the 4 Judges, Raymond Welch, Jim Stather, Tony Vane, Cam Destin.

Friday was a busy day as we were visited by Mr. Reep and others in the interest of Safety.

The "On Wheels Day" was held at 2.30. Winners in each division were — best decorated bike — Danny Welch; best decorated wagon — Valerie Jean Morrison; Decorated Tricycle — Margaret Stather; best decorated carriage — Deborah Bikes — Obstacle race— Eric Stather; Relay race — Eric Stather; Long distance race — Jim Stather; Short distance race Eric Stather.

Trikes — Obstacle race — Gordie Forgey; Obstacle Race— Cam Destin; Relay Race — Joann Kirby; Long distance race — Keith Stather.

Carriages — Pushing race — Barbara McKenzie; Relay race — Cathy McKenzie; Short distance race — Barbara McKenzie and Joann Kirby; Obstacle race — Deborah Culver.

UCW School for Leaders Closes Sessions on Coffee With Addresses by Officers

Mrs. Stanley Murrey, dean of the 1964 school for leaders of the Bay of Quinte Conferences, opened the session for the last day at Albert College with a meditation. She stated that worship is putting the hand of the worshipper into the hand of God.

Mrs. N. E. Lindsay, president of the Renfrew Presbyterial, led in morning worship. Speaking briefly about "faith, hope and love," she said in part: "These are not primarily religious qualities, but they have sustained the hearts of men and women wherever life ages. Faith gives an insight into life's experiences and gives meaning to them. Hope is the need upon which the heart of man can focus itself; love is the force which we must love and be loved. We cannot have faith and hope unless we trust love and expect to live as men and women without them."

CONCLUDES BIBLE STUDY

Mrs. Lester Wetter, dean of Covenant College, concluded the Bible study for the week with the study of the four gospels. She said in part: "God, pel means 'good news' the joy, happiness that is found in God. That is what happened with Jesus. He was good news and this word had to be passed on to all generations. In the gospels we learn that Jesus who later became known as the Christ, was a man living a normal life for 30 years.

"Little is known in many different ways in the three years of His ministry.

HISTORY OF GOSPELS

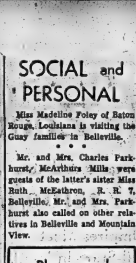
"No one took notes of Jesus when He was alive. They just talked about what He had done and said. After His death, people began writing down His sayings, as they remembered them. They began to collect the experiences that people had had with Him. Some 30 to 40 years after the death of Jesus, a man named Mark wrote down all the good news he had heard especially from Peter, to be passed on to others. Between ten and 20 years later, two other men decided to write down the good news, as they had heard it, and to add a copy of Mark's gospel and they used it as reference." They also had another document known as "Q" which contained sayings and happenings of Jesus. Each also had material of his own which had come from people in different areas, who had known Jesus. The material which Matthew had, is known as "M" and Luke's was known as "L." Each used his own material according to his understanding of Jesus. The three records are known as the "synoptic gospels" or, "seen by the eye." Luke wrote especially to tell the Greek world about Christianity, wrote for Jews who still would not accept Jesus as the Messiah. John wrote his own gospel according to St. John was written, not from the point of view of what others had said of Jesus, but rather from the point of view of one who had come to know Him in his heart.

The remainder of the information which is written with regard to Jesus was written by people, who not having known Him in the body, knew Him by experience. The man who wrote Luke also wrote the Acts of the Apostles, or the beginnings of the Christian church. This beginning, has come an endless stream of writings, from men and women who went to record their personal experiences of what it means to know Jesus Christ.

NEW DRAM

Mrs. Stanley Murray, who has been leader for four previous school, introduced Mrs. Claude Ives, of Bowmanville, as the dean of the school. Mrs. Ives, in turn, introduced the new assistant dean for 1965, Mrs. C. Telford, president of the Peterborough Presbyterial.

Mrs. Ives conducted the rest of the session. The choir, directed by Mrs. Parcy Chalmers, of Niagara Falls and accompanied at the piano by Mrs. R. M. Wightman, sang several selections learned at the school and which they rendered.



The closing address was given by Miss Beatrice Wilson, member of the Board of Women's UCW, who chose as her topic "Responses".

She said in part "God's purpose for us is that we should become like Jesus, Jesus' concept of the universality and love. War it says for Jesus to love everyone! It is easy for us to love those who are easy thing by love! It is easy with those we find loveable, but Jesus loved those who are not loveable! We should remember that love is a creative concept for everyone, with personal warmth. His purpose for us is that the dynamo of God's love shall be at the centre of our lives."

Mrs. L. F. Richardson, president of the conference, gave the courtesy report.

MR. AND MRS. CALVIN DOUGLAS ROBERTSON

Robertson - Blair

Colorful bouquets of gladioli and snapdragons adorned the altar in Bethel-Zion United Church, Halloway on Saturday, July 4 when Doris Irene Blair eldest daughter of Mr. and Mrs. George Blair was united in marriage to Calvin Douglas Robertson, youngest son of Mr. and Mrs. Simon Robertson, Rollin. The Rev. H. F. Swann officiated at the doublering ceremony assisted by the Rev. Southall.

Mrs. Maude Harrison of Plainfield presided at the organ and played accompaniment for Mr. Thomas Hinchey of Shannonville when he sang two appropriate wedding selections.

The bride entered the church on the arm of her father Mr. George Blair dressed in a floor-length bridal gown of lace over taffeta highlighted with a hoop skirt. The Chantilly lace top was enhanced with a square neckline studded with sequins and long fitted sleeves. Her chapel length veil fell from a crown of pearls and sequins and she carried a cascade bouquet of Sensation American Beauty red roses mingled with ivy.

Miss Caroline Blair of Halloway, sister of the bride as maid-of-honor was gowned in aqua chiffon over taffeta with white accessories and carried a nosegay of white and aqua tinted carnations, sweet peas and feverfred with yellow roses. Miss Mae Minnis of Maynooth, cousin of the bride and Miss Beverley Kilpatrick of Shannonville, niece of the bridegroom as bridesmaids were similarly attired with the former in pink chiffon over pink taffeta and the latter in green chiffon over taffeta. Each wore white accessories and carried a nosegay of tinted 'mums to match her dress, centred with yellow roses. The little flower girl was Miss Sherry Blair, sister of the bride dressed in pink nylon net with white accessories. Her headdress was a crescent of blossoms and she carried a basket of pink tinted 'mums with white streamers. The natty little ringbearer was Master Wesley Blair, brother of the bride who wore a charcoal grey suit and carried a heart shaped pillow holding the rings.

Mr. Gordon Robertson of Foxboro, brother of the bridegroom was best man, while Mr. Donald Blair of Halloway, brother of the bride and Mr. Danny Keene, cousin of the bridegroom of Belleville were the ushers.

The reception was held in the church hall with the Women's Institute catering. The bride's table was most attractive centred with a three-tier wedding cake made by the bridegroom's mother and decorated by Mrs. Cecman Bailey of Roslin which was topped with a miniature bride and bridegroom and misted about the base with silk encircled pink rosebuds. White candles in silver holders and the color-ful bridal bouquet completed the nuptial setting. The guests were received by the bride's mother dressed in beige dress, white accessories and a corsage of white and pink tinted carnations, assisted by the bridegroom's mother wearing a blue flowered dress, white accessories and a corsage of white and pink tinted carnations.

For the wedding trip to Niagara Falls and northern points in the United States the bride chose a pink tailored suit, white accessories and a corsage of pink Sweetheart roses.

Guests were present from Shannonville, Marmoth, Belleville, Foxboro, Toronto, London and Halloway.

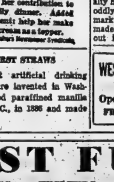
Previous to the marriage the bride was honored at a miscellaneous shower held at the home of Mrs. Earle Keene with co-hostess Mrs. Dale Embury. The bride to be also received a clothes hamper and a pair of sheets from her co-workers at Welch Manufacturing.

Mr. and Mrs. Robertson are residing at Roslin.

Buyers Lose Interest in Florence Shows

FLORENCE (AP) — There were signs Friday of slackening buyer interest in the Florence fashion shows.

The designers who presented their fall and winter fashions in the collective shows here were said to have kept sales rooms open through Friday in the Strozzi Palace.



But most of them had packed up by Friday night. The actual fashion showings ended Thursday morning.

The collective shows in Florence once sparked the post-war revival of Italian fashion.

Designers indicated some buyers were passing up the five-day showings, preferring to spend only a day or two in Rome or Milan seeing only what they wanted to see and no more.

Mrs. Marie Pusch, designer for Marie Phillips of New York, said: "Italians are wonderfully creative and I get more ideas than I can ever use here. But these shows are so poorly edited, and a few so really poor, that it spoils the rest."

Mother's Helper

FOR A VERY little girl's first attempt at cooking, an instant pudding mix is ideal. Have her measure the milk and add it with the pudding powder. Results are invariably good, and she'll be proud of her contribution to the family dinner. Added refinements may make whipped cream as a topper.

© 1944 Publishers Newspaper Syndicate.

FIRST STRAWS

The first artificial drinking straws were invented in Washington rolled parafined manilla paper, D.C., in 1888 and made paper.

Readers' Saturday Column

by Mary Moore

NOTE:

I had no idea that I would start an avalanche of mail by offering readers my gluten-free cookie recipes. I had made hundreds of copies of these, but because I received so many requests after they were all sent out I decided to repeat them in this column, for requests are still arriving.

SATURDAY

Dinner Menu

Assorted Cold Cuts on Bibb Lettuce: Head Cheese; Liverwurst; Sliced Ham; Sliced Chicken or Beef; Deluxe Potato Salad; Mustard Pickles; Amber Salad Mould (see Wednesday); Mayonnaise; Warm Garlic and Onion French Bread; Chilled Cantaloupe Halves with Lime Juice; Tea.

GLUTEN-FREE PLAIN COOKIES:

2 cups slightly packed precooked rice cereal (infant), 1½ cup granulated sugar, 1 teaspoon baking powder, ¼ teaspoon salt, 1 large egg, slightly beaten, 1¼ teaspoons vanilla, 2 tablespoons soft shortening or butter, 1 tablespoon water.

Mix ingredients in order given, and when well blended turn out on sheet of heavy wax paper and press into flattened round. Place another sheet of wax paper over it. Pat or roll out between wax paper into ¼ inch thick sheet. Take off top sheet of wax paper and cut dough into 4x4cm (1½" square) bit to ungreased baking sheet, placing them 1" apart. Bake in centre of oven at 300 deg. Fahr. for 15 minutes. Variations: 1) If desired before baking sprinkle tops with chocolate shot or colored sugar or other cookie "sprinkling." 2) If tolerated by allergic patient, press a whole pecan or walnut in centre of each cookie before baking. 3) After baking put cookies together with Date Filling: One cup chopped dates, 3-8 cup granulated sugar, ½ cup water, 1 teaspoon lemon juice. Cook together until thickened. Cool before spreading between pairs of cookies. Variations: 1-3 cup finely chopped nuts (or more) cookies than above and put together with Penuche: 2 tablespoons butter, 1 tablespoon lemon juice, Mix well. 4) If soy flour is tolerated by allergic patient, infantoy cereal may be substituted for the infant rice cereal.

RAISIN COOKIES (Gluten-free):

2 tablespoons soft shortening or butter, 1 cup brown sugar, firmly packed, 2 cups precooked rice cereal (infant), lightly packed, 1 tablespoon baking powder, ½ teaspoon salt, 1 egg, slightly beaten, ¼ cup water and 1 cup raisins.

Combine shortening, sugar, cereal, baking powder, salt, egg, water and beat well. Stir in raisins. Drop by teaspoonfuls 2" apart on greased baking sheets. Bake at 350 deg. Fahr. for 12 to 15 minutes, or until golden brown. Makes 3 dozen cookies.

NOTE:

As in above plain cookies, infantoy cereal may be substituted for the rice, cereal, if tolerated.

Germany's Famous Health Spa Maintains Its Charm for All

GERMANY'S FAMOUS

BADEN - BADEN, West Germany — Baden-Baden is not a resort in the true sense. It simply is too distinguished to be called that.

A hundred years ago every one who was anyone in Europe — indeed, in the world — came to Baden-Baden for one reason or another. At one time, some 300 royal families were in residence, taking the waters and gambling their money away.

Princely carriages drove into the courtyards of the hotels and along the flowered promenade known as the Lichtentaler Allee. In the Kurgarten park strolled Franz Liszt and Leo Tolstoy. Turgenev and Karl Marx and Wilhelm I, Brahms and Nietzsche, Meyerbeer and Dostoyevsky. Uncomfortably surrounded by lush-living strangers, a newspaperman named Theodore Herzl asked himself, "What am I doing here?" and Zionism was born here.

Somehow, Baden - Baden never lost its touch of tourist bandwagon. It started downhill when Bismarck closed down gambling in 1872, had a brief revival when Hitler reopened it in 1933. Once again it is having the time of its history as my taxes place here every 150 years.

LOST LITTLE GLAMOUR

Undamaged by the war and unspecked by motels and trailer parks, it has kept most of the old Biedermeier charm. All it lacks are horses and top hats. The only real sign of progress is the new cure treatment complex featuring a swimming-pool-sized bath house (glass bath house?!).

Thermal water was to Baden-Baden what sunshine is to Miami. These days when more than a quarter of its visitors come for the cure, the water is administered still manifest that cold water is the worst thing that could happen to the body. Patients are subjects to ear two hot water taps in hotel bathrooms.

For 2,000 years Baden-Baden's seven springs have bubbled up 150-degree water, the hottest in Europe. Nowhere else on earth is good for particularly any human ailment, and around the springs have grown up what amounts to one big sanitarium.

In the Friedrichsbad, endowed by Caracalla and Frederick of Baden, victims of civilization's common diseases have their aches and pains treated with steamed, swum in, inhaled and drunk the waters under medical guidance.

The Trinkhalle, a magnificent porticoed building decorated with chandeliers, gilt-edged mirrors, cherubs and frescoes depicting the legendary powers of water, is devoted entirely to sitting around and sipping.

For those less sanguine about the magic of H2O, Baden-Baden offers an irresistible charm compounded of lovely setting, clear air, gay flowers, fabulous mountains, and peace.

The town sits on the banks of the gurgling Oos River, high on the edge of the upper Black Forest. Landscaped gardens and parks line through it and all surrounding hillsides (the city maintains a staff of 400 gardeners). Strollers ply the footpaths and winding streets of the old town, or take the funicular to the sprawling Kurpark, listening to schmaltzy concerts from the band shell. Sidewalk cafes are everywhere, even among the dramatic black pines and lime-green meadows of the Black Forest foothills.

FAR FROM DULL

Yet Baden-Baden is far from dull, and least of all is its dazzling casino. Gold and silver chips still clink on the roulette tables as in the days when royalty had money to throw around; oddly enough, the 500 and 5,000-mark notes are traditionally made of plastic. They still come out in the wee hours of the high season, when white-tie-and-tails are not unknown.

The casino, built in the early 19th century by a relative of the Napoleon's anti-gambling laws, is a monumental baroque work, full of plush mauve rooms with embroidered silk wallpaper, red velvet carpets and gilded marble pillars.

Old castles and historic buildings, quiet streams, Black Forest sojourns, a golf course and a posh race track add to Baden-Baden's variety of appeals. But most of all, "Dr. kannst in Baden-Baden baden": you can bathe in Baden-Baden.

You can also bathe in Wiesbaden, up the Rhine about 100 miles from Baden-Baden. Bigger, better - known and more full of Americans than Baden-Baden (look for its military installation and as a stop on the Rhine boat trip), Wiesbaden became a spa when the Romans brought animals here to prove heat and hot water could help arthritis. They figured the animals hardly could be talking themselves into thinking they felt better.

Wiesbaden was the home of the Prinzessin Nassauer ancestors of the Dutch and Luxembourg royal families. It was also a favorite haunt of Russian nobility. Dostoevsky wrote "The Gambler" here, inspired by the antics of his countrymen. Several hundred White Russians still live in Wiesbaden and their gold-domed Russian Orthodox Cathedral adds a spectacular view of the city.

UNDERWATER MASSAGE

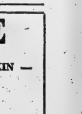
Wiesbaden boasts 27 hot springs and 11 public and private bath houses. It was here that the Romans first installed an underwater massage, done with a high pressure hose and which is quite stimulating when a conventional one.

We were fascinated by the complex rooms in the bath house which enables men and women to receive treatments separately, but sitting some of the same facilities. We were told, however, if a man attendant went in to massage a lady attendant,

"Would they embarrassed?" we asked.

"Only the older ones," he said and we thought the best not to pursue the point any further.

Much of Wiesbaden is given over to quaint, cure and wurstwise, as well as stately old Victorian villas laden with stone gingerbread and wrought-iron. Most of the city's popularity today is due to its convenience to such tourist centers as the Rhine and Moselle Valley, the Black Forest, Heidelberg, and Wurzburg.



But the waters have been building up a head start for a long time. Whether tourism blows hot or cold, they will always be 150 degrees.

TOPLESS MILKMAID

NANAIMO, B.C. (CP)—The topless bathing suit for women and most of the others worn for swimming within the city's confines appear to be illegal according to a city - bylaw passed here in 1936. The bylaw reads: "No person shall swim within the city limits between 9 a.m. and 6 p.m. unless the proper bathing dress covering the body from the neck to knees."

Sport Slices...

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, *Sports Editor*

Unable to win any of the Big Four tournaments this season although he's still the year's top money winner, Jack Nicklaus has been shot out in his bid to maintain his monopoly of the World Series of Golf championship, which pays off the richest purse in the sport. Nicklaus, who picked up two $50,000 checks in his two World Series victories, missed his last chance to qualify when he lost his valiant last-round bid to cop the PGA title in Columbus.

Admittedly spurred by the fact that he faced a shutout in the World Series, Nicklaus turned in a sparkling 64 in his last 18, a round he himself termed "probably the finest round of golf I ever played," but it was not good enough to beat out the man who was once told he would never walk again—Bobby Nichols.

And so it will be Nichols rather than Nicklaus who will compete in the awesome foursome in the 1964 World Series of Golf at the Firestone Country Club in Akron on Sept. 12-13. The others will be Arnold Palmer, the Masters champion who last faced Nicklaus in the World Series of Golf; Tony Lema, the colorful British Open champion, and Ken Venturi, another comeback kid who dramatically grabbed the U.S. Open title.

Nichols, too, the defending champion, not around to defend his World Series title, it looks like a wide open field for the $50,000 first prize, biggest single prize in golf. It isn't exactly a new Faces of 1964 cast for the Akron event which is quickly winning status as one of sport's great classics but with Nicklaus out, it certainly shapes up as "a new ball game."

Palmer, based on his consistent play and his hard charging under pressure, will be a favorite to collect the 50 G's for the first time. The same wouldn't be true if Nicklaus were defending his World Series of Golf title.

After all nobody except Big Jack has won the big jack. Palmer as a two-time veteran of the World Series of Golf would readily acknowledge that Nicklaus plays best for the big money.

Lema, Venturi and Nichols are all newcomers to the World Series of Golf. Although Venturi and Nichols almost got out of nowhere to qualify for the big event, they and Nichols will be pushing as hard in the World Series as they did in taking three of the Big Four tournaments.

'For Palmer the chances of winning are better than ever for one big reason, Nicklaus won't be there for the biggest big-money tournament on the golf schedule.

Oddly enough Palmer, Venturi and Lema might have put Nicklaus into the World Series of Golf by winning the PGA, since the rules call for the World Series defending champ to qualify automatically if there is a double winner in any of the Big Four tournaments. But none of the trio would oblige and so the World Series of Golf will be Nicklaus-less for the first time.

For the four contenders for the World Series title, just getting into the event which will be seen on NBC-TV both days of the tournament is good for $5,000. Finishing dead-last even with a triple bogey on every hole still pay off the same $5,000. Second place man gets $15,000.

Not qualifying for the World Series of Golf this year seems to be the culmination of a 1964 jinx for Nicklaus, who's been winding up with most of the money but none of the important titles. He was runnersup in three of the Big Four championships.

There is an amazing lineup for the event this year with the outstanding golfers of the year in every respect. In Bobby Nichols and Ken Venturi there are two dramatic comeback stories and in Arnold Palmer and Tony Lema the two consistently great players this season.

"Oddly, the name of Nichols is not too far off from Nicklaus and I'd almost bet some TV watchers would think they're seeing Nicklaus on camera if Bobby would add some weight. But Nicklaus or not, the World Series of Golf this year shapes up as a world series in every respect. The winner of the foursome can truly stake a claim to the world championship of golf".

Minor Softball Results

A pair of home runs and a strong pitching effort provided Belleville with a 2-0 exhibition Peewee softball victory over Trenton last night, on the Trenton diamond.

Larry Vrooman slammed a bases-empty homer and Reg Bessey hit a two-run clout to snap a scoreless tie near the end of the game. Other Belleville hits were doubles by Scott Reid and Ken Bertrand.

Scott Reid, on the Belleville mound, had a perfect game going for him in the sixth inning and ended up with a two-hitter. He struck out 14 batters faced. Neither team had managed a base hit until the sixth and the Trenton pitcher wound up with seven strikeouts.

Trenton singles went to Eddie Anderson and Pierre LaVerri.

Bigras Wins Second Que. Pro Title

MONTREAL (CP) — Adrien Bigras allied four strokes off par on the last nine holes to breeze home with a 68 Friday and win his second straight Quebec PGA golf championship by five strokes.

Bigras, 26-year-old assistant pro at Ste. Dorothee, Que., left his challengers far behind as he turned the back nine at Laval-sur-le-Lac in 33 for a 36-hole total of 138—five better than runnerup Phil Giroux of the Alpine Inn, Ste. Marguerite.

Bigras earned $900 and top spot on the eight-man Quebec squad that meets Ontario Aug. 22 in the inter-provincial team matches.

Al Johnston of Montreal was third in 144.

Take Pair From Senators ★ ★ ★ ★ ★

Bunker, Buddy Zoom Birds Into Lead

By MURRAY CHASS
Associated Press Sports Writer

Wally Bunker has a playpen pal.

He's Dave Vineyard, another rookie member of Baltimore Orioles' pitching staff.

The two youngsters—Bunker is 19, Vineyard an elderly 22—hurled the Orioles back into first place in the American League Friday night, leading them to 2-1 and 7-3 victories over Washington Senators.

Bunker pitched a five-hitter in the opener, increasing his record to 11-2 and reducing his earned run average to 2.85.

Vineyard bottled up the Senators with an even better performance in the second game. Two doubles in the seventh were the only hits he allowed in his second major league start.

HURT IN ACCIDENT

The young righthander, in the majors only a week now, almost missed the chance to become Bunker's playmate. Following the 1962 season, Vineyard suffered a serious injury to his lower left leg in an industrial accident.

With the help of therapy from minor league trainer Jack Baker he recovered in time to pitch for Rochester Red Wings of the International League. He wore a heavy brace at first but eventually discarded it.

Vineyard and Bunker were not alone in their youthful achievements Friday.

Lulu Tiant, another 23-year-old rookie, pitched a six-hitter for his second victory without a defeat as Cleveland Indians whipped Boston Red Sox 8-1. Bridegroom Bob Chance, 24, and a rookie drove in four runs.

STOPPED ANGELS

Then there was 24-year-old rookie John O'Donoghue of Kansas City Athletics who stopped Los Angeles Angels 1-0 on six hits.

In other AL games, New York Yankees defeated Detroit Tigers 6-3 after losing 10-5 and Minnesota Twins stopped an eight-game losing streak with a 5-3 triumph over Chicago Whites Sox.

The Orioles moved one game ahead of the Yankees in the pennant race. Bob Johnson's single following Charley Lau's double in the ninth gave Baltimore the first-game victory. Johnson, batting for Bunker, got his 13th hit in 23 pinch-hitting appearances.

Luis Aparicio, Boog Powell and Sam Bowens homered for the Orioles in the nightcap while Jerry Adair lashed a two-run single.

Tiant, who shut out New York on four hits in his first major league game last Sunday, gave up only a homer to Felix Mantilla. Chance, who was married earlier in the day, belted two-run singles in the fourth and seventh.

FIRST SHUTOUT

O'Donoghue recorded his seventh victory in 13 decision while gaining credit for his first league shutout. Ed Charles' infield single and a triple by Chuck Dobson were accounted for the game's only run in the third inning.

The Yankees dropped out of first place with their first-game loss. They had scored a run in the eighth when the Tigers erupted for eight runs. Al Kaline slammed a two-run homer while Don Wert, Don Demeter and Bill Freehan contributed two-run singles.

Elston Howard's three - run homer in the sixth inning of the nightcap salvaged a split for New York. Kaline hit another two-run homer, his fourth blast as many games, as the Twins halt their losing streak. Dwight Siebert (new Pirates) 13-5, homered in the second.

Ontario Amateur *Weslock, Cowan In Semi-Finals*

By PHIL CORNFORD

TORONTO (CP)—Nick Weslock, who has won the Ontario amateur golf championship five times, and Gary Cowan, who has long sought it, appeared headed on a collision course today after double victories Friday that sent them into the semi-finals for the 1964 title.

Both were co-favorites to win today's match-play rounds in which Weslock faces dark-horse James Neale of Hamilton and Cowan plays Gordon Ball, a 41-year - old Toronto veteran. If they meet in the final later today on the Weston Golf and Country Club course Cowan will have the record book as well as Weslock to beat.

The 25-year-old Kitchener insurance salesman, current world amateur titleholder who won the Canadian amateur championship in 1961, has entered the Ontario championship every year since 1952. He has been defeated twice in the finals, twice in the semi-finals, four times in the quarter-finals and once in the qualifying rounds.

And, although he has beaten Weslock many times in medal play, the 46-year-old Toronto golfer has defeated Cowan only three of the four occasions on which they have met in major match-play tournaments.

HE'S OPTIMISTIC

"My chances are as good as they have been in the past," Cowan said after beating Ken Thorpe of Toronto 6 and 5 in the quarter-finals—the most decisive victory in two days of tournament play. Cowan shot birdies on the first three holes, went one over par on the 11th and shot par the rest of the way. Weslock had an easy time into the semi-finals with a 4 and 3 win over Don Hill of London, Ont.

Neale, who entered the tournament this year for the first time since he was runner-up four years ago, reached the semi-finals with two victories he wasn't expected to win. He eliminated Brian Wilcox of Thorn Hill, Ont., 4 and 2 and then defeated Ernie Bentley of the host club on the 18th hole.

Ball, who is playing on his home course, beat Al Akitt of Toronto 2 and 1 after making up a two-hole deficit by winning the 11th, 12th, 14th and 17th holes.

LIKE SALT

Barnacles thrive in salt water, but soon die when exposed to fresh water.

Umpires Meet All-Stars In Exhibition

Ball fans and players who spend most of their time riding those gallant officials, the umpires, will get their chance with no holds barred on Sunday, August 9.

The Belleville and District Umpires' Association will be playing its second annual exhibition game, at the CNAA Park, at 6.30 p.m. The opposition this year will be supplied by an All-Star team from the City Commercial League. League president Dave Feeney is said to be in charge of the "players" team.

The umpires staged the first game against B. and D. League players last year and everybody had a whale of a time. Fans laughed it up but good when the men in blue, such as Al Kelleher, "Shot" Kibler, "Big Daddy" Harold Bawden, Jim Tebworth, the James . . . oops Hurst brothers, Tom Hulme and all their partners in crime struck out or pulled a boo boo. It wasn't all one-sided however, with many of the officials showing flashes of by-gone playing ability. The score was a close one last year but Feeney hopes to line up a squad that will give the officials a solid trimming, "since we figure we owe it to them".

Some twenty-five prizes have been donated and one two-bit ticket provides admission to the game and a shot at the bundle of prizes.

Amateur Golf Results

TORONTO (CP)—Results of the quarter-final round of match play for the Ontario amateur golf championship Friday:

James R. Neale, Hamilton, defeated Ernie Bentley, Toronto, 1 up.

Nick Weslock, Toronto, defeated Don Hill, London, Ont., 4 and 3.

Gary Cowan, Kitchener, defeated Ken Thorpe, Toronto, 6 and 5.

Gordon Ball, Toronto, defeated Al Akitt, Toronto, 2 and 1.

Villmer Got His Revenge
Siki 'Poked' Wrong Man

There's no mistake about it—it was a grudge battle and the hard-hitting action proved it.

Ray Villmer, the St. Louis "buzz-saw" won it from the Broadway peacock, "Sweet Daddy" Siki—but he took it the hard way.

And the fact Siki "accidentally" poked Referee Sam Golop in the puss and knocked him for a loop, didn't help his cause any.

In fact it proved his ultimate downfall.

It happened in the third fall of a sizzling main bout that was all knock-em-down, drag-em out action.

Villmer had the best of this fall and appeared on his way to victory. He had given Siki some of his own early-bout medicine and the Broadway Beatnik was weakening.

The pair stood toe-to-toe in a general slugging match when Siki shot a hard punch over Villmer's shoulder. It caught Golop on the jaw and he went down and almost out.

But that was enough. The official got to his feet and awarded Villmer htet all and bout.

Siki won the first fall by the constant application of a punishing leg-hold. He had Villmer in a bad way often when he resorted to out-of-the-ring tactics to aid his cause.

Eventually Villmer had to call it quit. The official stopped the fall and awarded it to Siki.

Siki picked up where he left off in the second fall, leaving the ring to wrestle until the referee jolted him with a punch to the jaw after refusing to break the hold.

Villmer recovered quickly and turned the table on Siki with leg holds and hard punching. He won the second fall after ten minutes of lively action.

Pancho Lopez, a worthy successor to "Little Beaver," and his troupe of midgets almost stole the show with some hilarious antics and serious wrestling.

Pancho caught the crowd's fancy, teaming with Farmer Peter to win the best-of-three semi-finals against the well-known Sky Low Low and Vito Gonzalez.

It was forty minutes of side-splitting comedy with the miniatures sharing the first two falls and Lopez winning the third and the bout.

The Mighty Ursus had Chief Suni Wareloud in a bad way before he pinned him after fifteen minutes of action in the preliminary.

Giants Stage 9-Run Rally In Sixth

Whip Dodgers 11-3

By MIKE RATHET
Associated Press Sports Writer

San Francisco Giants appear easily have moved into Los Angeles intent on burying the Dodgers.

They started digging Friday night and found Dodger third-baseman Derrell Griffith wielding the biggest spade.

The opening ceremonies for the defending world champions lasted half an hour during the sixth inning as Griffith made two of his four errors, paving the way for a nine-run rally that carried the Giants to an 11-3 victory.

The victory kept the second-place Giants two games back of Philadelphia Phillies and once again dropped the Dodgers below the .500 level, 10 games off the National League pace.

Juan Marichal, who brought his record to 14-5 and beat the Dodgers for the fifth straight time, was locked in a pitching duel with Joe Moeller for five innings in the opener of the three-game series between the two staunch rivals. A crowd of 54,026 was on hand.

Marichal opened the sixth with a single, took third on Harvey Kuenn's double and both scored on Hal Lanier's single. Moeller then got two men and seemed to be headed out of the inning as Orlando Cepeda hit a grounder that Griffith fielded flawlessly and then threw away.

Before the inning was over, Moeller was out, Howie Reed was in and so were nine runs.

Marichal, Kuenn and Lanier each collected another hit in the inning and Griffith continued another bad throw.

Left-hander Chris Short speeded six hits and lowered his earned run average to 1.96 in the Phils' 8-1 victory over St. Louis Cardinals.

The third - place Cincinnati Reds remained 4½ games back as Jim O'Toole beat Pittsburgh Pirates 2-0 with a four-hitter, Houston Colts shut out Chicago Cubs 1-0 behind Hal (Skinny) Brown and Jim Owens and Milwaukee Braves belted New York Mets 8-3.

Short, now 9-5, pitched Philadelphia's first complete game in three weeks while the Phillies capitalized on four Cardinal errors and three hits by Cookie Rojas.

Rojas started a two-run second inning rally with a single, lashed a two-run triple in the sixth and started another two-run rally in the eighth with a single.

O'Toole, bringing his record to 11-4, outpitched Bob Friend, 8-10, and singled in a run in the Reds' decisive two-run seventh.

Brown, 3-0 allowed seven hits in six innings, then Owens allowed three more in his closing three-inning stint. Singles by Jerry Grote, Bob Lillis and Al Spangler brought in the game's only run in the sixth.

Lee Mays drove in three runs for the Braves with a double and two singles while Gene Oliver also produced three with a homer and double against the Mets.

Leads By 164 Points

St. Kitts Has Henley Title Wrapped Up

ST. CATHARINES? (CP)—The St. Catharines Rowing Club has all but wrapped up its fourth straight Henley regatta championship.

With the finals in 15 senior events scheduled today, final day of the 82nd annual regatta, St. Catharines has already collected 340 points for a 164-point margin over second-place Buffalo West Sides. Toronto Argonauts are third with 68 points and the Detroit Boat Club fourth with 57½.

Results Friday included a surprise win by the Toronto Argonauts junior eights and the first two victories by Vancouver crews. But Argo singles sculler Leif Gotfredson, who will compete in the Olympics in October, lost soundly to Jeff Kreger, 19, of Wyandotte, Mich.

St. Catharines crews won the junior 145-pound eight and junior 155-pound four events to add to the host club's string of victories.

Vancouver put the stern four of its eight-man Olympic crew into action to win its first race, the senior coxswain four, by a deck over Buffalo in 7:10.5.

DEFEAT ARGOS

The combined Vancouver-University of British Columbia eights then splashed to a deck-length win in 6:18 over Toronto Argos' junior eights in the quarter-mile dash. The event did not count in the points standing.

The Don Rowing Club of Port Credit, Ont., came up with a pair of victories to move into fifth spot in standings with 55 points. Five points behind is the Hamilton Leander Boat Club. Philadelphia Vespers are seventh with 34½, Vancouver has 25, Philadelphia Undines 22½ and Brockville 21½.

Argos' time over the 2,000-metre course in the junior eights was a slow six minutes, 46.5 seconds because of a stiff headwind. Buffalo West Sides finished second and St. Catharines third.

Bill Willson and Tom Voss of Oyster Bay, N.Y., defeated a Hamilton Leander crew and a crew from Club Antares of Mexico City in winning the junior doubles in 8:13.2.

Bob Hardegan of Philadelphia Vespers, winner of Wednesday's junior singles race, made a clean sweep of the 155-pound class by winning the senior event Friday. The 20-year-old sculler beat out Peter Johnson of Worcester, Mass., and John Orchard of Hamilton in 8:32.1.

The junior 145-pound single went to Richard Manno, Philadelphia Undines, in 9:02.3. Tom Klotzasky of the Minnesota Boat Club, St. Paul, won the 135-pound single in 3:45.9.

Short-Handed Squad

Oshawa Downs Joyces 9-1

Oshawa Merchants took advantage of a shorthanded Belleville squad to claim a 9-1 Eastern Ontario Baseball Association, senior division, victory over Joyce Realty in Oshawa last night.

Joyces had only ten players for the trip. They fell behind 1-0 in the first and the Merchants opened up an 8-0 lead with three in the third and four in the fourth. Joyce's got their loner in the fifth and Oshawa closed the scoring in the seventh.

Jim McConkey stopped the league leaders on seven hits to chalk up the victory. He clipped an even dozen on third strikes and did not walk a batter.

McConkey hit one batter and that set up the lone Belleville run. John McKibbon was nicked with one out in the fifth and broke McConkey's shutout when Soule and Asselstine connected for two-out singles. An inning earlier the losers had collected three hits without scoring a run.

Bev McLean started and lost on the Belleville rubber, giving up four of Oshawa's ten hits and seven runs before Pat Asselstine took over in the fourth. McLean fanned two and walked three. Asselstine struck out five and passed one.

Wilk singled in the first inning and scored later on an error.

Another bobble, a hit batter, Reid's single and Cole's triple made it a 4-0 game in the third.

The Merchants filled the basese on a walk, error and McConkey's base hit off McLean before Asselstine came on in the fourth. Whitley's hit, an error, fly ball and Reid's single upped the score to 8-0.

Cole clubbed another triple after Reid's leadoff walk to end the scoring in the seventh.

Catcher Jack Cole was the big Oshawa hitter with his pair of triples. He was cut down between third and home on both hits. Lecky Wills, Bob Reid and Whitley each rapped two single—while Mike Joel and Jim McConkey got the other.

Pat Asselstine and Larry Lewis paced the Joyce hitters each collecting two singles. Larry Soule, Moe Hunter and Stu Muirhead had the other base knocks.

Belleville's final scheduled game is in Ajax tomorrow afternoon at 2:00 p.m.

Belleville: Soule rf, cf, Asselstine 2b, p, Hunter 3b, Weston c, Muirhead 1b, Lewis cf, 2b, McGrimmon ss, McKibbon lf, McLean p, Hurst rf.

Oshawa — Wills cf, Fisher ss, Reid 1b, Cole c, Dowe 2nb, Gray lf, Joel 3b, rf, McConkey p, Bears rf Whitley 3b.
Umpires — Norm O'Reilly (p) and Bob Gardiner. Scorer — Terry Lackford.

Belleville 000 010 000—1 7 5
Oshawa 103 400 10x—9 10 2

Banty Hurlers Toss No-Hitter, One-Hitter

Belleville Ellis Printers, bantam baseball edition, blanked Trenton 5-0 in a tremendous pitching duel last night. The game was an exhibition game played at the Park Dale diamond.

Steven Ling of Belleville pitched a no-hitter in the six-inning contest while two Trenton pitchers combined for a one-hitter.

Ling fired third strikes past 10 Trenton batters and kept his mates' dugmates seven walks.

Simmons started for Trenton with their ace, Pinks, coming on in the third. Between them, 10 Belleville batters went down on strikes and they issued half a dozen walks. Pinks claimed eight of the strikeouts. Simmons was the loser.

Belleville jumped into a 2-0 lead in the first when they gained the game's only hit. Trevor Wilson slammed a two-run single. Walks and errors brought the other runs home later, the Trenton catcher having difficulty holding Pinks's pitches.

TV Radio Column

New Political Show Placed Opposite Ben Casey by NBC

By JAMES BACON

HOLLYWOOD (AP) — Slats Berry's People, a new political series hits television screens next fall.

And, no mistake about it, it's the JFK image.

Richard Crenna, the star, even bears a slight resemblance in height and coloring to the late president John F. Kennedy.

"I won't be president, not even a U.S. senator but the scripts strive to perpetuate the JFK image of youthful vigor in politics — to prove that politics is an honorable profession for forward thinking young people," says Crenna.

He plays the majority leader of an assembly in a mythical state.

There's a good reason. CAN HIT HARD

"If we tie ourselves up with Washington, or a real state," says Crenna, "then our scripts are limited in scope. This way we can hit hard — and make no one mad, least of all sensitive sponsors who sell their products in every state and Washington."

Crenna used to play Luke on The Real McCoys. Before that, he was the perennial high school sophomore on the Our Miss Brooks show.

Owner of the show is Bing Crosby Prod.-TV but so hot on the show that is placing it in the 10 p.m. slot Monday nights. That doesn't make Crosby too happy because the main competition is Ben Casey on ABC-TV. Crosby owns that one, too.

As Bob Hope told Crenna: Crosby doesn't pay income taxes. He just calls up the government every year and asks it how much it needs to make up the deficit."

JBQ Program Highlights

SATURDAY

6.15—Soccer Scoreboard. Results of old country matches.
10.00—CBC News.
11.05—Dance Music. For the Saturday night party — the music of Howard Fogarty and Geordie Fleming Trio.

SUNDAY

TONIGHT AT Sun Valley MOTOR INN

Billy Harris Joins Riders

OTTAWA (CP) — Newcomer Billy Harris joins the lineup for the halfback position with Ottawa Rough Riders tonight when the Eastern Foot b all Conference club clashes with Edmonton Eskimos in an exhibition game.

Harris came to the Riders Thursday after being cut from the New York Giants' training camp. Coach Frank Clair said he wanted to get a look at the 215-pound back as early as possible to see how he shapes up against Riders' halfback candidates.

Also taking dead aim at the spot held last year by Ernie Whitt are Joe Taylor, a Giant cut last season, Roy McCauley from Los Angeles State and Whitt himself.

AT THE PARK — One Woman and 1500 Men — Long-stemmed American beauty, Merlyn Yordan, is the only gal in "The Thin Red Line," CinemaScope version of James Jones best-selling combat novel. Starring Keir Dullea at "David and Lisa" fame and Jack Warden, "Thin Red Line," opens Monday at the air condition Park Theatre for its first Belleville showings. On the same program nerve-shattering suspense in "Life In Danger", Complete shows at 7.00 and 9.00 p.m.

Leads Insurance Open

Venturi Shoots Hot 63

HARTFORD, Conn. (AP)—U.S. Open champion Ken Venturi shot a sizzling 63 Friday evening on 10 greens, to share the half-way lead of the $50,000 Insurance City Open golf tournament Friday with Bent Yancey and Al Besselink. They were deadlocked after two rounds at 133 nine under par, as Yancey and Besselink each shot 67s.

Al Geiberger, Thursday's leader with a 64, had a 70 to tie Jim Ferree at 134. Ferree fired a 66.

Wilf Homenuik of Winnipeg ended the tournament's second day with 68-73—141, survived the cutoff.

Fifty-one players came in below the two-round par total of 142. A total of 68 players survived the cut off, set at 144.

Champion Beaten In Que. Amateur

OTTAWA (CP)—Ron Neale's 38foot birdie putt on the 18th hole sent defending champion Don Davidson to the sidelines Friday in the second round of the Quebec amateur golf championship.

Neale, who plays out of the Beaconsfield-club in Montreal will face another Montreal golfer, Mike Barber of the Country Club, in a third round match this morning. Barber trimmed Dave Stotland, Montreal Hillsdale, 2 and 6 to gain his third-round berth.

Davidson had started his title defence in fine style Thursday with a four under par 66 over the 6,744-yard Ottawa Hunt Club course to lead the field in the qualifying round.

In the first round of match play Friday morning, he squeaked past John Delaney, Hull Gatineau, 2 and 1, and second on the way to an easy victory in his afternoon match with Neale when he went two up after 18 holes.

But Neale took the ninth and 11th holes to square the match. Davidson regained the lead on the 14th hole with a birdie. Neale again squaring the match on the 17th to set the stage for his comeback triumph.

Seven of the 11 second-round matches were decided on the 18th green.

Soccer Ace Matthews To Retire

TORONTO (CP) — Stanley Matthews, one of the world's best-known soccer players, said Friday he plans to retire from English Soccer League competition next April.

During a stopover on his way back to England from two exhibition games in Calgary, Matthews, who will be 50 in February, said in an interview he promised himself he would play until he reached the half-century mark.

A professional player since he was 17, he broke in with Stoke City and then was sold to Blackpool. Two years ago, after more than two decades with Blackpool, he returned to Stoke City.

Stable KO's Terranez

NEW YORK (AP)—Jose Stable, second-ranked welterweight contender from Grenada, Cuba, scored an eighth-round technical knockout over Gabe Terranez of Trenton, Calif., Friday night in a scheduled 10-round bout at Madison Square Garden.

Stable, who weighed 149½, stopped Terranez, 149½, at 2:19 of the eighth.

The 23-year-old Stable, who now fights out of New York, handed Terranez, also 23, the worst beating of his 28fight professional career and practically assured himself of a title fight with champion Emile Griffith.

The end came after Stable landed a left hook to Terranez's jaw. The Californian got back but refused to fight. Referral called a halt to the bout.

76 ENTER ST. LAURENT

QUEBEC (CP)—Some 76 cyclists shove off from Matane, Que., early Sunday for the start of the annual running of le Tour du St. Laurent bicycle race, a tough 13-day event. This year's race will be 1,500 miles, 600 more than in previous years.

All Not Well At The Delta

Will Probe Decrease in Duck Population

By IRA DILWORTH

WINNIPEG (CP) — A good marsh has much to offer a duck.

It has secluded spots where mothers need in peace and raise their young near the water.

It has open water for mates who like to congregate in July when moulting makes them unable to fly for about 10 days.

For pothole breeders, ducks that prefer the privacy of prairie ponds for getting their young afloat, a big marsh is a place to gather in preparation for migration.

And for the big flocks that flock down from the northern nesting grounds each fall, the big marsh is a place to pause, grab a bite to eat and perhaps join a bigger flock for the rest of the trip, to where the winters are warm.

The Delta Marsh, 33,000 acres on the sparsely settled south shore of Lake Manitoba and in the big agricultural centre Mississippi Flyway, is all those things.

Recently, however, there have been indications that all is "not well at the delta for ducks, W. Maisher, Manitoba's game and fish director, says the ducks aren't using the area in as great numbers as they used to.

SEEK REASONS

Finding out why this is so is to be the prime purpose of a marsh study project announced by the provincial government.

Along with the province, the study involves the Canadian Wildlife Service, Ducks Unlimited (Canada), a private conservation organization, the Delta Waterfowl Research Station, also privately endowed, the University of Manitoba and many landowners.

Scientific studies are scheduled for the next two summers and will result in the winter and spring of 1966 in the formulation of an over-all management plan for the marsh, says a government statement.

The studies will cover 70,000 acres of beach, forage, hay land and prime waterfowl and muskrat marsh near the village of Delta 50 miles northwest of Winnipeg. Experts will consider recreational use, agriculture, wildlife conservation and fur-trapping, but waterfowl will be the main focus of interest. And the first step will be to determine how many waterfowl are using the marsh.

KILLED BY FIRE

Some of the current difficulties are already known. Marsh fires, part of a farming operation, and haying have at times caused destruction in wildfowl breeding grounds.

Dr. R. D. Albert Hochbaum, director of the Delta station and a nationally recognized wildlife authority, says spring fire damage this year was the worst in years. Fires killed nesting females and young ducks and destroyed eggs. More will be needed, for farmers who are allowed to cut marsh hay on crown land.

Low water is another problem, Dr. Hochbaum says. Because of it, much nesting cover has been removed and the nesting population is also been greatly reduced in recent years.

"Marshes on the Prairies are the last wilderness," he says. "This does not mean they should be set aside as inviolate sanctuaries. They are for the people to enjoy, and this enjoyment will be enhanced by the wilderness and pristine character of these places, preserved in their natural state, the same as when Alexander Henry and La Verendrye saw them 200 years ago."

PASS BILL

LONDON (Reuters) — The House of Commons has passed a bill providing for the independence of Malta. The Mediterranean island is expected to become independent in September.

Egyptian Tops Pro Swimmers

ATLANTIC CITY, N.J. (AP) — Egyptian Army Maj. Abdel Latif Abou-Helf leads in the competition the coach of world champion professional marathon swimmer for 1964, it was announced Friday.

Abou-Helf, who finished second in last Tuesday's Atlantic City swim, has 2,085 points under the scoring system devised by the World Professional Marathon Swimmers Federation which has headquarters here.

Herman Willemse of The Netherlands won the Atlantic City swim and moved into second place with 1,490 points.

Marty Sinn of Ann Arbor, Mich., holds the lead in the women's division when she finished first among the women at Atlantic City. She has 860 pts., while Hedy Schmidt of Toronto, second to Miss Sinn, has 610 points.

At the Belle

New Comedy "The Patsy" co-stars Keenan Wynn

Any actor who has appeared in some 120 motion pictures, starring in starring or featured roles, should be entitled to speak his mind, at least, about movies. "I think I know something about the business", smiles Keenan Wynn, "and I'm not talking about myself".

Wynn currently is co-starred in Jerry Lewis' new Technicolor comedy for Paramount, "The Patsy", showing today, Monday and Tuesday at the Belle Theatre.

Lewis, who stars in the title role, also directed the film.

"I've worked with most of the top directors", said Wynn, "but performing with Jerry has been a remarkable experience. People are apt to think of him as 'young' but they forget that he's been in the business for fifteen years.

"And now I'll make a prediction. In a few years Jerry will be one of the important directors in film production. He already knows more about camera work and working with actors, than many of the so-called "veteran" directors. I've never seen one man juggle so many tennis balls at once.

"The juggling act" referred to the size and the stature of the cast Lewis assembled for "The Patsy". Starring with him in this new Paramount comedy are Hollywood and Broadway star Ina Balin, Everett Sloane, Phil Harris, Wynn, John Carradine, Hans Conried and Peter Lorre in what was to be his last film. In addition to this exciting cast, there were thirty additional top featured players.

At the Park

OPENS MONDAY

NO HEROES IN "THIN RED LINE"

The story James Jones had to tell in the CinemaScope version of "The Thin Red Line," opens Monday at the Park Theatre, for its first Belleville showing is certainly no glorification or justification of war.

Here is a depiction of human beings under the ordeal of close and sustained infantry combat in a world they never made; no facelines men, or movie types, but individuals known, sharply limned and deeply probed.

All the fear and bitterness are in it, along with cowardice, shame, and what Jones calls "the numbness." A searching analysis of the "heroism" of heroes was a rejection of it, and then a shattering recognition of what it really is, are implicit in the action.

Keir Dullea is cast as Private Doll, and Jack Warden as the tough Sergeant Welsh in "The Thin Red Line," a Security Pictures-A.C.E. Films production directed by Andrew Marton, who staged the American landings portion of "The Longest Day."

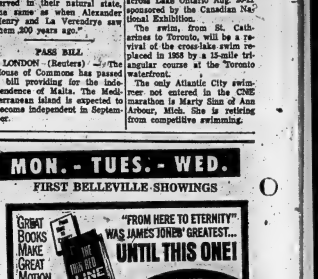
ON THE SAME PROGRAM

Among the screen's most exciting scenes are those played by Derren Nesbitt and Julie Hopkins in the bayloft of an abandoned barn in Allied Artists' "Life in Danger," a drama of nerve-shattering suspense!

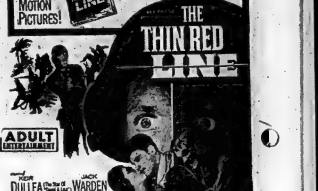
Complete shows at 7:00 and 9:00 p.m.

MASSEY MAKES FILM

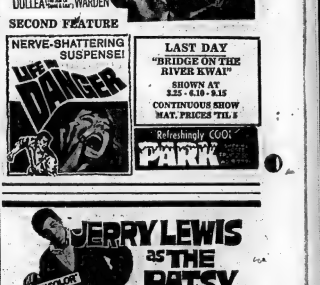
Actor Raymond Massey has made a 60-second film in Vancouver for the Canadian Arthritis and Rheumatism Society.



Will Take Part In CNE Swim



TORONTO (CP)—All but one of the prize winners in the Atlantic City swim will attempt the 33 - mile marathon swim across Lake Ontario Aug. 20-21 sponsored by the Canadian National Exhibition.



The swim, from St. Catharines to Toronto, will be a revival of the cross-lake swim replaced in 1955 by a 15-mile triangular course at the Toronto waterfront.

The only Atlantic City swimmer not entered in the CNE marathon is Mary Sinn of Ann Arbour, Mich. She is retiring from competitive swimming.

Eastern Track Meet

Expect More Records Broken

SUMMERSIDE, P.E.I. (CP)—Clearing weather and a fast track promised a renewed assault on the record book today after several Canadian marks fell Friday in the first half of the Eastern Canadian age-class track and field championships.

About 250 athletes from Ontario, Quebec, Nova Scotia, New Brunswick and Prince Edward Island overcame an unseasonal chill to participate in more than 50 track and field events on the first day of the two-day competition.

A relay team representing the Southwestern Ontario Amateur Athletic Union raced to a blistering time of 1:30.4 in the men's juvenile 880-yard relay as Dave Austen of London, Ron Zanin of Windsor, Ray Tucker of Hamilton and Peter Bridger of Burlington chopped a full second off the previous record.

Cathy Chapman of Toronto shattered a record in the 80-metre junvenile women's hurdles with a time of 11.6. Dave Patterson of Toronto ran the men's midget one mile in 4:24.5, bettering the previous mark by 3.5 seconds.

In field events Judy Dalgren of Ottawa's Upland Track Club broke the women's midget shot put record by two inches when she threw the 8¼-pound ball a distance of 36 feet two inches. Mike Milligan of Brantford threw the shot 46 feet nine inches in the men's junior shot to break the mark of 46 feet 3¾ inches.

Gordon Stewart of Toronto leaped 43 feet 9¼ inches to set a men's midget hop, step and jump record by one - quarter inch.

BAD BOY 521 DUNDAS ST. W. BELLEVILLE

MR. MELTZER ON REAL ESTATE
"What's Your Problem?"

By BERNARD C. MELTZER

There are two types of property depreciation that can occur in urban renewal or highway programs. One results from actual taking all or part of a property. Such direct damage is recognized everywhere and is compensable. The other type is damage resulting from changes that do not physically touch the affected property — these are "consequential damages," and in most states they are not compensable. At least not yet.

* * *

Dear Mr. Meltzer: My wife and I worked hard to buy a house. All our savings went into making it a home we could be proud of. The government has wiped out all of this at a stroke.

The road in front of our house was improved and raised six feet. Not only are we hemmed in by this "Chinese wall," when it rains our property becomes a swamp. Our realtor told us that our property was now worth $8,000 less than before.

We complained, but the highway department callously explained that all improvements were made within the existing right-of-way, and that we were not eligible for compensation. Is that just? Is that fair? — E. T. H.

ANSWER: You have suffered what is known as "consequential damages" — that is damage that results as a consequence of an improvement that does not physically touch your property.

In most states there is no provision for compensation for consequential damages. As an appraiser, I have seen in a by no means heartbreaking examples of loss such as yours.

The highway department, however, is not really callous to your concerns. The law simply prohibits compensation for this type of damage. Unjust? Legislative opinion is beginning to agree with you. In my own state of Pennsylvania, for example, a bill is currently being considered that will allow such payments for consequential damages.

* * *

Dear Mr. Meltzer: I am a maiden lady, 57 years old, and living alone. My father died and left me our lovely 9 room house which is valued at $18,000.

Although I own it free and clear, there are many expenses. Taxes and water rent are $400 yearly, there is maintenance, and even my beautiful lawn costs me $20 per month in season for mowing (it is 200 by 200 feet).

My friends tell me I should keep my house, but I don't know how I can. My income is only $3,000 and my savings only $2,000. Can I afford to keep my home? Can you advise me? — M. A. P.

ANSWER: As calm and objective as your letter is, I know that your heart, as well as your friends, tells you to keep your home — and hopes that I can reassure you. I only wish I could.

As a practical matter, however, you really cannot afford to keep this house. Your household expenses, including heat, utilities, repair maintenance, taxes, etc., will represent roughly 45 percent of your income. No one, comfortably, can bear such a housing cost burden.

As a practical solution, I suggest you sell your house and make a safe investment (a return of 5 percent could pay your rent for an apartment), or use part of the money to purchase a less expensive house and invest the balance.

* * *

Dear Mr. Meltzer: Why do magazines print untrue articles? I read one that said a ranch house could be built for from $12 to $15 per square foot. That was right down my alley, so I sent for the plans. According to my calculations (and the article), my house should have cost $22,000. It cost closer to $33,000. I feel that I have been taken in. — T. R. R.

ANSWER: Articles such as the one you refer to are not necessarily untrue. They are generalizations. Only a builder with such cancel always be specifically applied.

No unit construction costs apply indiscriminately because costs can vary widely in individual situations. Even the existing geographically according to wage rates and local availability of materials. Stone, for example, may be locally abundant and cheap in one area, scarce and expensive in another. Even the contours of the lot affects unit costs. It is much more expensive, for instance, to build a ranch house on sharply sloping land.

There are many other factors, and the unit cost variation actually is much greater than you experienced. I have seen construction of this type for as little as $10 per square foot and as much as $100 per square foot.

My best advice to prospective home-builders is to sit down with an architect and builder, outline ideas and specifications and work out limits — and permit them to apply their knowledge to merge the dream with reality.

* * *

Dear Mr. Meltzer: Help me save $300! My wife wants me to buy new (wooden) patio furniture to avoid the problem we had all last summer when the whitish film that keeps forming on our aluminum furniture rubbed off on guest's (including my boss's) clothes.

I'd rather use the money on our vacation. Is there anything we can do to fix the old chairs? — T. D. G.

ANSWER: You have a relatively simple problem. That whitish film is aluminum oxide that protects the metal in the opposite of the metal to the weather. It can be prevented by weather proofing the exposed metal.

First remove the oxidized deposits (a brass wire brush or a pot cleansing pad) and then cover the metal with a coat or two of clear automotive spar varnish. This will probably require renewal every season.

* * *

Mr. Meltzer welcomes your letters and comments. Unfortunately he is unable to enter into personal correspondence with readers, but will attempt to answer in many letters as possible through his column.

Leafs Shade Suns 4-3, Bisons Win

BY THE CANADIAN PRESS

If Jacksonville Suns win the International League pennant, it won't be Dave Ellers' fault.

The league-leading Suns have faced the Toronto relief pitcher seven times so far this season and they haven't scored on him yet.

At that, they won a moral victory Friday night in the course of dropping a 4-3 decision to the Maple Leafs and presenting Ellers with his fifth win in as many decisions. They got to him for two hits and a base on balls in the 3 1-3 innings they faced him. Ellers had allowed them no hits at all and only two walks, one intentional, in their previous meetings.

While Ellers was taming the Suns, Dick Ricketts won his first game in a month with a seven-hitter as Buffalo Bisons blanked Atlanta Crackers 7-0 and Don Wilson of Wings bombed Columbus Jets 9-4. Syracuse Chiefs were rained out at Richmond.

A pinch-single by J. W. Porter drove in Gayle Virgil with the winning run in the eighth inning at Toronto shortly after Virgil had tripled home Stafford to tie the score. Neil Chrisley hit a home run for the Suns.

Duke Carmel's 25th homer with a man aboard helped Ricketts even his record at 7-7 for the Bisons, who blanked last-place Atlanta for the sixth time this season.

Tom Phoebus gave up eight hits and seven walks against Toronto but staggered to his eighth victory against six defeats as Lou Jackson and Dave Johnson threw in three runs apiece for Rochester.

The Trots

TORONTO (CP) — Woodlawn Drummond, owned by Gerard Ver Linden of Jacksonville, Que., romped to a two-length triumph in the Canadian Series Stakes final for Norval filly mile before 7,075 Friday night at Greenwood Raceway.

Expertly handled by Keith Waples, Woodlawn Drummond hit the finish line ahead of Kelly Scott Hal, owned by Mrs. and Edna Kenney of Ancaster. Ont. Third place went to Senida, owned by R. Moreau and J. Friedman of Montreal.

LONDON, Ont. (CP) — Bernie's Pride, a six-year-old gelding Sat but won every nine times 24 previous outings, surprised even his owner Friday night when he won the second race, a pace, to pay $68.80 at the Western Fair harness race.

He also helped manufacture the largest daily double of the season when $501.60—when coupled with Fleety Friaco, winner in the first. There were 11 tickets sold on the combination.

The gelding went the mile in 2:10 2-5.

5,322 PROSECUTED

QUEBEC (CP)—The Quebec department of tourism, fish and game announced Friday that a total of 5,322 prosecutions were undertaken from April 1, 1963 to March 31, 1964, for infractions of hunting and fishing acts. This was an increase of 197 over the same 1962-63 period. Fines amounted to $72,000, an increase of $13,000.

ANTIQUES COST MORE

A leading London dealer says prosperity and growing interest have pushed the price of antiques to record levels.

Killebrew Crowds Ruth Record

NEW YORK (AP) — Many power hitters have socked more home runs than Harmon Killebrew's lifetime total of 257 but only Babe Ruth hit them at a faster clip.

Not even Ted Williams, Jimmy Foxx, Mel Ott or Ralph Kiner had a better ratio of home runs per time at bat. Mickey Mantle, Willie Mays and Eddie Mathews own nearly twice as many home runs, but they had to hit them in much frequency as the Minnesota Twins' strongboy.

Killebrew, his 11th season in the majors, sixth as a full time player, has whacked his 257 home runs in 3,182 official times at bat. That's a ratio of a home run every 12.4 times at bat. This is far behind Ruth's all-time top figure of a homer every 11.8 times at bat. But it is far ahead of Kiner, who averaged a homer every 14.1 times at bat. Mantle is fourth with 14.5. Williams is the only other with a homer under 15 times at bat. His average is 14.8.

Killebrew currently leads the majors with 34 home runs. He has had 332 official at bats. This gives him a ratio of a homer every 9.8 times at bat. Only four other players have ever gone through a season with a home run ratio of one under 10 times at bat.

The four were Ruth who averaged a homer every nine times at bat when he slammed his record 60 in 1927; Mantle 9.5 with 54 homers in 1961; Jack Fournier 9.6 with 38 homers in 1926; and Roger Maris 9.7 with 61 in 1961.

TRACK TEAMS MEET

LOS ANGELES (AP) — The Russian and United States track and field teams meet this weekend in a preview of the Tokyo Olympics with the American men and the Russian women strongly favored. Warm, sunny weather is forecast and a crowd of more than 60,000 is expected today in Memorial Coliseum, with even more for Sunday's warmup.

The Tracks

LONDON (CP) — A horse named the Bustle made them cheer at Newbury racecourse Friday when he defeated 19 other two-year-olds in a six-furlong event, paying 7 to 1.

The winner, owned by Monica Sheriffe, Chipstown Nonstop, a colt owned by E. P. Taylor of Torwinn, in a stretch duel to win by three-quarters of a length.

The Bustle was originally named Hutch, after a showbusiness personality. Miss Sheriffe changed it to emphasize the fact that her horse, like the long-haired singers, doesn't like his mane plaited.

FORT ERIE, Ont. (CP)—Bull Market, a four-year-old gelding owned by Addison-Hall Stable, flaunted his pedigree before 7,271 racing fans at Fort Erie Friday, but he didn't cause any raised eyebrows.

As expected the son of To Market—Hasty Girl by Princequillo had little trouble winning he feltured seventh race over seven furlongs of grass.

Bull Market, with Nick Shuk in the saddle, returned $6.00, $3.10 and $2.70.

This was Bull Market's first start in Canada and he made it an suspicious debut. Coming around horses at the top of the stretch, Bull Market shot to the front and was being eased up at the finish line. Mushy was second and Ramona third.

Noel Turcotte, brother of Ron, Canada's top rider last season, drove home Jingoist Tee K. in the first race and set up a $244.50 daily double.

The three-year-old filly then combined with Stormy Morn for the daily-doubls payoff.

Questions and Answers On Highway Travel

Ontario Motor League / Eastern Ontario Club

QUESTION: We are thinking of driving to Ottawa, and would appreciate any information you can give me as to places of interest. Which is the best way to take? — Mrs. S., Deseronto.

ANSWER: This is a fine time for a three-hour drive to Ottawa, and would suggest you drive on Highway No. 16 at Cornwall. There are many points of interest at Ottawa such as the Federal House of Parliament, Royal Mint, National Museum, Royal Canadian Mounted Police Barracks and the Garden of the Provinces, and many others. Brochures may be obtained at the Ontario Motor League office, Chamber of Commerce, and the provincial tourist office at Ivy Lea Bridge.

QUESTION: We would like to know of a plan that would enable us to view the ocean. We just have the week-end, and would like to know the quickest route and the most scenic. Also could this trip include a visit to a place called North Hatley? — New York State, on the way? We plan to leave July 25th. — Miss T., Napanee.

ANSWER: Afraid you won't have much time to visit the ocean if you only have three days to do it. The nearest point from Napanee to the ocean, would be New York City a distance of 445 miles by No. 31 to Syracuse, then No. 81 to Albany, and on to No. 87 to New York City. To go to North Pole, near Saranac Lake, N.Y., and for Portland, which is on the ocean and closer than Boston approximately 500 miles from Napanee.

QUESTION: We belong to an automobile club other than the Ontario Motor League. I understand that we can get service and help when needed in the United States by the American Automobile Association. If this is so can I get assistance for travel routings from your club and are these routings and tour books free? We are planning a trip in August to Boston. — G. B., Belleville.

ANSWER: If you are not a member of the Ontario Motor League, you cannot receive routings and tour books, even if you wish to pay for them. Also, if your card is not Ontario Motor League, Canadian Automobile Association or American Automobile Association you can not get any services from these associations. An Ontario member is directly a member of the CAA and AAA and no other automobile association other than the above have these affiliations. This affiliation with the CAA and AAA makes us the world's largest, with a membership of 9,000,000 in Canada and the United States.

QUESTION: Mr. T. — Belleville: Your question on tour books and trip mappings is answered in the above question and answer. These completed routings are for Ontario Motor League members only.

QUESTION: We would like to drive to Rochester and back in one day. What route would you advise for a nice scenic drive? S. McD., Belleville.

ANSWER: Cross over at Ivy Lea, on to No. 12 and No. 130, then to No. 12 again, No. 31 to No. 13 to Pulaska, take No. 3 west to No. 104 and on to Oswego, Walcott, and on to Rochester. A delightful drive with good eating places. Leave early and you will be back by midnight. If you spend just a couple of hours in Rochester.

SAFETY TIPS

Fatigue is dangerous when you're driving. Be wary and alert before you get behind the wheel.

Your rear-view mirror is a safety device. Use it often.

Many tourists will be visiting our country for the first time this summer, and being unfamiliar with our city streets and highways, some of them may have a little trouble finding their way around. The Ontario Motor League asks everyone to be co-operative and helpful to the tourist in our town. After all, he was nice to come here.

Quebec Golfer Shoots Ace

MONTREAL (CP) — Roger Belanger of Dolbeau, Que posted the only hole-in-one of the Quebec PGA golf championships Friday when he singled on the 17th hole at the suburban Laval-sur-le-Lac course.

The hole is a 206-yard, par-three hole.

Despite the ace, Belanger ended in a five-way tie for 70th place after posting a 169 for the 36 holes.

Astrological Forecasts

By SYDNEY OMARR

For July 26

Aries (Mar. 21 to Apr. 19): Be especially realistic where friendships are concerned. If you take persons, situations for granted . . . you will be disillusioned. Strive to complete projects.

Taurus (Apr. 20 to May 20): Probe deep — beneath surface indications. You can be aided by spiritual advisor. Message due from long distance. Exercise independence. Highlight original ideas.

Gemini (May 21 to June 20): Be flexible; follow hunch. The more you keep an open mind . . . the greater your chance to succeed. Break from habit pattern. Relative wants to aid your cause.

Cancer (June 21 to July 22): Greater relaxation available if you forget money question. You cannot solve dilesoma by arguing. Inspiration for solution of problem due. Attend church of your choice.

Leo (July 23 to Aug. 22): Study details. Especially applies to partnership proposal. Make this a day of creative relaxation. Gain emotional, physical strength. Obtain hint from Cancer message.

Virgo (Aug. 23 to Sept. 22): Your way of asking determines whether you receive answer. Be diplomatic. But if you attempt to bluff, you will be rebuffed. Member of opposite sex on "your side."

Libra (Sept. 23 to Oct. 23): Favorable lunar aspect highlights romance, creative endeavors — activities associated with children. But avoid sticking your neck out. Trouble available — if you ask for it.

Scorpio (Oct. 23 to Nov. 21): Conflict exists between those who want to go on a "spree" and more practical elements. Exercise power of will. Avoid being drawn into expensive, foolish activity.

Sagittarius (Nov. 22 to Dec. 21): Could be mixup where communications are concerned. Be sure of directions. Much in your favor . . . if you express good will. Many look to you as example of competence.

Capricorn (Dec. 22 to Jan. 19): Your decision to hold on to funds will give you feeling in warmth of added security. Know that you did right thing. Good time for "relaxed studies" . . . research on subjects of special interest.

Aquarius (Jan. 20 to Feb. 18): Now you can "call the tune." But you must be aware, alert, capable of leadership. Important to do some "homework." Then you will know what to ask for — and why.

Pisces (Feb. 19 to Mar. 20): There might be behind-the-scenes activity of which you are not aware. Be thorough. Important to understand those with whom you are dealing. Stress careful approach.

If today is your birthday . . . you are generous but firm, shy but capable of being a leader-man — you are a series of contradictions and some of your friends will say "amen" to that!

General Tendencies: Cycle high for Pisces, Aries, Taurus. Special word to Aquarius: Your cycle also remains at the top. But you exhibit a tendency to skip details. This not advisable if you want to advance.

For July 27

"The wise man controls his destiny . . . Astrology points the way."

Aries (Mar. 21 - Apr. 19): You will begin to "see things light." Ideas sparkle. Recognize resp.-abilities . . . but enjoy pleasure of accomplishment. Fine time for new starts in new directions.

Taurus (Apr. 20 - May 20): A time when you collect debts . . . but perhaps incur some of guilt or ire. Definitely not a time to be rash or overly independent. Seek advice from authorities. Be a good listener.

Gemini (May 21 - June 20): Disputes within family circle possible. Exhibit versatility, sense of humor. Observe time and emotional energy can be wasted. Remain understanding, sympathetic.

Cancer (June 21 - July 22): Good lunar aspect highlights journeys, trading for pleasure. You can gain through intellectual rivalry. But be especially aware of long - range effects.

Leo (July 23 - Aug. 22): Wonderful day for pursuing "secret" interests. Includes that movie you want to see . . . or book you desire to read . . . or restaurant that intrigues. Be adventurous.

Virgo (Aug. 23 - Sept. 22): Attention centered on diet, health, "partnership" harmony. Day to tread easily. Do more listening than asserting. Size up your opposition. Be ready for surprises.

Libra (Sept. 23 - Oct. 23): Emphasis on illusion, deception. No day to take things for granted. Denied promises in writing. One who makes many claims . . . may not be able to back them up.

Scorpio (Oct. 23 - Nov. 21): Your intuition works overtime. You may sense "fly in ointment." Exercise fair amount of caution. Do your own checking. Especially where proposed changes are concerned.

Sagittarius (Nov. 22-Dec. 21): Arguments with those in authority will prove fruitless. Go with the tide. Attend to details. Wait for better conditions. Financial security depends upon diplomacy.

Capricorn (Dec. 22 - Jan. 19): Avoid unnecessary travel. If travel you must — obey rules. Check directions. Indications are that restrictions exists. Day could be productive if you take your time.

Aquarius (Jan. 20 - Feb. 18): Hold fast to principles — and purse strings. Many offers are duds. But few contain real merit. React accordingly. You can go place — but you will require saving program.

Pisces (Feb. 19 - Mar. 20): Time when you prove you are capable. Be ready. Extra responsibility due to come your way. Have facts at your hand. Volunteer personal services. You'll be happier as result.

If today is your birthday . . . you are unique in that people automatically gravitate toward you. You inspire trust. Thus, you could excel as nurse, in real estate, advertising - public relations consultant.

General Tendencies: Cycle high for Pisces. Special word to Virgo: Situation definitely not what it appears.

Bulletins From Birdland

By WINIFRED E. WILSON

YOUNG WARBLERS

Not many songbirds are attractive for the first few days of their lives, because they are born practically naked, with occasionally a bit of down, but looking like diminutive plucked chickens by the time they are able to leave the nest they are covered with tiny, fluffy feathers. The yellow warbler is a nesting, varies according to its kind. Young warblers reach full growth in about seven to ten days. The eggs are laid one a day and hatch in the order in which they were laid. When the last nestling has broken the shell the first is several days old.

One pair of chestnut - sided warblers chose a raspberry cane for their home and it was more than a yard from our verandah and all proceedings could be watched. At first blind and featherless, the babies were not ugly. When they opened their mouths to receive little green worms they showed a yellow lining. The day they left the nest one was only six days old. The four tiny, fluffy balls were then silver grey. This was their "juvenile" plumage. They spent that night sitting in our flower beds, the parents on a bleeding heart blossom. But in a very few days this covering began to shed scraggly looking wing and very short tail feathers, and a new coat grew in its place. This second was their "immature" plumage in which they would remain until the next spring. By then the children were the size of the adults.

UNLIKE PARENTS

Unless a young warbler is seen being fed by its parent it is difficult to recognize the species. There are "immature" these young chestnut - sideds resembled neither parent. Their backs are yellow-green (a yellow cap) were olive green, there were no black face markings, no chestnut on the sides, and there was a white eye ring. One similarity was the wing markings — two light yellow bars.

Immature magnolias have no streaks on their underparts, only a few dashes on their sides; immature black - throated greens have no black or yellow streaks. Immature yellowthroats look almost brown on their backs instead of green and have no black. Immature and gray mays when immature have no orange or yellow about them; immature myrtles are nearly brown.

Probably the young warblers most recognizable are the redstarts, which are very much like their mother — Mostly a soft gray with pale yellow on wings, sides and tail.

Westerners Start To Visit Peking In Big Numbers

By ADAM KELLETT - LONG

PEKING (Reuters) — Foreign visitors are coming to Peking in steadily increasing numbers these days.

They include businessmen, trade unionists, economic and cultural delegations from all over the world — except the United States. Only genuine tourists are lacking.

It is difficult to say precisely how large the increase is for no figures are available here on numbers arriving by air and train.

But it is easy enough for people who have lived here for some time to evaluate the change when they visit the three big hotels where nearly all foreigners are quartered.

When I first came here nearly two years ago, at a time when Communist China was just beginning to recover from the disasters of the three years of a visiting foreigner, particularly a Westerner, was a rare discovery in any of the hotels.

Peking's only bar, on the sixth floor of the Hsin Hsiao Hotel, was the capital's former "legation quarter," was usually all but deserted in the evenings.

ATMOSPHERE LIVELY

Today, one is almost certain to find a comparatively lively atmosphere there—a group of British businessmen drinking Chinese beer or martinis, perhaps a game of snooker between Mongolian and Japanese businessmen, visiting journalists discussing their days' activities.

The nearby restaurant serving Western food is liable to be crowded with people of many nationalities. Eighteen months ago, it was closed to all but residents.

The barmen, room-boys and waiters spend much of their spare time brushing up their English, which has all but replaced Russian as the most common foreign language spoken in Peking.

All this does not mean that Peking is crowded with foreigners in comparison with most other capitals. They are just more congregated. In fact there are probably fewer than 500 visitors here at any one time, although this is about 10 times the figure of a couple of years ago.

'Just a Second'

'Im really happy for old Hopkins — new jobs aren't easy to get at his age . . .

Gore

THE GORE—Victoria U.C.W. met at the home of Mrs. Frank Townsend on Wednesday evening with a good attendance.

Mr. and Mrs. Clifford, Green and daughter of Peterborough, were Sunday evening guests of Mr. and Mrs. Morris Pulver and family.

Some of the local Junior Farmers were in Peterborough on Saturday to compete. Allwood-Douglas is built pink and half carnation, fragrant in many colors. Vulcan-Plum and Dawn-Rose and mixed colors. Double Sweet Wivenfield (sweet William) a biennial often self sows, long lasting.

DELPHINIUM VARIETY

Delphinium seed should be fresh and this early is fresh Pacific Giant Strain includes Black Knight (violet) Blue Jay (intense blue) Galahrose (lavender) Summer Skies (light blue) Guinevere white with dark bee, Percival white with black ee. Round table Series, hand pollinated all shades of blue, Iris pale pink to raspberry shades. Blackmore and Langdon are in as large as Pacific strain but are hardier and will last for many years.

Pansy seed includes Moonmoth, Ruby Velvet, Pay Dirt, Clear Crystals, Butterfly hybrids and others.

Alyssum Gold Dust is the spring flowering bright gold alpine that forms a carpet-like mat for border rock garden or wall.

Aquelegia (columbine) Aubretia. Campanula, Fox Glove, Iceland poppy and Russell hpine should be planted now and set in the border in the fall or early spring.

Many kinds of iris are listed including the solid color new hybrid bearded, or German iris. They range from white and soft pink through orange Port wine and purples so deep they look like black velvet.

FROM ROCK GARDEN

The minimum bearded iris grows six to twelve inches high and are good for edging and the rock garden. These are scarce so order early. They include such shades as pale or deep yellow, light blue purple, and Provence is mauve pink. Cherry Spot hit white standards with cherry red falls, white border and beard.

Japanese iris (Kaempferi) are available in mixed colors only. They have lovely tracery of a deep or light color against contrasting background. Blue, white, purple, mauve in blotched, marbled or striped.

By the way: cyprs 3 ft to a sure aure, at last for the iris borer. If is also needed in controlling aphids, thrips, leaf miner's scale insects and mites.

Also listed are summer bulbs, Autumn crocus, Dogtooth violets, madonna lily, oriental poppy roots and a few distinctive house plants such as dwarf geraniums, jasmine, crossandra and begonia Double Rose.

W. Huntingdon

WEST HUNTINGDON — Mr. and Mrs. Gerald Cooke and Paul spent the weekend with Mr. and Mrs. Howard Cooke.

Mr. R. C. Rumball of Belleville called on Mr. Arthur and Miss Sara Wilson on Thursday.

Mr. and Mrs. J. S. Wilson, Mr. and Mrs. Gary Kelly and family, Mr. Ronald Archer and Mr. John Stevens visited on Sunday with Mr. and Mrs. Elmer Wilson and family on the occasion of Paul Wilson's birthday.

Mrs. Keith Allison, Gregory and Karen, Mrs. Hilda Cathcart and Janice spent a few days with Mr. and Mrs. John Moorcroft and Warren.

Mr. and Mrs. Earl Bush and Mrs. Vernon called on Mr. and Mrs. J. S. Wilson, on Sunday evening.

A number of boys and girls are attending the Vacation Bible School at St. Andrew's Presbyterian Church.

SHOE SALES

More than 200,000,000 pairs of shoes were sold in Britain in 1963.

Garden Notes

Summer Catalogue Selections

By FLORA M. SAVILLE

The Garden Guild summer bulb, seed and corm catalogue has just arrived.

This is always a list of garden treasures and with the careful instruction and good quality of the material you are sure to have success in growing these items.

Among the seeds I find several violas such as Viola Bambini, Scotch viola, of compact growth and many colors; Chantryland, a rich apricot; Yellow Gem large fragrant and a persistent bloomer; blue perfection, light blue; Toyland a hybrid mix and Violetz Crandy S.sated.

Seeds of Primulas are from Blackmore and Langdon and the Pacific Giants. These last are hand pollinated.

Carnation and Dianthus seeds planted now will be ready by fall for transplanting. Sweetheart is red to white with many shades of pink and very fragrant; Laced Pinks are double white fragrant with contrasting edges an old favorite hybridized in such the marvelous. Allwood Double is built pink and half carnation, fragrant in many colors. Vulcan-Plum and Dawn-Rose and mixed colors. Double Sweet Wivenfield (sweet William) a biennial often self sows, long lasting.

DELPHINIUM VARIETY

Delphinium seed should be fresh and this early is fresh Pacific Giant Strain includes Black Knight (violet) Blue Jay (intense blue) Galahrose (lavender) Summer Skies (light blue) Guinevere white with dark bee, Percival white with black ee. SHOE SALES

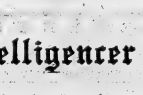
More than 200,000,000 pairs of shoes were sold in Britain in 1963.

A boy in business for himself doesn't worry about summer jobs



Or fall jobs, or winter jobs, for that matter. Because the boy with a newspaper route—a junior independent merchant—has a year 'round income. The few hours he puts in each week not only provide monetary returns but the even more significant dividends of learning how free enterprise operates.

The business of learning the value of money, of keeping books, collecting, buying at wholesale and selling at retail is important. But not even money can buy the other skills acquired from route experience—learning to deal pleasantly with people, for instance, or the value of punctuality.

Your newspaperboy is learning all the time. His route experience helps him acquire the intangible skills so necessary for success both socially and professionally. He makes money at it, too.

Only about one boy in ten gets the opportunity to have a newspaper route. If you think your son or some other youngster might profit by newspaperboy route experience, why not suggest that he come in and talk to us.

THE LITTLE WOMAN

"Well, back to the old liquid diet food!"

Written Questions Triple Consuming Valuable Time

By KEN KELLY

OTTAWA (CP — Parliamentarians are taking a look at an aspect of their business conducted almost exclusively with the written word.

For the last three parliamentary sessions, there has been a remarkable increase in the number of written questions submitted by MPs, some requiring lengthy and detailed written replies.

The ballooning of the written questions coincided with growing concern in the House about the length of the daily oral question period.

As executive presiding officers sought to shorten and sharpen the daily oral question period, more and more written questions began to appear on the order paper.

In the three sessions between November, 1960, and April, 1962, the number of written questions never rose above 500. They covered every conceivable subject from why got a contact to repair a wharf in an MP's constituency to requests for detailed policy statements.

BIG JUMP

In the 1962-63 session there was a three-fold jump in the number of written questions to almost 1,500. They stayed at or above that level ever since, hitting a record 1806 last session and standing at 1,559 July 22.

One factor in the increase may have been that the opposition Liberals in the 1962-63 session lacked the chance for election and were getting tough with the Conservative government of the day.

Since the Liberals took office in April, 1963, the Conservatives and other opposition groups have kept up the running fire of written questions. Some observers suggest there may be a retaliation factor since no one knows better than a former cabinet minister how much ministerial and departmental time is consumed in preparing replies to such queries, many of which contain up to a dozen separate parts.

Length of the session apparently has had nothing to do with the upsurge. The three sessions before 1962-63 ran 80 days, 71 days and 65 days, respectively, with the number of written questions 312, 485, and 461, respectively.

SESSIONS VARY

The three sessions from 1962-63 went for 72 days, 117 days and—so far this session—111 days and the questions numbered 1,467, 1,806 and 1,559.

A contributing factor seems to be that the current Speaker, Alan Macnaughton, and his predecessor in the 1962-63 session, Marcel Lambert, took a firmer line in ruling that certain kinds of questions weren't urgent enough or required too much detail to be asked during the oral question period. Many ended up as written questions.

The procedures committee headed by Speaker Macnaughton proposed, and the Commons unanimously accepted, a provisional rule specifying for the first time the kinds of oral questions permissible.

While generally the result has been a shorter oral question period, it also seems to have increased the number of written questions.

The matter of written questions is one of a number of topics now before a subcommittee of the procedures committee headed by Stanley Knowles (NDP—Winnipeg North Centre). However, it may be some time before the subcommittee, which has more than a dozen other problems to consider, makes recommendations on the matter.

Your Car

Hard-Working Fuel Pump Needs Care

By EUGENE B. MILNOR

An occasional service checkup on the fuel pump—especially if your car is anything but new — can be the best insurance against trouble. The pump works hard and constantly to supply gas to the carburetor, and when it's not working right, neither will your engine.

Take the fuel pump's filter bowl for example. Water and dirt accumulate there, and if cleaning is neglected, fuel delivery is bound to be affected. And might occur when you're on the road, at just the most inconvenient time or under the most trying conditions.

Another point worth checking is the flexible connection between the rigid gas line and the pump. Often, after long service, this hose begins to crack or deteriorate, allowing a slight fuel seepage which may cause you to puzzle over poor gas mileage as well as performance drop. The inside of the flexible hose will sometimes begin to close up, too, and block free fuel flow.

From D. K. "All right. . . ."

A screech when accelerating is usually from the fan pulley belt. Now, how do I correct it?"

Sorry, should have mentioned that lubricating with light engine oil is an easy cure.

M. G. asks: "Would low automatic transmission fluid cause noise when the shift lever is in drive, but the car is standing still at idle speed?"

Low or high transmission fluid could cause this, but so can several other conditions. Have an expert check it out.

R. V. writes: "When changing engine oil, is it a good idea to use a kerosene oil in order to flush thoroughly?"

It's not needed if you drain off the old oil while the engine is hot.

From V. F.: "When I first start up, the engine is noisy but quiets down after a while. The valves were checked out and then I was told it must be a loose ring noise. What does that mean?"

Loose piston rings will be noisy when cold, until engine heat causes them to expand.

Civil

(Continued From Page 1)

followers, will follow the same course that I intend to follow . . . which is a course of rebuffing and rebuking bigots and those who seek to excite and exploit tensions, then it will be most welcome. . . ."

Ashdown Goldwater's suggestion that at least the North Atlantic Treaty Organization commanders should be given more authority in the use of nuclear weapons, Johnson said this was the president's responsibility.

Johnson announced a new aircraft system, the SR-71 long range advanced strategic reconnaissance plane, capable of world-wide reconnaissance, able to fly three times the speed of sound and operate at 80,000 feet.

He also disputed a charge by French President Charles de Gaulle that the United States has attempted to dominate Europe, saying, "the United States has never had any interest whatever in trying to dominate Europe or any other area of the world." The president rejected a de Gaulle proposal of a four-power conference on Viet Nam and Laos, saying there could be no new conference "until there is demonstrated by the deeds of those who are ignoring the agreements reached at the conference table, some desire to carry out their agreements. . . ."

Quebec

Police Capt. Fernand Boucher to hire 18 special constables to supplement the regular 20-man force.

The mayor said the telephone caller, whom he refused to identify, told him a gathering of 26 to 28 men at the Beauline residence Friday afternoon.

Mr. Beauline could not be reached for comment, but his wife told a reporter she didn't know what was going on about.

She said there were 10 persons at her home Friday, four of them children. Only three men were present.

Toronto Doctor Loses License

TORONTO (CP)—Dr. Leo V. Roy of Toronto has been found guilty by a committee of the Ontario College of Physicians and Surgeons of misconduct and his name ordered stricken from the college's record.

Dr. Roy was said to have treated a woman patient with health foods, alleged anti-cancer serum and an electric machine.

A charge of professional misconduct was originally made against him by Dr. Morton Shulman, Metropolitan Toronto's chief coroner, and the action launched following a deathbed statement by Miss Margaret Lawyer who died of breast cancer May 8, 1962.

The council made up of medical representatives throughout the province, representatives from Ontario's four university medical schools and Health Minister Matthew Dymond, took the action against Dr. Roy Wednesday.

Dr. Roy has 30 days from the date of the conviction to appeal the council's decision.

Castro Hurls 26-0 Victory

SANTIAGO DE CUBA—Premier Fidel Castro served up a baseball victory for Cuba Friday to help a Santiago university team beat students from Canada and the United States 26-0 in a baseball game.

Right hander Fidel also had a hit in three tries, while his brother Raul, deputy premier and defence minister, had two hits. Raul played second base.

Names were not available of any of the Canadians who played but approximately 25 college students are known to be in Cuba working for the summer. Their visit was sponsored by the Toronto-based Fair Play for Cuba Committee and financed by the Cuban government.

Ann Landers

Fourteen-Year-Old Girl Shouldn't Need Policing

DEAR ANN LANDERS — Phyllis, our 14-year-old daughter, invited her girl friend to spend the night with her. The two girls decided that they'd like to have some blonde streaks in their dark brown hair. They went out and bought a bottle of extra strong peroxide and you ought to see what they did to themselves. Both Phyllis and her friend showed up at the breakfast table this morning my husband and I were absolutely horrified.

The two girls were sheepish and admitted that their hair didn't turn out the way they had hoped it would. The guest muttered, "I'm afraid my mother will kill me."

ANN LANDERS

An hour later I received a phone call from the girl's mother. She was furious and said it was my fault. According to her, I should have kept my eye on the girls. The woman said she was taking her daughter to the beauty shop and getting her hair cut off — even if the child winds up looking like Yul Brynner.

Was it my fault? Should I insist our daughter have her hair cut off too — as punishment? I need your advice. — HAVOC IN HINSDALE.

* * *

DEAR HAVOC — Fourteen-year-old girls should not need policing. The woman is blaming you unjustly.

In my book your daughter has suffered enough. Rather than give her a prison-hair cut which would only add to her humiliation, insist that she earn the price of a professional hair tint, and have her hair restored to its natural color.

* * *

DEAR ANN LANDERS — My husband passed away in 1956. I am 58 years old and have been the constant companion these last eight years to my widowed mother, who is 83. I enjoy her company in any a great deal, get along well with his married children, and his grandsons call me "Nanna."

Last week for no apparent reason, he said to me, "I'll never marry again. I'm not going to put myself in the way of getting ill." I was deeply hurt because I was expecting a proposal of marriage at any moment. Things are Not the way I want them, Ann. I would like to get married again — if not to this man, then to someone else. Shall I tell him how I feel? Or would it be prudent to wait a little longer and hope he will ask me to marry him on his own? — STILL PEPPY.

* * *

DEAR PEPPY — A man of 63 is on his own. He has been frank with you, and now you ought to be frank with him.

Tell him you no longer care to date just for the fun of it and since he is not interested in marriage he'd better find another "constant" companion. If this doesn't produce orange blossoms give up altogether.

* * *

DEAR ANN LANDERS — Byron and I have been arguing about something for weeks. We are both 22 although you probably will think we sound like 9-year-olds.

Whenever Byron and I go to a party or a dance, he disappears the minute we arrive and I'm on my own. One of the big problems is that Byron is a terrific dancer and I am just fair. He always hunts up the shimmy queen of the crowd and never checks to see where I am. I like him to dance with me, but I like with other girls but when he doesn't even dance one number with me I feel like a fifth wheel. I've told him he is inconsiderate but he says I am childish and demanding.

What do you say? — STRANDED.

DEAR STRANDED — This is a date? If you drove your own car you wouldn't need Byron at all.

Give him his hat and tell him to date the shimmy queens.

* * *

Do you lack self-confidence? . . . have trouble making friends? If so, send for Ann Landers' booklet, "How To Be Well Liked," enclosing with your request 25 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

India Facing Food Crisis

By DAN COGGIN

NEW DELHI (AP) — Prime Minister Lal Bahadur Shastri's government is beset by a mounting food crisis and a Communist scheme to capitalize on it, raising fears of a wave of violence will sweep India's hungry millions.

With the food situation already explosive and unrest growing, the Moscow-line leader of India's splintered Communist party said Friday a nation-wide demonstration will be staged next month to protest sharp price rises and short supplies of wheat, rice and other basic items.

S. A. A. Dange, chairman of the Communist Party of India, which lost about 40 per cent of its membership last April in a split with pro-Chinese Communists, told reporters the mass agitation effort will be launched Aug. 24-26.

"A government which cannot feed the people must quit", Dange said.

look after Quebec's 2,500 Eskimos.

Mr. Gregoire said the federal government should hurry up and transfer its responsibilities in northern Quebec to the provincial government. Mr. Laing said he is in no hurry to do anything of the kind. He hoped the federal and Quebec governments would continue to be good neighbors but the Eskimos involved would have to approve any transfer.

The discussion on cool northern regions and national parks lasted most of Friday as MPs began study of the northern affairs departments, $90,000,000 spending estimates for 1964-65.

Earlier, a bill authorizing the government to guarantee bank and credit union loans of up to $1,000 annually to university students was passed 137 to 14, over the repeated objections of Creditiste and Conservative MPs from Quebec who claim the legislation breaches a provincial field and is unconstitutional.

Monday, the Commons will turn to a full day debate on government interim spending authority for the next two or three months. The next House will be a tax-sharing arrangements with the provinces and the resumption of the grueling flag day debate before a summer recess.

'Moby Doll' Slips Into New Quarters

VANCOUVER (CP) — Moby Doll slipped into her new home Friday night sweating bullets and casting angry eyes at her captors.

The sleek killer whale, first ever kept alive in captivity, was moved into a hole-in-a-floor pen at the Vancouver Aquarium involved the navy, army, police department, an entire shipping firm and a host of scientists. She finally slipped from a floating drydock and into her new pen.

The 17-foot, 2½ - ton killer whale was harpooned off the Gulf Islands between here and Vancouver Island July 18.

Moby Doll had been berthed in a floating drydock while scientists pondered what to do with it.

Friday's seven - mile ride across the harbor was uneventful. But when it came time to move from the drydock into a new pen cut from an old naval wharf, Dr. Thomas Poulter, Vince Penfold, assistant curator of the Vancouver Aquarium, spent almost two hours in a small, flat-bottomed boat urging the ever-circling mammal into the new surroundings.

The first job to be done by scientists is to find out what is making Moby Doll sick.

Scientists also plan a series of tests including data on the killer whale's heart brain, blood, voice and chromosomes.

Passengers Injured by Flying Glass

KINGSTON (CP) — Several persons were injured by flying glass Friday night when an object apparently flew from a passing freight train, shattering about a dozen windows in a Toronto-Montreal pool train passenger car at least six times.

CNR security officers said one woman was sent to Kingston General Hospital for treatment of cuts while several other passengers, superficially injured, travelled on to Montreal. Names of the injured persons were not released.

The Golden Years

Attention, Please, Retirement Class Will Now Come to Order

By THOMAS COLLINS

Every year, about this time, a veritable army of people who work for a living discover retirement.

They are age 62 or better, and rather suddenly they realize they are speeding down the road toward a spot where they will be separated from their jobs and their salaries. With deep concern and sometimes with panic, they see they are about to become what they once thought of as "gray-haired old folks on a pension."

For this class of novices, here again is a short Retirement Manual:

1. You're going to have a lot of company. About 18 million people are out in retirement land now, and are living all over. They have just about every retirement problem there is, and are solving them pretty well. If you think you're going to be miserable, and if misery loves company, you'll have some.

2. Retirement is not bad. Most people like it. Two out of three and probably 90 per cent of those retired for six months or longer wouldn't go back to their old jobs if they could.

3. Despite all the Wails to the contrary, most retired couples are getting by fairly well, and with happiness, on $200 a month. You can find them all over Florida and in Arizona, California and Texas. So if your retirement income is over $200, you are in the clear, if you know how to manage money.

MAJOR DISASTERS

4. The two major disasters of retirement are (1) a long and expensive illness that can exhaust $10,000 or more, but which can be largely avoided by medical insurance; and (2) the divorce court desire of the husband in some retirement parties which leaves his widow ex-wife living in her home, which can be handled by some good planning in advance.

5. Style and fashionable to move away when you retire. There's no good reason not to. But be forewarned that happiness is in you, not in where you live. . . and that weather everywhere is awful, one way or another, sooner or later. In the main, retired couples who stay in the old home town seem to fare better.

6. Some of the problems you will have in your new lifestyle after retirement just can't be solved even by a Solomon. Don't expect your best letters or your most attention — the retired person is not dear, for what consolation it is to you, aren't living any better than you are. But it is no consolation to be left with your children if you can avoid it, but it's nice to live happily and fully a block or Moby Dick.

7. You can get a job in retirement, but it usually is low-level one such as clerk or watchman or salesman. If you already have enough income to live on you won't like it.

8. You should force yourself to get into some kind of civic, charity, artistic, or political activity. . . and work hard at it on a regular basis if you greatly enrich your life. It may open a door to one of the finest achievements in life. You probably will be too content with your leisure and your golf to believe.

KISS COMPANY GOODBYE

9. Once you retire, kiss the company goodbye. One you back is all right. After that, get lost. Because that song is ended. So is the prestige that went with it.

10. An insured account in a bank or savings and loan is usually best for retired savings. . . at 4 percent return. Your life in-

surance policies are probably obsolete when you reach 65. Examine them with an eye to converting them into something better.

11. Travel in retirement is fashionable, an expense, and tiresome. But take a trip or two. It's the only way you'll learn.

12. Make a will for yourself and your wife, giving the wife every break on disposition of the money after you're gone (so as to keep the children attentive. Buy a cemetery lot, file the deed away and forget it.

13. Retirement will be the first real freedom of your lifetime.

14. After 65 nobody can ever fire you, or reprimand you again.

15. Stop worrying.

Rioting

(Continued From Page 1)

Many of the looters cut their valves while breaking windows. Their blood sprinkled the sidewalk.

Radio reporter, Howard Gates of WBBF, Rochester, mingled with Negroes and reported one of them described the situation as "dynamite . . . they had to explode."

Rochester has been the scene in recent years of activity by the militant Black Muslim organization. About 14 Black Muslims were arrested in 1962 on charges of resisting arrest after police intervened a disturbance by the group. Police said they had been told one of the men was carrying a gun.

The organization has protested what it calls police brutality.

As rioters grappled with police near downtown, fires began breaking into the sky a mile and a half away.

Windows in a dozen small trucks at a post office in the area were smashed.

The concentration of new problems as word of the riot spread to other parts of the city. Gangs of looters began moved into the two-square-mile area of the conflict and began looting.

Now a priest of the Ethiopian Church, dressed in flowing robes, tried to halt some of the fighting.

"Go to your homes, please," said Rev. Gabre - Kristos Michael, fingering the large cross hanging from his neck.

Father Mikael, in an interview later, gave this description of the long night:

"It was all spontaneous. It there organized action. Hundreds of people egging this thing on. It was an uncontrollable mounting of anger and alike. . . . I spoke to one patrolman who said he was going to shoot if he were stoned once more. At that point I prayed."

FOUR DIE IN ROCHESTER RACE RIOTS

OAS Approves Trade Embargo Against Cuba

Clears Way to Use Force If Castro Aids Rebels

WASHINGTON (AP) — The American republics have clapped strong diplomatic and economic sanctions on Cuba. Fidel Castro has brushed off the actions as impudent and unjust.

A conference of the American foreign ministers Sunday approved a diplomatic break and trade embargo against Cuba and cleared the way for the use of armed force against the Castro regime if it continues subversions against other republics of the hemisphere.

Within hours after the action was taken, there were these reactions:

—Thomas C. Mann, assistant secretary of state for inter-American affairs, said the action "proved once again the ability of the Organization of American States to defend itself against aggression."

—Castro said the OAS is "garbage" and the prime minister declared "the people of Cuba reject as imperialist and unjust the sanctions imposed." He issued a "declaration of Santiago de Cuba" as a reply to the "declaration of the Americas" of the OAS.

—The official Soviet news agency, charged that the action set a dangerous precedent and it accused the United States of openly putting pressure on the OAS to take the historic step.

—Several Cuban exile leaders in Miami disagreed on the impact of the OAS sanctions but in general looked upon them as a forward step.

VOTE NO

The sanctions were approved by a 15-to-4 vote. As author of the resolution, Venezuela could not vote. Mexico, Chile, Bolivia and Uruguay—the only Latin American republics maintaining relations with Cuba—voted no.

The foreign ministers' conference was called at Venezuela's request. It invoked the inter-American treaty of mutual assistance Dec. 3, after uncovering a three-ton cache of smuggled arms with Cuban markings on a lonely beach in the state of

OAS

(Continued on Page 3)

WASHINGTON (AP) — Foreign ministers of the American republics signed Sunday the final act of their six-day meeting here calling for the strongest punitive measures against Communist Cuba ever approved against a sister nation at an inter American conference.

Now the questions are whether the mandatory diplomatic sanctions calling for a break in diplomatic relations with Cuba and a cessation of trade and shipping to Cuba will be honored and if so, how effective will they be.

At the least, however, it seems the action will have a pronounced impact on Fidel Castro's government.

Four countries — Mexico, Chile, Bolivia and Uruguay — voted against the measures condemning the troubled Castro regime and calling for the imposition of sanctions.

Mexico, the most vociferous of the opponents, inaugurates a new president Dec. 1 and, probably will not do anything about halting its diplomatic relations with Cuba until after that. There is a strong feeling in that country, however, for honoring international obligations and, as a country where exports to the United States are important it may find it advantageous to do all it can, without delay, to carry out the provisions against trade with Cuba.

MEXICO PROFITS

Curiously, Mexico has been the Latin American country perhaps profiting most from the situation in Cuba. Its U.S. sugar sales have been increased enormously since the United States quit buying Cuban sugar. And it is getting a golden harvest of tourist dollars — an overwhelming percentage of which comes from U.S. citizens many of whom probably would have gone to Cuba if times had been right.

Chile, which opposed sanctions because of its traditional fear of non-intervention and because of political ferment there due to a presidential election campaign might surprise

CHOPPER CRASHES AT RIOT SITE — Firemen pour water on fire started by helicopter crash in Rochester Sunday. The helicopter, carrying police officials keeping an eye on racial strife, fell to earth in a section marked by riots. Debris of chopper is alongside car which was struck by helicopter when it crashed. (CP Photo from AP)

Soldiers Ready To Stop Looting With Bayonets

3 Killed as Helicopter Smashes Into House

By ROBERT T. GRAY

ROCHESTER, N.Y. (AP) — This riot-scarred Lake Ontario city emerged today from a bloody weekend of racial violence with four dead, hundreds of injured and massive property damage. An uneasy peace was backed by a force of national guardsmen.

Governor Nelson A. Rockefeller activated 1,000 guardsmen and ordered them into Rochester to stand by for anti-riot duty if needed.

A detachment of 13 open trucks with 18 guardsmen each toured the city's trouble areas in a show of force shortly after the arrival of the guard Sunday night. The men carried rifles with bayonets fixed but had no ammunition.

Three persons were killed and a county official was injured critically Sunday when a helicopter surveying a potential trouble spot smashed into a three-storey house and set it afire.

A man was killed by an automobile when he was struck during wild rioting Saturday night — which saw the height of the racial explosion — and staggered into the street. Two men were shot. One was in critical condition.

More than 200 persons, nearly all Negroes, were arrested. More than 300 persons were injured, including 35 police officers and several firemen. There are about 25,000 Negroes in the city's population of 325,000.

STORES LOOTED

Looters ran wild, pillaging and smashing, especially Saturday night. Liquor stores were a favorite target.

State and local police, working with little rest, were targets of bricks, rocks, bottles, full beer cans, Molotov cocktails and sheets of glass in one outbreak after another.

They answered with tear gas, high-pressure streams from fire hoses and warning shots from their guns. Several individual rioters were clubbed into submission when seized.

(Continued on Page 5)

Cutting Words, Missiles Meet Rochester Policemen

By ROBERT T. GRAY

ROCHESTER, N.Y. (AP) — Howls of mocking laughter rose from the crowd of well-dressed Negroes when a force of 50 armed and helmeted troopers poured from a Rochester city bus into their neighborhood.

"We are sure now, the cavalry is here," hooted one man.

"Turn that man in," yelled another pointing at a man — the lone civilian to alight. "He's out of uniform."

Moments later laughter and mockery gave way to a hail of bricks, broken in halves, each with a sharp, jagged edge. Two or three troopers were hit.

Over the next five hours I patrolled with police details that were pelted with more bricks, rocks, full and empty beer bottles, full milk bottles, a box of

* * * * * *

(Continued on Page 16)

detergent and, once, a fallen container of chocolate ice cream.

The Jefferson Avenue neighborhood, the centre of Saturday night's rioting and looting, is a much better section than the Joseph Avenue area where the rioting began Friday night. Joseph Avenue is run down. Small stores, many ill-kept, are on the ground floor with living quarters above.

In contrast, the Jefferson Avenue area is lined with old but neat one- and two-family homes, with lawns and gardens carefully tended.

The stores — a brick-fronted jewelry shop with a lawn, a large supermarket, a service

(Continued on Page 16)

Train Crash Kills 85

OPORTO (CP-AP)—The rear unit of a two-car diesel train snapped its couplings Sunday night as it was speeding with holidayers on the way home from the beach and overturned down an embankment killing 85 passengers.

The accident occurred near Custoias, about 14 miles from Oporto, which is some 200 miles north of Lisbon.

Hospital sources said more than 100 were injured in the worst disaster in the history of the privately owned Portuguese Railway Company.

A company spokesman said the rear unit of the train jumped the rails and "careened down a section of track flanked by walls, slamming back and forth between them."

"It dropped from the embankment and turned over where the walls came to an end," he added.

The impact destroyed one side of the steel-and-wood car, crushing passengers as it caved in.

SOME SUFFOCATE

Some of the dead suffocated under the bodies of fellow passengers.

Witnesses said the rear unit appeared to flashtail as it left a curve just ahead of the walled-in stretch of track. Passengers in the front car were not hurt.

The normal capacity of each unit was 68 passengers, but witnesses said the car was overcrowded.

"It was coming fast, probably because it was behind schedule," one witness said.

The train was returning from Povoa de Varzim, a popular beach in north Portugal, 18 miles from Oporto.

Blaring sirens of ambulances from Oporto and nearby communities blended with the terrified screams of women and children. Oporto radio stations appealed for doctors and blood donors. Soldiers lined up in front of hospitals.

EARL DIES

LONDON (AP)—Earl Howe, 80, former Conservative member of Parliament and one-time international racing driver, died at his Buckinghamshire home Saturday. Howe was a former chairman of the Royal Automobile Club and chairman of the British Racing Drivers' Club from its formation in 1928 until his death.

Court Finds Hoffa Guilty Of Plan to Defraud Fund

CHICAGO (AP) — James R. Hoffa, president of the International Brotherhood of Teamsters, faces a maximum sentence of 20 years in prison and a $13,000 fine after he and six others were found guilty Sunday of a massive scheme to defraud the $280,000,000 Teamsters pension fund.

No date has been set for sentencing pending new motions by the defendants to be heard next month asking the court to set aside the verdict or order a new trial. Also on tap are appeals to higher courts.

Judge Richard B. Austin set Aug. 17 for rulings on motions made immediately by defense counsel for arrest of judgment and directed verdict of acquittal despite the jury's findings—or a new trial. He ruled the defendants could remain free under present $2,500 bond arrangements until the hearings.

One defendant, Benjamin Dra-

(Continued on Page 3)

U.S., Britain Stand Firm On Conditions for Laos Talks

LONDON (AP)—The United States and Britain stood firm today on their conditions for new 14-nation talks on Laos despite the Soviet Union's threat to quit her special peace-keeping role.

After the weekend Soviet demand for a Geneva peace conference on Laos next month, Western diplomats reported these developments:

1. Britain's Foreign Secretary Dean Rusk advised British Foreign Secretary R. A. Butler the U.S. government still rests on its pre-conditions, that a cease-fire and a withdrawal by the pro-Communist Pathet Lao must precede the calling of a parley.

2. Butler, who flies to Moscow on an official visit tonight, fully backs the U.S. position. He was portrayed by officials as determined to try to dissuade the Russians from quitting the chairmanship of the Indochinese peace-keeping set-up. The Russians and the British share that chairmanship.

In a declaration—passed to the British in advance of publication—the Soviet government charged there has been "extreme aggravation" of the situation in Laos by American interference.

The Russians said also that in view of the "negative stand

taken by "other states" the Soviet Union would review her co-chairmanship of the 1962 international agreement on Laos unless a new conference is called by next month.

As soon as Butler got an advance copy of the Soviet statement Friday he sent it on to Washington.

Informants reported that an outline of Rusk's views on the issues came back to London Sunday.

The threat by Moscow to end the co-chairman system therefore looks as if it is intended to pressure the West and the Communist Chinese into what the Russians would regard as a more accommodating position.

Viet Nam War Fought by Book, But Not by One Americans Know

SAIGON (AP) — "We trap them every day, we clean out their bases, we beat them again and again, but they keep coming back for more, stronger than ever. I just don't understand it."

The speaker was a mud-spattered American officer, just back from a field operation with a Vietnamese unit. He was talking about the strange and elusive enemy, the Viet Cong.

The side with the most troops

Wants NATO In Cyprus

By LEONARD KERSCHEN

LONDON (AP) — Premier George Papandreou of Greece was reported here today to have suggested for Cyprus a North Atlantic alliance military base which would include a contingent of Turkish troops.

Papandreou was in London last week for talks with Prime Minister Sir Alec Douglas-Home. They discussed possible new solutions to end the Cyprus dispute on which United Nations mediation now has reached a stalemate.

The NATO base would be separate from the British bases at Akrotiri and Dhekelia, informants said. Papandreou, however, suggested the British could merge their forces with NATO contingents.

Archbishop Makarios said on his arrival in Athens today for talks with the Greek government that "no NATO bases can be included in any solution, but if there is enosis (union) with Greece, that is another story."

The Cypriot president told reporters at the airport that Cyprus and Greece "have not deviated from their common policy although pressure has been exerted on Greek Premier Papandreou from Washington and London."

WOULD USE NATO

Papandreou is reported to have insisted that NATO play a greater part in solving the protracted dispute. This would prevent Cyprus becoming a second Cuba, he said.

Young Negroes Say Life Just Road to Death And Whites Put Us on It

By BERNARD GAVIER

ROCHESTER, N.Y. (AP)—An exhausted fireman rolled off a heavy smoke jag wheeled from burning Joseph Avenue. An avenue in Rochester's riot-wrecked Negro section.

"He should have got burned up long ago," a Negro boy said.

Here in the brilliant sunshine and in Rochester's heat wave and hundreds of other Negroes had watched a gruesome drama.

A helicopter being used to spot potential riot activity had hit the peaked gable of the frame house, fallen to the side-walk, exploded and burned. The white pilot was killed. Three

sons in the house, presumably Negroes, burned to death.

For some in the crowd, this spectacle was sickening and frightening. They were mainly older people. But the young fellows, the lean and well-muscled teen-agers and men in their early 20s, shed no tears.

Their attitude throughout rioting that began Friday night has been one of militant recklessness. There is a bravado to them—and the chill quality of boys who have begun to believe that life is a one-way road to death and they are on it, put

Today's Chuckle

If you can play golf and bridge through three-hour games, you're about as well adjusted as you're ever going to be.

THE WEATHER

Synopsis: Pleasant summer thur with afternoon temp raisres in the normal way 80s is the forecast for all of southern Ontario today 7 with a little change in store for Tuesday. Variable cloudiness is the forecast for southern regions with scattered thunderstorms developing tonight and Tuesday.

Launch Ranger Spacecraft Today On 250,000-Mile Trip to Moon

CAPE KENNEDY, Fla. (AP) — The United States is to launch the Ranger 7 spacecraft today on a 250,000-mile journey to the moon to take thousands of pictures and hopefully end six years of frustration for American lunar shots.

An Atlas-Agena rocket is to blast skyward in a favorable launching period between 12:32 p.m. and 3:42 p.m. Thunderstorms were forecast but officials hoped they would hold off until later in the day.

The flight plan called for the 806-pound spacecraft to execute several mid-course corrections and crash-land on the moon Thursday morning after a 66½-hour, 230,802-mile trip.

Sixteen hours after launching a ground station is to send a radio signal to fire a payload motor and hurtle the craft on to a collision course with the moon.

If Ranger 7 succeeds, it will break a string of 12 straight moon launching failures dating to 1958. The Ranger 6 was the first ...merican attempt since Ranger 6 failed to transmit pictures last February, although it hit the moon.

In a 13-minute, 40-second sequence before Ranger 7 was scheduled to impact, television cameras are to snap more than 4,000 pictures and transmit them to Goldstone, Calif., for processing.

The cameras were geared to operate from an altitude of 1,120 miles to the moment before impact.

Space agency officials said the photos might enable analysts to distinguish objects on the moon the size of an automobile. Astronomers using the best earth based telescopes can't distinguish features much smaller than a crater.

Scientists hoped to manoeuvre Ranger 7 to an area west of the moon's centre (on the left as seen from earth), where they presently is most favorable. The pictures of maria, large dark areas which appear to be relatively flat and thus possible astronaut landing spots.

Parties Will Pay Tribute To Churchill

LONDON (Reuters) — Members of Britain's main political parties will pay tribute Tuesday to warrior-statesman Sir Winston Churchill, who has had a parliamentary career for 64 years.

But the veteran politician, 90 in November, is unlikely to be present to hear the tributes, well-informed sources said.

The tribute will take the form of a House of Commons motion acknowledging Parliament's great debt to Churchill for the illustrious service of the Second World prime minister.

It will be moved by Prime Minister Douglas - Home, seconded by Labor Opposition Leader Harold Wilson, and supported by Jo Grimond, chief of the Liberal party.

A delegation will call on Churchill later at his London house to present him with an extract in outside form from the official journals of the House of Commons.

Parliament has not singled out a politician for an honor of this kind since the last centuries when it paid a similar tribute to the Duke of Wellington, whose army defeated Napoleon at the Battle of Waterloo.

Threat to Scots

EDINBURGH (CP)—There is some alarm in Scotland that foreigners may be more interested in learning to play the harpipes than are the Scots.

For instance, the annual summer school of the College of Piping at Dunvegan, Isle of Skye, recently announced its list of students for the one-month course, it included: Three Americans, a Norwegian, four Frenchmen, an Australian, an Egyptian, a Swedish girl, a Dutch boy, two English girls, an Irishman — and a handful of Scots.

And the college will have to get along without the services of two of its chief instructors. John MacFadyen will be teaching in New York and Seumas MacNeill will be tutoring at the Gaelic College in St. Anns, N.S.

Makarios Thinks Cyprus Impregnable

ATHENS (AP) — President Makarios of Cyprus is quoted as saying his crowded island had become "an impregnable fortress with a well-trained force of 25,000 men ready to defend her."

The newspaper Makedonia of Salonika says he told this to one of its correspondents. There is no mention of whether any Greek citizens were part of the 25,000-man force. The Athens government has pledged to back Makarios should Turkey invade the island.

"I have the impression that the danger of a Turkish invasion of Cyprus has subsided because the Turks now realize that an invasion would not be a simple walk. Our well-trained force now numbers 25,000 men and with them the whole of Greece will stand by our side," the paper quotes Makarios as saying.

It adds that Makarios said that the only acceptable solution to the Cyprus crisis must be based on the United Nations charter and that "a solution is not too far off."

YMCA Summer Day Camping Program Ends

Day camping for summer, 1964, came to an end last Friday. The second camp of boys and girls was planned and directed by Mrs. Jan Wilson (co-director).

Each counsellor was allotted an activity: campcraft, Maureen Alyea; organized games, Gweda Keyplard, a Swedish girl, a Dutch boy, two English girls, an Irishman — and a handful of Scots.

In falling health for some time, Mr. Barnhardt died at the residence of his brother-in-law, Mark J. Hill, on Monday. He was in his 79th year.

Born in the Tyendinaga District, he served he was the son of the late Mr. and Mrs. John Barnhardt. He had lived in that district all his life.

He was a member of All Saints' Church.

—Surviving are his wife, the former Elizabeth Hill, and one son, Percy Arthur Barnhardt.

Also surviving are two brothers, Charles of Pennsylvania and Hiram of Deseronto.

CLAYTON LLOYD BLATHERWICK
Bannockburn

Although in failing health for some time, Clayton Lloyd Blatherwick of Bannockburn, died suddenly at his summer home at Whitefish Lodge in Algonquin Park on Saturday. He was in his 58th year.

Born at Burk's Falls, he was the son of the late Mr. and Mrs. Samuel Blatherwick. Before moving to Bannockburn 32 years ago he had lived at Rockwood, Ont.

A veteran CNR station agent at Bannockburn, he had been retired since 1962. He was a member of the Royal Canadian Legion.

A veteran of World War I, he belonged to Madoc Branch No. 263 of the Royal Canadian Legion.

He is survived by his wife, the former Effie Mae Gilbert, two daughters Mrs. F. E. (Dorothy) Foley of Dallas, Texas, and Mrs. J. (Sylvia) Gray of Toronto; a son, Clayton Donald Blatherwick, and five grandchildren.

Also surviving are a sister, Mrs. W. L. (Florence) Hunter of Belleville, and a brother, Percy Blatherwick of Bancroft.

The funeral will be held Thursday afternoon from the MacKenzie Funeral Home at Madoc with interment in Eldorado Cemetery.

HARRY EDGAR REDNER

The funeral of Harry Edgar Redner was held on Saturday morning from the funeral home of the John R. Bush Funeral Home, 80 Highland Avenue, conducted by Rev. Everett F. Smith.

Interment was in Belleville Cemetery.

Bearers were Donald Dempsey, Morley Woods, Clarence Vansickle, Ralph Redner, Rodsid Giles and Floyd Carter.

On Friday evening a Masonic service was held in the chapel by members of Lake Lodge, A.F. and A.M. No. 215. Those taking part were Wor. Bro. Hall, Donald Dempsey, Ray Ferguson, Al Marshall and Bruce Ferguson.

THOMAS BIRRELL
Madoc

Thomas Birrell, formerly of Glanmire, and well known among county lodge circles, died suddenly at his home in Madoc on Monday morning. He was in his 83rd year.

Born at Glanmire, he was the son of the late Mr. and Mrs. Thomas Birrell, and had farmed in the Glanmire area until three years ago when he moved to Madoc. He was a member of St. Margaret's Anglican Church at Glanmire.

He was a member of the Madoc Lodge, A.F. & A., No. 46, and also of the Madoc Chapter, No. 161, at Madoc. He was a past patron of the Order of the Eastern Star at Madoc and was a member of the White Shrine of Jerusalem, No. 11, at Belleville; King Edward Preceptory, No. 6, at Belleville; the I.O.O.F., No. 178, at Madoc; the Royal Black Preceptory at Eldorado and the L.O.L. at Millbridge.

Never married, he is survived by three sisters, Mrs. J. (Mary Jane) Moran at Bannockburn, Mrs. E. (Harriett Eleanor) McKinon of Windsor, and Mrs. F. (Christina Margaret) Gutformson of Richmond Hill. Two brothers, William James and David Melville, predeceased him.

The funeral will be held on Wednesday from the MacKenzie Funeral Home to St. John the Baptist Anglican Church for service. Interment Glanmire cemetery.

Obituaries

GEORGE BARNHARDT
Shannonville

The funeral of George Barnhardt of Shannonville was held on Thursday afternoon from All Saints' Church conducted by Canon J. V. Temple.

Interment was in All Saints' Cemetery.

Bearers were Mark Marocle, Con Marocle, Randall Brant, Bob Hill, Max Hill and John Barnhardt.

CLARENCE EARL OSBORN
(Lonsdale)

The funeral of Clarence Earl Osborn of Lonsdale was held on Saturday afternoon from the Grand Funeral Home to Melrose United Church, where service was conducted by Sidney Baiss.

Interment was in Melrose Cemetery, where prayers were said at the graveside by Mr. Baiss.

During the service Sherry Demille sang "Beyond the Sunset" accompanied by Mrs. Lorne Yeo.

Honorary bearers were John Milligan, Joseph Waish, E. Whalen, W. McLaren, E. Embury and Joseph Brennan.

Bearers were Brooks Allen, Gerald Wade, Jack Plews, John Walsh, Sherman Lazier and Raymond McAvoy.

EDWARD JAMES MERAW
Sudbury

In ill health for the past four years, Edward James Meraw, 64 Larch St., Sudbury, died at his home on Tuesday evening. He was in his 66th year.

Born at Tweed, he was the son of the late Mr. and Mrs. Trifley Meraw and received his education at Tweed and at Madoc High School.

A former employee of the Dominion Bank, he worked at Tweed and Madoc and at Sudbury but had lived in Sudbury for the past 21 years, where he was in the insurance field. He had managed a taxi firm.

He was a member of Christ, The Church Anglican, Sudbury.

Although living in Sudbury for many years he was well remembered in the Madoc district where he had been popular and well respected.

He is survived by his wife, the former Marguerite Feeney; two sisters, Mrs. R. (Carmel) Hutchinson of Tweed, Mrs. Marion Golan of Toronto. Four brothers predeceased him.

The funeral will be held on Tuesday from the MacKenzie Funeral Home, Madoc, to Sacred Heart of Mary Church for Mass at 10.00 a.m. Interment Sacred Heart of Mary cemetery.

MRS. ARNOLD VANCLIEF

Audrey June Vanclief, wife of Arnold Vanclief, R.R. 3, Actinolite, died at the Belleville General Hospital Friday. She was in her 45th year.

Born in Botwood, Newfoundland, she was the daughter of Mr. and Mrs. John Vincehan, who still reside in Newfoundland. She had lived in the Madoc-Tweed area since her marriage.

She leaves to mourn besides her parents and husband, one daughter, Barbara, at home, one son, Donald of Toronto, and Billy at home.

Also surviving are six brothers and four sisters: Clifford, Otto, Leonard, Reginald, Gilbert and Charles of Botwood, Newfoundland; Susan (Mrs. Charles LaBarge, Tweed, Ms. Earlett (Mrs. William Tull); Genevieve (Mrs. Otto Lee) and Geneua (Mrs. Stewart Robert) of Botwood, Newfoundland.

Her funeral was held on Monday from Tweed Pentecostal Church, with Rev. James Tubby officiating. Interment.

Bearers were: Frank Orr, Sam Price, Charles Marlin, Walter Vilard, Edward Ramsay and Edward Allore.

Interment was in Victoria cemetery, Tweed.

Youth Swept To Death Over Falls

NIAGARA FALLS, Ont. (AP) — A teenage youth thinks his wallet so spectators Saturday night, told them to take care of it, then waded into the Niagara River and was swept to his death over the 176-foot high Horseshoe Falls.

Police said the death was an apparent suicide.

They identified him as Larry Klein, 19, of Buffalo.

More than 9,000 persons were in the area and several hundred witnessed the incident.

Radiation Effects Kill Father of Nine

PROVIDENCE, R.I. (AP) — Robert Peabody, 38, of Charlestown, father of nine children, died Sunday night "right from the effects of radiation poisoning suffered in an industrial accident Friday night at the United Nuclear Corporation in Charlestown.

Dr. James L. Karas said the immediate cause of death was shock and low blood pressure, induced by the large dose of radiation.

Earlier Sunday, two other plant employees, Richard Hollhaus, 43, of Narragansett and Clifford Smith, 30, of Westerly, were admitted to hospital in what was termed a precautionary measure.

Hollhaus and Smith were among five employees who were admitted at Providence following "the flustering of a solution which produced a flash boiling" incident, Friday night.

Peabody, a technician, was the closest to the radiation burst and received the most radiation dosage. A company official said the radioactive material "remained within the 40-foot-square area of the plant."

Jean Casselman To Marry Broker

OTTAWA (CP) — Mrs. Jean Casselman, one of Canada's five women members of Parliament, will marry Robert Wilson Wadds, Toronto investment broker, on Saturday.

The Conservative member for Grenville-Dundas said only relatives and a few personal friends are to attend the wedding in the chapel of St. Andrew's College. Rev. Alfred Aurora, north of Toronto.

Mr. Wadds is a governor of the college.

The 44-year-old Toronto businessman is vice - president of McLeod, Young, Weir and Company, stockbrokers. He served as an RCAF pilot in the Second World War and received the King's commendation.

Mrs. Casselman, also 44, is the widow of former Conservative member A. Clair Casselman, who represented Grenville-Dundas for 23 years. He died in 1958. His wife has represented the riding since.

Mrs. Casselman has two children, Clair Casselman, 10, and Nancy, 15. She said she plans to remain in politics after her marriage.

Fulton Offers Parliamentary Reform Plan

GENEVA PARK, Ont. (CP)—E. Davie Fulton, leader of the Conservative party in British Columbia and former federal justice minister, today proposed a three-point reform program to help Parliament "get on with the business of the country."

He told the House of Commons must:

—Give its committees much more scope and authority to examine departmental spending proposal and to conduct non-partisan studies.

—Authorize "greatly increased" research and administrative help for members of Parliament.

—Accept both a permanent Speaker and formally applying rules and a system of time-allocation for debate on major legislation.

Mr. Fulton spoke to the 32rd Councbicking conference of the Canadian Institute of Public Affairs He said the duties of Parliament do not change, even with "a five-party situation in a system designed for two parties." Canadians have withheld a clear mandate for their government, but they still demand leadership.

SEES NO HARDSHIP

He believed his proposals still would leave time in the House for MPs to think, to demand, to inquire, to require explanation, to criticize, occasionally to withhold or delay consent until all aspects have been command, fedérce, or full information divulged."

Says Report Will Name Oswald Killer

DALLAS, Tex. (AP) — The Dallas Times Herald says that the report of the Warren Commission will state emphatically that the assassination in Dallas of president Kennedy was planned and executed by Lee Harvey Oswald alone.

The story, carried Saturday under a Washington dateline from the newspaper's Washington bureau, quoted an "authoritative source" and said the report would not be forthcoming before Sept. 1 at the earliest.

Leaves Scene Of Accident, Fined $100

Leaving the scene of an accident — Dennis Fenwick, $100 and costs in Belleville magistrate's court this morning.

Magistrate T. Y. Wills imposed the fine after Philip R. Smith pleaded guilty to the offence.

He was charged after his automobile struck a parked car on Pinnacle Street, June 30th.

TRAIN DELAYED

KINGSTON (CP) — A passenger train travelling from Toronto to Montreal was delayed about 20 minutes Sunday night when one of the diesel engines jumped the track as the train was pulling into the Kingston station. No one was injured in the accident involving the CNR-CPR pool train.

IN MEMORIAM

WRIGHT — In loving memory of a dear wife and mother, who passed away July 27th, 1961.
Sad is the day, most sad to me,
And lonely, lonely every hour,
In our lonely hours of thinking,
Thoughts of her are always near.
Days of sadness will come o'er us,
Friends may think the wound is healed,
But they little know the sorrow,
That lies within the heart concealed.
—Lovingly remembered by husband Will and daughters Ann and Laura.

RUSH — In ever loving memory of a dear brother, Louis Frederick, who passed away July 27th, 1962.
His charming ways and smiling face,
Are a pleasure to recall;
He had a kindly word for each,
And died beloved by all.
—Never forgotten by sister Jean, brother-in-law Norman.

RUMP — In loving memory of a dear husband and father Louis Frederick Rump who passed away one year ago July 27, 1963.
Time heals the sorrow, we feel not the pain,
But the heart of mind.
They are cherished in the memory of those they leave behind.
Resting now in all his worry,
Upright and just in all his days,
Always ready to help a friend in need.
Beautiful memories he left behind.
—Lovingly remembered by wife Gladys and family.

DEATHS

SILLS, Harry — At the Belleville General Hospital on Saturday, July 25th, 1964, Harry Sills, aged 74 years. Resident of Frankford, Ontario, in his 74th year.
The funeral will take place on Wednesday, July 29th, from his late residence, Frankford, to St. Paul's Anglican Church, Rollin for service at 2 p.m. Interment Bowert Smith officiating.
Arrangements under the direction of W. M. Bush Funeral Home, Frankford.
Interment, Thanksgiving Day Cemetery. 2y27-28

BIRRELL, Thomas — Suddenly on Monday morning, July 27th, 1964, at his residence, Madoc, Ontario, Thomas Birrell in his 83rd year. Dearly beloved brother of Mrs. (Mary Jane) Moran, Bannockburn, Mrs. E. (Harriett Eleanor) McKinon, Windsor, and Mrs. S. (Christina Margaret) Gutformson, Richmond Hill.
Resting at the MacKenzie Funeral Home, Madoc. Funeral on Wednesday, July 29th to St. John the Baptist Anglican Church for service at 2 p.m.
Interment, Glanmire Cemetery. 2y27-28

MERAW, Edward James — On Friday, July 24th, 1964, in his residence, 84 Larch Street, Sudbury, Ontario, Edward James Meraw, 64 years, dearly beloved husband of Marguerite Feeney, dear dad of Mrs. Trifley Meraw (Carmel) O'Riordan, Madoc, Ontario, Mrs. Marion Golan, Toronto.
Mr. Meraw is resting at the MacKenzie Funeral Home, Madoc. Funeral service will be held Tuesday, July 28th, at 2 p.m. Captain J. H. Thompson officiating.
Interment, Eldorado Cemetery.

BLATHERWICK, Clayton Lloyd — At Bannockburn, Belleville, on Saturday, July 25, 1964, Elsie M. Slimmers (former resident of Rockwood, Ont.), beloved mother of the late Mrs. Mary Schriver and the late James Slimmers, uncle of Mrs. Thelma Alexander, Mrs. E. Irene Harrington Place, and Mrs. Archie (Margaret) Wright.
Friends are invited to call at the Weaver Funeral Home, Trenton from Monday evening. Service will be held in the Funeral Home on Tuesday, July 28 at 1.30 p.m. Rev. George Wright of Smithfield officiating.
Interment in Mount Evergreen Cemetery.

FLEMING, Georgia Byrne — In hospital in London, Ontario, Sunday, July 26th, 1964, Georgia Byrne Corbet, beloved wife of Fred E. Fleming, dear sister of Dr. A. A. G. Corbet of Ottawa, and sister-in-law of the late Dr. and Mrs. G. G. Corbet of Belleville.
Resting at the George S. Logan Funeral Home.
Interment, London, Ontario. 2y27-28

Lost for Week Boy, 10, Found Safe but Hungry

YOSEMITE NATIONAL PARK, Calif. (AP)—A 10-year-old boy whose biggest worry was keeping his pants up was found Saturday by two rangers after being missing for a week in a lonely, remote area of Yosemite National Park.

The discovery came as a massive search was being disbanded and the rangers were returning to their camp.

John Ireland Jr., an unfrightened city boy from Los Angeles, walked in circles for seven days and lived off his own fat, doctors said. He lost so much weight he had to hold up his trousers with his hands.

The youngster was found only three miles from the campsite from which he had wandered July 18.

He walked three miles back to camp with the rangers and then was driven 35 miles to hospital, where doctors said he was in good condition.

John, his body covered with mosquito bites, was weighed Sunday. He had lost 15 pounds from his normal 103.

Lost Wallet Contained $189,514 Cash

LOS ANGELES (AP)—Multi-millionaire George H. Capron, the former baseball player turned real estate magnate, says he's had both hard times and good times. And Saturday as a perfect, if bizarre, example.

Capron told police he'd lost his wallet while on his way to nearby Huntington Beach "to buy a little piece of land."

Police helped Capron retrace his steps to the restroom of a service station in neighboring Seal Beach and sure enough, there was Capron's wallet.

In it was $189,514, in cash and cheques, including a cashier's cheque for $166,000.

Capron is the man whose wife got $16,000,000 of his estimated $30,000,000 estate in a divorce settlement last week, and as Capron put it:

"I don't even have a home to go to now."

The divorce settlement, believed to be one of the largest ever, gave Mrs. Edna Rose Capron, 74, their Newport Beach, Calif. home, a $180,000 apartment house and 60 acres of land in a valuable residential development near Laguna Beach.

Capron, will be 78 today.

OAS

(Continued From Page 1)

Falcon where most of oil-rich Venezuela's refineries are located.

The sanctions became official when ratifications of 20 nations, signed the final act of the ninth conference of foreign ministers of the Americas.

Bolivia announced immediately it would respect the majority decision and Uruguay is expected to follow suit. Chile may do so if a Social Christian government is chosen in the September presidential elections.

MEXICO OPPOSED

Mexico denounced the censure in the Castro regime in speeches to the conference.

Under the treaty of mutual assistance, the foreign ministers agreed that:

1. The governments of the American states should maintain diplomatic or consular relations with Cuba.

2. The American states should suspend all trade—direct or indirect—with Cuba, except in foodstuffs, medicines and medical equipment that may be sent to Cuba for humanitarian reasons.

3. The American republics should suspend all sea transportation between their countries and Cuba, except that needed for humanitarian reasons.

In addition, the foreign ministers issued a warning that if the Castro regime persists in carrying out acts of aggression and intervention against one or more American members, they act singly or as a group, use armed force against Cuba.

Actual implementation of the actions must be carried out by the individual governments and it remains to be seen how far each will go in punitive steps.

Coming Events

Court

(Continued From Page 1)

Port, Mass.

"It stinks," said Maurice Walsh, Hoffa's lawyer, when asked about the verdict. "It was a guessing game on the part of the jury."

The courtroom defeat may mean an end to Hoffa's reign as head of the Teamsters, the largest North American union with more than 1,500,000 members in the United States and Canada. Sources in Washington said his latest conviction could begin to speed up the alliance-making among other top Teamsters officials.

It was Hoffa's fifth federal prosecution since 1957—and his second conviction in six months. In February he was sentenced to eight years in prison and fined $10,000 at Chattanooga, Tenn., for attempting to bribe a jury. He has appealed that decision.

The case went to jury Friday after 13 weeks of testimony and sparring between prosecution and defence. During the trial, the jurors were kept under lock and key at the Great Lakes Naval Base 30 miles north of Chicago and permitted only one monitored telephone call a day.

The U.S. District Court jury returned separate findings on 147 charges—23 naming each defendant. They had deliberated 11½ hours.

Besides Hoffa and Drasow, the defendants are: Samuel Hyman, Calvin Kovens and Abe I. Weinblatt of Miami Beach; Zachary Strate Jr. of New Orleans and S. George Burris of New York, son of George, was freed on a directed verdict during the trial.

Police Patrols Sharply Cut in New York City

NEW YORK (AP)—Police patrols have been sharply reduced in Harlem and Brooklyn's Bedford Stuyvesant section as peace prevailed in the areas for a second night.

Negro leaders, saying the racial situation "may be entering a constructive phase, urged quick action to deal with the issues underlying Negro unrest—jobs, housing, schools and alleged police brutality.

Police patrolled Sunday in pairs, instead of in groups.

At various spots in Brooklyn Sunday night, three Molotov cocktails — kerosene filled bottles—were thrown, one into a real estate office doorway, another into the entrance of a tavern, while a third burned in the street. A man in the tavern was reported burned on the right arm and neck.

City Councilman Arthur J. Katzman said Sunday he will ask the council to seek Mayor Robert F. Wagner's support in creating a citizens committee to investigate the shooting of a Negro boy by a white police man. The boy's death sparked last week's riots.

Saturday afternoon, police arrested William Epton, 32, Harlem Negro and avowed Communist, when he appeared on a Harlem street to lead a protest march. Police Commissioner Michael J. Murphy had banned the demonstration.

Singapore Shakes Off Racial Tension

SINGAPORE (AP) — It was almost "business as usual" today as Singapore sought to shake off the tension built up during last week's bloody racial riots between Malays and Chinese.

The daytime curfew was shortened to 20½ hours, midnight to 2:30 p.m., but the ban on street movements still was in effect from 6 p.m. to 5:30 a.m.

Shops and offices reopened for the first full day of business since the flareup last Tuesday which left 21 dead and 460 injured.

Police reported no new incidents despite "pressure against lawless elements" is continuing. This referred to a drive against "secret societies," whose gangsters led some of the mobs. A police spokesman said the known secret society thugs have been arrested.

Police also began an investigation to determine what triggered the four days of terror which began with a fight during a Malay Moslem celebration. One version said five Malay policemen attacked a Chinese policeman. Another was that an unidentified person threw a bottle at a Moslem procession.

Teen-Agers Killed by Rockslide

LONGMIRE, Wash. (AP)—A survivor as "a cloud of rock" killed two teen-aged girls, one of them a bride of two months, on Mt. Rainier Sunday. Three youngsters were injured.

They were in a party of 19 on a mile hike from the Nisqually river bridge eight miles above the Longmire to Nisqually Glacier.

The dead were Elise Starr, 14, of Los Angeles, and Mrs. Janet Settles, 18, of Kent, Wash.

Elise was spending the summer here with her stepfather, Jess Levine, a Los Angeles schoolteacher and a seasonal naturalist at Mt. Rainier National Park. Levine was conducting another nature tour at the time of the slide.

One-Party Rule For Kenya Is Advocated

NAIROBI, Kenya (Reuters)—Prime Minister Jomo Kenyatta told a mass rally here Sunday from today we shall work to-ward a one-party government in Kenya."

The prime minister's statement was greeted with a roar of approval from the crowd, which he himself in his address estimated at 100,000.

A forest of arms shot up when Kenyatta asked the crowd "those who want a one-party system, indicate with a show of hands."

The opposition party in Kenya is the Kenya African Democratic Union (KADU) led by Ronald Ngala.

Kenyatta, leader of the Kenya African National Union (KANU), told the crowd there must be "no revenge" in connection with the recent incidents which he said was attacked outside his London hotel while attending the Commonwealth prime ministers' conference.

"I don't want anyone amongst you to listen to people who say we must beat up the whites in revenge," he said.

Kenyatta addressed the rally shortly after he returned here from the Commonwealth conference and the African summit conference in Cairo, Egypt.

Officials Fear Attack on North Viet Nam

SAIGON (Reuters) — United States officials here are becoming increasingly concerned that Premier Nguyen Khanh may attack Communist North Viet Nam without United States support or approval, usually reliable sources said Sunday.

U.S. military advisers in certain parts of South Viet Nam have been instructed to report movement of Maj.-Gen. Khanh's government forces, the sources added.

The report came a day after news from Washington that it was authoritatively stated President Johnson has decided to send between 5,000 and 6,000 more U.S. military personnel to South Viet Nam in a major drive to crush Communist Viet Cong guerrillas.

There now are some 16,000 U.S. servicemen here serving as military advisers to the Khanh regime, as training personnel for local forces and ranger-guerrilla units and as combat advisers in action against the Viet Cong in the field.

Fail to Save Girl's Foot

OTTAWA (CP) — Doctors at Ottawa General Hospital said today a unique operation had failed to save the left foot of a nine-year-old girl.

A team of surgeons performed the operation on Suzanne Martins of Bouchette, Que., in an attempt to save her left foot which had been severed about an inch above the ankle.

The operation was so-called because the new equipment developed by the National Research Council which staples together severed veins and arteries with metal clips. Doctors said then that there was only a 33-per-cent chance that the operation would be a success.

The girl's foot was severed by a hay mower at the Lafontaine farm at Bouchette about 70 miles north of the capital.

Funeral

EVERETT SAMUEL PORTER
Frankford

The funeral of Everett Samuel Porter of Frankford, was held on Saturday afternoon from the Rowe Funeral Home, Frankford, conducted by Rev. Charles Judd, assisted by Rev. T. R. Delaney.

Interment was in Thomasburg cemetery.

Bearers were: George, Stewart, Harold, Harry and Howard McDonald and Walter Stewart.

In failing health for some time Mr. Porter died in Kingston on Thursday. He was in his 82nd year.

Born in Hungerford township he was the son of the late Mr. and Mrs. Richard Porter. He had resided in Frankford for the past six years and previous to that in Belleville.

He was affiliated with the Presbyterian church.

Surviving are a daughter, Mrs. Lewis (Myrtle) Stewart of Frankford and 18 grandchildren. He was predeceased by his wife in 1963, the former Minnie Collins and was the last of his family.

Girl Still Semi-Conscious After Fall

A 16-year-old girl was still semi-conscious early today after a fall from a horse she was exercising Saturday at the fairgrounds.

Police say Gil Tripp, daughter of Mr. and Mrs. Beldon Tripp, 17 Pacey Street, may have lain unconscious for a half-hour before she was discovered.

The girl was exercising her horse on the grounds Saturday morning when the accident happened in front of the grandstand. It is believed she was thrown when the horse stumbled.

She was found after a boy, Wayne Edwards, noticed the riderless horse had been stationary at the spot for some time.

The girl was rushed to the Belleville General Hospital by ambulance shortly before noon where doctors said she had suffered a severe concussion. She was otherwise uninjured save for a small head laceration.

Driver of Car Charged Over Bus Accident

A Mayerthorpe, Alberta man, Earl Raymond Dougall, has been charged with careless driving by Ontario Provincial Police following an accident near here early Saturday morning involving Mr. Dougall's car and a Toronto bound Colonial Coach Lines bus.

Driver of the bus, 33-year-old Vincent Le Court of Scarborough and all seven passengers on the bus were taken to hospital. Mr. Le Court is reported in satisfactory condition.

The bus hit a tree beside the road and the front was badly damaged. The bus did not overturn.

Truck Driver Loses Control, Damage $3,000

A truck loaded with frozen dairy goods crashed off a Highway 401 detour at the Fewster-onto overpass today.

Police said the accident occurred when driver William Bodnar of Toronto, apparently lost control as the vehicle rounded a sharp curve in the detour—part of the overpass construction part.

Damage was estimated at $3,000.

55 Lose Lives In Accidents Over Weekend

By THE CANADIAN PRESS

At least 55 persons were killed in accidents in Canada during the weekend and Quebec and Ontario led the death toll with 15 fatalities each.

A survey by The Canadian Press from 6 p.m. Friday to midnight Sunday in local times showed traffic accidents accounted for 36 deaths. There were 13 drownings, two deaths in a fire and two deaths in other causes.

Eighteen of Quebec's fatalities were in traffic accidents, two were drownings and one man died when he fell down a flight of stairs. Ontario had 11 road deaths, eight in drowning accidents and two by fire.

Of Manitoba's seven dead six were killed in traffic mishaps and one person was drowned. Nova Scotia had four deaths, three in traffic and a girl who was killed when a load of logs on which she was riding rolled down an embankment. In British Columbia there were six drownings.

Newfoundland, Prince Edward Island, New Brunswick, Saskatchewan and Alberta reported no fatal accidents.

The survey does not include known suicides, slayings or natural or industrial deaths.

The Ontario dead:

SUNDAY

Doreen Alexander, 27, and Beverly McQuire, 28, both of Toronto, in a fire in their home.

David Hoag, 22, of Mitchell, when his bicycle was struck by a car at Monkton.

Maurice Roy, 40, and Yvette Theriault, both of Azilda near Sudbury, when their car left the road and overturned in a ditch 17 miles west of Sudbury.

Peter Cornelius, 5, Detroit, drowned in a creek on the Six Nations Indian Reserve.

Gerald Forrest, 36, Ottawa, drowned in a lake near Pembroke.

Cpl. Jane McConnell, 9, Windsor, drowned in Lake Erie at Point Pelee.

Yvonne Ziegler, 11, Kitchener, drowned in a pond at Ayr.

George Delahunt, 21, Toronto, drowned in a city swimming pool.

Paul Lorinatis, 7, Toronto, drowned in Georgian Bay at Wasaga Beach.

Trade

(Continued From Page 1)

the world and implement the sanctions even before the elections next Sept. 6. It is one of the most democratic nations in Latin America with a deeply rooted tradition for carrying out international obligations.

Bolivia said it would honor the majority decision and Uruguay has a strong record for international pacts and is expected to observe this one.

Will the sanctions be effective? Mexico, Chile and Argentina are not inclined to question this at the conference, but the majority obviously feels sanctions will work.

Actually, Latin American nations do little trading with Cuba but experts at the conference said that in addition to the psychological impact, the commercial ban would help stop the clandestine flow to Cuba of urgently needed machinery, equipment and spare parts made in the United States. Officials here suspect the amount of such goods being shipped through Latin America, while not extensive, has been important to Cuba's war effort.

In addition to the direct and indirect trade between Latin American countries and Cuba, there are ships registered in Latin American countries but owned outside these countries which have been used in the Cuban trade from Europe and elsewhere. Presumably, imposition of sanctions would cripple use of such foreign-flag vessels.

Raw fruit and vegetables, instead of meat and bones that satisfy most dogs, comprise the diet craved by a 17-year-old mongrel dog owned by a Trenton piano tuner. Mickey's keeper feeds it several pounds of carrots a week besides other vegetables.

Canine Popeye Vegetarian Dog Is Now 119 Using Relativity Yardstick

Plan Tourney

TRENTON — Arrangements have been completed for the annual open golf tournament being played over the RCAF Station, Trenton course Sunday, August 16.

Tourney organizer F/L Art Skidmore assures keen competition for all entrants and handsome prizes for the winners.

TRENTON — Mickey, a female dog belonging to piano tuner Bill Bird of Murphy Street, was 17 years old on Friday.

Mr. Bird's pet is different from most canines because it is a confirmed vegetarian and has been one for years. Its daily diet consists of raw carrots, preferably, but it also relishes onions, potatoes, cabbage and beets in their natural state. The only thing it won't eat in the fruit line is bananas. Mickey provided a demonstration by chewing up a big leaf of raw cabbage, to prove it had no dental disorder.

One year in a dog's life equals seven in a man's according to veterinarians. This makes Mickey 119 and still enjoying apparent good health and regular meatless meals.

Fire Destroys Baby's Layette In Empty Home

TRENTON — Misfortune dealt the Roy Nichol family of 145 Bay Street a damaging blow early today.

Fire, reported to the Trenton fire department at 7.50 a.m., gutted the small bungalow they rented, destroying most of their furnishings and personal effects. The family is carried no insurance to cover the loss. None of them was at home at the time.

Mrs. Nichol is in the Trenton Memorial Hospital. She gave birth to a baby boy on Friday night.

Her husband left the house for work after 7.00 a.m., this morning. His brother, staying with him during the weekend, left earlier for his job.

The Nichols' daughter, nearing two-years-old, is being kept by a relative until her mother returns.

Mr. Nichol, stated that his wife had given him a son, went out Saturday and spent $75 on baby apparel. Today the father recovered the clothing intended for the little tot, soggy and charred.

Mr. Nichol is employed by an industrial firm in Belleville. He expects to start work at the Morton Parker plant in two weeks.

Roy Nichol recovered fire-damaged layette that he bought for his first son born Friday. Other furnishings and personal effects were lost in home gutted by flames this morning.

COMMENCING MONDAY JULY 27, 1964

TREASURER'S SALE OF LAND FOR TAXES

CITY OF BELLEVILLE
COUNTY OF HASTINGS

TO WIT:

By virtue of a warrant issued by the Mayor of the Corporation of the City of Belleville under his hand and the seal of the said Corporation bearing the date of the fourth day of May, 1964, the sale of lands in arrears for taxes in the City of Belleville will be held in the Council Chamber, City Hall, Belleville, Ontario, at the hour of 10:00 o'clock in the forenoon on Wednesday, the 2nd day of September, 1964, unless the taxes are sooner paid.

Notice is hereby further given that the said sale, if necessary, shall be held on Friday, the fifth day of September, 1964, whereat the Corporation of the City of Belleville shall purchase any and all parcels of land if the price offered is less than the arrears of taxes and costs accrued.

Notice is hereby given that the lists of lands for sale for arrears of taxes was published in the Ontario Gazette on the first day of July, 1964 and that copies of the said list may be obtained at my office.

Office of the City Treasurer,
City Hall, Belleville,
June 18, 1964.

Cyril J. Bender,
Treasurer.

Facing the Colossus

Thirty years ago, the British aircraft industry was the best in the world. If it had not been, Canada would not now be debating the adoption of a new flag. We should have to keep our old one, complete with swastikas.

At the start of the Second Great War the German aircraft industry was capable of turning out more planes than the British, and by the end of the war the U.S. had not only surpassed the Germans' peak output, but was also matching Britain's factories in the quality of the product.

But in the early forties the Spitfire was the best plane in the skies, despite the genius of Willie Messerschmitt.

Now the British aircraft industry is facing oblivion.

This is a new dilemma for the British. Strangely enough, it is an old story for Canadians, and this is true even if we disregard our experience with the Avro Arrow, which may, or may not, have been as exceptional a plane as its designers maintained.

The basic problem facing the British aircraft industry is precisely the same as that which has confronted many Canadian industries in the past.

How does one compete, in quality of products and especially in price, with American industries which enjoy much larger markets?

The effect of larger markets on prices is obvious. Its influence on quality is not so direct. A large, and assured, market, however, makes more extensive research feasible.

The British aircraft industry has been battling valiantly to retain a share of the world market for jet passenger planes, a field in which, at one time, it appeared to have got the jump on its American competitors. That lead, if it ever existed in more than dreams, has long since vanished. What may be the final blow is the reluctance of the British Overseas Airways Corporation to accept delivery of its full order of thirty Super VC-10s, which feature short-takeoff and landing capabilities. The Super VC-10s are more expensive to operate than the U.S. Boeing 707s.

The unpleasant truth almost certainly is that any British passenger plane will have to be superior to its U.S. counterpart if it is to capture a worthwhile share of the world market. If the Americans can build a better plane, their victory will be almost automatic.

Under circumstances like these, only national pride will result in any aircraft industry surviving U.S. competition. The British have some pride—enough to pressure BOAC into ordering aircraft with high operational costs, but not enough to hold the firm to its original bargain. An arrangement reducing the size of the order has been reached which the Conservative Daily Mail describes as "one of those magnificent British compromises that manage to make everybody miserable."

So long as General Charles de Gaulle dreams of restoring France to her past glories, the French aircraft industry may be kept in the race, at a cost of heavy government subsidies.

Eventually, though, the only thing that appears to lie between the U.S. aircraft dynamo and complete world domination is the political division of the world. Russia will certainly continue to build planes as long as this division exists, and since there is some rapprochement between her and China the entry of the latter country into the field of aircraft production would appear probable. But it is unlikely that either or both of these communist lands will be able to compete with the U.S. in the markets of the free world.

Harlem Negro Tragedy

There is tragedy in Harlem these days, the shooting death of a 15-year-old Negro youth, the subsequent rioting, and the deaths and injuries that have resulted. In Rochester four have died.

There is also tragedy of another sort. The cause of the American Negro is suffering harm, perhaps irreparable harm.

Those whites who for so long have used the excuse "they are animalistic" are getting a fresh opportunity to point their finger of racial prejudice and say once again, "See I told you they were animals. How can you treat these things like normal human equals?"

Rev. Martin Luther King declared long ago that the only way his fellow Negroes would attain their goals would be through peaceful means and the complete rejection of violence.

It is tragic, indeed, that the work of this leader and his organization will be so damaged by the violence of Harlem and Rochester.

From the French-Canadian Viewpoint

LA PRESSE

Sherbrooke Le Tribune:

Mr. Diefenbaker declared earlier for a conference that would seek means of safeguarding Confederation. Such a conference, by the three parties together representatives of the federal and provincial governments and all the political parties of Canada.

The idea of a constitutional conference is not new. It does not belong to Mr. Diefenbaker alone. He has only taken it over and proposed it at a time he deemed right.

What astonishes us in all this is not that a conference should be proposed, but that this proposal should be made by Mr. Diefenbaker. There's no doubt that the Conservative leader has always shown a profound attachment for Confederation and it has even made himself the advocate of a return to our points of origin with constant references to Sir John A. Macdonald and the men who formed the first government of Confederation in 1867.

But Mr. Diefenbaker's declarations have not convinced all Canadians and there are many who would prefer to know what Mr. Diefenbaker did to safeguard Confederation when he was prime minister and what he does now, as opposition leader, to achieve the aims which politicians who goes all out to stop the adoption of an authentic Canadian flag can only now doubts in the minds of citizens about the kind of Confederation he wants to protect. (July 14)

LE SOLEIL

Quebec Le Soleil—Because of failure to reach an understanding on the price of electricity, the negotiations which have been going on for some time between the province of Quebec and the British Newfoundland Corporation have been interrupted.

The breakdown will lead Britain and the Newfoundland government to study the possibility of transmitting the power that could be developed at Hamilton Falls in Labrador to the United States without going by way of Quebec. Already there has been mention of a submarine cable to carry the electricity to the Maritime Provinces and from there to New York, where there is urgent need for additional power.

Quebec held this kind of transmission some years ago when a short-cut was sought for the transportation into the Gaspe peninsula of electricity generated in the Baramine region. It didn't give the results hoped for because of frequent breaks in the submarine cable battered by the ebb and flow of the ocean currents. Since then, authorities have refused to promise the mission line from Levis in the direction of Rimouski.

If it is the projected Hamilton line to the Maritimes would encounter the same difficulties. Prince would be forced to renew its talks with Quebec. That is why it is permissible to predict that the negotiations will one day be resumed. In any case, the Quebec government has left the door open for any such renewal of the discussions. (July 13)

Strictly Personal
Men Seldom Know What They Wear

By SYDNEY J. HARRIS

I have no objection to the ... l stunt of the Custom Tailors Guild in selecting the "ten best dressed men in the country," or in any country.

I think it is suggestive that no person of any outstanding consequence is included on such lists.

There is usually sports figure, a dancing instructor, a band leader, a song writer, a politician, and, for social cachet, a stock broker. I don't know ... d or deplored by the Custom Tailors, but it seems to me that men of genuine distinction rarely care, or even know, what they are wearing most of the time.

Lincoln once walked into a Washington store, asking for socks. The clerk said, "What color?" Lincoln didn't know. Finally, the storekeeper dug and pulled up the cuffs of his trousers, saying, "I guess this color will be good enough for me." Then the clerk looked for the sock and saw one bare skin.

Mark Twain often used to go visiting without a collar or tie. When his wife objected strenuously to this habit, and, meeting him one day returning home from a walk, saw him without a collar or tie, scolded him.

When Twain reached home, he wrote a letter to Ailar and tie and sent them to his neighbor's house with a note "A little boy called to borrow a collar, cut my collar and tie for about a half - hour. The missing article will be returned by the bearer of this gaze at them for 30 minutes and then return them to me!"

Mrs. Ring Lardner, notorious for his disputable attire, and who was frequently cited as the "one man slum." George Jean Nathan once remarked that Bruce Hooks had an unusual necktie during the first World War, Broun and some other war correspondents were entertained by Gen. Pershing in Paris. Perishing took one look at the corpulent Lardner and immediately inquired, "Have you fallen down, Mr. Broun?"

G. G. Walker had trouble fitting hats to his rather large head esssentially - shaped head. Once he put on a hat by mistake which fitted him so nicely that he walked out with it, and then penned this note to the owner. E. S. Pack of Cambridge: "Dear Mr. Walker, enclosed W. ... "I like your hat; I shall keep your hat. Whenever I look at your hat I shall think of you and of your excellent sherry and of the town of Cambridge. I take off your hat to you!"

Today in History

By THE CANADIAN PRESS

July 27, 1964 . . .

Europe and North America were joined beneath the sea by a series of wire threads with the completion of the transatlantic cable 96 years ago today—in 1866. The 2,134-mile cable was anchored at Heart's Content, Nfld., and led the way to other similar projects all over the world. The cable began at Valentia, Ireland, and was carried to North America by the side-wheel steamer Great Eastern. The attempt at cable-laying the Atlantic in 1858 had failed.

Society Bred Harlem's Evil

Montreal Gazette

The explosion of violence in Harlem was not caused, except in the most superficial sense, by the police killing of a 15 year old Negro boy. This was merely the gasoline that touched off the fire. It is because Harlem is intensely combustible that the spark was able to start such a raging fire of anger.

It has been clear for some time that the youth of Harlem have reached a point of despair and angry hopelessness that makes them capable of any violence. This has been amply shown, for example, in the subway incidents that have received so much publicity.

It is common to point the finger at blame. Is these Negro youths to judge them by the usual standards of law and order, to stigmatize them as criminals. This is not a fruitful or adequate approach to the problem. It ignores the extent to which their despair and hopelessness is born a social and economic basis.

Harlem is a racial ghetto. Society has pushed its inhabitants with the brand of inferiority. Its educational facilities are inferior, giving its youth a severe handicap in this age when automation is making education essential for employment. Its Negro people are severely discriminated against in employment — with the result of labor unions as well as of management. Unemployment is high, especially among young people.

Harlem breeds despair. It has done so over the years — there have been large - scale riots there before. It does little good to tell the Negro that he should show more individual initiative, or should have more patience. Initiative and patient long in face of racial barriers to employment. And for how many generations people supposed to be patient?

This violence in Harlem has raised the question of what we, will of course, want your local physician to keep an eye on the case, between visits.

I can't be very specific about a permanent cure, because that depends so much on the underlying cause — if known. Some cases must be accepted as a condition to be kept under control rather than to be cured.

Dear Dr. Molner: I have had a severe case of shingles for five months and have taken many shots and capsules, but nothing does any good. The lesions have somewhat healed but they remain sore and tender. Perhaps you could tell me something to do. I am 59 years of age and work three days a week in an office. — Mrs. R. M.

My first suggestion I can make is that you send for a copy of my booklet on the subject, "The Facts About Shingles." To receive a copy, enclose 15 cents in coin and a long self-addressed envelope to Dr. Molner in care of the Chicago Sun-Times Syndicate, P.O. Box 136, Dundee, Ill. There is no quick cure for shingles. The goal is to make you feel comfortable as possible until the shingles subside, as will happen. The pain can linger for months after the blebs have disappeared.

• • •

Dear Dr. Molner: I had a Caesarean with my first child. Is it possible for me to have other children normally? — B. A.

Perhaps, perhaps not. Your obstetrician is the only one who can predict this for you, and maybe he can't. If your bone structure is of a certain type, you can expect all future births to be Caesareans, too. But, if some unusual but temporary condition was the reason for the first Caesarean, then subsequent deliveries may be normal.

To Your Good Health
Polycythemia — The Cause And Cure of This Disease

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Our son has polycythemia, which the doctor relieves by occasional blood-letting. What causes the disease and what can be done for permanent cure? — A. D.

Polycythemia is indicated an unusually high red blood count — more red cells than the blood needs for should have.

Causes vary quite considerably — and there is also polycythemia vera, of which the cause is unknown.

The more frequently known causes are:

Congenital heart defects. This is most likely cause in young people; as a rule, polycythemia is rare under the age of 30, and is more usually seen after 50. It predominates in men two to one.

Lung disorders, such as emphysema, or excessive carrying (illness).

Extreme obesity. Weight reduction decreases the excessively high blood count.

Cysts of the kidney. High altitudes.

Blood-letting and a consequent thinning of the blood continue to be the treatment of choice for polycythemia. Occasionally this alone is sufficient to hold the condition in abeyance.

Currently, it is quite common to use radioactive phosphorous and X-ray treatment of the long bones of the body, along with periodic blood-letting. These treatments are designed to suppress the formation of red blood cells in the bone marrow.

This combination of treatments affords longer remissions (periods when blood count remains reasonably normal) and is more comfortable life for the patient. These techniques are not exactly simple, of course, and hence are not available in every community, particularly small-er ones.

However, we have about 90 medical schools in the U.S. and a considerable number of medical centres, and usually by traveling a moderate distance you can reach such a place. A periodic trip for such treatment may be well worth the effort. You would, of course, want your local physician to keep an eye on the case, between visits.

I can't be very specific about a permanent cure, because that depends so much on the underlying cause — if known. Some cases must be accepted as a condition to be kept under control rather than to be cured.

Dear Dr. Molner: I have had a severe case of shingles for five months and have taken many shots and capsules, but nothing does any good. The lesions have somewhat healed but they remain sore and tender. Perhaps you could tell me something to do. I am 59 years of age and work three days a week in an office. — Mrs. R. M.

Dear Dr. Molner: I had a Caesarean with my first child. Is it possible for me to have other children normally? — B. A.

Perhaps, perhaps not. Your obstetrician is the only one who can predict this for you, and maybe he can't. If your bone structure is of a certain type, you can expect all future births

May Meter Driving

Milwaukee Journal

Crowded England may meter driving in its busy cities in much the way that parking is metered. The purpose is to discourage travel in central city areas, permit essential traffic to move swiftly and comfortably, and charge drivers directly for the use they make of congested streets.

In a report just submitted to the ministry of transport, 11 eminent British engineers and economists suggest that motorists be required to buy meters with a preset number of units. Cities would be divided into congestion zones — purple for most congested, green for moderately congested, pink for less congested, etc. Cars with colored lights would alert a motorist passing from one zone to another, and he would have to switch his meter so that its light corresponded to the color of the zone.

An expired meter would have to be replaced when a flag popped up. A motorist trying to cheat by not turning his meter on would be given away by a flashing signal.

Rates would be high in rush times, with a suggested peak in London of 10 shillings — $1.40 — an hour. But the panel estimates that Central London could earn $72 million a year in reduced police costs alone. Bigger savings would be realized from stepped up traffic flow, reduced fuel cost, less waste time for those who must travel in their work and greater productivity for buses and commercial vehicles.

England's urban centres, with their narrow, twisting streets, would prove an excellent testing ground for any such meter system.

Boy Could Solve This

Chicago Sun-Times

There seems to be no end to the wonders performed by scientists in discovering a synthetic to replace the real thing. Given a cause, economic or esthetic, a scientist can usually come up with a substitute that outdoes the original.

The latest move on this direction is the invention of "synthetic dirt." The project is worthy. A study in progress is said to find out what dirt sticks to walls and ceilings. Some researchers have created a synthetic dirt out of powdered skim milk, tobacco smoke, rubber and other materials.

Perhaps it will be so good and so sticky as real dirt. But we hazard the guess that the scientists suffer from the classic case of being too close to the forest to see the trees. If they had only trapped a small boy or perhaps a pretty schoolgirl on play they could have had at their disposal a quantity of fair dirtier than any synthetic and one possessing a power not found in ordinary dirt, that of instant transference to every object within 10 feet.

Harlem Negro Tragedy

There is tragedy in Harlem these days, the shooting death of a 15-year-old Negro youth, the subsequent rioting, and the deaths and injuries that have resulted. In Rochester four have died.

There is also tragedy of another sort. The cause of the American Negro is suffering harm, perhaps irreparable harm.

Those whites who for so long have used the excuse "they are animalistic" are getting a fresh opportunity to point their finger of racial prejudice and say once again, "See I told you they were animals. How can you treat these things like normal human equals?"

Rev. Martin Luther King declared long ago that the only way his fellow Negroes would attain their goals would be through peaceful means and the complete rejection of violence.

It is tragic, indeed, that the work of this leader and his organization will be so damaged by the violence of Harlem and Rochester.

OFF THE RECORD — By Ed Reed

"Sit down while I get you a glass of water and a crust of bread, and I'll tell you about our terrific vacation."

LOOKING BACKWARDS

GLEANINGS FROM OUR FYLES OF BYGONE YEARS

20 YEARS AGO

July 27th, 1944.

Mr. and Mrs. Wm. Doyle and family are occupying a cottage at Presqu'Ile Point for the month of July.

Mr. and Mrs. Clifford Yerrow of Toronto were in town to attend the wedding of his brother and spent the holiday with his parents, Mr. and Mrs. Thos. Yerrow, Bleecker Ave.

Miss Dorothea Hetherington of William St. left today for Colborne to spend a week with her sister.

Miss Meta Hart of Peterborough, was a weekend guest of her parents, Mr. and Mrs. F. J. Hart, George St.

Mrs. Knox David returned on Saturday to her home in Lethbridge, where she spent the past month with her brother, F. E. MacGregor and Mrs. MacGregor.

Cpl. Jennie Cathcart, C.W.A.C., Kingston spent the past week at her home on Coleman St.

Squadron Leader Angus McFee of Montreal, was visiting in the city on Sunday last.

Major Ron Keel, stationed at Camp Borden spent the past weekend at his home in town.

Miss Anne Lafferty of the City Hall staff, is holidaying in Detroit and other United States points.

Miss Shirley Mott of Forth St. is spending a two weeks' vacation in Prescott.

Miss Barbara Fluxey, surgical-training at Toronto General Hospital, Kingston, is spending a three weeks' vacation with her parents, Mr. and Mrs. T. J. Fluxey, Pine St.

30 YEARS AGO

July 27th, 1934.

Mr. and Mrs. Paul C. Courneyea of Ottawa, celebrated their 60th wedding anniversary on July 7th. They were married at St. Ignace, Quebec in 1874 and shortly after, they moved to their present home at Consecon. Many guests were present to honor the aged and highly respected couple. Seven of ten children are still living, also 24 grandchildren and 18 great grandchildren. During the evening Mr. Charles LaBarge presented Mr. and Mrs. Courneyea with a purse containing a substantial sum of money on behalf of the family and friends.

Miss Dorothy Warren, Miss Hazel Halpin and Miss Margaret Hunter are spending two weeks camping at Oak Lake.

Mr. and Mrs. T. Donohue of Walkerton, are the guests of Mr. and Mrs. J. J. Murphy, Harriet St.

40 YEARS AGO

July 27th, 1924.

Mr. and Mrs. Howard J. Clifford of Flint, Mich., are visiting the latter's sister, Mrs. Wardle and Mr. Wardle, Murney St.

Mr. and Mrs. Henley of Oshawa, are guests at the summer cottage of Mr. W. B. Deacon, Presqu'Ile.

Mr. and Mrs. Robert Wallace, John St., have returned home after visiting their sons in Oshawa.

Mrs. George Mimms of Toronto, formerly of Belleville, is visiting friends here.

Mr. Robert Cranston of Stirling, was in town today.

Mrs. King Wilson and son, Billy, Pine St., are guests at the home of Mr. Thomas Rutherford in Camptonford.

50 YEARS AGO

July 27th, 1914.

Mr. J. S. McKeown is spending a vacation at the Corby Camp at Weisenmoss Lake.

Mr. Terry Fraser has arrived home from Toronto.

Mr. Charles Walters is spending a few days at Fenelon Falls.

Mr. Donald Goudy of the Toronto Typewriter is visiting relatives here.

Mrs. L. W. Bulley and family have returned to their home after spending a vacation at Eagle Lake.

Mr. and Mrs. Charles Blaylock with their son and daughter left today on a motor trip to Niagara Falls.

Mr. and Mrs. Edward Naylor are visiting friends in Syracuse, N.Y.

Mr. and Mrs. Ed. W. Reid of Toronto, are visiting friends here.

Mr. W. O. Tower, M.E., has returned to Toronto, after visiting his parents here.

Always in Demand

Saskatoon Star-Phoenix

The fact that Ontario industry is going far afield to get needed skilled workers also suggests that supplementary to our educational system there should be an increasing endeavor to persuade young Canadians that skilled craftsmen are always in demand. Technical training takes on an even greater importance in plans for the future Canada.

TORONTO LIVESTOCK

TORONTO (CP) — Prices for slaughter cattle were steady on a fair demand at the Ontario public stockyards today.

Veal calf prices were steady. Hog prices were higher and lamb and lamb prices were steady.

Slaughter cattle 1,291; Choice steers 24-26.50 with a few fancy dry-fed steers up to 25.50; good 22.50-23.50; medium 20-22; common 18-20; choice heifers 21.50-22.50; good 20-21; medium 18-19.50; common 15-17; choice fed yearlings 22-24; good 20-22; good cows 15.50-16; medium 14-15; canners and cutters 10-13.50; good heavy bologna bulls 18-19; common and medium 15-17.50.

Replacement cattle 500: Good light stockers 22-24; medium and common 16-21.

Calves 425: Choice vealers 27-28 with sales to 30.50; good 24-26; medium 21-23; common 19-21; boners 13-18.

Hogs 646: Grade A at Toronto 28.50-28.35 currently selling at 28.35.

Sheep and lambs 376: Good lambs 26-26.50 per hundredweight; common and medium 23-25; sheep 2-12.

PRODUCE MARKET

TORONTO (CP) — Churning cream and butter print prices were unchanged today.

Butter prices: Agricultural Stabilization Board tenderable carlots: buying 40 score .33; buying 39 score 32; selling 33.

DOLLAR RATE

MONTREAL (CP) — The United States dollar in terms of Canadian funds was unchanged at 91.08 1-16.

Pound sterling was unchanged at $3.01¾.

Toronto Stocks

TORONTO (CP)—Prices were mostly easier and trading moderate on the stock market today.

Windfall slipped 30 cents to 4.20 and traded in a $4.05-4.50-range while Reglan eased 21 cents to $2.60 and traded in a $2.45-$2.94 range. Gulf and National Exploration dipped five cents each to 70 and 45 cents respectively. Meanwhile other speculative mining issues were higher. Tribag tacked on seven cents to $1.57 and Cheskirk two cents to 17 cents on turnover of more than 275,000 shares.

Industrials took a modest index loss. Aluminum and CPR eased ¼ each to 32 and 46¼. Consolidated Paper was down the same amount to 43. Losses of ¼ went to Distillers Seagram at 64¼, Bell Telephone at 57 and Imperial Bank of Commerce at 66¾.

Dominion Textile countered the trend with a ¼ advance to 29¾. Crush International gained ¼ to 12.

Cominco lost ¼ to 38¼ as base metals moved quietly to the downside.

In western oils, Home A and Canadian Superior were ¼ lower at 18¾ and 20¾ respectively.

On index, industrials were off .19 to 160.34, golds .31 to 134.33, base metals .13 to 65.63, western oils .26 to 97.70 and the Exchange index .18 to 149.48. Volume at 11 a.m. was 1,872,000 shares compared with 2,180,000 shares traded at the same time Friday.

Three Dead Found Locked In Closet

LIVONIA, Mich. (AP)—Three chiropractors — two elderly women and their brother—were found dead in a locked closet of their home Sunday.

Police said the three apparently had died of suffocation. victims of a robber who locked them in the closet while ransacking the house. They had been dead about four days.

The three were identified as Lenore P- -n, 68, and her sister, Mrs. Hilda Whitwright, 81, and their brother, William Parsons, 65. They used the house as a chiropractic clinic.

Soldiers

(Continued From Page 1)

The Rochester jail was jammed, and a clerk said the property room was filled with "everything you can think of" in recovered loot.

A dawn-to-dusk curfew was imposed, although there was widespread defiance in the Negro sections. The sale of all liquor, guns and ammunition was halted indefinitely.

REACHES PEAK SATURDAY

The peak of the rioting occurred Saturday night in the Jefferson Avenue area on the city's west side, a welk-kept section populated by the city's more prosperous Negroes. The area is across town from Joseph Avenue, where the racial violence broke out late Friday night when police sought to arrest a drunken youth at a street dance.

Police brought in dogs and there were conflicting reports as to how they were used. A Negro woman said a dog had bitten a 13-year-old girl, but police denied this.

The racial outburst was seen by civil rights leaders as the inevitable result of long-smouldering conflicts. Negroes charged the police with persistent brutality, the same allegation made in the New York City racial outbreaks.

Efforts by some white persons in Rochester to hold school integration plans also were blamed. Because of housing patterns, enrolments in some schools are predominantly Negro.

Tensions between Negroes and white police intensified throughout the rioting. Many policemen complained that more forceful steps, such as gunfire aimed at rioters, had not been taken.

URGES CALMNESS

Local officials of the National Association for the Advancement of Colored People called for an end "to looting and rioting."

But they said police had to share the responsibility because of their tactics. The Negro leaders also insisted that any long-range plan for racial peace must provide jobs for more newcomers and more recreation facilities for Negro youths.

Mayor Frank T. Lee, a medium and common 16-21.

Calves 425: Choice vealers 27-28 with sales to 30.50; good 24-26; medium 21-23; common 19-21; boners 13-18.

Hogs 646: Grade A at Toronto 28.50-28.35 currently selling at 28.35.

Sheep and lambs 376: Good lambs 26-26.50 per hundredweight; common and medium 23-25; sheep 2-12.

After the guardsmen returned to their armory, police were targets of Molotov cocktails—bottles turned into bombs by filling them with gasoline. They were thrown from windows of the eight-storey Hanover houses, a low-rent housing project.

The police fired warning shots. Fire trucks rolled up and streams of water played on the crowds from which the bombs had been thrown.

TYPHOID HITS BOYS

DUNDEE, Scotland (AP) — Two boys, aged eight and 12, were taken to hospital with typhoid in this northeast Scottish port city Sunday. Dundee's deputy health officer, Dr. Walter Fee, told reporters there were no fears of an epidemic such as that which hit Aberdeen, 60 miles away, in the early summer. He said the two boys came from different parts of Dundee and did not know each other. Neither was seriously ill.

JAMAICAN VISITOR — Conducting Officer Captain Egbert Nathaniel Schloss, in charge of Jamaican cadets now training with Canadian Army Cadets at Camp Picton, is seen above signing guest book in mayor's office at City Hall Saturday morning. Cadet at left and His Worship Mayor Jack R. Ellis look on.

Viet Nam

(Continued From Page 1)

been publishing handbooks on this kind of war for two generations and the war in South Viet Nam is going "by the book."

The lowest ranking commissar in the Viet Cong fighting machine knows many of these texts by heart. Thousands of battlefield manuals have been captured from dead guerrillas.

Who wrote the book and what does it say?

Manuals on Communist military know-how began to take form a half century ago under Lenin's signature. As "socialist revolution" moved into the Far East, a new name emerged—Mao Tse-tung. The mastermind of China's Communist movement refined Lenin's tactics to fit new problems.

The success of Mao's methods detailed in his military writings, bore fruit in 1948-49 when his army swept over China. In 1954 a Vietnamese army of poorly equipped farmers under the leadership of Ho Chi Minh overwhelmed the modern French Army. This victory was a violation of classic rules of warfare.

Ho's top military deputy, Gen. Ve Nguyen Giap, wrote the book, both literally and figuratively, on the current war.

Giap commanded the Communist army at Dien Bien Phu, and became defence minister in Ho's North Viet Nam government.

More than any other man, Giap is the military brains behind the Viet Cong in the south.

Giap's how-to-do-it book on Communist insurgency published in 1961 by the Hanoi government, is called People's War, People's Army. The Vietnamese Communists believe they have developed techniques that go far beyond the early teachings of Lenin and Mao Tse-tung. In fact, People's Army is offered not only as a guide to the Viet Cong but for use by Communist revolutionaries throughout the underdeveloped parts of the world.

RECOVER PROPELLER

OTTAWA (CP) — Sain divers recovered a 600-pound tiller and a 300-pound propeller Sunday from the wreck of the Maggie Bell, a steamship which sank in the Ottawa River at the foot of Parliament Hill 82 years ago.

Mr. Burr is active in the Junior Chamber of Commerce and Past President.

Wants Govt. Representatives On City Council at Ottawa

OTTAWA (CP) — Privy Council President Mcllraith has proposed a new form of local government for Ottawa, with the federal and Quebec governments each appointing one or more representatives to the city council.

In an interview with The Citizen, the federal cabinet minister said he personally feels it is both "desirable and urgent" that the two senior governments have a voice in the administration of the nation's capital.

Mr. McIlraith, MP for Ottawa West since 1940, said aldermen elected by Ottawa ratepayers would be in the majority under his proposal, but would be elected at large instead of representing a single ward.

"I think it is an anachronism that about 30 per cent of the council should now be chosen on a ward basis in a national capital," the veteran lawyer-politician said.

The federal government, with its multitude of buildings in Ottawa, was the city's largest taxpayer. The Ontario government spent heavily on roads and schools and also had a big stake in the national capital.

Nineteen Die As Bus Plunges Off Bridge

EPINAL, France (Reuters)— A bus carrying a French folk singing group today plunged through the parapet of a bridge over a railway and landed on the tracks, killing 19 persons and injuring eight, police said. The bus was carrying the folk singers to their home in Perpignan, in southern France.

Successful Living

Widow Advised to Go To Ball and Have Fun

DEAR DORIS — I am a widow 58, now keeping company with a widower. He is a wonderful man, prominent in public life, active in church, work. He has asked me to attend a formal ball.

I would like to know what to wear and I have told him "No." He is insisting that I go with him and I don't know what I should do. — IN DOUBT.

• • •

DEAR IN DOUBT. Would you like him to take someone else? Change your mind and go. Find or have made a formal gown which suits your figure. Wear long gloves and high heels.

If your dancing is a bit rusty, practice a step or two with him in your own living room ahead of time.

DORIS CLARK

At the ball, forget your bashfulness in drawing out other timid souls — when you aren't tripping the light fantastic. Have a ball!

• • •

DEAR DORIS — Does this, being leap year, give a girl the right or privilege to ask a boy to a party if she has never gone on a real date with him?

I have known this boy for one college year. During this year, he has always been friendly, and has taken me home from two parties, and one dance.

I have noticed that he is not going with any girl and does not really go out much. I would like to ask him to this party, but I wonder if I should? Would it seem like I am chasing him? Or do you suppose he needs this little push? We get along fine when we are together, and I must say I am very interested. — SHOULD I, OR SHOULDN'T I?

• • •

DEAR SHOULD I — Sure you should. Regardless of what year it is.

• • •

DEAR DORIS — There are two girls that I like very much and both of them like me. Sue writes notes to me and she makes me say that I don't like Gail, but I do. Then she shows the notes to Gail.

I don't want to break Gail's heart, but then again I don't want to break Sue's. What should I do? — DILEMMA.

• • •

DEAR DILEMMA — You're being brainwashed. I doubt if Sue has a heart. The secret is to care about the truth so much that no one can make you write down lies.

• • •

(When writing to Doris, enclose a stamped, self-addressed envelope, and allow three or four weeks for a reply.)

Watered Bridge, Baked Chili

by Mary Moore

You know that faithful servant, your daily food columnist? You would never recognize her now.

In the North country all restrictions and inhibitions are lifted. We play bridge in the lake. When it was 96 deg. in the cities far to the south it was pretty hot here too, and since it was the weekend Barb and Don Brunz and family were here, we had bridge partners.

So to combine sun, comfort and bridge, Pete carried the bridge table into the lake, and pressed the legs into the sandy bottom to the depth of about one foot. Then he did likewise with cane-bottomed chairs. In our swim we drew for our partners and sat down slightly swagh in the cool lake. When the wind blew the plastic cards into the water we simply dried them on our hats. When the sun beat down too hot, when we were dummies, we slid from our chairs for a dip, then resumed play, dripping. Since we were five adults with four little children, there was always one baby sitter and this leftover could watch the stunt in the oven.

Pete and Margy's little Jennifer, who is nearly two, is my delight. She calls me something like "Gummum" and sets me for "looch" and shows me the "bubds" flying overhead and "bobis" with skiers whooshing by.

MONDAY

Dinner Menu

Baked Meat-Stuffed Green Peppers; Glazed Carrots; Broccoli with Mock Hollandaise; Waldorf Salad; Gooseberry Fool; Brown Sugar Refrigerator Cookies; Coffee.

• • •

We have had many memorable experiences, the best of which for me, was the sudden of some goods on our first morning. Pete and Jennifer and I could hear their laughing calls so quietly crept out to the point to watch. There were 7 of these large birds, sometimes all diving for, their breakfast at once; some taking off like a plane on a long runway; one coming in for a skidding landing and one showoff doing a pirouetting dance on the surface, twirling, with his neck at full stretch and screaming his loony call. Then they all swam in formation toward us and came so close into our bay we could see their chest markings. Then an eighth loon joined them and broke up the feeding and play and they swam on down the lake. We were entranced.

To get back to "the stuff in the oven" which was baking while we were playing bridge:

BAKED CHILI CON CARNE (8 generous servings):

Soak overnight ½ lb. dry red kidney beans (or 1 lb.) in water to cover by 2". In morning simmer until tender (or use two 20-oz. cans red kidney beans). Saute gently in your large roasting pan 2½ to 3 lbs. ground round steak (or lean hamburg) with 3 chopped onions, 1 cup chopped celery, 1 chopped green pepper in 4 tablespoons margarine until limp, mixing to separate lumps of meat. Add 1½ teaspoons salt (see note re chili powder below); one 20-oz. can tomatoes. ½ cup water, cooked kidney beans and liquid. Stir. Cover and bake 3 hours at 300 deg. Fahr.

IMPORTANT NOTE:

Since we had young children to feed we served their plates first, then added 1 tablespoon chili powder. Taste yours to see if it is salty enough and hot enough for your taste. If not add more salt and chili powder. We served ours with garlic and onion bread.

Send order to Anne Adams, care of The Ontario Intelligencer, 60 Front St., W., TORONTO 1.

Hairless Head Latest Fashion

By PEGGY Massin

PARIS (Reuters)—Jacques Esterel launched the hairless head today at the opening of the Paris fashion week.

His beautiful model, Bibelot, whose nickname means "work of art," had her head completely shaved to feature this eccentric new look which emerges as a cross between an American Indian chief and Yul Bryner.

Press comments were "repulsive," "ugly" and "ridiculous," although every woman applauded Bibelot's courage.

The 23 - year - old French model said she was still undecided whether she will let her hair grow again. "It depends what other women are going to do," she said.

GOLF LOCKS

In the meantime, Helena Rubinstein provided Bibelot with 15 different wigs to wear in private life. Each journalist at today's show was given a lock of Bibelot's blonde hair as a souvenir.

Toplessness, legally banned in France, appears tame compared to the shock of a shorn-headed mannequin.

Bibelot never appeared with an entirely bald head but her bare scalp was visible to the crown of the head beneath a tiny skull cap or smoods made of ostrich feathers tipped on the back of the head.

The greatest shock of all was Bibelot's first appearance in the shapeless, pregnant-looking white bridal gown worn with a tiny white satin calot just covering the peak of her bald head.

BUILDS AUTOS

Nearly 5,000,000 cars and trucks have been built at the assembly plant of General Motors in Oshawa, Ont., since production began in 1908.

Women's Institutes

QUINTE BRANCH W.I.

The July meeting of the Quinte Branch Women's Institutes was held at the Memorial Hall recently with 38 members and three visitors present.

The meeting was opened in the usual manner by the president, Mrs. Wood and at the meeting was based on education the roll call was to name a book with a Canadian author. Mrs. Manley Mitchell, 4-H Club leader gave a talk regarding the girls' work and each girl was presented with a coffee spoon. The leaders were also presented with two coffee spoons — the other leader being Mrs. Jones who was absent.

The conveners on education Mrs. R. Sandercock and Mrs. E. Sandercock were in charge of the program. Mrs. Arnold Mitchell gave the motto in the absence of Mrs. Sandercock, which was, "A Man with a book in his hand will find treasures of the past, hopes for the future and issues for the present which will enrich and sweeten for every walk of life." She gave a great deal of food for thought and concluded with an appropriate poem. Community singing was enjoyed by all.

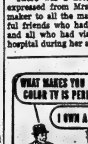
Mrs. E. Denyes gave a report of the national convention held recently at Wolfville, Nova Scotia. Following this she visited Montreal and visited Notre Dame Cathedral and from there to Halifax and Prince Edward Island. The national convention will be held in Ontario in 1967. The 1964 convention for Trent Valley will be held in Belleville at Club Canara on September 14 and 15.

A number of business items was discussed and the meeting closed in the usual manner after which a tasty lunch was served by the lunch committee including Mrs. Lenny, Mrs. Clarke, Mrs. Lloyd, Mrs. W. Gray and Mrs. Nicholson when a social time was enjoyed by all.

HILLIER W.I.

The Hillier W.I. members met in Hillier Hall for their July meeting with 40 in attendance.

President Mrs. W. Jordan gave a cordial welcome to members and guests. Included in the guests were the girls' 4-H Club members, their leaders Mrs. R. Goodmurphy and Mrs. Douglas Alyea, and home economist Miss Harrison. The former leaders Mrs. A. Best and Mrs. J. Alexander, were honored by Mrs. R. Cunningham presenting each with a gift and expressing the appreciation of their efficient services over the past years by the W.I. members. They are now retiring and new leaders will be appointed at a later meeting. Mrs. W. Munroe was present, also her three sisters who are visiting from Scotland; Mrs. John Badgley and Miss Badgley; also attending were Mrs. Bancroft and Miss Walmsley from Crofton.



Mrs. D. Alyea introduced Miss Harrison, who addressed the girls and members on the topic "Home Economics as a Career." Mrs. R. Goodmurphy on behalf of the ladies thanked Miss Harrison for her message.

A kitchen-comfort amateur musical band led by Mrs. A. Best gave three selections which were humorous and entertaining. These taking part were Mesdames. J. Taylor, W. Jordan, W. Wright, R. Best, R. Goodmurphy and J. Alexander.

There was a note of thanks expressed from the cake maker to all the many thoughtful friends who had sent cards and all who had visited at the hospital during her stay there.

SPEAKING OF MANNERS

BY PATRICIA LEWIS

COURTESY TIPS FROM THE GIRL GUIDES

If you're going on a trip this summer, be a good Guide.

As I was thumbing through the Junior Girl Guide Handbook of our daughter, Barbara, I came across a few simple rules of behavior on a trip which make good sense for the entire family.

The chapter begins: "There are certain ways to act on a trip that make travelling much nicer for everybody. When you act this way with your troop or your family, you are carring out the Girl Guide Laws, and you are a good traveller."

The rules are brief and to the point, and I'd like to pass some of them along to you in the interest of travel safety as well as good manners.

So here are a few "Girl Guide ways to act on a trip":

"Keep inside the car, or bus or train. Keep your hands, your head, even your elbow inside the window."

"If you must walk along a road after dark, wear something white or carry a flashlight so that drivers can see you."

"Be courteous to other people in a bus or train or along a sidewalk. Save your songs and games for the right time and place. Be cheerful when you have to wait your turn in a restaurant or on a bus."

"Do what the signs tell you to do in any place you visit, indoors or outdoors. Those signs are there to protect the things you have come to see and when you obey the signs you save those interesting things for some other girl to see."

"Protect all living things — animals, birds, and plants. Be a friend to animals by doing what the signs in the zoo say. Be a friend to wildlife by looking quietly. Let flowers grow by walking around the edges of gardens and using the paths."

"Leave gates and doors just as you found them, either open or closed. Fences protect animals and people and plants."

"Pick up after yourself as you travel. Throw wrappers and paper cups and what is left of your lunch in a trash basket. Leave no trace of your trip in the camp site or picnic area, in the bus or train, on the street. Leave every place you go ready for the next visitors."

So be a good Guide when you go on a trip, and everyone will profit by it.

QUESTION: A couple we met through friends invited us to their home several months ago for dinner. Since then, I haven't extended a return invitation because my husband had to go out of town on business. I'd like to invite them to a party we're giving in a few weeks, but wonder if too much time has elapsed since they entertained us. What do you think? — Mrs. K. D., Troy, N.Y.

ANSWER: If possible, return invitations should be issued within a month or so, but it's still not too late to do so, especially if you're interested in cultivating the friendship.

QUESTION: If one doesn't care to have wine or beer or anything else of that type that is served during dinner, is it permissible to ask for something else, like a soft drink or a glass of milk? — B. R., Boston, Mass.

ANSWER: If the hostess asks if you'd care for something else, you then can tell her. But if she doesn't, and there doesn't seem to be an alternative in sight, then it would be rather an imposition to ask her to leave the table — if she has no help and is doing the serving herself — and make a special trip to bring you a special drink.

THE SHORTEST WAY BETWEEN TWO POINTS

FOX will move you across a continent swiftly, safely and with minimum inconvenience

Let FOX courteous representative plan and execute your move. This free service will show you how to save money and forget about packing hassles. Experienced men pack your fragile articles with the most up-to-date methods and your household effects are moved, safely to your new address. You are moved in, tool FOX trained men lay rugs, set up beds and place furniture for you, getting you settled with a minimum of inconvenience and maximum efficiency.

Playground Activities

EAST HILL

A penny carnival was held at East Hill playground, Thursday, July 23. There were many booths including a fish pond, clothes-pin drop, popcorn, guessing game and a cake draw. A good time was had by everyone and almost all were winners. Special assistance was given by Lynne, Bobbie and Brian Woodley, John Parker, Susan Crawford, Wayne Warner and Eddie Scriven. The proceeds from the carnival go to have a wiener roast for all the children at the end of the summer. The supervisors Jennifer Bussey and Larry Scott wish to thank all the mothers and children for supplying the drinks and for giving other special assistance.

Conformity in French Fashions

By PEGGY MASSIN

PARIS (Reuters) — Summer holiday clothes on the French Riviera are striking this year for their similarity.

Every female, from six to 60, apparently have adopted the new Chanel hairstyles, tunics and pyjamas.

In a land where, until a few years ago, individuality was the keynote of women's clothes, conformity has taken over.

Mass production has, indeed, won the widest acceptance in France in the sphere of summer holiday clothes. The big national chain stores are quick to capitalize on the dictates of current fashion and identical check gingham shirts, printed cotton tunics and transparent voile beach coats are on sale at chain stores on the Riviera coast.

At Cannes, a statistical count on one day proved that the "look alive" trend has reached a pinnacle in hairstyles.

Regardless of age, one in every three women wore her own version of the Chanel hairdo, complete with six-inch-wide flat bow pinned to the nape of the neck.

EASILY ADAPTABLE

The effect is easy to adapt to both long and short hair. The black swirled bows, mounted on hair-slides, are on sale at every fashionable hair-dressing salon, but most women buy a yard of ribbon at a chain store and wear a different colored bow to match every change of costume.

At St. Tropez, "the cowgirl look" begins. Bluejeans are still in, but newest trousers, made of white duckcloth, are cut straight and loose or slightly flared into bell bottom effects.

They are worn with a man's shirt made of gingham in small pink, blue, or red and white check.

Wide elasticized canvas belts with broad horizontal stripes are popular—if the shirt is worn floating over the trousers, Hollywood fashion.

Pyjamas are the style for the evening, when the girls dress up to dance the "shaky" and the "surf." As narrow full-length dresses have gained increasing popularity for formal parties during the last year, "palace pyjamas," or wide legged "yachting pants," have combined the attractions of a long skirt with the practical qualities of trousers for "athletic" dancing.

In the sea of changing style, the bikini remains the only buttress of classic post - war fashion. The bare minimum is still the best for sun-bathing.

Remember When All Babies Were Born at Home

By HAL BOYLE

NEW YORK (AP) — Memories date people just as surely as growth rings tell the age of a tree.

So, if you're trying to pass for under 50, never admit out loud that you can remember when:

It cost a dime to go to the movies, and you could get a fair meal at a Broadway play for $1.10.

Motor cars had isinglass curtains to protect the occupants from rain or cold weather.

All babies were born at home. It was unthinkable for a mother to go to a hospital to give birth. Hospitals were for sick persons.

Dieting was practically unheard of. A fat man could spill more calories on his necktie at lunch than a modern doctor would now allow him to eat all day.

When you wanted to go out for an evening of fun on the town, you said: "Let's make whoopee."

When you felt upset, you didn't run off to a psychiatrist or get a couple of tranquillizer pills. A strong dose of epsom salts usually cured what ailed you.

The ideal marriage was that between Doug Fairbanks and Mary Pickford. Everyone felt sure it would last forever.

NO SUDS FOR HUBBY

No wife expected her husband to help with the dishes. The kitchen was her empire and she ruled it.

The height of romance was for a young fellow to call up a long-distance telephone operator and make a blind date with her.

Hitchhiking (cowa) had hitching posts, no parking metres.

An heirloom in many families was a baby's long - bladed straight razor handed down from father to son.

A girl's first case of adventure was to go to the county seat on Saturdays and spend the afternoon sitting on the courthouse steps talking about weather and her corns.

Telephones came in only one color—black—and you didn't dial them. You cranked them.

Those were the days. Remember?

Club Activities

4-H SILAGE CORN CLUB

The fourth meeting of the Hastings 4-H Silage Corn Club was held on July 19th, in the Agricultural Board Room in Stirling.

The topic of the evening was "Insects in Corn." Club leader Harvey Homan discussed the different types of insects and sprays used to eradicate them.

Questions were asked by the members and the meeting was adjourned.

4-H CLUB NEWS

On July 20 a meeting of the Belleville 4-H Calf Club and Jersey Calf Club was held at the farm of Doug Thompson, R.R. 1, Foxboro.

The members judged a class of Holstein cows and reasons were given by Ronald Hamilton and Delbert McComb.

Discussions took place on pastures in Ontario and about the Army Worms invading the province.

The members enjoyed lunch and departed.

APPLES WITH HEART

WELLINGTON, N.Z. (CP)— An orchardist has found a novel way of putting his trademark on his apples. Heart - shaped transfers are stuck on the apples before they ripen. When removed later, they leave a white heart-shaped mark on the otherwise red apple. One orchard apple is placed on the top centre row on each half case of Jonathans.

Ann Landers

Don't Clobber Intended Try Doubles, Really Win

DEAR ANN LANDERS — I'm a 20-year-old blond who is all mixed up. My dad is a golf pro. I've been playing golf since I was six. I shoot a pretty spectacular game which is part of my problem. I can cream all the fellows in our crowd — including my steady guy.

How he hates it when I beat him but I can't do less than my best when I'm on the course. I beat Howie at tennis, too, which is rather embarrassing as he considers himself an expert and has taken lessons for years.

I'd like to marry Howie but he becomes so sullen and uncommunicative when he loses to me I wonder if we could have a good life together.

The guy has dozens of marvelous qualities and I'd hate to break up with him because of this one fault. What do you say? — THREE UNDER PAR.

• • •

DEAR THREE — Play doubles with Howie as your partner and make him look good instead of beating his brains out. No more head-on competition. When you win, you lose.

• • •

DEAR ANN LANDERS — You have often stated that parents should not open their children's mail, read their diaries, go through their bureau drawers or listen to their telephone calls.

This is all high-sounding indeed, but if I hadn't been such a blind fool, my 16-year-old daughter would not be in the Florence Nightingale Home for unwed mothers at this very minute.

I had no idea she was sneaking around behind my back, crawling out the bedroom window, meeting a good-for-nothing bum — and in her pyjamas at that. When she told me she was pregnant, I fainted. This girl was the last in the world anyone would have suspected of such behavior.

So please stop giving parents such stupid advice. Urge them to keep a close watch on their teen-agers, read their diaries, listen to their phone calls and follow them occasionally to see if they are going where they say they are going.

Check, check, check. If I'd been smarter about these things I could have prevented my daughter from wrecking her life — L.L.L.

• • •

DEAR L.L.L. — Your daughter's predicament is a symptom of earlier emotional problems. If there had been genuine communication, you would not have discovered "suddenly" what she was really doing.

No parent ever kept a child on the rigid road by spying, checking or eavesdropping. Gestapo tactics destroy confidences.

If a child feels his parents have a low opinion of him he will do his best to live down to it.

• • •

DEAR ANN LANDERS — I'm a young woman who works in a building which has an elevator. I'm in and out of the elevator at least 15 times a day because part of my job is delivering dental material from the lab.

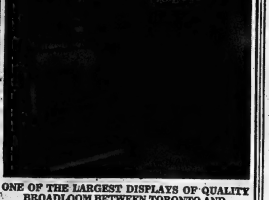
Is it considered poor manners for a man to get out of the elevator first when there are women behind him? Often I've been in the rear of the elevator and the man in front of me just stand there instead of getting on first.

Even when I say, "Excuse me, please," they still stand there — feet nailed to the floor. They apparently feel it is rude to walk out ahead of a woman. How about this? — DIXIE.

• • •

DEAR DIXIE — It it Not impolite for a man to precede a woman out of an elevator. In fact, it makes no sense for a man to obstruct the doorway, waiting for a woman to snake her way around him.

Good manners are common sense. The people by the door should walk out first — male or female.



• • •

Liquor can ruin your mind, your body and your life. To learn the booby traps of teen-age drinking, write for ANN LANDERS' booklet, "Teen-Age Drinking," enclosing with your request 25 cents in coin and a long, self-addressed stamped envelope.

Ann Landers will be glad to help you with your problems. Send them in her in care of this newspaper, enclosing a stamped, self-addressed envelope.

SOCIAL AND PERSONAL

ENGAGEMENT NOTICE

Mr. and Mrs. Neil O'Neill, Belleville, announce the engagement of their daughter Sharon Nancy to Mr. Rene Archambault, Trenton, son of Mr. and Mrs. Camille Laliberte of Montreal. The marriage will take place on Saturday, August 29th, 1964, at 3.00 o'clock in Bridge Street United Church.

• • •

Mr. and Mrs. Don Moynes of Montreal, were recent guests of his parents, Mr. and Mrs. E. C. Moynes, Dundas Street West.

• • •

Mr. and Mrs. Bert Reid and son Gary of Oakville, enjoyed a visit in Belleville recently, renewing acquaintances with friends and business associates. Mr. Reid was a former manager of Zellers in Belleville.

• • •

Before leaving on a trip to the Maritimes, Mrs. H. Murphy, Coleman Street, entertained her granddaughter and her husband, Mr. and Mrs. Ivan Cooper, and their daughters Sandra and Brenda of Brockville. Mr. and Mrs. Charles Bolton and Mrs. Bolton Sr. of Oshawa, were also present.

• • •

Mr. and Mrs Richard Parm entertained at a dinner party on Sunday at Lakeshore Lodge at the Sandbanks, on the occasion of their 23rd wedding anniversary. It was also in celebration of the former's father's birthday, Mr. Charlie Parm.

Bandsman J. E. Francis of the Tri-Service School of Music, Victoria, B.C. is spending his Rehabilitation leave at the home of his parents, Mr. and Mrs. E. S. Francis, 30 Everett St., Belleville.

• • •

Mrs. Mary Card is progressing favorably following surgery in the Belleville General Hospital.

• • •

Mrs. Rhoda Anderson of Edmonton, Alberta and Mrs. Lela Weeks are visiting the former's sister Mrs. Fred Cory, West Bridge Street.

Daring Suit Wins Topless Competition

NANAIMO, B.C. (CP) — About 2,000 persons turned up to watch a topless bathing suit contest here.

Eleven beauties turned up as advertised. The winner was Robin Mehain, who wore a daring one - piecer made of two tiny polka dot handkerchiefs.

She is 26 months old.

DONATES CASH

VANCOUVER (CP) — The ladies auxiliary of the Pacific Command of the Royal Canadian Legion donated $219,313 to legion and son - legion causes during 1963.

Contraceptive Pills Become Daily Habit for Six Million Women Across Entire World

By JOHN BARBOUR

SHREWSBURY, Mass. (AP) — The Pill is small sometimes pink, sometimes orange, sometimes red, white and blue.

In a world facing a gain of 128,000 a day, 48,000,000 a year, a population of 6,500,000,000 by the year 2000, it is man's most ingenious means of birth control—the most effective and the most talked about.

It worries a lot of people, angers some, brings hope to others, and has caused some reconsideration of social attitudes.

From the day the first woman took the oral contraceptive pill in December of 1954, it has been a subject of controversy.

Will it destroy social mores and create a promiscuous world?

Will it cause cancer in women? Is it against nature?

Despite the questions and arguments the pill has become a daily habit for 6,000,000 women over the world—half of them Americans.

And in just over six years on the U.S. prescription market, it has become a major weapon in the arsenal of birth control devices. Its true usage is hard to measure.

The highest per capita use is in Australia. The Egyptian government has given pills only to mothers who want to limit the size of their families.

STUDIES BY GROUP

Even now, the pill and other methods of birth control are under study at the highest levels of the Vatican.

However, a change in the traditional Roman Catholic view toward artificial control is considered unlikely—Pope Pius XII called the use of the pill "illicit sterilization." But Paul—would prevent the maturing of sperm. But they have considerable side effects.

Dr. Pincus thinks it unlikely that any drug will be developed for use by men which will be safe.

Contraception. The pill prevents ovulation—the release of eggs from the ovaries. The woman takes a pill each day for 20 days.

The pregnancy, the hormones progesterone and perhaps to some extent the sex hormone estrogen — inhibit ovulation. With the pill, synthetics of the natural hormones do the same thing.

Today, a woman can receive a month's supply of pills for about $2. Newer pills on the market use diminishing amounts of the hormones, but get the same effect.

There was a recent report that laboratory animals, which were fed a common U.S. birth control pill showed accelerated growth of existing tumors. But Dr. Gregory Pincus of the Worcester Foundation for Experimental Biology at Shrewsbury, Mass., said that it long has been known that many animal cancers are dependent on hormones. He showed other test areas, doctors have found fewer signs of suspicious cells in regular medical check-ups of pill users.

There are 30 trade names available on the world market —representing about 10 separate drugs.

Even while the pill is the most talked about contraceptive method, scientists are also looking for still other means, while improving existing ones.

There have been recent attempts to develop chemicals which—when taken by the male would prevent the maturing of sperm. But they have considerable side effects.

Dr. Pincus thinks it unlikely that any drug will be developed for use by men which will be safe.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, *Sports Editor*

The Bay of Quinte Country Club makes its first determined bid for recognition as a potential tournament centre over the Civic Holiday weekend.

Club directors with the approval of the greater majority of membership pioneered the movement with the introduction of a three-day Invitational Festival of Golf that gets under way Saturday, August 1st.

With the new back nine gradually approaching something akin to perfection, it was the general consensus that the club should make some effort to make itself known among the 18-hole course clubs of the district.

It has a great many things in its favor.

As a member of the Woodbridge Golf Club who was holidaying in Maine and "trekking in" every day to play nine or 18 holes, told me: "It is a splendid course, favorable to golfers like me. Its greens are the best I have ever played on while some improvement can be made on the fairways."

"It is a course that suits the average golfer inasmuch as it does not take the ultimate out of a player after 18 holes. It is fairly level and has holes that call for the best in any golfer," he said.

Another metropolitan visitor told me the accessibility of the Country Club is a fine asset. "You are on the beaten track, so to speak," he said. "One cannot get lost finding it for it is not tucked away in some wooded hideaway."

Much kingon, I am told, on the success of the inaugural Festival of Golf. There are some who doubt that it is a good thing for the club but the majority I talked with agreed that a successful Festival will be the stepping stone to future Ontario tournaments.

Opinions on the suitability of the club course as the battleground for future pro or amateur tournaments will be formed during the Festival.

The fact that some fifty or more outstanding professional golfers will be here for the pro tournament slated for Civic Holiday speaks volumes. The list is headed by Moe Norman, 1964 Millar Trophy champion and contains many names familiar with golfers all over the province.

I am told that when approached on the matter of playing here the majority said they would come. Others studied commitments but since have notified the committee they will be here.

George Balazs, the club pro, did an excellent job of promoting the tournament when playing in the Millar and other top events. He said the greater majority of pros contacted indicated their willingness to help get the Bay of Quinte course "off the ground" so to speak.

The course will be available in its "natural" state for both amateur and professional tournaments during the Festival, Mr. Balazs said. "There will be no gimmicks, or tricks to make it tougher or easier. Besides you cannot fool these professionals."

The Festival is in a sense a golfing "open house," inasmuch as the general public is cordially invited to watch both pro and amateur play and avail themselves of the club's social facilities. However, galleries will be requested to abide by certain course rules and regulations.

The Festival officially opens Saturday, August 1st, when the amateur "B" and "C" classes hold forth. Some 150 are expected to take part.

Saturday, it is expected, over 100 couples will vie for Mixed Two-Ball honors and on Monday, the pros take over.

Club members and those of outside clubs are requested to place their entries as soon as possible with the club pro. Others willing to participate in other Festival functions are asked to submit their names immediately.

And aside to members in general, the course will be closed for play from six a.m. to six p.m. Monday.

President George O'Brien, his directors and committees in charge ask the general co-operation of all members in helping make the first Festival of Golf a success.

200 Start Today

Open Has Record Entry

MONTREAL (CP)—A hopeful field of 200 takes a crack today at the tough Pinegrove course with the certain assurance that there will be 139 casualties in the qualifying round for the Canadian Open Golf championship.

The fortunate ones, the 61 with the lowest scores, will join 75 exempted players for the first round of the $50,000 tournament Thursday.

Exemptions include former Canadian Open winners, tournament winners on the PGA tour, the CPGA champion and some provincial champions of the United States and Canada.

Total entries for the Open who have been regular on the tour, are entered. So is veteran Stan Leonard of Vancouver.

Former Boxer Has Twin Punches ★ ★ ★ ★ ★

Braves Rookie Socks 2 Homers, 2 Mets

By MURRAY CHASS
Associated Press Sports Writer

Rico Carty, a former boxer, has made a big hit in New York.

Seven hits, in fact. Five with his bat and two with his right.

Carty, the 24-year-old rookie, was right in the middle of a two-punch fight, as Milwaukee Braves swept a doubleheader over the Mets 11-7 and 16-10 Sunday.

Carty also collected a pair of two-run homers, a double and two singles, driving in eight runs in the two games.

Before he became a professional baseball player, Carty was an amateur fighter in the Dominican Republic and won his first 17 fights.

SHORT CAREER

His career, however, came to an abrupt end.

"One time I lost, and I don't like to lose," he explained.

Carty didn't lose Sunday. His New York debut came a few minutes after the nightcap started.

Denis Menke led off the game with a homer for the Braves against Frank Lary. Lee Maye, the next batter was hit with a pitch. When he got up, he started toward the mound but was intercepted by Mets' catcher Chris Cannizzaro, a would-be peacemaker.

Both dugouts emptied.

Carty's first swing caught Cannizzaro, and he followed with one to the jaw of first baseman Frank Thomas. There were no knockdowns.

The partisan crowd of 21,762 booed the decision. Carty wasn't ejected.

GETS 16TH

The reception didn't obther the versatile slugger. One out later, he slammed his 12th home run into the left field stands.

In other NL games, St. Louis Cardinals stopped Philadelphia Phillies 6-1 and 4-1, San Francisco Giants defeated Los Angeles Dodgers 8-2, Pittsburgh Pirates whipped Cincinnati Reds 5-1 after losing 7-2 and Chicago Cubs blanked Houston Colts 3-0.

In Saturday's games the Cards outlasted the Phillies 10-9, the Dodgers whipped the Giants 7-4, Pittsburgh topped the Reds 6-3, Houston downed the Cubs 5-3 and the Mets blanked Chicago 10-0.

Carty drove in five runs in the second game, the last tying the contest 10-10 in the eighth inning after the Mets exploded for seven runs in the seventh. Joe Torre followed with a single, knocking in the lead run. Hank Aaron, who had six hits and six RBIs in the doubleheader, added a three - run homer in the ninth.

Warren Spahn, blitzed as a starter in the opener, pitched the last two innings for the Braves, preserving Chi Chi Oliva's second victory of the day.

The Phillies saw their league lead sliced to one-half game over San Francisco as two lefthanders stymied them. Gordon Richardson, making his first major league appearance, checked them on five hits in the opener as did Ray Sadecki in the second game.

Kingston Minors Win Five

Kingston teams walked off with five wins out of six games played against Belleville in Eastern Ontario Baseball Association qualifying games on Saturday and Sunday.

Belleville Peewees gained the lone victory for the city, topping Kingston 7-3 on Saturday before absorbing a 16-3 defeat on Sunday.

In Tyke, strong pitching propelled Kingston to victories by scores of 6-1 on Saturday and 6-2 on Sunday, over Belleville Merchants.

Bantam play saw Kingston win 13-7 and 16-4 over Belleville Ellis Printers.

TYKE

Craig Gavel pitched a one-hitter for Kingston, striking out 12 and walking five, in the 6-2 game. Danny Lupenette got the only Belleville hit. Ron McTaggart pitched six-hit ball and struck out half a dozen in a losing cause.

Craig Orr stopped Belleville on two hits in the 6-1 win. He struck out eleven. Danny Lupenette and Ron McTaggart allowed just four hits on the Belleville mound and fanned 13, ten by Lupenette. Catcher Garry Edwards got both Belleville hits but seven errors aided the Kingston team to score seven times.

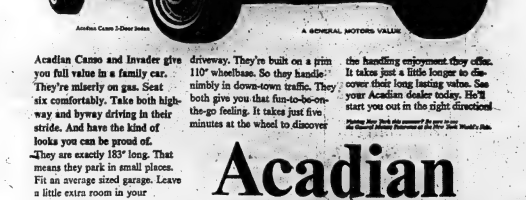
PEEWEE

Jim Wood hurled six-hit ball and walked but one in getting the lone Belleville win, a 7-3 nod on Saturday. He struck out a pair. Austin and Mutchmore combined for a six-hitter on the Kingston hilltop.

Steve Moore and Ed Christopher paced the Merchant hitters with a pair of hits each, one of them a bases-loaded triple by Moore.

Kingston got revenge with a 16-8 win on Sunday, rapping Wayne-Farrell, Darryl Demers and Wood for 18 hits and scoring seven times in the first. Craig Adams, Glen Carleton and Brian Coughlin had the only Belleville safeties.

BANTAM



Kingston got a 13-7 win, scoring seven times in the fifth, over the Printers. Terry McTaggart, John Holgate and Howard Wark, in that order, pitched for Belleville. Clifford Scott hit a home run in defeat.

The Kingston sluggers combed Wark, Holgate and S. Ling in the 16-4 whipping on Sunday.

The B.M.B.A. completes its schedule with postponed games this week and players are asked to check the "Sports Calendar" for the games.

If you need
a better reason
to buy an Acadian
than its good looks,
smooth ride, economy,
roominess, reliability,
easy handling, comfort
and low price...
Check the deal
the man who sells it
will give you!

Acadian Canso and Invader give you full value in a family car. They're miserly on gas. Seat six comfortably. Take both highway and byway driving in their stride. And have the kind of looks you can be proud of.

They are exactly 183" long. That means they park in small places. Fit an average sized garage. Leave a little extra room in your driveway. They're built on a trim 110" wheelbase. So they handle nimbly in down-town traffic. They both give you that fun-to-be-on-the-go feeling. It takes just five minutes at the wheel to discover the handling enjoyment they offer. It takes just a little longer to discover their long lasting value. See your Acadian dealer today. He'll start you out in the right direction!

Angels Sweep 5 Twin Bills In Row

First In 58 Years

By DICK COUCH
Associated Press Sports Writer

Those double dealing Los Angeles Angels are getting heavier by the minute.

Their pilot got himself grounded between flights Sunday and the Angels roared right past the fallen leader without a backward glance.

Bill Rigney, the Los Angeles manager, established some sort of record when he was ejected between games of a double-header at Kansas City But Rigney's absence didn't stop the Angels from completing a 5-3 sweep over the Athletics and tying a 56-year-old major league record.

The doubleheader victory was Angels' fifth straight over a two-week period and concluded a 10-3 road trip that has vaulted them into the American League's first division. The 1906 New York Yankees were the last club to sweep five consecutive twin bills.

Umpire Al Smith chased Rigney during the home plate meeting preceding the nightcap after a heated debate over a first - game decision. Rigney claimed a triple by Kansas City's Chuck Shoemaker should have been called a ground-rule double.

ANGELS HOST YANKEES

Rigney will be back when the fourth - place Angels, three games over the .500 mark, open a three-game set against the league-leading Yankees tonight at Los Angeles.

The Yanks unseated Baltimore with 11-6 and 5-4 victories over Detroit Tigers while the Orioles lost to Washington Senators 4-1 and fell a half-game behind. The third-place Chicago White Sox staggered Minnesota Twins twice, 5-4 and 9-0, and Boston Red Sox swept a double-header over Cleveland Indians 8-3 and 3-1.

The Yankees clobbered Detroit 14-3 Saturday while Baltimore edged Washington 5-4, the White Sox nipped the Twins 2-1 in 13 innings; Boston shaded the Indians 4-3 and the Angels overpowered the Athletics 13-2.

The Angels' first game shutout boosted their major league-leading total to 16. Seven have come since the All-Star break and four—all by different pitchers—during the 13-game road trip.

Aubrey Gatewood, who worked the first six innings, his scoreless string since being recalled from Hawaii of the Pacific Coast League to 19 1-3 innings, Bob Lee, who completed the eight hitter, has not allowed a run in his last 18 1-3 innings.

ERORA HELP ANGELS

The nightcap went 10 innings with the Angels snapping a 2-2 tie on Bobby Knoop's double, a pinch hit single by Ed Kirkpatrick and two Kansas City errors.

Joe Pepitone's three - run homer in the eighth capped the Yankees' first game victory. Tom Tresh and Bobby Richardson each had a single, double and home run while Roger Maris added four singles.

Raceway Harness Meet

Crowd Sets Mutuels Mark

Lint, a 15-year-old gelding, and Miss Star Magic, a four-year-old black mare, were the only straight heats winners at the Raceway harness meet Saturday night.

Lint turned back the challenge of Ben Carey and Direct Dillard in the feature fifth and ninth events respectively in the times of 1:37.2, 2:3 and 2:12, 2:3.

Miss Star Magic held off the threats of Little Joe Grattan in the dash and Tweed Two in the mile in the fourth and eighth events. The winner paced the fastest mile of the night, 2:12.

Threatening skies held the attendance down to the third highest of the season. But a hefty happy throng paid a record $9,004 handle at the parimutuels.

Prices went back to normalcy with the best figures of the night being $21.50 and $26.70 paid by Rainytime in the first dash for place and show. The daily double paid $15.20 and the two quinellas, $6.40 and $6.10.

Driver L. Fry kept Riverdale Bill out in front all the way in the one-event first race but Rainytime after a shaky start came from nowhere to be at the winner's withers at the wire.

Sam Mulholland's Mighty Lass lacked the finish in both events of the second race. She led in both heats but finished third to Betty Chief in the first mile and second to Magic Charm in the sixth event. The winners paid $8.80 and $8.20.

Atomic Selka made a spirited bid in the third and seventh heats but fell back in the stretch drives to finish second behind White Face Lad in the dash and Dominion K. Abbe in the mile. The mile winner paid $11.40 in a photo finish.

Quinte Driving and Riding Club president Ron Isaacs announced Saturday there will be no regular meet on Saturday, August 15 because of Belleville Fair preparations. There will be a meet August 22.

FIRST RACE (Mile)
Riverdale Bill $7.20, $3.80, $2.90
Rainytime $21.50, $6.70
Johnstown Lass, Tiny Doc Magic, Tim's Lady, Willie J.; Yankee Pride also started. Time 2:17. 2-3.

SECOND RACE (Mile)
(Daily Double)
Betty Chief $8.80, $3.10, $4.30
Jacken $3.70, $2.00; Mighty Lass $4.10; Magic Charm $3.50
Trippett's Ray, Smithfield Lass, Tim Direct also started.

THIRD RACE (1-4 MILE)
(DAILY DOUBLE)
White Face Lad $5.00, $3.70, $2.20; Atomic Selka $3.70, $2.40; Jerry B. $2.90; Dominion K Abbe, Lilo Rare, Miss Chez Graton, Cayuna, Lila Dale. Time 1.43. Daily Double paid $13.20.

FOURTH RACE (1-4 MILE)
Miss Star Magic $7.50, $4.40, $3.00
Little Joe Grattan $5.20, $3.00
Tweed Two, Double C, Sandy MacDuff, Red Gun, Jet Byrd, Mr. Speaker also started. Time 1.36. 4-5.

FIFTH RACE (1-4 MILE)
Lint $3.20, $2.70, $2.50; Ben Carey $3.10, $2.50; Direct Dillard $2.90
April Magic, Wally Farms, Lord Harwood also started. Quinella paid $6.40.

SIXTH RACE (Mile)
Magic Charm $6.50, $3.50, $2.40; Mighty Lass $4.60, $3.40; Betty Chief $3.40; Trippett's Ray, Smithfield Lass, Jacken also started. White Prince was scratched.

SEVENTH RACE (Mile)
Dominion K Abbe $11.60, $4.00, $3.10; Atomic Selka $4.20, $3.20; Miss Chez Graton $13.00. White Face Lad, Gaytona, Bomb B, Lilo Rare, Lila Dale also started. Time 2.10. 4-5.

EIGHTH RACE (MILE)
(Quinella)
Miss Star Magic $9.20, $3.70, $2.60; Tweed Two $2.80, $2.20; Little Joe Grattan $3.20; Red Gun, Double Star, Mr. Speaker, Sandy MacDuff, Todd Byrd also started. Time 2.12. Quinella paid $6.10.

NINTH RACE (MILE)
Lint $4.10, $2.90, $2.70; Direct Dillard $2.50, $2.30; Ben Carey $2.90
Prince Grattan, Lord Harmon also started. Time 2.12. 2-5.

Jack Stewart Sinks First Hole-In-One

Jack Stewart, the ambidextrous golfer, shot a hole-in-one at the Bay of Quinte Country Club Saturday evening.

A five-year golfer who played five years left-hand golf and two years the other, shot the ace on the 165-yard 13th hole.

Jack was playing in trophy competition with Ralph Graham at the time. Another witness was Don Lamb who came over to "ribitt" before Stewart teed off.

It was Stewart's first "ace" but even that did not win the match for him. He took Graham to the nineteenth hole where Ralph sank a 35-foot birdie to win the match. Both had 82's at the end of the eighteenth.

Stewart used a six-iron to sink the "loner."

B and D Playoffs

Trudeaus, Jrs. Even Series

By GARRY ALEXANDER
Staff Sportswriter

A pair of Saturday night victories by the Belleville clubs has turned Intermediate B and D Softball League playoffs into a four-way dogfight for the Bill Ott Trophy and championship honors.

Trudeau Motors whitewashed Tweed Lombenks 5-0 at the CNRA Park, while Ellis Juniors topped Trenton Commercial Printers 7-5 in Trenton in a hotly-disputed contest.

Both three-of-five sets are tied 1-1. Trenton and the Juniors go back at it at the CNRA tonight at 6:45 p.m., while Trudeaus and Tweed clash under the lights at Madoc tomorrow night. Good crowds attended both Saturday games.

Trudeaus put together key hits by three players and a fine pitching chore by Doug Ellis while scoring twice in the first and three times in the seventh against Tweed.

Doug Ellis scattered six hits, never allowing more than one an inning, to earn his shutout in a cleanly-played till. He struck out three and walked but one.

Blaine Healey was hit freely once again, tagged for nine hits in all. He struck out six, even dozen and gave up a single walk on the Tweed rubber.

Trudeaus lost no time in getting on the scoresheet. Locke led off the first with a single and Claude Carr sacrificed. Faulkner singled one home, took second on a passed ball and scored himself on Plane's hard hit to centre.

Alert fielding and pitching held the score at 2-0 until the seventh. Locke beat out an infield hit and Tweed's lone error put Faulkner on with two out. Plane promptly put the game in wraps, lining a long home run over Gray's head in left field for the final 3-0 score.

Lombenks' missed a good chance in the fourth when Gray's hit, a hit batter and a wild pitch put runners on second and third with none out. Gray was held at third on an infield out then Ellis fanned R. LeSage and got Sherry on a popup...to end the threat. Moments later Tweed's double play in the sixth and Carr picked Carleton off first, just before the winners' only error in the eighth.

Ralph Plane, with his home run and single, Rick Locke and Bert Faulkner, each with three singles, accounted for eight of the nine Trudeau safeties. Paul Zakos got the other one, also an infield single.

Terry LeSage collected two Tweed singles, the others going to Sherry Gray, Eldon Gray, Paul Meraw and Don LeSage.

Tweed	000 000 000 - 0 5 1
Trudeaus	200 000 30x - 5 9 1

Batteries: B. Healey and G. Gorr; D. Ellis and C. Carr.

Umpires — Herb Poulter (P) and "Shud" Ethier. Time 1.19.

BRAVES PURCHASE EILERS

MILWAUKEE (AP) — Milwaukee Braves, still searching for bullpen strength purchased the contract Saturday of right-handed reliever Dave Eilers from Toronto, their affiliate in the International League. The 27-year-old Eilers, from Carmine, Tex., had posted a 3-0 record up to July 21, compiling a 1.58 earned run average.

TRENTON — The Juniors were never behind in this one. Trenton tying it 2-2 in the fourth but helping the winners the move four times in the sixth when the losers committed four errors.

Trenton lost coach Lon Leland in the sixth inning during one of the club's numerous arguments with umpires L. Barton and T. Hurst. Matters came to a head in the bottom of the sixth when Lonny Wannamaker, pinch hitting, was called out on the back end of a double-play. Trenton argued long and loud that the ball had been foul, off the batter's leg and Wannamaker did not run out the play. Harsh words and threats were offered at game's end.

Lefty Bob Ethier pitched the victory, giving up ten hits in all but proving tough in the clutch. He struck out nine and showed perfect control, walking none.

Fat Maracle had a rough night on the losers' mound, allowing eight hits and half a dozen walks. He claimed ten strikeout victims.

A pair of walks led to the Juniors' first-frame marker while another free ticket and Muirhead's hard ground-rule double made it 2-0 in the top of the fourth. Trenton tied it when Drake doubled, scoring on Cole's single, and the latter went all the way around on a throwing error.

In the Ellis sixth another walk ignited the rally and hard singles by Muirhead, Boyle and Ethier, all three of them bobbled the extra base in left field, made it 6-2. A 4th fourth run capped the top of the eighth.

Simmons, Drake, D. Cole and Beaugrand combed Ethier for hits and a final pair of runs in the eighth when they left two on base.

Stu Muirhead, Bob Boyle and Bob Ethier had two hits each, Don Gardiner and Stu Malley one for the winners.

Roger Drake, Don Cole, Pat Maracle and Lan Mowatt were two-hit men for Trenton. Gord Simmons and Al Beaugrand got the others.

Ellis Jrs.	100 104 010 - 7 8 1
Trenton	000 201 020 - 5 10 5

Batteries: B. Ethier and G. Yorke; P. Maracle and W. Kennedy.

Umpires — Les Barton (P) and Ted Hurst. Time: 1.36.

Wind Up Schedule

Joyces Bow to Ajax 7-2

A 7-3 setback at the hands of the Ajax Merchants helped Belleville Joyce Realty wind up their part of the Eastern Ontario senior baseball league schedule yesterday, in Ajax.

Joyces, finding it difficult to field a lineup, at least for away games, suffered their second road defeat of the weekend when the Merchants scored five runs in the fifth inning.

The explosion erased a 2-1 Belleville lead and Ajax added another for good measure in the seventh frame. Joyces held a 2-0 margin after two innings, while the winners tallied their initial marker in the third.

Several games remain to be played in the regular league schedule and no word has been announced here as to when the Joyce team will commence playoffs.

Belleville could not manage more than one hit in any inning, despite several good opportunities early in the game. A pair of walks and two hit batters in the top of the first failed to produce a run when one man was cut down at third and three others were left stranded.

In the second, another walk opened the inning and Muirhead rapped a base hit. Two runs crossed the plate on a pair of throwing errors, a base-on-balls and a hit batter.

Ajax put together doubles by MacDonald and Daze to make it 2-1 in the third.

Ten Ajax batters paraded in the plate in the fifth when Tripp ignited the rally with a single. Two walks and an error followed, then hits by Daze and Tetlock. Another bobble and Hobbs' single made it 6-2 before Tripp was finally fanned for the third out.

Brackenridge and Marshall collected base knocks to close the scoring in the seventh.

Roy Hobbs was the winning pitcher, taking over from Jim McCortny in the second inning. They gave up a total of five hits in all. Hobbs struck out eight and McCortny one, the latter walking three and hitting two before the early departure. Hobbs walked only one but also hit two batters.

Bill Latchford, Belleville ace, was the victim of Ajax's 13-hit attack. He struck out ten while walking four batters and hitting another.

Larry Soule hit a double on the losers' behalf. Other hits were singles off the bats of Bob Moon, Larry Mavety, Dick Hurst and Stu Muirhead.

Reg Daze was the top Ajax batter, with a double and two singles, aided by MacDonald with one of each and Norm Tetlock with a brace of singles. Other hits went to Bob Tripp, Bob Marshall, Dan O'Shea, Jim Brackenridge and Hobbs.

Belleville— Moon 2b, Soule cf, Follwell 2b, Mavety c, McGrimmon ss, Latchford p, Hurst rf, Muirhead 1b, McKibbon lf.

Ajax— Tripp ss, Petersen cf, McDonald 3b, Daze lf, Tetlock 1b, Pope rf, Brackenridge c, Rennick 2b, ss, McCortny p, Hobbs p, O'Shea rf, Marshall 3b.

Scorer — Terry Latchford.

Belleville 020 000 000—2 3 3
Ajax 001 050 10x—7 12 6

Briton Wins Bike Title

BERLIN (AP) — Mike Hallwood of Britain clinched the world motorcycle racing championship in the 500-CC class today, then crashed in the next race, the official East German news agency ADN reported.

Hallwood crashed on the second lap of the 250-CC class race. ADN said he suffered a light concussion and head abrasions but gave no other details.

Mike Duff of Toronto finished second in the 500.

Hallwood brought his championship points in the 500-CC division to an unbeatable 48 by winning that class in the East German Grand Prix races for the third straight year. That earned him outright possession of the Sachsenring Cup.)

Quinte Trap, Gun Club

Jerry Robertson, Denny Rosette, Paul Henry and Jack Dodson had high scores of 23 at the Quinte Trap and Gun Club's regular Sunday morning shoot yesterday.

Other good marks were: Doug Johnston 22, Gary Gow 22, Dr. Walcott 22, Bob Yorke 21, Stan Keogh 21, Garn Hart and Bill Kemp 20.

Prov. Lawn Bowling Zone Playdowns

Peacock, Lavergne Lose Pairs Squeaker

A bowl that "rolled the wrong way" deprived a Belleville duo of a possible Zone Four doubles championship at the Provincial Lawn Bowling Association's zone playdowns here Saturday.

The Belleville Lawn Bowling Club's Ken Peacock and Wally Lavergne ended their pairs competition tied with Gerrard and Douglas Laforce of Prescott at two wins and one loss.

In the three-end playoff the Belleville pair took the first end with two but Prescott came back with a three.

Prescott had a good chance to square it and win in the third end but the "bowl rolled the wrong way" and Prescott took it 4-2.

Dick Adams' Whitby quartet swept the fours while E. Farthing's Stouffville trio took the Colt Triples in three straight victories.

In the second playoff of the competitions, George Parrish of Brockville won the singles title with a 5-0 win over G. Knox of Agincourt. Both bowlers finished their three-games contest with two wins and a loss.

The Whitby four of Adams, Ward Rick, Harry Lott and Tom Murdock defeated Kingston's Bill Duncan, Harold Buck, Bill Dunne Sr. and Dick Ethey 17-13 in the first game. They won over Ottawa's Gerald Whidley, George Thomas, Dr. W. Grant and skip Wilfred Wert, 18-18 in the second game and took the title with a close 18-17 victory over Agincourt's Jack Rutherford, W. Walton, St. Ellis and G. Hilson.

Kingston finished second with a 2-1 record; Ottawa third with 1-2 and Agincourt with 0-3.

Kingston defeated Agincourt 18-17; Ottawa 24-7 and lost to Whitby 17-13. Ottawa won over Agincourt 21-15 and bowed to Whitby 18-16 and Kingston 24-7. Agincourt lost to Ottawa, 15-22, Kingston 17-18 and Whitby 18-17.

The Stouffville trio with Farthing, H. Brammer and C. Wagg defeated Oshawa's Ed. Lulenburg, C. Baxter and D. Reynolds 14-11; won over Kingston's D. Clark, Dugal Dougal and E. Moses 26-13 and swept the title with an 18-15 win over Brockville's W. Ralph, J. Bell and S. Henderson.

Oshawa defeated Brockville 20-13 and Kingston 18-9. Brockville won over Kingston 22-14 and lost to Stouffville and Oshawa. Kingston lost to all three contenders.

In the pair Belleville won over Richmond Hill's C. Lynett and J. Grainger 21-10 and Oshawa's R. Gallager and G. McMillan 21-10. They lost to Prescott 15-26 in the second game.

Prescott defeated Belleville and Richmond Hill 21-13 and lost to Oshawa 26-17 in the first game.

Oshawa defeated Prescott and lost to Richmond Hill and Belleville. Richmond Hill defeated Oshawa and bowed to Belleville and Prescott.

Singles champion George Parrish of Brockville defeated Agincourt's G. Knox 21-17 and Cobourg's V. Foxhall 21-11 after bowing to Trenton's Bill Fuller 21-13 in the first game.

Agincourt's Knox turned back Cobourg 21-12, defeated Trenton's Fuller 21-15 and lost to Brockville's Parrish 21-17 in the second game.

The Cobourg entry defeated Trenton and lost to Agincourt and Brockville. Trenton defeated Brockville and lost to Cobourg and Agincourt.

As was noted Brockville's Parrish won the playoff with Agincourt's Knox 5-0.

Chairman Gerald Hyde and his committee arranged and conducted the playdowns in excellent style.

The zone winners take part in the provincial finals slated for Hanover, Ont. August 1st. Provincial champions meet in Vancouver in August for the national titles.

Wings Hurler Has No-Hitter

COLUMBUS, Ohio (AP) — John Miller, who lost 13 straight games last season, pitched a seven-inning no-hitter for Rochester against Columbia in the International Baseball League Sunday.

Miller walked three and fanned seven for a 2-0 victory in the second game of a doubleheader. He was helped by a leaping catch by left fielder Curt Blefary that deprived Columbus pinch-hitter Julio Gotay of a homer in the sixth inning.

Rochester also won the first game 6-1.

Breaks Olympics Record

Vancouver Eight For Tokyo

ST. CATHARINES (CP)—A Vancouver eight-oared crew that will represent Canada at the Olympic Games in Tokyo this fall flashed over the 2,000-metre course Saturday in five minutes and 36.6 seconds, 20 seconds better than the existing Olympic record.

The combined Vancouver-University of British Columbia crew, who Tuesday won the Olympic trials here, rowed the event during the final day of the Royal Canadian Henley Regatta.

The St. Catharines Rowing Club, which has placed a four-man crew on the Olympic team, won the regatta points championship for an unprecedented fourth straight time with a total of 421 points during the four-day competition.

Buffalo West Sides finished second with 148 points among the 32 rowing clubs from Canada, the United States and Mexico. Detroit Boat Club was third with 134½ and Vancouver, the only other club to reach the 100 mark, was fourth with 118.

The Vancouver crew, stroked by Daryl Sturdy, won the championship eights at a steady 44 strokes a minute, edging the defending champion Detroit Boat Club.

Art Gottfredson, a 30-year-old Toronto electrician who has also been named to the 1964 Olympic team, posted a three-length victory over Jeff Kreger, 19, of Wyandotte, Mich., in the singles final.

St. Catharines, which won four events Thursday and five more Friday, swept the 125-145- and 155-pound eight-oared finals and added the senior 145-pound coxswain fours Saturday.

The West Sides held on to second place in the points standing on the strength of wins in the senior heavy fours and the senior 155-pound fours Saturday. The West Sides posted a time of 6:11.4 in the senior fours and 6:27.5 in the 155-pound fours.

The St. Catharines senior four, which qualified Tuesday for this Olympic Games, was scratched during the final day's events when bowman Daryl MacDonald took sick.

Toronto Argonauts, boosted by Gottfredson's win, placed fifth in the points race with 26½.

CARDINALS NOT MOVING

ST. LOUIS (AP) — St. Louis football Cardinals will stay in St. Louis, Charles and Bill Bidwell, president and vice-president of the National Football League team, said Sunday. The formal announcement ended months of speculation that the team might move to Atlanta.

Minor Softball Results

Belleville's minor softball teams lost a pair of close decisions and another by a bigger margin in an exhibition series in Cobourg on the weekend.

Cobourg Squibs nipped Belleville 11-10 and the Bantams shaded the visitors by a 5-3 score. The Quinte Peewees absorbed an 11-1 setback.

Return games are planned for Belleville next weekend.

Great Way to Stay Young Says Curtis, Father at 38

By BOB THOMAS

HOLLYWOOD (AP) — Tony Curtis' prescription for staying young: Have 2 children to brighten your middle years.

This might be the enthusiasm of a new father His wife, Christine Kaufmann, recently gave birth to their first child a daughter.

"Look at her!" Exclaimed Tony in his trailer on The Great Race set, offering snapshots. "Have you ever seen such a beautiful baby? You know how most babies have wrinkled faces? Look at this one. Not a single wrinkle."

After his burst of paternal pride had simmered down, Tony philosophized about future plans for his family:

"You know what I want to do? I want to have three or four more children. I want to have them keep coming as I get older, and I'll spend all the time I can with them. I also will work out an arrangement whereby I can have my other two daughters (by Janet Leigh) for two or three months of the year. I must take them to Europe with me.

"What a great way to stay young, if you're with your children a great deal, play with them. Their youth is bound to rub off on you."

Unlike some film stars, Tony does not appear to be overly concerned about encroaching age.

FIGURES IN HALVES

In fact, he is the only star I recall who not only figures his age accurately, but in halves.

"Right now I'm 38½," he remarked. "At that age most men have completed their families. I'm lucky to have a wife who is young enough (15) to go on having children until I'm an old man."

He didn't say whether Christine has been consulted on this matter, but he did report that the German lass is delighted with motherhood.

Tony Curtis makes no predictions about how long he can last in the movie business.

"Today's movie star faces the toughest competition in the history of Hollywood," he said. "... Television isn't the only competitor. We've got to fight everything else for the entertainment dollar, from baseball to bowling.

Dutch Lead Bike Race

MONTMAGNY, Que. (CP) — A rookie Dutch team held a slim but surprising lead today after the first day, two-lap run of the 1,500-mile Tour du St. Laurent bicycle race.

The field of 81 today were to cycle the third lap, a tough 150-mile side from Rimouski to this river town, about 40 miles east of Quebec City. The 11th annual international race began Sunday in Matane.

The competitors finished the first lap of miles to Rimouski and then engaged in a 30-mile closed-circuit lap on Rimouski's main streets.

Holland has a time of 8:46.34. Poland is second with 8:46.58, followed by West Germany, Russia, England, Switzerland and France.

An Ontario team of Heinz Reinhold, Giacomo Segat, Frank Vettoor and Zeiko Perkupec finished behind France.

The tour ends Aug. 9 in Quebec City.

Defeats Weslock 4 And 3

Cowan Ont. Amateur Champion

TORONTO (CP)—Gary Cowan looked back over nine years of near misses Saturday and said simply: "It's about time I won it."

Cowan, the 25-year-old Kitchener insurance salesman, had just won the Ontario amateur golf championship, defeating five-time runner Nick Weslock of Toronto 4 and 3 in the final round of match play.

Cowan, who has won just about every amateur title he has ever sought, had been trying for the Ontario championship since turning 16. His record of near misses was almost as impressive as his record of amateur laurels.

Since 1955 Cowan, current world amateur champion, had been defeated twice in the final, twice in the semi-finals, four times in the quarter-finals and once in the qualifying round.

He just made the finals Saturday, defeating Gordon Ball of Toronto 2 and 1 in a two-up decision.

LOSES ONLY TWO

Going against Weslock, the man who has won the title more times than any other golfer, Cowan was the underdog. But he lost only two of the 15 holes played to the 46-year-old veteran over the Weston Golf and Country Club course and held a five hole lead after the first nine holes.

Cowan ran down a 30-foot putt for a two-under-par three on the 474-yard third hole to beat Weslock's birdie and even count. Weslock had taken the first hole. They halved the second. A long shot and a four-foot putt for par on the fourth put him out front for good.

Weslock, the wedge artist, lost his pitching perfection on the next three and went over on each to drop five behind at the turn.

Weslock rallied briefly on the back nine, making a wedge shot from 66 feet for a birdie two on the 11th. But he was three behind on the 15th, facing a long putt which he had to make to stay in the running. It stopped inches from the hole.

Russ Jackson Spark Plug

Ottawa Defeats Eskimos

OTTAWA (CP) — Quarterback Russ Jackson threw two long touchdown passes and ran for two other majors Saturday night to lead Ottawa Rough Riders to a 23-20 win over Edmonton Eskimos in a Canadian Football League exhibition game.

Jackson was the dominant figure in the game watched by a film crowd of 10,032. It was the third straight exhibition win for the Riders, all against Western Conference clubs.

Whit Tucker, a University of Western Ontario graduate with breakway speed, caught both Jackson's long throws. The first one was a 97-yard pass and run play and the second consumed 62 yards.

Jackson also ran 13 yards for a touchdown after a pass play was broken up and topped off a fine night's work with a boot that put Ottawa into a 20-0 lead.

Tackle Moe Racine kicked a 20-yard field goal, a 15-yard single and four converts to round out the Ottawa scoring.

Both Edmonton touchdowns came on offensive plays. Ron Qullan crashed over from the two-yard line and middle guard Jim Stinnette picked up an Ottawa fumble and ran 32 yards for the score.

Jim Mitchell kicked the remaining eight points for the western club. He clicked on 37 and 24-yard field goal attempts and on his two convert attempts.

TV—Radio Column

Busy as Store at Christmas Preparing Fall's TV Shows

By CYNTHIA LOWRY

HOLLYWOOD (AP) — This film community, which produces about one-third of U.S. television's entertainment shows, is as busy as a department store the week before Christmas.

Actors in 35 new shows are getting the feel of their parts. Performers in the returning shows are getting back into the eight harness of shooting schedules. Many of them are moving into new areas. Even Lassie must get accustomed to a new owner because the show's producers have changed the story line.

If a new trend is notable, it is toward comedy-fantasy, following the success of last season of My Favorite Martian. This season we will have four more of similar type.

For still-another season comedy will be the most popular type of program in terms of numbers. There will be two innovations—ABC's Peyton Place, a half-hour show seen twice a week with a continued story, and a 90-minute NBC show, 90 Bristol Court, which is really three half - hour, related comedies.

Great professional interest is focused on two action-adventure series: NBC's 007 Bagnes, about international confidence Niven and Gig Young, and its James Bond-like The Man from U.N.C.L.E. If they are embraced by the public, the glossy, sophisticated action could be the TV trend a year hence.

The summer months have, as usual, proved pretty quiet. NBC's On Parade and CBS' occasional Meredith Willson shows were pleasant variety programs, but CBS' On Broadway Tonight was disappointing, mostly because host Rudy Vallee proved stiff, inept and had a hard time reading his cue cards.

Sports Calendar

SOFTBALL

Tonight — B and D. playoffs. Pre-Cast Products vs Ellis Juniors, CNRA Park, 6.45 p.m.

PICK UNIFIED TEAM

TOKYO (Reuter) — East and West Germany will send a 330-member unified team to the Tokyo Olympic games.

At the Park

OPENS TONIGHT

Anatomy of the "Dogface" Shown in "The Thin Red Line."

"Dogface," they called him; a young man or really just an adolescent, a boy, pounded and shrunk to mass specifications and reduced to a number, fighting in the mud, subsisting on "C" rations, sleeping exhausted in slit trenches.

He used to look up admiringly at the planes, envying the knightly pilots who, at the worst, could only died, but if they made it back would dine on the best chow in the service and sleep between sheets. And he loved those artillerymen back there for the shells they would lob over to cover his crawling advances.

The beglamored flyers and the gunners spoke with deference of Dogface as the real soldier of the war. But he wouldn't hear them. He never knew.

Now, if he survived, he must. "The Thin Red Line," filmed in Cinemascope from the James Jones novel opens tonight at the air-conditioned Park Theatre, Bridge Bays, is a reminder that the infantryman is moving into his own at last. With the end of World War II being told piecemeal in films that is his. "The Longest Day" and the others that are begins to look like a major cycle, it is time for "Hey, you" of the war who is getting most of the attention and the credit, if not the glory.

For it never looks like glory when you really see it, and this is a cycle that pulls no punches.

Jones, of course was there. He was a GI in Honolulu when the Japanese struck, and has told of that in "From Here to Eternity." Later, he was wounded at the Battle of Guadalcanal, the setting for the "Thin Red Line."

The psychology of the green foot-slogger in combat, his fear, cynicism, rebellion, desperation, his terrible loneliness, the feeling of brotherhood with, almost to love for, the small comp-panions-in-arms who share his lot, the relentless drive that somehow generates the brave ones —all this Jones has set forth powerfully at first hand.

ON THE SAME PROGRAM

Among the screen's most exciting scenes are those played by Perren Nesbitt and Julie Hopkins in the hayloft of the abandoned barn in Allied Artist's "Life in Danger," a drama of nerve-shattering suspense. Complete shows at 7.00 and 9.00 p.m.

Soviets Lose To US Team

LOS ANGELES (AP) — With two world records headed for the book, the Soviet Union and the Russians flew home for extra intensive training for the Olympic games.

Such was the windup of the sixth dual meet between the two most powerful countries in the world of track and field.

A crowd of 35,000 turned out for the final day Sunday, bringing the two-day total to 106,643.

The final scores in men's events, U.S. Russia 97; in women's events, Russia 59, U.S. 48 and overall, U.S. 187, Russia 136. It was the first time the U. ted States won over-all.

Ralph Boston, 26, of Tuskegee, Ala., Ala., set a world record in the long jump at 27 feet, 4¾ inches.

Jim Grelle for his victory in the 1,500-metre run and Dallas Long, 27-10 in the shot put.

Invite Stratford

WINDSOR, Ont. (CP) — The council of the recently-reorganized western Ontario junior B section of the Ontario Hockey Association voted Sunday to ask Stratford to enter the group as a sixth team.

The western Ontario group is composed at present of teams from Windsor, Sarnia, London, St. Thomas and Chatham. Stratford plays in the seven-team Central League.

THEATRE FEATURE TIMES

AT THE BELLS — Jerry Lewis as "The Patsy." Also Bobby Darin, Everett Sloane, Phil Harris, John Carradine and Peter Lorre in his last screen role.

AT THE PARK — In Cinemascope. "The Thin Red Line" with Keir Dullea, Jack Warden, Marsha Jordan, 1.30 - 3.30 - 5.30 - 7.30 - 9.30. Directed by Andrew Marton. Produced by Darryl F. Zanuck. Screenplay by Stuart Whitman, Reedy McDowall.

AT THE BELLEVILLE DRIVE-IN — Double feature. Jerry Lewis in "Bellboy" and Bobby Darin, Sandra Dee in "Come September." Also Cartoon. Starts 9 p.m. Saturday.

At the Belle

Three Generations of Wynn's in Jerry Lewis' "The Patsy"

For the first time on the screen, three generations of a famed entertaining family appeared together when Ed Wynn and his grandson joined Keenan Wynn in Jerry Lewis' Technicolor comedy for Paramount, "The Patsy," showing today and Tuesday at the Belle Theatre.

Ed, for many years "The Perfect Fool," will appear as himself in a cameo role. His son, Keenan, has a co-starring role in this rollicking film and his grandson, Ned, makes his film debut in a comedy role. Ned, son of Keenan, has had acting experience in the La Jolla Players in California.

"The Patsy" was directed by Jerry Lewis and produced by Ernest D. Glucksman.

The cast includes Ina Balin, Everett Sloane, Phil Harris, John Carradine and Peter Lorre in his last screen role.

WINS SEDANS RACE

FRANCORCHAMPS, Belgium (AP) — A Mercedes 300 SE driven by Belgians R. Crevits and G. Goselin won the Francorchamps 24-hour race for sedans Sunday.

BREAKS OWN RECORD

PERTH, Australia (AP) — Paraplegic William Mather Brown, 28, of West Perth, pressed a 256-pound weight Sunday to break his own paraplegics' weightlifting world record. He was competing in trials to select a team to represent West Australia in the interstate paraplegic sports at Adelaide in September. His previous record was 250 pounds.

Astrological Forecasts

By SYDNEY OMARR

For July 28

Aries (Mar. 21 to Apr. 19): Be discreet, secretive. Don't give away your punch lines. One you trust may surprise you. Be ready to face issues as they exist. Reading tonight could provide valuable clues.

Taurus (Apr. 20 to May 20): Good for being with people who make you happy. Avoid those who pull "long faces." Excellent for surprise parties, social affairs. Your sense of humor gains everything!

Gemini (May 21 to June 20): One in authority may test you. Show you are able to handle details. Avoid being clock watcher. Display enthusiasm. Spotlights on career aspirations, loved ones. Pride.

Cancer (June 21 to July 22): Emphasis on correspondence, creative activities — journeys of the mind. Fulfill potential. Follow through on ideas. Obtain hint from today's Sagittarius message.

Leo (July 23 to Aug. 22): Money complexities should remind you of past promises. Concerns budget, savings program — be curbing of extravagance. You have recently learned valuable lesson. Apply it!

Virgo (Aug. 23 to Sept. 22): Family member can offer sound advice. Don't resent those who wish to aid cause. False pride today could prove costly. Key is co-operation. Don't attempt to force your views.

Libra (Sept. 23 to Oct. 22): The more practical you are concerning diet, rest, health — the better. Much in your favor, but you simply cannot do everything at once. Don't scatter forces. Be calm!

Scorpio (Oct. 23 to Nov. 21): Time which features love, romance — basic changes. Nothing stands still. You can see this truth tonight. One you trust needs help. Give it! Be open . . . and "warm."

Sagittarius (Nov. 22 to Dec. 21): Relief of pressure highlights day. Threatens to security are removed. You start anew. Many express admiration for recent stand. Now, take deep breath and — go!

Capricorn (Dec. 22 to Jan. 19): You can put ideas into action — and can complete travel plans. Notice that recent delay did not really hold you back. Cancer, Sagittarius messages contain valuable hints.

Aquarius (Jan. 20 to Feb. 18): Share interests with fellow workers. Help others to know you. Come out of shell. Recent disappointment was not serious. Realize this and start living more fully again!

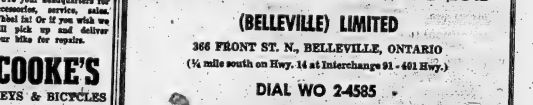
Pisces (Feb. 19 to Mar. 20): Cycle high. Express independence of thought, action. Present original ideas. Throw aside natural shyness. Best now to show off your abilities.

If today is your birthday . . . you have a way of generating enthusiasm. Would make wonderful entertainment manager, producer, promoter.

General Tendencies: Cycle high for Pisces, Aries, Taurus. Special word to Aquarius: Attend party — club meeting also brings benefit. Get out and around. Sea — and be seen.

COMB ROOM

WIRKSWORTH, England (CP)—A new mirror is to be fitted in the town hall of this Derbyshire community for the benefit of hair-conscious boys. The council agreed to provide a mirror after boys attending dances complained there was nowhere for them to comb their Beatle cuts.



We're your headquarters for accessories, service, sales. Wheel in! Or if you wish we will pick up and deliver your bike for repairs.

They'll Do It Every Time — By Jimmy Hatlo

Planes Shade Latta 8-7

Plane's Concrete scored four times in the last inning to shade Latta 8-7 in a tight South Hastings baseball game Saturday night.

Latta held a 3-2 lead in the opening frame and made it 7-3 when the third. Plane's got a run in the fourth to close the gap. Then tallied the big four in the top of the sixth for the decision.

R. Clapp hurled six hit ball, fanning eight and walked four on the Plane rubber.

Lorne Cronkright gave up seven hits while fanning eight for Latta. He did not walk a batter but five errors made his effort difficult. The winners arred twice.

The winner's hits were shared by Don Forsythe, with a double, Ken Forsythe, Ross Parks, Pat O'Connor, Len Harvey, Butch Clapp and Ross Empey.

Doug Rollins hit a double and a triangle, Bob Smith a home run and Gary Ray a double for Latta. Howard Meeks and Bob Sills had a single apiece.

Planes	200 204—	7 2
Latta	304 000—7	6 5

Batteries: B. Clapp and L. Harvey; L. Cronkright and D. Rollins.

Sets Three Canadian Swim Marks

BRANTFORD (CP) — Louis Kennedy, 13, of London, Ont., set three Canadian records Saturday in the Ontario outdoor swimming and diving championships.

Competing in the 13- and 14-year age class, Miss Kennedy set Canadian records in the 110-yard freestyle, the 55-yard backstroke and the 220-yard freestyle. She captured the 110-yard freestyle in two minutes 38 seconds to better the previous Canadian mark of two minutes 31.7 seconds. Her time of 38.3 seconds in the backstroke broke the previous mark of 37.1. And she swam the 220-yard freestyle in 1:04, two seconds faster than the previous record.

Dan Sherry of Toronto set one Canadian record in the 13- and 14-year age class for boys. His time of 1:10 for the 110-yard backstroke was eight-tenths of a second faster than the previous mark.

Cynthia Goyette of Detroit set an open record in the senior women's breaststroke with a time of 2:54.2. The previous best mark was 2:57.2.

David Lean Finished Third In Ski Meet

STE. AGATHE, Que. (CP)—Defending champion Bob Beacock of Edmonton won the Canadian water ski championships Sunday, capturing combined honors in jumping, slalom and trick riding.

He set a Canadian record in trick riding by scoring 2,250 points, 60 better than the previous mark.

Jean Perrault of Sherbrooke, Que., a member of Canada's water ski team, was second in the over-all standings. Third was David Lean, Belleville.

Janice Griffiths of Toronto set a Canadian record in winning the women's combined title. Miss Griffiths scored 960 points on the slalom with a speed of 35 miles an hour. The former mark was 32 miles an hour.

Eastern Track Meet

Establish 15 New Marks

SUMMERSIDE, P.E.I. (CP) — A total of 15 records were established in the two-day Eastern Canadian age-class track and field championships which ended here Saturday. Ten of the records were broken Friday.

One record was equalled Saturday and two marks established in events not held before.

Margaret Chatland of Toronto gained the highest individual aggregate during the meet with 1½ points, while Mike Mercer of Oakville scored 15 points for the highest men's aggregate.

In the men's junior 440-yard hurdles Saturday, Wally Brown of Toronto broke the record with a time of 60 seconds, new records fell in the women's midget 440 relay and men's junior 880 relay.

A team consisting of Stephanie Binion, Cathy McDade, Nancy Leslie, all of Hamilton, and Darlene Allems of Kitchener raced to victory for the Southern Ontario Amateur Athletic Union in the midget relay with a time of 50.5 seconds.

A men's relay team from Central Ontario won the junior relay with a record time of 3:29.4. Team members were Rick Cummings, Oakville; Talmo Lepa, Toronto; Brown and David Ellis of Ottawa.

A Southwestern Ontario AAU team took eight seconds off the Canadian record for the men's juvenile medley relay. Mike McCann and Ray Tucker, both of Hamilton, Peter Bodkin of Burlington and Dave Austen of London ran the event in 3:29.4.

Judy Dalghren of Ottawa threw the discus in the women's midget class Saturday a distance of 117 feet one-half inch, bettering the previous mark by two feet nine inches. Ardele Wallace of Thorold, Ont., was second.

Two records were set in two new events. In the women's juvenile 880 yards, Serena Doucette of Oakville established a mark of 2:19.3.

Cameron Crosby of Toronto broke the men's midget discus record by one foot, 4 inches, establishing a mark of 150 feet 10 inches for another new relay.

Wins Insurance Open
Venturi Banks $7,500

HARTFORD, Conn. (AP) — The game of U.S. Open champion Ken Venturi fell short on the last two holes Sunday but he withstood challenges from Al Besselink and Sam Carmichael to capture the Insurance City Open golf tournament.

Venturi, a 32-year-old pro, needed two more under par for the day and two more ahead of Besselink, playing in the threesome behind him.

Venturi's first shot on the par-4 12th hole bounced off a spectator and it took him two more strokes to get to the green, where he three - putted for the second straight hole.

PAR IN TENT

Besselink's second shot went over the green on the 14th hole's tent. He was permitted to move the ball without penalty when pitched ball hit the tent pin and a possible victory. But the ball rolled to the apron and he needed two more shots to hole out.

Carmichael, playing in the threesome with Besselink, approached the final hole one stroke behind him and three behind Venturi. He missed a six foot putt which would have given him a first-place tie and finished with a par 71.

Al Balding of Toronto finished with a 68 on Sunday, for a 69-69-71-68—276 total and $972 in prize money.

The Tracks

FORT ERIE, Ont. (CP) — Franklin Road Stable won the $11,475 Bison City Stakes at Fort Erie in near-record time. With Avelino Gomez in the saddle and 13,349 fans looking on, Hamblin Road, owned by Mrs. Hall of Toronto, went on to win by six lengths in 1:43.3, one-fifth of a second behind the track record. Hidden Treasure established in 1962.

Hamblin Road returned $3.20, $2.50 and $2.30 as the five-to-five choice. Royal Tara was second and Menaris hung on to third.

The daily doubles of Navy Gold and Hamblin Road paid $96.60 while the quinella of Menadiet and Sky Diver in the fifth paid $37.60.

Jax Suns Take Pair From Leafs

By THE CANADIAN PRESS

Every time things started to look rosy for the home side, the public-address system at Toronto's Maple Leaf Stadium bellowed:

"Schnilz now pitching for Jacksonville."

In five successive games, Barney Schultz sauntered in from the bullpen. In one of them he walked off with the victory. He saved three more. The fifth was beyond human help, giving the Leafs their only victory over Jacksonville Suns.

Schultz held the International League leaders in both ends of Sunday's twin bill as they downed the Leafs 5-1 and 4-3, making a total of 12 saves for the season. He won Saturday's 5-2, giving himself a new 7-4 won-lost record.

The second - place Syracuse Chiefs finished the weekend four games back of the Suns as they whipped Richmond Virginians 11-7 and 2-0 after losing 5-1 and 4-0 Saturday night. Buffalo Bisons made it five straight over the last-place Atlanta Crackers, hammering them 9-1 and 10-2 for top of an 8-6 victory Saturday.

Rochester Red Wings rebounded from a 3-0 defeat at Columbus by sweeping 4-1 and 2-0 decisions Sunday.

2 Bears Die In CarCrash

RENSSELAER, Ind. (AP) — The sports world was stunned today in the wake of an auto crash which left two Chicago Bears' star halfback Willie Galimore and his teammate, John Farrington.

Galimore, a seven-year veteran who was drafted from Florida A and M University in 1956, and Farrington, a six-foot-three, 212 - pound offensive end spread end, were killed late Sunday on a rural road. Police said Galimore and Farrington apparently were returning to their living quarters at St. Joseph College when the sports car skidded out of control on a curve.

The car went off the road and overturned, throwing the men from the vehicle. The car then rolled over them before police said, and came to rest on its wheels.

Farrington was killed instantly and Galimore died shortly after arrival in hospital.

Galimore and Farrington had been training with the Bears in preparation for the college all star football game Aug. 7.

Crothers Sets 1,500 Metres Mark

TORONTO (CP) — The shelved four - minute mile is once again fell beyond the grasp of Canadian runners Saturday at the Metropolitan Toronto police games.

Gary Weisiger, 36, of Dundas, ran the one-mile event in 3:56.9, won the event in 4:01.0, a comparatively slow time for Weisiger, and Ryan Lepp, 24, of Toronto, finished second to tie Bruce Kidd's Canadian native mark of 4:06.4.

Bill Crothers, 23, the bespectacled pharmacist from Markham, Ont., came close to the event, but set a Canadian record for the 1,500 metres of 3:44.8. The old mark of 3:46.3 was set in the police games by Crothers last year.

Kidd, who closed fourth, will resume training for the six-mile run in the Olympic games in Tokyo this fall. Crothers will resume preparations for the 880 yards.

Campbellford News

Kinsmen Club Opens New Lighted Softball Diamond

CAMPBELLFORD — Campbellford Kinsmen Club opened their new softball diamond on the Seymour Agricultural Society grounds on Friday evening. A record crowd turned out to see the first game played on the new diamond.

The new lighting system can be seen for some distance from the town. Cutting the ribbon were G. Gilders, president of the Kinsmen Club; Dante Pace, governor elect of the District and Alex Linn, president of Seymour Fair Board.

Reeve Morden McMillan of Seymour Township threw the first ball to open the game. Alex Linn at bat, Reeve Mc Millan also thanked everyone who had contributed in any way to help the Kinsmen Club in this project, particularly Seymour Fair Board, service clubs and individuals.

Competing in the first exhibition game were CHEX-mates from Peterborough radio and television and an all star team made up of Campbellford and Seymour township softball leagues. As the game was designed for amusement rather than skill one sport observer described it as a "ball" rather than a ball game. Finished after a few innings of unorthodox baseball play, Johnny Danco, sports editor of CHEX television Peterborough expressed appreciation to the Campbellford team and Kinsmen club for their hospitality, complimented them on the ball field and wished them every success. The second game was played with Campbellford All-Stars and Frankford All-Stars competing, resulting in score 4-2 for Frankford.

Hold Junior Net Tournament

CAMPBELLFORD — Tennis in Campbellford has shown increased interest during the current season. The favorable weather on Saturday was conducive to a successful Junior Tournament. The Peterborough Juniors were the only representatives competing, with the local Campbellford club, approximately twenty from Peterborough.

SINGLES—Junior A Boys

Joop Unck, Peterborough, defeated Dwight Bennett, Campbellford, 8-6. Bevan Meyers, Campbellford, defeated Hugh Montgomery, Peterborough, 9-5. Tony Shellam, Campbellford, defeated Paul Barron, Peterborough, 9-1. Norman Grills, Campbellford, defeated Alex Young, Peterborough, 9-3.

BOYS' DOUBLES, Junior A

Dwight Bennett and Evan Meyers, Campbellford, defeated Joop Unck and Hugh Montgomery, Peterborough, 9-3. Tony Shellam and Norman Grills, Campbellford, defeated Paul Barron and Paul Barron, Peterborough, 9-6.

BOYS' SINGLES—Junior B

John Gray, Campbellford, defeated Bob Thompson, Peterborough, 9-4. Norman Albert, Peterborough, defeated Eric Meyers, Campbellford, 9-8.

BOYS' DOUBLES, Junior B.

John Gray and Eric Meyers, Campbellford, defeated Bill Innes and Norman Albert, Peterborough. Kevin McKinnon and Jim Bennett, Campbellford, defeated Jeff Perry and John Russell, Peterborough, 9-2. Terry Napper and Stephen Andrew, Campbellford, defeated Rick Skally and Tony Ambler, Peterborough, 9-8. Bill Innes and Ken Watson, Peterborough, defeated Bud Bannon and Kevin McKinnon, Campbellford, 9-4.

MIXED DOUBLES

Terry Napper and Bernadette McEvoy, Campbellford, defeated Cathy Tennant and Ron Warman, Peterborough, 9-3. Sharon Adamson and Bob Thompson, Peterborough, defeated Janet Forestell and Jim Bennett, Campbellford, 9-7. Ellen Clysdale and Rick Skelly, Peterborough, defeated Jim Bennett and Peggy Beck, Campbellford, 9-5. Bud Bannon and Donna Harrington defeated Sue Baker and Jeff Perry, Peterborough 9-7. Sharon Adamson and Joop Unck defeated Jan Rutherford and Evan Meyers 9-7.

GIRLS' SINGLES Junior A

Bernadette McEvoy, Campbellford, defeated Heather Semple, Peterborough, 9-2.

GIRLS' DOUBLES Junior A

Ellen Clysdale and Sharon Adamson, Peterborough, defeated Mary Monk and Jane Rutherford, Campbellford, 9-8. Cathy Tennant and Mary Macpherson, Peterborough, defeated Peggy Peake and Linda Stapley, Campbellford, 9-7.

GIRLS' DOUBLES, Junior B

Sue Baker and Heather Semple, Peterborough, defeated Janet Forestell and Donna Harrington, Campbellford, 9-7.

DOUBLES—Junior A

Mary Monk and Dwight Bennett, Campbellford, defeated Hugh Montgomery and Paul Barron, Peterborough, 9-2.

DOUBLES—Junior B

David Whitfield and Don Gray, Campbellford, defeated Mary Macpherson and Jeff Perry, Peterborough, 9-7.

Final scores: Campbellford 14, Peterborough 9.

Mayor Tanner Returns From West Coast

CAMPBELLFORD — Mayor Morley Tanner and Mrs. Tanner have just returned home from a family holiday, having been away since July 1st.

Mayor Tanner and family went to Vancouver, stopping en route at the Calgary Stampede.

On the return trip Mayor Tanner stopped in Chicago on municipal business. This was approved by Campbellford Municipal Council.

Councillor Robert Bennett, chairman of the industrial committee, declined to go to Chicago on the special business in favor of Mayor Tanner, who said he could include the contact on his return trip from the west coast.

Tourists Laud Marina at Belleville

CAMPBELLFORD—Mr. and Mrs. John Thwaites of St. Thomas and their guests Mr. and Mrs. "Chick" Murray of Applewood Acres, Cooksville, cruising the Trent Severn waterway called at the dock at Campbellford Friday evening on their way to Kingston and Ottawa.

Mr. Thwaites, president of Erie Iron Works in St. Thomas has cruised the Trent and other waterways on previous occasions and paid high tribute to Belleville Marina. Mrs. Thwaites stated it to be one of the cleanest and best looked after as well as the most hospitable marinas to be found on the cruise.

Mr. Murray, for some years as a member of Toronto township council, at present Deputy Reeve of Cooksville township council, one of the larger divisions of Metropolitan Toronto, with Mrs. Murray called on their friends in Campbellford, Mr. and Mrs. M. Rutherford.

The elaborate 35-foot cruiser provided adequate accommodation for the party who remained in Campbellford overnight.

CRASH KILLS 10

KINSTON, N.C. (AP) — Five white persons returning from a dance and five Negroes, four of them migrant farm workers from Alabama, were killed before dawn Sunday when cars collided head-on with such force the motors were pushed into the front seats. The death of the 10—only two survived the crash—was the worst highway wreck in North Carolina since 22 migrant farm laborers were killed near Fayetteville seven years ago when their truck collided with another.

Timmins Strike Bucks up the North

COMEBACK — The recent strike in silver, copper, and zinc in Northern Ontario promises to boost the mining towns of Timmins and Kirkland Lake. Both towns declined when the gold ore on which their economy was based began to peter out and interest in other metals in areas outside Northern Ontario arose. (CP Photo)

Cutting

(Continued From Page 1)

—reflected the apparent prostation with a grey stone front perity of the neighborhood.

But Jefferson Avenue, as did Joseph Avenue, contained hundreds of young, angry Negroes, caught in a violence that swept through the Negro community.

The sound of plate glass smashing was heard throughout the neighborhood. Store burglar alarms jangled incessantly in the sultry night.

ROCKS FLY

A barrage of rocks was fired from a dark alley at a detail of police, striking most of us in the group. The rocks did not injure me, but I felt them.

Gunfire cracked a block away.

These were some scenes that flashed by as the night wore on.

Women and teen-aged girls moving quietly from their front porches and steps to the wreckage of a jewelry store, picking up empty watch boxes, turning ring racks right side up with their shoe tips.

Finding most of the containers empty—dropped by looters as they ran — the women began racing through shattered plate windows into the store Police moved in.

'FAR ENOUGH'

"That's enough, that's far enough," said a trooper. "You are not going to start on the inside of the store."

Dark shadows moving inside a wrecked grocery store illuminated only by a single light-from the meat counter. Men running from the store carried cases of beer and bags filled with groceries.

A young, well-dressed married woman in tears as she was taken into custody, her arms filled with dresses and other clothes taken from a store.

The thumping noise and then shout of pain from a television cameraman struck in the back by a full can of beer thrown with force.

GAVE ADVICE

A veteran, soft-spoken state police lieutenant kept urging local police to ease off, not to go chasing onto sidewalks.

"Leave them alone," he kept saying. "Leave them alone. Don't cause trouble."

Two Molotov cocktails—gasoline-filled bottles—burning at an intersection.

A detective, hearing me inquire about a telephone, in extremely short supply, motioned conspiratorially. He took me to a darkened service station. A door opened, and a shotgun barrel was poked out. "It's okay, Begley, it's me," the detective said. The door opened wider. Inside were three armed men, the owners, ready to defend the place against looters.

One of the three Livingston L. Begley, locked the door behind us, picked up his gun and took his place at a window.

"Nobody's going to put a finger on this place," he commented.

Demorestville

DEMORESTVILLE — Mr. and Mrs. Edward Allen and Gale, and Earl Ferguson, spent Sunday with Mr. and Mrs. Walter Trumble, Gunter, and called on Mr. and Mrs. Albert Bailey, Madoc.

Kathy Struthers of Cherry Valley spent a few days with her grandparents, Mr. and Mrs. Wallace Bowers.

Mrs. Edna Addison, Toronto, spent a few days with Mr. Elgin Gorsline.

Mr. and Mrs. T. Trumble, Mrs. Edna Allen and Ivan journeyed to Arden to spend the day with Mr. and Mrs. Ben Hayes.

Mrs. Don Andrews, Blaine and Gregory were Tuesday guests of Mr. and Mrs. Lorne Gorsline.

COMPLETE TRIP

HELSINKI (AP)—Two Finns arrived in Helsinki Sunday after a 39-day trip across the Atlantic in their 20-foot boat. Lauri Tolonen and Reino Vasilmas arrived in Finland after a journey from the Virgin Islands, east of Puerto Rico on the edge of the Caribbean Sea.

Life

(Continued From Page 1)

there by white men.

The role of young Negroes in Rochester parallels that of those who met police in hand-to-hand battle in Harlem and in Brooklyn's Bedford - Stuyvesant section.

"There's a don't care attitude about these boys," said Ernest Dendy, a Negro social worker.

"They're saying to the white society: You're going to kill me psychologically if I live, so why not kill me with bullets?"

"The thing is that they are not afraid. These are brave boys."

"They have lost respect for authority," said Lieut. Andrew Sparacino, head of the Rochester police department's youth division.

Boys and young men from the two major Negro areas expressed bitter resentment of whites, especially of the police, and talked with a belligerent straightforwardness.

"Man, there ain't no cat going to frighten me," said a youth of 19.

They kicked that out of me when they picked hell out of me one time when they busted a crap game. They grabbed the dough and then used the clubs."

A boy of 14 who proudly wore a wound on his wrist, said:

"We are just different. My mama and pa, if it was up to them, would of locked me in the house last night. They scared. But they old and old peoples get scared. I went out and I stayed out. I didn't make it back home to maybe 4 o'clock in the morning. But nobody going to tell me what to do."

A young man of 20 bristled over the 8 p.m.-to-7 a.m. curfew imposed upon the city.

"The man comes on TV and he says: You people got to go to bed at 8 o'clock and not stick your nose outa the house. Hell, that just make the people be on the street. You think we afraid to go out? Man, we was out.'

Above 40,000 people are employed—in 80 mines in Northern Ontario. But the number of jobs has been defeating even the last 18 years CP's business editor describes conditions, as seen in a tour of the region, and explains why the big ore discovery at Timmins is so important.

By KEN SMITH
Canadian Press Business Editor

TIMMINS, Ont. (CP) — There's nothing like a billion dollars to give you a lift when you're feeling down.

If you don't believe that, just ask anyone from this Northern Ontario mining town.

Timmins has the billion dollars sitting nearby, waiting to be scooped up, in the form of the silver, copper and zinc strike made by Texas Gulf Sulphur Co. this spring.

The strike has assured the previously shaky future of a suddenly jubilant Timmins for at least a generation, and perhaps more important, it has renewed people's faith in Northern Ontario, which has been worth $15,500,000,000—enough to pay the federal government's bills for two entire years.

More than 1,000,000 people have depended on Northern Ontario for several hundred mines for their livelihood.

40,000 JOBS

For a select few, like Sir Harry Oakes, the livelihood became multi-million-dollar fortunes. For others, the men who have built towns like Timmins, the low surface, it has meant families and homes, television sets and cars, clothes and beer for the weekend.

Even today, Northern Ontario's 80 operating mines provide employment for about 40,000 people. With the forests and tourism offering almost the only other economic basis for existence, the mines contribute directly or indirectly to the well-being of most of the 500,000 people who live through Northern Ontario's 325,000 square miles.

Since the end of the Second World War, however, the golden lustre has slowly faded from many established mines and the spotlight has turned to other areas.

Prospectors found nickel in northern Manitoba; zinc, copper and iron in Quebec; more base metals in Labrador and

TREASURE AREA — For more than 50 years Northern Ontario has lived on mining. Precious metals have been discovered and mined to a total value of $15,500,000,000 — enough to pay the bills of federal government for two entire years. Mines contribute to the well-being of most of the 500,000 people scattered through Northern Ontario's 325,000 square miles. (CP Newsmap)

British Columbia. Exploration crews were pushed from Northern Ontario's mining centres and flown into the Arctic to pursue the search.

COLD PRICE FIXED

In the gold camps like Timmins and Kirkland Lake, economic set-backs brought between multiplying costs and the fixed price of $35 in United States funds for an ounce of gold, the once-thriving mines found it harder and harder to keep going, despite government aid.

Then, as inevitably had to happen, mines that had produced the yellow metal for 10, 30, 40 years and more began to reach the end of their ore bodies.

In the period from 1945 to the end of this year there will have been an estimated net loss of about 8,000 mining jobs in Kirkland Lake and Timmins alone.

The job situation is even more critical in Elliot Lake, the town that was built overnight to be a slum and that collapsed just as quickly a few years later after the U.S. did not renew its contract to buy the radioactive mineral.

As one mine after another closed—eight in all—miners and their families were forced to leave town until the population had fallen to the present 9,000 from about 30,000.

9,000 LOST JOBS

With another mine recently closed, a second to close at the end of this year, a third planning on reducing operations, El-

SAY GANGSTERS STILL RULE SEAMEN

Govt. Appoints Advisory Council For Consumers

New 16-Member Body To Speak for Public

By BRENDA LARGE

OTTAWA (CP)—Canada's 19,000,000 consumers who last year laid down $27,200,000 for consumer goods ranging from soap to mink coats have a new government body to stick up for their rights.

Health Minister Judy LaMarsh announced in the Commons Monday the names of 16 Canadians who will serve on the government's advisory council of consumers.

Dr. C. A. Morrell, 64, director of the federal food and drug directorate, is to be chairman of the newly-established council, which will advise the government on "all matters relating to the interests of the Canadian consumer."

Mrs. A. F. Plumptre of Ottawa, national president of the 25 000-member Consumers' Association of Canada, is among the 16 council members.

The only other man on the council is a 35-year-old professor of pharmacy at the University of British Columbia, Modest Pernarowski of Vancouver.

INTERESTS VARY

Other council members include home economists, a nutrition and biochemistry specialist and a number of prominent women in the Consumers' Association of Canada.

A special government body to represent the country's consumers has been requested by the association for several years.

At its annual meeting here June 4, the CAC, which was organized in 1947 to represent consumer interest, passed a resolution asking the government to set up a separate department of consumer affairs with its own minister.

At least 10 of the new council members have been associated with the national consumer organization in some capacity.

Opposition Leader Diefenbaker said in the Commons Monday that the government's action will not avail itself to the public generally. He hoped the new board will advise the government "on the rising cost of living," a problem of deep concern to consumers.

Loan Bill Assailed In Senate

OTTAWA (CP)—The government's student loan bill ran into a barrage of criticism in the Senate Monday, although most of the senators taking part in the debate said it should eventually be passed.

Most violent criticism of the bill, under which the federal government would guarantee interest-free bank loans of up to $1,000 a year for five years for university-level students, came from Senator G. S. Thorvaldson (PC—Manitoba).

"I believe this bill is so bad, so irresponsible, so simply a vote-catching gimmick that it does not even deserve to go to a committee of the Senate."

The senator said the bill was a bad thing for Canadian unity,

Bus Did Not Overturn In Accident

A misleading headline appeared in Saturday's issue of The Ontario Intelligencer over the story of the accident involving a Colonial Coach Lines bus and a car.

The story itself was accurate, but the headline stated the bus overturned. The bus did not overturn, but remained upright after striking a tree beside Highway No. 2 at Potter's Cabins, three miles west of the city.

The accident occurred as the bus pulled out to pass a car, the driver of which made a left-hand turn. The driver of the car has since been charged with careless driving.

The Ontario Intelligencer regrets any inconvenience the erroneous headline over an accurate story may have caused Colonial Coach Lines.

House's Troubles Blamed on Fact Chiefs Don't Respect Each Other

GENEVA PARK, Ont. (CP)—Ottawa author and correspondent Peter C. Newman says self-discipline among members of Parliament is necessary to improve the Canadian system of government.

"However, there is little hope for self-discipline in a Commons where the leaders of the two major parties no longer have mutual respect for each other," he told the Couchiching conference of Canadian Institute on Public Affairs Monday.

Mr. Newman, author of the controversial best-seller Renegade in Power, a book on the years of John Diefenbaker as prime minister, is national affairs editor of Maclean's Magazine. He will become an Ottawa correspondent for the Toronto Star this fall.

In his address he referred to the personal feelings between Mr. Diefenbaker, now opposition leader, and Prime Minister Pearson and their influence on the discipline of members.

"Mr. Pearson has not been able to deal effectively with the opposition because he seems to be finding it increasingly difficult to take Mr. Diefenbaker seriously."

On the other hand, "Mr. Diefenbaker gives the impression of regarding Mr. Pearson as an impostor, a man who only pretends that he is a politician."

The Conservative leader's prime minister tends to dismiss Mr. Diefenbaker as an "unworthy opposition leader," ignoring the fact that John Diefenbaker has been discredited by all the national and interfaith parliamentary groups which he (Mr. Pearson) regards as his chief confidants."

And Mr. Diefenbaker has come to view the House of Commons as an institution designed to serve his most cherished ambition to expedite his return to the hustings, where he can somehow regain his metaphysical contact with the average Canadian and keep his self-imposed appointment with destiny to return to power."

Soviets To Buy Wheat

By JOHN BEST

MOSCOW (AP) — Informed Western observers believe there is reasonable chance that Russia will be buyer of Canadian wheat again this year.

However, prevailing opinion here is that any Soviet purchases will be smaller than the spectacular $500,000,000 deal which Canada landed last year.

Last year's sale, on which deliveries will soon be completed, resulted from crop failure in Russia. Altogether the Soviet Union bought 12,000,000 tons of grain from other countries in order to avert severe food shortage.

Even making allowances for possible exaggeration, say experts, crop reports in the Soviet press point to a markedly improved harvest in 1964.

SAID 'PROMISING'

Premier Khrushchev told the Supreme Soviet two weeks ago the grain picture in most parts of the country is "rather promising." He conceded, however, that in the crucial virgin lands territory of Kazakhstan harvesting period for spring wheat will be reduced by reason of late spring.

How the harvest finally stacks up will hinge largely on Russia's ability to mobilize enough men and machines at the right time in Kazakhstan.

Whereas last year virgin lands were afflicted by drought, this year there is said to be sufficient moisture. Some regions may actually be getting too much moisture.

The winter wheat crop now being harvested is reported good in some areas but only fair in others.

Russia's import needs may be determined by the extent to which it begins the huge stockpile of grain building of which Khrushchev announced to the Supreme Soviet. Any stashing away of the stockpile probably would require purchases from abroad, say experts.

Won't Let UN Force Check Arms

ATHENS (AP) — President Makarios has rejected a United Nations request to let the peace force check arms imports by the Greek Cypriots.

The archbishop turned down UN Secretary - General U Thant's request Monday before arriving in Athens for talks with Greek Premier George Papandreou. He spent more than an hour meeting with Greek leaders that the two countries have taken an "absolute identity of views."

Asked in what direction the Cyprus crisis was heading, the Greek-Cypriot president replied, "Toward Enosis," union with Greece.

Arms for the Greek-Cypriots have been arriving in the Cypriot port of Limassol, but the UN peace force has been denied access to the docks. Thant in a message to Makarios July 22 expressed growing concern and demanded free access for UNFICYP troops to all parts of the island. Canada is a major contributor to the peace force with 1,000 men in it.

Thant said such access rights were guaranteed under the agreement which set up the UN force to seek peace between the warring Greek- and Turkish-Cypriots.

Makarios denied it.

IS COSTLY

TORONTO (CP) — The medical "brain drain" to the United States is costing Canada the equivalent of three medical school graduating classes each year, a Toronto researcher said Monday. Dr. W. Stanley Hartroft said in an interview that if the drain continues, it will be difficult to maintain high standards of medical education in Canada.

'Ginger' Keeps Catlike Eye on Winnie

CHURCHILL HEADS FOR LAST SESSION AS MEMBER OF PARLIAMENT —With his cat "Ginger" leading the way, Sir Winston Churchill leaves his Hyde Park Gate, London, residence to attend what is expected to be his last session as a member of the House of Commons. He is not seeking re-election. When he entered Parliament 64 years ago, he was 25. Today he is 89. Others in photo are unidentified. (AP Wirephoto via cable from London)

House Bids Winnie Farewell

LONDON (CP) — The House of Commons today says fond and sentimental farewell to Sir Winston Churchill, whose career as a member of Parliament dating back 64 years is drawing to a close.

It is a sad milestone in the life of the man who has tenaciously clung to his place in the House he loves, until now contemptuous of the weight of years and the devastation they bring.

Apparently only the growing awareness on his own part that his strength no longer permits him to continue has forced his hand in accepting the inevitability of retirement.

The child of the House of Commons whose servant I am," he once said of himself, and these words were recalled again when, resigning as prime minister in 1955 at the age of 80, he refused the customary reward of a peerage to remain a commoner and a member of the Commons.

Only now, approaching 90, has he finally yielded to the pleas of his wife, doctors, family and friends and surrendered to time.

The House resumes Friday for the summer holiday and, bar-

Troops Are Sent to Pacify Religious Sect in Rhodesia

LUSAKA (Reuters) — Strong police reinforcements were sent Monday night to a remote area of Northern Rhodesia's northern province, where 31 persons were reported killed and 15 wounded during the weekend in flareups of religious violence.

Six truckloads of troops left here Monday morning and additional troops were being sent from the copper belt town of Ndola.

Government planes, circling the area where police had engaged in bloody battles with followers of the Lumpa religion, reported seeing 30 burned-out villages. All were within a seven-mile radius of Chief Lumpa the Lumpa church headquarters.

The Lumpas are a fanatical religious sect, following both Christian beliefs and superstition, founded by a former Chris-

PC's Receive Little Help In Bid to Delay Flag Bill

OTTAWA (CP)—Chapter one of the promised long battle setting the stage for renewal of the flag debate passed Monday in the Commons.

The Conservatives came out swinging but got virtually no help from the other opposition parties.

Only two speakers from other parties participated in the first day's debate on the government request for interim spending authority from July 31 to Sept. 30.

After that it was left to the Conservatives to carry the full load of debate. It took them 11 speakers to spin it out until the adjournment hour.

There wasn't a peep from government ranks, although La-

'I Was Wrong Backing Millard' Says Fisher

He and Diefenbaker Ask Probe of Trustees

By RONALD LEBEL

OTTAWA (CP) — An aroused opposition charged in the Commons Monday that gangsters still rule Canadian seamen, with the connivance of the government and the federally - appointed maritime union trustees.

Opposition Leader Diefenbaker and Douglas Fisher, New Democratic Party House leader, called for a searching parliamentary investigation into the three trustees' activities, or lack of them.

Eldon Woolliams (PC — Bow River) charged that Hal Banks, deposed boss of the Seafarers' International Union of Canada (finds), paid off fervent last-minute calls to escape detention on a Quebec contempt-of-court conviction.

Mr. Fisher said the SIU continues to persecute seamen who oppose Banks, despite the loss of jobs. The government had bilked and bamboozled Parliament.

Mr. Diefenbaker said the trustees have not interfered with Leonard (Red) McLaughlin and other Banks henchmen even though Mr. Justice T. G. Norris had recommended they be prosecuted for conspiracy and other offences.

DENIES CHARGE

Donald S. Macdonald, parliamentary secretary to Justice Minister Favreau, denied Mr. Woolliams's claim that Banks "purchased his freedom at the hands of the Liberal government."

Labor Minister MacEachen's office said the minister may make a statement today when debate continues on a routine bill to give the government spending authority for August and September.

Mr. Fisher said a deal had been made informally between Mr. MacEachen or his representatives and Paul Hall, boss of the parent SIU in the United States. The deal was that the new leaders of the Canadian SIU would be given a free hand to combat Communist influence and in return the SIU would guarantee labor peace on the Great Lakes this summer.

Mr. Diefenbaker said Red McLaughlin, "this man whose record described him as a gangster," now discharges the responsibilities of SIU president.

All trustees in the Commons agreed that McLaughlin is unacceptable. Mr. Fisher said that the trustees appointed by Par-

US To Send 3,000 Men To V. Nam

WASHINGTON (AP) — The buildup of U.S. military manpower in South Viet Nam may include the addition of up to 3,000 army men to provide more on-the-spot advisers and trainers in the battle zones.

Another 200 or 300 American navy men and a somewhat larger number of air force men are expected to be included in the over-all expansion of several thousand over a period of some months.

Washington officials say about 16,250 American military advisers and trainers already are in South Viet Nam, deployed in the field with government forces or with headquarters staffs.

Here's how the total breaks down:

Army, about 10,000; air force, about 5,000; navy, about 750; marines, about 500.

There was speculation that the boost in aircraft strength may mean the assignment of more C-123 transport planes. The C-123, a propeller-driven plane designed for landings and takeoff on short fields, has proved particularly valuable in supply and other missions in the war against the Viet Cong insurgents.

WORK AT SEA

In addition to work at military assistance headquarters and in schools, a major mission of the U.S. Navy contingent is working with the small craft patrols of the South Vietnamese navy, manning junks and sampans carrying supplies for the guerrillas.

Infiltration routes which the patrolling craft to advise on tactics and to check on the performance of Vietnamese who have been trained in anti-smuggling work at sea.

The task of patrolling both the 1,200-mile coastline and the scores of rivers which empty into the sea is immense. It is estimated that more than 4,000 inspections are made each day.

Training and advisory staff members who have returned from duty in Viet Nam say the

Wagner, King Racial Conference Arouses Ire of Harlem Leaders

NEW YORK (AP)—Dr. Martin Luther King Sr. conferred with Mayor Robert F. Wagner today about New York's racial situation and Harlem leaders expressed anger that King did not consult them first.

King said after the 394-hour meeting, which ended at 2 a.m., that he would meet with "summit leaders" in the riot-torn sections of New York City.

Before leaving Atlanta, Ga., Monday night, King had urged Negroes in New York to halt "senseless violence," warning that they could set back the civil rights movement. He also said he might make a decision this weekend in Rochester, N.Y., scene of weekend rioting last week.

New York City policemen testified Monday in a state Supreme Court hearing that William Epton, a Negro and self-described Communist, told a secret Harlem meeting last week that "the state must be assassinated," and "we're going to have to kill cops and judges."

Justice Gerald P. Culkin continued a preliminary hearing order against demonstrations by Epton's group, the Harlem Defense Council.

Harlem community leaders met Monday night to form a "unity council."

L. Joseph Overton, a leader of the Harlem Labor Council, said the leaders of 30 political, religious, business and civic organizations in Harlem agreed on a list of issues, including two demands:

1. The suspension of white police Lieut. Thomas Gilligan, whose fatal shooting of a Negro boy touched off the bloody July 16 riots, and he be fired in self-defence.

2. The "immediate appointment by the mayor of a representative independent civilian review board with subpoena power," to deal primarily with charges of police brutality.

The police department began assigning more Negroes to Harlem. Five Negro sergeants replaced five white sergeants. And similar re - assignments are being considered for the Bedford Stuyvesant section, a predominantly Negro section of Brooklyn.

Butler Asks Reds to Help Pacify Laos

By SIDNEY WEILAND

MOSCOW (Reuters) — British Foreign Secretary Richard A. Butler made a powerful appeal to the Russians today to continue working with Britain to keep peace in Laos, informed sources said here.

He began a five-day Moscow visit by calling on Premier Khrushchev at the Kremlin and on Andrei Gromyko, the foreign minister, for wide-ranging talks.

The sources said Butler's strong appeal for continued cooperation over Laos was one of the main factors in this morning's discussions.

They said he warned Gromyko that a chaotic situation in Laos would benefit "only those who are not necessarily our friends."

Butler urged the Soviet government not to carry out an implied threat made on the eve of his visit to give up the co-chairmanship of the 1962 Geneva conference on Laos.

Britain is the other co-chairman. Both countries share responsibility for safeguarding the neutrality of the Southeast Asian kingdom.

Butler said he plans to submit new ideas on Laos to Gromyko. The Soviet minister said they will be studied by the Kremlin.

Informed sources said these "new ideas" probably would be handed to the Russians later today.

The sources said Gromyko expressed grave alarm at the situation in Laos but said Moscow

Will 'Answer Shot for Shot If Another Killed' - Castro

AP-Reuters

SANTIAGO (CP)—Fidel Castro warned the United States Monday night that Cuba will "answer shot for shot" if "another man is murdered" by U.S. Marines at the Guantanamo naval base.

The Cuban prime minister held a 2½-hour press conference for 33 American newspaper men visiting Cuba at his invitation and 40 other foreign newspaper men who came to Santiago for the celebration of his 26th of July revolutionary movement.

Castro again rejected the U.S. denial of his charges that U.S. Marines killed a Cuban sentry at the Guantanamo border two weeks ago.

Castro made clear that he would not give up his ties with the Soviet Union to improve relations with the United States.

"Cuba wants to have the same kind of relations with the United States that the United States wants to have with he Soviet Union," he said.

"The United States tries to maintain a state of tension and at the same time wants to improve relations with the Soviet Union.

"That objective will not be accomplished. Cuba will not tolerate being separated from the Socialist bloc."

Castro dealt at length, however, on the chance of improving relations with the United States.

"We have no resentment against the American people," he said. "It would be stupidity not to be willing to discuss our differences.

"If there is willingness, a way will be found. We want to discuss, but are not in any hurry. And we are prepared not to have diplomatic and commercial relations with the United States for the next 20 years."

The Cuban leader also denounced another fierce attack on the countries of the Organization of American States which voted for sanctions against Cuba.

The U.S. lined up with the most reactionary governments of Latin America, "with gorillas and feudal lords," Castro charged.

He also said there are up to 15,000 political refugees in Guatemala, many of them "agents sent into Cuba by the CIA (U.S. Central Intelligence Agency)."

PC's

(Continued From Page 1)

bor Minister MacEachen, was expected to reply to opposition criticism today.

The Conservatives say they will carry the debate for at least 10 days, bringing it close to the time by which the pre-armament must have spending authority to meet August bills.

Only the interim supply bill and one other stand between MPs and resumption of the flag debate. The Conservatives have vowed to fight the government's proposed flag design to the point of forcing a general election if necessary.

Their main weapon is to debate at length in hopes of forcing the government to postpone further action on the flag. Prime Minister Pearson says the government intends the flag debate be concluded before Parliament gets a summer holiday.

PARK TOUGH

The difficulties came home to the Conservatives Monday. To marshal 11 speakers a day is no easy task for the party whips and the interim supply bill is only the first round.

The Liberals part of the test of long power will come after four or five days. Will the Liberals be able to keep up a consistent under the Conservatives vocal opposition?

A Conservative turned the whip on the New Democrats and other opposition parties Monday night, accusing them of not earning their pay and shielding their party responsibility to take every opportunity to attack the government.

He made the formal retort although he implied they were part of a conspiracy of silence with the Conservative determination to make the government slow down on the flag issue or face an election on the issue.

The Conservatives are working at one advantage over many of seven as-at supporters and other opposition MPs.

For several weeks groups of Conservatives have been spelling each other off so they could be assured of a day's holiday with their families.

Others have brought their families to town, benefiting some members whose families don't normally have for the per-liamentary session.

Government supporters figure this can help them in the long run. The little woman may start turning on the heat to add to the pressure to compromise in favor of packing up Parliament for a holiday.

There's a pullback by either the Conservatives or the Liberals—the former dropping their threat to filibuster interim postponing resumption of the flag debate — the prospect is for many weary hours of sit and, finally, another election.

FIND CHEST

SAMPFORD, England (CP)—A chest discovered at a Devonshire rectory was found to contain documents dating back to the 12th and 13th centuries.

Indonesia Dispute Topic Of Two PM's

OTTAWA (CP)—Tunku Abdul Rahman, prime minister of Malaysia, today plans to confide to Prime Minister Pearson the extent of Canada's willingness to help the federation in its dispute with Indonesia.

He is expected to lay specific requests before the Canadian prime minister, who has given assurance they will receive sympathetic consideration. Mr. Pearson played a leading role at the recent Commonwealth prime ministers' conference in getting a unified pledge of support for the fledgling federation.

The tunku and his 14-member official party, which included two cabinet ministers, arrived late Monday from Washington where President Johnson agreed to provide military training in the United States for Malaysian officers and to sell the country's elite combat aides of military equipment if Malaysia.

Mr. Pearson and the Commons that the Canadian government would consider requests for military equipment of assistance. The tunku is known to be interested in a reconnaissance version of the Canadair CL-41 jet trainer and he will see the demonstration of the aircraft when he goes to Montreal Wednesday.

While he was to open his talks in Ottawa today with Industry Minister Drury and Defence Minister Harkness for an hour before being introduced to other cabinet ministers. He was scheduled for a private conference and have lunch with External Affairs Minister Martin.

Butler

(Continued From Page 1)

had not yet taken final decision on how to deal with it.

The Soviet government called last weekend for a new Laos conference to meet next month, and warned that rejection of proposal might force it to give up its neutrality policy.

The source said Gromyko made it clear at today's talk that the Soviet Union has no intention of paying any part of Britain's and France's peacekeeping costs for the Congo and Middle East.

The source told Gromyko Britain is not against a 14-nation Laos conference as proposed by the Soviet Union, but wants more discussions on how it should be organized.

He said that first it was necessary to unite the Laotian factions under Prince Souvanna Phouma, Laotian premier, and to arrange a cease-fire, and for troop positions to revert to those which existed before Quang Tri.

Butler stressed Anglo - Soviet "common interests" in a Laos settlement and said it was important Britain and Russia continue to work together.

HIS INTERFERENCE

Gromyko said the 1962 Geneva agreement guaranteeing Laotian neutrality had been violated by continued interference in the country's affairs.

Russia, Gromyko said, wants only a neutral, independent Laos.

Gromyko said he could not accept Butler's view that the situation is better than it was three months ago. He called the situation intolerable, said the Souvanna Phouma government was paralyzed, and that the prime minister was a prisoner of reactionaries.

Obituaries

WILLIAM J. SHAW
Bannockburn

In failing health for some time, William J. Shaw of Madoc Township, Ha was the son of the late Mr. and Mrs. Thomas E. Shaw. He had been a resident of that community all his life.

He was employed as a trucker for the local lumber industry and was a member of St. Bartholomew Anglican Church.

Surviving are his wife the former Gladys V. Warner; two daughters, Mrs. D. (Jean) Armstrong of Millbridge and Mrs. E. (Hilda) White of Bannockburn, and one son, John.

Also surviving are a sister, Mrs. J. W. (Nancy) Hills of Brown Hill, Ont., and a brother, Fred of Belleville.

Funeral on Thursday afternoon from St. Bartholomew Anglican Church at Bannockburn.

Arrangements under the direction of the Reynolds Funeral Home, Madoc, Ont.

MRS. GRACE NICKLE

The funeral of Mrs. Grace Nickle was held from the chapel of the John E. Bush Funeral Home, 52 Highland Avenue, on Monday afternoon, July 27th. The service was conducted by Rev. Everett Smith.

Bearers were Edward Corbett, Jack Hall, Percy Hall, Frank Empey, Donald Weeks, John Carson and William Carson.

Interment was in Belleville Cemetery.

MRS. JEANETTA WALLACE

The funeral of Mrs. Jeanetta Wallace was held on Tuesday morning from the chapel of the Pinkney & Lecombe Funeral Home, 60 Victoria Avenue to Church Street, conducted by Rev. Everett Smith.

Interment was in Belleville Cemetery.

Bearers were Gregg Christopher, David Kyd, Fred Scott, Roy Ridley, L. A. Boyle and A. A. Carmichael.

MRS. ISAIAH PENN
(Feist Anne-Dessereine)

The funeral of Mrs. Rose Etta Penn of Point Anne and Deseronto was held from the day afternoon from Christ Church conducted by Canon J. V. Temple.

Interment was in Christ Church Cemetery.

Bearers were Murney Green Jr., Peter, John, Gordon Green, Gordon Chisholm and Hugh Hill.

In failing health for some time Mrs. Penn died at the Belleville General Hospital on Wednesday. She was in her 79th year.

Born on the Tyendinaga Reserve she was the the daughter of the late Mr. and Mrs. Feist of Sero. She had lived in that locality since moving there from Tyendinaga.

She was a member of Christ Church and a member of the True Blue Lodge, Sero.

Surviving are a son, Norris A. Shaughter Sr., and a daughter, Mrs. E. (Ruby) Bangbath of Buffalo, N.Y.

Also surviving are three brothers, James Sero of Deseronto and Ruben and Nelson Sero and two sisters, Mrs. Peter (Teresa) Green Sr., of Point Anne and Mrs. Alfreda Sero of Deseronto, nine grandchildren and 25 great grandchildren.

She was predeceased by her husband, Isaiah Penn and a sister, Clara Brant.

DAVID PETER MARACLE
Shannonville

The funeral of David Peter Maracle of Shannonville, was held on Saturday afternoon from Christ Church, conducted by Canon J. V. Temple.

Interment was in Christ Church cemetery.

Bearers were Sam and James Maracle, Nelson Green, Alex Sero, Mark Hill and Ira Maracle.

In failing health for some time Mr. Maracle died at the Belleville General Hospital on Thursday.

He was in his 80th year.

Born on the Tyendinaga Reserve he was the son of the late Peter and Sarah Maracle. He had lived in that locality most of his life.

He was a member of Christ Church.

Surviving are his wife, the former Sarah Maracle, a son, Leonard of Toronto and a daughter, Mrs. Vera Maracle of Deseronto.

Also surviving are two brothers, Peter and Jim of Toronto, and two sisters, Mrs. Mabel Brant of Shannonville, Mrs. Mauda Doreen.

MRS. SYLVIA IRENE KETCHESON

The funeral of Mrs. Sylvia Irene Ketcheson was held from the chapel of the John E. Bush Funeral Home, 52 Highland Ave., on Monday afternoon, July 27th. Rev. Ross MacGregor conducted the service, assisted by Rev. C. W. Coleman.

Bearers were Antone Shopnyk, John Robertson, Harold Beatty, Gerald Dafoe, Sonny Ducceschi and Don McKeown.

Interment was in Belleville Cemetery.

WILLIAM ERNEST DAY

The funeral of William Ernest Day was held on Monday afternoon from the chapel of the Thompson Funeral Home, 36 Everett Street, conducted by Rev. Harry M. Davis.

Interment was in Belleville cemetery.

Prayers were said at the graveside by Mr. Davis.

Bearers were: Jack McClelland, Bert Sketts, E. J. Saunders, Arthur Saunders, L. G. Lennox and George Parry.

Loan

(Continued From Page 1)

in that it exaggerated the "opting" aspects from the program, and a bad thing for the young people of the country.

Not only was education primarily a provincial responsibility, but the need to earn the money to pay for their education themselves was an important way of building the character of responsible young people.

The bill, which got second reading at a later sitting of the Senate, provides that after the student then takes over, paying the loan off in between five and 10 years.

It does not identify a "needy" student, leaving that up to provincial authorities who will certify students for loans.

AGAINST BILL

Senator Thorvaldson said he was "completely and utterly" against the bill.

"I think the federal government should stay out of this business."

Senator Jacques Flynn (PC—Quebec) said he was concerned about the constitutional aspects of the bill.

"This is a field in which the provincial jurisdiction is established until the day we decided to give university grants."

Senator Horace Cregar (L—Manitoba) was among several senators who spoke against the bill and said it should be sent to a committee for thorough investigation.

He said he could work up no enthusiasm for it.

The 83-year-old senator also said he was puzzled by the present confusion over federal and provincial responsibilities.

"I would like to see a redefinition of these responsibilities," he added.

STRIKE ENDS

GEORGETOWN (Reuters) — British Guiana's longest sugar strike came to an end Monday after 168 days. Some 12,000 sugar workers are back to work. However, many others will not be in the fields and factories again until the autumn harvest begins in two weeks.

House

(Continued From Page 1)

ring some major emergency, members will not be recalled to Westminster, except for dissolution, until after the October general election.

Tuesday and Wednesday are running out for Sir Winston, who will not seek re-election in the constituency of Woodford, part of the reconstituted district east of London that he has represented continuously since 1924.

He first was elected in 1900, switched to the Liberal party in 1904 and was elected as a member for Manchester, then returned to the Conservative party in his present constituency.

In the dying days of this Parliament, members today approve an all-party motion establishing Sir Winston's services to Parliament as a "unique" one. Gaitskell will call at Sir Winston's London home to convey personally the terms of the motion.

ALWAYS CAME BACK

Many times in recent years—after he broke his hip and when he suffered pneumonia—there was speculation that Sir Winston would never return to the House. But he always struggled back.

He was there Monday, his third visit in a week, despite the fact he stumbled and almost fell July 20 when he turned to leave the chamber before he left. Many think Monday's was in fact his final visit but he still refused to attend the dissolution in the fall.

Whenever he arrives, members briefly stand as a mark of him while refraining from giving actual support — as dance by Conservatives usually silently angrily.

Although he is an old man obviously fading, hounded by poor hearing and the innumerable infirmities of old age, Sir Winston has been no pressure outside his circle of family and friends for him to quit.

Rotarians Plan Better Meetings

Ways in which to improve meetings at the Rotary Club of Belleville were discussed at Monday's meeting.

An open discussion by members here was moderated by chairman of the program committee, John Legett, and President Stanley Hunter.

Chairman Legett asked for suggestions from the members on what type of speakers should be invited to speak at the weekly meetings.

Members felt the place to begin improvements would be to start and finish the meetings on time.

Due to the vacation period, only a small number of members were present for the meeting.

President Hunter announced that there would be no meeting next Monday due to the Civic Holiday.

MUSICAL TONES

Tones of musical instruments range from 20 vibrations a second to 8,000.

Fulton Denies He Will Quit As B. C. Leader

TORONTO (CP) —Davis Fulton Monday denied reports that he plans to resign the leadership of Progressive Conservative leader in British Columbia and return to federal politics.

"There's not a shred of truth in it," Mr. Fulton said in a telephone interview from Geneva Park, Ont., where he is attending a Canadian Institute of Public Affairs conference.

Mr. Fulton, a former justice and words solicitor, resigned in 1963 to lead the B.C. Conservatives, but he and his entire slate of 45 candidates failed to win a seat during the B.C. provincial elections later in the year.

Mr. Fulton said Fred Murray, his former executive secretary who followed him to B.C. to become director of organization for PCs there, has resigned his post to seek employment elsewhere.

He said Mr. Murray spent 10 days with him at his Kamloops, B.C., home this week before going to Ottawa and Halifax.

Truck 'Breaks, Enters' Bank

FONTHILL, Ont. (CP) — The only bank in this village seven miles north of Welland closed its doors at closing time Monday, but not until a small gaped to keep persons from walking in through the wall overnight.

The wall was demolished when a dump truck collided with an ambulance, struck a hydro pole and careened into the wall of the Canadian Imperial Bank of Commerce.

Don't Want 'Govts.' in City Council

OTTAWA (CP) — City controllers lined up solidly Monday against a suggestion that the federal and Ontario governments be represented in city council.

Privy Council President George McIlraith, an Ottawa resident, said Saturday he feels it both desirable and necessary a new system of civic government be set up giving both senior governments a voice in the city's administration.

In the Commons Monday, Prime Minister Pearson said the government has no intention of creating a federal district in Ottawa similar to the one in the United States capital. He was replying to Louis-Joseph Pigeon (PC — Joliette-L'Assomption-Montcalm).

BIRTHS

PARRINGTON — Mr. and Mrs. Myles Parrington (nee Phyllis Anne Thomas) R.R. 2 Peterborough wish to announce the arrival of their son, on Tuesday, July 26th, 1960 at Peterborough Civic Hospital.

DEATHS

SHAW, WILLIAM J. — On Monday, July 25, 1960, at the home of his son, Kenneth William J. Shaw, Bannockburn, Ontario, in his 74th year, beloved husband of Gladys V. Warner, dear father of Mrs. D. (Jean) Armstrong, Millbridge, Mrs. E. (Hilda) White, Bannockburn, and John Shaw, beloved brother of Mrs. Nancy Hills, Brown Hill, Ontario and Fred, Belleville.

Funeral service will be held at the Mount Pleasant Funeral Home, Madoc, Ont., on Thursday, July 28th, at 2 p.m. Rev. H. Bartholomew Anglican Church, officiating. Interment Madoc Cemetery.

Friends may call at the Mount Pleasant Funeral Home, Madoc, Ont., on Wednesday, July 27th, from 2 to 4 and 7 to 9 p.m. Flowers or donations to the Bartholomew Church, Bannockburn.

2t27-28

SILLS, Harry — At the Belleville General Hospital, on Sunday, July 24th, 1960, Harry Sills, beloved husband of Bessie (nee Bell), of Tweed, Ontario, in his 74th year.

Funeral will take place on Tuesday, July 26th, from his late residence, Tweed, at 2 p.m. to Tweed United Church. Rosin for service at 2 p.m. Reverend Everett Smith officiating.

The funeral is under the direction of the Thompson Funeral Home, Tweed, Ont.

Thompson Funeral Home, Tweed. 2t27-28

BIRRELL, Thomas — Suddenly on Monday, July 25th, 1960, at his residence, Madoc, Thomas Birrell in his 83rd year, dearly beloved brother of Mary C. (Mary Jane) Birrell, Bannockburn, Mrs. E. (Hattie) Wilson, Belleville, Mrs. Margaret Ann Birrell (Mrs. Robert) Birrell, Bannockburn and Mr. Birrell's passing at the Mount Pleasant Funeral Home, Madoc, Ont., on Wednesday, July 27th at 2 p.m. Reverend Everett Smith officiating. Interment Madoc Cemetery.

2t27-28

FLEMING, Georgia Byrd — In hospital, Belleville, Ontario, on Saturday, July 23rd, 1960, Georgia Byrd Corbett, beloved wife of Fred J. Fleming, dear sister of Dr. A. A. G. Corbett of Toronto, Mrs. Gertrude Ash, the late Dr. and Mrs. G. G. Corbett of St. John.

Resting at the George E. Logan Funeral Home, Interment, London, Ontario.

2t27-28

IN MEMORIAM

LITTLE — In loving memory of a dear husband and father who passed away July 26th, 1952.

One year has faded memories sad day,

When God saw how loved was called away.

God took him home, it was His will,

Within our hearts he liveth still.

Sadly remembered by sons George and Malcolm, Grandsons Ronald and Donald.

CARDS OF THANKS

Mr. and Mrs. Alfred Maracle and Dick of Deseronto want to express their heartfelt thanks for the excellent care of Mr. Alfred Maracle while a patient in Belleville General Hospital. Our many thanks to the relatives of second sight to Rev. Mr. Smith, Dr. McVicker, Mosquito Fleet Boat Company and all our wonderful friends who sent cards and flowers during our illness.

Mr. and Mrs. Alfred Maracle and son Dick.

Youth Suffers Broken Leg In Collision

A 17-year-old youth received a fractured leg last night when his motorcycle ran into a car halted for a hitchhiker on North Front Street last night.

Injured was Lloyd Lewis, 92 Lemoine Street.

Total property damage was $225 when his machine struck the rear of the car, driven by James Barrow, R.R. 1, Stirling.

Boy Injured In Bike Crash

A 10-year-old boy suffered cuts and bruises when he was struck by a car on Coleman St. at Bridge Street West yesterday.

Knocked from his bicycle was Wayne Bongard, son of Mr. and Mrs. Wilson Bongard, 197 James Street.

Driver of the automobile was Lillian Glover, R.R. 1, Carrying Place.

Kiwanis Hold 'Barbecue' Meet

It was barbecued steaks for members of the Belleville Quinte Kiwanis Club last night as their field trials' first outdoor meeting of the season. The get-together was at the summer cottage of Mr. and Mrs. Ed Logan near Redmerville with the host and hostess being Mr. and Mrs. Bruce Lynch.

Club secretary and house committee chairman Tony Nagi, conducted the informal meeting with Les Minion leading the sing-song around the campfire Both members and their wives attended the out-door social event.

'Routine Check' Reveals Packs Stolen Cigarets

What do police mean by a "routine check."

Magistrate T. Y. Wills wanted to know today when told provincial police had found 15 packets of stolen cigarettes in the glove compartment of an automobile checked near Corbyville one night last week. Two youths subsequently were charged with illegal possession (see story elsewhere). The magistrate queried it the "routine check" meant the police searched an automobile.

Crown attorney John Pringle said officers checked the car for liquor.

Pressing his query the magistrate mused aloud if police for instance knew "usually stop me if I'm going home at night to look for liquor."

City detective sergeant Harold Reid said the OPP report gave no indication what prompted the search.

20-Year-Old Woman Dies After Shooting

KINGSTON (CP)—Judy Lemmon, 20, died in hospital Monday night after she was shot twice with a shotgun in her husband's four - room cottage seven miles west of here.

Police in Pembroke, 90 miles northwest of Ottawa, said they were holding her husband Basil, 26, for questioning.

Mrs. Lemmon died 2½ hours after the shooting.

Lemmon and his wife had been separated for about four weeks. Lemmon had brought his wife to the house to see their two children, Jim, 2, and John, nine months. The children had been staying at their grandparents' home, near the Lemmon home, since the separation.

INVESTIGATE STABBING

WINNIPEG (CP) — RCMP and the Manitoba attorney-general's department were investigating Monday the stabbing of Jean Paul Fournel, 41, chief prosecution witness in Montreal's Santa Claus murder trial. Fournel was in satisfactory condition in hospital Monday after being attacked by a knife five times at Stony Mountain Penitentiary, 20 miles northwest of here.

Obituary

HENRY E. (Harry) HOLLAND

H. E. Harry Holland, 71, Henry E. (Harry) Holland, 31 Alexander Street, died at St. Mary's-of-the-Lake hospital in Kingston today. He was in his 83th year.

Born in Belleville, the son of the late Isaiah and Mrs. William Holland, he had been in failing health for three years.

For many years he was employed at the Stephens-Adamson Company. He was a member of St. Michael's Church and the Holy Name Society.

Mr. Holland is survived by his wife, the former Mary Dinard, two sons, Michael and Patrick, and a brother, William, all of Belleville.

Resting at the funeral residence of George F. O'Brien. The funeral will take place Thursday.

Bench Suspends Sentence on Ex-Brakeman

Theft of automobile parts in shipment brought a two-year suspended sentence for a former CNR brakeman in Belleville magistrate's court today.

Robert Hunter, 20, was charged after CNR special agent Fred Howard travelled from Belleville to Edmonton to arrest him last week.

Hunter, said Mr. Howard, had stolen three hubcaps from totally valued at $246 from automobiles being shipped on the train he was working. Add the agent said Hunter, when questioned after he was taken off the train on its arrival in Belleville, admitted stealing a tire from an automobile in the Oshawa rail yards. Sub caps also were found in his apartment.

Magistrate T. Y. Wills suspended sentence after noting the incident had cost Hunter his job.

Stole Cigarets, Youth Placed On Probation

Cigarets are habit-forming — in more ways than one, Belleville magistrate's court was told today.

Recounted was the story of a 17-year-old youth charged with theft of cigarets from his employer, Kelly's Drug Store, East Bridge Street.

Detective sergeant Harold Reid told the court the youth started pilfering cigarets by the dozen last September when he was short of cash.

The cumulative habit was then it got around to (the point) that he was taking one or two cartons. . . and he would leave them in a friend's car, said the sergeant.

Stopped when provincial police stopped the car one night last week and found 15 packets of cigarets.

The youth was placed on probation for a year. His two friends, aged 18 and 19, were also given a year's suspended sentence for illegal possession.

Magistrate T. Y. Wills also forbade the youth driving the car . . . owned by his father . . . from driving after 9 p.m. at night for the next six months.

Beatle-Wig Bandit Sought In North Areas

TORONTO (CP)—Police are still searching areas north of Toronto for the Beatle-wig bandit who killed a man while escaping with $23,000 from a Toronto bank Friday.

Jack Blanc, 56, was shot through the head when he tried to stop the bandit with a pistol he grabbed from an official at the Canadian Imperial Bank of Commerce branch in Downview.

Only new development in the case is discovery of a .45-calibre bullet found in the vicinity of the bank. The bullet is believed to have come from one of the two guns the bandit carried.

Remand Man For Mental Examination

PORT ARTHUR (CP) — A man charged with shooting a rifle at his father was remanded Monday to the Ontario mental hospital for examination for not more than 30 days.

Arthur Dechesnape, 32, of Saganaga, Ont., has not yet entered a plea in the July 11 shooting of his 65-year-old father near Saganaga Lake, 90 miles southwest of here.

The victim was treated for a back wound caused by a 22-calibre rifle in a hospital at Grand Marais, Minn., and was released the following day.

Burglar Kills Young Policeman

NEW YORK (AP)—A young patrolman was slain Monday when he surprised a burglar carrying two women. Police said the burglar shot him and then, before a fusillade of fire, was wounded himself in a gun battle with other police.

The dead patrolman, Henry Walburger, 34, the father of three, was shot in the neck after he climbed a fire escape and peered into a lower East Side apartment where the intruder was in the room with the two women. Police said the intruder, identified as Frank Rosato, 28, of Brooklyn, saw the patrolman and fired four shots at him with a .38-calibre revolver.

Police said Rosato had broken into the apartment of Mrs. Barbara Franklin, 33, and her friend, Mrs. Genevieve Pierre, about 40, in an apparent effort to break into a tavern directly below.

Gets 15 Days For Assault

PORT ARTHUR (CP)—Stanley Towegishig, 27, of Longlac, received a sentence of 15 days in jail for assaulting another man accused of stabbing Towegishig's 67-year-old father in the stomach July 10.

Towegishig had pleaded guilty a week earlier to assault causing bodily harm to Linus Dore, 34, also of Longlac, about 200 miles east of here.

Dore has been charged with attempted murder in connection with the stabbing of Joseph Towegishig who is still being treated in hospital.

Will Discuss Water Levels

OTTAWA (CP)—The low water level in the Great Lakes is to be discussed by a Commons committee.

Resources Minister Laing gave notice today of a motion to refer the subject to the Commons committee on mines, forests and waters.

Mr. Laing's brief motion said that the levels of the water of the Great Lakes system should be referred to the committee for its consideration and report.

POET DIES

SANTA BARBARA, Calif. (AP) — Irish poet-poet Hermann Hagedorn, 82, author of The Roosevelt Family of Sagamore Hill, died Monday. Hermann Hagedorn wrote a biography of Albert Schweitzer. His poems include The Bomb that Fell on America (1946) and While There is Time (1962).

Business Briefs

By THE CANADIAN PRESS

SELLS RIGHTS

Mines Minister Sterling Lyon said Monday in Winnipeg the Manitoba government received almost $87,000 from the sale of oil and gas investigation rights in southwestern Manitoba at two sales last week.

SALES JUMP

Department store sales jumped 24.4 per cent during the week ending July 11 compared with the corresponding week last year, the bureau of statistics reported Monday. The bureau said all provinces shared in the gain.

TOP OFF BUILDING

The new home of the Montreal and Canadian stock exchanges was officially topped off Monday as two ribbon-bedecked cement buckets were dumped on to the site by Miller George Hees, president of the exchanges, and Montreal Mayor Jean Drapeau, garnering against bolist the buckets to the top of the 47-storey stock exchange tower on Place Victoria.

RESERVES DECISION

A federal judge in Hartford, Conn. reserved decision Monday on a motion to dismiss stock fraud charges against John Christopher Doyle of St. John's, Nfld., and New York. Board chairman of Canadian Javelin Limited. The basis for Doyle's motion was that his rights had been violated because the indictment against him—although returned July 1, 1962—was not made public until August, 1963.

Canadians Fail to Climb Three Peaks

RAWALPINDI (AP) — The first Canadian Himalayan expedition to the 23,000-foot Hachindar Kish peak has failed. Its members returned Monday from the mountain.

The expedition's deputy leader, Robert D. Lyon, 27, a Royal River, B.C., school teacher, said their effort failed as "there is no reasonable route up to the summit."

The team did not attempt this peak also because of "sheer lack of the route to the summit, he said.

Iron said the expedition then attempted three other peaks but could not make any headway.

The climbers last attempt was on the 21,000-foot Murmar range.

STORM HIT

They said they reached 20,600 feet but had to abandon plans because of a storm.

Dr. E. F. Roots, 41, a native of Salmon Arm, B.C., co-ordinator of Canada's Polar Continental Shelf Project, led the expedition.

Its other members were: Carlisle S. Irwin, 27, Calgary, geologist; Vermann P. Jamek, 34, Toronto aircraft engineer; Donald M. E. Poole, 26, Courtenay, B.C., engineer; John F. Ricker, 23, Nanaimo, geologist; Karl M. Tomm, 25, Montreal, physician and Abdul Momin Khalifa, a Pakistani living in Canada who is a physician in Montreal's St. Mary Hospital.

Trenton News

By SULA GOSLING — EX-2122

Trent Canal Traffic Shows Sharp Increase

TRENTON — After noting yesterday's sharp increase in traffic Ellis Howard, Lockmaster Howard is convinced that a new record for boats entering No. 1 lock of the Trent waterway system will be established this year. Some 30 craft of various types were counted officially Monday passing the most southerly checkpoint.

The number, by pleasure and commercial boats recorded here to date stands at 610, approximately 40 percent ahead of the same period last year. Last year 1,045 boats were checked at this point.

The lockmaster explained that the increase in traffic this summer was due to excellent boating weather that has prevailed, a continuing increase in boating as a popular summer pastime and the fact that a public relations campaign, started several years ago and augmented ever since, has finally paid off.

Asked whether he had climbed upon seeing fishermen trying their luck in the waters about this particular lock, Mr. Howard replied in the negative. "I guess it would be asking too much for everything," he commented.

Directors See Hospital Plans

TRENTON—Architect's drawings of the proposed addition to the Trenton Memorial Hospital have been viewed by the hospital's Board of Directors. With the actual construction plans not too far off, the extension may be completed and opened this year, a hospital spokesman reported yesterday. The rotunda and waiting room are being eyed, at the moment, as extensive while a solarium is being provided for patients on the floor above it.

Former CAS Worker Dies at London, Ont.

TRENTON — Mrs. Fred Fleming (nee Miss Byrd Conway) died in London, Ont., on Sunday. She will be remembered in these parts for her work with the Children's Aid Society in Trenton and the Tyendinaga Reserve for several years.

DRIVERS UNHURT

TRENTON — The Brighton OPP reported today that a two-car accident on the Cobourg road west of No. 33 Highway yesterday resulted in only minor damage to the drivers, Mrs. Mary Gray and Herbert J. Brown both of R. R. 3 Trenton, were not hurt.

Joins Association

TRENTON — Lorne S. Campbell, former chief engineer for the trade and industry branch of the Department of Economics and Development for the province and now retired, has joined the Association of Senior Executives of Canada, according to word reaching the town office. Mr. Campbell, in his capacity with the Ontario Government, was helpful to municipal representatives in the district charged with the responsibility of planning for, and locating, industries and government projects. His interest in the Quinte district went further and on several occasions he visited nearby holiday resorts on fishing jaunts out of the city.

Air Cadets Pay Visit to Ship Of Coast Guard

TRENTON—Air Cadet officers from the Air Cadet summer camp at RCAF Station Trenton visited the Canadian Coast Guard cutter Sorel Friday. The ship was docked at the Trenton Government Dock on her way to Kingston shipyards for her warranty check.

CCGC Relay under the Command of Capt. Henry Crosbie-Hall is one of five 85-foot class patrol cutters in the Canadian Coast Guard, and operates in the Great Lakes area. The other cutter in the area is the Sorel and west coasts of Canada. The Relay is the largest of four ships operating in the Great Lakes, the other three, Spray, Spume, Spondrift, are 70 foot class ships.

These vessels are on immediate call 24 hours a day for search and rescue work, and work under the operational control of the Trenton C.G. Boat, Coast Guard Rescue Officer, stationed at RCAF Station Trenton rescue centre. CCGC Relay operates in the Lake Huron area in the summer months and on the east coast in the Bay of Fundy area in the winter months. The Canada Coast Guard Cutters do not have a home port, but work on call in designated areas.

The Air Cadet Officers, under the command of W/C A. Allan, Officer Commanding of the Air Cadet summer camp, visited the CCGC Relay to familiarize themselves with her operational work and equipment. A trip was made from the Government Dock at Trenton to the Belleville Bridge for this purpose.

RCAF Hunts for Glider Lost at Show

BRANTFORD (CP) — The RCAF search and rescue headquarters at Trenton is heading the search for a glider and its pilot who vanished Monday during the Canadian National Soaring Association championship at the Brant Norfolk Aero Club.

Three RCAF Albatross planes, one U.S. Coast Guard aircraft, eight planes from the Brantford airport and two coast guard ships, one stationed in Lake Erie and one in Lake Ontario, are involved i the search for 35-year-old Francis Popp of Jersey City, N.J., and his white single-seater glider.

They disappeared shortly after 5 p.m. during a free-flight competition. The glider had been towed aloft at 4:30 and was last seen over Oakland, south of Brantford.

Troops

(Continued From Page 1)

tian woman. The Lumpas fight with bows and arrows, spears, axes and old-fashioned muzzle loading rifles.

A government spokesman said police Monday discovered seven dead and two wounded white settlers.

ARE PARTY MEMBERS

All the dead and were believed to be members of the United National Independence party, the ruling party headed by Prime Minister Kaunda.

The spokesman denied a report that Governor Sir Evelyn Hone had declared a state of emergency in the Luma district, about 450 miles northeast of here.

Shocking State of Affairs

In recent years, our governments have issued new stamps almost as frequently as a Hollywood starlet changes husbands.

We have not always been numbered amongst the admirers of this display of initiative and energy. The purpose of a stamp is to assure the speedy despatch of mail. Utilitising it as a means of commemorating the three hundred and first anniversary of the first dill pickles produced in Stump Shallows, or in greeting the arrival on our shores of the Poo-Bah of Southwest Boolovardia is a display of ingenuity which we could best do without.

However, this custom seems to promote a lot of harmless joy amongst the ranks of the philatelists, and since the only real penalty it inflicts on the rest of the population is the added wear and tear on tongues which have to lick the larger surface of the commemorative stamps, it seemed to us advisable to permit the custom to continue without protests.

After all, those boys at Ottawa might otherwise be engaged in projects which would involve us all in major inconveniences.

Unfortunately, Mr. Rodney A. Webb, who has the honor to represent the riding of Hastings-Frontenac in the House of Commons, does not view the situation in this light.

"Another matter I want to draw to the Postmaster General's attention is that I want him to see to it that ample supplies of stamps bearing the Queen's head are available at post offices," he told the House. "I have had two complaints recently, not from my own riding, but from the Napanee area, that people were told that stamps bearing the Queen's head are not available."

The complaining Napanee residents are to be complimented on their sensitivity. Nevertheless, we fear that the Postmaster General may have other duties besides those of operating a stamp supply service between Ottawa and Napanee. Mr. Webb was able to find time to bring this problem before the House, we wonder whether he might volunteer to act as messenger.

Heavy Penalty

A morals charge is, perhaps, the most serious accusation in our law courts. It is a charge that leads to the severest penalty the law can impose upon people. The person accused may legally be proven innocent, but he still must continue life with the shadow of this accusation hanging over his head.

Several weeks ago, a clergyman in Chatham was accused of a series of morals charges. The charges were very vague from the start. They were made and that was it.

The minister was remanded several times during the course of his ordeal. Each time, allusions were made again to those charges, with no proof or substantiation offered.

This past week the charges were quickly quashed by a judge on the grounds that the information was not explicit enough to enable the minister to understand what he was being charged with and to enable him to prepare his defence.

A man's reputation can be tarnished by faulty charges. Great care should be taken by the authorities before laying charges of offences of this nature.

The French Goldwater

The United States no longer, directly or indirectly, runs the affairs of the Western world. That is the view of President Charles de Gaulle, the sane man's Goldwater.

This is not calculated to raise cheers in Washington, and will probably meet with an even less enthusiastic reception in Phoenix, Arizona.

Nevertheless, as an example of how to cloak extreme views with an aura of intellectualism, it is worthy of study.

Le Gros Charles continues to live in a world of his own, which would nevertheless serve as an excellent model of the dream world of the Republican nominee for the U.S. presidency, requiring only minor interior alterations to make it eminently habitable for one of Mr. Goldwater's turn of mind.

Meanwhile, of course, the rest of the world's population will continue to hold the conviction that the U.S. does run the affairs of the Western world, contrary to President de Gaulle's opinion, but that it cannot, as Goldwater wishes, run these affairs as if nobody else had any voice in them at all.

Ottawa Offbeat

Robert Thompson Is Proud To Be Likened to Goldwater

By RICHARD JACKSON
From The Intelligencer's Ottawa Bureau

OTTAWA — Social Credit Leader Robert Thompson is a small "c" conservative.

A "Goldwater conservative."

Proud of it, too.

And astonished that it should come as anything of a surprise to anyone who has even a passing interest in politics.

One of the handsomest, and certainly the most plausibly persuasive politicians in Parliament — the ladies simply rave about the way his astounding dimarity comes through so convincingly, especially on television — he proudly proclaimed "my political conservatism" after both Simcoe North Conservative MP Heber Smith and MP Andrew Brewin, Democratic Deputy Douglas Fisher had publicly described Arizona's Republican presidential candidate, Senator Barry Goldwater as a "hard-nosed Bob Thompson".

That must mean, grins Robert Thompson, that they consider me a "soft-nosed Barry Goldwater".

"Well, you can tell them for me, they'd be more than surprised to find out how un-soft my nose really is!"

What many Canadians are failing to realize, in the Thompson view of matters, is that essentially Senator Goldwater is no more of a conservative than was Arthur Meighen, R.B. Bennett and Sir John A. Macdonald.

ALIVE IN CANADA

Canadians who may have been alarmed by the Goldwater nomination have been given a distorted image of the Senator, the way Mr. Thompson sees it.

The senator has been called on the impetuosity of the man which Goldwater admirers, of course, interpret as courageous forthrightness.

And apart from that inclination for impulse, the Thompson focus of Goldwater is that of a figurehead, or a spokesman for the political philosophy that has been marking time far too long.

It's a philosophy which Mr. Thompson insists is very much alive in Canada, although few political leaders practise it except in nostalgic speeches.

But there is a hard fact, a real basic and fundamental conservatism in Canada and he isn't going to be a party to letting if the day should be near when enough articulate men rise up against what they call creeping socialism and federal paternalism to build a bandwagon that could sweep Canada from left to national election victory.

Robert Thompson, who almost got a seat in Parliament already with the working press, believes Senator Goldwater has been given a totally raw deal by newspapers, radios and television both in the United States and Canada.

Almost all the columnists on both sides of the border, as he reads them, have been savagely carving up Senator Goldwater for other conservatives.

The cartoonists, Canadian and American, have been portraying the Republican presidential aspirant as the political Neanderthal Man.

PENDULUM SWINGING

And far too many editorial writers, charges this small "c" Canadian conservative, have been extremists themselves in their efforts to persuade people that Senator Goldwater's followers are Klu Kluxers or kooks.

But worst of all have been the television and radio commentators, including those pontificating politically on the CBC discussing the Arizona Senator with the kind of raw contempt, disdain and even hatred that previously has been reserved for Nazi war criminals.

"To some of these commentators", protests Robert Thompson, "you'd almost think Senator Goldwater was on trial at Nuremburg rather than running for the White House".

Why the Republican nominee has taken such a scandalously slanderous pasting baffles and deeply concerns the Social Credit Leader.

"The savagery of the reaction from the Left worries me, for the Goldwater movement, like ours here, is simply small, 'c' conservatism on the move at last.

"It is nothing but a mass protest by conservatively-minded people against foreign aid, excessive welfare, high taxes, and concentration of more and more power in the hands of the Big Bureaucracy."

And as he said, these same kind of conservatively-minded people are beginning to stir in Canada.

Up to now, they've had no place to go — many Liberals have been almost as far left as the New Democrats, and some of the Conservatives seem further left than the Liberals.

Now they have — they say he go with Social Credit Leader Robert Thompson, a self-proclaimed "Goldwater type conservative", a political leader with an "un-soft" nose.

Strictly Personal

Not Enough People Use Common Sense

By SYDNEY J. HARRIS

It may be true that not enough people use common sense; but it is also true that many people are content to use their common sense and nothing more. It is not enough.

Common sense tells us that the gambler has a desperate need to win - - but clinical research shows that, behind this, he has a compelling drive to lose anything.

Common sense tells us that most boys become delinquent because of too little discipline at home - - we investigation of court records shows that many more boys become delinquent because of too much strictness at home.

Common sense tells us that the Don Juan type of man adores women - - but careful analysis of such cases shows that, in fact, he despises and fears them, which is why he cannot form any lasting attachment, and must use women as victims rather than as companions. Moreover, the Don Juan is often concealing (from himself) hidden homosexual tendencies beneath his amorous sorties.

Common sense tells us that the nervous tensions and tendons of big city life induce mental breakdowns - - but statistical studies show that a greater proportion of patients in mental hospitals come from rural areas.

Common sense also tells us that crime is more rampant in big cities - - but the Federal Uniform Crime Reports show that larceny is the only major crime in which the city leads the country; rural areas have more burglary per population, as much auto theft, more robbery, twice as many aggravated assaults, about four times as much rape, and more than three times as much murder and manslaughter.

Common sense tells us that the wives of drunkards, or brutes, or sex fiends are "innocent victims" of their husbands' bad habits - - but psychiatric examination shows that, in most cases, such women have purposely (if unconsciously) chosen their mate in order to be hurt by them, and have a need to be neglected, shamed and abused by a man they hate, in spite of like a willful baby.

Common sense belongs to common subjects - - to the surface world of touch and taste and sight and sound, by what can be weighed and counted and measured by the gross perceptions. But the more subtle complex area of the human mind and human conduct, a respiute dedication to common sense is most likely to lead us irrevocably into the wildest nonsense.

Today in History

By THE CANADIAN PRESS

July 28, 1944. . .

The world's tallest building, New York's Empire State Building, was struck by a B-25 bomber of U.S. Army bomber 19 years ago today—in 1945. The three occupants of the plane and 16 persons in the building were killed. Twenty - five others were injured.

1930 — The Conservatives ousted the Liberals in a Canada-wide general election, winning 137 of 245 seats. R. B. Bennett became prime minister.

1940 — British forces retained as attack on the island of Malta by Axis forces during the Second World War.

CLEANINGS FROM OUR FILES OF BYGONE YEARS

20 YEARS AGO

July 28th, 1944.

The lawn bowling championships for District No. 15 of the Provincial Lawn Bowling Association will be played at the Belleville Club greens on Friday. The players representing the Belleville Clubs are Ray Zufelt (singles), Joyn Nean and Cliff Argue (doubles) and A. Wonnacott, L. E. McLean, C. Boulstead and J. Price.

Frequent rains in the past week have greatly benefitted the raspberry crop according to reports on the local market today who intimated that from his one acre berry patch he had already picked approximately 2,500 boxes. With prospects of considerable berries yet to be picked. This grower intimated his berry patch this year would be the most profitable acre of land on the farm.

At a meeting of Prince Edward County tomato growers, it was agreed that the minimum price for picking tomatoes should be 15c cents a bushel. Some growers had been offering as high as 25 cents a bushel and the association felt there should be some agreement.

30 YEARS AGO

July 28th, 1934.

Mayor Geo. O. Tice and City Treasurer Harry Stock, attended at the conference of Ontario Mayors held recently in Toronto, which was called by the Hon. David Croll, Minister of Welfare for Ontario.

Mr. and Mrs. Ed Smith and family of Erie, Pa., are guests of Mr. and Mrs. Frank Smith, Burnham Street.

Mrs. Joseph Healey, Grove Street is spending a few days at Ste. Anne de Beaupre.

Mr. and Mrs. A. F. Wesley and sons, Billy and Bobby, have returned to their home here after spending a holiday of seven weeks' duration in England.

Dr. George Barry of Oklahoma City and Dr. Carl Berg of Boston, Mass., were recent guests of Dr. Austin Walters.

Mr. and Mrs. William W. Anderson of Detroit, Mich., are spending a few days here with the former's parents, Mr. and Mrs. Shelly Anderson, and also the latter's grandchildlar, Mr. C. H. Grass of Charles Street.

40 YEARS AGO

July 28th, 1924.

Mr. Jack Herity of the Royal Bank staff, Toronto, is home to spend his holidays.

Mr. and Mrs. Frank Carr and son Ernest, of Stirling, are spending a few days with Mr. and Mrs. S. Binfield, West Moira Street.

Miss Helan Downey and Miss Gladys Ironside of the 3rd concession of Thurlow township, are the guests of Mr. and Mrs. F. G. Brower, Bridge Street West.

Mrs. D. Hurd Dillan of Chicago, Ill. is the guest of Miss Dellille, Trent Road.

Mr. W. B. Deacon and sons, Fred and Jack, left today on a motor car trip to New York City. They will be gone about ten days.

Mr. J. B. Boyce spent yesterday in Wellington.

Mrs. C. A. Todd is visiting her sister, Mrs. M. J. Lynch, Burnham Street.

Mr. and Mrs. J. H. P. Young are spending a vacation at Presqu'ile.

Mr. and Mrs. W. H. Sinclair of New York City, and formerly of Belleville, are guests at the home of Mr. I. J. Frost, Ann Street.

The Rev. A. S. Kemp minister of St. Andrew's Presbyterian Church have accompanied by his mother, has left to spend a month's vacation at Fort Maitland.

Judge E. B. Fralick conducted division court here today.

Cure Needed For Itching

Windsor Star

Medical science has been miraculous in dealing with most of the major maladies of mankind. It has been oddly ineffectual in coping with some of the lesser ones, such as the common itch.

It is interesting that a high level convention of physicians in San Francisco has been discussing why humans suddenly get itchy in one part of the body or another, and why scratching eliminates the aggravation.

This is an issue which has had us wondering and we once asked a physician about it. Why did an itch suddenly come to the hand, the shoulder or the back only to disappear quickly when briskly scratched? About all he could tell us was that there were nerve ends at the skin and that now and again they became itchy. And that's about as far as the explanation goes out in San Francisco also.

There are, of course, itches and itches. Some are skin disorders which are very difficult to deal with, caused by allergies, etc. There were, in more primitive days, itches caused by lice and bedbugs. The story is that up in Scotland scratching posts were erected against which a desperate man could scratch his back.

Nowadays, if only temporary, can be more than an annoyance. It can be an embarrassment. Lord Chesterfield, in the famous letters to his son advising him on etiquette and the graces as he grew up, counselled: Never scratch in public any part of the anatomy which is not ordinarily exposed.

Coast Guard Flashes Love

Washington Post

The American Coast Guard evidently has not been reading messages from Cupid's person, resident in London. The English are waging a campaign to teach the girls, waitresses, and other women in similar occupations that it is perfectly sad form to add the suffix "-ette" to their responses in such phrases as "Yes, love" and "No, love, the tea is not ready." If the Mrs. Grundies have their way, one more bit of color will disappear from cockney speech. But the Coast Guard is not so squeamish about an affectionate cliche. For nearly a century the flashing signal from Minot's Light off Scituate, Mass., has spelled out the nautical code message "I love you." The message has cheered many a lonely sailor standing watch. Sometime ago the Coast Guard decided that an increase in candle power was needed at Minot's Light, and for technical reasons the new equipment could not flash the sequence that spelled "I love you." The public protested, and the Coast Guard weakened. What was a high-powered light compared to a message of love? They left the old equipment and promised to keep Minot's Light flashing the affectionate message. Maybe they could flash a signal to London that cockney color in speech is more attractive than hardnosed formality.

How's That?

Wall Street Journal

If you are careless enough, your present could last you a lifetime.

To Your Good Health

Symptoms That Indicate Diabetes in Your Child

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: How can I tell if my two young girls (aged 3 months and 3 years) have diabetes? Are there any positive warning symptoms in children?
— Mrs. K. M.

That's a good question, and while I don't want mothers to fret unnecessarily about what might happen to their children, I do want them to recognize the danger signs that require immediate attention.

There's a considerable difference in how diabetes strikes children and adults.

With a child, it can appear suddenly, dramatically and dangerously. With an adult, it usually sneaks up subtly. Therefore a urine test once a year or so is ordinarily enough to give an adult ample warning.

With a child, however, diabetes can blossom so fast that urine tests may not give warning unless they are made every hour or even once a year.

So here are some rules:

Be suspicious of any change in diabetes in your own family history. And much more so if there is diabetes among relatives on both sides.

Increased thirst, often almost insatiable, is a highly suspicious sign.

So is frequency of urination, night and day, also including bed-wetting. There may, of course, be other causes, such as kidney or bladder infection, to say-ease, it is a sign requiring prompt investigation.

Weight loss despite good appetite is an indicator; so is listlessness.

And a fruity (acetone) odor of the breath is still another.

These symptoms tend to appear rather suddenly, and you are not likely to miss noting them. Another, of which you are aware of the probable significance.

Research workers in this field have found that the sugar tolerance test (series of blood tests) in children with a family history of diabetes will be abnormal. This can occur before the child shows any symptoms whatever of the disease.

Dear Dr. Molner: I am 29 and have a constant drowsiness and tiredness. What could cause this? And what is it for? — Mrs. C.

At 29? Well, maybe you're lazy, maybe you're sick. Maybe you stay up too late, maybe you're bored or tough everything and maybe you have anaemia. I favor the first, because if you wanted to know what help it, you would look in the dictionary and find out that it is seaweed.

* * *

Dear Dr. Molner: How can I protect myself against scabies? There is a rumor in our neighborhood who has this skin disorder, and she goes everywhere. I don't know why people don't get medical treatment. — E. C.

I don't know, either, because scabies can be cleared up effectively with modern drugs.

Scabies is caused by "itch mites," or Sarcoptes scabiei. The itching is severe as the female mites burrow into the skin to lay eggs, and why anybody would put up with the problem is beyond me.

The mites are transferred mostly from person to person, probably by close or intimate contact. Use of clothing or bedding of an infected person, without first washing it, is probably a secondary means of acquiring the disorder.

Your prime protection is to avoid touching a person who has scabies.

* * *

Shingles can be a painful disease. To receive a copy of my pamphlet, "The Facts About Shingles," write Dr. Molner in care of The Chicago Sun-Times Syndicate, P.O. Box 196, Dunnes, Ill., enclosing a long, self-addressed unstamped envelope and 15 cents in coin to cover handling.

Rail Revision Is Overdue

Montreal Star

The government is about to dip once more into the apparently bottomless barrel from which it finds money for subsidies to keep the railways going.

How much it will be this time hasn't been suggested. However, the increase proposed to block out a section by the unions will add $18,000,000 to the companies' wage bill this year for rising to $46,000,000 in 1966.

The carriers have no way to meet the increases under existing legislative curbs.

Until Parliament is ready to face the issue of antiquated rates and to insist on the solutions proposed in the volumes of the MacPherson Report, taxpayers must continue to pay the bills.

The MacPherson's report has been in hand for two years now, and enough of it was ready three years ago to get the legislative machinery working. It hasn't moved, however.

The Diefenbaker government is understood at one point to have decided against the one not presented. The Pearson government got as far as putting a resolution on the order paper, where it died. In May the whole field of transportation policy was handed to the prime minister's list of priorities to be in the weeks before a summer recess a month ago it disappeared from that list.

The MacPherson report's recommendations are far-reaching that a quick economy is apt to be a injustice. It's advised would be to scrap all the old cards on the railways, let them get into free competition with other carriers and eventually free the nation from the subsidies which now total about $100,000,000 annually.

Both railways want the new look in the economic progress. Mr. Gordon of the Canadian National, in fact, insists that it is the railroads' failure to come to grips with the opportunity to provide a modern policy which is one of the principal reasons why the two companies continues in such unsatisfactory position.

But the delay from the Throne in May last year, the government said it proposed to continue the existing payments to the railways pending the approval of the new terms submitted. Why it delays acting that approval is baffling.

Costs of Living

Windsor Star

Cost of living index rose to a new peak last May, Ottawa reports. This gives some support to the theory we may be heading another era of inflation.

It's an odd fact about our present economy that just when better times comes along to help the standards of living inflation thrusts out its sneaky greedy hand to filch off much of the tells.

Toronto Stocks

TORONTO (CP) — The stock market was a dull affair today with prices drifting lower and volume declining from recent levels.

Speculative issues failed to generate any excitement with the dicker-type standing still for seconds at a time.

Windfall dipped 30 cents to $0.40 and sold in a $3.30-$3.90 range. Ragian eased 15 cents to $2.50. Canadian Dyne-Steel sank to $1.83, National Exploration three cents to 20 cents and Gulf one cent to 31 cents.

Industrials continued in a gradual decline. Losses, however, were restricted to small fractions. Distillers Seagram took the heftiest loss, down ½ to 62¾. Consolidated Paper and Aluminium were each down ¼ at 42½ and 31¾ respectively. Imperial Oil and Algoma Steel dipped ⅛ each to 61 and 74½.

Home A slipped ¼ to 18⅝ and Husky added ⅛ to 9⅜ in western oils.

In base metals, Cominco was off ⅛ to 38 and especially-situated Leitch 35 cents to $5.90.

On index, industrials were down 0.10 to 108.06, golds off to 133.94, base metals .01 to 65.19, western oils were ahead .09 to 97.81 and the Exchange Index fell .19 to 149.28. Volume at 11 a.m. was 1,117,000 shares compared with 1,972,000 shares traded at the same time Monday.

Prices declined Monday gave the market a gloomy look.

Windfall dipped 90 cents to $3.60 on turnover of more than 602,000 shares as the key speculative issue. Some excitement was generated when it was discovered that telegrams sent to Toronto newspapers giving assays on Windfall were fake.

Ragian, the most spectacular speculative of late, eased 16 cents to $2.65 and traded in a $2.48-2.84 range. Canadian Dyne and Gulf dipped four cents each to $1.87 and 32 cents. Consolidated Sanmorm, a heavy trader, dipped one cent to 16 cents after trading as low as 12 and as high as 20 cents. National Exploration lost eight cents to 43 cents while Cheskirk, trading more than 440,000 shares, countered the trend with a one-cent gain to 16 cents.

Industrials dipped .16 to 102.36 on index. Monday, July 20 was the last time the industrial index showed a gain and that was to a new high of 102.52.

Distillers Seagram led the decline, slipping 1¼ to 63¼. Canada Packers was off 1 to 70½.

Algoma Steel fought the trend with a ⅛ gain to 74⅝. Stelco was ahead ¼ to 35.

Noranda gained ¾ to 47¼ among base metals. Dome was down ¼ to 30 in golds.

On index, golds fell .20 to 134.01, base metals .56 to 65.20, western oils .04 to 97.72 and the exchange index .19 to 149.47. Volume was 6,649,000 shares compared with 7,939,000 shares traded Friday.

PRODUCE MARKET

TORONTO (CP) — Churning cream and butter print prices were unchanged today.

Butter prices: Agricultural Stabilization Board tenderable carlots: Buying 40 score 53¢; buying 39 score 52; selling 53.

CAMPBELLFORD

Cancer Society Attends Clinic

CAMPBELLFORD — Campbellford Branch of the Cancer Society was in attendance at the Peterborough Clinic on Thursday of last week.

They participated in the regular weekly work of the Peterborough clinic and served tea to the 40 or more patients attending the clinic that day.

The Campbellford Branch although small in number are actively engaged in the making of dressings, providing transportation visiting and other details. The present chairman of the Branch is Mrs. Leo Doherty.

Police Lay 19 Traffic Charges

CAMPBELLFORD — Campbellford police laid 19 charges for violation of the Highway Traffic Act over the weekend. Speeding and failing to stop at stop signs were largely responsible for charges laid.

I Was

(Continued From Page 1)

liament kept him on.

Mr. Woolliams said Banks's reported escape to the U.S. was a mockery of justice. He wondered "how much money he poured into the Liberal coffers to help them win the (last) election."

"He was a gangster when he was permitted to come here. He was a gangster after he came here and he is still at large."

Jack Bigg (PC — Athabaska), a former RCMP officer, volunteered to take two weeks off, hunt down Banks and bring him back to Canadian justice "by the ear."

Mr. Fisher criticized the trustees for inaction.

"I feel a little stupid about this," he said, "but I actually recommended privately to the minister of labor (last fall) that he choose Charles Millard as one of the trustees.

FEELS BADLY

"I have been feeling very badly about how wrong I was in that recommendation."

(Mr. Millard is a retired labor leader and was closely associated with the CCF party that preceded the NDP.)

Mr. Fisher said the other two trustees are not very active. The chairman, Mr. Justice Victor Dyer of British Columbia, was in poor health and longed to go back home. Judge Rene Lippe was too busy mediating labor disputes.

Michael Starr, former Conservative labor minister, accused the government of evading its responsibility to clean up racketeering in the SIU. Most of Judge Norris's recommendations had been "thrown out the window."

BROTHER BERNADINE-BENNETT

Former Belleville Resident, G. Bennett, Graymoor Friar

GRAYMOOR, N.Y.—In a solemn ceremony here in Our Lady of Atonement Chapel on Saturday, Brother Bernardine, S.A., of Kingston, Ont., Canada, made his final profession of vows as a member of the Friars of the Atonement, popularly known as the Graymoor Friars. The Very Rev. Samuel Cummings, S.A., Guardian officiated.

Brother Bernardine, S.A., the former Glen Bennett is the son of Mrs. J. A. Bennett, of 11 Harvey St., Belleville, Ont.

Brother Bernardine attended St. Michael's Academy and St. Michael's High School in Belleville, before entering the Graymoor Brothers in 1956. He has been stationed for the past four years in the Library at the St. Francis Friary, London, England.

Graymoor Brothers are specialists who use their skills to further the work of their Society. Some fill clerical and administrative positions; others are architects, carpenters, electricians, masons, mechanics, painters and printers.

In the missions the Brothers may be called upon to run a dispensary or to build a chapel, to purchase supplies or teach catechism to a group of youngsters. Graymoor Brothers are stationed at all Graymoor colleges and seminaries in this country and at mission posts in Japan, Brazil, British Columbia, North Carolina and Texas.

Steal Gems Worth Fortune

PARIS (AP) — Four bandits seized $500,000 worth of jewels in a pre-dawn raid on a Paris hotel today, exchanged fire with police and escaped in a black sedan.

A stray bullet killed a taxi driver, Henri-Eugene Andre, 37, who was parked across the street.

The bandits pulled off the robbery in the lobby of the Plaza Athenee Hotel. They strode directly to jewelry display cases and, after failing to back them open with hatchets, blasted through the reinforced glass with pistol shots. One of the group held hotel employees at bay with a machine-gun.

As the robbers left, the four fired at a police car which was racing to the hotel in answer to a call for help from the switchboard. Andre was hit at the wheel of his taxi.

The Plaza Athenee, one of the most fashionable hotels in Paris, is located on the Avenue Montaigne, leading from the Champs Elysees to the River Seine. The jewelry display cases were owned by Harry Winston and Mark's.

Here are the 15 council members:

Atlantic Provinces

Mrs. John C. Crosbie, St. John's, Nfld.; Theresa McNeil, 37, extension department, St. Francis Xavier University, Antigonish, N.S.

Quebec

Helen R. Weinberg, 30, director of the school of household science, Macdonald College, Ste. Anne de Bellevue; Mme. J. F. Pilon, Boucherville, vice-president (for Quebec) of the Consumers' Association of Canada; Mme. Antonio Paradis, Ancienne Lorette; Mme. Therese Casgrain, 56; Mrs. Jean Wilson, and Hubbette Plamondon, 38, vice-president for Quebec of the Canadian Labor Congress; all of Montreal.

Ontario

Dr. C. A. Morrell, 64, head of the food and drug directorate in the federal health department; Mrs. A. F. W. Plumptre, 55, Ottawa, national president of the Consumers' Association of Canada; Mrs. A. D. Zimmerman, Ottawa; Miss Barbara A. McLaren, 35, dean of the faculty of food sciences, University of Toronto.

Prairies

Mrs. W. Gilbert Weir, Winnipeg; Edith Rowles, Saskatoon, professor at the college of home economics, University of Saskatchewan; Mrs. B. P. Marlis, Edmonton.

British Columbia

Modest Pernarowski, 35, Vancouver, associate professor, faculty of pharmacy, University of British Columbia.

Miss LaMarsh said that secretary of the council will be Miss E. M. Ordway, head of the consumer relations division of the federal food and drug directorate.

Will Continue Some Relations With Cuba

OTTAWA (CP) — Canada will continue trade and diplomatic relations with Cuba while maintaining a ban on the export of arms and strategic goods, External Affairs Minister Martin said Monday.

He told the Commons Canada has received no formal communication on the subject from the Organization of American States, which voted 15 to 4 Sunday to impose commercial and diplomatic sanctions on the island. Canada is not a member of the OAS.

The organization's request that other countries join in its boycott would be "carefully considered," Mr. Martin said. The former Conservative government and the present Liberal administration have "consistently taken the position that carrying on diplomatic and trade relations do not signify approval of the regime."

Form Society To Abolish Death Penalty

TORONTO (CP) — The Canadian Society for the Abolition of the Death Penalty was officially formed Monday with Toronto lawyer Arthur Maloney as its first president.

Mr. Maloney told a press conference the society's principal aim is to abolish the death penalty in Canada.

It will also aim:

—To develop public support for the abolition of the death penalty.

—To make representations to the federal government for a law to abolish the death penalty.

—To maintain close ties with organizations favoring its objectives. And to co-ordinate the activities of these other groups.

—To conduct research into an alternatives to the death penalty.

To achieve its aims the society plans to establish a network of regional and local branches in the 10 provinces.

The society, started by third-year law student Paul T. Matlow of Kitchener, received its charter June 5.

FAVORS PAROLES

The society favors life imprisonment with the possibility of release on parole, Mr. Maloney said. He added that paroled murderers have proved to be the most successful risks.

U.S.

(Continued From Page 1)

major problem is intercepting shipment of supplies from hidden bases in South Viet Nam to other bases or prospective points of operation by Viet Cong.

U.S. officials have not ruled out attacks on North Viet Nam, which backs the Viet Cong, but they have said that the war in South Viet Nam has not reached such a critical point.

In Kuala Lumpur, Malaya, South Vietnamese Defence Minister Maj - Gen. Tran Thien Khiem said, there is a strong underground movement in Communist North Viet Nam ready to launch full-scale sabotage there.

He told questioners South Viet Nam would "wait and see" whether in start a full-scale attack on the north in support of this movement.

BEATLE NETS

RYE, England (CP) — Headmaster Roger Rothwell ordered boys with Beatle hairstyles at the Rye County secondary school in Sussex to wear hair nets for safety during workshop lesson. "I haven't seen so many sensible hair styles here for ages," he said later.

AN URGENT APPEAL TO CONSTRUCTION WORKERS

(particularly men who work in trenches, any excavation for public utilities. or any other hole in the ground):

Never enter a trench or hole in the ground unless you are sure it is safe and won't cave in.

Fellow workmen work frantically... but in vain... six men died in this cave-in.

This is the grave of a workman... it was almost two but rescue workers were able to save one.

A lucky workman is dragged from a cave-in...he took a chance and entered a hole that had no support.

Life-saving oxygen is lowered to a man buried in a so-called trench... it could have been his grave.

This was called a trench... it is in effect a grave.

This man escaped with a broken leg. Rescue workers dug him out in time... will you be as lucky?

In St. Catharines last week, a construction worker was trapped for over an hour in a cave-in.

A few days earlier, another man was buried to his neck in a cave-in in Scarborough.

These accidents followed a similar one a little while ago in the Chatham area.

It is happening too often.

Never work in a trench, excavation or hole unless you are sure it is safe. By law, all excavations, trenches or holes deeper than 4 feet must be properly shored or supported so that they cannot cave in.

Do not throw your life away needlessly. Your family needs you just as much—or more—than you need your own life.

CONSTRUCTION SAFETY ASSOCIATIONS OF ONTARIO

Engagement Notice

Mr. and Mrs. Arthur Wynne announce the engagement of their elder daughter, Sheila Joy, to Mr. Douglas Gordon Macdonald, son of Mr. and Mrs. Ernest Gordon Macdonald of Dryden, Ontario. The marriage is to take place on Saturday, August 29th, 1964, at 2:30 o'clock in the Victoria Avenue Baptist Church, Belleville.

Ottawa Issues Salad Recipes

OTTAWA (CP) — July is "salad month" in Canada and home economists in the federal agriculture department have issued a colorful 32-page booklet of salad recipes.

Published by the consumer section of the department, it contains 80 tested salad recipes and several pages of information on storage and uses of hundreds of vegetables and fruits.

The booklet also provides information on jellied salads — how to mould and unmould them, how to make a pleasing garnish for the finished mould.

Recipes range from the simple, such as green salad to more complicated dishes such as cucumber cheese mould and strawberry cottage cheese salad.

The booklet, which is free, may be obtained by writing to the information division of the federal agriculture department, Ottawa.

SPEAKING of MANNERS

PATRICIA LEWIN

MAIL CALL

QUESTION: A boy invited me to the movies last Saturday. Afterwards, as we were walking home, we met some other kids who were going to a local pizza place and they suggested we go with them. I said I'd love to, so we went, although my date didn't seem too keen about it. When the check came, I whispered I'd like to pay my share, but he wouldn't hear of it. Later, I felt I had done the wrong thing by offering to pay. I have not heard from him since, and I wonder if perhaps he was offended. Should I call to apologize, or what? — C. K., Hamilton, N. Y.

ANSWER: When a boy invites you out, he pays the freight for the evening. Since he's the host, naturally he decides what the evening's entertainment will consist of. When the others suggested you go with them to food, the boy should have made the decision, not you. Perhaps he couldn't afford more than a movie.

Offering to pay part of the check only compounded your original error and, let's face it, you put him in an embarrassing position. Under this, I don't think you should send him a note of apology. If he doesn't try to date you again in a hurry, perhaps you might invite him to a small party at your home, or invite him to escort you to a party at the home of one of your friends. After this, though, remember your manners. Let your date take charge of the evening. Offer suggestions about "what to do" only if he asks you.

QUESTION: I was starving when I went to dinner at the home of a friend recently. We had been to the beach during the day and I guess the sun and sea air made me hungrier than usual. I could have eaten three portions of everything, but the hostess didn't even offer seconds. Since no one else asked for anything more after we were served and finished, I did not think I should be the only one to do so. What I'd like to know, as a result, is this: May a guest ask for a second serving or should a guest wait until the hostess suggests it? — Mrs. P. B., Philadelphia, Pa.

ANSWER: A hostess should ask if guests would like more. If she doesn't and is hungry, guest may ask for another serving, providing it's obvious there is enough left over for seconds.

SOCIAL and PERSONAL

ENGAGEMENT NOTICE

Mr. and Mrs. William Donald Flindall of Belleville wish to announce the engagement of their daughter Karen Jean, to Mr. James Fisher, son of Mr. and Mrs. Hilliard James Fisher of Belleville. The marriage to take place on Saturday, August 22nd, 1964 at 12 o'clock at Christ Church, Belleville.

* * *

Mr. Harry McCaw, North Front Street is a patient in the Belleville General Hospital.

* * *

Mrs. Bill Skelly and baby Chris of Toronto are spending a few days Dolph with her parents, Mr. and Mrs. Grant Stickle, Charles Street.

* * *

MR. AND MRS. TERRY JOSEPH BENNETT

Bennett – Turcotte

A pretty summer wedding was solemnized in Bridge Street United Church on Saturday, July 11 at one p.m. when Frona Christina Turcotte, daughter of Mr. and Mrs. Sam Turcotte, Belleville was united in marriage to Terry Joseph Bennett son of Mr. and Mrs. Bernard Bennett, Point Anne. The Rev. H. M. Davis officiated at the ceremony before a background of pink and white gladioli. White satin bows designated the guest pews.

Wedding music was rendered by the church organist Mr. Ross Bateman who also accompanied the soloist Miss Sheila Keegan of Belleville in her vocal renditions.

The bride, given in marriage by her father wore a floor-length creation of nylon organza over taffeta featuring a keyhole neckline outlined with seed pearls and this design carried down the front of the dress. The bouffant skirt was caught up with its own self bow lending a full effect. Her headpiece was of matching organza with a cluster of large roses gathered at the top with a bouffant veiling well. She carried a cascade bouquet of large roses mingled with rosebuds and trailing streamers.

Mrs. Ronald Lucas, sister of the bride as matron of honor wore a street-length dress of turquoise crystallized organza with fitted bodice and matching jacket. She wore a matching headpiece consisting of three large flowers with shoulder-length veil, and carried a bouquet of white and tinted turquoise 'mums.

bridesmaids Miss Bonnie Gow and Belleville, Mrs. Gary Gow of Frankford and Ralph Stine of Belleville were identically attired in the matron of honor, but in pink. Each carried a bouquet of pink and white 'mums. The junior bridesmaid was Miss Leah Harper, niece of the bride dressed in a floor-length gown of white crystallized organza with turquoise sash and large bow at back. She wore a matching headpiece and carried a bouquet of white and turquoise 'mums.

There were two little flower girls, the Misses Michelle Bennett, niece of the bridegroom and Charlene Irwin, gowned alike in street-length dresses of white crystallized organza with pink sashes and large bows at back. They carried bouquets of pink and white 'mums. The little ringbearers were nephews of the bride, Masters Kerry and Kelly Lucas.

Mr. Brian Bennett of Belleville attended his brother, while another brother, Danny Bennett of Belleville, Gordon Green and Thomas Irwin, also of Belleville were the ushers.

The reception was held in the Legion Hall, Pinnacle Street, where the bride's table was prettily appointed with roses and 'mums and centred with a three-tier wedding cake topped with miniature bride and bridegroom flanked with tapering lighted candles. The cake was baked and decorated by the bride's father. The bride's mother received the guests wearing a dress of yellow lace over taffeta with white accessories and a corsage of white carnations and yellow Sweetheart roses. Mrs. Willard Irwin, substituting for the bridegroom's mother, who has been ill and unable to attend, was wearing a dress of blue lace over taffeta, white accessories and a corsage of white carnations.

Guests were present from Belleville, Trenton, Frankford, Ameliasburgh, Kingston, Ottawa, Toronto, Hamilton, Cornwall and Ottawa.

Previous to her marriage the bride was honored at miscellaneous shower given at the home of her sister Mrs. Ron Lucas; also by her co-workers of the Northern Electric when she was presented with a Corning ware set and kitchen utensils. The couple also received a floor lamp and electric glasses at a presentation given by the local Canadian Legion branches 59 and 527.

Mr. and Mrs. Bennett will reside at 395 Dundas St. West, Belleville.

(Photo By Lumbers Studio)

MR. AND MRS. JOHN BRUCE REID

Reid – Yorke

Candelabras with white candles, baskets of white gladioli, 'mums and pink carnations were used to decorate Holloway Street United Church, Belleville for the wedding of Muriel Elaine Yorke, daughter of Mr. and Mrs. Kenneth Yorke, to John Bruce Reid of Belleville, son of Mr. and Mrs. Fred Reid.

Rev. C. W. Coleman officiated at the ceremony. Wedding music was played by the church organist Mr. A. Mc-Leod and the soloist was Mrs. Anne Warren.

The bride who was given in marriage by her father wore a floor-length gown of white silk organza over taffeta with an empire waistline, A-line skirt, and a Camelot train from the shoulders with applique on the bodice and train. Her headdress was a crystal crown with soft shoulder-length veil.

Miss Donna Yorke was her sister's maid of honor, wearing a street-length sheath dress of rose silk organza over taffeta with matching three-quarter length softly pleated overdress with back bow. The bow has bows. Miss Sharon Reid, Miss Marilyn Reid, sisters of the bridegroom and Miss Elizabeth Musgrove, Belleville were bridesmaids with dresses similar to the maid of honor in a pink shade. They carried crescents of pink roses, white 'mums and ivy.

Miss Christine Badgley was flower girl dressed in pink silk organza with a headdress of white 'mums. She carried a nosegay of pink roses and white 'mums.

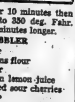
The groomsman was Richard Bird of Belleville, and the ushers were Lowell York, Scotland Fals; Ronald Day and Ralph Champaign, both of Belleville.

A reception was held at the Madrid Room of the Sun Valley Motor Inn, where the bride's table was decorated with silver candelabra, pink and white gladioli with Sweetheart wedding cake with pink tulle at the base, topped with a silver container with pink and white heart roses and ily-of-the-valley. The bridal bouquets completed the setting.

The bride's mother received, wearing a blue silk shantung sheath dress with matching duster, matching accessories, and an orchid corsage.

The bridegroom's mother assisted in a beige lace over taffeta sheath with matching jacket and accessories, and corsage of an orchid.

Mr. and Mrs. Reid left on a trip to Quebec and northern New York State with the bride travelling in a flower printed sheath of turquoise and brown tones with matching overdress of turquoise silk shantung caught at waist by a bow. Her matching flowered hat was in turquoise and brown tones, and she wore white accessories and a corsage of white shasta 'mums.



Guests attended the wedding from Hamilton, Toronto, Smith's Falls, Perkins, Michigan and Kingston.

The bride and groom are residing at 96 St. Paul Street W., St. Catharines.

A miscellaneous shower in honor of the bride was given by Mrs. J. Musgrove and Miss Elizabeth Musgrove. The teachers at Queen Victoria School entertained at a miscellaneous shower, and the staff at Hastings County Home with Mrs. A. Warren as hostess gave a shower. The bridegroom was presented with a ball and chain and a gift certificate from the office staff at McClinton Industries, St. Catharines. Mr. and Mrs. Reid were presented with pieces of crystal by the staff of Hastings County Home. Mrs. K. Yorke entertained at a trousseau tea at her home on Foxboro Road.

Cheery Cherry Desserts Charm

by Mary Moore

Every year frozen cherries and canned cherries have their share of the limelight in this delicious fruit. Our contest judge this month is Mrs. Robert Johnston of Belleville.

Now fresh cherries have their heyday.

Make at least one cherry pie for your loved ones this month and for the contest select make the Cherry Cobbler I give below.

TUESDAY

Dinner Menu

Baked Chili con Carne (see Monday); Garlic and Onion French Bread; Cole Slaw with Celery Seed; Blueberries and Cream; Tea.

FRESH CHERRY PIE

1 cup sugar
1½ tablespoons cornstarch
⅛ teaspoon salt
4 cups well-packed sour red cherries, washed and pitted
½ teaspoon almond flavoring
red food coloring (optional)

Mix sugar, cornstarch, salt, cherries, flavoring and red food coloring (if used) together. Line 9" pie plate with your best rich plain pastry, turn in cherry mixture and seal with gashed top crust. If desired, brush top with glaze of 1 tablespoon each sugar and milk. Bake at 450 deg. Fahr. for 10 minutes then reduce heat to 350 deg. Fahr. and bake 25 minutes longer.

CHERRY COBBLER

2 tablespoons flour
2 tablespoons sugar
1 tablespoon lemon juice
2 cups pitted sour cherries

BISCUIT TOP

2 cups flour
4 teaspoons baking powder
½ teaspoon salt
½ teaspoon cream of tartar
2 tablespoons sugar
4 tablespoons shortening
½ cup milk

Mix ½ cup sugar and 2 tablespoons flour, add water, cook until thickened, stirring, add lemon juice. Pour this syrup over the cherries in bottom of buttered baking dish and put in oven of 400 deg. Fahr. to cook a little while you make the Biscuit Top: Sift together flour, baking powder, salt, cream of tartar and sugar. Cut in shortening until crumbly. Quickly stir in milk. Turn out on floured board and pat into an oblong or round the same shape as baking dish.

Cover hot cherry mixture with it. Gash it with sharp knife at 2 or 3 places. Bake at 400 deg. Fahr. until crust is golden brown and juice bubbles through gashes — about 25 or 30 minutes. Serve with top milk or cream.

Sisters Enjoy Bermuda Cruise

WHITE'S DISTRICT — Miss Gail Gingras was among 150 winners across Canada on a Bermuda cruise. Gail won a bowling championship in the Milton district and was awarded an expense-free trip for seven days in Bermuda. Mrs. Douglas Westfall accompanied her. They returned home on Saturday and report a wonderful trip.

They enjoyed two and one half days at the New York's Fair in New York. The cruise took two days each way and they spent three days in Bermuda where they enjoyed several conducted tours. The flowers there were beautiful. All meals in hotels and on the boat were especially enjoyed.

Gail took many colored pictures on her trip and these can be enjoyed in the future by her friends as well.

Women's Institutes

CARMEL W.I.

The July meeting of the Carmel Women's Institute was held at the home of Mrs. Arthur Trevorton with an attendance of 16 members and 13 visitors. The meeting was opened by the president, Mrs. J. Lucas, who welcomed the members and visitors. The Trent Valley Area Convention was announced for Sept. 8th and Sept. 9th at Club Canara. The delegate and alternate chosen were Mrs. Allan Gowborpe and Mrs. Carl Thompson.

A display of house plants was planned and discussed for the Belleville Fair. Mrs. Duane Martin, convener for citizenship and education gave a reading on the "Canadian Flag." The president extended a vote of thanks to Mrs. Trevorton for opening her home for the meeting.

Mrs. Russell Ritz took charge of the program and opened the meeting with a poem. Mrs. Carl Thompson gave a reading.

Mrs. Russell Ritz introduced the speaker for the evening, Mrs. Arnold Ritz from the Gloria Beauty Salon at Carmel. Mrs. Ritz gave an interesting outline of her duties at the hair dressers' school she attended in Toronto, which said one must attend for seven months in order to obtain a licence as a hair dresser.

The final examination includes a written examination as well as an oral examination. A student practises on mannequins for three months and the remaining months of her training on customers. Mrs. Ritz demonstrated and explained the different styles of hair curling which proved interesting to all present. Mrs. Merle Robinson thanked Mrs. Ritz for her instructive message and demonstration and presented her with a gift. Mrs. Earle Ross, Mrs. Russel Ritz, Mrs. Harold Ritz, Miss Barbara Ritz, Miss Linda Ross and Miss Linda Rockstuhl took part in a humorous skit. Mrs. Ruth Brintnell conducted an interesting contest. Mrs. Grant Cole won the prize. Lunch of tea, free rinse and wave at the Gloria beauty salon compliments of the Carmel W.I. Women's Institute. Lunch was served by the hostess and assistants and a social period followed.

VENUS DRAWS CROWDS

TOKYO (AP)—The Venus de Milo, on loan from France to Japan as an attraction of the Tokyo Olympic year celebrations, was viewed by 1,720,000 Japanese (said admissions) in three months on display in Tokyo and Kyoto. The armless Greek statue has been returned to Paris.

English Parents Promote French

ST. LAMBERT, Que. (CP)—English-speaking parents here are so anxious that their children learn French that they have formed a group to promote the instruction of the language.

About 200 parents have launched a 10-week summer course in this district which that costs each parent $35 for each child, with a special rate if more than one child in a family attends.

The group—known as the St. Lambert Parents for Bilingual Education—has employed three teachers, two of them French-speaking housewives with teaching experience, to take classes in the morning and afternoon. The children are divided into two age groups, four to seven years old and seven and eight-year-olds.

Learning with pictures in association with the written and spoken word, even the youngest scholars now are using simple phrases. Some of the pupils have already learned French songs.

The parents manage everything from financing to transportation. Each is allocated to different groups on a rotating basis.

Plans are also under way to continue the classes during the regular academic year, holding classes two weekly after school hours or on Saturdays.

MENU Magic

from the KITCHEN

Lunch in a Jiffy

Make-Your-Own Sandwiches are the quickest and easiest to prepare . . . you set out the "fixin's" . . . your family does the "work". Offer cold meats, slices of cheese, lettuce, sweet onion rings, sliced tomatoes and mustard butter (just blend a little prepared mustard into soft butter). Crunchy "extras" like cucumber, green peppers, radishes . . . and a variety of bread and rolls will finish off your idea Tray. Add a pitcher of cold milk, fresh fruit in a basket and a plate of butter cookies . . . and wasn't that an easy meal to fix!

Sandwich "Fillers"

A few sandwich suggestions never go amiss in summer . . . so . . . how about teaming up sweet-popular bacon and eggs by combining chopped hard cooked eggs, crumbled crisp bacon and salad dressing to moistan. Or try blending shredded Canadian cheddar cheese with chopped celery, some onion or pickle and enough mayonnaise or sour cream to give spreading consistency.

And "Ditto"

Cottage cheese with added snips of parsley, thin radish rounds, grated carrot, bits of green pepper, or chopped ripe or green olives makes a good sandwich. Or try cottage cheese with chopped nuts, a little salt, and mayonnaise to bind. Sometime too, add grated raw carrot to cheese spreads for a good crunchy sandwich filler.

Lazy Susan Sandwiches

To make these summer specials, blend a little prepared horseradish into softened butter and spread generously on slices of wholewheat bread. Fill with slices of cheddar cheese or mild, topped with either ham, tongue or beef. Garnish with short carrot sticks, arranged like petals on top of each sandwich, with a ripe olive in the centre. Serve with plenty of milk and just see if you don't feel like a nice lazy susan yourself, while you and your family enjoy this lunch!

RARE, MEDIUM, WELL-DONE

By GEO. H. CARTER, *Sports Editor*

Plenty has been written and aired about the work being done by Little League Baseball but here's an angle from the other side of the picture.

Joey Jay and Bob Purkey, major league pitchers, both graduates of Little League teams, state that the program is too ambitious with far too much parental activity and supervision.

Jay is willing to lend an ear to those child psychologists who contend the Little League program is not developing players or even future baseball fans because of an over-eagerness to the game and the organized atmosphere that characterizes little leagues.

Jay discovered his seven-year-old was playing in a Little League group. "From what I have observed I'm going to discourage him from going on with it. That is far too young for organized training is something that is supposed to be fun."

Little Leagties, Jay contends, "are not serving the purposes they claim to be and I don't think they are helping baseball."

He says parental involvement, the very thing many Little League supporters proclaim as the outstanding virtue of the program, is the biggest stumbling block.

"I think even the most fair minded parents put pressure on their boys. I've seen a few mothers scold a boy for striking out or making an error. But even those who do not interfere find it difficult to conceal their disappointment when their kid has a bad game."

"I think," says Jay, "they cannaccept the team losing but cannot adjust to a bad performance from their boy. As for the kids who do well and draw applause and get their names in the paper, I don't think that's good for them, either."

Joey had one year on Little Leagues when he was 12 years of age. "We had a good team that went all the way to the world series and our shortstop had his picture in a magzine."

He said that this boy had lost his ability as well as his interest by the time he got to high school. "I'm sure there must be a great many more like him. I am convinced the people who get the most out of Little Leagues are the parents. That's why I say I don't think this program helps baseball."

"A lot of kids must get fed up with it before they are 16 years old. They've simply had too much organization when they should be playing on their own."

Fellow pitcher Purkey seconds Jay's views and adds some of his own.

"I've a son in Little League," said Purkey, "and I'm fed up with it. It makes no sense to me to attempt to make a professional calibre athlete out of a 10-year-old boy. I don't think it's good for the boy, no matter how much the instructor knows or how well-intentioned he happens to be."

"The proof to me," says Purkey, "that it isn't for the kids, is the fact the only time they use those fancy little parks is when the adults are around. If the boys were really getting a kick out of it, they would play there sometimes without the adults."

Both Jay and Purkey feel the parks, full uniforms and professional atmosphere of Little League activity distort the appreciation a boy has for the game.

"The kids don't earn those things," Jay says, "conditions under which a boy can play in Little League are often better than those he has in high school."

"I would be more in sympathy if they began the program at 12 instead of earlier. One more point—they says it helps combat juvenile delinquency.

"Most of your delinquency shows up at a later age. I am convinced that Little League is for adults and that makes it a waste of time."

Junior 'A' Makes Shift In Dates

ST. CATHARINES (CP)—The 1966-67 Ontario Hockey Association Junior A schedule will open Oct. 5—two weeks earlier than last season—and end March 5. It was learned Monday.

The junior A council, composed of coaches and managers of the eight teams, met here and decided to continue the 56-game schedule which was inaugurated last season. However, the two extra weeks will enable a better spacing of the games.

Oshawa Generals will visit Niagara Falls Flyers in the opening game Oct. 9. Home openers Oct. 11 will have Toronto Marlboros at St. Catharines Black Hawks, Peterborough Petes at Hamilton Red Wings, Niagara Falls Flyers at Kitchener Rangers and Oshawa at Montreal Canadiens. On Oct. 13, the Petes will play host to Toronto and Montreal will visit Oshawa. The other home opener will have Niagara Falls at Toronto Oct. 18.

Shoot 69's To Lead Huge Field ★ ★ ★ ★ ★ ★

Youthful Yanks Grab 'Open' Spotlight

By TED LACKMAN

MONTREAL (CP) — Charlie Coody and Dick Sikes may be forgotten golfers by Thursday, but for the moment the spotlight at the Canadian Open shines solely on them.

The two young Americans shot two-under-par 69s Monday to lead a huge qualifying field of 191 at the Pinegrove Club near Montreal. Of the 81 positions available, 80 were filled by players with 70 or better.

The 18 tied at 78 play off today for the remaining spot and several alternate positions.

Exempt from qualifying were 73 players, including Arnold Palmer, Jack Nicklaus, Gary Player and other recognized swingers who get a free ticket into the 72-hole chase for $50,000 that starts Thursday.

Sikes, a 24-year-old former college star from Springdale, Ark., and Coody, 27, of Fort Worth, Tex., may be lost in a blaze of fame for a while. But at least they won't forget Monday's heroics.

Coody fired a hole-in-one with an eight-iron on the 150-yard 13th to carve out a 31 on the back nine. He shot a 38 on the front of the par 36-35—71 course.

Sikes also had a beautiful stroke, chipping in from 70 feet for an eagle three on the 550-yard 12th.

Only two other players had broken par on the 7,000-yard layout. Tommy Morrow of Monroe, La., and Ernie Boros, a brother-in-law of Jack Nicklaus, from old Westbury, N.Y., both carded 70s.

The top Canadian, Michael Whitney of Kitchener, was bracketed at even par with two more Americans, Rocky Thompson of Wichita Falls, Tex., and Skee Riegel of Jamison, Pa., an other 19 golfers were locked at 72.

The last foursome played in almost total darkness on the 18th as the large field plodded slowly around the course. It took as long as four hours for some to play the back nine and almost seven hours to complete a round.

Hall Of Fame
Induct Seven Veterans

COOPERSTOWN, N.Y. (AP) Seven players, including Luke Appling, were inducted into baseball's Hall of Fame Monday and then New York Mets and Washington Senators played the annual Hall of Fame exhibition game.

The Mets, 10th in the National League, lost to the Senators, 10th in the American League, 6-4 at Doubleday Field where Gen. Abner Doubleday is said to have laid blueprints for the game.

The Mets thus clinched the unofficial bottom spot among all the 20 teams in the two major leagues.

Appling, a two-time American League batting champion for Chicago White Sox, and six old timers were inducted and their plaques placed in the hall during ceremonies conducted by baseball commissioner Ford Frick before the game.

Appling, still active as a coach with Kansas City Athletics, played 20 years with the White Sox and compiled a .310 lifetime average. He led the league with a .388 average in 1936 and .328 in 1943.

The others inducted were Hienie Manush, Burleigh Grimes, Red Faber, Miller Huggins, Tim Keefe and John Montgomery Ward.

Appling was elected by the Baseball Writers Association of America last year. The others were selected by the old timers' committee. Their inclusion swells the hall's membership to 101.

Daubers Win
Belvedere Defeats Lightfoots

Belvedere Hotel killed Lightfoot Construction's chance at first place and clinched the league Commercial Softball pennant for Barrage Landscapers last night, clipping the Lightfoots 4-3.

In another game, Ter-Mar Daubers won a 3-1 decision over Black Diamond Cheese.

Belvedere led 1-0 in the first then fell behind when Lightfoots plated singletons in the second and third frames. A three-run rally made it 4-3 for the winners in the fifth and the teams split a pair in the sixth. A great backhand play by Hughes preserved the Belvedere lead, preventing two Lightfoot runners from scoring, in the sixth.

Junior Day pitched the victory, giving up five hits, fanning a pair and walking three.

Harry Powers lost it for Lightfoots, allowing eight hits while whiffing two and walking two.

The winning rally saw Belvedere score three times after two were out on hits by Bryant and Hughes, sandwiched between a pair of errors.

Ryan had a double and single for the winners and Bryant got two hits. Others went to Hughes, Clapp, Perry and Day.

Powers hit a home run for the losers, Rose two doubles, Whiting one and Garvin a single.

Lightfoots	011 001 0	3 5 2
Belvedere	100 031 x	4 8 1

Signing Was Quick, Clean, Quiet
'Gaseous' Clay To Fight Liston

LOUISVILLE (AP) — Minus the ballyhoo that usually attends such functions, heavyweight boxing champion Cassius Clay has signed for a rematch this fall with Sonny Liston, the man he dethroned.

Although the site and date have not been decided, the 22-year-old champ modestly predicts: "I'm going to make this the greatest fight in history. I have a great many surprises for the next fight — surprises in my prediction, on my strategy and on some trainers I'm bringing in."

The Louisville Lip, who earned a reputation for a flair for publicity before he won the title Feb. 25 at Miami, shunned the usual signing promotion. It was hush-hush from the time he signed the contract Monday until the agreement papers were taken to Philadelphia, where Liston signed Monday night.

Bill Faversham, Clay's manager, said the target date for the fight is Monday, Sept. 26, but that the boxers have agreed orally to a meeting sometime between Sept. 15 and Oct. 31. Clay said he would like to fight in Louisville, but that Las Vegas and Baltimore also are in the running.

A member of the Black Muslim sect, Clay signed the contract: "Muhammad Ali, Aka (also known as) Cassius M. Clay Jr."

The contract calls for both fighters to get 30 per cent of the gross receipts. The fight will be put on by Intercontinental Promotions, Incorporated, which promoted their first match. Liston had stock in Intercontinental but said he has disposed of it.

Grab 2-1 Series Lead
Juniors Thump Printers

By GARRY ALEXANDER
Staff Sportswriter

Coasting on a six-run, first inning cushion, Ellis Juniors thumped Trenton Commercial Printers 8-3 at the CNRA last night to grab a 2-1 lead in their 3-of-5 B. and D. softball league semi-finals.

Next game of the set is slated for Trenton on Wednesday, at 8.15. Trudeau Motors visit Tweed Lumbanks in an 8:15 fixture at Madoc tonight in the other half of the semi-finals, knotted at a game each.

The Juniors took advantage of wildness on the part of Trenton starter Howie Cole to grab the win early last night. They sent 13 batters to the plate in the first and chased Cole to the outfield, tagging him with the loss.

Gardiner greeted Cole with a leadoff double and after six batters, Cole had given up three walks and four wild pitches. His only out came on Muirhead's sacrifice. Moon's fielder's choice chased the first run home and he scored himself on a wild pitch. Chatland stole home with the third run and there were still two on when Mike Ratushniak took over the pitching.

A misplayed fielder's choice put Boomhower on and Molloy's ground out made it 4-0. Ether followed with a single to centre, plating two more. A pair of errors and Moon's bunt left the bases loaded before Ratushniak got out of the inning.

The Commercial crew hit the scoreboard with a pair of loud bangs in the fourth frame. Don Cole slammed a booming home run and Will Kennedy repeated. Ethier bore down and got the next two men.

Bob Ethier went the route, giving up six hits. Mitts got to him for a run in the ninth, with a single and scoring on Simmons' bunt hit. Ethier was spiked covering first on the play and had to leave the game. Ethier struck out four and walked three.

Ratushniak pitched five-hit ball in six innings, walking one. Pat Maracle finished up, touched for a run in the seventh and another on a walk and Weston's double in the eighth. He struck out three.

Bob Ethier paced his club with a pair of base knocks. Don Gardiner, Pete Weston and Stu Malloy contributed a double apiece. Mike Chatland and Bob Moon singles.

Gord Simmons was Trenton's lone two-hit man, both singles. Don Cole and Will Kennedy had their circuit blasts, Cole's being his fifth of the year. Howie Cole had a double and Bill Mitts a single.

Trenton — Simmins ss, Drake 2b, D. Cole cf, Kennedy c, Mowatt rf, 2b, Mitts lf, Wannamaker 3b, H. Cole p, rf, Boudreau 2b, Ratushniak p, Maracle p.

Terry Blanks LA; Ups Yankee Lead

Reds Bomb Braves

By MURRAY CHASS
Associated Press Sports Writer

Suddenly they can't score against Ralph Terry.

Just a few weeks ago, they couldn't keep from scoring, particularly in crucial situations.

Terry, a righthanded veteran, came through a personally crucial situation Monday night like Percy Mason sails through court cases.

Making his first start for New York Yankees since June 10 when he last won, Terry pitched his first shutout of the season as he stopped Los Angeles Angels 3-0 and increased the Yankees' American League lead to one game.

REDS DUMP BRAVES

Cincinnati Reds bombed Milwaukee Braves, 11-2 in the National League in the only other game played.

It was at the start of this month that Terry's temporary downfall began. Pitching in relief against Kansas City July 1, the 28-year-old Yankee gave up a game-winning homp run to Bill Bryan in the 11th inning.

Two days later Terry came in in relief in the 10th inning of a scoreless game against Minnesota Twins. Don Mincher clugged a triple and Jerry Snyder followed with a sacrifice fly for a 1-0 Twins' victory.

Finally, after allowing two runs in two innings of relief July 5, Terry was given a two-week rest.

WON PROMOTION

Since that time, however, he wasn't permitted a run in 17 innings. First came three relief appearances totalling eight innings, then a promotion out of the bullpen.

Terry, now 3-4, gave the Angels seven hits but didn't let a runner get past second base.

He received all of the support he needed from Elston Howard and Roger Maris. Howard doubled home Tom Tresh and Joe Pepitone, who had singled, in the second. Maris clouted his 13th homer in the third.

Jim Maloney pitched and helped bat the Reds to their victory under coach Dick Sisler. Sisler took over for manager Fred Hutchinson, who remained in Cincinnati for further hospital tests. Hutchinson is suffering from chest cancer.

Maloney scattered six hits, picking up his 10th triumph in 19 decisions. He singled in the first run of a five-run fifth inning and batted in another run with an eighth-inning sacrifice fly. He also singled in the fifth.

Denis Menke homered for the

"Ace" Shooter Had His "Ralphs" Mixed

Jack Stewart who shot a hole in one at the country club Saturday was so excited over his feat, he got his "Ralphs" mixed.

Jack said it was Ralph Graham who was playing with him when he aced the 13th hole.

Actually it was Ralph Ketcheson who defeated Stewart at the 19th hole and who sank that 35-foot putt for a birdie and the match.

After all, a hole-in-one and a 35-foot putt do not happen too frequently in a golf match.

HAS CONFIDENCE

MINNEAPOLIS (AP)—Owner Calvin Griffith of Minnesota Twins reaffirmed his confidence in manager Sam Mele Monday despite a slump that has seen the Twins sink from a pennant contender to sixth place in the American League.

Braves while Deron Johnson and Marty Keough connected for Cincinnati, Keough's blast coming with one on.

Hurlers Hot With Bats

Pitch-Hitters Spark Sox Win

CHICAGO (AP) — The guy who started the legend that pitchers can't hit didn't know anything about the 1966 Chicago White Sox.

In sweeping a doubleheader from Minnesota Twins Sunday, 5-4 in 12 innings and 3-0 behind the six hit shutout pitching of John Buzhardt, Sox pitchers provided practically all the offence in the first game.

Starter Gary Peters crashed three-run homer in the second inning and reliever Eddie Fisher ended the contest with a bases-loaded single in the 12th inning. At least a dozen triumphs this season resulted directly from the hitting of Sox pitchers.

For example, they have batted a total of 42 runs this season. This ranks second only to the 53 knocked in by Pete Ward.

Peters, the 1963 American League Rookie-of-the-Year, is one of the best hitting pitchers in baseball today. Earlier this month he smashed a three-run homer to beat Kansas City Athletics. A week ago Sunday, the Sox were trailing Kansas City 2-1 in the 13th inning and Peters delivered a game-winning, two-run pinch homer.

Peters, Juan Pizarro, with two home runs and 10 runs batted in; Fred Talbot with a .285 average; Ray Herbert, Buzhardt and Joel Horlen are such good hitting pitchers that it's a wonder manager Al Lopez hadn't previously toyed with the idea of putting some of them in the regular lineup.

Lark Quarterbacks

Need Miracle To Remain

MONTREAL (CP) — Sophomore Francis (Bubba) Marriott and Warren Rabb, two cast-off U.S. quarterbacks summoned in mid-season last year to fill the vacuum caused by the firing of Sandy Stephens, are going to need a miracle to remain with the 1966 version of the Montreal Alouettes.

The miracle will have to come Thursday night when the Als play Ottawa Rough Riders in their final pre-season exhibition football game.

Coach Jim Trimble said Monday his two holdover quarterbacks will be given a final chance in the Ottawa game. If they don't show up well, they'll be cut.

As of now, Trimble is leaning towards rookie George Bork as his starting quarterback for the game, backed up by newcomers Vernon Cole and Jerry Fields. Cole and Fields can also be used on defence, a fact which makes them more valuable to Trimble than Marriott and Rabb.

Chuvalo Wins Over Prout

NEW BEDFORD, Mass. (AP) — Canadian heavyweight boxing champ George Chuvalo of Toronto scored a technical knockout over former Commonwealth champ Don Prout of Providence, R.I., Monday night in the 7:59 of the third round.

Chuvalo, 208, knocked Prout down twice for a count of eight in the third. When Prout arose after the second knockdown, he walked to the ropes and climbed through, saying to the referee: "That's all."

Palmer Lone Survivor

New Forces Challenge Rich Golf Crowd

By WILL GRIMSLEY

NEW YORK (AP) — Professional golf's Big Three, which Jack Nicklaus a year ago threatened to convert into a Big Six suddenly has developed into a Big We.

It's no longer just a trio at the top of the rich and rugged fairway game—it's a crowd.

The four major pro championships of 1964 have been decided six of the so-called Big Three—Nicklaus, Arnold Palmer and Gary Player—only Palmer, the Masters winner, came away with one of the choice plums.

Nicklaus, although the season's leading money collector, failed to qualify for the $100,000 World Series of Golf, which he had won two years in a row. Player never seriously threatened in any of the four big championships.

New forces are making themselves felt in big-time golf, new faces—one of them, at least, an old face re-emerging from the shadows of obscurity — have moved in to challenge Nicklaus, Palmer and Player.

WON OPEN

Ken Venturi, 33, who blew the reins of failure and frustration to winning the United States Open last month.

Another is the puckish face of champagne Tony Lema, 30, conqueror of cranky old St. Andrews in his first try in the British Open and the most colorful figure the sport has produced since Walter Hagen.

A third is the fresh, baby face of Bobby Nichols, 26, who performed a few miracles for four days in leading the PGA championship through every round. He captured the imagination of the nation by the way he stood off the constant pressure of Palmer and Nicklaus.

As winners of major championships, Venturi, Lema and Nichols qualify to oppose Palmer, an old hand, in the scramble for the $50,000 first prize in the World Series of Golf at Akron, Sept. 12-13.

"This is very healthy for golf generally," said Jim Ganglin, tournament manager of the Professional Golfers' Association, discussing the even distribution of the four big titles.

HELPED GAME

"The emergence of the so-called Big Three did a lot to stimulate the game and we haven't knock it. But it created an awkward situation.

Sponsors began to feel that their tournaments were a failure if they couldn't get Palmer, Nicklaus and Player, or at least one of them."

Since 1953, Palmer has won four Masters, the U.S. Open and the British Open. Nicklaus, at 24, has joined such immortals as Gene Sarazen, Ben Hogan and Byron Nelson as the only players to win all three of America's major pro events—the Masters, Open and PGA. Player has won the Masters and PGA and has been the only foreigner to lead the money-winning list.

Vees Edge Leafs 3-2, Chiefs Win

By THE CANADIAN PRESS

After two disappointed years, Mack Jones is finally beginning to look like the slugger he appeared to be when he first came to Milwaukee Braves' training camp. But he isn't doing his slugging for the Braves.

The Milwaukee organization gave up on the temperamental outfielder this spring and sold him to Syracuse Chiefs of the International League. And the change of scenery seems to suit him.

Jones hit his 31st and 32nd home runs of the year Monday night as the second-place Chiefs downed Atlanta Crackers 5-3. That compared with a grand total of 28 he had to show for two years and one-season stretch with Milwaukee and Toronto Maple Leafs.

The Leafs, meanwhile, took their fourth straight beating as they bowed to Richmond Virginians 3-2 in 10 innings. The only other game scheduled, between Jacksonville Suns and Rochester Red Wings, was postponed because of a curfew imposed as a result of Rochester's racial disturbances.

The two blasts by Jones, both with a man on, gave Jack Hamilton his seventh victory in 11 decisions. They also tied the second-best home-run total in Syracuse history, compiled by Clyde Vollmer in 1948, although Jones is still well short of Hank Sauer's club record of 50, set the previous year.

Art Lopez singled home Don Wallace with the winning run at Toronto, tagging Howie Koplitz with his sixth defeat in seven decisions. The Leafs, trailing all the way, had tied it up in the bottom of the ninth when Bill Williams doubled and eventually scored on Jim McKnight's sacrifice fly.

The Trots

TORONTO (CP)—Noses separated the first three finishers as Armbro Adanac captured the featured sixth race Monday night at Greenwood Raceway.

The seven-yearold pacer from Dr. Arrowsmith Brothers stables at Brampton gained the decision in the $1,300 event as he outdistanced Lyndon Chief and Pierre Herbert, the 6-to-5 choice from the Herbert Stable of London.

Armbro Adanac was a neck in front of Lyndon Chief. Pierre Herbert was only a nose behind Lyndon Chief.

Armbro Adanac, a 3-to-1 chance driven by Harold McKinley, notched his fourth win in 18 outings and teamed with Lyndon Chief for a quinella payoff of $35.20.

Robinson Draws With Hernandez

OMAHA (AP) — Veteran boxer Sugar Ray Robinson of New York and young Art Hernandez fought to a draw Monday night in a 10-round middleweight fight.

Robinson, at 162 pounds, used his stylish left hook to good advantage and had Hernandez, 160, down three times in the final round. But the 23-year-old Hernandez, of Omaha, was up all three times before a count.

Referee Bill Engel and one judge scored the fight 97-97 and the other judge gave Hernandez the edge 98-96 but under Nebraska rules the bout was a draw.

ENTERS TOURNAMENT

HALIFAX (CP) — George Knudson, 27, of Toronto Monday officially entered the Canadian Professional Golfers' Association championship to be held at Ashburn Golf Club here Aug. 13-15.

The Tracks

FORT ERIE, Ont. (CP) — Burnt Roman, a son of Roman Sandal, won Monday's featured seventh race with ease and boosted his earnings past the $70,000 mark.

With Jim Pitzsimmons in the saddle, Burnt Roman came on with a late surge in the final quarter mile of the mile turf event to win going away from Swerve and Sofisticada.

Favored by most of the 8,828 fans, Burnt Roman, owned by Mrs. Hal Waggoner and Mrs. George Keane of Hamilton, returned $4.50, $3.10 and $2.70, running the mile in 1:39 1-5.

HIT MARK

LEXINGTON, Ky. (AP) — The $100,000 mark was hit for the second time in the history of the Keeneland summer sales of thoroughbred yearlings Monday night when Virginia Hells, a New Jersey oil heiress, paid that price for a bay son of Princequillo. The price was second only to the $120,000 that John M. Olin paid three years ago for Swapsa, a son of Swaps-Obedient.

CONIGLIARO FINED

BOSTON (AP) — Young Tony Conigliaro, Boston Red Sox rookie left fielder, has been fined $200 for breaking the club's curfew restriction in Cleveland Saturday night. It was disclosed Conigliaro suffered a broken right forearm when hit by a pitch in Sunday's second game and is expected to be out of action at least 30 days.

REPLIES TO JAY

WILLIAMSPORT, Pa. (AP)—Little League Baseball, Incorporated, took issue Monday with pitcher Joey Jay of Cincinnati Reds who criticized organized baseball program for youngsters. "By his ill - considered comments, Jay has not endeared his own image as the first former little leaguer to go to the major leagues," said Robert H. Stirrat, Little League director of public relations.

AT THE PARK — Adventures of a Spaceship-Wrecked Astronaut and Man! This scene is an artist's conception of the thrills and excitement which take place in Paramount's new Technicolor adventure film, "Robinson Crusoe on Mars," which opens Thursday at the air-conditioned Park Theatre. Starring Paul Mantee, Vic Lundin, Adam West and Mona The Woolly Monkey, this "science fact" film is about a U.S. astronaut stranded on Mars and his subsequent fight for survival in that alien atmosphere. On the same program in Technicolor outdoor action is "Stage to Thunder Rock," starring Barry Sullivan and Marilyn Maxwell. Both color pictures are first Belleville Showings.

Took Charge From Start

Tiger-Cats Crush Edmonton

HAMILTON (CP) — Hamilton Tiger-Cats, with only one touchdown to show for their first two possession appearances of the season, regained the respectability of Grey Cup champions Monday night by crushing Edmonton Eskimos 39-16.

It was the second victory in three starts for the Eastern Football Conference champions, who edged British Columbia Lions 3-0 and were crushed 28-7 by Calgary Stampeders. Edmonton, last in the Western Conference in 1963, was beaten 32-20 by Ottawa Rough Riders Saturday.

Appearing at home for the first time this season, the Ti-cats took charge from the opening minutes and had a 21-0 lead before the Eskimos were able to carry the ball past midfield. Speedy Willie Bethea, who scored Hamilton's only touchdown at Calgary, picked up two more against the Eskimos. Rookie Stan Crisson got the third with Don Suiterla converting them all and adding field goals from 27 and 22 yards out. Charlie Calhoun, a new punter for the Ticats, boomed singles from 42 and 46 yards.

Rookie Butch Pressley and old hand Tommy Joe Coffey accounted for the Eskimo touchdowns. Bill Mitchell converted Pressley's score and kicked a 36-yard field goal.

Hamilton, using Bernie Faloney, Frank Cosentino and rookie Junior Edge at quarterback, enjoyed a statistical margin, completing 16 of their 25 passes for 237 yards while the Eskimos completed 16 of 28 for 180. On the ground, the Ticats gained 113 yards to Edmonton's 97.

Minor Baseball Results

Unleashing a 17-hit attack against two pitchers, IBEW 115 crushed the Bad Boys 20-6 in a Feewee baseball game at Park Dale last night.

The winners put the final touches on the win by scoring an even dozen runs in the sixth inning.

Steven Moore fired two-hit ball on the IBEW hilltop, striking out 13 batters and walking ten. Mario Vemuti was his catcher.

Wayne Farrell, the loser, and Jim Wood, were the victims of the 17-hit attack. They fanned seven and issued 14 walks. Pete Middleton did the catching.

Jerry Pope collected four hits, one a double, to pace the winners at bat. Danny Lapointe got two doubles and a single. Craig Adams one double and two singles. Steve Moore and Mario Venutti one of each. Glen Carleton also had two hits and Norm Pope one.

Stan Muldoon banged a double and Pete Middleton a single for Bad Boys.

At the Belle

World's Top Circus Act Booked for Disney's "Thomasina"

One of the world's most spectacular and daring circus acts makes its American picture debut in Walt Disney's, "The Three Lives of Thomasina," opening tomorrow, Wednesday at the Belle Theatre.

The Golden Cossacks, an internationally famed troupe of horsemen whose horse-hanging and world-shattering acrobatics are guaranteed to put cinema audiences on the edge of their seats, turn in a colorful performance for Disney.

Brought together three years ago by their leader, 27-year-old born Georgie Kaiser, his act provides a dramatic highlight in Walt Disney's action-packed Scottish tale. The entire act will be seen as a prelude to a dynamic fight sequence between Patrick McGoohan and Francis De Wolff.

The youngest member of the trio is dare-devil Wolfgang Kaiser, 16-year-old son of the leader. The third member is a veteran rider, Gunter Schneider.

Although they have been featured in many pictures in their native Germany, "Thomasina" marks their first visit to Britain where the picture was filmed.

"The Three Lives of Thomasina," in color by Technicolor, stars Patrick McGoohan, Susan Hampshire and Laurence Naismith with Finlay Currie, Karen Dotrice and Matthew Garber. Don Chaffey directed from a screenplay by Robert Westerby, based on the best-selling novel by Paul Gallico. Hugh Atwell was associate for Walt Disney pictures.

Saturday — Feewee: IBEW 115 vs Jaycees, (P.D.), 12.30 p.m.

Movie Column

Comeback for Jay North At Ripe Old Age of 12

By BOB THOMAS

HOLLYWOOD (AP) — Consider the plight of Jay North—12 years old and making a comeback.

Jay is the bright-faced lad who starred for four years as Dennis the Menace in the television series. A year ago the show faded from the air, the victim of lagging ratings and its star's continuing growth. It became a bit difficult to have Jay portray the stubby, mischief-making pre-schooler when he was pushing toward puberty.

What happened after the show was dropped?

"Oh, I did a Wagon Train and some other shows," he said. "And a lot of personal appearances, too."

Now he's back in the movies and starring in Zebra in the Kitchen, another film from animal lover Ivan Tors, producer of Flipper and Rinko. This time Tors is unleashing the entire Zoo, or at least Jay is.

LIKES ACTING

"I play a boy who wants to help call attention to the need for a bigger zoo," he reported. "So I let all the animals out, thinking it will help."

"I really like acting," he commented. "I love it, in fact. I'd like to go on acting until I get old and die."

But what about astronomy and baseball?

"Oh, I wanted to be an astronomer last week," he admitted, "and/a baseball player the week before. But what I really want to do is go on acting. I like everything about it."

Astrological Forecasts

By SYDNEY OMARR

For July 29

Aries (Mar. 21 to Apr. 19): Cycle high. Present original ideas. Stress personal influence, confidence. Circumstances due to work out in your favor. Pay special attention to personal appearance. Personality can sparkle!

Taurus (Apr. 20 to May 20): Check details. There is no need to fear the "unknown." Be sure of facts. Much which now creates uncertainty . . . is soon to be explained. Your current cycle nearing top point. Move ahead!

Gemini (May 21 to June 20): Good lunar aspect highlights friendship, romance . . . creative endeavors. Excellent time for change, travel, variety. Put personal mark on efforts. Seek to be with stimulating companions.

Cancer (June 21 to July 22): Family members may want one thing while professional responsibility demands another. Arrive at intelligent compromise. Realize there really is no success without domestic harmony, happiness.

Leo (July 23 to Aug. 22): Good lunar aspect highlights correspondence, travel, news from afar. You will gain satisfaction by applying knowledge. Don't merely meditate. Write! Make requests. Put forth original ideas.

Virgo (Aug. 23 to Sept. 21): Money questing prime. Seek to be self-reliant. Do your own checking, investigating. Others may be sincere. But they may also be careless concerning social facts. Be skeptical.

Libra (Sept. 22 to Oct. 23): Hold off on agreements, contracts, definite decisions. Finish present project. Wait for "proper conditions." Permit intuition to be your guide. If you are patient . . . you will succeed.

Scorpio (Oct. 24 to Nov. 21): Take practical steps forward. Base decisions on realistic estimates. Avoid pie-in-sky schemes. Be okay to speculate. All opportunity today is based on certainty.

Sagittarius (Nov. 22 to Dec. 21): Those who have your best interests at heart may be "far away." Handle both. Don't go along with those who "knock" your friends. Utilize innate sense of fair play.

Capricorn (Dec. 22 to Jan. 19): Feeling of restraining is temporary. Ride with tide — don't try to fight city hall! Be gracious, diplomatic. Put out "feelers." Be willing to absorb knowledge for future use.

Aquarius (Jan. 20 to Feb. 18): Travel. Make contacts. Put ideas on paper. Seek advice of experts. You have come through difficult period. Now your strength returns. Be active. Push ahead with determination.

Pisces (Feb. 19 to Mar. 20): Collect and pay — learn to "mean what you say." Complete projects. Make changes which enable you to have greater freedom of expression. Avoid persons who put you up in their emotional conflicts.

If today is your birthday . . . you have tremendous amount of intuitive power. You can look at persons and see them as — accurately.

General Tendencies: Cycle high for Aries, Taurus, Gemini. Special word to Libra: If you have the will power to wait . . . you will gain your objective.

MR. TWEEDY

by Ned Riddle

Announce New Healing Substance... Shrinks Piles, Checks Itch

Exclusive healing substance proven to shrink hemorrhoids . . . and relieves pain, itching

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissues.

One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved . . . actual reduction or retraction (shrinking) took place.

Among these case histories were a variety of hemorrhoidal conditions. Relief was overnight in cases of long standing, and most important of all, results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing ointcone (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Bio-Dyne is offered in ointment and suppository form called Preparation H.

In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.

Just ask your druggist for Preparation H. Supplied in Ointment or Preparation H. Suppository Form.

Satisfaction guaranteed or your money refunded.

Ann Landers

Alert Babysitter Should Be Praised Not Punished

ANN LANDERS

DEAR ANN LANDERS — I did what I thought was right and now I am in Dutch with the people I sit for. Please publish my letter and your advice.

I'm a teenager who sits for a nice family. They have four children. Maybe I am a fraidy cat but I never open the door for anyone. After all, I don't know all the friends and relatives of the people I work for. Chances are about a million that I might let in an intruder but I don't want to take that chance.

The other night a man rang the doorbell. He had a suitcase in his hand, and said he was a brother-in-law. I refused to let him in the house. He was awfully mad at me because he had to sit in his car for two hours.

When the Mr. and Mrs. finally came home they were furious at me. They said I should have known from looking at the man that he was "perfectly O.K." What do you think about this? — CHICKEN.

DEAR CHICKEN — I think you're the kind of girl I'd like to have as a sitter for my granddaughter.

The first rule a sitter should learn is never to open the door for anyone. It's not possible to tell by looking whether a person is perfectly O.K. The folks for whom you work should have praised you for your good judgement — and given you a bonus in the bargain.

* * *

DEAR ANN LANDERS — I was interested in the letter from the woman who wrote about the deaf-mute who went around selling packets of needles for 50 cents.

I am director of Vocational Health, Education and Welfare in the area of vocational rehabilitation and I can tell you there is no justification for any deaf person operating as a beggar-peddler or disability. Generally speaking, deaf people have normal strength, mobility and intelligence.

Our efforts to help the deaf are often undone by the operation of gangs of deaf beggars who swoop down on a community with their sad tales of inability to obtain jobs, thereby creating a negative image of deaf people.

They distort the true capabilities of the deaf and thus harm their own employability and ultimate adjustment. Millions of intelligent Americans have formed their opinion of the deaf as a result of a fleeting contact with this fraudulent begging racket. I hope you will print this letter and help educate the public. — SINCERE HIM.

DEAR B.H.M. — I am happy to do so and I appreciate your letter. Thank you for writing.

* * *

DEAR ANN LANDERS — I have rewritten this letter four times in an effort to make it printable. Please publish this, because I cannot receive a reply in the mail and I can't talk about this to anyone.

There are two women in our office. One is a divorcee, the other has never been married. They do not live together, but they have lunch together every day, take vacations together and spend their evenings together.

There are rumors around that these women have an abnormal relationship. I simply cannot believe such a thing is true because they are both extremely intelligent, refined, and the divorcee has two children. If the rumors are true, should these women be fired? Please answer. You can see I need educating. — IGNORANT.

DEAR IGNORANT — You are asking if it is possible that these women are homosexuals. The answer, is yes — it is possible, but not necessarily so.

Should they be fired? No. If they are competent, if they mind their own business and stay to themselves it would be cruel and senseless to deprive them of employment.

* * *

To many starry-eyed lovers do not know the difference. Do you? Send for ANN LANDERS' booklet. "Before you Marry — Is It Love or Infatuation?" Enclose with your request 25 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Better Service Paying Off

OTTAWA (CP) — The St. Lawrence Seaway Authority has been told that efforts to get more ships through the Welland Canal in shorter time are beginning to pay off.

A consultant firm hired by the seaway authority to find ways of improving traffic handling through the all-Canadian canal between Lake Ontario and Lake Erie has reported good progress already and predicted an even better showing in the months ahead.

The seaway authority released the second report of the firm's of J. Kates and Associates of Toronto, which says that the traffic capacity of the Welland Canal "can be increased adequately this season and substantially during the following two to three seasons."

The report said that delays to shipping are due to heavy traffic through the single locks through the Welland system, which bypasses Niagara Falls. By improving handling of ships in the locks, by speeding up ship movements and by modifications to the lock operations, the capacity of the canal can be substantially increased, it said.

PICTON NEWS

By LLOYD THOMPSON
GR. 6-3223
Home: GR 6-3513

One Injured In Three Car Accidents

PICTON (Staff) — At 8.40 p.m. an accident involving two cars took place in Picton on the corner of Owens and Maitland street. Harold Haddon, 50, driving a 1953 Pontiac struck the auto of David Daubney of Demorestville when his foot hit the accelerator instead of the brake at the intersection. The Haddon car was a complete wreck and the Daubney car a 1957 Plymouth had about $200. damage. There were no injuries sustained. The accident was investigated by Constable George Wright.

At 1.20 a.m. on Sunday Charles Thompson overturned his car a 1959 Skoda coach when he lost control and skidded on a county road just south of Milford. The auto mobile ended up on it's roof in the middle of the road, the 44-year-old driver was unhurt.

Gordon David Cole, 19, of 720 Simcoe Street, Oshawa, suffered lacerations and abrasions to his left knee and both elbows when his auto struck the ditch one mile south of the Bay Bridge on Highway 14. Faulty steering was said to be the cause of the accident. The accident occurred at 9.30 a.m. on Sunday.

Predict Busy Weekend at Outlet Park

PICTON (Staff) — Another busy weekend is predicted at the Outlet Provincial Park. This may cause some problems for the park officials as the park's 400 campsites are already filled and the overflow of campers is being directed to the Sandbanks campsites. No accidents have been reported since the near drowning of 70-year-old Marjory McIntosh on Thursday, July 23 at the Outlet Park beach.

Army Worms Become Problem

PICTON — While the army worms may be under control in many areas, they are beginning to be a problem in Prince Edward County. Over the weekend upwards of 300 acres of oats, corn and barely were found to be infested.

These worms burrow into the soil or crawl under stones or clods of dirt for daytime protection. The worms feed in the evening.

The worms leave a lot of droppings on the surface of the ground which is also a good indication of their numbers.

Postpone Sale

PICTON — At a meeting of the Holstein Club Sale Committee held on Monday, July 20 it was decided to postpone the sale of breeding stock which was scheduled for Saturday, September 26th. There were not sufficient cattle offered at this time to assure a successful sale. The Committee is hopeful that the Club will be in a position to hold a successful sale at some date in the near future.

Soil, Crop Body Takes Part in Sunrise Tour

PICTON (Staff) — Approximately 50 to 60 members of the Prince Edward Soil and Crop Improvement Association took part in a "sunrise tour" Friday morning. Subjects covered and discussed during the tour were fertility, plant population, varieties, weed control, speed of planting.

Most of the tour participants were 4-H members and farmers.

Examples of corn grown from various methods of speed planting were demonstrated. District Department of Agriculture representative Ivan Bell stated that corn planted at a speed of 3 miles per hour produced 17,000 planted whereas corn planted at a speed of 7 mph produced only 12,000.

During the tour four county farms were visited. The tour began at the Langstaffe farm at Carrying Place. This farm is the site of the annual "Cornland Day" to be held October the 22nd. Mr. Jack Haggerty and Mr. Byron Beeler acted as commentators for the group.

Nine varieties of potato crops were shown at the regional potato variety plots, on the farm of Clarence Vandal, "Centre Farm" Amelisburg. The tour which began at 9 a.m. terminated at the farm of Norman Denarda, Wellington, where lunch was served on the lawn.

Funeral Car Damaged in Collision

PICTON (Staff) — An unusual accident involving two cars occurred on Cherry Valley Road at Markland Hill at 2.40 p.m. on Monday. An automobile, the last in line of a funeral procession, driven by Gerald Dalton Ferguson of R.R. 3 Milford was struck by another auto from the rear driven by Robert McKee of Cartwright, Manitoba. Ferguson driving in the funeral procession was accompanied by his wife. There were no injuries and damage to the two cars is estimated at approximately $600. Picton OPP investigated.

SOURDOUGH COUNTRY — The prospecting rush is zeroing in on a broad band of geological faults, north of the Timmins and Kirkland Lake gold veins. The tent camps, mule trains and gold of early prospecting years have been replaced by these trailer camps, silver, copper and zinc and planes equipped to make electromagnetic surveys. (CP Photo)

Timmins Scramble

The Search Is on for 'Anything That Can Be Mined at a Profit'

By KEN SMITH
Canadian Press Business Editor

TIMMINS, Ont. (CP) — A 4,000 - square - mile patch of Northern Ontario is undergoing the most intensive prospecting ever seen in this vast, mineral-rich area.

Touched off by the $1,000,000-000 find of silver, copper and zinc made near here by Texas Gulf Sulphur Co., it has resulted in hundreds of companies sending squads of prospectors into the bush to try their luck.

In a miles-wide belt from west of Timmins through 100 miles of wilderness to the Quebec border, from Kirkland Lake and Larder Lake north 40 miles to Lake Abitibi, every inch of ground is being re-examined for mineral content.

Much of it had been prospected before, during the 1920s and '30s, but only for gold. Now the search is for anything that can be mined at a profit.

15,000 CLAIMS STAKED

In the Timmins - Kirkland Lake areas, headquarters for the sudden prospecting surge, almost 15,000 claims have been staked so far this year, compared with 3,500 all last year.

Some mining officials expect another 5,000 claims could easily be staked before the summer ends.

More than 2,000 prospecting licences have been issued, compared with about 300 last year.

"I think it's safe to predict that we'll have an active season," says W. S. Savage, resident geologist at Kirkland Lake, in a bit of an understatement.

Chris Egerton, recorder at the department of mines office in Timmins, says the rush was so heavy this spring that his section was running six or seven weeks behind in its work, despite hiring 11 extra workers.

"One consolation," he says with a grin, "is that if someone makes another strike near here it may drive the stock market crazy but it won't affect us.

"Just about everything around here that can be staked has been."

The prospecting rush is zeroing in on a broad band of geological faults, north of the Timmins and Kirkland Lake gold veins, that have been considered for years as good base-metal bets.

For some reason, however, little serious attention was paid to them until rumors of the Texas Gulf find first started to trickle out.

One Kirkland Lake mining official says that with all the exploration activity and the modern, scientific prospecting techniques in use, someone is almost certain to hit something.

Although there are plenty of lone prospectors and a m a l l companies working in the potentially hot areas, the mineral search no longer is a place for operators who aren't able to back their hunches with plenty of money.

PLANES $125 AN HOUR

Planes specially equipped to make preliminary electro-magnetic surveys and helicopters that transport men and equipment into outlying places cost up to $125 an hour. Many are flying 25 hours a day, and have a waiting list of customers.

Diamond drilling costs up to $5 a foot and after 1,000 feet a drill hole may prove only that there's nothing of value below the surface.

Texas Gulf, for example, is reported to have spent $2,000,000 on exploration before making its find. It tried 59 drill holes, all worthless, before hitting paydirt on the 60th.

Despite the early excitement and the high hopes stirred up by the search, the constant coming and going of the exploration crews now are being accepted as a regular part of life by the townspeople.

Mr. Egerton says his 21½-year-old daughter used to run into the back yard a few months ago whenever she heard a helicopter fly over.

"Now she's so used to them she doesn't even look up."

Tomorrow: Northern Ontario still lacks secondary industry.

Successful Living

Husband Must Lay Down Law To Avoid Future Tragedy

DEAR DORIS — Our hired man is 38. He believes in being both single and married. Runs around a lot although he has a new faithful wife.

Now that he notices my daughter, 12, is beginning to mature, you should see him. He'll bring her candies on the sly. He'll wrestle with her, tickle her, maul her. Comes in to play cards, then has her sit beside him.

He'll kiss her even though she isn't willing, pretends it's all in play, but he's not fooling me!

I don't want to be rude and insult him, because he is very useful and helps harvest our crop. Please send me some literature for a young girl so she realizes what to do in a case like this. — PUZZLED AND DISGUSTED.

DORIS CLARK

DEAR P. AND D. — This is your business more than hers. A 12-year-old girl shouldn't have the burden of handling an unscrupulous male. He is disturbing and exciting her with unfamiliar sensations.

It'll be your tragedy as well as hers if she becomes pregnant. Your husband must lay down the law, even if this means finding another helper.

* * *

DEAR DORIS — We were unaware that a welfare office could make any of his recipients sign that they will repay some money when earning again. One would think that those of the people involved rarely earn large enough sums to do this. I am told that this has been done. — NURSE.

* * *

DEAR NURSE — Not legally. No recipient of public assistance can be made to sign for payment of funds. This is contrary to the whole philosophy of public assistance.

An infringement should be reported to the minister of public welfare for your province.

* * *

CONFIDENTIAL TO SOMETHING'S GOTTA BE DONE — Well, don't you be the one to do it, that's all. A lady keeps her own counsel and doesn't appear to moon over a boy no matter how much he "stays" her.

* * *

(Doris Clark, Master of Social Work, is a graduate of McGill, Toronto and McMaster universities, and has had broad experience in social work. If you would like help with your problems, write to her in care of this newspaper, enclosing a stamped, self-addressed envelope.)

'Kick In Pants' Speeds Ranger To Moon-Plain

Expect to Hit Target After 50-Second 'Shot'

PASADENA, Calif. (AP)—The camera - carrying Ranger 7 space-craft probably will hit its target area on the lighted side of the moon, a space scientist said today after an apparently successful midway manoeuvres.

Dr. William H. Pickering, director of the jet propulsion laboratory, which is guiding the 806-pound vehicle on its 228,000-mile voyage, told a press conference "I think we'll get in the target area"—a 300-mile-wide plain just above the Equator in the centre of the left half of the moon.

The area, called the Sea of Clouds by ancient astronomers who imagined the flat spaces on the moon were bodies of water, was chosen as a photographic target because it could be a good landing spot for U.S. astronauts within a few years.

Pickering, obviously elated, said "it appears the spacecraft did what it was supposed to do, but we must analyze tracking data for several hours before we can determine the impact area precisely."

Ranger 7, latest attempt of the National Aeronautics and Space Administration to take closeup pictures of the surface of the moon, was launched from Cape Kennedy, Fla., Tuesday morning.

Major event in the 90-minute mid-course manoeuvre was a 67-second mile-an-hour kick in the pants designed to bring Ranger 7 on course for the moon's surface.

The kick—a 55-second burst by its steering rocket—was expected at about 3:30 p.m. (6:30 p.m. EDT) at the Jet Propulsion laboratory scientists' space bureau of tracking individuals and computers that will pass the leading edge of the moon and impact on the dark side.

On radio signals from earth, the 806-pound spacecraft was instructed briefly for better aim, then ignited a small rocket in the direction it was aimed, the brief burst slowed by 67 m.p.h. the 4,000 m.p.h. speed that would have carried it past the moon's surface 240 miles left of the face of the moon, as viewed from earth.

Hope was that Ranger 7's six television eyes would transmit more than 4,000 pictures in the final 17 minutes of flight, from an altitude of 1,100 miles down to impact. Some would distinguish objects as small as an automobile.

Nine sixty six earlier Rangers were failures.

ACID KILLS FOUR

LEGNANO, Italy (AP) — Two men pumping out a tannic acid vat at a leather works Tuesday were killed when they jumped stopped and fainting from the fumes, tumbled in. A third man died of asphyxiation as Bessana, the owner of the plant went to their rescue in the 10-foot deep tank. All four died.

Trapped Miners Healthy

By JOHN TALBOT

CHAMPAGNOLE (Reuters)—Nine miners trapped since Monday 222 feet underground in a limestone mine in Eastern France were cheerful and in good health today, officials reported. It may be Thursday or Friday before they can be brought to the surface.

Five other miners have not been heard from and are feared dead.

Drillers sent a small pipe into the underground gallery Tuesday night and exchanged signals with the nine miners. They lowered a microphone to the men by pushing through a larger pipe.

Down went food, warm clothing, hot drinks, flashlights and cigarettes. Wives and daughters spoke to their trapped loved ones.

Engineers said the movement early today of a large area of mountainside was not threatening operation to reach the nine but the sinking of a 36-inch steel shaft had not yet begun.

PROBING PARTICLES

Rescue officials quoted the men as saying: morale is good. We are all in good health though we are cold and wet. We are waiting for you to free us, but we will be patient."

Great fissures appeared in the mountainside Monday morning and as large areas began to subside, officials feared a major landslide. The nine miners left gaping holes up to six feet wide, but rescuers were able to continue work.

Bulldozers were gouging a hole in the side of the mountain in an attempt to reopen an entrance tunnel blocked by a fall of hard limestone.

Rescue officials said the men were 223 feet below ground, but the 36-inch drill boring down to wards them could only go down as far as 196 feet. Technicians studied ways of drilling the remaining distance to enable a bomb-shaped rescue capsule to be lowered to the trapped men.

Andrew Martinez, one of the trapped miners, gave the names of the nine survivors through the lowered microphone. He asked for maps of the gallery to be sent down.

Martinez said his group was cut off from the five missing men by debris.

BRITAIN'S 'MAN OF THE CENTURY' HONORED—Sir Winston Churchill, veteran British leader, stands in the drawing room of his Hyde Park Gate, London, home to receive from Prime Minister Alec Douglas-Home, a scroll from Parliament honoring him as "Man of the Century." Home said Churchill appeared very touched by the tribute.

(AP Wirephoto via cable from London)

Twelve Tories Talk

OTTAWA (CP) — The Commons' midsummer war of nerves enters its third day today with no end in sight.

A string of 12 Conservatives MPs delivered lengthy speeches Tuesday, continuing their party's strategy of holding up approval of a bill to give the government $696,010,000 in a special spending authority for August and September.

With the exception of Justice Minister Favreau, members of the four other parties refrained from speaking. They hope that the Conservatives will talk themselves to exhaustion in Ottawa's steaming heat wave.

If the Conservatives manage to keep the debate going for another eight or nine sittings days, the government will run out of spending authority and the temptation to call a general election will become overpowering.

The Conservatives, many of whom are itching to fight an election title fall on the Confederation and flag issues, have made it known outside the Commons that they intend to stretch out the money debate for 10 sittings or more.

Their supposed strategy is to discuss the spending estimates of a different department each day. Monday was devoted to the Justice Department, Tuesday the focus shifted to health and welfare.

A Conservative MP said the plan involves talking on forestry today and immigration Thursday.

The Conservatives are concentrating their fire on the whopping 1964-65 spending programs having not been discussed at all on the first session. They are blaming the government for holding back the main estimates.

Out of the 26 departments, only two have pushed their estimates through the House. By the end 224 days of the session, they will need a post of

J. Waldo Monteith, former Conservative health minister, said the study of government spending is Parliament's primary duty.

Conservative speeches dwelt on such topics as mental illness, the rise in delinquency, smoking and cancer, the nurse shortage, gliding clubs, pension plans, air pollution and the family.

Creditiste MPs awaited the Conservatives' turn, punctuating routine statements with loud cheers, banging applause, and continually shouting "record" or "dispense from reading."

H. W. Herridge (NDP—Kootenay West) was another who objected to beat the heat.

SHIP RENAMED

MORPOLE, Va. (AP) — The guided missile destroyer Biddle, selected earlier this year for test use of a multi-national force, has been renamed after a pioneer of the mixed crew concept. She was renamed the USS John Claude Bennett, "good in honor of the late chief of naval operations.

Britain Will Co-Sponsor New Laos Conference

Khrushchev Defers Decision to Withdraw

MOSCOW (Reuters) — Britain told the Soviet Union today it will co-sponsor a 14-nation conference on Laos provided new efforts are made to stabilize the situation there.

Authoritative sources said a British message delivered to the Soviet foreign ministry on instructions from the visiting British foreign secretary, Richard A. Butler, laid three main conditions for a conference.

1. Establishment of a united government under Prince Souvanna Phouma, the neutralist prime minister.

2. A cease-fire in Laos.

3. The return of rival Laotian troops to positions they held in February.

Sunday, the day before Butler arrived here, the Soviet Union called for a new 14-nation conference on Laos to meet next month.

Russia also said rejection of this proposal might force her to give up co-chairmanship of the conference. British and Russia are standing co - chairmen of the Laos conference which guaranteed Laotian independence and neutrality.

Talks with Russian Premier Khrushchev Tuesday, however, Butler won a promise to defer a final decision on the threat.

Informed sources said the agreement by Khrushchev came after a "powerful appeal" by Butler, who arrived here Monday for a five-day visit.

The sources said Foreign Minister Gromyko expressed alarm over the Laotian situation but said Moscow had not made any final decisions on how to deal with it.

WANTS MORE TALKS

Butler told Gromyko Britain was not against a Geneva conference on Laos but wanted further discussions on how it would be organized.

The Russian-proposed conference includes the United States and Communist China. Sources said the Russians had agreed to defer this decision on remaining co-chairman of the 1962 conference until all 14 powers' assent.

The sources said Butler felt the Kremlin was tired of the Laotian situation and that a compromise was in the offing.

Gromyko told Butler the 1962 agreements had been violated by all sides, including interfere in the country's affairs. Gromyko also said Souvanna Phouma is a prisoner of "reaction aries."

The sources said the two ministers agreed to continue discussions at the United Nations in the fall on a new Russian plan for a standby force in Laos and for keeping the country neutral. Western and Communist troops under the control of the Security Council.

Crops Hit By Drought On Prairies

EDMONTON (CP) — There's little doubt that low moisture conditions and drought have hurt prairie crops this year. The full effects—valued in dollars and added up in bushels lost—may not be known until the season ends.

Drought has been on the minds of farmers, agricultural officials and politicians throughout the summer.

The federal government announced an emergency program of aid to Saskatchewan farmers.

An agricultural official said in Calgary that drought in southeastern Alberta may cost farmers $17,000,000 in crop losses. Another said some Saskatchewan farmers may suffer complete crop loss.

The southeastern Alberta region and northern Saskatchewan appear to be hardest hit. Drought was slight in Manitoba.

Grain and livestock farmers both suffered.

The Winnipeg Grain Exchange said in a report that Prince Albert, centre of the northern Saskatchewan drought area, received total precipitation of 1.26 inches in a period from April 1 to July 25, compared with 7.13 inches in the same period last year.

OUTLOOK GOOD

But the overall picture looks pretty favorable or better yields predicted. July rains brought improvement and a mood of cautious optimism prevails among most farmers.

The federal government said it will provide shuttle 50 per cent of the cost of a four-point provincial program to get fodder to drought areas in Saskatchewan. Added assistance would be given in the shipment of cattle.

The agreement also applies to which offer poor grazing, to better land.

In many farmers have taken advantage of the aid is not yet known.

Agriculture Minister A. H. McDonald of Saskatchewan said Tuesday that "many parts" of northern Saskatchewan will suffer "a complete failure."

Officials said continued drought in Alberta would reduce the possibility of a relief program like that of 1961 when the provincial government made special arrangements to supply fodder from irrigation areas.

Agriculture Minister George

Negro Stag Starts Riot At Dance

MEDFORD, Mass. (AP)—A Negro youth's attempt to cut-in on a white couple at a teen-age dance turned the affair into a swirling mass of battling youths of both races.

Police of five Greater Boston communities fought the melee under control within an hour Tuesday night but not before 12 teen-agers suffered minor injuries. Several policemen also were hurt by flying rocks.

Several hundred of the 1,200 whites at the dance were involved in the fracas, police said. No arrests were made.

Medford, a residential-industrial city of some 65,000 about five miles north of Boston, has a substantial Negro population.

The trouble developed, police said, when some 50 Negro youths showed up at the dance without first securing permission. The Negro group stood in a solid stag-line at the edge of the dance floor but there was no disturbance until one Negro youth tried to cut in on a white couple.

Major Civil Rights Leaders Meet in Summit Conference

NEW YORK (AP)—Leaders of major civil rights organizations meet in a "summit conference" today with northern race riots and national politics high on the agenda.

Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, warned in his call for the meeting of the possibility of "extraordinarily violent and futile disorder."

Bedford Wilkins, those scheduled to meet at the NAACP headquarters are Whitney M. Young, executive director of the Urban League; A. Philip Randolph, chairman of the National Negro American Labor Council; John Lewis, chairman of the Student Non-Violent Co-ordinating Committee; James Farmer, national director of the Congress of Racial Equality, and Dr. Martin Luther King Jr., head of the Southern Christian Leadership Conference.

In his invitation to the other leaders, Wilkins called the nomination of Senator Barry Goldwater of Arizona as the Republican candidate for president a factor that could "produce the

Canada's Response to Plea 'Beyond My Dreams' - Tunku

OTTAWA (CP — The prime minister of Malaysia left Ottawa for Montreal early today where he will conclude his three-day visit to Canada.

Prime Minister Pearson and External Affairs Minister Martin were at Uplane Airport to see the tunku (prince) off.

Tunku Abdul Rahman said Tuesday night he was overwhelmed at the way the Canadian government had responded to his plea for help.

"It was beyond my expectations, beyond my dreams," said Tunku.

Earlier in the day, Mr. Pearson told him a Canadian military mission would be sent to Malaysia to assess the federation's needs, and special financial arrangements would be provided to help Malaysia buy Canadian aircraft.

Canada's contribution to Malaysia under the Colombo plan would also be increased by some $4,500,000 to a total $1,500,000 would be provided for equipping some 90 vocational schools and training teachers.

Canada also agreed to train Malaysian Air Force pilots in this country and sources said that initially eight pilots will be involved.

Canada's proposals for helping Malaysia fend off the confrontation policy of Indonesia were outlined to the tunku when he spent 90 minutes with Mr. Pearson Tuesday.

Plainclothes Detective Finds Self Accused by Burglars

TORONTO (CP)—A casually-dressed detective Tuesday disarmed one of two men who had tried to rob a jewelry store and was almost arrested himself when the man told uniformed policemen he was robbing them.

Policeman, called by passersby who saw Det. Roy Cornish struggle with the men and then chase them down six city blocks waving a 32-calibre pistol he had taken from one of them, threatened to shoot the detective unless he stopped.

Det. Cornish stopped dead in his tracks, was grabbed and disarmed by the policemen and then listened in amazement as the two men came up and told the uniformed officers he had tried to rob them. He had to do some fast talking before police would release him so he could produce his identity card.

John David Prince, 26, and Donald Whiteman, 25, both of Toronto, were charged with conspiring to rob a jewelry store, attempted robbery, possession of a loaded pistol and car theft. Prince was also charged with possessing burglar tools.

Politicians and Laymen Unite In Vigorous Criticism of Press

GENEVA PARK, Ont. (CP)—A columnist, two editors and a television news commentator faced vigorous criticism of the press of Canada from politicians and laymen attending the Couchiching conference of the Canadian Institute of International Affairs Tuesday.

On the panel were Charles Lynch, chief of Southam News Services, Norman DePoe, CBC news commentator, and Christopher Young, executive editor of the Ottawa Citizen. Chairman was Blair Mellon of Toronto, former Progressive Conservative member of Parliament and now a Newspaper columnist.

Mr. Lynch contended that generally the press is carrying out its task well but added that there are degrees of incompetence, as in all fields.

Pulling, former federal justice minister and now Conservative leader in British Columbia, said the press is not responsible on the part of the public that the press is not reporting what is taking place. There are instances in which he was quoted on statements he never made.

"I know there is the pressure of time and deadlines, but don't think the press realizes the power the press possesses," Mr. Pulton said. "You have a great power and sometimes you don't wield it responsibly."

The discussion on the press was substituted for a scheduled program after an incident Monday night when the audience vocally derided a panelist who said the press did not make news but simply reported it.

Mr. Lynch said journalism is a profession that calls for skill and experience and is carried out under extreme pressure. Most politicians refuse to be interviewed — off - the - road journalism, he said.

"They insist on believing that a reporter must belong to one political party or another. Mr. (Opposition Leader) Diefenbaker will go to any length believing to the end that the press helped to dig that grave."

Other criticisms levelled by delegates in this resort near Orillia included that there is too much interpretive reporting, not enough variety of opinion and that reporters are subject to dictation from publishers.

Mr. Young described the last charge as nonsense.

In an earlier address, Woodrow Lloyd, former premier of Saskatchewan, told delegates that Canadian universities were not doing enough to outline public service career possibilities.

Rochester Learns Good Works No Barrier to Racial Strife

The author, executive editor of the Gannett Newspapers, with headquarters in Rochester, is the editor and director of the Urban Integration series of articles which this year received a Pulitzer special citation for public service.

By VINCENT S. JONES

ROCHESTER, N.Y. (AP) — What happened to Rochester after racial riots reduced parts of this city to an armed camp, this quietly prosperous city answered by city officials, by most residents, and especially by outsiders who think of Rochester as an ultra-respectable community, home of good works and a sort of built-in indestructible brand of prosperity.

Rochester erupted the night after the flames died down in Harlem. Two days of unprotected trouble in Harlem. No one, especially city officials, had expected anything really serious to break out there.

Its prosperity, in terms of employment, wages, housing and sales, usually is at the top of most indices. Furthermore, Rochester has a well-deserved reputation for good race relations, a bit parochial, perhaps; a city long in the black book of any Negro who has found salesman because of its penchant for pulling in the sidewalks at sundown.

The Harlem riots were triggered by the controversial killing of a Negro by a white policeman. Rochester's weekend of terror started with an ordinarily routine attempt to break up a fight at a block dance.

Harlem has 15 million Negroes living in tall tenements. Most of Rochester's 30,000 Negroes live in sections of the city population) live in two - and three-storey dwellings, many of them decaying, inherited on each side of town from earlier and more fortunate immigrants and the other side from the aristocrats of the last century whose descendants long ago

Most of Rochester's Negroes came since 1950 and they came in droves and in great numbers to a community which, for all its generosity, was unprepared to deal with them. For example:

Rochester has more jobs—steady jobs, at good pay—than almost any city its size in the world. But those jobs, making photographic, optical and electronic equipment, are more sophisticated parts of automotive jobs, are for skilled workers. There are few openings for men of little education or skills.

Understandably, there has been some covert discrimination in both jobs and housing. But in both areas, the city has replaced the worst of the old slums with both high rise and garden apartments (integrated), and recently the council approved new programs for both public housing and urban renewal. Realtors are pledged to obey the laws against discrimination. Most of the big

THE WEATHER

Synopsis: Cooler air is spreading rapidly southward across Ontario this morning, bringing showers or thunderstorms to southern and eastern Ontario. Cool weather will continue Thursday but except for the north country considerable sunshine can be expected.

Himmler's Rule - - Suffer Little Children to Live If Big Enough to Be Slaves

By LOYAL GOULD

FRANKFURT (AP)—A sedatory boy, on his tip toes, stretched every muscle in his small body in an attempt to touch a bar hanging five feet, five inches above the ground.

He couldn't make it and broke into sobs.

That bar meant the difference between life and death. Had he touched it, he would have lived a little longer as a slave laborer in one of the Nazis' 250 concentration camps.

This is one of the memories of tortured childhood revived in this summer's rash of war crimes trials in West Germany.

Piece by piece the information of how millions of youngsters died in the camps comes from the mouths of witnesses. Their descriptions of suffering and courage often cause judges and courtroom spectators to weep.

These witnesses have related that nearly all small Jewish and Gypsy children who arrived at the camps were killed immediately by gassing, shooting, bonfire of living or with injections of carbolic acid administered into their heart muscles. Only rare exceptions that babies born to women prisoners were tossed alive into ovens or on to open fires as a start-to-the costs of more expensive methods of murder.

SOLID STOCK COUPES

They have described how the SS (Ettle Guard) staged mock courts to tarrify older children before executing them. They have told of medical "experiments" performed without anesthetics on youngsters by SS physicians and how some children fought their tormentors with fierce, ferocity spawned by desperation.

A witness at the current Auschwitz trial in Frankfurt, Mrs. Zlata Wasserstrom of Mexico City, testified that after being the sufferings of children in various concentration camps where she was imprisoned, she never wanted "the joys of motherhood that every woman desires."

By 1941—when the Nazi death factories were running in high war—the SS was exterminating all children under 14 who arrived. Then Heinrich Himmler covered that his blanket rule needed to slow the flow of slave laborers to industrial plants built by leading German firms in the camps. He modified his order, sparing children too tall to pass under the five-foot-five bar. He brought children that tall were strong enough to work—slave labor projects where adult male inmates had an average life expectancy of three months.

Witnesses have related how small children — knowing the bar examination awaited them if they failed the size test—stood on tip toes in vain attempts to appear taller than they were.

FLEAS REJECTED

When they failed they often ran among their examiners—assembled SS men—flexing their arm muscles and showing that were strong enough to perform any labor demanded of them. Their pleas for live were usually invariably rejected.

Children who they were spared, only to be forced to kill their own parent's in a manner designed to torture" the SS—such as hoking the head of a bound and gagged father in a water trough until he drowned, or pulling the trigger of a gun against a mother's forehead.

Children who refused were tossed with their parents alive into the camps' crematorium ovens or on open gasoline-fed fire burning to ashes the gas chambers' victims. This was the same fate ordered by Himmler for all babies born in the camps.

Call for Tenders For Highway 37 Job

Clare Rollins, M.P.P., Hastings-East has announced that tenders will be called this week for contract No. 54-238, Department of Highways.

The contract will be for grading and a grandular base on Highway No. 37 and the intersection improvements between three and four miles north of Tweed, and four miles south of Tweed.

Adolphustown Will Stage Centennial Day

A Centennial Day will be held on Wednesday, August 4 at Adolphustown and South Fredericksburgh, in Lennox and Addington.

The program, which is being held in the Adolphustown area, will be held following the afternoon and evening services. Sponsored by the Adolphustown and South Fredericksburgh Community Club.

In the morning a baseball game and children's races will be held at the Hall, followed by official ceremonies in the afternoon preceded by a parade. There will be a basket lunch program plus a tug of war, costume judging and a 12-mile bicycle race.

The evening program will include a street dance, mechanical display, and various demonstrations including butter making, quilt and rug making and horseshoe making.

Order Man To Pay Witness Costs

A 22-year-old Kingston man was ordered to pay $18 in witness costs in Belleville today when he claimed his lawyer failed to appear in a dangerous driving case.

Ronald Green told the court he had contacted defence lawyer Lou Tepper for his defence. However, a check by court officials while court adjourned, drew a denial of Green's claim from Mr. Tepper's office.

Magistrate Philip Baker then ordered the young man to forthwith pay the costs of three witnesses called by police. He told Green his case would be heard August 26 whether or not he had retained a lawyer.

Green was charged after an automobile scattered a group of youths on Hamby Street, July 4th. Douglas Scott, 18, of 29 Brock Street, received a broken leg when hit by the car.

Votes Against Own Issue On Accusation

QUEBEC (CP) — Even Yves Dubois Gabias (Conservative, Quebec) who brought up the issue, voted Tuesday for a committee report saying a member of parliament's influence-peddling against Attorney-General Rene Hamel was without foundation.

Following six days of hearings, the legislative assembly's committee on privileges and elections voted unanimously in favor of the report which will be submitted to the full assembly today.

The committee was set up following Mr. Gabias's tabling in the assembly June 30 of a statement by Shawinigan contractor Amedee Bellemare saying he paid Mr. Hamel a $1,500 bribe four years ago to obtain a road department sub-contract.

Not only did the committee report reject Mr. Bellemare's testimony but it blamed Mr. Gabias for not checking Mr. Bellemare's statement "before making such a serious charge."

Premier Lesage had one person of the committee report deleted, instead of the report saying Mr. Bellemare perjured himself in his testimony, Mr. Lesage said he will introduce a motion placing the committee dossier in the hands of the attorney-general to see whether judicial procedures should be taken.

Wesleyans Want to Keep Red Ensign

The Wesleyan Methodist Church of America in Canada held its sixty-seventh annual conference at Silver Lake Camp Ground, Maberly, Ontario, July 21-26. Pastors and lay delegates were present from the provinces of Ontario and Quebec.

Dr. B. H. Pham, Marion, Indiana, one of three general superintendents of the denomination, conducted the business sessions. He was assisted by the Rev. J. A. Speicher, lay president of the conference.

Dr. Stephen W. Paine, president of Houghton College, of Houghton, N.Y., gave the educational address.

A report on the work of missions was presented by the Rev. and Mrs. George Hutt, returned missionaries from Sierra Leone, West Africa.

Mr. and Mrs. Paul Mullen and family left on the following day, Maine, were in charge of the music.

The committee on resolutions introduced the flag issue which resulted in the following resolution being passed:

"Whereas our nation has for years been a part of the British Empire and has fought its glories and fought for its liberty and unity, and, whereas many of our nation have during the past two World Wars given of their lives and their loved ones for the freedom and the unity of our nation under the symbol of the Red Ensign, and whereas the Red Ensign represents the various cultural and national heritages of our Dominion; be it therefore resolved that the Wesleyan Methodist Church of America in Canada, now convened at Silver Lake, Maberly, Ontario, go on record as being committed to the proposed new tri-Maple Leaf flag to replace the Red Ensign."

National changes in the ministry include the Rev. James S. A. Spearman, entering pioneer work at Trenton, Ontario; the Rev. Eldon Lelley of Hatboro, Pa., has been called to be pastor at the Bellmont Wesleyan Methodist Church.

Rev. James S. A. Spearman of Belleville, was re-elected conference president for the sixth consecutive term. Other executive officers elected included Rev. M. E. Sommers, Ottawa; vice-president; Rev. J. H. Weavers, Edmonton, treasurer; Rev. F. S. Irish, Arnprior, Ont., secretary.

An ordination service was conducted on Sunday at which time Mr. Keith G. Cooney was ordained as an elder.

Between the Sunday morning and afternoon services nearly 300 met in the tabernacle for a special Memorial Service held in the memory of those who had passed away during the year.

Youth and adult camp began on Sunday. All dormitory space was taxed to capacity for the opening weekend.

Christian Youth Crusader Camp will begin Monday, Aug. 3, and continue through the week. Registrations for the week have reached an all-time high.

Upland Game Open Season Dates Named

The Minister of Lands and Forests has announced the open season for game birds, (in the counties of Frontenac, Hastings, Lennox and Addington and Prince Edward County — September 9th to March 31st.

Note:—The Resident Hunting Licence ($10) is not valid on south of Number 7 Highway until September 21st.

TRAINS INDIANS

The U.S. bureau of Indian affairs is training 60 Chippewa Indians to turn out factory-made reproductions of Indian crafts.

Shops Empty, Hospitals Full, People's 'Holy Anger' Makes Shambles of North Katanga

Since the United Nations peace force departed last month, the Congo has backsliden in The Congo have become the chief problem of the new secretary-general Premier Moise Tshombe. He has launched a policy of reconciliation with the feuding Congo factions in an effort to attract a united Congo. One rebellion he entered in the North Katanga province against Albert Delvaux, Associated Press writer Dennis Nedd has been there for nearly two weeks.

By DENNIE NEELD

ALBERTVILLE (AP)—Stocks of food are running low and the hospitals are filling up with wounded in the rebel Congolese army which flooded shores of Lake Tanganyika.

But ragged bands of fetish-crazed warriors still go rattling off aboard daily trains to the fighting front. And people crowding into cattle trucks sing songs of praise to the slain Patrice Lumumba, patron of the rebellion. The Congo's first premier after independence from Belgium.

Many rebel braves are armed with spears and razor-honed machetes. Some have only bows and arrows. A few carry rifles captured from Congolese troops they have been fighting for the last two years.

They go off to war firm in the belief dawn—July medicine men—given them charms bombs and bullets.

That is why it does, for experimitious belief in their enemy's immunity has struck terror into the hearts of many who at the sight of a rebel often is enough to put troops to flight.

U.N. Secretary-General Dag Hammarskjold admits there is no dawn. "It is only the holy anger of the people," he declares.

THREATENS THEMSELVES

But it has helped rebel guerrilla fighters overrun some 70,000 square miles of the Eastern Congo area of the new regime of Congo Premier Moise Tshombe.

The rebel hordes have been checked in the south at Bukavu, Albertville and in the west at Kindu-Kabalo, Kongolo and Jadotville-Kabalo on the Lualaba River. But they have captured Kindu, capital of Maniema province, in the north and are pushing slowly toward Stanleyville, Orientale province's capital and city of Antoine Gizenga's old breakaway regime and a centre of communistic support.

Soumialot, an ex-grocer who sometimes dons the camouflage uniform of a rebel general, has his forces will press on until they have occupied not only Stanleyville but Kamina and Elisabethville also.

Soumialot has set up a provisional government to rule the so - called liberated territories from his own authority is respected been by beyond rifle-shot range of Albertville.

In town he can't do little to control his troops who roam the streets flashing the cold steel of their weapons and demanding protection money from Asian, European and African shopkeepers.

ROADS LITTERED

When insurgents took over Albertville June 18 they confiscated all the food available. Now the roads are littered with broken-down vehicles, driven to destruction by primitive tribesmen with only vague ideas that cars need oil and water.

About 120 Europeans, mostly Belgian, remain in Albertville. They keep water and power services going and on the outskirts of town a big partly completed cotton - weed textile plant still is operating.

Since the first desperate rush of refugees ended at the subsequent UN evacuation, rebel authorities have allowed only a handful of whites to leave. It now is almost impossible to get an exit permit.

Soumialot denies he regards the whites as hos'ages but he has threatened to take harsh measures against Europeans whose governments assist Tshombe.

A single doctor, aided by Roman Catholic nuns, runs Albertville's only hospital which rapidly are filling up with wounded from the front Drugs are in short supply. Armed rebels wonder in and out of the hospital wards threatening reprisals if any of the wounded die.

FOOD STOCKS LOW

Food stocks in Albertville are almost exhausted.

Said Geoffrey Sean, international Red Cross representative, who recently visited the town: "There may be more trouble, there is nothing more dangerous than a hungry soldier."

Shops in the town's flooded main street are empty and dark. After that Albertville is dead.

There are no police. All have fled the rebel fighters.

Away from the capital local rebel warlords reign supreme. Soumialot has little control over them.

His army is similarly undisciplined and untrained. It lives off the land. But as their advance takes them farther and farther away from the seat of the revolt, their forces are becoming thinner on the ground.

Soumialot already has suggested a parley with Tshombe in Bujumbura, capital of neighboring Burundi. If Tshombe refuses, Soumialot will stake all on the capture of Stanleyville.

Thant Talks With Soviets On UN Debt

MOSCOW (Reuters) — UN Secretary-General U Thant met Soviet Premier Vyacheslav and Foreign Minister Andrei Gromyko today amid speculation that Premier Khrushchev and the Kremlin to pay its back bills for UN peacekeeping operations. U Thant said he and his colleagues also were expected to be discussed.

Thant banded the premier a richly engraved Burmese silver bowl which Krushchev admiringly said was a masterpiece and should be exhibited in a museum.

Thant talked with Gromyko for more than an hour before the two men went to the Kremlin to see Khrushchev. Gromyko said Tuesday the Russians would pay "not one kopeck" for UN operations they consider "unlawful". One such operation, the Russians say, was in the Congo, where Russia's share, still unpaid, is $50,000,000.

The Soviet Union doesn't consider itself bound by the peacekeeping assessments for the Congo and Middle East operations, the UN because those forces were not under the control of the security council.

Thant and the Soviet leaders also were expected to take up Russia's proposal for a standby UN peace force formed of troops from neutral, Western and Communist countries and subject to Security Council control.

Windsor Citizens Ask Probe of Medicare Rates

WINDSOR, Ont. (CP)—Windsor senior citizens have petitioned Premier Roberts to establish a committee of enquiry to investigate increasing rates for private medical insurance plans, it was announced Tuesday.

The petition states that an announced increase of 20 per cent for Windsor Medical Services and the recent 35 per cent increase by Associated Hospital Service rates will create hardships in many homes.

Windsor Medical Services has announced its rates will increase to $9.50 a month from $7.50 beginning in September.

The petition asks the government to review the premium increases to determine whether it is necessary. It asked that the increase not be effective pending a report from the proposed committee.

Kiwanis Hears Address on Insect Imports

Belleville Kiwanians learned yesterday at their regular weekly meeting just what an importation officer at Ottawa's research branch of the Entomology Research Institute for Biological Control, Belleville.

Kiwanians were enlightened on the subject when they were addressed by Kenneth Kelleher, Phd., importation officer at the research institute.

Mr. Kelleher's job is to import certain species of insects from other countries. "Most people when told this, he said, react by saying," 'haven't we enough pests here now without you importing them?'

"This is true," said the speaker, "but our job is to control the insects we are pestered with, and by bringing in live insects from other countries and using biological tests, we can determine whether or not that insect will eliminate types of insects we have here."

Mr. Kelleher pointed out that while he was in London and Paris recently he saw insects there were no screened windows in the homes and spoons nor were there any knives and forks in use.

The speaker added that he also supplies the Department of Agriculture and the Department of Lands and Forests with information concerning insects in their respective fields.

Mr. Kelleher went on to say that "while chemical control is being used and has been for some time, biological control is also of greatest importance if we are to eliminate these creatures."

"For instance," he said, "if you were told to use a chemical compound year after year, the insect you were attempting to eliminate would gradually become immune to the chemical and it would serve no useful purpose."

Mr. Kelleher closed by saying that his department is always glad to help with any local problems that may arise through their branch, although located locally, does not deal with local problems. Its work is more extended on an international basis.

The speaker was introduced by Kiwanian Jim Pringle and thanked on behalf of the members by Kiwanian B. Stewart. Mr. Kelleher's address was illustrated by slides of the club from President R. Prentice.

Belleville Kiwanis Kiwanis Club of Tweed were present at Tuesday's meeting. The main purpose of their visit was to receive several articles which were brought back by the Belleville club after its interclub meeting at Tweed a few weeks ago.

Obituary

WILLIAM JOHN BROWN
R.R. 3, Belleville

Only recently retired from the RCAF, after lengthy service, Flight Lieutenant William John Brown, R.R. 3, Belleville, died in Belleville General Hospital today. He was in his 58th year and had been confined to hospital only two days ago.

Born in Brandon, Man., son of the late Mr. and Mrs. Frank Brown, he had served with the airforce for 20 years.

He is survived by his wife, Georgia Lorraine Smith; a daughter, Gerald, at home; Montreal, and two brothers, Frank, of Orange, Calif., and Ray of Del Mar, Calif.

A Presbyterian, since taking up residence in Belleville, he became active in Masonic affiliations. He was a member of Moira Lodge, A.F. & A.M., No. 11; Mizpah Chapter, No. 7, RAM; King Baldwin Preceptory No. 6, Ramsay Temple, AAONMS; life member of the Belleville Shrine Club and the Airforce Mess.

Resting at the John R. Bush Funeral Home.

BIRTHS

BELLAMY — Friend and Ina are happy to announce the birth of their son at Belleville General Hospital on Tuesday, July 20, 1954.

CRICKSHANK — Robert and Gail (nee Greatrix) are happy to announce the arrival of their daughter, Karen Elaine, on Thursday, July 22nd, at the Belleville General Hospital. Weight — 9 lbs., 12 ozs.

CONNELL — Mr. and Mrs. John V. Connell (nee Dorothy E.M.) of Alcibiti Canyon wish to announce the birth of their daughter Cheryl Louise on Tuesday, July 27, 1954, at the Toronto Psychopathic Hospital, Toronto, Ont. A sister for Christopher and Kathleen.

SAGNIFF — Jean and Gerry are pleased to announce the birth of a son, Monday, July 27, 1954 at Belleville General Hospital.

DEATHS

BROWN, William John — Passed away at Belleville General Hospital on Wednesday morning, July 28, 1954, in his 58th year. Resting at the John R. Bush Funeral Home, Highland Ave., Belleville. Funeral Service will be held on Friday, July 31, at 1:30 p.m. Rev. Archie Perrin officiating. Interment Belleville Cemetery.

HOLLAND, Mosley R. (Harry) — At Alexander Street, died at St. Mary's of the Lake Hospital, July 26th, 1954. Dearly beloved husband of Dalmeda, dear father of Mrs. Jean Wilson of Belleville and Mrs. Ruth Webster of William Holland.

Resting at the Bonter Funeral Home, Belleville, until Thursday morning, July 29th. St. Michael's Church for requiem mass at 9:30 a.m.

Interment, St. James' Cemetery.

REID, Dorothy — Suddenly on Monday, July 26, 1954, at Belleville General Hospital, Mrs. Dorothy Reid, dearly beloved wife of William Reid, in her 58th year, beloved wife of William Reid and dear mother of Mr. and Mrs. J. H. Little, Belleville, Mrs. Charles Fox, Miss Jean Reid, Toronto and Mrs. Elsie Hall, Cobourg and Mrs. Clara Russell.

Resting at Bedford Funeral Home, 139 Bridge Street, Belleville. Funeral Service will be held in Bridge Street United Church on Thursday, July 29, at 2 p.m. at St. Augustine of Canterbury Church, Ameliasburgh.

SHAW, William John — On Monday, July 27, 1954, at the Belleville General Hospital, William J. Shaw, Bannockburn, beloved husband of Gladys V. Warren; dear father (step) of Mrs. Jean Armstrong, Millbridge, Mrs. Mary Ann Hall, Belleville, Mrs. Ruth Hall, Belleville, and loving brother of Mrs. D. (Frances) Wilkin, Bancroft, Mrs. Ruth Cooke and Fred Shaw of Eldorado.

Mr. Shaw will lie in the Masonic Temple Funeral Home, Madoc, Tuesday, July 27, from 2 p.m. to 9 p.m. Bannockburn's Anglican Church. Bannockburn, Wednesday, July 28, at 2 p.m. Rev. Capt. J. H. Thompson officiating. Interment Bannockburn Cemetery.

FLEMING, Georgia Myrl (nee) — Peacefully at Lennox and Addington County General Hospital, Napanee, on Monday, July 26, 1954, Georgia Myrl Corbet, beloved wife of Earl Fleming, dear daughter of Dr. A. A. G. Corbet and the late Dr. and Mrs. G. G. Corbet, and sister of Dr. Ruth Corbet.

Resting at the George E. Logan Funeral Home, Napanee. Interment, London, Ontario.

IN MEMORIAM

SHAPPE — In loving memory of our dear father, Frederick Shappe, Stella who passed away July 30, 1953.

There's a sad but sweet remembrance
Of a loved one gone to rest,
Memories of a kind father,
And a token of affection memorial
Is a treasure to be blest.
—Lovingly remembered and sadly missed by Marjorie, Ivan and Wayne.

CARDS OF THANKS

I wish to thank my many friends, neighbours and relatives for the cards, floral tributes and expressions of sympathy received in the sad and sudden passing of my wife, Maud Booth. Special thanks to the nurses of the Lennox and Addington County General Hospital, Dr. Earl Lemmon, Rev. Archie Perrin, Smith, I would like to thank Mr. Ray Grant and Mr. Ross Bonter and Mr. Ray Grant and Mr. Ross Bonter and Mr. Ray Grant and Mr. Ross Bonter and

Will Concentrate Search for Missing Glider

BRANTFORD (CP) — The search for missing glider pilot Francis Popp and his aircraft will be concentrated in three areas of southwestern Ontario today following three separate reports Tuesday of possible sightings.

Ayr, Norwich and Long Point will all be closely checked by search parties who since Monday evening have been hunting for the 25-year-old glider pilot from Jersey City, N.J.

Popp, a competitor in the Canadian National Soaring Association championships here, was foyed aloft in his radio-equipped glider at 4:30 p.m. Monday.

He was headed west when last seen. Private planes joined RCAF aircraft and Canadian Coast Guard cutters in the search Tuesday that extended from London, Ont., to Hamilton and South to Lake Erie.

Tuesday Mrs. Roy Mix of Norwich, about 18 miles south-west of Brantford, reported seeing a "motorless aircraft," at low altitude at about 7:30 p.m. Monday.

SEES WHITE PLANE

Tuesday night Frank Lisso of Ayr, 12 miles north of Brantford, said he saw a "white plane" disappear behind a swamp near his farm at about 5:30 p.m. Monday.

The third report Tuesday night came from the pilot of one of the search planes who reported seeing a white object in a marshy area near Long Point, about 30 miles south of Brantford.

A glider which landed in a field at Newark, N.J., Monday night was first thought to be Popp's. The pilot, who did not identify himself, told a resident he was leaving with other gliders in Canada and planned to return there.

He phoned from a home near the field and within an hour the pilot's wife and another person arrived in a truck, loaded the glider aboard and drove off.

Decide Youth Threw Himself Beneath Truck

WHITBY, Ont. (CP) — A coroner's jury Tuesday night returned a verdict of suicide in the death of Gary Warren Allen Kim, 19, of Montreal, an RCMP recruit who died beneath the wheels of a cement truck here July 6.

Evidence supplied by recruits and an officer at the RCMP training base at Rockliffe, Ont., stated that McKim had left the base after he was caught stealing money from the wallet of another recruit.

Testimony showed he had committed the theft July 4. He had admitted taking the money the following day and left the base, shortly after.

RCMP inspector William Taylor said the theft would have meant McKim's dismissal from the force.

The jury concluded that McKim, after following the 23,000 pound cement truck driven by Brian Mason Godfrey of Oshawa during most of a journey of July 6, finally dived beneath the wheels.

Another Police Officer Killed In Rhodesia

LUSAKA (Reuters) — One white police officer was killed and another seriously wounded Tuesday while investigating disturbances among the Lumpa Church religious sect in Northern Rhodesia, a government spokesman announced.

The announcement of new police casualties in a remote northern area followed the killing of 34 persons and the wounding of 15 in weekend disturbances.

The government sent "strong" troop reinforcements to the area Monday and Prime Minister Kenneth Kaunda announced Tuesday that Governor Sir Evelyn Hone had assumed emergency powers to restore order.

The centre of the disturbances is the Chinsali district, about 450 miles northeast of Lusaka.

Thirty villages were reported to have been burned out by followers of Alice Lenshina, the sect's leader.

'Country Wife' Is Success Thanks to Cast, Not to Play

By ROBERT TANNER

The undoubted success of Stratford's fourth dramatic presentation of this season must be credited to a spectacular performance on the part of the company rather than the brilliance of the play. William Wycherley's "The Country Wife" was written after Puritan rule had dried up all entertainment in England, and then the Restoration had opened up the flood gates of the Theatre and a grateful country gulped down all that it was offered. Doubtless many worse plays were written during this period and have died unmourned. The Country Wife owes its survival probably more to the robustness of its humor than to any dramatic excellence. But even so it is a vehicle with possibilities that good acting (and the absence of a Lord Chamberlain's blue pencil) can exploit, and this is exactly what the cream of the Stratford company do on Monday night. With a considerably smaller cast than most of the Shakespeare plays (and with many a familiar face in the first night audience instead of on the stage) the play received splendid treatment from all star, director, designer and actors.

For a Restoration comedy, stylized acting and production is almost essential, and perhaps the most beautifully stylized role of all was William Hutt as Mr. Sparkish. It should be said at once that any attempt to summarize the plot, particularly in a family newspaper, is futile. Mr. Hutt extracted the utmost of humor and style from the role. A standard which his colleagues must have found difficult to match. Douglas Rain, as Pinchwife, and again a magnificent performance, was given by Douglas Rain, as Pinchwife, a subtle humor, never smiled from behind the mask of evil, and even the audience's very enthusiastic reception could shake him out of character.

IN TITLE ROLE

Helen Burns, who is of course a mistress of comedy, was delightful in the title role. Her timing and facial expressions both contributed greatly to her portrayal of the charming simpleton who causes her jealous husband so much grief. Mr. Hosier is perhaps a more straightforward role than most of the rest, and John Colicos' interpretation emphasized the more likeable side of the libertine who is the cause of most of the trouble. His well-born dupes Lady Fidget, Mistress Dainty Fidget and Mistress Squeamish, are played by the very capable trio of Mary Savidge (who at times sounds like a budding Edith Evans), Frances Hyland and Martha Hanzy, who seems to have the remarkable facility of changing her face whenever she changes her hair-do.

A newcomer to the company this year, and a graduate from the National Theatre School, Suzanne Grossman plays a small part with distinction, and a promise of greater things to come. Other members of the cast, such as Eric House, Arnold Hall, and Eric Christmas, prove once again that teamwork and a reasonable evenness in performance from star- to "bit"-player is one of the hallmarks of the Stratford Company.

Michael Langham's direction keeps the actors full scope; he is still one of the very few who has mastered the use of the Stratford open stage, which for this performance has been extended to a square and equipped with more than usually realistic scenery. In particular his London street scene is a delight. Desmond Heeley's costumes are rich and elaborate and completely in tune with the style of the play as is the small but pleasing musical score by Godfrey Ridout.

One feature of the Festival which visitors may all-too-easily miss is the flexibility, evening costumes and properties of minor productions, designs both of Tanya and Guy Sidney Fisher collection of Shakespearean books, and Canadian portraits of Lester and Canada, arranged by Alan Jarvis. With something for all tastes and interests, this exhibition is well worth a visit.

With only one more opening, that of "The Marriage of Figaro" on July 6th, the Stratford authorities are already beginning to breathe a little more easily and the box office sales continue to exceed those of last year. This must remain the favorite production, followed by Richard II; The Bourgeois Gentleman (now definitely established, it is hoped, as an English language production) is a specific spot on the ground, taking full advantage of the manoeuverability and slow rate of descent.

Following the first jump, the parachute is recovered on the field (in about eight minutes) and the drop aircraft, an RCAF Albatross aircraft from 122 Composite Unit, Trenton, landed to pick up the jumpers for the second run. Bill Wacey of the para-rescue team at Trenton, then tried out the new piece of equipment for the first time, and following a casual descent, during which he put the parachute through all its paces, he landed within ten yards of the ground marker.

The possibilities of the new parachute are many and varied, with its immediate application to para-rescue operations in bush or mountainous country, where the manoeuverability and slow descent speed are very important in selecting a desired landing spot.

Results of the demonstration will be forwarded to Air Force Headquarters for evaluation.

"A world atmosphere" about them than European cities, he says. Highways in Europe are so congested that it takes twice as long to drive ten miles as it takes a Canadian motorist to drive ten miles in Toronto. Continental Europeans favor small, English and French made cars, he says.

The price of food, cars, clothing etc., here in Canada is "fantastically low," according to Mr. Timmers. A Volkswagen car in Holland would cost 8,000 gilders and that approximates $6,000 here. Even a cup of coffee takes up the best part of a dollar.

Mr. Timmers says the opportunities for education in Holland are excellent. Students are subsidized by government loans and many go on to attend university or higher vocational schools.

Mr. Timmers is especially impressed with the friendly attitude displayed by the Canadians he has met, and by the beauty of the Canadian countryside, which he thinks is perhaps not appreciated fully enough by Canadians.

Visitor Is Impressed by Canada 'Space'

TRENTON — Cor Timmers, from The Hook of Holland, a small community near Rotterdam, is in Trenton this summer, visiting his friends, Mr. and Mrs. Bart Boers, at the Hollandale Nurseries, R.R. 4, Trenton.

Mr. Timmers, who teaches German and English in the secondary school in his community, says his initial impression of Canada is of space.

However, the Canadian cities Mr. Timmers has visited . . . Toronto and Belleville among them, have more of the "old

Demonstrate New Chute at Mountain View

TRENTON — A new style parachute, the "Para-Commander," of special interest to para-rescue personnel, was demonstrated for the RCAF at the Mountain View airfield last week.

The chute, manufactured by the Pioneer Parachute Co. Inc. of Manchester, Conn. and at present being used by US teams for world competition, is of a radically different design.

It has a shaped canopy, with an inverted peak, aerodynamically built to give lift, with a great number of slots for forward motion, turning capability and reduction of speed. It can attain a forward speed of 15 mph and by turning away from the wind, its forward speed can almost be halted.

Mr. William Jolly, sales engineer with the company who made the first demonstration jump, is a US Navy veteran with 20 years experience as a para-rescue rigger, and has a total of almost 800 jumps, including 11 with the new parachute.

On the descent he showed the ease of handling the 'chute, making it seem very simple. He demonstrated how the parachutist could steer the canopy to a specific spot on the ground, taking full advantage of the

NEW 'CHUTE TESTED — A perfect stand-up landing is made by Mr. William Jolly of the Pioneer Parachute Co. Inc., while Corporal Bill Wacey of RCAF Station Trenton, is on his way down.

Govt. Official Resigns at P. M.'s Request

EDMONTON (CP) — Provincial Treasurer E. W. Hinman of Alberta resigned Tuesday at the request of Premier Manning who said there was a conflict of interest between the minister's private affairs and his public responsibilities.

The action brought a demand from the opposition Liberal party for "a full and complete disclosure of all the facts."

Premier Manning announced the resignation at a hastily-called press conference which followed a day - long cabinet meeting and a morning meeting between Mr. Hinman, who had the cabinet post nine years, and the premier.

Mr. Hinman, 58, said after the announcement that he would continue to sit in the 63-seat legislature as a backbencher and supporter of the Social Credit government, in power since 1935. Social Credit holds 60 of the seats.

Mr. Manning, saying he would announce a successor today, said the action was taken because Mr. Hinman in a private capacity was associated with the promotion and operation of various company enterprises not associated with government. He declined to elaborate on the minister's private activities.

Attacks Parties For Criticism Union Trustees

TORONTO (CP) — William Mahoney, Canadian director of the United Steelworkers of America (CLC), Tuesday night attacked Progressive Conservative and New Democratic Party members of Parliament for criticizing the Canadian maritime union trustees.

Mr. Mahoney said in an interview Conservatives now criticizing the trustees for their administration of the Seafarers' International Union (Ind.) had failed to cope with the Great Lakes union dispute until the CLC and its affiliates closed the St. Lawrence River in an effort to force government action against the SIU.

He questioned the judgment of the trustees in agreeing to turn back the SIU constitution to its members under terms that would promote Leonard McLaughlin to be presidency. But he said, this did not justify an attack on the integrity of the trustees.

Mr. McLaughlin, now executive vice-president of the SIU formerly was chief lieutenant of Harold Banks, deposed SIU president.

Mr. Mahoney singled out Opposition Leader John Diefenbaker, the former Conservative labor minister, Michael Starr, and New Democrat Douglas Fisher concerning remarks in Parliament this week about the trustees.

He criticized Mr. Fisher for an attack on trustee C. H. Millard, a former Canadian director of the steel union.

"Our members believe that Mr. Millard has more common sense and integrity in his little finger than Mr. Fisher has in his whole body," Mr. Mahoney said.

STEEL PACT

MOSCOW (AP) — Hungary, Poland and Czechoslovakia are setting up an organization for co-operation in their respective iron and steel industries, Tass news agency reports.

Sentence Four Convicted Of Theft

TRENTON — Convicted earlier this month of the theft of merchandise, valued at $1,000, from David's Furniture store in Trenton, Frederick Wilson; his wife, Faye; her sister, Theresa Van Kesteren, all of Trenton, and Robert Richards, of the Kingston area (formerly of Trenton), were sentenced in magistrate's court at Trenton yesterday.

Wilson was sentenced to six months definite and six months indeterminate in the Ontario Reformatory. Richards was sentenced to nine months definite and six months indeterminate. The two women were sentenced to "an indefinite period, not to exceed two years," in the Mercer Reformatory.

In passing sentence, Magistrate T. V. Wills explained Richards' stiffer sentence (compared to Wilson's), by the fact that he had had a previous conviction and had disposed of some valuable article taken from David's, which has not been recovered. Most of the other appliances were recovered by the police.

Mrs. Wilson and Mrs. Van Koughnett would probably spend a short period during the years in the women's reformatory, the magistrate said.

Magistrate Wills said he had given as much consideration as possible to "put the various factors into place." In regards to the charges levied against the foursome, when considering sentences. Although a plea had been entered by the defence that the theft had been committed "on the spur of the moment," the magistrate said he considered their actions in taking and disposing of the goods had gone beyond the spur of the moment.

The goods were taken from David's on March 22 and many of the appliances recovered later from Toronto addresses.

NORDIC CENTRE

Sweden, Denmark, Norway and Finland are jointly constructing a agricultural centre at Dar-es-Salaam, Tanganyika, to be ready by 1968.

Parliament At a Glance

By THE CANADIAN PRESS

TUESDAY, July 19, 1966

Trade Minister Sharp tabled a report forecasting a record $10,411,000,000 in capital spending in Canada this year.

External Affairs Minister Martin said Canada will not be party to troops out of Cyprus unless the UN decision on withdrawal.

Mrs. Ellen Fairclough (PC—Saskatoon) appealed in her maiden speech for a new deal for those in mental institutions.

The Senate gave final approval to the student loan bill, which later received royal assent.

Justice Minister Favreau denied Conservative charges that the government has cancelled deposed union leader Hal Banks.

David Orlikow (NDP—Winnipeg North) complained about Creditiste backing of a string of Conservative speakers.

WEDNESDAY, July 20

The Commons meets at 2 p.m. to continue debating an interim supply bill. The Senate stands adjourned until Friday at 3 p.m.

Coming Events

Close to Home

Rochester is so close to Canada—Bellerville people are so accustomed to sharing in its broadcasting entertainment—that it almost seems like home.

Race riots in Harlem are one thing; precisely the same sort of incidents in our neighbor city across the lake meet with an entirely different reaction from us.

If it could happen in Rochester, we feel, it could happen in Canada, given the same conditions, a large racial minority living in depressed conditions.

There was, therefore, a particularly bloodchilling effect from the reading of a report by Bernard Gavzer, Associated Press reporter, about how young Rochester Negroes got that way, militantly reckless, with a bravado stemming from a belief "that life is a oneway road to death and they are on it, put there by white men."

— Too little, too late can be the prelude to tragedy in time of peace, as well as in war.

The well-meaning whites in the United States, particularly in the northern cities, now seem doomed to learn this from bitter experience. Things are likely to get worse, much worse, before they can get any better.

And the Negroes cannot really be blamed.

"They have lost respect for authority," Lieut. Andrew Sparacino, head of the Rochester police department's youth division, said.

Why?

Listen to one Negro youth of 19. "Man, there ain't no cat going to frighten me. They kicked that out of me when they kicked the hell out of me one time when they busted a crap game. They grabbed the dough and then used clubs."

The police in these riot-torn U.S. cities are almost certain to be compelled to use force, perhaps in many instances in an arbitrary manner. They desperately need to be able to retain the respect of decent citizens in spite of this resort to clubs. But in many cities they have frittered away this right to respect by resort to force when it was not needed. The police cannot expect citizens to respect the law if they do not respect it themselves.

The whole history of civilization teaches us that toughness is not enough; the tough policeman is even less popular on the job and gets the back to a wall and then nobody will help him.

We need to remember that in Canada. We may think that there is a greater distance between us and Rochester than a mere sixty or seventy miles of water, because we are a different nation, with a different background of law enforcement. But U.S. methods have been creeping into our big cities, as any person who reads a big-city newspaper cannot but have noticed.

Only when the police remember that they are the servants of the people, and not the people's drill sergeants or disciplinarians, can they expect that prompt help from the average citizen which alone can make impossible such nightmares as Rochester is experiencing.

We must realize that it can happen here—and that our only defence against such conditions is a respect for the police force and a police force which deserves such respect.

Charlotte Is News

Municipal politics in general are rather drab.

However, this cannot be said about the municipal politics of Ottawa. Why not? Charlotte Whitton, the 68-year-old mayor of the nation's capital is the answer.

Charlotte is currently embroiled in another donnybrook. It seems that a construction company president, Irving Greenberg, has accused Her Worship (Worshipess?) of "inefficency" and being a "dictator."

This type of language is not likely to endear anyone to Charlotte and she has struck back. Physically? No! Charlotte said that she wouldn't soil her hands on the contractor. Irving Greenburg should consider himself fortunate.

An inquiry has been ordered and Miss Whitton has supported it. She also vowed to take Mr. Greenburg to court if his charges proved false. "I will demand full action be taken for defamatory libel against this city," was the promise of the mayor.

Miss Whitton recently announced that she was not going to resign and take on a weekly half hour television show. "Hurray." It would be too much of a blow for the news media, to lose her except for those 30 minutes a week.

Charlotte is news all the time and she makes a newspaperman's job a lot easier.

Chiang's Son Powerful

By Mark Mancall in the Columbia University Journal Of International Affairs

Generalissimo Chiang Kai-shek, 75 and now serving his third consecutive term as president of the Republic of China, presents a public image of health and vigor. But his capital, Taipei, is rife with rumors of illness and even of two secret operations in the last two years.

True or not, the rumors, combined with the generalissimo's advanced age, have made the subject of choosing his successor the main topic of political speculation in Free China during the last few years.

General Chiang Ching-kuo, 54, the eldest son of Chiang Kai-shek, is fully expected by most observers in Taipei to succeed to his father's position and power, though he has not formally been so designated. He is obviously his father's own choice as successor. Furthermore, Ching-kuo's independent power position, based originally on his relationship with the generalissimo, is growing stronger every day.

Chiang Ching-kuo has multiple sources of power on Taiwan. His secret police, which surfaced every week of the island's society, is but one of his power bases.

He runs the National Salvation and Anti-Communist Youth Corps, in which membership is practically compulsory for the six students up through the university level. Though never publicly involved, the Youth Corps was behind the attack on the United States Embassy in Taipei in March, 1963.

Ching-kuo's leadership of the veterans', organization gives him control over a huge and discontented portion of the population. The veterans are almost wholly dependent on his leadership for economic survival.

And lastly, his growing control over the army, already extensive through his political commissar system, gives him access to what is probably the only possible source of organized opposition to his succession.

The new cabinet is expected to be largely Ching-kuo's creature.

Very prominent among the candidates for the premier's office is Ku Chu-tung, Ku, now secretary-general of the national defence council, is 70. With no sources of personal power, he would be a figurehead premier. Ching-kuo himself is expected to become vice-premier and minister of national defence.

This dual position would, first, give him direct control of the army, and, through Ku, control of the administrative machinery of government. As vice-premier and minister of national defence, Ching-kuo would be in full control of all branches of the armed forces. In fact, however, these expected changes would only formalize Ching-kuo's already pervasive power on this island.

• • •

During the period of Kuomintang - Communist co-operation, 18 - year - old Ching-kuo was sent to Russia to study there. He remained in the Soviet Union for 12 years, joined the Soviet Komsomol youth organization, married a Russian girl and even served briefly in Siberia after the KMT-UCP split in 1927.

In 1937, when the rise of Japanese power brought the Kuomintang - Communist rapprochement between Chiang Kai - shek and Stalin, Ching-kuo returned to China where, after two years of Chinese "re-education," he became his father's chief assistant.

Ranged against Ching-kuo may be several groups, all characterized by their ineffectuality and absence of real organization.

Chen Cheng, 67, the present premier and vice - president and, therefore, the president's current legal successor, is a career army general brought by some to be more liberal than Ching-kuo. But his physical and political ill - health prevent his giving any vigorous leadership to the groups opposing the generalissimo's son.

Perhaps the most serious contender for Ching-kuo's future power is the Chinese Nationalist Army.

The army is the most enigmatic element in the succession question. It is, paradoxically, a basically disaffected group. Ching-kuo must have the support of the generals and must be able to cover the rank - and - file into submission.

His succession may depend, more than anything else, on his ability to control the army through his political system and political commissar system.

In the final analysis, short of an armed Taiwanese revolution or a military coup, there appears to be no major contender to Ching-kuo's succession.

• • •

The Chiang family needs him to preserve its political and economic leadership. Furthermore, on extremely bad terms, Ching-kuo and his step-mother, Madame Chiang, have recently improved their relations at the time comes to consolidate the family's fortunes.

If the armed officers were to stage a military coup, eventually they would have to compromise with the Taiwanese in order to maintain control over the army. Thus the very assumption of power might jeopardize the position of the mainland officer class, whose now under Ching-kuo's direction.

The two million mainlanders on the island must depend on a continuation of the status quo if they are to retain their privileged political and social position.

The wealthy urbanized Taiwanese businessmen, whose new hotels have transformed Taipei's skyline in the last three years, must depend on a stable status quo to protect their investments. They see alliance with the political power of the ex - mainlanders, upon whom they depend for the social context of economic stability.

In short, Ching-kuo, as the foot of ex-mainlander power is indispensable.

• • •

Ching Ching-kuo is not only the most powerful but certainly one of the most feared and hated men on Taiwan. Lacking his father's great personal prestige, he is unable to disguise his ruthlessness and and power politics. He needs either greatness or brutality to historical destiny.

Ching-kuo speaks fluent Russian, has a sharp and incisive mind and a fund of very strong allegiance to his father's party, the Kuomintang.

Canoe Trips Are Popular

Sudbury Star

Canoe trips are becoming increasingly popular as the means of spending a summer vacation. Canoe routes have been mapped out by provincial authorities as suitable to a leisurely and enjoyable holiday.

The popularity of the canoe as a means of transportation dates back to the days of the fur gin when the frail "birch-bark" canoe first furrowed the placid waters or lashed at the "white water" in responding to the skill of the expert paddler. Today, the birch-bark canoe is almost a museum piece. The sturdy canvas canoe is now the type most in use; one with built-in air pockets is considered to be the safest in the hands of the unskilled.

Special recognition is being given in the amount of stocking year in the amount of materials on canoes being distributed by public safety and conservation agencies. There is much emphasis on the need for life preservers to stay out of canoes. There is friendly advice to those planning canoe trips to avoid the "ground rules." These include the protection of the canvas or aluminum skin when on one expert paddler has had to take time out to patch a canoe which has been holed in search of salt from perspiration. Bears have also damaged canoes with a view to salt. Canoeters suggest that canoes that have been used for fishing be disinfected to remove the fishy odor.

Madame Nhu Not So Broke

Detroit Free Press

The notorious Madame Nhu, whose request for a visa was turned down, protests that the only reason she wanted to come to the United States was to earn an honest buck on the lecture circuit.

Despite reports to the contrary, she has repeatedly said she is broke.

Yet there arrived in the mail this week from Paris a five-ounce manuscript containing 6 of her speeches, statements and more controversial letters to the editor, mailed by 30 cents worth of postage.

There are some 1,700 daily newspapers in the United States. Since we got a package, presumably most of the others got one too, which would make more than $600 worth of postage paid.

Poverty, we guess, is relative, unless the good lady got a bargain from the postal dealer and had them added to her bill.

LOOKING BACKWARDS

GLEANINGS FROM OUR FYLES OF BYGONE YEARS

20 YEARS AGO

July 23th, 1944.

Members of Belleville Branch No. 201 Army and Navy Veterans of Canada at a special meeting Thursday night elected four delegates and two alternates to represent the branch at the annual convention of the Provincial Command of the association scheduled here on August 5th and 6th. Twelve members were nominated with four withdrawing their names from the list. Elected delegates were Comrades Joseph Sarantz, C. B. Bateido of Stirling, Jack Clarke and A. Galbraith. Alternate delegates are Lauchi Harris and Robert Browning. This will be the first time the Provincial Convention has been held in this city.

You've met the "grandaddy" of all the black bass on several occasions — now meet one, at least, of the originators of the species. He tipped the eight-and-one- half pounds "wet" liar shrinking to seven-and-a half pounds "dry" as he hooked by Bruce Cronk, Queen's student, now holidaying with his parents, Dr. and Mrs. G. S. Cronk at Buck Lake. The bass measured 23 inches in length. So stubborn was his fight that he towed the boat some two or three hundred yards before he was reeled in. According to fishing records the Cronk catch is rivalled only by a nine-and-one half pounder caught by Dr. McCormick, of Poughkeepsie, N.Y., eight years ago on the Rideau River.

30 YEARS AGO

Capt. J. G. Caldwell has been awarded the Colonial Auxiliary Forces Long Service Medal.

Mr. Stanley Wilbur has returned from Toronto where he spent a few days on business.

Mr. and Mrs. F. S. Deacon of this city, accompanied by Mrs. Deacon's sister, Mrs. Edkin and her husband Mr. Ernest Edkin of Chicago, Ill., who have been touring England and the continent some time, sailed for home last Saturday.

40 YEARS AGO

July 29th, 1924.

Mrs. H. Deyman and two children of Toronto, are the guests of Mrs. J. D. Thrasher, College Hill.

Mrs. Alexis McCurdy of Toronto, is visiting friends here.

Mr. Harry Naylor left today for his home in Toronto, where he will visit friends.

Mrs. S. J. Benson of this city is spending a few days with friends in Stirling.

50 YEARS AGO

July 29th, 1914.

Mrs. D. Collins and Miss Geary of Brooklyn, N.Y., are spending a few days here with friends.

Mr. James Bird of this city has gone on a trip to Western Canada.

Mr. Percy Ranson of the Ranson Store staff has returned from Toronto where he spent a few days.

Strictly Personal Swift Wrote For Children, Not Grown-Ups

By SYDNEY J. HARRIS

One of the books the children took up for the summer is "Gulliver's Travels." It is an edition handsomely illustrated and suitably expurgated for youngsters.

Nothing that Swift ever wrote in his "savage indignation" is left in these books, for all his bitterly mordant "Gulliver" as become a book "for children." Swift is the least of his ambitions in writing it.

Actually, as biographers of Swift have pointed out, the manuscript of "Gulliver's Travels" was delivered at night to 21 Fleet Street printer in London, and published anonymously in 1726. It was considered disgusting to read, says Maxwell Gelman, "not so much for its uninhibited language as for its barely hidden political satire."

On the conscious level, Swift was attacking the entire "establishment" of his age — the monarchy and the Whigs, the churchmen, the diplomatists, intrigues with and against France and Germany, the whole structure of political and social life.

To people in the know at that time, "Gulliver" was a subversive if not a traitorous book. The allergory in the book was broad and obvious, and as cruelly venomous as Swift could make it. A man could be hanged for saying less than that in public.

Now, nearly two hundred years later, all the ridicule is forgotten. Nobody could care less whom Swift was caricaturing, and only scholars still bother to look for the characters with real persons.

It is the "unconscious" elements in the narrative that still grip the imagination of every — and mainly the element of cruelty. Gulliver, as we see when young, feel small and weak and vulnerable in the adult world, and all he can do about what it would be like to be a giant. It was Swift's peculiar genius in this book to tap that reservoir of our unconscious fears and desires, to articulate them and project them outward.

All great works of art are written on one level by the author, and they are to achieve immortality, they just continue to appeal to future generations on quite another level. Often, the author is unaware of this other level; and, in fact, if he is too aware of it, the art becomes marred and muddled by his conscious manipulation.

Freud once remarked that he liked to read "detective-physiological plays" in Vienna. What he meant was that playwrights should be content with a story, and should not offer a case-study of the workings of the mind. Art, like love, loses its freshness and potency when it becomes self - conscious; the playwright like Tennessee Williams, for instance, would be more effective if he had never heard of psychiatry.

In her marvelous, acute book some years ago on Swift and Carroll," Dr. Phyllis Greenacre dealt extensively with the unconscious elements in the works of Lewis Carroll and Jonathan Swift (both of whom were deeply involved in the problem of "sin.") As she suggests, if critics of them had been aware of his motivations, neither "Alice" for "Gulliver" would ever have been written. Carroll, who thought he was writing for children, was writing for adults; while Swift, who thought he was writing for adults, was writing for children.

To Your Good Health

Oral and Injected Vaccine Effective Against Polio

By JOSEPH C. HOLNER, M.D.

Dear Dr. Holner: My daughters have three - month - old sons and took them for immunization against whooping cough, diphtheria, tetanus and polio.

The family doctor gave one baby a four in - one shot and the other child was taken to a clinic and got three in - one shot, and oral polio vaccine.

The family doctor said the polio shot is better — that the oral vaccine hasn't been proven effective. The nurse at the clinic said the shots are obsolete, and that only the oral vaccine is good now.

Would you please clarify this problem so these two mothers will know what is best?

Why should there be such a difference of opinion? — Mrs. K. L.

You are bewildered — and I am somewhat impatient with the fact that this controversy has confused so many people, especially parents of young children.

For all practical purposes, either the oral or the injected vaccine is effective in preventing polio.

Any mother who sees that her children have the recommended amounts of either vaccine can put her mind at rest. She has done her duty. (Occasional boosters, of course, should follow.)

Is one type somewhat better than the other? I don't know. Either is good. Neither is bad. If your doctor prefers one or the other, he hasn't a reason. But I personally feel that it is right to attack or criticize either one. The important thing is to see that everyone has this protection, regardless of the type being used.

Where confusion results from the arguments, then the public suffers. People may suffer only for lack of peace of mind. Or, if they refuse to have either type of vaccine because of this confusion, then real damage is being done.

It may be that, over the years, one type of vaccine or the other may become preferred, either because of convenience, or some other factor. Or maybe we will combine the two, or find a new one. I don't much care, so long as everybody gets some kind.

Dear Dr. Holner: I have a cat and fishing on my pier, where I fasten my earrings. Could this be lead poisoning? What can I do about it? — Mrs. M. H.

No, not lead poisoning, since that usually comes from eating certain form of lead (paints chewing on lead - soldered pipe or from fumes, rather than from touching lead.

It is most likely a skin sensitivity to some other metal (nickel, often used as an alloy, is a common offender). The cure? Stop wearing earrings. Then, when the rash has stopped, try coating the metal with clear lacquer at the place where it touches the skin.

Dear Dr. Holner: Our son contacted TB while in college. Every year when he takes the test, he is positive, although X-rays do not reveal any TB. He has heard that every person has contacted the germ, he will always have it. Is there no way of getting entirely rid of it? — Mrs. T. C. P.

I assume you mean that he has skin tests, which are positive.

This "positive" does not mean he is carrying the germ in an active state, but only that he has been in contact with it and his system has developed antibodies to fight the germ. So, since he knows this, there is no need to take skin tests.

The purpose of a skin test is to see whether such contact ever has been made. If not, then there's no need to test in other ways. Do not mistake the skin (or tuberculin) test as meaning that he "has the germ."

Nevada JP Gets $100,000

Watertown Times

How many individuals in the United States earn salaries of $100,000 or more a year? Some of the top executives among the nation's larger business firms do in this category. So are Mickey Mantle and Willie Mays of major league baseball fame. And the president of the United States, who formerly was paid $75,000-a-year, was raised to $100,000 a few years ago.

Did you ever hear of a municipal judge who peace earning $100,000 per year.

There is one. He is Justice of the Peace Thomas Pursel of Las Vegas township, Nevada. His main duty is marrying people, at $5 a coupe and up.

And in 1963, his salary of $100,000 was $60,000 more than the combined salaries paid to four district judges of Clark county, Nevada, of which Las Vegas township is a part. These four judges together earned only $70,000.

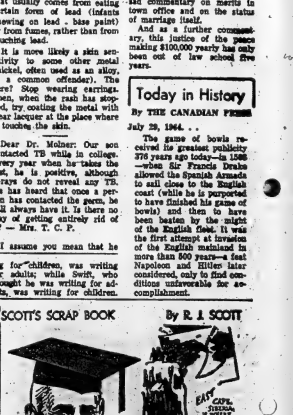
The Clark county district attorney has been wondering why the county's chief legal and shameful black mark on our court systems," as he describes the situation, and has called for a 51-page investigative report on the matter and wants to "do something about it."

The district attorney believes the justice of the peace job should be salaried, at $17,500 yearly—the same as district judges. And he makes other recommendations is one that, civil fees, such as those from marriage licenses, should go into the county treasury instead of going to the justice of the peace.

The justice of the peace set up in Las Vegas township is typical of the many additional commentary on merits in town office and on the status of marriage in this day.

And as a further commentary, this justice of the peace making $100,000 year is said to have been out of law school three years.

Today in History



By THE CANADIAN PRESS

July 29, 1964. . .

The game of bowls received its greatest publicity 376 years ago today—in 1588 —when Sir Francis Drake allowed the Spanish Armada to sail close to the English coast (while he is purported to have finished a game of bowls) and then to have been beaten by the might of the English fleet. It was the first attempt at invasion of the English mainland in more than 800 years—a feat Napoleon and Hitler later considered, only to find conditions unfavorable for accomplishment.

Toronto Stocks

TORONTO (CP) — Speculative stocks were mixed while industrials continued their downtrend in active trading on the stock market today.

Raglan was ahead five cents to $3.50 after selling as high as $3.20. Canadian Dyno tacked on two cents to $2.04 and sold at a new high of $2.20. Dyno has a large block of Raglan. Windfall fell 30 cents to $3 and traded in a $2.85-3.45 range. Tribag was ahead eight cents to $1.68 while National Exploration dipped three cents to 36 cents.

Losses in the main list were mostly fractional. Rather than selling pressure in key stocks there was a lack of buying.

Consolidated Paper eased ¼ to 45¼ and CPR ⅛ to 46. Bell Telephone and Algoma slipped ¼ each to 56⅜ and 73⅝ respectively. Canadian Imperial Bank of Commerce climbed ¼ to a 1964 high of 68¼.

Hudson Bay was off ¼ to 66 ½ as base metals followed a generally lower course. Noranda fell ¼ to 47¾ and Rio Algom 25 cents to 26.25.

Home A and B each gained ¼ both to 18¾ in a firm western oils list.

On index, industrials were down .21 to 159.54, base metals .02 to 85.14 and the Exchange index .18 to 148.82. Golds were up .33 to 134.77 and western oils up .70 to 97.20. Volume at 11 a.m. was 1,332,000 shares compared with 1,117,000 shares traded at the same time Tuesday.

Late activity brightened an otherwise dull market Tuesday.

Reglan, the company what's nickel-copper property in Ungava, spearheaded the spurt as it jumped 45 cents to a new high of $3.10 before settling to close at $3. Canadian Dyno, which holds a large block of Raglan—2,800,000 shares at last count—advanced to a new high of $2.08 and closed with a 13-cent gain at $2.06.

Geneo, which has a property in the Timmins area, climbed four cents to 49 cents and sold as high as 55 cents after trading in lower range through most of the day. Windfall dipped 30 cents to $3.30 and traded in a $2.84-$2.90 range. Most other Timmins-area stocks rallied near the close to finish about unchanged.

Industrials were lower for the fifth time in six trading days. The index fell .52 to 159.75.

Of all Lakes Paper was off ⅛ to 35¾ while Dominion Bridge and Texaco lost ½ each to 22 and 57 respectively. Steels were easier as Algoma and Stelco were off ⅛ each to 74⅛ and 25⅝. Dofasco declined ¼ to 25. IAC dipped ⅛ to 25⅜.

Inco was down ⅛ to 84¾ and Leitch 35 cents to $3.80.

The gold index was the only one to show a plus sign. This was due chiefly to Dome's gain of ⅛ to 30¼.

On index, golds were up .43 to 134.44. Base metals were down .02 to 85.16, western oils .55 to 97.16 and the exchange index .47 to 140.00. Volume for the day was 6,529,000 shares compared with 6,649,000 shares traded Monday.

TORONTO LIVESTOCK

TORONTO (CP) — Trading was fairly active at steady prices on all classes and grades of slaughter cattle at the Ontario public stockyards today.

Buyers show a preference for good and choice dry-fed kinds. Veal calf prices were steady. Hog prices were steady and sheep and lamb prices were easier.

Slaughter cattle 1,942: Choice steers 24-24.50 with sales to 25; good 22.50-23.50; medium 20-22; common 16-19; choice heifers 21.50-22.50 with a few fancy dry-fed lots to 23; good 20-21; medium 18-19.50; common 15-17; choice fed yearling 22-24; good 20-22; good cows 13.50-15; medium 14-15; canners and cutters 10-13.50; good heavy bologna bulls 18-19; common and medium 15-17.50.

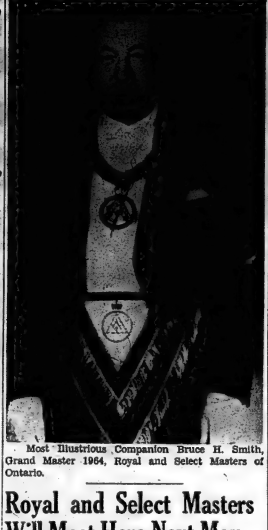
Replacement cattle 500: Good light stocker's 22 - 24; medium and common 16-21.

Calves 122: Choice vealers 27-28 with sales to 29; good 24-26; medium 21-23; common 19-21; boners 13-18.

Hogs 563: Grade A at Toronto 20-20.75 currently selling. at 27.65.

Sheep and lambs 126: Good lambs 24-25 per hundredweight; common and medium 21 - 22; sheep 3-10.

Senators Pass Bank Charters



OTTAWA (CP) — Over the protests of Senator Wallace McCutcheon and Senator Grattan O'Leary, the Senate gave final approval Tuesday to two bills to incorporate new Canadian chartered banks.

The bills to grant charters to the Bank of Western Canada and the Laurentide Bank now go to the House of Commons.

The senators' protests were aimed at the Bank of Western Canada bill. Both said the banking committee had not been full information about the structure of the proposed bank.

BUSY CANAL

Almost 19,000 vessels passed through the Cape Cod Canal in 1963.

Most Illustrious Companion Bruce H. Smith, Grand Master 1964, Royal and Select Masters of Ontario.

Royal and Select Masters Will Meet Here Next May

The sixty-fifth annual assembly of the Royal and Select Masters of Ontario will be held here next May, with the Grand Master, Most Illustrious Companion Bruce H. Smith, of this city, presiding.

Several Cryptic Rite Masons from Zabud Council, Belleville, attended the annual assembly at Sarnia at which Mr. Smith was elected and installed Most Illustrious Grand Master for 1964-65. Thrice Ill. Comp. Harry W. Burns was elected and invested as Rt. Ill. Grand Conductor of the Council and Very Ill. Comp. W. Allan Dempsey was re-appointed a member of the Grand Executive.

Other Zabud Council members present were Rt. Ill. Comp. Eugene W. Harrison, T. Ill. Comp. W. J. Needham Thropp and Comp. B. G. Wilkinson, all of Belleville.

Next year's annual assembly here will be the first in the city since the formation of a Grand Council of Royal and Select Masters in Ontario in August of 1871 and Ontario Council in Belleville in 1881 of which Rt. Ill. Comp. L. H. Henderson, the first Thrice Illustrious Master became Deputy Grand Master in 1882. Lawrence Henderson was not only a Master of each of Belleville's three craft lodges, a District Deputy Grand Master but like Bruce Smith rose to the rank of Grand First Principal of the Grand Chapter of Royal Arch Masons of Canada.

Membership in Zabud Council extends on the west to Port Hope, in the east to Kingston, on the north to Madoc and Bancroft and in the south to all of Prince Edward County.

PRODUCE MARKET

TORONTO (CP) — Churning cream and butter print prices were unchanged today.

Butter prices: Agricultural Stabilization Board tenderable carlots: buying 40 score 53; buying 39 score 52; selling 53.

DOLLAR RATE

MONTREAL (CP) — The United States dollar in terms of Canadian funds was unchanged at $1.06 1-16.

Pound sterling was unchanged at $2.81¼.

Climbers Fail To Scale Himalaya Peak

KARACHI, Pakistan (Reuters) — A Canadian mountain-climbing team left for bored Tuesday night after a vain attempt to scale 23,900-foot Hiech-Indar Kish, an "unclimbable" Himalayan peak which team members had accepted as a disciple.

The eight-man team, headed by Dr. Frederick Roots, 41, a native of Salmon Arm, B.C. did, however, locate and name another 22,000-foot mountain not shown on any map. They called it Sangermarmer, the local word for marble.

In the three-month expedition in the Karakoram range, the team also climbed a ridge between Sangermarmer and 25,500 - foot Baltura, the tallest mountain in the area.

The adventure was marked by two near-miss accidents, in one of which Dr. Roots was left hanging on a sheer face of rock at the end of 150 feet of rope.

Dr. Roots said the top 3,000 feet of Hiechindar Kish was "nearly sheer. We could not find a route up."

Other team members were Fermann Hamek, 34, of Toronto; Dr. Abdul Momin-Khalifa, 34, of Queen Mary Veteran's Hospital in Montreal, a Pakistani immigrant to Canada; C. S. Irwin, 27, of Calgary; F. Ricker, 27, of Nanaimo, B.C., and Dr. C. M. Tomm, 25, a Montreal physician.

Irwin and Ricker plan to find work in Pakistan so they can continue to climb here.

TOURISTS BEWARE

Tourists who purchase "genuine Indian blankets" should remember Indians never made blankets—they just bought them from trading posts.

Canada Is Requesting Study Of Diverting Water to Lakes

EAST LANSING, Mich. (AP) — U.S. Senator Philip A. Hart (Dem. Mich.) said Tuesday the Canadian government has drafted a request to the International Joint Commission to study diversion of more water into the Great Lakes basin.

Hart made the announcement at a day-long conference on Great Lakes water levels at Michigan State University.

He said the Canadian request would have to be written into a joint request by both governments for the study. The study also would delve into other possible solutions to the problem of Great Lakes water levels.

An official of the U.S. Army Corps of Engineers told the conference that the overflow at water from Lakes Michigan-Huron and Erie can be regulated by man.

COULD REGULATE

"From an engineering standpoint these lakes could be regulated to reduce the extremes of stage that have been experienced," said Harley F. Lawhead, chief of the Great Lakes hydraulics branch of the corps.

Lawhead told some 225 representatives of Great Lakes provinces, states, water authorities and private industry that studies of economic feasibility have not been completed, however.

Indications are that such regulation of Lake Erie "may be justified, but our efforts to date to develop an economically justified plan of regulation of the levels and outflows of lakes Erie and Michigan have not been successful," he said.

Michigan Attorney - General Frank Kelley sponsored the day-long conference, which he said has allowed many leaders in the field to meet and exchange ideas for the first time.

Lake water levels could return to normal in just a few years, Michigan State meteorologist A. H. Eichmeier told the conference.

Vice-Admiral James A. Hirshfield, president of the Lake Carriers' Association, said the low levels could result in a loss as high as $15,000,000 this season in iron ore trade alone to member U.S. companies of the association.

Expect 1,000 At Indian Council Meet

GARDEN RIVER, Ont. (CP) — About 1,000 delegates are expected for the fourth annual meeting of the National Indian Council of Canada, which began today and continues to Friday.

Richard Pine, chief of the 700-member band in this reserve 10 miles east of Sault Ste. Marie, Tuesday night welcomed chiefs from as far west as Vancouver and as far east as Nova Scotia and from most centres in Ontario and Michigan.

Mayor James L. McIntyre of Sault Ste. Marie was made an honorary Indian chief in a ceremony witnessed by about 300 guests. His title is Bahamaoh, which means roaming man.

Topics which will be discussed during the meeting are Indian claims commission, a $3,500,000 development program for reserves announced recently by the federal government, and amendments to the Indian Act.

Election of a new council and naming of an Indian princess will take place Friday.

MR. AND MRS. LAWRENCE ELWOOD HURLEY

Hurley – Dixon

A lovely double-ring, mid-summer wedding was solemnized recently in the Christian and Missionary Alliance Church, Belleville, by the Rev. Sackville Palmer, pastor of the church, assisted by the Rev. Edgar Lorimer of Toronto, who officiated in the dedication service when Constance Lenore Dixon, elder daughter of Mr. and Mrs. Kenneth Hart Dixon, of Belleville, became the bride of Lawrence Elwood Hurley, son of Mr. and Mrs. Elwood Robert Hurley, of Orillia, Ontario.

Tall spikes of mauve and shaded delphinium, mingled with Madonna lilies, and interspersed with ferns, adorned the altar, while white satin rosettes, centred with deep pink roses, designated the guest pews.

The wedding music was provided by the church organist, Mrs. Wilbur Leonard who accompanied the soloist, Mrs. Eleanor Allan in appropriate rendition.

The bride, escorted by her brother Mr. Kenneth Murray Dixon proceeded to the altar, lovely in a pure white, floor-length crinoline bridal gown of nylon chiffon over white taffeta, featuring a fitted bodice having long V-pointed sleeves, and portrait Chantilly lace-edged neckline. She wore a shoulder-length butterfly veil also edged with Chantilly lace and tiny tiara of mother-of-pearl sequins and carried a cascade of American Beauty and pink fantasy roses, accented with white frills and Phlomois fern. A single pearl-drop pendant completed her costume.

She was attended by Miss Linda Pritchard, of Belleville, as maid of honor, and by Miss Ferne Millard, of Demorestville, as bridesmaid. Both attendants were gowned alike in floor-length sapphire blue satin, fashioned with molded bodices having Chantilly lace jackets. They wore matching blue headdresses in bow style, and carried Colonial bouquets of larkspur-blue 'mums and pom-poms.

The bridegroom was attended by Mr. John Calvin Hayes, of Niagara Falls, Ontario, while Mr. Kenneth Murray Dixon, of Belleville, ushered the guests, assisted by Mr. John Calvin Hayes.

During the signing of the register, suitable organ selections were provided by the organist.

The reception was held in the lower auditorium of the church, where the guests were received by the bride's mother, wearing a two-piece linen gown in powder blue, with feathered hat in white flecked with black, white accessories, and corsage of pale pink carnations. Assisting her was the bridegroom's mother, who also wore a linen gown in light pink with white accessories, and corsage of dark pink carnations.

The bride's table, beneath arching pink and white garlands with white wedding bell over the bridal couple, was centred by an all-white, four-tier wedding cake topped with a tiny bride and bridegroom beneath a halo of white tulle and net with silvery-white butterflies ascending from each of the tier's four corners. Tall pink and white candles in crystal holders, and the wedding bouquets completed the attractive setting. (The cake was made and presented to the bride by her uncle and aunt, Mr. and Mrs. Larry Bovira, of Montreal.)

Mr. William Rodberg presided as master of ceremonies and Mr. Attore Lattanzio favored with beautiful piano-accordion selections.

For the wedding trip to the Maxinaw Lake resort area, the bride chose pink lace over pink taffeta, matching accessories and silver bow-tied white gardenia.

Mr. and Mrs. Hurley are residing at 204 Barton Avenue, Toronto.

Guests were present from Toronto, Ottawa, Montreal, Orillia, Pembroke, Napanee, Niagara Falls, Ontario; Trenton, Belleville and Bayside.

SOCIAL and PERSONAL

ENGAGEMENT NOTICE

The engagement is announced of Linda Jean Weaver, daughter of Mrs. Jean Weaver and the late Robert C. Weaver to Raymond Lloyd Laing, son of Mr. and Mrs. Wesley A. Laing of Corbyville. The wedding to take place on Saturday, September 5th at 12 o'clock at Christ Church.

* * *

Mrs. John Wilson (nee Kinmet) of Sarnia has returned home after spending two weeks with relatives and friends in Belleville and Star Lake, New York.

More Women Than Men Visit Caves

By HAL BOYLE

NEW YORK (AP)—Things columnists might never know if he didn't open his mail:

The underground set: More women than men visit caves, according to Lester B. Dill, director of famed Mammoth Caverns at Stanton, Mo.

You need nine times as much braking power to stop a car going 60 miles an hour as one going 30 miles an hour.

A green thumb is part of a scholar's equipment in Turkey. . . . Gardening is included in the curriculum of schools there.

Do the terms "little boy" and "fat boy" ring a bell in your memory? . . . They were the code names of the atomic bombs exploded over Hiroshima and Nagasaki.

Quotable notables: "When you enjoy loving your neighbor it ceases to be a virtue." —Kahlil Gibran.

Hot legislation: A court in Tel Aviv ruled there is no lawful limit to the amount of noise a baby may make on his own balcony.

The human body contains enough lime to whitewash a chicken coop. . . . Now isn't that a comforting thought . . .

CAN'T STAY DRY

It is hard to stay dry in Dhermouth, India, one of the wettest places on earth. . . . The annual rainfall is 600 inches, and it has been known to rain 30 inches five days in a row.

Most people don't bother to write their own epitaphs. . . . But Alexander Graham Bell, inventor of the telephone, did. . . . At his request his gravestone bore the inscription: "Born in Edinburgh . . . died a citizen of the U.S.A."

Folklore: Say the Lord's Prayer backwards and you will see the devil. . . . If you have the same dream three nights in succession, it will come true. . . . An itchy foot is a sign that you are destined to step on strange lands. . . . A girl who makes a bed well will marry a good-looking husband.

Worth remembering: "Your children will last longer if you learn to unwind." — Arnold Glasow.

Brides in Norway wear green for good luck. . . . The favorite colors in Romania are red and gold.

Camels, like cows are cud chewers. . . . They have a three-part stomach, two parts of which are used to store water—and that explains why they go a long time between drinks.

MR. AND MRS. JAMES FREDRICK CHUMBLEY

Chumbley – Askey

Rev. Sackville Palmer was the officiating minister at the wedding on July 19th in Alliance Church, Belleville of Phyllis Fay Askey, daughter of Mr. and Mrs. Elvin G. Askey, R.R.6, Belleville to James Fredrick Chumbley, son of Mr. and Mrs. A. H. Chumbley.

Ferns and summer flowers were used to decorate the church and at the home white and pink bells were used with streamers.

Traditional wedding music was played by Mrs. Marion Foster who also accompanied the soloist, Miss Joanne Rodgers at the organ.

The bride who was given in marriage by her father wore a floor-length gown of nylon net lace over taffeta with fitted bodice of lace, scalloped neckline and long pointed sleeves. Her headdress was a crown of tiny seed pearls and sequins which held her shoulder-length nylon net veil and she carried a bouquet of red roses.

Mrs. Nancy Denbane, Belleville was matron of honor dressed in blue nylon over taffeta with matching headdress. She carried pink and white 'mums. Miss Jean Sargisson, cousin of the bride, was bridesmaid wearing pink nylon net over taffeta with matching headdress. Her bouquet was white and blue 'mums. Junior bridesmaid was Janice Askey, sister of the bride in white nylon over pink taffeta with flowered headpiece, and a bouquet of white and blue 'mums.

Little Janice Denbane, niece of the bridegroom was flower girl dressed in blue nylon over taffeta. She carried a basket of baby 'mums.

Mr. Morris Chumbley of Harrowsmith, cousin of the bridegroom, was groomsman, and the ushers were Bruce Askey, brother of the bride, and Ricky Jewell, cousin of the bridegroom.

A wedding reception was held at Jim's Place where the bride's table was centred with a three-tiered wedding cake. The bridal bouquets added to the setting.

The bride's mother received, wearing a navy blue linen suit with white accessories and corsage of pink Sweetheart roses. She was assisted by the bridegroom's mother, dressed in pale blue linen with white accessories and corsage of pink Sweetheart roses.

For a wedding trip to Niagara Falls and Medina, N.Y., the bride wore a blue corded silk dress with white accessories and a corsage of orange colored roses.

Guests were present from Bancroft, Harrowsmith, Latta, Ottawa, Beamsville, Medina, N.Y., and Peterborough.

Mr. and Mrs. Chumbley will reside at Wellman's Corners.

Previous to her marriage the bride was honored at a miscellaneous shower at the home of Mr. and Mrs. Francis Askey, with Mrs. Askey as hostess and Mrs. Charles Muscott as hostess. Mrs. Oscar King entertained at her home for the bride with Mrs. Erwin Sargisson and Mrs. Joyce Mitchell as co-hostesses. Mrs. Chumbley was the recipient also of an electric frypan, iron, toaster and magazine rack from her coworkers at the Northern Electric Company.

Pants Set Pace In Launching Of Jump Suits

By PEGGY MASSIN

PARIS (Reuters)—Pants set the pace today as Belgian designer Jules Francois Crahay launched the one-piece "jump suit" in the Jeanne Lanvin collection.

The "overalls," with slim knee-length trouser legs, were shown with fancy wool lace stockings and seven eighth length redingote coats.

Crahay's second collection for Lanvin is as exciting as his first, shown last January, which achieved record sales for the famous pre-war couture house.

Following the six "jump suits" which opened the collection, Crahay developed a simple and sober silhouette in tubular sheath dresses with matching slim tube coats shown shorter than dress length.

His "anti - cold campaign" stresses fur or knitted jersey linings, and shawls and schoolboy mufflers made of fur.

However, no public schoolboy ever wore a French muffler made of alternative stripes of black and white mink. Suits and coats endorse a wide squared shoulder with straight set-in sleeves.

Suit-blouses and dresses are sleeveless, contrasting the important collar or scarf neckline. Pangolin, the skin of an Asian ant-eater, makes its debut in the lavishly and matching cloche hats.

This large grained skin vaguely resembles crocodile, and is also being featured in French handbags and shoes.

The Experts Say Struggle Not Necessary Getting Child to Dentist

By JEAN SHARP

TORONTO (CP) — Getting a child to a dentist does not have to be a vast struggle. Give him an explanation of what the dentist is going to do and why. Tell him no impossible stories about what fun it will be. Offer no promises of bribes to rouse his suspicions.

Truth and a minimum of make-believe are the best approach, says Dr. Keith Davey, chief of dentistry at Toronto's Hospital for Sick Children and assistant professor of children's dentistry at the University of Toronto.

"Be honest with them. You don't have to say the man's going to take a long needle and stick it in your mouth. Explain, don't lie. If a mother tells lies the child is going to be suspicious, frightened, and therefore difficult.

"It should be a routine thing. He goes to school—he's going to have his teeth checked. Probably the first time the dentist is only going to look his teeth over, although some parents leave it until there is an emergency and then the dentist has to do something and it is rather awkward.

"If a parent is doubtful, she can call the dentist first to find out if there is anything she should say to the child.

"Parents don't give children credit for what they can do. They are often better patients than adults. Children are smart, they are sometimes smarter than their parents in some ways."

He says dentists who turn waiting rooms into circuses and dress up to treat children make a mistake. "If a dentist does the big build-up the child is going to be suspicious. If the child is going to be good he will be good whether the dentist has cowboy boots on or oxfords."

Both parents and dentist should try to explain to a child why he should brush his teeth after meals and keep between-meal sweets to a minimum. Dr. Davey says it is in the hour and a half after a meal that decay germs do their work. After that, unless more food has been eaten, the mouth has had time to restore its normal balance.

A child should begin regular trips to the dentist when he is about three and has all his baby teeth. He needs to keep them all.

They are pathfinders for adult teeth, the dentist explains, preserving space for them. If a child loses teeth before he should, the others will shift to fill the space, and adult teeth may come in crooked. Dentists now sometimes use space maintainers—false teeth, to keep a space open.

The teeth help to shape a child's whole face and jaw-line. Dr. Davey says that during a child's formative years his face grows three times faster than his head, and missing teeth can affect the growth.

Teeth not only affect appearance, they can affect a child's health, and both elements can affect his self-confidence.

Dr. Davey says that for these reasons a few very young patients have been fitted with full sets of false teeth to replace their natural teeth.

Ann Landers

Well-Built, Well-Read, Handsome, But No Brains

ANN LANDERS

DEAR ANN LANDERS — I am a 30-year old man, good-looking, well-built, well-read and well-travelled. I have devoted so much time to cultural interests, music, art and literature that I neglected the business aspect of my life. As a result I have very little money.

I would like to meet a fine woman and get married but this poses a real problem. I cannot stand homely women and I can't afford to marry a pour one. I have met dozens of women with money but I just can't stand looking at them for more than 10 minutes without feeling it would not be worth it.

The beautiful woman I've known are all searching for someone who can set them up in style which, of course, I cannot.

I am serious about this, Ann. I am not a crackpot. I have many fine qualities and could make a woman very happy. I need some outside help. Do you happen to know of anybody. I will be happy to send a picture, — Q.T.X.

DEAR Q.T.X. — I HAVE a picture. Please don't send one.

Why don't you forget about both money and beauty and try to find a girl with brains? There should be at least one working set in each family and I see no evidence that you have any.

* * *

DEAR ANN LANDERS — I'm a 18-year-old girl who has a problem spelled M-O-T-H-E-R.

I love her but she is driving me nuts. Ever since I was a small child my mother had to do everything, whether it was homework, sewing on a button, selecting books from the library, or choosing the right dress to wear to a party.

Just now my mother asked me to look up a number in the phone book. I looked it up and she said, "That doesn't sound correct." She then went and looked up the number herself. I feel as if I can't do anything right. I get boiling mad when she stands right there behind me when I dry glasses or silverware. Lots of times she dries things over after I have finished.

Please tell me what to do. It's a real problem. — HELPED TOO MUCH.

* * *

DEAR HELPED TOO MUCH — You bet it's a real problem, and I hope your mother reads my answer and pays attention to it.

Of course, a mother can dry a glass better, or sew a seam straighter — she's had years of experience. Far more important than the shiny glass or the straight seam is the feeling of achievement that comes from doing something on one's own.

This world is filled with emotional cripples who can't make a decision or — having made a decision — are never sure it was the right one. They had mothers like yours.

* * *

DEAR ANN LANDERS — What do you think of a man who has a job as bookkeeper in a credit union and goes around telling everybody (after three martinis) who owes what?

This is the situation in our organization and it is more than I can stand. I am a member of the credit union but I do not owe them anything. Several of my friends do however, and I am furious on their account. It is embarrassing for one friend in particular to have it known that he is in debt up to the legal limit.

Should I tip off the chief executive who would have the man removed at once? Frankly, I detest him but I don't want to be responsible for a family man losing his job. Your advice is wanted. — BIX.

* * *

DEAR BIX — If "Loudmouth" has been talking through his martinis for several months, his days are numbered. Keep quiet and let one of the injured parties give him the axe.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

SHAVEN HEAD AND ELIZABETHEAN DRESS GO TOGETHER — Model Bibelot wears a wig over her shaven head as she presents an Elizabethean-style dress at showing of the fall collection of Jacques Esterel in Paris. Esterel said that both the shaven head and dress, called "Marlowe," were inspired by the era of Elizabeth I of England. (AP Wirephoto via cable from Paris)

Proper Packing Takes Shape Of Body for Folds, Curves

Here is some news about a revolutionary new packing method that enables you to get more into your travelling bag . . . and have it come out looking impeccably smooth when you land at your destination.

The new packing method shows how to pack properly, either for a weekend trip . . . or a longer trip from two to six weeks. While the concept is "Not how much you take with you, but how well it looks when you arrive," it is truly amazing how the efficient and well-planned technique enables you to take along a vast assortment of clothes.

Briefly, the technique can be described as "Interfolding, so that the clothes cushion each other in wide curves. No tissue paper is used . . . the interfolded clothes don't need it." The technique especially takes into consideration the shape of the human body, for the folds or curves that do occur in the cushioning and interfolding, come at the natural "full" or bending parts of the body . . . the bust, hips and the waist. The interfolding technique makes curves in the garments that flow naturally, kept buoyant by air trapped in the cushioning.

Some of the helpful hints that come out of the demonstration:

Don't roll your belts, taking up space. Instead, place them around the flowing curve of the luggage in a wide sweep.

Roll sets of lingerie together . . . bra, panty, girdle, slip, so a complete change is in one roll. Take 3, so you'll always have one to wear, one to wash, one to spare.

Nightie and robe, also considered "rollables" are rolled separately — to have the robe handily available for a quick change.

Swimsuit and cap are rolled together, so you don't have to hunt for the cap when you're ready for a dip. The boned swimsuit is always folded into "thirds" and rolled from the bottom, giving a nice wide curve around which the boning will be protected.

Never use pins in packing; cellulose tape will keep pleats straight, collars in place, even hold a fluffy frilly nightie into a neat roll without harming the fabric. The tape will also keep silk scarves, gloves, soft belts neatly in place on the divider pad.

EXPLOITS WOMEN

SYDNEY, Australia (CP) — Actors' Equity has ordered its members not to take part in striptease shows at King's Cross — this city's region of saucy nightspots. Union officials found the clubs were "engaged in a degrading exploitation of young women."

WILL TAKE TRIP

WASHINGTON (AP) — Mrs. John F. Kennedy, wife of the late U.S. president, has accepted the invitation of friends to make a cruise off the coast of Yugoslavia, her press secretary confirmed Tuesday. She plans to start the cruise Aug. 5 aboard a yacht, the Radiant, owned by friends Mr. and Mrs. Charles Wrightsman of Palm Beach, Fla., and New York City.

Successful Living

Change of Location Good Way to End In-Law Trouble

DEAR DORIS — I always thought that my problem sounded too ridiculous but now I need advice to set my mind straight.

We are living in half of a large house. My sister-in-law and family have the other half. Now this woman is driving me insane. She says my children are spoiled, she plays, are useless. I rush around trying to pick up toys and doing anything to prevent her criticism; in vain.

All these things hurt me, and I just cry it out. I try to control myself but I can't. I shout at the poor kids and they don't know what's wrong.

I can't talk it out with my husband because I break into tears and he says he can't understand why we don't get along. I once told her to mind her own business and she had the whole family of in-laws down my neck — GOING NUTS.

DORIS CLARE

DEAR GOING — If you can't say it, write it. If your husband were to get a letter as long and as revealing as the lengthy one you wrote to me, he'd begin understanding.

Probably the habits of criticism started way back when; and who are you to reverse a trend? I'd say hold out for a change of location. Your whole set-up suffers until you become mistress of your own affairs.

DEAR DORIS — I have a friend who is a widow and is planning on getting married. She asked me a lot of questions which I didn't know the answers to, so I decided to write to you.

The man has never been married, and they want it to be a double ring ceremony.

(1) Should they use the double rings?

(2) What do you do with the diamond, and the band that matches the diamond?

(3) Is it proper for someone to give the bride away?

(4) If she wears a corsage, can she carry a white Bible or evening bag. — BEWILDERED

DEAR BEWILDERED —

(1) Certainly.

(2) Leave the engagement ring on. If the matching band is the lady's wedding ring, use it for the ceremony. If bride and groom have two wide matching gold bands for the ceremony, it may be more convenient to leave off the engagement ring.

(3) Proper, but not essential, at a second wedding.

(4) A small corsage is o.k. Or she may carry a small cluster of flowers attached to the Bible. But no evening bag.

* * *

DEAR DORIS — I am 13 years old and one Friday night myself and some of my friends were playing the pinball machine. Just because I was with a few boys who were 16 he will not let me go out unless I'm with an adult. Do you think this is fair? P.S. I got in at 10:30 p.m. — WONDERING GIRL.

DEAR GIRL — It's fair all right. Any "he" worth his salt would take action to bring home his Wandering Girl — of 13 years — before such an hour.

(Doris can help you take a good, square look at your dilemma and work towards a solution. Write to her.)

Blind Folk Talk About Problems

MONTREAL (CP) — "When you go into a restaurant, you don't leave your eyes on the sidewalk, do you?"

The question was asked by Marcelle Rodden, blind but aspiring to lead a normal life with the help of a guide dog.

She was complaining that some restaurants refuse to allow the guide dogs to accompany their masters. For while a Montreal health bylaw bars animals from eating places, it exempts guide dogs.

Some of the 25 blind Montrealers who have guide dogs got together recently to talk over their problems. A reporter was invited to listen.

The main complaint was about restaurants but several told of being barred from chain grocery stores because of their dogs and of being passed by buses.

All had had some experience with waiters addressing their sighted companions instead of talking to the blind person, as if he were deaf as well.

Armand Martin, a blind nightclub pianist, said customers often ask the sighted musician who accompanies him: "Does he play this?"

Georges Cohen, a public relations man, said:

"It's up to the people with guide dogs to pave their own paths and open the door for others. You have to educate the public, tell them."

Speaking Personally

By Gladys Ward

CHARISMA

Words are fascinating things. Just as a painter gets a thrill out of finding exactly the right shade of color, so a person who writes for publication delights in discovering the right descriptive word.

Most of the time we use the same stale clichés, or are satisfied with our limited vocabulary, then we read a piece of fine prose and realize what a paucity of expression it shows, and how poor our choice of words when we have such wealth to choose from.

Recently I read a book from the public library, and really hit the jackpot (now there is a tired expression). On one page (the verso) I came across the following: charismatic; salubrious; sanctimonious; apocryphals; reaction; effistor; ratiocinations; splatemological; sumpkoria; nontallucion; nontectonic, and vortices. All this on one page of a recent novel. I am not going to explain them, if anyone is interested she can look them up as I did.

Charisma was a new word to me, but by one of those frequent co-incidences that happen, I came across the word a second time in one week. Peter Newman uses it in his book "Renegade in Power" when he describes John Diefenbaker as a man who possessed that rare quality of leadership known as "charisma." He goes on to say, "Charisma is a phenomenon which has been studied by many social scientists, who feel that it accounts for the magnetism with which diverse figures have swayed crowds. The German sociologist Max Weber in his 'Wirtschaft und Gesellschaft' described charisma as 'an extraordinary quality which grants its possessor unique magical power. The charismatic leader, he wrote, is a man who demands obedience on the basis of the mission he feels called upon to perform . . . He dominates men by virtue of qualities inaccessible to others and incompatible with the rules of thought and action that govern everyday life . . .' John Diefenbaker's charisma established an empathy with his audiences.

There are certain words I detest . . . words such as 'finalize;' contrived words like sales-wise, money-wise; irregardless (in place of regardless); amongst for among. As far as I am concerned they can tow these out to sea and burn them.

Of course anyone who uses words of over two syllables is suspect and will probably be accused of pretending to an erudition he (or she) does not have; but sometimes it is fun to pretend.

* * *

WEE PAUSE FOR STATION BREAK

The mind is a strange storage place. We are told by people who should know that nothing is ever forgotten of our experiences through life, but is simply put into mental pigeonholes, and can be brought out by a skilful analysis. It is as well that the conscious mind can discard much of the trivia we hear every day, or we would be in a confused state.

I heard of an elderly woman the other day, 93 years old, who had had a stroke and was in the hospital. She was partly paralyzed and did not recognize anyone, but she kept talking all the time, and what she was repeating was a chewing gum commercial jingle from a TV program!

The amazing implications of this astound one. Her relatives said she did not chew gum, but she liked to watch TV. It makes one wonder what our children are absorbing, and if you pay attention for awhile to those commercials it makes one shudder. Even if children were not naive enough to believe that a sexy, shapely, tiger in a box of detergent, they must be impressed subconsciously, as this aged woman was. Those hidden persuaders are perhaps not so well hidden as we sometimes think.

A case in point was my grandfather who learned to speak Gaelic in his youth. Then he forgot the language with disuse, and could not recall it at all. When he was dying, he talked incessantly in a strange language which someone finally identified as Gaelic. It had been hidden in his subconscious mind all through the years.

Most of us have had the experience of trying to recall a name or the title of a book or song. The harder we try the more it eludes us. Then in the night when our subconscious mind takes over, the name will drift to the surface of our conscious mind and when we awaken we will remember it with no effort.

WOMAN FOUND

HERDMAN, Que. (CP) — Mrs. Albina Breault, 65, missing in the woods near this Red-ern Township s community for five days, found her way home unharmed Tuesday. Mrs. Breault said she lost her way while picking raspberries last Thursday. She lived on berries for the last five days but was unable to find water. Her condition was reported good.

Coffee Coronet Serves Ten

by Mary Moore

Another handsome dessert is here today for the hostesses who prepared their dessert for guest dinners in advance.

This is a rare beauty and is coffee-flavored. It looks like one of those professional touch-me-note desserts you sometimes see on dessert buffet tables that have been worked on for days by professional chefs. But you can do it.

WEDNESDAY

Dinner Menu

Sauteed Chicken Livers with Bacon; Creamed Cauliflower; Rosebud Beets; Tossed Garden Salad; Fresh Cherry Pie (see Tuesday); Iced Coffee.

COFFEE CORONET

(Note: You must have a 9 x 2¾" spring-form pan with removable bottom for this, not a removable tube part).

2 tablespoons unflavored gelatine, ½ cup double-strength cold coffee, 1½ cups double-strength hot coffee, 1 cup sugar, 2 doz. lady fingers (from bakery or packaged), 3 sq. (3 oz.) Semi-sweet chocolate, gently melted, 2 cups 32% cream, 1 cup chopped walnuts or pecans, 1 tablespoons vanilla or rum flavoring.

Sprinkle gelatine on cold coffee; let stand 5 minutes. Add hot coffee and sugar; stir until sugar and gelatine dissolve. Chill until softly congealed. Meanwhile cut the lady fingers into 3" lengths so that they are ¼" longer than the height of the spring-form pan. Whip 1¼ cups of the cream until stiff. (Reserve remainder for later.) Whip the softly congealed gelatine mixture with rotary or electric beater until light and fluffy. Fold in chopped nuts, flavoring and whipped cream. Turn enough of this mixture into spring-form pan to fill it to depth of ¾". Now stand the lady fingers around edge like a picket fence, embedding them in the gelatine mixture to keep them erect. Add the leftover tips from the lady fingers to remaining gelatine mixture and turn it into the mould, pushing it into cracks between erect lady fingers to make sure they are firmly held in place. The tops of the lady fingers extend about 1" above top surface of coffee mousse.

Now working like an artist and using a measuring ½ teaspoon, spoon ½ teaspoon melted chocolate over top tip of each lady finger, holding your little bowl close to the lady finger you are topping, so there are no drips. When you are finished refrigerate to set and chill overnight, or for 24 hours. About ½ hour before serving time, loosen sides by running knife which has been dipped in boiling water around sides. Undo clasp to open side of spring-form and lift it off. Bottom of pan should be left under the cake to keep it steady for transferral to cake plate. (But remember this metal bottom will slide easily when you carry it to table so be warned.) Whip remaining heavy cream and pile it (or pipe it) in a border around case of coronet. Serves 10.

SHARING OF MANNERS

BY PATRICIA LEWIS

CURRENT STYLES CALL FOR DISCRETION

Physically speaking, the hot weather is sure to bring out the good and the bad in us.

A rising temperature too often is a signal to lower our sense of good taste and decorum.

It's the eternal clash of beauty and the beast. Which are you?

The long hot summer can be an opportunity to show off the human form divine. You've seen it on beaches and boardwalks. But along with the beauty i the unappetizing s u n - worshipper who better should have stood in e lent.

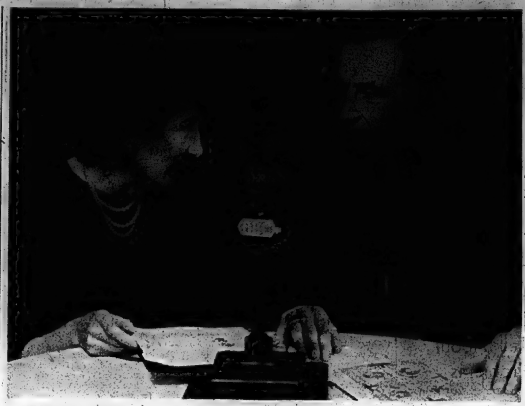
It has been said that every summer fashion and color, no matter how bizarre, is good for someone. The big jackpot question is: are you the type for slacks or bikini? Are you right for Red?

The wrong decision can be as offensive to others as eating with your fingers. On the other hand, the right decision is easy to make, especially if you have frank friends. More importantly you must be frank with yourself.

Note that superfluous belt of flesh in the general neighborhood of your midriff. Obviously the scanty thigh-hugging swimshorts you adored in the fashion magazine are not for you.

LET MIRROR GUIDE YOU

Tight-fitting summer clothing — and there's lots of it around — is meant for people blessed with lean flanks and the form divine. If you have too much form then don't wear tight swim suits. A loose-fitting shift suit or one of the blouson types is just as fashionable as the two-piecer, but provides more ample coverage for figure defects.



Besides diet and exercise, one way of eliminating some of the more obvious bulges is to buy slacks and swim-suits a size or two larger. You may take pride in still being able to buy a size 12 dress, but remember that a dress has more material to take up than slacks. A size 12 swim suit, on the other hand, may cut into the thigh line too abruptly, whereas a size 14 will ease into place without creating an unsightly roll or riding up uncomfortably.

Let your mirror, rather than the size tag, be your guide in selecting the type of sports clothes that do the most for your figure and bring approving nods from your audience.

Mother's Helper

EASY AND FUN for an artist of any age: Pedal Pushers, Glass. Drop dots or splashes of finger paint or water paint on a large sheet of paper, combining the drops to one half of the sheet. Fold it carefully in the middle and press it together lightly so the drops will "surface" on the other half. Open it to see, to use a kitchen spoon design. Set it aside to dry.

KEEPING IN TOUCH — Margot Davies, formerly of St. John's, Nfld., chats with the Archbishop of Dublin, Most Rev. George Simms, during her program, Calling Newfoundland. In 23 years of broadcasting to her native island, Miss Davies has missed only one broadcast. The 15-minute, once-a-week programs are recorded in London, England, and replayed in Newfoundland by the CBC. (CP Photo)

Her Bout With Pneumonia Brought on a Radio Hit

By ALAN WALKER

LONDON (CP)—Margot Davies had pneumonia that day. It made her miss her radio program to Newfoundland. It was the only time she has missed it in 23 years.

"I wrote the script in bed and I wanted to go on the air," Miss Davies said at the BBC here, "but they wouldn't let me out of the house."

Calling Newfoundland started in March, 1941, as a twice-weekly show to keep Newfoundland troops in touch with their families. Newfoundland had not then joined Confederation.

"We used to huddle in Bush House in the middle of the night, because of the time difference, sometimes during a bombing raid, and put homesick young men on the air to say hello to their parents and friends back home," Miss Davies said.

SHOW TAPED

The late Stanley Maxted, formerly of Toronto, was the show's first producer. In its early days it was done over shortwave direct to Newfoundland. Now shows are tape-recorded here and broadcast in the island by the CBC.

Miss Davies, a lively, pleasant woman just past 40, is the daughter of Daniel Davies, former high commissioner for Newfoundland in London. She was born in St. John's and then settled with her family here in 1930.

Now she knows just about everybody in Britain who comes from Britain's oldest island colony—and everybody who has any connection, however remote, with Newfoundland.

The CBC threw a big party on the 20th anniversary of her show and Miss Davies returned to Newfoundland for it. Hundreds of listeners were there in person or sent greetings.

'UNSELFISH PERSON'

Harold Olason, present producer of "Calling Newfoundland," considers Miss Davies an unofficial mother of all Newfoundlanders in Britain.

"She will go to any amount of trouble to help people from the island who are in difficulty, or anyone else for that matter," Olason said.

"She's the most unselfish person I know. She helps them get jobs, helps them get back to Newfoundland if they want to go and can't afford it—numberless things like that."

Calling Newfoundland now is a 15-minute news magazine program, once a week, with most items of special interest to Newfoundlanders.

But the original format of greetings across the waves has not been forgotten. Newfoundlanders taking part are always asked if they would like to say a few words to someone special back home.

They nearly always do.

WINE VALLEY

The Moselle Valley in France, centre of a vast wine-making area, first grew grapes when they were introduced to the area by the Romans.

PAINTS SKIN

A Swedish tourist in Paris appeared dressed in a high-necked one-piece swim suit until closer inspection revealed she was painted from the waist up.

HOUSEWIFE RELIEF

Oslo, Norway, operates a "housewife relief" service that aids housewives with children should they become ill and unable to carry on their regular duties around home.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Do babies get bored? Yes, sometimes they do. As a baby begins to stay awake for longer periods of time he may fuss because he doesn't know what to do with the extra time. Ways to woo baby's interest:

For the small baby—a mobile, a balloon or bright scarf tied securely to his crib will keep him look-happy. Music will keep him listen-happy.

For the baby who can grasp—rattles, soft toys and touch toys with different textures will keep him absorbed.

Boredom at mealtime is most unusual when you serve a variety of foods. It's easy with over 30 delicious Gerber Strained Foods, 15 fruits • 9 vegetables • 3 meals • 3 meat dinners • 46 dessert • 5 juices • 2 dessert puddings. Each baby relishes. Each one is designed with baby's eating pleasure in mind. All are "custom cooked" to protect precious food values.

Rounding out baby's nutritional picture. When you serve a variety from all categories of Gerber Baby Foods you do a good job of meeting baby's nutritional requirements. Point to remember; no one food is a must. If baby balks at one food temporarily, you have many another Gerber variety to substitute.

Beauty tips for a prettier you. Baby's cotton swabs make mighty fine beauty aids. Borrow them to smooth on rouge, lipstick or eye shadow. Also good for applying perfume or cream deodorants.

A quartette of new, delectable cereal surprises: Gerber Strained Rice Cereal, Oatmeal, Mixed Cereal and Protein Cereal—all with Applesauce and Bananas. Each cereal is cooked right with the fruits for delicately flavored flavours and a wonderfully smooth, moist texture. Like the other Cereal Foods, they're packed in glass. Gerber Baby Foods, Niagara Falls, Canada.

New Experiment In French Lessons

ST. BONIFACE, Man. (CP)—An experiment in teaching French by giving English-speaking high school students a week at a French - language school is planned for this fall.

Eleven students from St. John's Cathedral Boys' School in nearby Selkirk will spend the first week of the term at St. Boniface College. And they won't speak a word of English while there.

The experiment is part of a project started two years ago by St. John's aimed at making students truly bilingual. The school felt that students taking French under the existing provincial curriculum never really learned to speak the language or to understand spoken French, largely because they seldom had a chance to converse in French.

St. John's was also concerned because French textbooks centred on life in Paris and didn't give students a proper understanding of either France or French Canada.

"We argued that the obvious reason for having French in Canadian education is that Canada is a bilingual country," says St. John's Principal Ted Rayfield. "And if this is so, then surely the French textbooks should be centred on life in Canada with some small reference to Paris."

500 WORDS A NIGHT

Another problem was that texts seemed to leave in the student's mind an over-all impression of the French nation as an "extremely over-cultural arty type."

St. John's developed a program intended to "revise this imagery so that it reflected the masculinity more—its feats in military actions, the exploits of fur traders in Canada, adventures and so on." And it required students to translate 500 words each night from English into French.

Tape recordings of French-speaking Manitobans were used in the revised course. French-language radio station CKSB here was also included.

After two years, the school decided students were ready to spend a week this fall and another next spring in the College. The 11 students are just entering Grade 11. The plan is to have them take one subject entirely in French in Grade 12.

It was the college that stipulated the students speak no English during the week there. But St. John's readily agreed.

"We realize the students will be a little lost during the first week," says Principal Rayfield. "But during the second week next spring they will probably start catching on."

Oysters Grow On Trees In Florida

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Oysters grow on trees in swampy areas of Florida. . . . The busy bivalves attach themselves to submerged mangrove roots, and thrive there.

One of the best places to sleep in the afternoon is Greece. . . . The siesta habit there is so widespread that even the radio stations shut down between 2 and 5 p.m.

If man were as speedy in comparison to his size as the ordinary ant, he'd be able to travel 60,000 miles an hour—and without benefit of jet engines.

Here's something to ponder: The Greek philosopher Socrates used to hang around street corners passing out good advice to passersby. . . . His reward: A cup of poison.

Quotable notables: "Middle age is the time when you'll do anything to feel better, except give up what is hurting you."—Robert Quillen.

A note of truth: Lore Noto, producer of The Fantasticks, says that "with the public getting tired of rock 'n' roll, a lot of song publishers may be forced into going back into the music business."

RAIN BOOST

Folklore: When you see a cat or dog eating grass, you can expect rain soon. . . . Dregs of clear water and you'll have good luck; dregs of muddy water and you're in for trouble . . . A girl who cuts slices of bread extra thick will turn out to be a good stepmother. . . . Smart people have the largest part of their head in front of their ears; most of your head is behind your ears you are a candidate for a dunce cap.

Items to believe or doubt: Women talk louder on the telephone than men. . . . A cornered or wounded ostrich is more likely to try to kick you to death than to bite its head in the ground. . . . Given a choice, most people would rather live in a medium-sized city than a farm, a small town or a metropolis. . . . A husband who has a hobby is less likely to cheat on his wife than other husbands — unless his hobby happens to be girls.

Rylstone

RYLSTONE—Mr. and Mrs. Jack Spencer and boys, spent Thursday in Peterborough and visited Mr. and Mrs. Gary Lounsbury.

Mr. and Mrs. Dick Morton, accompanied by Mr. and Mrs. Arthur Reid, Springbrook, motored to Midland on Friday where they visited their nephews Clayton and David Heath and their families and attended the wedding of their grandniece, Miss Judy Heath to Mr. Larry French at the Alliance Church, in Midland, and later the reception at Victoria Harbour. They returned home on Sunday evening, after a visit to the Shrine at Midland.

Mrs. Cora Reid was honored at a birthday party at the home of her daughter, Mrs. Basil Lott and her husband, at West Hungtingdon. Others present were her son Robert, his wife and family, her daughter, Doris, Mrs. Harold Stapley, her husband; Leonora and Helen of Rylstone and her daughter, (Blanche), Mrs. Alan Foote and children, recently moved to Hoard's Station from Belleville.

Mrs. Don Alan, Ottawa and Mrs. Purvis Allan, Campbellford, visited Mr. John Stewart and Mr. and Mrs. Ray Stewart on Thursday evening.

Wendy Thomson, holidaying at Allan's Mills, was an overnight guest of her cousin, Beth Anderson on Monday.

Mrs. Estella Gibson, Campbellford, her daughter and their husbands and families held a family reunion in the form of a weiner roast, at Oak Lake on Monday night. Those attending from here were Mr. and Mrs. Ralph Heath and Carol, Mr. and Mrs. Walter Reid and George and Mr. and Mrs. Jimmie Mosby and family.

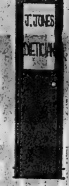
Kathy and Karen Thomson are visiting their cousins, Phyllis and Christie Dooher in Campbellford.

Mr. and Mrs. Chuck Miller and Cynthia of Toronto are holidaying with her parents, Mr. and Mrs. Charles Stewart and Cathy.

Carol Heath is visiting her friend Lois Morton at Wellman's Corners.

Sherry Spencer spent last week in Peterborough with her sister and husband, Mr. and Mrs. Gary Lounsbury.

Mr. and Mrs. Lionel Grey and family of Sarnia are vacationing with his mother, Mrs. Will Gray and Mary and Mr. and Mrs. Jim Grey and family.



Mrs. John Mulberon and Margaret of Stirling called on Mr. and Mrs. Ray Stewart and Marilyn on Sunday afternoon. Margaret remained for a few days visit.

Danny Dooher, Campbellford is visiting his Thomson cousins, Stevie, Mark and Michael.

Mr. and Mrs. Jack Spencer, Johnny, Douglas, Philip and Mark called on their aunt and uncle, Mr. and Mrs. Ellis Jones on Friday evening.

Mr. Ernest Irwin, attended the school for leaders of United Church Women at Albert College, Belleville, last week.

'Just a Second'

Crops

(Continued From Page 1)

Hutton of Manitoba said his government had been pressing the federal government for freight assistance in shipping fodder to areas where the hay crop has been lost.

Mr. McDonald said barley and oat crops in Saskatchewan are surprisingly short and thin with prospects poor.

Mr Hutton said some of his province's flax crop will be lost because of a combination of factors: A dry seed bed, fungus damages and heavy rains that smothered seedlings.

Odds Prove Criminal's Life Good One

By ALAN WALKER

LONDON (CP) — Perhaps crime does pay.

The old adage that insists criminals get caught is being disproved every day in Britain. Despite police zeal, statistics show intelligent criminals have a good chance to get off scot free.

If you do a robbery in London the odds are more than 3 to 1 that you won't be caught and punished. For housebreaking it is about 6 to 1, and for stealing from a car more than 10 to 1. The figures were given by Lord Gardiner in a debate in the House of Lords.

He wasn't small-time crimes such as the suburban smash-and-grab or the lifting of transistor radios from cars. Persons likely to be attracted to this form of profiteering read the statistics that the home office obligingly publishes each year.

Now Britons, whether crooked or straight, like few things better than a bet. The dishonest ones note that the conviction rates for indictable offences has fallen severely in recent years. They note that there are fewer police. And so they steal.

Obviously they don't intend to get caught, but if they are captured from time to time, a few months in jail is often considered a small price to pay for several years of easy gain.

Meanwhile the face of British crime is changing, as more professional crooks join forces and plan large-scale heists such as last August's great train robbery in which more than $2,000,00 was stolen. Several men were tried and convicted for their part, but many policemen think the chief organizers are still loose.

Comparatively little of the loot was recovered.

Criminals even look more sophisticated. A powerful, sleek car filled with dark-garbed gentlemen wearing bowler hats and carrying furled umbrellas may suddenly reveal itself as the vanguard of a 12-man raid on a jewelry shop.

"We are getting to the point where I suspect there are more university graduates among criminals than among police," Lord Gardiner said.

Sir Joseph Simpson, head of London's metropolitan police, recently said there is a growing feeling among his 18,000-man force that the odds are against them. His annual report this year was pessimistic in the extreme.

Firearms are steadily becoming more popular with criminals. All the traditions and principles of British police officers call for them to eschew guns, but now that criminals show increasingly less respect for officers, some observers feel British police may soon be forced to carry arms.

MORE VIOLENCE

Crime of violence have increased by more than 800 per cent since the end of the Second World War. Lord Gardiner said plaintively: "It may begin to look as if the forces of evil are some day going to get the better of, and become stronger than, the forces of law and order."

Calls of stiffer prison sentences and a return to the lash are often heard. However, most sociologists and criminologists disagree and say it is the low conviction rate that encourages crime. More convictions would deter criminals but harsher punishments would not.

So the problem is tossed back to the police.

Only six of 126 police forces in England and Wales are up to full strength in London 21 stations are closed at night because there are not enough men to run them.

Says Lord Gardiner:

"So long as we have this pleonasia, belief that all you need to stop crime is to hang people, flog them, or send them to prison, the damage we do is to close our eyes to something we could be doing — step up the conviction rate by letting us have an increased police force to meet the increase in crime."

CAPONS

"THE ARISTOCRAT OF CHICKENS"

We're exceptionally proud of our Meat Buyers this week. They have worked diligently with a local breeder to bring you the very best bird in the chicken family — the magnificent, meaty Capon. These birds were brought along tenderly on a special diet — over an extended period. That is why you'll find them so beautifully plump. Plenty of tender white meat and tasty dark meat. A perfect bird for roasting this Holiday Weekend. And take a look at that sharp price too.

Seaside Resorts Face Invasion Of Jellyfish

By DOUG MARSHALL

LONDON (CP)—A dangerous and hostile armada is moving close to Britain's shores and this time nobody is nonchalantly playing bowls.

In the seaside resorts, at any rate the authorities are being stung into action. Police are busy warning all bathers, and emergency casualty stations are going up on the beaches.

Name of the invaders? Portuguese men of war — large purple-hued jellyfish with stinging tentacles that sometimes reach 40 feet in length.

Despite the name, caused by British sailors centuries ago, the jellyfish doesn't come from Portugal. Scientists believe it is a group of creatures of both sexes hanging on a float that sticks three or four inches out of the water.

Sometimes the coming jellyfish deflate their floats, sink under water and become menacing submarines of war.

CAN BE DEADLY

The venom of the man o' war is about as strong as that of the deadly cobra. Fortunately it doesn't inject anything like as much as a snake would.

Swimmers who have been stung compare the pain to a burn or a powerful electric shock. It is really dangerous for small children or people with weak hearts.

The jellyfish usually revel in warmer seas than those that flow around Britain but every few years there have been big invasions. Holiday resorts hate them because the threat deters tourists from visiting the seaside.

There is one consolation though. Tradition has it that when the jellyfish come, Britain is in for a long warm summer.

Paris Still Art Capital

PARIS (Reuters)—Each year, optimistic youths from all over the world come to Paris to study painting and sculpture.

The majority return home, discouraged by economic facts and the fiercer competition of the modern art world, and settle down to a safe livelihood as industrial designers or advertising artists.

But Paris's reputation as the art centre of the world persists. And a few, by a combination of talent, perseverance and luck, manage to survive, often in conditions bordering on real hardship, until they attract the interest of an agent.

In Paris just now there are painters and sculptors from every country in Europe earning their living by selling their work.

In all, an estimated 40,000, including artists, teachers, agents and gallery owners, make a full-time living out of the production and sale of new works of art.

The price paid for an original work of art can vary greatly.

SELL FOR PENNIES

On Montmartre, where such legendary masters as Maurice Utrillo and Toulouse Lautrec lived, artists sell water colors of the Sacre Coeur Basilica for as little as four or five francs.

Many of these water colors are painted by the artists at home from memory. They slip them on to an easel as a prospective buyer wanders near, and appear to be putting on the finishing touches.

At the other end of the scale is Bernard Buffet, a painter still in his 30s, who became fashionable a few years ago and who owns a chateau in the country and drives a Rolls Royce.

On an average, one of his works fetches 18,000 francs.

Between these two extremes, there are hundreds of artists living on about the same social scale as a school teacher or minor civil servant but with the hope and possibility that an exhibition will bring them fame overnight.

Such painters have a standing agreement with a picture gallery. When they have built up a collection of 30 to 40 pictures, the gallery, usually a converted shop, stages a one-man exhibition, inviting guests to a preview.

The average price of a picture at such exhibitions is around 2,000 francs.

GALLERY VISITORS

More than 10,000 visitors have walked through Prince Edward Island's new art gallery and museum at Charlottetown since mid-June.

Rylstone

RYLSTONE — In keeping with the centennial theme of the Federated Women's Institute of Canada "Making Canada Lovelier," Rylstone Women's Institute have entered into a project of establishing a recreational roadside park at the eastern end of County Road No. 30, on a corner left when the County Road was paved. A very sharp, dangerous corner was eliminated when a long curve was made in the road.

This corner of the former Barnum farm is about one and one half acres in size and is well shaded by beautiful maple trees and some elms and cedars. It will be landscaped, beautified and equipped with picnic tables and made available to the public.

Negotiations have been underway with the county engineer through deputy-reeve, Melville Wright, of Seymour township, to obtain this site, where it will accommodate both Seymour and Rawdon townships. The ladies plan to level and landscape the grounds, making it suitable for picnics and socials.

The property was Crown Land originally owned by the late Calib Barnum and later by his son, the late Amos Barnum and his grandson, the late Fred Barnum. Mrs. Fred Barnum now residing in Campbellford, was one of the charter members of Rylstone Women's Institute.

The site is also within sight of the first Rylstone post office, on the farm of the late James Finch, in Rawdon township. It was then known as Sarginson post office and was later moved to the Barnum home where it continued until rural mail delivery was established.

The piece of land was purchased by Northumberland County, from the present owner, Mr. Robert Tinney. It will probably be known as Barnum Memorial Park.

This is one of the first such ventures in townships, and as the Rylstone Women's Institute merit the support of the community in their undertaking.

Foxboro

FOXBORO — Mr. and Mrs. Joe Hart and Joey attended the funeral of Mr. John McNab of Cobourg on Monday.

Sympathy is extended to Mr. Earl Nicholson whose wife passed away suddenly on Friday morning.

Mr. and Mrs. Harry Kelly have returned home after a two-week holiday in Saskatchewan.

Mr. and Mrs. George McClean and Karen have moved to their new home in the village.

Mr. Paul Frost of Milton is visiting his grandmother, Mrs. Hubert Gay.

Mr. William Hopkin and Mr. and Mrs. Carman Hopkin left on Monday morning for Montreal.

Mrs. Roy Bartlett is moving to Belleville this week.

Mr. Herb and Miss Tena Watt attended the Watt picnic in Peterborough.

Mrs. Fern Spencer has returned home after a holiday at Crystal Beach.

Mrs. George Hicks, Mrs. Harold Elliott and Mrs. Harold Stewart have left on a bus trip to the coast.

Major

(Continued From Page 1)

sternest challenge we have yet seen."

King and Mayor Robert F. Wagner held a second round of talks Tuesday on ways to prevent further racial violence in New York City.

FEDERAL AID URGED

An aide to the mayor said there were telephone calls to the White House and federal agencies in a "joint effort by all participants to increase federal participation" in various city programs, such as job retraining and aid to youth.

Negro sections here and in Rochester, N.Y., where bloody rioting broke out last weekend, were quiet. A curfew in Rochester was lifted.

But in Medford, Mass., several hundred white and Negro teenagers battled at a dancehall after a Negro youth tried to cut-in on a white couple. Police subdued the window-smashing crowd within an hour. A dozen officers suffered minor injuries.

At the invitation of the mayor, King spent a three-hour Monday night on what he called "a peace mission."

King, Wagner, Bayard Rustin, leader in Harlem and in the Bedford-Stuyvesant section of Brooklyn. One Negro was shot and killed, hundreds were injured and the property damage was estimated at $1,000,000.

Rochester

(Continued From Page 1)

employers have made a deliberate effort to recruit Negro workers.

The board of education is deeply committed both to improving the teaching and facilities in predominantly Negro areas and to open enrolment and pupil transfers, despite the active opposition of some white parents.

A bi-racial police advisory board (one of the Harlem group's demands) was set up 36 months ago. It has yet to bring charges against the police. There have been no mass demonstrations—sit-ins and lie-ins — because restaurants and hotels here long have been open to all able to pay and willing to behave.

And so, the riots of last weekend caught city officials and most citizens completely by surprise.

INDICT 13

NEW YORK (AP) — A federal grand jury in Brooklyn indicted 13 men Tuesday on charges of taking part in possibly the most lucrative post office burglary operation in United States history. Authorities said the gang stole more than $700,000 worth of stamps and money orders from eight New Jersey post offices during the first five months of this year.

128-Ton Press Arrives for Local Plant

PICTON (Staff) — A 128-ton press was unloaded in Picton from a rail flatcar for service in the Proctor-Silex plant. The giant press which will be used to form toaster bodies, iron covers and toaster frames was shipped by boat from San Juan, Puerto Rico to Charleston, South Carolina. The rest of the journey was by rail to Picton. Proctor-Silex's Porto Rico plant has been closed down. This huge press is one of numerous pieces of equipment redistributed.

Ready Welcome For Napanee Centennial

PICTON (Staff) — Thursday, July 30th at 8 p.m. the Napanee, Lennox and Addington Centennial Caravan is scheduled to arrive in Picton for a civic welcome from town officials. The parade through the streets of the town will be led by the army patrols band from Carleton Trade Training Camp at Camp Picton.

Some 40 to 100 antique cars will participate and they will be occupied by participants costumed in old time dress.

The Picton group will also join the parade, antique cars owned by Mayor Harvey J. McFarland and Vince Genille will participate along with cars bearing town and county officials.

Represented will be Prince Edward Chamber of Commerce, Town of Picton, Caleb Pierce, retail merchants, Kiwanis, Kinsmen and Rotary Clubs. A reviewing stand will be set up on Main St. by the Armouries where the Mayor and the Warden of the County will officially welcome the guests.

WELL INCLUDE NEGROES

ATLANTA, Ga. (AP) — Negroes will be part of Georgia's delegation to the Democratic national convention for the first time in modern history, Governor Carl E. Sanders said Tuesday. He announced the names of 64 delegates and 31 of the 53 alternates to the party session opening Aug. 24 at Atlantic City. There were two Negro delegates and two alternates.

Harlem Team Wins Over Bloomfield 3-1

PICTON (Staff) — The Harlem Comedy Softball team, featuring "Showboat" Buckner, downed the Bloomfield squad 3 to 1 Monday night as they combined their zany antics with good old softball ability and know how.

Bloomfield took the lead in the second inning as Warren Ostrander singled sharply to centre and then stretched it into a double. Jim Goertzsey's solid double scored Ostrander for Bloomfield's first and only run of the game.

"Showboat" and his crew flashily tied up the score with one run in the fifth as Smith doubled and scored as Bloomfield were charged with a fielding and throwing error.

The winning spurt went ahead to stay in the sixth frame as Workman, batted a single, Edwards tripled to bring in Workman and "Showboat" Buckner sacrificed to left field to score Edwards.

For the rest of the game each team came up with goose-eggs as the opposing pitchers showed their form.

After the final inning was over "Showboat" and his team put on a fine display of Shadowball and slow motion playing, which delighted the largest crowd of the season in attendance.

"Babe" Van Hooser was the losing hurler, allowing 7 hits, while striking out 13 batters and issuing one walk.

The winning pitcher for the Harlem comedy team was "Al" Rivers who allowed only three hits while striking out 15 batters and also issuing one free pass.

SUPPLIES ROLLERS

WARSAW (AP)—Poland has contracted to deliver 60 combat rollers to Pakistan, the press agency Pap reports. It will supply Burma with a similar number.

WELCOME TO PICTON — Jamaican cadets on course at Picton Army Camp are seen being welcomed by Picton Mayor Harvey J. McFarland. Shaking hands with His Worship is Captain Ed. Schloss, of Kingston, Jamaica, conducting officer for the Jamaican cadets.

Town Officials Welcome Cadets From Jamaica

PICTON (Staff) — Tuesday afternoon His Worship Mayor Harvey J. McFarland and other town officials welcomed the Jamaican Cadets to Picton and to Prince Edward County. The 13 cadets paraded to the steps of the county buildings and were met on the steps of Shire Hall by the mayor and band, his party.

The mayor, following a greeting to Cadet Under Officer M. J. Herron, who led the party of cadets, carried out a short inspection of the ranks. The cadets, smartly turned out in their uniforms provided an impressive sight for the spectators who were on hand.

Following the inspection the mayor invited the cadets into the council chambers where he gave his official welcoming address. The mayor stated that he was pleased to be able to meet the cadets and that it was a great pleasure for him to welcome the boys to Picton. Mayor McFarland told the cadets they and their friends and relatives would always be welcomed in Picton and Picton citizens would be proud to have them at any time.

Commanding officer of the cadets, Capt. E. N. Schloss expressed the thanks on behalf of the cadets for the warm welcome and said that the cadets were very impressed with the friendliness of Picton people. He said that the cadets would be taking away the warm expressions extended, to their own people, and that they would always remember this eventful day.

SOMETHING FOR EVERYBODY — Joseph Doyle, 20, of Ottawa, points out places of interest on Parliament Hill to tourists. The University of Ottawa student is one of 20 university students from across Canada who guide summer tourists around the Parliament Buildings. (CP Photo)

Youth Column

Parliament Guides Find Job Fascinates

By BRENDA LARGE

OTTAWA (CP) — Jim Venlot of Pictou, N.S., travelled nearly 1,000 miles to get to his summer job as a tourist guide in the Parliament Buildings here.

By the time August is over, he'll have walked a good many more through the stately Centre Block.

But for 19-year-old Jim, and other footsore Canadian university students who work as summer guides, the experience rings more than some extra money for college tuition.

Ushering hundreds of tourists through the Peace Tower, House of Commons and Senate every day while keeping up a running historical commentary along the tour route is bound to increase a fellow's self-confidence, says Jim.

"It's also fascinating to meet people from all parts of Canada and hear their impressions of Ottawa."

Venlot, who will enter the 4th-year arts course at St. Francis Xavier University, Antigonish, N.S., next fall, is the newest recruit to the squad of 20 student guides on Parliament Hill.

Like the others, he was chosen for the position after Commons Speaker Alan Macnaughton wrote to universities across Canada asking for suitable applicants.

53 BELLS

Jim arrived here at the beginning of July and was given a 31-page booklet of historical notes the guides use as the basis for their tours. It gives a detailed history of the Parliament Buildings and their points of interest.

It also includes such less important information as the weight of the Canadian Book of Remembrance in the Peace Tower (68 pounds), the number of bells in the carillon (53) and the number of windows in the Centre Block (2,418).

Each guide tours the main building about 10 times a day. A tour takes 30 minutes. Usually the groups of tourists are no larger than 40 to 50. Guides find they can make themselves heard much more easily with a small group.

Each student works an eight-hour day, six days a week (with Sundays off) during July and August and receives $1.50 an hour. Twelve of the guides are bilingual.

The guides find their interest in public affairs stimulated by the proximity to the Commons and many spend lunch hours listening to debates.

Joseph Doyle, 20-year-old University of Ottawa law student who has been a guide three summers, says the most frequent question this year is: "Is the flag debate on today?"

Joseph, who plans to return next year, says the number of visitors is increasing each year. They also seem to be more interested in Canadian history than ever."

BARRIER FOR LIFE

Australia's Great Barrier Reef contains the widest variety of marine life found in the world.

Russian Farm Experts Plan Tour of Canada

By KEN KELLY

OTTAWA (CP) — Agriculture Minister Ivan Volovchenko of the Soviet Union and a party of Russian farm experts plan to check for themselves the claims that Agriculture Minister Harry Hays has made about the efficiency and productivity of Canadian farmers.

Mr. Hays announced Monday the Russians will open a 21-day tour of every region of Canada here Aug. 17. Their itinerary will take in grain storage facilities at the Lakehead, Canadian wheat board headquarters in Winnipeg, wheat growing areas of Saskatchewan, cattle country of Alberta, shipping facilities at Vancouver and Ontario, Quebec and Atlantic provinces farm country.

Mr. Hays, who visited Soviet farmlands for eight or nine days a year ago, told a press conference the Russians have shown interest in Canadian breeding stock, especially Hereford and dairy cattle and hogs.

Capital Investment Drive Is Greatest In History

Survives 155 Days Adrift Across Pacific Ocean in Open, Flat-Bottomed Boat

PAGO PAGO, Samoa (AP)—A 30-year-old Tahitian survived 155 days adrift across more than 1,400 miles of the Pacific Ocean in an open, flat-bottom boat.

Damanhli Tepa told Samoan authorities that his companion in the lonely ordeal died two weeks before his small, disabled outboard motorboat was washed up on a remote Samoan beach July 6.

The man who died was Natua Faicho, about 40.

Natives of Tau Island, 200 miles east of Pago Pago in American Samoa, found Tepa unconscious beside the boat.

After recovering his strength Tepa was taken to the Samoan capital, Pago Pago, and there told authorities his story in Tahitian and pidgin English.

Tepa and Faicho started Feb. 2 from their home on the small Tahitian isle of Maupiti on a short run to Bora Bora.

The outboard motor broke down. All efforts to fix it with their only tools, a screw driver and scissors, failed.

The two Tahitians had no oars, paddles or sails.

Luckily they carried a cargo of watermelons and tropical apples. They also had some bread, a small quantity of watermelon seeds and two large containers of water.

Tepa said they rationed out the watermelons, bread and seeds. But finally this food ran out.

They caught fish with a spear fashioned from the scissors and wood strips torn from the boat.

Trying to eat fish raw sickened them. They tried drying strips of the fish and found it more palatable.

Rains replenished their water casks.

Tepa said he weighed 220 pounds at the start of the five months of drifting on the empty ocean spaces. He was down to 120 pounds when a providential current finally steered his boat to the Pay Beach.

He said Faicho always was a lean and small man.

Samoan authorities reported Christian pastors in Samoa and Tahiti confirmed that Tepa has been missing from Maupiti since Feb. 2.

Tepa is waiting arrangements for his return to his farm on Maupiti.

Construction Roundup

By Andy Turnbull

NEW JOB

Construction began this week on a new gas station and tire store, beside Belleville Plaza. The combination will cost about $40,000 and may be ready for opening within three months. Unconfirmed reports indicate the station will sell BA gas and the tire store will be part of the Western Tire chain. Address is 670 Bridge St. E., which is the corner lot at the east end of the Plaza.

Roy Dort is in charge of the job, for Harron Construction of Toronto. Lightfoot equipment is digging a basement on the site now and should be through by the end of the week, according to Jim Lightfoot. Basement is 40 by 40 feet, under the sales area of the store. Total size of the store would roughly cover a 70 by 70 foot square, with a small chunk out of one corner.

Plans for the time being include just one pump island, just in front of the building and facing Bridge St. but with access across the service station lot from the Plaza. The layout includes provision for a second pump island - - - to be added when and if it is needed - - facing the Plaza access road.

NEW CITY EQUIPMENT

Keep your eyes open for a little orange machine that will be chugging up and down the centrelines of city streets - - at about five miles per hour - - from now on. It's the city's new $2,700 centreline painter, in use for the first time Tuesday.

The U.S. made machine can take about 16 gallons of paint at a time, according to the book, and spray it on the roads as a single or double line, solid or dotted. A separate hopper at the back of the machine carries reflecting glass beads, which can be sprinkled in the fresh paint to make the line more easily visible by night.

BEAVER CONSTRUCTION

In town since last week, Beaver Construction men are finishing up a sanitary sewer extension along Bridge St. from Parrott Drive to Haig Rd. Seven laterals have yet to be connected, and manholes have yet to be built. Starting soon will be work on about 325 feet of sanitary sewer along Victoria Avenue near Rollins Drive and about 350 feet of work on Strathcona. Some work has already been done on Strathcona. Beaver's office for the time being is in a trailer off the end of Bridge Street. Next week sometime, when the work at the end of town has been finished, the office will be moved out to the west end. Archie Savery, the man who put the sewers in the Parkdale area, is in charge of the work.

McFARLAND CONSTRUCTION

With about two miles of paving completed on the north lane of Highway 401 near Marysville, a McFarland construction crew working under C.P. Boot opened the paving train under the Marysville overpass yesterday. The concrete and the overpass was poured last year. The crews are pouring between 2,500 and 3,000 feet of pavement a day, and should be through in a few weeks.

Other McFarland crews are finishing up the paving job at Air Station Trenton and patching jobs on Highway 2 between Shannonville and Marysville. Work has started on grading job between Demorestville and Northport. A quarry is being opened near the Northport end of the job, which will supply a total of about 100,000 tons of rock to be crushed. The crushers will be moved in from Wolfe Island in a week or so.

LIQUOR STORE

Concrete was poured today for some of the basement walls at the site of the new LCBO outlet on Station St. Superintendent Donald Jackson called in Finkle's crane for the job and used Permanent Transit Mix's new tractor-trailer, 10-yard capacity mixer truck for the job. The big cement mixer truck has been in the area about two weeks.

JOHN ST. APARTMENTS

Albert Hydock of Harlock Electric, who has bought the apartment building being built on John St. by Carson and Lambert, says the first suite in the building has already been rented and will be occupied by September first. Finish cost of plaster is on now on the top floor and the carpenters are working on some apartments there. Plasterers are now working on the second floor down. Electricians are putting in electric heat on the bottom floor.

SMITH TRANSPORT GARAGE

About 4,000 feet of the 4,600 feet of steel needed for the first half of the new Smith Transport garage arrived last week, and superintendent Donald Newton of the M. Souls Construction Co. is hoping for the rest this week. He says he can do one pour anyway, s bit less than half the building with the steel he has. Carr's Electric of Trenton has poured the islands for the gas and diesel fuel pumps.

STEVENSON FORD SALES

Jack Wickens of Hugh Murray Construction has the footings and footings on the new building for Roy Stevenson's Ford dealership on North Front St. The job went quickly because Wickens used steel forms, normally used for pouring sidewalks. Dawson Douglas of Belleville is laying blocks on the job now.

RAY HEDGER MOTORS

Ray Hedger is preparing frames for the glass in his new building on North Front St., now, and expects to be able to pour the floors by the end of this week or early next week. About a week after the floors are poured, cities will go in around the front of the building. There will be four glass areas, each 24 feet long by 20 feet high.

Two at them (one on the front, the other on the side), will take six large panes each. The other two, (also one on the front, the other on a side), will take five panes and a set of doors.

DeFOSSE CONSTRUCTION

On Gilbert Street, Jerry DeFosse of Albert DeFosse Construction Co. of Trenton is laying gas mains. Starting at College St., Monday morning, he had most of the work done up to the top of the street by last night. Working south with lateral connections, the work is going a bit slower. DeFosse will be back in town later, to do some work in the Jackson Heights subdivision.

BRUSH CLEARING

City workmen started clearing brush Monday morning from the end of Jackson Ave., through to the sewer line on Fahey St. The clearing job was preparation for Beaver Construction, which will be laying sewer connections through the cleared area in a few weeks.

SIXPENCES

Leo Buckley is just about finished with the second of his four six-pieces on Sidney Street and has started two more. Plastering and finishing work is being done on the second; holes are dug and footings poured for the third and fourth. All six-pieces planned for the area, for the time being at least, are now either started or built.

SIDNEY ST. WATER MAIN

Working through a maze of other pipes, the Lightfoot Construction crew under Norm Lightfoot, has pushed the Sidney St. water main through an intersection of Sidney and Dundas Sts. now. This was the last section of well-travelled street to be crossed — all that's left now is the bottom section of Sidney St., and the connections within the filter plant.

CHRISTIAN REFORM SCHOOL

A new school being built by the Emmanuel School Society will open its doors with about 50 students—the society hopes—in September. Walls are up now, and the window frames are in place in the building on Highway 14, near Foxboro. Herman Kugel of Foxboro, is chairman of the building committee in charge of the job, and Walter Vanderkooy is in charge of construction. The school will offer grades one to eight on a private basis to students willing to conform to the society's principles.

SUES STATE

ALBANY, N.Y. (AP) — A 55-year-old man who says he was imprisoned on a 10-year sentence but kept illegally for more than 24 years beyond that is suing the State of New York for $500,000. Lawyers for Stephen Dennison of Schuylerville said Tuesday they hope to bring the case to trial early next year.

PAINTING THE CENTRE LINE on College Street, city workman Bill Pearce tests a new city machine. The $2,700 machine can paint single or double lines, broken or solid. First test run was yesterday on College Street, east of Cannifton Road.

Guy Favreau Denies Liberals Have Pampered Hal Banks

OTTAWA (CP)—Justice Minister Favreau Tuesday denied Opposition charges that the Liberal government has given preferential treatment to Hal Banks, deposed president of the Seafarers' International Union of Canada.

He said in the Commons that the government, far from "pampering" Banks as Opposition Leader Diefenbaker contended, has taken all proceedings possible against the former union boss.

The Crown had opposed Banks' application for bail in May after Banks appealed his conviction for conspiracy to maim a rival union leader in 1957.

Mr. Favreau added that under the terms of his $25,000 bail, Banks is free to leave Canada as long as he is back in Montreal Sept. 14 when the Quebec Appeal Court will hear his case.

He said the former Conservative government never prosecuted Banks although it had information as far back as 1958 about his activities. The Conservatives had allowed labor strife to develop on the Great Lakes until it became intolerable in 1962.

Banks disappeared from his home in a Montreal suburb last week after a sheriff was assigned to serve him with a Supreme Court of Canada decision confirming Banks' 30-day sentence for contempt of court.

CONCRETE WAS POURED for part of the basement walls at the new L.C.B.O. outlet on Station Street yesterday. Taken from the crane, this picture shows Hugh Murray Construction employees dumping a bucket load of cement into the forms.

Possible Shortage of Labor And Some Materials Faces Busy Expansion Program

OTTAWA (CP)—Canada is currently engaged in the greatest capital investment program in its history and the only clouds on the horizon are possible shortages of skilled labor and some materials such as steel.

Trade Minister Sharp tabled in the Commons Tuesday the department's annual mid-year review of Canadian investment intentions and reported that first-of-the-year estimates have already been exceeded.

The new forecast of private and public capital expenditures for 1964 is $10,811,000,000, up 16.1 per cent from the estimated 1963 expenditures of $9,313,000,000, and up 7.2 per cent from the original 1964 forecast of $10,084,000,000.

The report said the survey, taken in late May and June, found that Canadian business, utilities and government leaders "sharply expanded" the plans they made at the outset of the year for building and buying new structures, machinery and equipment.

"In both value and volume terms such a capital program would be the largest on record and would represent the sharpest year-over-year increase in such spending since 1956," the report said.

It pointed, however, to two factors involved in assessing the forecast. Capital spending in the first few months of the year ran almost to the levels now indicated in the mid-year survey, meaning there will be little further increase in the present level of investment activity in the remaining months.

The 1964 forecast, it added, is the most ambitious attempted in some years in terms of rate of increase and the proportion of gross national product going into capital expansion.

"The accomplishment of the program will be subject to supply considerations to a greater extent than has been the case since 1956-57.

"For the first time in a number of years there appears to be some pressure on the available supply of certain basic materials, particularly steel. This could lead to lengthening delivery dates both for steel used in construction and in machinery building, with consequent delays for some projects.

"Other factors, not at present foreseen, such as regional shortages of skilled labor or other labor difficulties, could also limit the total volume of work completed."

The new $10,811,000,000 forecast compares with total actual capital expenditures on construction, machinery and equipment, in 1963 of $9,976,000,000. This figure rose steadily to a post-war peak in 1957 of $8,717,000,000. The figure fell off to $8,172,000,000 in 1961 and then rose rapidly to hit its previous all-time high of $9,313,000,000 last year.

Capital expenditures by business — excluding housing—now are forecast at $6,371,000,000 for 1964, up 18.2 per cent over 1963 and up 2.2 per cent over the original 1964 forecast.

Housing expenditures are forecast at $2,015,000,000, up 17.6 per cent over last year and 5.6 per cent over the forecast made at the year.

Together with capital expenditures by institutions and government departments including waterworks, the housing and social capital investment program will total $4,440,000,000, up 13.2 per cent over 1963 and 3.7 per cent higher than the original 1964 forecast.

Tabling the report, Mr. Sharp told the Commons the new surge in capital expansion has important implications for future years as well as for the present.

"The appearance of so many major new expansion projects throughout Canadian industry can only mean that business can look forward with confidence to expanding markets in the years to come. If this judgment is sound, it means that conditions of economic slack are giving way to dynamic growth.

"This new environment brings with it the hope in the growing number of young people coming on to the labor market that there will emerge a continuing pace of economic advance commensurate with our growing productive capabilities."

Protest Cyprus Restriction On UN Troops Movement

OTTAWA (CP) — External Affairs Minister Martin said Tuesday Canada is making strong protests against any restrictions by the government of Cyprus on the movement of Canadian and other United Nations troops on the island.

However, he told the Commons, the UN had no confirmation that this is to be the policy of the government headed by Archbishop Makarios. Progress towards resolving Greek-Turkish tensions on the island may be at hand.

Replying to Opposition Leader Diefenbaker, Mr. Martin said there is no intention of unilaterally withdrawing Canadian troops from the island.

He also described a newspaper headline saying Ottawa hopes the Canadian troops will be needed after this autumn as "misleading—the society hopes —in September. Walls are up now, and the window frames are in place in the building on Highway 14, near Foxboro. Herman Kugel of Foxboro, is chairman of the building committee in charge of the job, and Walter Vandekooy is in charge of construction. The school will offer grades one to eight on a private basis to students willing to conform to the society's principles.

Cyprus issues and indicated that while an easing of tensions might lead to a change in the nature of the UN force on the island, there would probably not be a need for some UN forces on a police basis for many months to come.

This was reflected in the Commons where Mr. Martin said there are discussions about Cyprus going on "elsewhere" than in Nicosia, Athens and Istanbul.

Replying to Gordon Churchill (PC — Winnipeg South Centre), Mr. Martin said the UN operation in Cyprus was the first in which Canada has borne its share of the cost without any help from the UN as such.

"If this had not been the case there would have been no UN force in Cyprus and we would have had war," Mr Martin added.

Mr. Churchill asked whether the cost to Canada of the Cyprus operation is about $2,000,000 a month.

"I think the total cost of Canada's participation, including the airlift, would be around $2,500,000 for the year," the minister added.

H. W. Herridge (NDP—Kootenay West) couldn't believe the statement, and Mr. Martin said that was "the net cost."

SEEK REVERSAL

DALLAS, Tex. (AP) — Lawyers for Jack Ruby filed 15 formal bills of exception Tuesday seeking reversal of the death penalty given Ruby in March for the slaying of Lee Harvey Oswald. Oswald was accused of assassinating President John F. Kennedy, to death in Dallas before a continent-wide television audience.

First World War Anniversary

Only a Few Guessed at the Horrors

By BEN WARD
Canadian Press Staff Writer

Fifty years ago this summer Canada went to war, with slogging in the streets.

A nation of barely more than 7,000,000, insignificant as a military power, plunged into the First World War in 1914 on an upswelling of patriotism and enthusiasm that was almost carnival.

Within hours, thousands of men were clamoring to be recruited. There was betting that the war wouldn't last until the end of the year. Fear was expressed publicly that Canadians wouldn't have a chance to get into the fighting.

Only a handful guessed at the horrors that lay ahead.

Formal word of war arrived at 8:35 p.m. EST on the warm Tuesday evening of Aug. 4 when a cable from the British government was delivered to the Duke of Connaught, then Governor-General, in session with Prime Minister Robert Borden and his cabinet.

CANADA CHEERED

It reported tersely that Britain—and its Empire—had declared war on the Kaiser's Germany.

As the news spread across Canada parades and demonstrations erupted in cities, towns and villages.

Crowds jammed downtown Montreal singing La Marseillaise and Rule Britannia. In Toronto, 3,000 volunteers marched along Yonge Street behind a fife-and-drum band. The Governor-General's Foot Guards paraded 350 strong in Ottawa to the by three bands and cheered by 15,000 onlookers.

Nobody questioned the fact that Canada was at war.

Four years earlier Sir Wilfrid Laurier, then prime minister, had stated it plainly in the House of Commons:

"When Britain is at war, Canada is at war. There is no distinction."

Borden, then opposition leader, had warmly supported that stand.

But 1914 was a situation never to be raised. The Statute of Westminster 17 years later gave Canada her own voice in the world and the right to decide for herself whether and when to go to war.

In 1909, Canada's Parliament voted to enter the Second World War a week after Britain's decision.

GRIMLY DETERMINED

Late on the night of Aug. 4, 1914, reports of the patriotic displays poured into Ottawa from every corner of the nation.

The Governor-General cabled London:

"Great exhibition of patriotism here. When inevitable fear transpires that considerable period of training will be necessary before Canadian troops will be fit for European war this ardor is bound to be dampened somewhat. In order to minimize this, I would suggest that any proposal from you should be accompanied by assurance that Canadian troops will go to the front as soon as they have reached a sufficient standard of training."

The duke was right. Within 48 hours the initial reaction was over, but it was replaced by a grim determination that Canada would play its full role in the struggle.

There had been some preparation, but not much. The actual outbreak of war jolted most Canadians, who had been watching the storm clouds gather over Europe for so long that it no longer seemed important.

Only 10 days before, not one major newspaper in the country had carried a front-page story about the mounting crisis. Most of them played up the famous Paris trial of Henriette Caillaux who had shot to death the editor of Figaro for accusations of treason against her husband, an ex-premier of France. It was a real sizzler.

ARMY ILL-PREPARED

Borden wrote in his memoirs 20 years later: "Although the events . . . had quite prepared us for this result, it came as the last as a shock. None of us at that time anticipated the terrible duration of the war's agony."

Compared to the great powers, Canada had a small, obsolete military force. The authorized permanent army was 3,110 men and 684 horses, mainly engaged in garrison duty and the training of the militia, which had an authorized force of 74,000 men and 16,700 horses. Neither was up to strength.

There were 200 artillery pieces, almost no transport, two cast-off British cruisers used as training ships and no air force.

It was a motley collection,

MARCHING AS TO WAR — With the initial show of patriotism over, following formal word of war Aug. 4, 1914, Canada settled down to the job of participating to her fullest in the struggle against Germany and her allies. Here, the 24th Battalion makes its farewell march through Montreal. (CP Photo)

and why not? Canada's main international event of 1914 was the celebration of 100 years of peace with the United States.

The first actions of the Canadian cabinet were to call Parliament into session, and Aug. 18 add offer Britain a gift of 36,000,000 pounds of flour, an offer quickly accepted.

Parliament voted $50,000,000 for war costs and approved the initial plan to send a 20,000-man army force to France.

BUILT VALCARTIER

There wasn't even a hint that the war was eventually to cost Canada 35 times that amount of money and put 600,000 men and women into uniform. Nor that 436,500 would cross the Atlantic, one in three to be wounded and one in seven to die.

The war's first real impact on the country was the departure of thousands of British, French and Belgian reservists. Almost everyone had a neighbor who left to answer the mobilization call from his European homeland.

Others left on their own to enlist in Britain, too impatient to wait for the training of the Canadian force. Before the first snows of 1914 John Mack of Brownsburg, Que., had lost two sons in France. O. A. Critchley, an Alberta rancher, was in the

"FINK THE ENEMY" — Sir Sam Hughes (left), one of Canada's most controversial figures in the First World War, crosses to France aboard HMS Tartar. Minister of Militia and Prime Minister Robert Borden's cabinet, Sir Sam was a staunch defender of the Ross rifle — "I want, first of all, men who can pink the enemy every time," he told trainees at the Valcartier training camp in Quebec — and was severely criticized for his reluctance to abandon it. The weapon, which tended to jam under heavy use, wasn't discarded until the middle of 1916, two years after the war began. (CP Photo)

front lines with his three polo-playing boys.

On Aug. 6 the call went out from Ottawa for recruits to gather in Valcartier, a new training camp hacked out of the bush 16 miles northwest of Quebec City. Within a month 100 special trains had poured 32,000 men into the camp.

Creation of Valcartier almost overnight was a spectacular triumph engineered by Sir Sam Hughes, the minister of militia in Borden's cabinet and one of the most erratic and controversial figures of the war.

CONTROVERSIAL RIFLE

Training was rigorous and intense, consisting mainly of rifle and machine-gun practice.

"I want, first of all, men who can pink the enemy every time," Sir Sam told the troops in one of his many speeches, often delivered from horseback as he rode proudly about the campsite. He boasted that the men at Valcartier had been "trained to handle a rifle as no men had ever handled it before."

The rifle involved was the Ross, a story in itself. It was produced in Canada by the Scottish industrialist Sir Charles Ross under a contract signed by the Laurier government. Eventually the army was to have 342,000 of them.

Despite its political ancestry, Sir Sam put up an almost patriotic defence of the Ross rifle when it came under severe criticism a year later. It was an efficient target weapon but jammed under heavy use. Canadian troops in battle began throwing it away to pick up the hardy Lee-Enfields from fallen British soldiers. Yet it wasn't discarded until mid-1916.

During the Valcartier training period the original target of 20,000 men for the first overseas contingent was boosted to 25,000 and—almost at the last minute—to 30,000.

ARRIVED OCT. 2

After a nightmarish loading operation, the fleet of 30 transports carrying 30,631 men, their horses and equipment sailed from Gaspe Harbor Oct. 2. It arrived safely at Plymouth after a smooth 12-day crossing, guarded by a Royal Navy battleship fleet.

It wasn't the first Canadian unit to reach England, however. That distinction went to the Princess Patricia's Canadian Light Infantry, a regiment formed by veterans of the South African war who came from all parts of Canada. The Patricias were organized under the initiative of Capt. A. Hamilton Gault of Montreal, himself a South African veteran who put up $100,000 of the cost, and were named for the governor-general's daughter.

The Patricias reached England in late September and went into the front line at night of Jan. 6-7, 1915. This unit was almost wiped out in a German attack in 1916.

Arrival of the main Canadian body, however, touched off a celebration in Plymouth with cheers, kisses, cigarettes and drinks. It was the first major contingent to reach Britain from her overseas Dominions and Winston Churchill, then first lord of the admiralty, cabled Ottawa:

"Canada sends her aid at a timely moment."

CAMPED IN MUD

The cheerful arrival did nothing to prepare the Canadians for the shock ahead. They were taken by train to a camp on Salisbury Plain, there to spend 16 winter weeks in mud, rain, cold and lice. It rained on 89 of the next 123 days, soaking the light tents and everything in them. Mud seeped through blankets and kits.

Adding to the discomfort was Sir Sam's edict against wet canteens. It was rescinded only after heavy pressure from Gen. E. A. H. Alderson, commander of the 1st Canadian Division, and despite protests from temperance organizations back home.

A mistaken sense of relief swept the ranks when the orders came to move out for France. The division disembarked at St. Nazaire Feb. 15 and late on the afternoon of March 3 took over 4,000 yards of front between Bois-Grenier and Armentieres, in northern France near the Belgian border.

The Canadians had one quiet week to adapt themselves to the routine of trench warfare. Then all hell broke loose. The war had waited for them after all and it was far from over.

Point Anne

POINT ANNE—Mr. and Mrs. Jack Whitehead, Paul and David have returned home from a two-week holiday spent at Spring Lake.

Mr. and Mrs. Milton Alley and family, and Mrs. Percy Alley, Cannifton, have returned home from holidays spent at the cottage at Long Lake.

The weekly euchre club was held last week at the home of Mrs. Michael Whalen. Winners were Mrs. Emma Sero, Mrs. Eva MacKay; low, Mrs. Nellie Breach. After euchre the hostess served lunch.

The weekly euchre club was held this week at the home of Mrs. Arthur Genereaux. Winners were Mrs. Helen Whalen, Mrs. Agnes Whalen; low, Mrs. Emma Sero. After euchre refreshments were served by Mrs. Genereaux and a social evening was enjoyed.

Sympathy is extended to Mrs. Edward Scott and family in the loss of a husband and father, Mr. Edward Scott, who passed away in Belleville General Hospital after a short illness. Mr. and Mrs. Scott lived in Point Anne for many years before moving to Belleville and have since resided at Canifton.

Small Centres Home-Building Shows Decline

OTTAWA (CP) — Starts on construction of new homes in centres of 5,000 population or more in May fell 10.1 per cent to 11,334 units, the bureau of statistics reported Tuesday.

January-May starts rose 13.4 per cent to 39,527 units from the same period a year ago.

Completions in these areas were down 20.7 per cent to 7,047 units while the five-month completions were up 2.2 per cent to 55,583 units.

Units under construction at the end of May were up 6.7 per cent to 65,502 units.

Billion Rise Predicted in Mineral Output

TORONTO (CP) — A $1,000,000,000 rise in Canadian mineral output—an increase representing one-third the present output—is predicted in the next seven years by the Canadian Metal Mining Association.

In what calls a conservative estimate of probable growth, the association says Canada's mineral output will rise to $4,000,000,000 from $3,000,000,000 and "where it will go from there is difficult to predict."

The estimate is contained in a new booklet, What the Mining Industry Means to Canada.

Although production has increased six - fold from about $500,000,000 in 1946, and has doubled in value since 1954, proven reserves are continuing to climb.

For example, Canada's indicated and measured nickel reserves equal about half the total nickel reserves in the non-communist world, and the country has enough iron ore to last 138 years at the present rate of output. Reserves of other minerals show similarly encouraging size.

Exports of metals and minerals, totalling $2,000,000,000 annually, are greater in value than either forest or agricultural exports and account for 50 per cent of Canada's total exports. Mining employs 180,000 workers directly and another 780,000 indirectly in industries and services associated with mining.

Life Insurance Firms May Seek Higher Interest

TORONTO (CP) — The Ontario legislature's select committee on consumer credit was told May 7 that insurance companies may ask permission to raise the maximum interest rate on loans to policyholders above the present ceiling of six per cent.

A brief by the London Life Insurance Company said the move would be logical if banks were permitted to raise their maximum interest rate above six per cent.

The recent royal commission on banking and finance recommended that banks be permitted to charge higher interest rates.

In 1956 Federalle ; licensed insurance companies agreed to limit the rate to six per cent on policy loans.

Centenary

CENTENARY — Centenary United Church Women enjoyed a picnic at Swick's Island recently.

Mrs. Farrara and George visited Miss Doris Farrara at Cobourg, Ont.

Mrs. Fred Allens spent the weekend at Toronto and attended a shower for Miss Mary E. Wilson.

Mrs. Jim Tomalty spent two weeks in Montreal recently, Mr. Tomalty is working there. She and the girls also visited Mr. and Mrs. Charles Tomalty at Brownsburg, Quebec.

Sgt. and Mrs. Reynolds and family of Petawawa spent a few days with Mr. and Mrs. Ted Allens.

Hillier

HILLIER — Berry picking at the Elmer McFaul farm has been the scene of activity the past week.

Cherries and berries are taking a beating from the invasion of different types of birds.

Mr. and Mrs. R. Vandusen, with their sons Gerald and Raymond with their families attended the Wanzamaker picnic which took place at Lakeside Park, at Tweed .

Mrs. W. Jordan and her family held their reunion picnic at the Vanderwater park at Tweed last Sunday.

Mrs. M. Young and Mrs. H. Wanzamaker were guests of Mr. and Mrs. A. Wanzamaker on Monday last.

Mrs. M. Trumpour has been at her home since a week ago, after being in Picton hospital for a week. She spent Sunday with Mr. and Mrs. Orville Trumpour.

Mr. and Mrs. W. A. Evans, Bryan and Colleen, Brooklin, visited her parents, Mr. and Mrs. A. Wanzamaker on Sunday.

Mr. and Mrs. R. G. Lanceter have their little daughter Elizabeth home from Belleville hospital where she was a patient for eight days after an injury sustained from being hit by a motor car.

Sympathy is extended to Mrs. N. Dafoe and Mrs. Dafoe in the sudden death of Mrs. Covert at St. Hyacinthe, Quebec, on July 22.

They'll Do It Every Time

By Jimmy Hale

White's District

WHITE'S DISTRICT — Mr. and Mrs. Milton Yeomans and Brenda entertained on Thursday her aunt, Mrs. Ada Patrick of Frankford, and Mrs. Patrick's son and wife Mr. and Mrs. Bob Patrick and family of Stirling, Sunday, July 19.

Mr. Lawrence Larsen is again confined to Trenton Memorial Hospital.

Miss Louise Rush of Toronto is holidaying with her brother, Mr. Clifton Rush.

Karen and David Pearsen of Trenton have been holidaying the past week with their grandparents, Mr. and Mrs. Ernest Curtis while their mother and sister have been holidaying with friends at Windsor.

Mr. and Mrs. William Yeomans were tea guests on Wednesday of their daughter and husband, Mr. and Mrs. Bernard Wadsworth. Miss Brenda who was an overnight guest, returned home with them.

Mr. and Mrs. Bob Patrick and children of Camp Eslie, Manitoba, were Thursday callers of her aunt and uncle, Mr. and Mrs. George Cotten.

JAIL BIRDS

LONDON (CP) — London's Pentonville prison is soon to have 12 more jail birds. Officials of the RSPCA who recently lectured on animal care are to send the inmates 12 budgerigars.

Dilemma of the North

Rich in Everything But Industry

By KEN SMITH
Canadian Press Business Editor

TIMMINS, Ont. (CP)—Northern Ontario mining communities have learned a sad but simple lesson from their efforts over the years to attract secondary industry.

"Why," asks municipal councillor Frank Rainford of Kirkland Lake, "should anyone expect an industry to settle here when it can establish in Toronto or Hamilton?

"We have only limited resources and limited population. And it always comes back to supplies and markets—always back to those two damn stumbling blocks."

Similarly realistic comments come from officials at Timmins, Elliot Lake and other Northern Ontario mining towns.

They need the secondary industry to bring some diversification to their economies, since such centres as Timmins, Kirkland Lake, Cobalt and Elliot Lake exist almost solely because of the rich minerals lying in the surrounding granite.

WANT TAX BREAK

When those ore-bodies near depletion — as in many cases they have—or the market for the mineral collapses, the towns face the future with only faith in themselves, hope for new mines and charity from the government.

Mr. Rainford, a member of Kirkland Lake's three-man industrial commission which operates on an annual budget of $2,500, says other Northern Ontario centres have spent as much as $125,000 in five years without adding $10 to their assessment rolls.

There is a constant cry for tax concessions for new industry, but many question whether tax grants could be made big enough to compensate for the cost of having to ship products 400 or more miles to the southern markets.

As a result municipal progress is measured differently in southern Ontario than in much of the north.

In the south, with its burgeoning markets spreading around the Lake Ontario shore, it is gauged by the number of new factories, stores and homes; by advances in assessments and by increases in population.

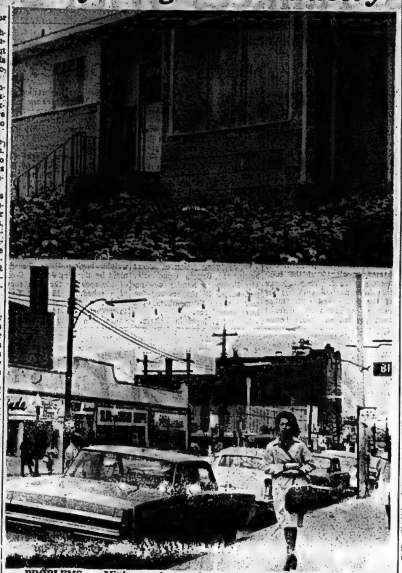
DECLINE INEVITABLE

But for many of the north's mining camps, it's a question of how successful you are in slowing down the decline.

Before the $1,000,000,000 base-metal strike near here this spring, for example, many Timmins officials would have considered it progress if only 300 wage-earners had to quit the town to look for work during the next few years.

Similarly, Kirkland Lake would feel itself ahead of the game if, under present circumstances, population—now 17,000 —remained above 16,000 in another two or three years.

That doesn't mean, however, that local businessmen or officials are running scared.



"There's been no down-in-the-mouth attitude around here," says Jim Wyatt, president of the Timmins Chamber of Commerce.

"Businessmen have been investing money in the town right along. Someone coming back to Timmins after 10 years would hardly recognize the main street, it's been modernized so much."

As a Chamber man, Mr. Wyatt has to be taken as a professional booster for his town, but the evidence bears him out.

GOLD MINES TO CLOSE

There are several new stores, others have been refurbished. All are well-stocked with goods ranging from normal essentials to high-priced luxury imports

PROBLEMS — Mining centres such as Timmins, Kirkland Lake, Cobalt and Elliot Lake have no secondary industries to diversify their economies, or to support them should their ore bodies, their primary source of revenue, deplete. The boarded, vacant house in Elliot Lake points out the migration of people that occurs when mines close leaving no alternative occupations. But Timmins businessmen have tried to avert a decline by investing money in modernizing their town to encourage a secondary industry. (CP Photo)

Housing and other building are, and have been, steadily climbing.

"That kind of thing wouldn't happen if people didn't have faith in the future of the town," Mr. Wyatt argues. "And that all dates from before our big copper and zinc strike."

Even Kirkland Lake, which will lose two of its five gold mines likely within a year and has a third working only at salvage operations, insists its future is not dismal.

Ann Shipley, reeve of the area for 10 years and Liberal MP for four, says that despite mine closings in the last decade that have cost 750 jobs, there has been no despair or doubt.

"The town has known it would shrink, but we service too big an area to disappear. And what if someone finds a new mine?"

Tomorrow: Tourists may help Northern Ontario prosperity.

BUY WARSHIP

TORONTO (CP) — One of the navy's most famous warships, HMCS Haida, has been purchased by a Toronto businessmen's syndicate for $20,000 and will be berthed here as a naval museum. The 2,000-ton destroyer is due to arrive in Toronto harbor late next month. It is to be delivered to the syndicate Aug. 14 at Sorel, Que., and will be towed from there to Toronto.

Frankford

FRANKFORD — Mr. and Mrs. Lonnie Reilly and sons are holidaying at Thirty Island Lake.

Mrs. H. Arthurs has returned home from a holiday in North Dakota and western Canada.

Flt. Lieut. Mr. and Mrs. Ted Sirome and daughters of Winnipeg are holidaying with Mr. and Mrs. Ed. Sirome.

Mrs. Fred Charlesworth visited her brother, Mr. Harold Maguire who is a patient in St. Michael's Hospital, Toronto last week.

Mr. and Mrs. Orrin Day have returned home from a holiday with relatives in Hartland, New Brunswick.

Mr. and Mrs. Gerald Curry and son James and Miss Shirley Sargeanon returned home from a holiday in Florida and are spending a week at Lakeshore Pentecostal Camp, Cobourg.

Mr. Robert Grant and Mr. Richard Patrick spent a few days last week at Niagara Falls.

Campbellford

CAMPBELLFORD — Mr. and Mrs. Byron McCurdy of Jackson Centre, Pennsylvania are visiting at the home of H. MacArthur.

W. Campbell and Mrs. Campbell of Toronto are spending sometime at their cottage at Belmoot Lake and also visiting Mrs. Campbell's brother, H. MacArthur in Campbellford.

Mr. and Mrs. W. Brady, Mr. and Mrs. R. Pettey are attending a Shrine convention in New York; also the World's Fair while there.

Professor Stuart Vandewater of Queen's University, Kingston and Mrs. Vandewater are spending the weekend, guests of his parents, Mr. and Mrs. Glenn Vandewater.

J. F. R. Douglas and Mrs. Douglas, Mr. and Mrs. R. J. Locke are holidaying in Haliburton.

Mrs. J. Devinney is spending sometime the guest of her daughter, Mrs. D. Carswell.

MARK CHANNEL

PARRY SOUND, Ont. (CP)— Range and beacons marking the inshore channel on Georgian Bay as far north as Killarney will be lighted next on Manitoulin Island have been installed. It was announced Monday. F. K. McKeen, federal district marine agent, said the installation has been completed and charts of the channel will soon be available.

Old Silk Road Across Pamirs To Be Reopened

By IQBAL BURNEY
Canadian Press Correspondent

KARACHI (CP) — The only direct overland route between Pakistan and China, the Hunza-Sinkiang road which was closed in November, 1959, is to be reopened shortly.

This is the ancient "silk road" traversing the Pamirs—the roof of the world—and its reopening is further evidence of growing relations between the two countries.

Two other developments give added significance to the reopening of the route.

Groundwork has been completed for demarcation of the Pakistan-China border. And the Indus Valley road, the first all-weather auto link between Gilgit and the West Pakistan plains, is nearly finished.

With a road already in existence between Gilgit and Hunza, the reopening of the silk road and the completion of the Indus Valley road will provide a land route from China into the heart of West Pakistan.

Thus in turn will sharply increase opportunities for commercial and cultural intercourse.

WALKS BORDER

NEWCASTLE, England (CP) Kevin Watt and Gordon Thompson have set off on a 100-mile attempt to walk the Scottish-English border. They started at Gretna Green and hope to finish at Berwick - on - Tweed. They are dieting on nuts and raisins only on their walk.

LENGTHENS RUNWAY

MANCHESTER (CP) Manchester Airport Committee has borrowed £2,000,000 towards the cost of adding 1,500 feet to the 7,500-foot main run way. The extension will make it possible for the largest trans atlantic jet aircraft to take off here fully loaded.

"Don't worry, my husband will pay you as soon as he calms down."

Sport Slices...

RARE, MEDIUM, WELL-DONE

By Geo. H. Carver, *Sports Editor*

Disheartened and disappointed in the turn of events, Murray "Moe" Hunter has resigned as playing manager of the Belleville Joyces senior baseball club.

And sane-thinking people will not blame Mr. Hunter, one of the city's best, most dedicated athletes, for his action.

Unless some Genii or miracle man emerges from the fog of uncertainty, Moe's decision to resign could very well sound the death-knell of senior baseball in a city that once bore the proud name of being one of the best diamond centres in Ontario.

The once popular sport was dragged from the brink of oblivion last spring by the last-minute actions of a dedicated few. Now it would appear, the grave has been readied.

When Sid Forster, coach of the then Kenmore for the past two seasons, moved from the city last spring, senior baseball here was left, so to speak, without "a father to guide it."

In fact, 1964 was well on its way before a gleam of light penetrated the darkness of what appeared to be a tasteless season.

Carrying the torch of hope and possibility was Moe Hunter. He had faith in himself, his team-mates of the past and the baseball public.

The first big roadblock was sponsorship. No industry, business organization, or private individual was interested in taking the team under a financial wing.

So Moe with what proved to be a remnant of loyal buddies decided to take the baseball bull by the horns. The first and only helping hand of any magnitude came from Gerald Joyce, another of the city's finest sportsmen, who donated uniforms to the club.

Hunter and the dedicated few worked hard raising funds by various ways and means. Players became interested to the point where 24 were on the dotted line. Later an executive of a president, treasurer and secretary was named.

The team now known as the "Joyces" practiced hard and entered the Eastern Ontario Baseball Association as a senior club.

It piled up an enviable record, which, before frustration and disappointment entered the picture, stood at 10 won and two lost.

But during this period, Hunter was faced with the fact that some but a skeleton team would report to play every game. This was not only disappointing to Hunter but also to fans and players of outside clubs. It reached a climax last week when only nine players reported to play at Ajax and Oshawa.

Other clubs brought a full complement of players when visiting Belleville. They were disappointed and angered when the Joyces turned up on their diamonds with just enough to field the club.

Following is a copy of Hunter's letter of resignation forwarded to President Gordie Bell, executive members T. D. Mavety and J. Devine and this reporter:

"As of this date I will no longer act as manager of the Belleville senior baseball club.

"Due to lack of co-operation from the coach and players in reporting to games I feel this move is necessary. So far this year there has not been one away game that we have had more than ten or eleven players. Sometimes such as last Friday in Oshawa and Sunday in Ajax we had exactly nine. We have 24 players signed. If those that don't show up would rather go to the show, the beach, or just watch TV, well, good for them, because these are my plans for the remainder of the season.

"The team, as a whole, has the potential to win the All-Ontario senior baseball championship. However, it must be at full strength to do so.

"Two weeks ago our record stood at nine wins and two defeats. Now after our last game of the season our record is 10 wins and six losses. This speaks for itself."

It is a tried, true and trite statement that "youth must have its fling." But surely it doesn't have to "fling" every night of the week—or is that the trend of modern times?

Hunter and a few loyal buddies carried the brunt of flag-carrying for Belleville in the away games. They deserved better treatment at the hands of their "home" team-mates.

True, some of them had jobs that prevented their appearance on some occasions, but out of a roster of 24 players surely a representation of more than nine was possible for out-of-town games.

And potential sponsors, like elephants, have long memories. "Angel" seekers next spring will have their work cut out for them.

There is no word at this writing of the future activities of the club. With Hunter out, there is a possibility it might fold.

HAS BACK SURGERY

BOSTON (AP) — Ted Williams underwent back surgery at New England Baptist Hospital Tuesday and doctors said the operation to relieve pressure on a spinal nerve went "very well." Williams' condition was described as good.

FF "MAN HURT

PRESCOTT Ont. (CP)—Volunteer firemen Allan Warren, 26, was injured Tuesday when fire swept the upper section of business block on the main street of this town, 12 miles east of Brockville, causing damage estimated, by firemen of $50,000.

Fregosi Hits Around Horn ★ ★ ★ ★ ★ ★

Chance Clips Yankees With 2-Hitter

By BOB GREEN
Associated Press Sports Writer

Dean Chance doesn't know it, but he's in trouble.

He's a Yankee-killer, ball-fledged, thorough - going and heavily credentialled. He's the best in the world at the obscure art, succeeding Frank Lary in the position.

And you know what happened to Lary. He's with the Mets. And that, old buddy, is trouble.

Chance, however, has no sign of the arm trouble that sent Lary, one-time Yankee nemesis, from the Tigers to the minors and eventually to Casey Stengel's hapless harem.

Lee Angeles Angels' right-hander stopped New York's American League leaders on just two hits Tuesday night, winning 3-1 and snapping the Yanks' five - game winning string but not their seven-game league margin.

One of the Yank hits was a homer by Mickey Mantle in the seventh, the first New York run off Chance in 27 innings, a string that stretched back to Sept. 26, 1962.

Chance got all the support he needed from Jim Fregosi, who hit for the cycle, lashing a two-run double in the third and adding a triple, double and single.

The Yankees, however, retained a full-game lead over Baltimore Orioles, 7-4 losers to Minnesota Twins. Detroit Tigers beat Chicago White Sox 6-2, Washington Senators edged Cleveland Indians 4-3 and Kansas City Athletics nipped Boston Red Sox 2-1 in the other American League games.

Chance, now 10-5 for the season including five in a row, struck out eight and walked only two. Aside from Mantle's 30th homer, the only other New York hit was a single by Clet Boyer.

Detroit got maximum mileage out of only four hits in its comeback triumph over the White Sox. Gates Brown tied it for the Tigers with a two-run homer in the sixth, George Thomas added the go-ahead run on a sacrifice fly, and a double by Al Kaline, a single by Norm Cash, a stolen base and an error added two more in the eighth.

A pair of homers by Pete Ward produced all the White Sox runs.

Minnesota, loser of 14 of its last 16 games, revived its power in the decision over Baltimore. Jimmie Hall hacked two home runs, Jimmy Hall had a two-run blast and Don Mincher a solo drive. Larry Sadar and Brooks Robinson had homers for the losers.

Orlando Pena, battered for 11 runs in his last appearance, was tagged with an emergency start for Kansas City and made it a brilliant performance. He limited Boston to seven hits and singled home the winning run. Felix Mantilla's 17th homer accounted for the only Red Sox run.

Chuck Hinton lashed a three run homer in the fifth inning for Washington and handed Cleveland rookie Luis Tiant his first major league loss. The young Cuban, who had a 2-0 record going in, had a no-hitter going through 4 2-3 innings before two singles preceded Hinton's homer.

Grab 2-1 Series Lead

Tweed Blanks Trudeaus

By GARRY ALEXANDER
Staff Sportswriter

MADOC — Scoring three runs without hitting a ball out of the infield broke a scoreless tie for Tweed Lombanks here last night and sent them on their way to a 4-0 win over Trudeau Motors before a big crowd.

Lombanks moved into a 2-1 B. and D. softball semi-final lead with the win and the fourth game is slated for Belleville's CNRA Park Thursday, at 6:30. If a fifth game is necessary, it will be played back here Saturday night. Meanwhile Ellis Juniors visit Trenton, leading their set 2-1, at 8:15 tonight.

Trudeaus, paced by a red-hot Rick Locke, had good chances early last night but failed to score. Lombank shortstop Terry LeSage stole at least two runs in the fourth, sparing Pinder's liner and doubling Faulkner off second, with none out. It was the game's fielding gem since Zakos followed with a double.

In the Tweed fifth, a one-out error started the winning rally and another bobble put men on second and third. Carleton's bunt single loaded the sacks and a third error allowed the tie-breaking run to score. Another player was cut down at home on the same play but D. LeSage's infield hit loaded the sacks again. Gorr hit a ground ball toward short which evaded Keller. Two runs scored on the infield hit and Bob Green came in to replace Jim Clarke, striking out Meraw to end the rally.

Lombanks closed the scoring in the seventh on an infield single by Carleton and Gorr's double to left-centre.

Blaine Healey spun a five-hitter, three of which bunched in the third and fourth innings. He blazed third strikes past 15, including the side in order in the ninth, and did not walk a batter. He got good support with his club committing only two errors on tough plays.

Clarke was the loser, allowing seven hits, fanning two and walking one in 4⅓ innings. Green got three hits, two of them infield safeties. He struck out five and walked none.

Gerry Gorr's good the Lombank hitters with a double, two singles and three RBI. Lorne Carleton, Don Cotton and Don LeSage each had two hits and Ray Lake got the other one.

Rick Locke had three Trudeau singles, giving him nine for the series while Paul Zakos hit a double and Bert Faulkner a single.

Trudeaus — Locke lf, Keller ss, Faulkner cf, Plane 2b, Zakos rf, Wright 3b, Murray c, Duggan 1b, Clarke p, Green p.

Tweed — Carleton lf, T. LeSage ss, D. LeSage 1b, Gorr c, Merar 2b, R. LeSage cf, Morton 2b, Cotton rf, Healey p.

Umpires — Tony Holme (P) and Harold Bawden. Time: 1:18.

Tweed	000	030	10x	—4 10 2

Braves Send 'Spahnie' To Bullpen

MILWAUKEE (AP) — After nearly two decades, the Braves' pitching ace, Milwaukee southpaw Warren Spahn has been shipped to the bullpen—at least temporarily.

Owner of a 5-11 record and a fat 5.13 earned run average, the 43-year-old Spahn accepted a new role in his fabulous career and joined the Braves' relief corps Tuesday night. Manager Bobby Bragan said he plans to keep Spahn in the bullpen for a while, except for possible spot starting assignments.

Although Bragan said that Spahn was "willing" to become a fireman, the biggest left-handed winner in baseball history was far from enthusiastic. Owner of 356 National League victories, Spahn set his sights on 400 while posting a 23-7 record last year.

"Naturally, I don't like the idea," Spahn said. "I've always said I'm paid to win 20 and it's just about impossible to do that working in relief. However, I'm also paid to help the ball club, so if they want me in the bullpen I'll do my best."

Leafs Edge Vees 2-1, Bisons Win

By THE CANADIAN PRESS

New York Mets aren't particularly noted for their home-run power but their Buffalo farmhands are in the International League are giving them a few reasons in long-distance slugging.

The Bisons, a close-up third in the standings, hammered three homers Tuesday night as they overpowered Columbus Jets 7-4. One of them was the 27th of the year for Duke Carmel; who ranks second behind Mack Jones of Syracuse Chiefs in the league home-run derby. Jones has 32 homers.

Curt Blefary of Rochester also closed the gap on Jones as he produced his 26th in the Red Wings' 6-2 conquest of the league - leading Jacksonville Suns. Jones had to settle for an infield single as the Chiefs bowed 3-1 to Atlanta Crackers while Toronto Maple Leafs shaded Richmond Virginians 3-1 in the remaining league games.

HIGH FLYING

A balloon carried two U.S. Army personnel 19.71 miles up in 1935 during cosmic radiation tests.

British Police Accuse Ten

3 Top Stars In Soccer Scandal

LONDON (CP) — Police Tuesday night accused 10 soccer players, among them three of England's best-known stars, of conspiracy to throw matches in a betting scandal.

Everton wing half Tony Kay, a regular of the England international squad, was among the men accused.

Others included Peter Swan, Sheffield Wednesday centre half and a frequent England player, David Layne, Wednesday's free scoring centre - forward. Dick Beattie, Portsmouth's Scottish international goalkeeper.

Jimmy Gauld, former Mansfield Town inside forward, was named in all 14 of the summonses issued. They charge that he conspired with various of the others and with "other persons unknown to defraud such persons as should be induced to accept bets." The charges cover a period from April, 1960 to April, 1963.

It was expected all the summonses would be served within a few days. Three days have been allotted for the hearings, scheduled to begin Sept. 28 in Mansfield in the English Midlands.

The English soccer season opens Aug. 22, and Sheffield Wednesday called an emergency board meeting to discuss whether Swan and Layne should beallowed to continue training or to play in view of the charges.

Police investigation of soccer betting in Britain came after The People, a Sunday newspaper, named 35 players and former players as members of a huge conspiracy.

Betting is legal in Britain.

The case has importance outside Britain because many other countries base soccer pools on the British results.

The remainder of the 10 players accused were Sam Chapman, Mansfield Town; Jack Fountain, former York City captain; Brian Phillips and Ken Thomson of Hartlepools United and Ron Howells of Walsall.

RETAINS TITLES

PORTHCAWL, Wales (AP)—Brian Curvis of Wales, rated No. 3 world contender by Ring magazine, retained his British and Commonwealth welterweight boxing titles Tuesday night by stopping Johnny Cooke of Liverpool in the fifth round of a scheduled 15-round fight. Cooke, a half pound heavier than Curvis at 145¼, quit because of a badly cut left eye.

Mets Sell Harkness, Buy Rookie

NEW YORK (AP) — New York Mets bought rookie infielder Bobby Klaus from Cincinnati Tuesday night and sold first-baseman Tim Harkness to San Diego, the Reds' farm club in the Pacific Coast League.

Harkness, a 27-year-old native of Lachine, Que., had 12 RBI and two homers in 36 games this season and had only recently returned to action after suffering a pinched nerve in his shoulder May 17. His batting average was .282.

World's Best At Decathlon Trials

At Toronto

By JERRY GLADMAN

TORONTO (CP) — C. E. Yank, a 30-year-old Formosan who is world record holder in the decathlon, will be out to redeem himself when he competes in the Canadian decathlon championships and Olympic trials here Friday.

Yang, who will compete for National China at the Olympics in Tokyo this fall, hasn't forgotten his disappointing performance in the pole vault at the invitational indoor track meet here last January.

He was placed fifth among pole vaulters in world ratings last year after a vault of 16 feet five inches, but was knocked out of competition in Toronto when he missed on his first three attempts at 15 feet.

"I met Yang in New York recently," said Ken Twigg, chairman of the organizing committee of the Central Ontario Track and Field Association, "and he was still apologizing for his performance in January.

As he did many a year to score more than 9,000 points in the supreme test of speed, skill, stamina and strength, Yang is generally considered the world's best athlete. His world record of 9,121 was more than 1,000 points ahead of his nearest rival when he established it at Walnut, Calif., in April, 1963.

WAS SECOND

At the 1960 Olympics in Rome, Yang was silver medallist in the decathlon, although he held the eventual winner, Rafer Johnson of the U.S., by 128 points after six of the 10 events and showed a superiority in seven of them.

The two-day meet combines the decathlon, women's pentathlon and 10 special invitation events.

The winners and those who give creditable performances in the trials will be up for consideration when the Olympic selection committee meets at St. Lambert, Que., next week to decide the 15 berths on the team.

Another headliner in the invitation events will be Al Oerter of Long Island, N.Y., who will attempt to surpass his world discus record of 205 feet 5½ inches, established in the same meet in which Yang set his decathlon mark.

Oerter is expected to get stiff competition from Dave Weill, 23, of Stanford, Calif., who has won or placed in all major meets this season. Weill is one of only seven athletes in the world who have achieved a 200 foot in discus competition.

GAIRDNER IS TOPS

The top Canadian competitor in the decathlon is expected to be Bill Gairdner of Toronto. With Yang as competition, the Pan - American Games silver medallist could crack the Canadian record of 8,300 points. Gerry Moro of Trail, B.C., is another standout Canadian entry.

The women's pentathlon is expected to be close competition, with Jenny Wingerson of Toronto at an advantage over Trail, B.C., the favorites.

Miss Wingerson is the current Canadian champion for the 80-metre hurdles and holds the Canadian record of 11.3 seconds. Shaw was a silver medallist in the event at the 1963 Pan-Am Games and

Argos Meet Lions In Vancouver

VANCOUVER (CP) — How can a football coach with so many problems in 1963 have so few in 1964?

It's a question well prompted by the confidence Nobby Wirkowski brought here for tonight's exhibition game between the Toronto Argonauts and British Columbia Lions.

The Eastern Conference team frantically shuffled dozens of players in and out of camp last year. Argos did one thing consistently — and that was to lose.

In 1964 they have consistently won—both their pre-season exhibition games.

They will try for No. 3 tonight with Jackie Parker starting at quarterback, then giving way quickly to rookie Karl Sweetan of Wake Forest and controversial Sandy Stephens of Minnesota.

"I've got to look at Sweetan and Stephens very carefully," Wirkowski told a press conference Tuesday night. He said he will keep one or the other with the team, but not both.

"There's no comparison between this ball club and the one we had last year," said the pint-sized former quarterback. "The attitude, the spirit, the entire atmosphere has changed completely."

Coach Dave Skrien of the Lions said he will play this one as a regular league game, starting Joe Kapp at quarterback. The Western Conference champions have lost both their exhibition starts.

Minor Baseball Results

Jaycees nipped Sine's Shell T-S in a closely-contested Fenwa baseball game at Park Dale last night.

Daryl Demers sweated the route for Jaycees, allowing seven hits in all. He struck out nine and issued five free passes.

Paul Wolfe was the losing pitcher despite giving up just four hits. He struck out eight but walked the same number.

The Jaycee hits, all singles, went to Brian Cousins, Danny Lopezetto, catcher Dick Fobert and Jim Wood.

Catcher Brian Coughlin and Paul Wolfe had two hits each for Sine's Shell. Gerald Robinson, J. Hall and Gerald Salmon got the others.

WILL MISS GAME

OTTAWA (CP) — Ottawa Rough Riders will be without fullback Dave Thelen and halfback Ernie White for their exhibition game against Montreal Alouettes in Montreal Thursday. Thelen returned to Ottawa practice sessions but still favors an injured ankle. White suffered a knee injury last Saturday against Edmonton Eskimos.

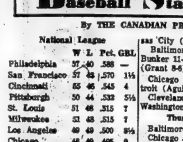
THE Arnold Palmer METHOD
Four-Time Winner of the Masters

SLICING INTENTIONALLY



Proficient players rely on the intentional slice when escaping from trouble or when cutting the corner on a dogleg hole.

You can slice a shot by either cutting across the ball from outside the target line or by striking the ball with the clubface looking to the right (*1) or by employing a combination of the two.

An open stance with the forward foot pulled back from the target line (*2) will encourage cutting across the ball from the outside, as will taking the club outside on the backswing (*3).

Another primary cause of slicing is caught that finds one or both hands turned to the player's left on the downswing (*4) or sooner. The intentional slice is a handy shot, but practice it first.

MAKES CONCESSIONS

EDMONTON (CP) — City council voted Monday to make a number of concessions to Edmonton Eskimos which amount to a total subsidy of about $25,000 for 1964 operations — but the football team will be expected to make most of it up later. The western conference team asked to be freed from financial arrangements made with the city before a decision on gate receipts which began two years ago.

Can't Seem To Beat Anybody

Perfect Game Proving Jinx For Bunning

By HAL BOCK
Associated Press Sports Writer

Jim (Perfect Game) Bunning is slipping and, if he hopes to up, Philadelphia Phillies may slide right into their first National League pennant in 14 years.

Bunning is undergoing the thing that strikes so many no-hit pitchers. The poor fellow can't seem to beat anybody anymore that is, anybody except second-place San Francisco Giants.

The lanky ex - American League baffled the Giants for 9 1-3 innings Tuesday night before leaving for Jack Baldschun who fed a double play ball to Willie McCovey to, wrap up a 4-0 victory in the opener of a crucial three-game series.

It was only Bunning's third victory in the five weeks since he set down 27 New York Mets in a row. Two of these victories have come against the Giants.

They couldn't do a thing with Bunning for 5 1-3 innings and visions of another no - hitter only three pitchers have ever put two classics together in one summer) had Phillie fans excited but Tito Fuentes' single broke the spell in the sixth.

THREE-RUN HOMER

Gus Triandos provided his batterymate with all the runs he needed in the fourth inning with a three-run homer, his first in three months.

After Lanier's hit, Bunning bobbled a grounder to third baseman Matty Alou in the eighth. Willie Mays opened the Giant ninth with his third hit and when Orlando Cepeda singled one out later, Mauch called for Baldschun.

Elsewhere in the NL, Milwaukee Braves edged Cincinnati Reds 3-2, Los Angeles Dodgers routed New York 9-0, and St. Louis Cardinals topped Chicago Cubs 12-7. Houston Colts and Pittsburgh Pirates were rained out.

Triandos, who came to Philadelphia with Bunning from Detroit Tigers last winter, was in the lineup as part of manager Gene Mauch's strategy to combat the left-handed pitching responsible for 10 of the Phillies' last 12 defeats.

The veteran catcher caught a Billy O'Dell fast ball and laced just inside the left field foul pole to climax the four-run Phils' fourth.

STORM DELAYS GAME

Jim Brosnan of the Reds had stifled the Braves on one hit, Mike De La Hoz' fourth homer, when an electrical storm delayed the game 45 minutes. Sammy Ellis took over and the Braves promptly clipped him for four hits and two runs in the seventh to win it.

Denis Menke's bases-loaded single with two out delivered the winning runs. Frank Robinson slugged his 17th homer with one on for the Reds.

Don Drysdale, who five days ago suffered a hairline fracture of his right thumb, hurled his shutout of the season against the Mets. Ron Fairly drove in four runs for Los Angeles with a double and his eighth homer.

The Cardinals pushed five runs across in the 10th inning with Mike Shannon's two-run homer climaxing the surge against the Cubs. Bill White and Tim McCarver had homered earlier for St. Louis.

MAKES GRANT

LETHBRIDGE (CP)—A grant of $500 by the Canadian Olympic Committee to help send Alberta athletes to the next games in Tokyo has been approved by city council.

Cards Brock Another Slaughter

ST. LOUIS (AP)—St. Louis baseball fans, given little base running excitement since Enos Slaughter, are shouting praises for an electrifying runner in the best tradition of Slaughter.

Every time Lou Brock reaches base, the crowd is up on its feet screaming, "Go! go!" and very likely, Brock is off and running.

The outfield swifty, who springs the basepaths with abandon, has swiped 41 bases this year, 12 of them since joining the Cardinals from Chicago Cubs in a trade for pitcher Ernie Broglio on June 15.

His speed and daring have forced the opposition into numerous throwing errors

CLOSE TO ENOS

"He's about as close to Slaughter as you can get," said manager Johnny Keane. "And he's fast too."

"Stealing bases is like hitting," said the 25 - year - old speedster. "It's timing and rhythm. I don't study pitchers much. When you have the timing and rhythm, you can do anything and you can still steal the base."

Brock looks at hitting the same way.

"When I begin studying what a pitcher is throwing me, and what he is using to get me out, I begin guessing and it just confuses me," he said. "If you can see a baseball, you can hit it. You don't have to look for a certain pitch."

Read Rallies To Defeat Plane's 5-3

A three-run rally in the sixth spurred Read to a 5-3 victory over Plane's Concrete on Cannifton in the opening game of the South Hastings baseball league's semi-finals last night.

Plane's nursed a 1-0 lead from the second until Read put together three hits and a pair of errors in the top of the sixth for a 3-1 lead. The winners added singletons in the seventh and eighth while Cannifton got a pair in the bottom of the eighth and final inning.

Frank Farrell pitched the victory, stopping the pennant-winning Plane's crew on seven hits. He struck out six and walked a pair.

Don Forsythe allowed eight hits while going the route for the losers. He got four on third strikes and walked but one.

The winners committed a single error while four miscues hurt the losers' cause considerably.

F. Enright and F. Farrell each had a brace of singles for Read. Percy Milligan hit a double, Sam Brennan, Claude Carr and Carm Milligan a single each.

Pat O'Connor belted a double and single and Hugh Petets two singles in defeat. Butch Clapp doubled with John Tweedy and Ross Empey each singling safely.

Ploen Tosses Three TD Passes Bombers Nip Saskys 19-18

WINNIPEG (CP) — Veteran quarterback Kenny Ploen tossed three touchdown passes to lead Winnipeg Blue Bombers to a 19-18 victory over Saskatchewan Roughriders in a Western Football Conference exhibition game before 10,333 fans Tuesday night.

It was the Bombers' first win in three exhibitions and the second loss in as many outings for the Roughriders.

End Farrell Funston caught two of Ploen's scoring passes and end Ernie Pitts grabbed the other. Halfback Gerry James, a former Bomber, kicked a field goal and two converts and end Martin Fabi booted a single.

After plastering through the first half, which ended with Saskatchewan leading 10-7, Bombers came to life in the second half.

The Tracks

LEXINGTON, Ky. (AP) — Mrs Velma Morrison paid the highest price in auction history Tuesday night for a yearling thoroughbred horse when she bought a colt of Bold Ruler at the Keeneland summer sales.

Mrs. Morrison made only one bid—$170,000—to purchase the half-brother of three stakes winners from the Warner L. Jones Jr. consignment.

Mrs. Morrison, of Boise Idaho, owns the Gem State Stable of Ipton, Calif.

The previous record in an auction was $130,000 John W. Olin paid in 1961 at a Keeneland sale for Swapson, a son of Swaps-Obedient.

Mrs. Morrison's colt is out of Forgetmenow, by Menow.

Sports Calendar

SOFTBALL

SHIPPING DECLINES

The number of ships in Sweden's merchant navy, including vessels of 100 gross tons and more, declined by 13 to 904 in 1964's first quarter.

The Trots

LONDON, Ont. (CP) — It ain't fake long for Hugh Black, from Kiora, near Guelph, to declare a dirtdevil with his pacer Leo's Pride—winner of the seventh race at the Western Fair Raceway Tuesday night.

Black claimed Leo's Pride from Frank Merrill, of Toronto, a week ago in an $800 claiming the $400 - purse race Tuesday race here.

Leo's Pride romped home in the $400 - purse race Tuesday night to pay $21.80 and manufactured an exacta of $342.80 in combination with Bobby Brainerd.

Leo's Pride went the mile in 2:11 to post his second victory in 10 starts this year.

TORONTO (CP)—Now dates were set Tuesday for harness races at Western Fair Raceway in London and at Mohawk Raceway near Campbellville, to avoid overlapping of the schedule of the two tracks.

Mohawk will race from Sept. 7 to Oct. 10 and Western Fair Raceway from Oct. 12 to Nov. 15. Original dates of the London meetings were Sept. 20 to Oct. 31.

TORONTO (CP) — Shooting Par, from the Merrilee Farm of Ottawa, raced to victory and give 14-length victory in the featured mile pace Tuesday night at Greenwood Raceway.

Shooting Par led Attorney's Bob, owned by J. K. Turner of Petrolia, around the finish line in the $1,000 event.

The victory, fifth in 18 starts this year increased Shooting Par's earnings to $7,225.

Haul Away, a 4-to-1 chance, paced Santos Raceway, of Peterborough, captured the mile_frot in the sixth race and with Tan's Pride C., driven by owner Doug Palmer of Schomberg, Ont., for a quinella payoff of $48.30.

IS DISABLED

ST. LOUIS (AP) — Pitcher Ray Washburn of St. Louis Cardinals has been placed on the disabled list effective July 23. Washburn was complaing of a sore arm. He has a 3-4 record.

Larks Like Rookie From 'Ole Miss'

MONTREAL (CP) — Not all the excitement on the Montreal football field is being generated these days by holdover stars. An obscure rookie from Missis sippi by the name of Harold Cooley has elicited quite a few ahs and ohs from fans in the two first-quarter and two exhibition games played by Montreal Alouettes.

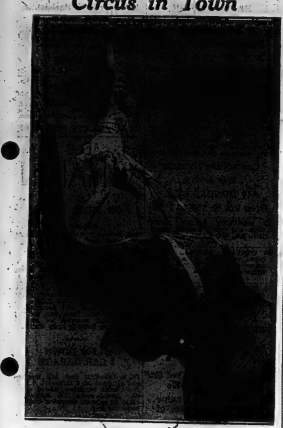
Lee Roy Caffey, defensive end, and Jerry Logan, defensive halfback, are other Mississippi products who have impressed Alouettes' coaches.

A linebacker and guard, Cooley, 24, is the owner of two fast feet and a quick instinct for knowing where to be. The result is that he usually pops out of nowhere to snuff out a play with a flashy tackle that brings fans to their feet.

"He's a crowd pleaser," says Leo Cahill, the Als assistant coach. "He's always coming up with those flamboyant plays."

A husky 225 pounds, but only five-foot-11, he has a build like a fire hydrant.

Cooley came to Canada last season with Hamilton Tigercats who cut him after three games. He went back to Los Angeles, where he had moved after college, and moped.



Cooley said that last winter he got a letter from Alouette coach Jim Trimble saying "that I was a pretty good football player for my size and height, and he wished that I would give myself the opportunity to get back football and come to Montreal."

ATTEND FUNERAL

RENSSELAER, Ind. (AP)—A solemn group of 55 Chicago Bears and their coaches, many of them constantly brushing away tears, attended funeral services Tuesday for halfback Willie Galimore and end John Farrington. A sorrowful gathering of 150 paid last respects to the two star players killed in an auto crash Sunday night on a country road near their training camp at St. George's College.

Circus in Town

La Christina and Anna May, the elephant. Anna May was the star of the M-G-M movie "Jumbo."

Tomorrow is circus day in Belleville.

The Sells & Gray Circus is scheduled to arrive during the early morning in anticipation of two performances at Zwick's Island.

Abner Milner, 24-hour agent for the circus, reached town early today to make last minute preparations and to see that everything is satisfactory. He is following the general agent—the contracting agent—promotional director—press representative, and advertising director, all of whom have made arrangements for the showing here, working with J. G. Trumpour, who is local chairman for the ANAF Veterans, sponsoring tomorrow's circus.

This evening—while a performance is being held in Kingston, the huge vans containing kitchen and dining tens will arrive, and set up so that breakfast will be ready by 7 a.m. The rest of the circus vans the caravan of trucks and trailers filled with paraphernalia necessary for the shows—will roll onto the lot during the dark, lonely hours between midnight and dawn.

Early tomorrow morning, Paul Hudson, general superintendent, will lay out the lot and soon the big canvasman will start the construction of the tented city. The tents will roll from their way into the air before noon. Seemingly out of chaos, as if by magic, everything will fall into its proper place. Soon afterwards, the performance will erect special rigging inside the big top, the wardrobe mistress will see that all costumes are ready, performers will hold last minute rehearsals, and by noon everything will be ready to introduce the big panorama of glit and glitter to the audiences.

Patricia Santiago, Sells and Grays' aerial ballerina.

Favorite Martian Escapes From Type-Casting Danger

By CYNTHIA LOWRY

HOLLYWOOD (AP) — Fame and popular affection, however much desired by an actor, are not always unmixed blessings.

Ray Walston, the Broadway stage veteran who plays the title role in CBS' My Favorite Martian, spent last season emotionally torn between the joy of starring in a hit series and viewing because he was convinced he was type-cast, the actors' worst bugaboo.

"From almost the first show, I was certain that, if the series lasted five years, every director and producer in the business would think of merely as that guy with two pieces of wire sticking out of his head," Walston said.

This fear has been banished. Two days after production of the comedy-fantasy closed for the season, Walston was called to replace Peter Sellers, felled by a heart attack, in Billy Wilder's film comedy, Miss Me, Stupid.

"The TV series had nothing to do with it," Walston said. "I had a small role in The Apartment, and Wilder told me then that some day he'd have a good part for me. He remembered."

Walston's bleached blonde hair (mandatory for the Martian role) was painted dark, permitted to grow, and curled. He played a way-out music teacher who wears a Beethoven sweat shirt.

Sport Briefs

FINES FOUR

WINNIPEG (CP) — Four Canadian Football League players have been fined $50 each for conduct resulting in penalties in pre-season exhibition games, league commissioner Sydney Halter announced Tuesday. The players are: George Dixon, Montreal; Augustus Henry Huth, Calgary Stampeders; Bill Campbell, Toronto Argonauts, and Dale Parsons, Calgary Stampeders.

NAMED COACH

SHERBROOKE, Que. (CP) — Gilles Dube, former player with Montreal Canadiens and Detroit Red Wings of the National Hockey League, has been named coach of the Sherbrooke University entry in the Ottawa-St. Lawrence University Hockey League. Dube was coach of the Sherbrooke Beavers which reached the eastern semi-finals of the Allan Cup playoffs in 1963.

COMPLETE TRADE

CHICAGO (AP) — The Chicago White Sox sent rookie pitcher Frank Kreutzer to Washington Tuesday to complete a trade in which they received first baseman Bill Skowron. The Sox previously had given first baseman Joe Cunningham to the Senators in the package deal in return for Skowron and pitcher Carl Boulden, whom they then sent to their Indianapolis farm team.

Determination Makes Her TV Star and Award-Winner

By JAMES BACON

HOLLYWOOD (AP)—Several months ago Antagnia Comer, 23, was living in Dawson, Tex., (pop. 1,500) and to other students at the Pasadena Playhouse.

But she said these: "I am going to be a big star—or else go back to the ranch."

She is not going back to the ranch.

Determination, Texas style, plus a face and figure that resembles the young Elizabeth Taylor, are making Antanette's dream come true.

In seven months, the green-eyed beauty has done nothing but starring roles on television. One performance as a girl on Arrest and Trial won her an Emmy nomination this year.

But television doesn't make stars of women. Only the movies make stars. In television only the series is the star.

At the moment she is starring in her first movie at MGM, Quick Before It Melts, directed by Delbert Mann of Marty fame.

But that's not the big break.

BIG BREAK NEXT

Her next is as star of The Loved One, which could be the Tom Jones of next year's academy awards. Tony Richardson, the Briton who won this year's Oscar for his direction of Tom Jones, will also direct the famed Evelyn Waugh satire.

How Antanette got this part is a lesson in how to become a movie star.

Producer Marty Ransohoff and Richardson, looking for a fresh, young girl, invited about 40 of the town's prettiest to a mass audition.

Some of the names were Yvette Mimieux, Stephanie Powers, Tuesday Weld and others of less fame. Antanette was among the invited.

She was the only one who didn't show. Ransohoff crossed her off the list, but her absence intrigued Richardson.

He called her the next day and asked why she had not auditioned for such a plum role.

"I told him I didn't work on an assembly line," says Antanette. "So he invited me to lunch.

"At lunch we talked and then he asked me to make a screen test. I did and got the part. It was all ridiculously simple."

She will co-star in the movie with Robert Morse, the star of Broadway's How to Succeed in Business Without Really Trying.

ONLY IN STAR ROLES

Since graduation from Pasadena Playhouse, Antanette has appeared in such shows as Gunsmoke, Dr. Kildare, Ben Casey, and Bonanza.

She never has played anything but a starring part.

"I'd be terrified to do a bit part," she says. "I don't see how bit players do it. They just walk into a set with one page of dialogue. Most of them don't know what went on before or what is to follow.

"I think it's much easier to be a star. I never thought about being an actress until I was grown."

At 22, what age is grown?

"I'll say 23," answers Antanette. "That's when I started studying. I decided then I would give it a try. I also decided at the same time that I was either to make it big—or not at all. I don't intend to hang around the fringes. . . ."

AT THE PARK — A table set with tension! In a scene from Paramount's exciting Technicolor western, "Stage To Thunder Rock," which opens Thursday at the air conditioned Park Theatre, Barry Sullivan, Scott Brady and Lon Chaney listen intently as they are told that the stage will be a day late. In the film, Sullivan plays a two-fisted sheriff, Brady plays a tough gunfighter and Chaney plays a rancher defeated by the rough frontier. On the same program in technicolor "Robinson Crusoe On Mars". Both shows are first Belleville showings.

At the Belle

Child-Animal Theme Gives Master's Touch to Walt Disney's "Thomasina"

A past master at creating top box office magic pictures starring children and animals, Walt Disney outdoes himself with an irresistible little girl and a remarkable cat in the fantastic story of "The Three Lives of Thomasina," a Technicolor production starring Karen Dotrice as said little girl, plus beautiful blonde Susan Hampshire and handsome Patrick McGoohan.

The three lives of the cat are: her first, which ends with a sort of death when McGoohan, a village vet and father to Karen, "puts away" the animal after a serious injury; her second, a visit to a fabulous golden heaven; her third, when the appealing four-footer is returned in health by Miss Hampshire, playing a "wooed witch" who can heal by love and who has aroused through love in also returning Karen to health and McGoohan to happiness.

The family atmosphere Walt Disney generates with his pictures is partly due to the atmosphere behind the cameras, where the same crews often stick together picture after picture.

Walt Disney and author Paul Gallico join forces for the screen for the first time with "The Three Lives of Thomasina," a motion picture based on Gallico's best-selling novel.

To gather atmosphere for his story, author Gallico visited the royal and ancient Burgh of Inverary in the Highlands of Scotland. It was at this lochside town that a Disney location unit filled many of the exteriors.

AT THE PARK — Friday on Main St. Bonnie, leading lass in "The Woody Monday, plays a modern day Cinderella in Paramount's exciting Technicolor adventure film "Stage To Thunder Rock", starring Barry Sullivan. Both features are first showings.

NEW FILM

Girl with Green Eyes is the title of producer Tony (Tom Jones) Richardson's new film which will be seen in North America starting in August.

THEATRE FEATURE TIMES

AT THE BELLE — Walt Disney Presents "The Three Lives of Thomasina." Patrick McGoohan, Susan Hampshire, Matthew Garber in Technicolor. 1st — 7.25 - 9.35.

AT THE PARK — In Cinemascope, "The Thin Red Line", Keir Dullea, Jack Warden, Martyn Jordan, 7.00 & 10.30. "Life In Danger", Dorothy Bromley, John Hopkins, 8.45.

AT THE BELLEVILLE DRIVE-IN (Show starts at dusk) "Man in the Middle" Robert Mitchum, Trevor Howard, "Warlock", Richard Widmark, Henry Fonda.

Movie Column

Lana Joins Daughter Cheryl In Birthday Party 'Watusi'

By BOB THOMAS

HOLLYWOOD (AP)—It was a social event that almost went without notice, despite its significance in the history of Hollywood's class society. The occasion: A 31st birthday party for Cheryl Crane, given by her mother, Lana Turner.

Cheryl and her friends were rocking to the Watusi until early Monday morning on the Sunset Strip, where Lana once ruled as queen of filmland's night life. The blonde star joined in the gyrating dance with professional style. But most of the time she watched the youngsters. This was Cheryl's night.

"For weeks I've been working on every tiny detail," Lana said. "The flowers, the buffet, the entertainment — I took care of everything. I even invited every guest by telephone. I woke up this morning and wondered if I would finally live through it."

GUESTS FOUR IN

About 150 guests poured into one of the strip's night spots that has sprung up to satisfy the Watusi craze. Each table was decorated with sprays of red and pink dixies and carnations, and balloons festooned the walls. Pink sentiments spelled out "happy birthday, Cheryl" over the bar.

Lana, in a clinging white lace dress, greeted each guest. Her daughter, in a low-backed red formal, also visited every table. Cheryl, who has been sheltered since the 1958 slaying of Johnny Stompanato, is a statuesque brunette beauty who stands 5 feet 8½.

Cheryl's stabbing of Stompanato, underworld figure who had been dating her mother, was ruled justifiable homicide after she testified he had threatened Miss Turner. After she was involved in a series of minor scrapes, but friends and family say that she now has become a model citizen.

How does it feel to be 21? "Not a bit different," said Cheryl, who has worked as a receptionist but now is unemployed.

TENDERS

Tenders will be received by the undersigned up to and before the hour of 14th day of August, 1964 for the construction of a new Presbyterian Church Manse. Call WO 8-2481 or WO 8-2478 for specifications.

Mrs. Orval Stratton.

TENDERS

COUNTY OF HASTINGS

TENDERS FOR FENCE WIRE, METAL POSTS AND FARM GATES

SEALED Quotations or Tenders, clearly marked as to contents, will be received by the undersigned at the Municipal Office, Stirling ONTARIO

THURSDAY, AUGUST 6, 1964

for the following materials:

1. For supplying approximately 1,000 rods of 9 gauge, 47 inch high fence wire, and for 1,000 rods of 12½ gauge.

2. For supplying 1,000 Metal Tee Posts, 6 feet long, 1¼ pound line. Bidders must quote a price per each for 100 Tee Posts, 200 Tee Posts, Building Gate Posts, and Farm Gate Posts, and the price per each to be used as an extra charge.

Bidders must state approximate time required for delivery after acceptance of tender.

Bidders must state how many gates will be required, so Bidders quoted may be asked to submit prices per standard 14-ft. farm wire gate. Also the following prices for fencing:

(a) In lots of 0 to 24
(b) In lots of 25 per year

Also quote corresponding figure for supplying Barb Wire (4 point) Bar Galey and on Aluminum (14 ft.) Bar Galey.

A bidder may tender on Item 1 Fence Wire, Gates, Galey Posts quoting or Tendering on Item 2 Metal Posts if he so desires and vice versa.

While it is the intention to purchase the fence wire and farm gates from one Bidder, the County does not bind itself to purchase as such, as the cost of delivery of whatever bidder is given the cost of delivery will be taken into account.

Lowest or any tender not necessarily accepted.

Dated at Stirling, July 28th, 1964.

Belleville, Ont.

W. L. Langlois, P. Eng.
County Engineer.

Auto With Missing Seat Clue in Bank Robbery Case

TORONTO (CP)—Acting Police Chief Joseph Thurston of Metropolitan Toronto said Tuesday that a bucket seat from a 1963 car may be a major clue in a search for a man who shot and killed a bystander while robbing a suburban Downsview bank Friday.

John Slanic, 56, was shot in the head and killed after he fired a pistol from a bank clerk and shot at the fleeing gunman.

The gunman had sought police came from a car abandoned near the Canadian Imperial Bank of Commerce branch by his getaway after robbing the bank of $26,000.

Police believe the seat may have been removed from the car shortly after the car was stolen from a shopping plaza parking lot a week ago.

Mr. Thurston said police feel someone may have seen the intrigues - colored car without the seat and become curious. Police have asked that anyone who might have seen the car or the missing seat to get in touch with them.

Meanwhile, Staff Inspector Adolphus Payne, who is heading a squad of detectives in the hunt for the gunman, said he is convinced the man held up other banks in the Metro area.

Police link him with a Christmas Eve bank holding in which a bandit fired one shot and gave orders to the staff in the same fashion as did the killer in the Downsview robbery. He wished the staff a Merry Christmas during the robbery and escaped with $12,000.

Police continued searching areas north of Toronto for the bandit. A .45-calibre bullet believed from one of the guns used by the bandit, has been found in the vicinity of the bank.

Northport

NORTHPORT — Mr. and Mrs. Rose Glover, Belleville spent several days with Mr. and Mrs. Warren Glow and family.

Mr. John Delong, Whitby spent several days with Mr. and Mrs. Wm. Delong and Harry Osborne and Miss Anne Ruth Sider at Bridlewood Church, Adjala on Saturday afternoon. The reception was held in the church parlors.

Mrs. Malcolm Fearn, suffered an acute coronary attack on Thursday morning and is a patient in Prince Edward County Memorial Hospital, Picton. Mrs. Cronk is a patient in Belleville General Hospital.

TO MARKET, TO MARKET — The town of Gander, Nfld. today is feeling a different kind of pinch from the one first experienced in 1950 when it began to decline as a refuelling station for international airliners. Now the pinch is of the marketing variety and accounting for 65 per cent of Gander's economy. Shoppers from communities scattered along Bonavista and Notre Dame Bays come to test and buy goods offered by Gander as a growing market town. (CP Photo)

Say Planes Dropped Poison Powder

PHNOM PENH (Reuters)—The Cambodian government charged Tuesday that South Vietnamese planes have dropped a deadly poisonous yellow powder over a large number of villages in the Andaung Pich region of Cambodia.

A government communique said that so far 70 persons have died from poisoning and many domestic animals have been killed.

It protested against what it called "this barbaric aggression by the armed forces of South Viet Nam against the civilian population of Cambodia."

Wellington

WELLINGTON—Mr. Seldon Way of Rochester is spending some time with his parents, Mr. and Mrs. James Way. Mr. Gerald Way of Belleville spent Saturday afternoon at the same home.

Mr. and Mrs. Robert Hubbs and Mr. Jack Hubbs and his two daughters of Toronto, were recent callers at the home of Mr. and Mrs. Clayton Stonsburg.

Miss Dorothy Taylor of Toronto is spending her holidays with Miss Marjorie Blakely.

Guests last week at the home of Mr. and Mrs. Charlie Wannamaker were: Mr. and Mrs. Fred Bruce of Ottawa, Mr. and Mrs. Allan Wannamaker and family of Trenton and Mr. and Mrs. Willis Wannamaker and Cecil of Fort Stewart.

BECOMES CHAIRMAN

TORONTO (CP) — Fernand Guidon, Progressive Conservative member of the Ontario legislature for Glengarry since 1957, was sworn in Tuesday as chairman of the St. Lawrence Parks Commission. He has been acting chairman of the commission since last September.

Gander Grows

From International Airport To a Modern Market Town

By ED WALTERS

GANDER, Nfld. (CP)—Hewn from the wilderness to meet the needs of budding transatlantic air travel, Gander has reached the point where it depends more on the shopper who comes by car than the traveller who arrives by jet.

The great international airport which was the reason for Gander's existence now accounts for only 35 per cent of the town's economy. Until 1958 it was directly responsible for 95 per cent of all wages earned here.

Mayor Jack Robertson says Gander's future lies in the fact that it is becoming a market town, with people from the hundreds of communities scattered along Bonavista and Notre Dame bays coming regularly to shop. The shoppers and local service industries support 65 per cent of Gander's economy.

The greatest changes have come about in the last three or four years, says the mayor. Around 1960 Gander was feeling the pinch as fewer and fewer airlines used it as a refuelling station. The long-range jet passenger planes didn't have to stop here.

At the same time new roads were being opened to communities along the coast previously reachable only by sea. The roads gave the people access to Gander, 135 miles northwest of St. John's and the nearest sizable town to most of them.

BUILD NEW ROAD

A road now being built to central Newfoundland from Bay d'Espoir on the isolated southwest coast will probably bring more business to Gander.

Although the road will join the Trans - Canada Highway closer to Grand Falls, 45 miles southwest of here, one Gander businessman says people will be more attracted to this town because of the excitement of its airport and modernistic terminal building.

It used to be that every time a new type of aircraft was developed, the pessimists would immediately predict Gander's demise. But the mayor says no one in Gander worries about the future any more.

The population in 1955 was 9,200. It now exceeds 7,000. Mayor Robertson says he's confident it will have 15,000 by 1975.

The general optimism may be attributed in part to the youthfulness of the people. The mayor puts the average age of the adult population at 35 to 40. Most started in airport jobs and almost all have skills.

Another boost for Gander is expected to come when a hydro - electric power project is completed at Bay d'Espoir. This will mean cheap power and could attract secondary industry, Mayor Robertson says.

SHORT OF HOUSING

The town proper, one mile from the airport, was only completed in 1955. Before that the airport's population lived in apartments left over from wartime buildings left from the Second World War.

This year the first new serviced building area since the town was built is being laid out. The people of Gander are accustomed to crowded living conditions and a chronic housing shortage. Many homes have basement apartments and all are filled.

Gander's first steel and brick apartment building, a 23 - unit structure costing about $850,000, will be ready this summer. All but three of the units were spoken for by mid-June.

An 80-room hotel was opened two years ago and a 180-bed hospital is almost completed. Most of the 160 persons to staff the hospital will have to come from outside Gander.

Heart of the town is the shopping centre with its dozen or so stores, a movie house, several restaurants, post office and a new Canadian National Telegraphs building that employs 130 people.

MOOSE WANDER BY

The residential section is like any new subdivision on the outskirts of a large Canadian city except that the backyards end at the edge of wilderness and a moose may look over the fence occasionally.

Most of the homes are on crescents off a main drive. Almost all the crescents are named for famous flyers or aviation pioneers.

The airport came into being at the beginning of the war and a bit of the swashbuckling flair of its first hectic days remains. It was from here that badly needed planes were ferried to Britain in the early days of the war. And it was shortly after taking off from Gander that Sir Frederick Banting, co-discoverer of insulin, died in a plane crash near Musgravetown on the east coast.

Mayor Robertson, who arrived here in 1957, thinks Gander is settling down. Three elderly men came here recently and began planning to build houses. They intend to retire in Gander—the first people to do so.

"Thank you for keeping an eye on it for me, young man."

Right Hotel, Wrong Party, Excuse Please

CANBERRA (AP)—Malaysian High Commissioner Tun Lim Yew Hock arrived at the Hotel Canberra Tuesday night to attend a cocktail party given by the Peruvian minister to Australia, Don Juan Patricio Gallagher.

Tun Lim calmed notables at the receiving line and suddenly confronted his host—Ambassador Brig.-Gen. Suadi of Indonesia, whose policy it is to crush Malaysia.

Right hotel but wrong party.

Saudi and Tun Lim smiled broadly at each other and shook hands.

Tun Lim entered the banquet hall and mingled with the other guests for 10 minutes before making a diplomatic retreat to the Peruvian party in another room.

Charge Napanee Man as Slayer Of His Wife

NAPANEE, Ont. (CP)—Basil Lemmon, 23, was charged with murder in magistrate's court Tuesday in connection with the shooting death Monday night of his estranged wife, Judy, 20.

Mrs. Lemmon, mother of two, died during surgery in Kingston, about 15 miles east of here, after she was wounded by two shotgun blasts in her husband's four-room home.

Lemmon was arrested in Pembroke, 110 miles north of here, early Tuesday when he drove through a red light. A .410-gauge shotgun was seized.

He was remanded Tuesday by Magistrate R. C. Jackson but no definite date was set for his next court appearance.

FOLLOW COOKS

ROTTERDAM (AP)—Passengers aboard the Holland-America Line's flagship Rotterdam will get a special Dutch treat on two of the ship's Atlantic crossings in October and November. They will be able to watch the ship's cooks prepare special Dutch dishes via closed-circuit television.

BAD HOT SEAT

HAMILTON (CP) — For the last 30 years, a family here has been living above enough explosives to blow their frame house sky high. H. E. Davey told police Monday he found 3,000 dynamite caps while cleaning out his basement. Police said the caps contained enough explosive to wreck the home.

Astrological Forecasts

by SYDNEY OMARR

For July 20

"The wise man controls his destiny . . . Astrology points the way . . .

Aries (Mar. 21 - Apr. 19): Day to be extremely frank. Stein a firm clearly through on ideas, projects. Those who are timid should be ignored. Put best foot forward — and show it!

Taurus (Apr. 20 - May 20): What you will discover about romance — is ultimately beneficial. All may not appear pleasant. But what occurs is to your advantage. Message clearest is. Intriguing.

Gemini (May 21 - June 20): You may receive some surprises when family members are concerned. Instead of being obstinate . . . understand the opposite view. Be proud instead of ashamed of "differences."

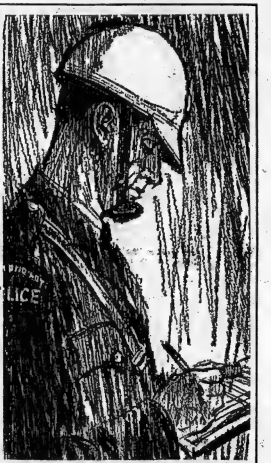
Cancer (June 21 - July 22): You need modern privacy . . . a time and place to think. Your responsibilities appear to "pile up." Take one thing at a time — finish present task. Be factual, avoid self-deception.

Leo (July 23 - Aug. 22): Your plans are sound. Your potential is promising. But your "management principles" appear weak. Apply self - discipline. More thought needed in area of finances.

Virgo (Aug. 23 - Sept. 22): Cycle has been higher in past. You need rest, time to formulate plans. No day for entering "choppy waters." Take advice offered by one with greater experience.

Libra (Sept. 23 - Oct. 22): Day to slow down. Hold off on final decisions, declarations. Avoid embarrassment by keeping open mind. Many of us are "sure" may reverse their po-s'tion. Wait and observe.

Scorpio (Oct. 23 - Nov. 21): Friends a--ear. Older individuals seeks your sympathy. Best to remain neutral. Don't become involved in family disputes. Hold fast to principles. Retire early, if practical.



Sagittarius (Nov. 22-Dec. 21): Express yourself. Day for bringing forth creative spark. Make changes. Time to take the lead by the horns. Make known your views. Don't be pushed or bullied.

Capricorn (Dec. 22 - Jan. 19): There are basic responsibilities which are for attention. Don't neglect them! No day for unnecessary travel. Time very valuable. Key word is reason.

Aquarius (Jan. 20 - Feb. 18): You want certain things based on change. But this is not the t--e! Be sensible, mature and patient. Message received today will help clarify matters.

Pisces (Feb. 19 - Mar. 20): Accent on savings, money, security. You can get what you want. But "hitch" is what you want is not what you need. Be neutral, diplomatic — and receptive to advice.

If today is your birthday . . . you have great sense of humor . . . you desire the spotlight . . . you would make wonderful entertainer.

Could your car pass a police spot check?

Your chances are poor unless your car is checked regularly. 3 out of 4 cars checked fail to meet minimum standards, 50% of all fatal auto accidents stem from mechanical failure. Don't wait for an accident or a police summons — get your car checked today and keep it in top shape.

New Bricks Made of Granite To Be Produced at Bancroft

BANCROFT — A revolutionary new type floor, wall and patio tile, building brick and slabs, has recently been developed by a Cardiff, Ont., man, Karl Burger.

Mr. Burger claims his patented process will produce these articles of greater strength when completed to similar products at present manufactured in Canada and products being imported into the country.

It is expected a new company, which will be known as the Burger Granelt (Ontario) Limited will go into production in the spring of 1968.

Original color of the granite will be maintained through the use of special machines which will be imported from overseas for the operation. The machinery, however, will include various combinations of dyes to meet modern designs in homes and industry as well as institutions.

Mr. Burger also stated that the firm will locate near Bancroft due to the area being a raising district area and the availability of high grade granite at low cost which would make the finished product competitive on the market.

Some fifty employees will be needed for various duties in the pilot plant. Extended future production plans would require some five hundred local employees within the next five years.

At a recent meeting of the company the following appointments were made: Karl Burger, president; Wm. T. J. Windsor, secretary; Mrs. L. L. Grandsam, treasurer, and Edward Stronge, manager, of Frankford, Ontario.

FAIR COST

Estimated cost of the 1967 World Exhibition in Montreal is $47,500,000.

NEW PRODUCTS DISCOVERED — A new type of tile and brick will be manufactured at Bancroft in the near future. Above is seen T. W. Windsor of Paudash at left with the president of Burger Granelt Ltd., Karl Burger, showing tile and brick samples at a granite site near Bancroft.

Student Loan Bill Is Given Senate Approval

OTTAWA (CP)—The federal government's student loan bill was given final approval by the Senate Tuesday.

The bill, which was debated for eight days in the House of Commons, received Royal assent from Mr. Justice E. M. Hall, acting as deputy governor-general.

Under the bill's provisions, the federal government will guarantee bank loans of up to $1,000 a year for five years for "needy" university-level students. Ottawa will pay interest charges while a student is at school and for six months after.

ARRIVE IN YEMEN

ASNA, Yemen (AP)—Seven Communist Chinese experts have arrived here to work on utility projects agreed upon during Yemeni President Abdullah Sallal's visit to Peking in May.

Motion Annoys Attlee Commonwealth Member

Member Suspended 3 Years

QUEBEC (CP) — An opposition member of the Quebec legislative assembly has been suspended for three years for accusing the provincial attorney general of bribe-taking without having a fact to back up his charge.

The assembly voted 53 to 23 Wednesday night to "put its doors to Yvet Gabias (Dr.—Trois-Rivieres), who was caught in the backfire of unsubstantiated allegations he had made against Attorney-General Rene Hamel.

Opposition Leader Daniel Johnson said a three-year suspension is unprecedented in Canada. Legislative experts here agreed.

Premier Lesage presented the motion which bars Mr. Gabias from taking his seat again until the end of July 1967, by which time presumably another election will have been held. Financially, it will cost him a total of $45,000—the sessional indemnity is $10,000 plus an allowance of $5,000 for travelling and office expenses.

Just before Mr. Lesage rose to make his motion, Mr. Gabias told his fellow members he was justified in believing the sworn statement of Amedee Bellemare, a Shawinigan, Que., contractor, without verifying the facts. Mr. Bellemare said he twice under oath during 1962 that he gave Mr. Hamel—who at that time did not hold the attorney - general's portfolio—$1,500 to get a gravel contract on a road-building job in 1960.

The legislative assembly's committee on privileges and elections held six days of hearings into the bribery allegations after Mr. Gabias tabled the Bellemare statement June 30. It voted unanimously in favor of a report saying the accusation of influence-peddling was without foundation.

Red Ensign Appeal Gets Little Support

OTTAWA (CP)—Prime Minister Pearson indicated in the Commons Wednesday there has been little response in his office to Opposition Leader Diefenbaker's broadcast appeal last week for letters to the prime minister in support of the Red Ensign.

Douglas Fisher (NDP—Fort Arthur) asked Mr. Pearson what additional staff had to be taken on to handle the flood which Mr. Diefenbaker had called for in a CBC television broadcast, The Nation's Business.

Mr. Pearson said that so far as his own office is concerned, it was found that "one extra employee has been able to deal with the matter in oh, let us say in a few minutes each day."

Today's Chuckle

Adolescence is when you think "It'll live long Middle age is when you wonder how you've used so long.

THE WEATHER

Synopsis: Sunny cool weather will continue through Friday in mainland. However considerable cloudiness and a few showers are expected over Northern Ontario today.

LONDON (CP)—Earl Attlee, former Labor prime minister, has charged Sir Alec Douglas-Home with using the recent Commonwealth prime ministers conference for domestic political profit.

With Parliament about to slide into a general election in the offing, Attlee told the House of Lords Wednesday:

"I was hoping that attending the Commonwealth conference, the prime minister might have got away from being a party propagandist and might have become prime minister."

Attlee attacked a government motion, moved by Lord Carrington, leader of the House, calling attention to the conference communique. He was puzzled by the motion because Commonwealth conferences had never been debated before.

"It is undesirable that we should have a discussion of this kind," Attlee declared. "The prime ministers are all equal. The conference was not the action of the British government, but only a number of governments.

"We had to wait until the last part of Lord Carrington's speech and there the object came out. The object was to give a boost to the prime minister at Great Britain."

Douglas-Home, a former Commonwealth secretary, received considerable praise from other premiers following the conference and Canada's Lester Pearson was among those paying tribute to his chairmanship.

Attlee had suggested before the July 8-15 meeting that Harold Wilson, Labor party leader, be invited to sit in but Douglas-Home, in the same Commons-tive leader last October, vetoed this.

Attlee himself presided at three prime minister's conferences, including the 1946 meeting at which India decided to remain in the Commonwealth after becoming a republic.

Carrington, introducing his motion, spoke of gloomy predictions before the conference. These had been completely refuted by its success and the striking decision to preserve and strengthen the association. He added:

"This meeting may well be the turning point in the future of the Commonwealth. One of the reasons why the conference was so successful is that the prime minister . . . was in the chair and set the tone for the meeting."

It would not be too much to say that this was a personal triumph, and widely recognized as such."

Lord Ogmore, Liberal party president, lauded the motion as an opportunity for expressing thanks to all the premiers. Tory lords also defended the motion.

RESERVES ARE LOW

TORONTO (CP) — Blood reserves at hospitals here are dangerously low but Red Cross said Wednesday. It said more than 2,800 bottles of blood are needed over the weekend if supplies would be completely exhausted by be weekend. It is expected that special clinics over the next few days will produce 1,600 bottles.

CHAMPAGNOLE (AP) —The damp cold of a collapsed limestone mine's depths threatened the safety of three of nine trapped miners today as rescuers intensified digging operations.

"You better hurry and get us out soon" Andre Martinet, foreman of the unwounded men, pleaded through a two-inch tube that drillers had lowered into the miners' isolated chamber.

Martinet said three of his comrades were showing signs of nervous strain and collapse.

He said they were affected by the cold and the high humidity and their sense of isolation.

Martinet and others in his group expressed consternation when they were told engineers planned to blast a 100-yard long horizontal tunnel through the rock as a backstop for the escape shaft to be sunk vertically.

"You'll bring the roof down on us if you blast," Martinet said.

He was assured that mining engineers were certain that dynamiting charges would be too weak to cause another cave in.

Officials continuously passed down food, warm drinks and warm clothing and did all they could to comfort the miners, trapped for three days 300 feet below the surface of Mt. Rivel.

Food and wine were lowered to the entombed miners Wednesday along with first aid supplies for those who were slightly injured by the cave-in Monday.

Playing cards went down to help them pass the time.

"We are all fine, but we are going to sleep now," fireman Andre Martinet told his daughter Janine shortly after midnight through a microphone lowered through the supply tube.

Above ground it was the third night without sleep for many of the workers who hope to have the men out by the end of the week.

This morning a three-inch oil drill broke through into the mine 300 feet below and the rescuers made preparations to enlarge it into an escape hatch.

Champagnole Mayor Andre Socle said the guide drill had gone through hard, solid rock. He said this would slow up the work but meant the evacuation could be carried out in conditions of greater safety.

He added that there had been no trace of rock slides or further earth movements during the drilling.

Other teams made much slower progress working into the mountain horizontally in search of five miners who have not been located. They are believed to have been caught in the cave-in and little hope is held for them.

A team of local mine specialists working their way downward an old ventilation shaft from the side of Mount Revel struggled throughout the night to dig through a wall of thick soft clay strewn with rock. The work was extremely dangerous and delicate and only two men working by hand could operate at the head of the tunnel at the same time.

TSHOMBE SPEARHEADS A STROLL — Spear-carrying Ngwesha warriors follow Premier Moise Tshombe of the Congo, centre, foreground, as he makes a tour of the rebel-held area of Walungu, 40 miles from Bukavu. Tshombe received a generally warm welcome in the area. He has launched a policy of reconciliation of all the opposing Congo forces in an effort to attain a united Congo.

Indian Council Shifts

By CARL MOLLINS

SAULT STE. MARIE, Ont. (CP)—The fourth annual conference of the National Indian Council of Canada moved camp today to Sault Ste. Marie Arm orries from nearby Garden River Ojibway reserve as a rift in council ranks grew.

The shift of locale, arranged late Wednesday night at a stormy room meeting attended by three of the 17 councillors, constitutes an affront to hoof Chief Richard Pine of the Garden River reserve. It complicates confusion which has already produced conflicting agendas, a public scrap between rival Indian beauties and a quiver full of lesser mixups.

The split in Indian ranks pits Council Chief William Wuttunee and his supporters against mutinous Mohawk Kahn - Tineta Horn and her friends, who include Chief Pine.

Chief Wuttunee, a Calgary lawyer, along with councillors Wilfrid Pelletier of Toronto and Noel Wuttunee of Winnipeg, the council brothers, arranged the move to the armories after the council power struggle came to a head during the first afternoon of the scheduled three-day conference.

They gave as their reason for the move "inadequate facilities" for about 100 delegates in the two-storey council hall at Garden River. However, they said they would continue to accept meals at the reserve, most of which are being provided free by the Ionia.

Miss Horn, a Montreal fashion model chosen Indian Princess of Canada by the third annual conference in Winnipeg last August, has been at odds with Mr. Wuttunee since he announced in June that she had

Ranger Sails Through Space, Given 80-Per-Cent Chance

PASADENA, Calif. (AP) — Scientists watched with growing confidence today as Ranger 7 sailed peacefully through space with a cargo of cameras now given an 80-per-cent chance of snapping closeups of the moon.

Radioed information indicated all instruments aboard the 806-pound vehicle were in normal condition, including the television system designed to go into action just before impact at 9:25 a.m. EDT Friday.

There was no threat so far of the technical troubles that foiled six previous Ranger shots.

Dr. William H. Pickering, director of the jet propulsion laboratory which made and is guiding Ranger 7 on its 228,000-mile voyage, says the insect-shaped spacecraft has passed the worst of its hurdles and has a four-out-of-five chance of success.

He raised the odds from 50-50 Wednesday after a minor trajectory adjustment 100,000 miles out in space aimed Ranger 7 at a 50-by-300-mile area in the Sea of Clouds, just southwest of the centre of the moon.

Ranger 7 now is cruising idly while scientists determine whether one final correction must be made before the spacecraft plunges into the moon at 5,000 miles an hour.

Its six cameras, peering out a hole in the side of its cone-shaped body, must be pointed straight down when they begin snapping 4,000 pictures in the final 13 minutes of flight.

If the craft is in proper position no correction will be made. Otherwise, they will be sent a signal one hour before impact to roll the craft around in space until the right photographic angle is achieved.

National Aeronautics and Space Administration officials say any photographs obtained will be released within 24 hours.

Pickering said the Sea of Clouds was chosen as a target because it is in the half of the moon that will be lighted by the sun at time of impact.

Assail Socred Regimes

By RONALD LEBEL

OTTAWA (CP) — The Commons was shifted its locale of fire Wednesday, aiming pot-shots at the Social Credit governments of Alberta and British Columbia instead of the federal Liberals.

H. W. Herridge (NDP — Kootenay West) accused both governments of being autocratic and trampling on the rights of the individual.

Jack Horner (PC — Acadia) said the Alberta government is dragging its feet on water and soil conservation projects even though serious drought conditions have existed in many areas of the province.

They spoke in the third day of debate on a measure giving the government $598,000,000 worth of spending authority for August and September. The debate continues today.

Five Conservative speakers, who dwelt on forestry and rural development matters, were joined by three speakers from the small parties as they continued their one-department-a-day strategy. There were no Liberal speakers.

Today the Conservatives are expected to discuss matters under the immigration and citizenship department. Conservative sources predict debate on the money bill will continue for several more days.

$775 ACT REPEALED

Mr. Herridge called on Justice Minister Favreau to exercise the rarely-used federal power to disallow provincial legislation less than two years old and throw out a recent B.C. act establishing the hydro and power commission.

A section of the act exempted the authority from all other B.C. statutes and he said law-

Saskatchewan MP Accused Of Threats Over Farm Aid

OTTAWA (CP) — Conservative MP Jack McIntosh stands accused by a federal judicial inquiry of pressuring a government agency to pay crop-failure benefits sent to about 1,000 farmers in his Saskatchewan constituency in 1963.

Mr. McIntosh, MP for Swift Current - Maple Creek, immediately labelled the document a politics report politically-slanted by a defeated Liberal candidate, Judge Harold W. Pope of Moose Jaw, Sask.

Ironically, Judge Pope's inquiry stemmed from complaints made by Mr. McIntosh over the dismissal of George Walker, Swift Current area supervisor for the Prairie Farm Assistance Act, after the Liberals took office from the Conservatives in April, 1963.

Judge Pope, in a 20,000-word volume submitted to the federal government June 10, upheld Mr. Walker's dismissal and found there were irregularities connected with payments in farmers from PFAA funds built up from farmer contributions.

No amount of over - payment was given although a previous parliamentary inquiry, touched off by Mr. McIntosh's complaints, found millions of possibly $500,000.

In effect, Judge Pope says Mr. McIntosh blocked an inves-

Rhodesian Police, Troops Storm Fortified H.Q.

Learn Women, Children Burned Alive in Huts

LUSAKA (Reuters) — Thirty-six members of the fanatical Lumpa Church religious sect were killed today when Northern Rhodesian troops and police stormed and occupied their fortified Sioma village headquarters near Chinsali, Northern Province, according to first reports.

A government spokesman said about 100 were injured as well as two soldiers.

Riot police used tear gas to clear the sect's main church of women, the spokesman said.

People from surrounding villages were reported flocking into Chinsali and gathering at the local administrative headquarters.

A government spokesman said today reports reaching Lusaka indicated the Lumpa followers attacked the army after rejecting calls by the district commissioner to come out peaceably.

Both the village of Sioma and the sect's large brick church were occupied, but the whereabouts of the sect's leader, "prophetess" Alice Lenshina, was not known, he said.

Sioma village, about seven miles west of Chinsali, was formerly known as Kasomo. Lenshina changed the name to the local version of the biblical "Zion."

TROOPS ON WAY

Army units were also sent to a stockaded Lumpa village southeast of Chinsali today, but reports of progress had not yet come in, the spokesman said.

Terrified refugees said Lumpa warriors speared 50 African men to death in two North Rhodesia villages, drove the surviving women and children into grass huts and burned them alive.

The refugees from neighboring villages said 300 men, women and children died in the slaughter at Chipwata and Etmbundo, near the sect's headquarters.

Some 1,600 Africans fled to Mulanga, six miles away, seeking protection from the authority of Alice Lenshima who have been on a rampage since her conviction and looting for more than a week.

Previously the government had reported 41 dead, including 30 Lumpas and three policemen.

ILL NOT APPEASE

Prime Minister Kenneth Kaunda, head of Northern Rhodesia's first African self-government promised: "There will be no appeasement of the sect."

Kaunda's minister for Eveiyn Hone flew with Kaunda Wednesday to Chinsali, the centre of the violence 300 miles northeast of Lusaka.

The Lumpa outbreak was touched off when a young member of the sect was punished for playing football on Sunday. The relative who belongs to Kaunda's United National Independence Party—long at odds with Alice and her followers—handed out the punishment.

Alice, whose 30-year-old movement has attracted thousands of fanatics, claims she returned to

(Continued on Page 12)

New Issues Roadblock Settlement

TORONTO (CP)—One major obstacle to settlement of a newspaper printers' strike here has been removed but a series of other issues replaced it today as the walkout entered its fourth week.

The International Typographical Union (CLC), which calls the situation a lockout, said 20 changes in previously agreed-to contract clauses were proposed by management Wednesday after the disputants settled the one-time key issue of jurisdiction over electronic computers on the three dailies.

The union contended in a statement Wednesday night that the changes would "have the effect of operating open shop (non-union) composing rooms."

"We do not agree," said a statement from the management, which made no further comment.

The union, whose 680 printers walked out July 9, and the papers, which have continued to publish, resume negotiations today under the eye of Louis Fine, chief conciliation officer for the Ontario labor department. It is their 12th day of government-supervised talks.

Wednesday's settlement of the question of jurisdiction over computers and computerized composing room work cleared the way for point that led to the strike, but it appeared that the new issues were mainly matters that had been proposed in an abortive post - walkout meeting by management July 13. They were rejected then by the ITU.

Management at that time proposed a lifetime guarantee against unemployment resulting from automation for present printers in return for abolition of certain make-work practices which the publishers call featherbedding, the removal of foreman and their assistants from union jurisdiction and a two-year extension in the next contract to make it run to Dec. 31, 1966.

Local ITU President Robert McCutcheon said most of the 20 management - proposed changes related to these points, but that at least one of those raised by the publishers Wednesday were in addition to them.

One union informant said the changes included wage increases that would be put into effect by the publisher July 9 in line with agreements reached on a series of pre-strike negotiations but not signed into contract pending settlement on computer operations. There was no confirmation from management on this.

A management informant said, however, that the parties were expected to press for the July 13 points.

On the computer issue, the union has steadfastly taken ground from its stand for jurisdiction all the way on material being fed into the data-processing centres for composing and printing. The companies had been willing, it was believed, to let ITU members handle material on the way in and coming out of, but not passed through, the computers, because of the multi-purpose nature of the machine.

A statement from Mr. Fine Wednesday, however, said there had been "complete settlement on all aspects" of the computer question.

A company statement said there would be no ITU men in the data-processing centre, but the question could be reopened six months after the start of operations of the multi-purpose computer now being installed.

Damp, Cold Air Threatening Safety of Three Trapped Miners

Modern Science Not Sure Why the Apple Fell Down, Einstein Couldn't Prove It

By LAWRENCE MALKIN

LONDON (AP)—It's just 300 years since that apple fell on Isaac Newton's head, and modern science still isn't sure why.

Even Albert Einstein's theory of relativity doesn't fully explain why the apple fell down instead of up.

Gravity is an unsolved mystery.

A Cambridge University astronomer, Prof. Fred Hoyle, 48, who also works at Mount Wilson and Palomar observatories in California, has a new theory.

Recently Hoyle and an Indian mathematician colleague, Dr. Jayant Narlikar, 25, chalked a series of equations on the blackboard at Britain's Royal Society.

Some scientists wave openly skeptical; others noted dutifully the equations conveniently support another of Hoyle's pet theories—that continuous creation of matter in the universe.

But to get back to Newton:

If you hold an apple in your hand, you note its weight, its sense of solid mass and its drop toward the ground when you let it go.

Newton reasoned that mass is a fundamental attribute of all matter — from apples to planets.

Newton formulated the law of physics which says any two bodies are attracted to each other. That's gravity — and it can be measured by multiplying their masses, dividing the result by the square of the distance between them.

EINSTEIN'S THEORY

During the 19th century, astronomers observed that some planets didn't exactly follow Newton's laws. Einstein theorized that gravity was a result of the structure of the universe. Space and time combined in a huge continuum like a huge magnetic field. The magnet would still exert its force (gravity) even if the iron filings (matter) that demonstrate the magnetic field were swept away.

Experiments bore out this theory. But physicists find it still isn't perfect.

To Hoyle, the idea of gravity with nothing for it to act on offends common sense. His equations modify Einstein. Many of the results are the same, but the route is different.

Hoyle has in effect gone back to Newton. He says that the gravity which holds the universe together depends on the interaction of all its separate bodies — planets, moons, stars and galaxies.

Hoyle and Narlikar have produced equations estimating the pull of the universe on any single body within it. They bring in such factors as the density of material and expansion of the universe to reach some of the predictions of Einstein reached by pure mathematics.

Hoyle points out that the theory of relativity is reversible. Gravity can repel just as easily as it can attract. So there is no reason under Einstein's theory why the apple shouldn't have gone up instead of down, or why the sun shouldn't repel the earth instead of attracting it into a fixed orbit."

But astronomers haven't observed anything like this. Smaller bodies are always attracted in larger ones. Apples always fall downward.

MACH ON MASS

Einstein played with the concept. Hoyle has taken up-to-universal interaction of gravity. Ernest Mach, a German whose name survives in the Mach speeds of supersonic airplanes, believed in 1893 that because the distance between the earth and the sun varies each season, the mass of the earth also should vary.

This should be measurable by its effect on the orbits of other planets, but it wasn't. So Einstein abandoned the idea.

Hoyle maintains that equations show that while the earth's distance from the sun does vary, the mass of the earth does not. Why? Because the earth is always interacting with its effect on the universe, cancelling out the sun's effect.

Hoyle admits that right now he can't prove his theories.

He must wait for more accurate observations during solar eclipses. It may be that Hoyle's next step will come from nuclear physics—in the miniature solar systems and universes that are the interior of the atom.

No Mail Delivery Here Civic Holiday

There will be no usual delivery on Monday, August 3rd, Civic Holiday, it has been announced by local Postmaster J. A. McKenzie.

However, special delivery service will be available and all mail will be received and despatched as usual.

Regular mail box collections will take place in the evening only. No window services will be provided but the lock-box lobby at the post office will remain open from 6.30 a.m. to 6.00 p.m.

City Water Supply to Undergo Tests

There is a problem these days with the local water supply. Whether it is an odor or taste problem, however, is debatable.

The Belleville Public Utilities said this morning that they are aware of the citizens' plight of problem and are doing everything in their power to correct the "weedy flavour."

The Utilities said this morning that officials from the Ontario Water Resources Commission are coming to Belleville the first of next week to run a series of tests and experiments on the city water supply to see if the taste or odor can be eliminated.

The temperature of the water as it leaves the plant is thought to be one of the major reasons for the difficulty. The water is pumped from the plant at a temperature of 80 degrees. "At this temperature," said an official of the Utilities, "it is almost impossible to make the water palatable."

No miracles are promised from next week's research by the Ontario Water Resources Commission, the Utilities people say they are hopeful.

In the meantime, "Bottoms up."

"Ugghhh!"

Pt. Anne Man Elects Judge, Jury Trial

John Wesley Cummings, 46-year-old Point Anne man charged on three counts of endangering life after a shooting spree near his home two weeks ago, has elected trial by judge and jury.

Mr. Cummings made his election when he appeared with his counsel, Ben Dafoe, before Magistrate T. Y. Wills today.

A preliminary hearing was set for August 5th.

Mr. Cummings was arrested July 16th after members of his family had been shot at on the Point Anne lane.

Bail will await the preliminary hearing at the request of crown attorney John Pringle.

It would rather your worship hear the evidence, he told Magistrate Wills. "I don't like to force my views (on bail). They are rather strong in this matter. It's a serious offence."

Who Stripped Fireman's Park, And Why?

What's happened to Fireman's Park at the south end of Front Street?

There are no park benches; the grass is dried up and is sadly in need of a manicuring; the fountain is dry, and the flower bed has disappeared.

Even with the exception of the grass itself, about the only place to sit in Fireman's Park is at the log cable monument to the United Empire Loyalists.

It is realized of course, that park benches may be an invitation for the "wines" to have a snooze in the shade, but at the same time there are many perfectly law abiding citizens who might enjoy a brief rest in Fireman's Park without going all the way to Victoria Park south of the tracks.

COFFEE ORIGINS

Coffee was first eaten, later used as a wine and medicine and not until 700 years ago was it sipped as a beverage.

Obituaries

ELECK M. STIMEARS

TRENTON — On Tuesday, Rev. George Wright of Smithfield United Church conducted a service in the Weaver Funeral Home in Trenton for Eleck M. Stimears, former resident of Bancroft, who died at the Hastings County Home in Belleville last Saturday, at the age of 85.

Bearers were Harold and Douglas Hurst, Alvin Rowland and Larry Alexander and interment was in Mount Evergreen cemetery.

Mr. Stimears was born in Dungannon township, the son of the late Mr. and Mrs. William Stimears, and had spent all but the past ten years of his life in the Bancroft area. He was a retired farmer.

He is survived by four nieces, Mrs. Thomas Bateman, R.R. 2, Carrying Place; Mrs. Archie Donaldson, R.R. 2, Brighton; Mrs. Lillian Bateman, Belleville; Vancouver Island and Mrs. Jerome Vanhaege, of Saunders, Ont.

Mr. Stimears was predeceased by his wife, the former Mary McConnell, a sister, Mrs. Mary Schriver and a brother, James.

CLAYTON LLOYD BLATHERWICK

Bannockburn

MADOC — The funeral of Clayton Lloyd Blatherwick of Bannockburn was held Tuesday afternoon, July 28th, with service conducted by Rev. MacKenzie Funeral Home, Madoc, by Capt. J. H. Thompson.

Members of the Royal Canadian Legion formed a Guard of Honor at the funeral home and cemetery.

A graveside Legion service was held under the direction of Branch 340, Madoc, with Bro. Thompson, Branch chaplain, officiating. Last Post and Reveille were sounded by Bugler Harold Brintnell.

Pallbearers were: William McCoy, Wally Wright, Jack White, Leslie Ray, Charles Griffin and William Norman.

Interment took place in El dorado cemetery.

EDWARD J. MERAW

Tudhury and Madoc

MADOC — The funeral of Edward J. Meraw, 66, of Tudhury, was held on Tuesday morning, July 28th from the MacKenzie Funeral Home, Madoc, to Sacred Heart of Mary Church, where a Requiem High Mass was celebrated by Rev. Fr. J. O'Neil.

The large number of relatives and friends in attendance at the many spiritual offerings attested to the high esteem in which the deceased was held.

Bearers were Jim Golan, Jim Gilbride, Lawrence Meraw, Ted Meraw, Jack Rooney and Jim Feeney.

Interment took place in Sacred Heart of Mary cemetery, Madoc.

HENRY (HARRY) HOLLAND

The funeral of Henry (Harry) Holland was held this Thursday afternoon from St. Michael's Church conducted by Rev. J. J. Sullivan. Arrangements were made by the Corbett Funeral Service of the late George F. O'Brien.

Interment was in St. James' Cemetery. Prayers were said at the graveside by Rev. P. J. McAvoy.

Bearers were Douglas Preston, Godfrey Donoghue, Max Peoples, Web Lathrop, Carl Ray and Arthur Dalnard.

See No End To Detroit Papers' Strike

DETROIT (AP) — Detroit's newspaper strike goes into its 17th day today with no end in sight and 21,000 subscribers scrambling for word about what's going on in stores, theatres and around the world.

It is the seventh time in nine years that the two newspapers, the Detroit News and Detroit Free Press, have been shut down by a labor dispute. The longest was 47 days in 1955.

Two local unions of the International Printing Pressmen and Assistants Union of North America are on strike against the two papers. They are Local 13 of the pressmen's union and Local 10 of the paper and plate-handlers union.

Since the strike started the two papers have laid off about two-thirds of their 4,100 employees. Lawrence Wallace, secretary of the Detroit Publishers' Association which represents the two newspapers in the dispute, said there were 291 pressmen and 156 platemakers employed before the strike.

Youth Program
Teen-Agers Fill Big Gap In Recreation Program

By JIM ANDERSON

WINNIPEG (CP)—Nearly 300 teen-agers are attending a provincial leadership school this summer, in a growing movement that is important part in Manitoba's recreation program.

The high school students are spending two weeks at camp on Lake Winnipeg, 55 miles north of Winnipeg, conducting a wide range of group activities and picking up some of the skills of teaching.

They're learning how to conduct meetings, the use of audio-visual aids in teaching and are receiving instruction in such sports as football, basketball, gymnastics, archery, tennis and horsemanship.

Allan Miller, director of the provincial welfare department's two-year-old fitness and amateur sport branch, says a follow-up study was done on last year's campers. It showed many had become leaders in schools, Girl Guide and Scout groups, especially in smaller communities.

The results of the province's first leadership school prompted the branch to increase the camp to two sessions, operating July 5-18 for boys and July 19-Aug. 2 for girls this year.

LEADERS NEEDED

Miller said the people of Manitoba live in two areas—the Winnipeg area but most of the rest are rural, and it sometimes isolated communities.

In rural Manitoba the burden of recreation work falls on small groups which have no trained or professional leadership, Mr. Miller said. For example, Manitoba's Mennonite and Brandon have the only YMCAs in Manitoba.

The camp also ran out of a 1963 survey of 35 Manitoba communities. "Their constant cry was that their young people didn't have the opportunities to develop the leadership they needed."

The fee for each camper is $50 but Mr. Miller said the results of the first camp had produced such an enthusiastic response that many organizations are sponsoring most of the teenagers attending.

"We have had many comments that the young people came back from camp not just with skills and knowledge but with more confidence and ability to conduct group activities."

About two-thirds of the campers are from outside the Winnipeg area, and an effort is being made to increase contact between rural and urban teenagers.

Remand Youth For Sentence

A 19-year-old Middleton Park youth, paroled last month from the Ontario reformatory, today pleaded guilty to theft of an automobile and gasoline.

Barrie Adams was remanded until tomorrow for sentence after Magistrate T. Y. Wills heard the youth's record and commented: "It's a fact that he has continued to commit criminal offences."

The charges were laid by Trenton police after Adams took a friend's car for a trip to Montreal.

Bench Upholds Dismissal of Two Policemen

TORONTO (CP)—Mr. Justice R. A. Ledit upheld Thursday the dismissal of two Guelph policemen last May for taking the law into the hands of three anonymous letters to the mayor of Guelph and the chairman of the Guelph Police Commission.

Constables William L. Potter and Kenneth J. Guthrie were dismissed after their fingerprints were found on typewritten letters mailed in police department envelopes last March.

The letters, addressed to Magistrate H. R. Howitt and Mayor R. W. Smith, were critical of other Guelph policemen's many girlfriends, of his rapid promotion in the force and of his being seen going through wastepaper baskets in the police department office.

Both policemen denied any knowledge of the letters and said they might have handled the paper before anything was written on it.

They were found guilty of bringing discredit on the reputation of the police, contrary to the Police Act.

Will Leave To Escape Deportation

OTTAWA (CP)—Former Dominican strongman Arturo Rodriguez Espaillat will leave Canada Friday voluntarily to escape being taken into custody and deported.

The immigration department said Wednesday that it was advised of Espaillat's decision by his Ottawa lawyer, Jean-Charles Sim.

A department official said only that Espaillat has made arrangements to go to an unidentified European country. He said that Espaillat requested the department not to identify the country which has agreed to accept the 41-year-old former head of the pre-Dominican police under slain dictator Rafael Trujillo.

The deportation order against Espaillat, which was issued July 17, 1962, does not apply to his wife or to children who are attending school in Ottawa. They will remain in the capital for at least a year.

Mama Spider Has Family In Man's Ear

DUNDAS Ont. (CP)—There may be a long medical name for it but as far as Barrie Sharp is concerned, the term is bugs in the lugs—and it hurts.

When a mamma spider and two little baby spiders take up residence in your ear, you could get coliwabs in your head.

It started a week ago when Mr. Sharp was working under his car.

"I felt something plop into my ear," he said, "but I didn't think anything of it at the time."

For the next few days the sensation was like having water in the ear after swimming. Then the sharp pains started so he went to the hospital.

There was one big spider on each eardrum with two others—one dead—so small they were almost invisible.

The doctor figured that a couple of eggs had hatched in there," Mr. Shaw said. "The big spider was still so much alive it was waving its claws at the light he put into my ear."

Saved Life Of Police Chief, Ends in Jail

ROCHESTER, N.Y. (AP)—A Negro woman, who may have saved the life of Rochester Police Chief William Lombard during a 1962 robbery spree, was arrested Wednesday on a charge of having wound up spending three nights in jail.

The chief confirmed Wednesday that Mrs. Juanita High, 32, helped free him from the cramped car of angry mob, which he was attempting to calm Friday night.

Mrs. High was seized along with others later that night when she apparently wound up in the middle of smashwooping mob violence and was included in a police roundup of a group of Negroes.

Mrs. High, a divorcee with an adopted daughter, 2, and who is foster mother to an eight-month-old boy, was released without bail Wednesday.

Lombard learned of Mrs. High's plight after the telephoned to inquire about the injuries he suffered at the hands of the mob. She overturned his car and set it afire. He later told her to his office where he thanked her.

Mrs. High gave this account of the incident:

"I saw a crowd gathering around a car, and I could sense something was going to happen. There were four youths near the chief, and I saw that they had themselves a dagger.

"They were saying something about 'let's get him'. . . .

The chief's face already was busted up and burning. He was hurt himself, and I knew he could be killed, so I just kept tugging along at him and pretty soon we were in the clear and running away."

DEATHS

WHITE, Grace Alecka — Passed away at the Kingston General Hospital Thursday, morning, July 30th, 1964. Grace Aletha White, 320 John St., Belleville, in her 70th year. Beloved wife of Mr. Harold White and daughter of Mr. and Mrs. Harry Ellis of Belleville, also survived by sister, Mrs. Annie Wilson, Hagerville, Ont.; Leslie, Wilson, Oshawa; Arthur Wilson, Trenton, and Harry Wilson, Belleville. Resting at the Pinkston and Lapsley Funeral Home, 257 Dundas Avenue at Church St., Belleville. Funeral service will be held upon Tomorrow's edition.

WARD — Suddenly at her home, away at Belleville General Hospital on Wednesday morning, July 29, 1964, John Wilson Street, Belleville, in her 85th year, Son of the late Mr. and Mrs. Fred Brown, and beloved husband of Lorne Ward. Loving daughter of Georgia Ann Brown, Mrs. Ward, Belleville, Mrs. Ethel Brown of Orangeville, Mrs. Lorraine Bertram of Belleville and Mrs. Jean Brown of Calgary, Alberta. Resting at the John R. Bush Funeral Home, 62 Bridge St. E., Belleville, for service in the chapel Friday, July 31, 2:30 p.m. Rev. Archdeacon A. S. McConnell officiating.

Interment Belleville Cemetery.

IN MEMORIAM

JONES — In loving memory of a dear husband, Harold Jones, who passed away July 30, 1960.

I have lost my soul's companion,
My life's true friend and love.
And day by day I miss him more,
As I travel life's road alone.
Lovingly remembered by his wife
Gertrude.

JONES — In loving memory of a dear father, Harold Jones, who passed away July 30, 1960.

Gone dear father, gone forever,
How we long for your return.
Not you left us to remember,
Who on earth can take your place.
A happy home we once enjoyed,
But that home has gone,
Since you had left a loneliness,
The world can never fill.
Lovingly remembered by daughter Gladys, son-in-law Ronald and grandchildren.

CARDS OF THANKS

I wish to sincerely thank my lovely friends, relatives, for their lovely cards, flowers and prayers. A special thank you to Dr. Bell and the staff of the Belleville General Hospital, Mrs. Welsh, Mr. Gordon and Mr. Reid, Mr. Bell, the nurses and staff of second West and first West, for being so kind and considerate to me while a patient in Belleville General Hospital. To those who so kindly made it possible for me to be in my own home today to see me. Everything was appreciated.
W. J. Logue, Foxboro.

We would like to thank the nurses on the 3rd floor of the hospital and Dr. Dolan for their loving care given a dear wife and mother, Mrs. Jeannette Mackie, who died following her long illness. Special thanks to Rev. Kenneth Smith for his comforting words. Also to friends and neighbors for the many cards and floral tributes.
George Wallace and Mrs. Bob Gleason and Mrs. Ramona Long.

I wish to express my sincere appreciation to relatives, friends, neighbors and fellowworkers for floral tributes, cards and many acts of kindness during my recent bereavement.
Burton R. Ketcheson, Foxboro.

DISCUSS REFUGEES

RAWALPINDI (AP) — The Home Ministers of India and Pakistan, Gulzari Lal Nanda and Habibullah Khan, will meet soon to discuss the mass flow of refugees across their borders in the east due to inter-communal conflicts.

Greeks Reject American Proposal

ATHENS (Reuters) — Cypriot President Makarios told a press conference today the Greek government had rejected suggestions on the Cyprus crisis made by Dean Acheson, President Johnson's special envoy.

The Archbishop termed Acheson's proposals "absolutely unacceptable."

He also expressed satisfaction that "self-appointed mediators" had failed to deviate the Cyprus problem from its international course.

Makarios planned to return to Nicosia tonight after three-day talks with the Greek government on the Cyprus crisis.

The Acheson plan called for union of Cyprus with Greece and secession to Turkey by Greece of the small Dodecanese Island of Castellorizon, close to the Turkish coast.

It also suggested the installation of a Turkish military base on "Greek" Cyprus and compensation to Turkish - Cypriots willing to quit the island and settle abroad.

Editor Catches Big Pickerel

Vacationing city editor Claude Tee landed an 8½-pound pickerel in Hay Bay.

Mr. Tee said he caught the beauty on a shyster crab at the end of 150 feet of line.

It was the only one he hooked.

"They're just not biting," he said.

Plan to Clear Quebec Areas

MONTREAL (CP)—Plans to clean up the Quebec countryside in time for the 1967 Montreal world's fair were announced today by Agriculture Minister Alcide Courcy.

At a press conference at nearby St. Joseph de Chambly, Mr. Courcy said prizes worth $115,000 will be given to farmers who undertake to beautify their property in honor of the fair.

Farmers will have to paint barns, dig up weeds, clear away stones and rocks, remove rusting machinery from the sight of highways, improve access roads, plant trees, attend to erosion and grow flowers.

Adjudicator Named for Drama League

SIMCOE (CP)—Stanley Richards, New York writer and critic, was chosen Wednesday as preliminary adjudicator by the Western Ontario Drama League here.

Mr. Richards will view presentations by the 17 member groups of the league and select five finalists for a festival to be held in Woodstock April. Winner of the festival will go on to the Dominion Drama Festival in Brockville in May.

Thomas Naylor of Woodstock was chosen chairman of the league festival. Members also approved the readmission of Chatham and Hamilton drama groups which had previously left the organization.

UK Rivalry Over Eggs

LONDON (CP)—In Gulliver's Travels, Jonathan Swift satirized 18th-century manners with a description of the bitter rivalry between people who opened their soft-boiled eggs at the big end and those who opened them at the small end.

In modern Britain there has long been an equally irrational rivalry between people who prefer brown eggs and people who prefer white eggs.

Recent reports indicate the brown-egg stakes are winning hands down. They even received royal support when the Queen took an Edinburgh women's meeting: "I always think brown eggs look so much nicer."

Scientists treat the brown-egg trend with scorn. Tests show white eggs are just as nutritious as brown and cheaper to produce because white-egg-laying chickens lay more eggs a year than do brown-egg-laying chickens.

But men like Cyril Thornber, whose Yorkshire firm is the largest egg producer in the world on "Greek" Cyprus and compensation to Turkish - Cypriots willing to quit the island and settle abroad.

German Tourist Fined for Swim Beneath Falls

NIAGARA FALLS, N.Y. (AP) — A German tourist took a 30-minute swim in the Niagara River near the base of the American Falls Wednesday because, he said, he could not stand the hot weather.

Karl-Heinz Koch, 41, of Marburg, came ashore after swimming to within 20 yards of the Canadian shore, back to the U.S. side, then out in mid-stream from where he was forced back to the Maid of the Mist boat wharf here by a motorboat, crew.

He was arrested on a charge of illegal swimming and treated for a scrape on his left knee.

"I always swim in the rivers in Germany so I didn't think there was anything wrong with it in here," he said. "There was no sign that I couldn't swim there."

Judge Peter J. Paonessa of city court fined Koch $10 and suspended the fine.

Army Worms Attack Quebec Farm Crops

MONTREAL (CP) — Army worms, or legionnaires caterpillars as they're known in Quebec, are attacking farm crops in various regions of the province—and in force, on schedule.

And the Quebec agriculture department has bad news for farmers.

"It should be even worse next year," says Fernand Godbout, of the department's research division.

Millions of the crawling insects have devastated whole grain fields in the fertile Eastern Townships. The Montreal region was attacked about two weeks ago and the caterpillars should begin showing up around St. Trois - Rivieres region in coming weeks, he says.

He said the attack he does not class them as a plague—once every 10 or 11 years.

The cyclical nature of the attacks is due to weather conditions, Mr. Godbout said in an interview Wednesday.

"We are just beginning a three - to four - year period of very hot summers," he says. Caterpillar eggs thrive in the heat.

Agronomist Narcisse Dery said that millions of the insects have been destroying whole fields of grain in the Compton region, about 80 miles southeast of here.

City Will Pay Only for Water It Uses

TORONTO (CP)—London will pay only for the water it uses from the Ontario government's proposed $15,000,000 water pipeline project from Lake Huron, a member of the Ontario Public Utilities Commission said Wednesday.

The decision was reached at a meeting between commission members and Premier Robarts and Dana Simmett, minister of energy and resources.

Commission Chairman John Strachan said the city is being asked to sign a 40-year agreement and purchase water at the rate of 14 cents per 1,000 gallons in the first year of the contract. The city will pay part of construction costs, but only in proportion to the water it uses.

Mr. Gillies said the commission also was asked to commit itself to a fixed minimum annual consumption for 40 years, and would have no control over future water prices.

The commissioner also was assured it would have full control of the 216-mile pipeline connecting the city with the province's project.

Says Britain Faces Grave Racial Dangers

LONDON (AP) — Two Conservative legislators said today Britain faces grave racial dangers unless immigration from the Commonwealth is more severely restricted.

Norman Pannell estimated that at present rates of entry a third of the colored population of Britain would reach 3,000,000 by 1980.

The figure of this kind gives rise to grave danger even in a country as free from racial prejudice as Britain," he told the House of Commons.

He suggested that if Labor demands made immigration necessary, they should be met by Albert-farm immigrants from Europe "rather than unassimilable immigrants on a permanent basis."

John Wells supported him, asking: "Do you want to import into Great Britain the problems we see in Rochester, N.Y.?"

CAR SPACES
Canada's new city fair, Expo 67 space for 20,000 cars close to transportation systems to the fair.

Smoke Affects Senator, 77

OTTAWA (CP) — Senator James Gladstone (PC-Alberta) is in good condition in hospital after being overcome by smoke in his downtown apartment early today.

The 77-year-old Conservative first Treaty Indian appointed to the Senate, was being kept in hospital mainly because of his age, authorities said.

The fire was confined to his mattress and the senator himself was not burned.

House Sat All Night

LONDON (AP)—The House of Commons sat all night for its longest session of this Parliament. The session lasted 18 hours and 30 minutes, four minutes short of the longest sitting in the last 10 years.

Only 12 members were still in the House when it adjourned at 8:40 a.m.

The debate officially was on what to do with public funds set up by George III in 1787. By tradition it is the one occasion when members can talk on any subject they wish.

THE RED CROSS SOCIETY
NEED

MRS. GEORGE GRAHAM, Senior.

EXCAVATION WORK at the site of the new federal building on Front St. in Trenton is now completed. T. A. Andre and Son of Kingston have the general contract.

Three Children Leap From Boat, All Drown

FAIR HAVEN, Mich. (AP)—A hand extended in charity turned into tragedy Wednesday for three underprivileged young sisters on a boating and swimming trip in the Amber Bay area of Lake St. Clair.

Three children, none of whom knew how to swim, were drowned when they leaped gleefully from a cabin cruiser, despite the urgent cries that it was too deep. A fourth child was saved.

The victims, Enrique Burgos, 8, his brother, John, 6, and Raphael Aquino, 11, were among 43 youngsters from Holy Trinity Church in Detroit.

The group had been invited for a day-long outing by the Anchor Bay Lions Club and the New Baltimore Civic Club.

The tragedy occurred shortly after nine cabin cruisers had returned to the beach after taking the children for a boat ride. Most of the youngsters were already frolicking in the water when the three boys jumped from a late returning craft. They fell into water 12 feet deep.

Edward Booth, owner of the boat, rescued a fourth child, Raphael's nine-year-old sister, Eusibia.

Two Brothers Get New Posts

OTTAWA (CP)—Two Guelph brothers will receive new army appointments in August, it was announced today.

Maj. John D. Crowe, 41, has been appointed to the Canadian Army standardization representative at the war office, London, England.

He now is serving as second-in-command of the 2nd Regiment, Royal Canadian Horse Artillery, with the 4th in'antry brigade group in West Germany. He will be succeeded by his brother, Maj. Denis E. Crowe.

Maj. Denis Crowe now is commanding officer of the 1st surface-to-surface missile battery of the Royal Canadian Artillery, also serving in West Germany.

A third brother, Maj. C. J. (Joe) Crowe, 36, recently returned to army headquarters, Ottawa, after serving with the United Nations Cyprus force.

IS MISS U.S.A.

MIAMI BEACH, Fla. (AP)—A stunning blue - eyed blonde from the District of Columbia, 19-year-old Bobbi Johnson, was crowned Miss U.S.A. Wednesday night after she won people against entries from 38 foreign countries and territories in the first round of competition for the Miss Universe title. Canada's entry is Mary Ann Farrell, Miss Dominion of Canada, from St. John's, Nfld.

What Cabinet Did As Europe Boiled

By CAROL KENNEDY

LONDON (CP) — What was the British cabinet doing during the fateful month of July, 1914, that sultry lull between the assassination of the Austrian archduke at Sarajevo and the outbreak of the First World War? The short answer—not much.

A list of cabinet papers for the period 1880 to 1914, now available for anyone's inspection at the public records office, shows a strangely meagre tally for those ominous days. An Oxford historian writing in The Times says it would be impossible to judge from these memoranda and foreign office dispatches that a world crisis was on the boil.

The July, 1914, documents themselves are still bound by the rule that keeps all British official papers under wraps for a full 50 years. They won't be open to the public until early next year. But the titles of the papers speak eloquently of how the Asquith cabinet was occupying its time during the last days of peace.

They were circling endlessly round the Irish question, which still seemed to many members of the government more explosive than some "damned foolish thing in the Balkans." They were debating on such burning topics as indentured foreign labor and local loan interest; they pursued a five-page memo on a bill for reforming the Danish constitution.

The impression that they owe to the smouldering fuse in Europe was a paper on Belgian neutrality—but considered in relation to the Franco-Prussian war of 1870.

WATCHED BIRDS

Small wonder, in view of this ivory - tower detachment in Whitehall, that Foreign Secretary Sir Edward Grey felt driven to go calmly bird-watching in the country the weekend before war broke out.

The pre - 1914 documents, available to the public in photographic copies, provide some intriguing sidelights on political history. Plans for a channel tunnel, for instance, were debated as early as 1882. Only now does it look as though action will be taken.

In February, 1910, a fireside memorial of the newly-elected Liberal government sent a memo round his cabinet colleagues beginning: "The climate has come for the total abolition of the House of Lords." The cabinet discussed it, Winston Churchill, then pungently anti-Conservative and home secretary in the Asquith administration.

The previous year Churchill, then a trade minister, played a leading part in pushing British naval expansion to match the ambitions of Germany's frenzied activity—estimates he dismissed as alarmist. But by 1911, when he was first lord of the admiralty, he had changed his views and in 1912 he set about strengthening the British fleet, only to come under much the same kind of criticism he himself had volged three years earlier.

The public records office in London gives ordinary citizens to garner the 3,200 cabinet papers—among them the late Lord Beaverbrook's pile of Lloyd George papers and the Churchill Trust, which holds Sir Winston Churchill's papers.

The documents are the latest addition to one of Britain's most extensive and fascinating archives, which a 19th-century civil servant described as having "no equals in the civilized world."

GO BACK LONG WAY —

The Public Records Office, a frowning stone fortress occupying a block just off Fleet Street, London's newspaper row, holds the raw material of England's history in its dim, dusty recesses.

Here for the professional or amateur historian are all the records of English government —its legal documents stretching back to the Norman Conquest; its state papers from the accession of King Henry VIII; all the letters, accounts and reports that formed the mechanism of administering the world's greatest empire.

In the section captured Enemy Documents are the papers of Count Alfred von Schlieffen, the original Schlieffen Plan which the Kaiser's chief of staff began drawing up for the request of France a decade before the First World War.

Documents are collected by the Records Office 30 years after they appear. They may be withheld from public inspection for longer than the statutory 50-year period if their disclosure "could endanger national security or cause distress or embarrassment to the persons or immediate descendants of persons named in them."

Some First World War papers are under wraps for 100 years.

TOPLESS PLEA

British women drivers have been asked not to wear topless dresses while driving in case male drivers become too distracted and cause accidents.

Work on Fed. Building

TRENTON — Foreman on the job, Donald Bronson at the Front St. site of the new federal building, said yesterday his men had completed a 100 by 120 excavation for the building and were now starting to lay footing forms. The excavation is approximately four feet deep. There will be no basement under the building.

T. A. Andre of Kingston, the general contractor, has scheduled completion for the building for July 15, 1965. At present, five men are at work on location.

Four Persons Injured in 3-Car Crash

TRENTON — Four persons were treated at Trenton 88 Hospital early yesterday, following a three car collision on Highway Two, five miles west of Trenton.

Treated and released were driver of car No. 65-9000, Mrs. Clifford Parker of Colborne and the passengers in his car, Mrs. Jean Parker, Mrs. Smithfield and her children, Dennis, 12 and eight year old Barbara.

The drivers of the other cars involved, Edward Peppler, LAC, RCAF and Mrs. Ruth Lee, 55, of Oshawa, were not injured.

The Parker car was considered a write-off.

Discuss Taking Over of Bridge Portion

TRENTON — Department of Transport officials from Ottawa were in town last week to discuss with Mayor James MacDonald and other town officials the proposed taking over of the swing portion of the town bridge by the town. The department has hinged the promise of a $300,000 grant towards construction costs for a second bridge across the Trent on the town taking over the repair and maintenance of the swing bridge.

Mayor MacDonald, however, has stipulated that the bridge must be in 100 per cent physical shape before it is taken over by the town. Ontario Department of Highway engineers, called in by the mayor, ruled recently that $90,000 would be needed to put the bridge in A1 shape. Department of Transport engineers do not agree with this figure.

Last week's meeting, while it did not solve the problem of Bridge Hill . . . is scheduled to start next week. Mayor Hoyle at it, the sub-contractors may pass parts of Dufferin Ave. and possibly the north end of Sidney Street.

MAKES TYPEWRITERS

Italy produces more than 250,000 office typewriters and nearly 50,000 portable typewriters yearly.

Senior Citizens Discuss Trip To Niagara

TRENTON — Eighteen seniors attended Tuesday night's meeting of the Trenton Senior Citizens' Club in the Recreation hall. Attendance is down, owing to vacationing members and the current heat wave.

The meeting was conducted by Mrs. Celia Rosenplot, interim president, and she was assisted by the secretary, Mrs. Lena Phillips. Mrs. Emma Panter, who resigned as president, following an accident this spring is reported to be making a good recovery in Trenton hospital from the broken hip, suffered in a fall in her Hawley St. home.

Club members discussed a proposed trip to Niagara Falls, planned for August. No definite date has been set for the trip.

Following the business meeting euchre was played with Mrs. E. Squier, Mrs. Phillips, Mrs. B. Wilson and Mrs. J. Gibbard winning prizes. The door prize was won by Steve Bowden.

Waterfront Area Is Beehive Of Activity

TRENTON—The site of the proposed waterfront recreational area, in the former landfill area, is a beehive of activity these days with trucks bringing in fill from the site of Highway reconstruction near the airport. The roadbase for a road running around the perimeter of the park is two-thirds laid. The road will be built up with crushed rock and left to settle.

Kenneth Couch, chairman of the development committee, said yesterday that the road should be left to settle around two years before asphalting, since it is being built on reclaimed land. Mr. Couch said 18,000 square yards of fill had been trucked in.

Meanwhile, broken pavement from the Highway Two reconstruction site has been brought in to the area and used to build up the land where a marina will be located. Probably a commercial firm will take on the marina franchise, said Mr. Couch. The basin will be pumped out in the fall and the hulks of two barges removed from the bay bottom.

Will Start Paving

TRENTON — Town engineer Eric Alderney said Wednesday paving on Dundas St. E. . . . and this includes Gilbert Hill . . . is scheduled to start next week. Mayor Hoyle at it, the sub-contractors may pass parts of Dufferin Ave. and possibly the north end of Sidney Street.

Here Is Our Answer

Not many months ago, one of the liveliest issues in Canada's foreign policy was whether this country should join the Organization of American States.

Arguments, pro and con, were voiced, many of them having considerable force.

Events, we suggest, have provided us with an answer.

The OAS has now voted for a trade embargo against Cuba and the breaking of diplomatic relations. Only four countries, Mexico, Chile, Bolivia and Uruguay, voted against this action. All except Mexico are believed likely to conform to the policy advocated by the majority.

Would Canada like to be in Mexico's shoes — forced to choose between adopting a policy in which it did not believe or risking the displeasure of its colleagues and neighbors?

The answer is obvious.

Geography is only one of the factors which group nations together. And even judged geographically the contention that Canada has more in common with a country almost two continents away than it has with those immediately to the north is ridiculous.

As long as the OAS makes decisions like this, whether they be the product of a well-founded fear of popular unrest or the result of bowing to pressure from the U.S., Canada is better off outside the Organization. Our natural alliances are with the countries which make up NATO, except that we should seek closer ties with those Caribbean islands which are, or lately were, British colonies.

Unless conditions change, there will one day be a bonfire in much of South America. There is no reason why we should stand so close to it that we burn our breeches. If the time comes when the fire brigade is needed, we shall be better received for not having aided in either fanning the flames or piling up the garbage they are consuming.

Fulton's Reform Program

E. Davie Fulton, leader of the Progressive Conservative party in British Columbia, and former Cabinet member in the Diefenbaker Governments, has proposed a three-point reform program for Parliament.

Mr. Fulton would give committees more scope and authority to examine departmental spending proposals, authorize "greatly increased" research and administrative help for members of Parliament and have the House appoint a permanent Speaker.

Mr. Fulton's proposals are just the latest of several suggested programs of reform. His have the advantage of coming from a man of wide parliamentary experience who now stands outside the House and its conflicts, yet cannot be said to be expressing a "sour grapes" attitude—his withdrawal from the Commons was voluntary and not the result of defeat at the polls.

It is good to hear this kind of talk from a man of Mr. Fulton's stature. Immediately another reform suggests itself—might it possibly benefit the country if long-term members were required to take a "sabbatical" turn away from office, so that they could consider the problems of parliamentary procedure with the proper perspective?

This sounds like a desperate measure, but everything we hear and read nowadays suggests that unusual steps may shortly be necessary if our system is not to fall into disrepute.

Hansard almost daily provides evidence of the inanity and infantilism exhibited by some of the members.

Teachers who have taken classes to Ottawa to show their pupils how our country is ruled have come away almost in tears.

Things are getting so bad that sometimes we wonder whether televising sessions would not be advisable. It would certainly result in members "playing to the gallery" back home—but even that would be infinitely preferable to some of the conduct now witnessed in the House.

Our most competent (French-Canadian) men must try to discover all the implications and possibilities of those rights which have been acquired; to make known those which have been neglected; to regain those which circumstances may have taken away.—Cardinal Leger.

Ottawa Offbeat
'Marian' Product of Oldster Is Big Hit With Youngsters

By RICHARD JACKSON
From The Intelligencer's Ottawa Bureau

OTTAWA — . . . hot weather notes off the Parliamentary reportorial cuff . . .

A Hit at 90:

This is going to slay the kids — dear old Marius Barbeau, "90 years young" as he prefers to put it, and one of that elite group of Federal Civil Servants "extraordinaire," has a song hit.

It is Mary Ann, or Marian.

The Travellers, The Terriers and a half dozen other International-type folk singing groups do it on Columbia, Decca, Victor and Folkways labels.

A haunting, sweet melody it is, too — both on the vocal chords and the ear. The register (although Marius Beckett rather wistfully asks, "who needs a bunch of new money" at 90?")

Mary Ann sings, hums and strums a little like Jamaica Farewell, except that Mary Ann is as lovely, almost, as Shenandoah.

For years and years and years, Marius Barbeau was the anthropologist at the National Museum here in the Capital, where even now, as the world-famed folklorist he certainly lives, they keep an office for him when what he calls "my puttering - about woods" is in town.

Talked the other day with this charming Ancient, and he says Mary Ann was one of some 90 songs and folktales he recorded 43 years ago at Tadoussac, that old French Canadian fishing village on the lower St. Lawrence.

They were sung and told to him by an old Indian Medicine's Bay Company voyageur, Edward Hovington, who, while he had an Indian mother was actually French-Canadian.

Since then, of course, several of the folk songs have become even more mellowed by time, and tuned to the contemporary ear with smoother if upbeat arrangements.

But none has climbed so far so fast on the hit list as Mary Ann. It is what gentle old Marius Barbeau would call a something of a commercial success, producing an increasing flow of royalties which have been and college crowds who probably never dream that the tailor who made the suit he wears belongs to a gifted gaffer nearly five times their age.

THE ISLAND LIFE

Agriculture Minister Harry Hays, the millionaire wheeler-dealer from the short grain country of the Alberta foothills, is trying to live like his thrifty if, to "reform and shake up" his new department.

But he is running head-on into what he calls "The Establishment," and so far he's coming out second-best in this collision.

He set out to end political patronage in some of the less glamorous sections of the sprawling bureaucratic empire of the Agriculture Department, and put the place on what he says should be the "paying basis of promotion by merit."

Sweeping out the department of cobwebs and hacking away at the deadwood, he's been trying to introduce "a little fresh air into the old barn" by transferring about.

Some of the staff have grown fat and lazy in their jobs and he wants to shake them loose with new and different and challenging assignments around the country.

Might sound like sense to the layman, but it's anathema to the Federal Civil Services Commission.

They have a rule, Harry Hays has discovered to his shocked surprise, that you can't transfer anybody without the first promote them.

It shakes wealthy and successful businessman Harry Hays to his no-nonsense roots, but like it or not, he must first promote a man before he can transfer him, even if, in fact, the move is a demotion.

Harry Hays is still bucking The Establishment on what he calls its "crazy system" — imagine trying to run a business on that kind of a basis!" — but others have tried it before him and he'll discover, painfully as they did, that he's probably only butting his head against a brick wall.

TALK CHEAPT

Chatter may be relatively inexpensive around the sewing circle, over the teacups or across the back fence but here high on this windy Hill it comes at $1.70 the word.

Figure it this way:

The commons logs an average annual 40 weeks of talk, chattering away at the average rate of 25 hours weekly.

That is 40 times 25, or 1,00 hours.

This year, the Finance Department's cold-eyed accountants have calculated in the official Government Estimates, it will take a cool $12,550,220 to keep Parliament in business.

So now, divide $12,550,220 by 1,000 and you get an hourly cost rate of $12,550. That breaks down to $209 a minute.

The average speaker in the Commons, says Hansard, which takes it all down, word by word spins out 120 words a minute.

And 120 words goes into that $209 a minute 1.8 times, which is the aforementioned $1.70 the word.

Delinquents Get Publicity

Victoria Times

In the continuing battle against juvenile delinquency, the tactics of Montana are drawing international attention.

The basic weapon in that state's campaign is open trial of juveniles for all but petty offences.

The protection of closed court — over-protection in the opinion of some — is denied the accused and the family is directly involved through publicity.

In consequence the community is informed not only of juvenile crime, but of the identity of those participating.

The neighbors know which of the children and their district are engaged in serious hoodlumism.

This is the outcome of legislation passed three years ago.

Statistics indicate that the result has been a 40 per cent decrease in juvenile crime and a 75 per cent decrease in traffic offences during the ensuing period in the state capital of Helena.

The success of the procedure, which has the support of Mr. and J. Edgar Hoover, is attributed to the efforts and perseverance of Judge Jean Bowden, who believes that law - abiding citizens should not be forced to live in apprehension because of the activities of hooligans.

Prior to the legislation which deprives juvenile delinquents of their immunity from publicity, says Judge Lobby, "most Helena residents never knew what their hoodlums were. The boy or girl who got in a jam with police an old person might have been the child next door.

"I decided that if a youth was old enough to be guilty of such monstrous acts, he was old enough to be punished in open court and his case reported in the newspapers."

The judge's attitude runs counter to the thinking of many social workers and psychiatrists, but he is also confronted with their opinions.

In fact, he blames them as one cause of the critical problem. Iona juvenile crime has reached.

"They believe," he says, "that every young hoodlum who snatches an old woman's purse, Molotov cocktail entertainer or assaults a young girl is a mental case who must be given treatment," not punishment. They want to tear down the prisons and build hospitals. All they do is encourage and incite more crime."

This is a point of view with which many will disagree. It appears to discount theories aimed at the reclamation of the young offender.

On the basis of the Helena statistics, however, the judge seems to have scored his point.

But the attack is not launched solely at the young offender.

When Judge Lobbe considers the parents more guilty than the children for reasons of carelessness, neglect or immorality, he has them brought before him and administers punishment.

Hees Active

Winnipeg Free Press

The irrepressible Mr. George Hees, minister of trade (at least for the moment), is conducting a one-man campaign to persuade Canadians that they should buy more stock in their own industries. If Parliament is to be denied his talents, he could hardly be better employed.

For certainly Canadians have not been very enthusiastic investors when they are asked to accept the inevitable risks of business.

"Sorry to barge in like this, Margo . . . but there wasn't anybody to talk to in the back yards."

LOOKING BACKWARDS

GLEANINGS FROM OUR FYLES OF BYGONE YEARS

20 YEARS AGO

July 30th, 1944.

Three Trenton youths narrowly escaped drowning during the Friday night storm when their boat capsized in heavy seas running between Presquile resort. The youths, Ed Simmons, Jr., George Vanner, Jr., and Billy Weaver were rescued from their over-turned boat by a camper named Nesbitt, who noticed their plight. He had been watching the craft from the shore and saw it disappear, and immediately rowed to where the boys were clinging to the craft.

Lt. Douglas J. Chant, son of Doctor and Mrs. Joseph Chant, 231 John St. has been awarded the Military Cross for distinguished conduct on the field of battle, according to official notification received here on Friday.

30 YEARS AGO

July 30th, 1934.

Miss Hattie Hudson of Toronto, formerly of this city, sailed recently for England where she will spend some time.

Miss Frances Cannon is visiting friends in Deloro.

Dr. G. S. Cronk, Mrs. Cronk and family motored returned home after an enjoyable trip to the Pacific Coast and places of interest in Western Canada.

Mr. and Mrs. A. Horton and Miss Ruth Flunder of Detroit, Mich., are the guests of Mr. and Mrs. E. W. Flunder, Donald Street.

Mrs. G. N. Casselman and daughter, Alice, of Niles, Mich., are visiting the former's daughter, Mrs. F. C. McCoy, Parker Street.

The Canada Dry softball team defeated the Aylmer team last evening in a match at Central Park and thereby took first place in the senior section softball look; the score was 9 to 4. Only one run was hit and that was by Lockhart in the 5th minutes. Tuttle, Ethier and Carter were the big hitters for the Canada Dry team, with Ethier pitcher, Johnnie Bawden, driving in four of his team's nine runs. The umpires were Goyer and Smith.

Miss Hassell, George Street, is spending a few days in Toronto.

Miss Bernice Davison, Foster Avenue, has returned after spending a vacation of two weeks at Keswaville.

40 YEARS AGO

July 30th, 1924.

Mr. Mackie, who has been the guest of Mr. and Mrs. Lionel Harris of Catherine Street, has returned to Toronto.

Mr. Phil Brockel, who was general secretary of the local Y.M.C.A. from February, 1917 to May 15th, 1921, will return to Belleville as physical director of the Y.M.C.A.

The Rev. A. A. Hubly of Toronto, a former pastor of Emanuel Church in this city, is renewing acquaintances in town.

Mr. P. W. Carey, shoe merchant in this city, has left to spend some time in England. He will visit the Wembley Exhibition and will also spend some time on the continent.

50 YEARS AGO

July 29th, 1914.

A despatch from London, Eng., states that "should a general European war result from the Austrian-Servian conflict, it would practically crush the world's industry according to British bankers who have been busily figuring the cost of such a huge conflict."

A London despatch gives the following: "News comes that the German cabinet presided over by the Emperor, sat at Potsdam until midnight and that censorship over the telegraph lines is being imposed at Berlin. This is interpreted here as implying preparations for German mobilization and a few hours will probably decide whether Europe is to be involved in universal war.

Strictly Personal
Architecture Must Be Honest Throughout

By SYDNEY J. HARRIS

Purely Personal Prejudices: Too many builders seem to think that merely doubling the amount of window space in a new building gives it that spacious "modern" look, no matter how poorly arranged or unsuited they make the rest of the structure; but architecture is nothing if not honest. Nothing will suit for women is a refreshing piece of mechanical honesty concerned with the coy peek-a-boo tope on so many feminine seats.

Much of the clatter in streets and alleys early in the morning is needless and comes, I am convinced, from drivers when . . . sleep having had to get up so much earlier than the generality of householders.

The fittest fate for a man who pretends never to grow up is to . . . married to a woman who bitterly refuses to grow old.

It is my strong impression, after thousands of miles of driving on interstate highways, that bus drivers violate the speed laws much more frequently and flagrantly than do drivers of passenger cars; and one reason their accident rate is low is that everyone scurries to get out of their way.

Why is it that the same restaurant that fails to give you more than two - thirds of a cup of coffee gives you a glass of iced tea so filled to the brim that merely dropping in the lemon causes it to overflow?

Most over-rated book of the season: "The Spire" by William Golding, which I was not able to finish despite my admiration for his technical skill and symbolic feel for his subject.

No trait is more useful in life than the ability to laugh at our own follies and those of others; when a debate Douglas was asked him at dinner, "Do you believe in twin-beds?" without hesitation, Lincoln drawled, "I leave it to my audience — if I had two faces, would I be wearing this one?"

There is only one effective way to reduce juvenile crime, and that is to reduce juvenile boredom; delinquency in depressed neighborhoods comes not so much from a desire for money as from a need for entertainment and excitement which it cannot afford to buy with money can buy.

One can tell more about a person the way he laughs than from any other mannerism; as Goncourt said, "Laughter is the mind's intonation — there are ways of laughing which have the accent of contempt or pity."

Fictionalized accounts of "brilliant" criminals are the most dangerous nonsense that can be put into young people's minds; actual criminals are caught because of their own stupidity rather than the cunning of police.

The futility of human endeavor is nowhere more distressingly posed than in the grim and leath-ly faces of the sunworshipers who spend three months desperately acquiring a tan that will disappear in two weeks.

Too True!

Brandon Sun

To Your Good Health
Allergic Reaction May Be Caused by Penicillin

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: At 18 months my daughter had an injection of penicillin, and in a few days her legs and feet were very badly swollen.

Is there any other test to prove that she is allergic to this drug? Also I understand that this drug is in measles vaccine. Should she have it? — Mrs. R. A. B.

This is a gratifying letter to receive because it shows that some people are aware penicillin may cause an allergic reaction.

Most of the time the drug doesn't, of course. Just as the majority of us don't have hay fever. But some of us do.

I hope we are past the time when people demand "a shot of penicillin" for just about any old ailment or discomfort, from colds to upset stomachs. Too many persons have been sensitized by the promiscuous use of penicillin.

The drug is, and perhaps always will be, a very useful antibiotic. But it has to be given with reasonable regard for the fact that some people will be allergic to it.

Can you make tests to see whether a certain patient is sensitive to it? Yes, they simply use a to . . . inject a very small amount of dilute penicillin between the layers of the skin (called an "intradermal injection") and note whether a wheal, or swelling, develops. Such results there. More sophisticated tests can be made, but for practical purposes this one gives a very good idea.

As to the baby described in today's letter, she should be highly suspicious of penicillin sensitivity.

Measles vaccine does not contain penicillin it has dilute amounts of another antibiotic, neomycin, and she would not necessarily be sensitive to that. The problem should be discussed with the little girl's doctor.

Dear Dr. Molner: My 9-year-old son loves to smell gasoline, and has been doing it for several years. We have spanked him and tried to talk to him but this does no good.

We live on a farm and it is hard to keep gasoline out of reach as he will smell it from the tractor or other places where he knows it is.

We took him to a clinic two years ago and had them check him over. I asked if he could be lacking something in his body but they said no. . . .

We have even wondered if he needs psychiatric help.

Mrs. P. W.

I know of no explanation for gasoline sniffing, but it requires watching with some other children, too.

Apparently it is just a quirk that becomes a habit. For some reason, some of them like the pungent smell. There is no indication that it includes any deficiency in diet or anything of the sort. Neither is it a psychiatric matter, so far as I can learn.

But it can be dangerous for the child, so it ought to be stopped. If spanking and talking haven't done it, "two-by-two" without hesitation, Lincoln drawled, "I leave it to my audience — if I had two faces, would I be wearing this one?"

There is only one effective way to reduce juvenile crime, and that is to reduce juvenile boredom; delinquency in depressed neighborhoods comes not so much from a desire for money as from a need for entertainment and excitement which it cannot afford to buy with money can buy.

One can tell more about a person the way he laughs than from any other mannerism; as Goncourt said, "Laughter is the mind's intonation — there are ways of laughing which have the accent of contempt or pity."

Fictionalized accounts of "brilliant" criminals are the most dangerous nonsense that can be put into young people's minds; actual criminals are caught because of their own stupidity rather than the cunning of police.

The futility of human endeavor is nowhere more distressingly posed than in the grim and leath-ly faces of the sunworshipers who spend three months desperately acquiring a tan that will disappear in two weeks.

Too True!

May Use Sea To Heat Land

BBC London Letter

The unexploited, and largely unexplored, wealth of the sea was the theme of a series of talks by science writer and explorer Anthony Smith broadcast recently in the BBC General Overseas Service under the title 'Ocean Survey.'

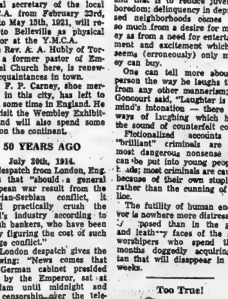
Looking towards the future in one of these talks, Anthony Smith pointed out that in addition to food and minerals, the sea could produce other advantages to mankind, and cited as the list he put the use of its energy, either directly in the form of its heat, or less directly in the form of its tides.

"The whole of Europe, for instance, is much warmer in winter than might be expected from its general latitude because of the warm Gulf Stream sweeping up from the Caribbean." New York, for example, has the cold winters compared with Portugal on much the same latitudes, because it is not bathed by the Gulf Stream. This warmth could be used. "So long as there is movement, which there is, and heat, which there is, then it can be tapped. There are devices already taking some of the heat out of a nearby river to warm, say, a group of houses. The river is then, perhaps one degree colder and the houses are thirty degree better. The same system on a far larger scale could be applied to the sea, particularly in those countries bathed by warm currents and that have difficulty in acquiring energy producing fuels.

"The tides are another source of energy. These are, naturally, difficulties involved, but a large French scheme is now being built to harness the tidal flow to produce electricity. Without going further into such schemes will come along, and the sea will be made to play its part in the energy problems of the land."

Today in History
BY THE CANADIAN PRESS

July 30, 1964. . .



William Penn, the founder of Pennsylvania, died 246 years ago today—in 1718. Penn, a Quaker, came to America in 1682 to found a colony for persecuted religionists. He had been granted land by the British Crown in payment for a claim his father against the realm. Penn had been persecuted for his faith and imprisoned in the Tower of London, but his friendship with James II of England brought some advantages to the Quaker sect.

1907 — The foundation stone was laid for the Palace of Peace at The Hague.

1930—The British airship R-101 crossed the Atlantic Ocean.

ser Township, near Timmins. Mr. Hendrick in his results pushed the stock from its low to a high of $5.80. National Explorations fell from 28 cents to 23 cents while Goldfields advanced two cents to 51 cents.

Ragian Company with a property in the Ungava district of Quebec, fell five cents to 25 85 after selling at a new high of $3.30. Canadian Dyno, Raglan's largest shareholder, was ahead three cents to $2.90 and sold as high as $2.20.

Golds made a modest advance, due chiefly to a 10 cent gain by Dickenson at $4.90.

On Index, Industrials were up .13 to 150.86, golds .55 to 134.40 and the exchange index .10 to 149.10. Base metals dipped .04 to 65.12 and western oils .06 to 97.07.

Volume for the day was 5,109,000 against 6,259,000 shares traded Tuesday.

TORONTO LIVESTOCK

TORONTO (CP) — Trading was active at strong prices for all classes and grades of slaughter cattle at the Ontario public stockyards today.

Trading was extremely limited on replacements.

Veal calf prices were steady, hog prices were higher and sheep and lamb prices were sharply lower.

Slaughter cattle 718: Choice steers 34-34.50 with sales to 35 and a few fancy dry-fed lots to 21-90; good 32.50-33.50; medium 30-32; common 26 - 28. Choice heifers 31.50-32.50; good 30-31; medium 28-29.50; common 25-27; choice cow yearlings 29-34; good 26-29; good cows 16-17; medium 15-16; canners and cutters 13-14.50; good heavy bologna bulls 18-19; common and medium 15-17.50.

Replacement cattle 400: Good light stockers 22-24; medium and common 16-21.

Calves 144: Choice vealers 27-28 with odd tops to 30; good 24-26; medium 21-23; common 19-21; boners 13-18.

Hogs 337: Grade A at Toronto 27.25-27.60 currently selling at 27 60; heavy sows 19.05.

Sheep and lambs 167: Good lambs 21-22 per hundredweight; common and medium 20 - 21; heep 3-10.

PRODUCE MARKET

TORONTO (CP) — Churning cream and butter first prices were unchanged today.

Butter prices: Agricultural Stabilization Board tenderable carlots: buying 66 score 33; buying 99 score 32; selling 33.

DOLLAR RATE

MONTREAL (CP) — The United States dollar in Canadian funds was off 1-32 at $1 08 1-32.

Pound sterling was off ¼ at $3 01¼.

Toronto Stocks

TORONTO (CP) — Slight losses among industrials and only fair to middling speculative interest highlighted the morning session on the stock market today. Trading was moderate.

Windfall gained five cents to 31 and Metal Mines seven cents to $1.20 to help spark speculatives. Highland Bell jumped 25 cents to $3 and Leitch 30 cents to $3.30.

Belleterre gained four cents to 56 cents, but Canadian Dyno lost 15 cents to $1.94 and Genex two cents to 52 cents.

Industrials were betrayed by steel's papers and liquors. Algoma and Hayes each slipped ¼ in the first group, while B.C. Forest Products and MacMillan Bloedel lost ¾ and ¼ among papers. Canadian Breweries and Distillers Seagrams lost as much as ¼.

Banks bucked the trend with three of the five listed attaining new highs for the year. Montreal rose ¾ to 68¾, Royal ¾ to 77¼ and Toronto-Dominion a point to 68¾, all new highs. Nova Scotia gained ¾ to 73½.

Base metals were mixed. Mattagami Lake rose a point to 16¼ but International Nickel dropped ¼ and Noranda ¼.

Trading in golds and oils was sporadic. Dome Oil rose ¾.

The industrial index slipped .24 to 150.64 and the TSE index .19 to 148.91. Golds dropped .55 to 134.24, while base metals rose .02 to 65.14 and western oils .56 to 97.63. Volume was 1,121,000 shares compared with 1,330,000 shares traded at the same time Wednesday.

Industrials moved ahead Wednesday for the first time in seven trading sessions. Specialty mine mining issues were ragged with volume declining and prices mixed.

Banks led the industrial climb, with all five listed chartered banks showing gains. Nova Scotia was ahead ½ to 75¼, Imperial Commerce ¾ to 68¾, Toronto-Dominion ¾ to 67¾, Royal ¼ to 76¾ and Montreal ½ to 67¾.

Dofasco climbed ¾ to 25¾ among steels while fabricator Dominion Bridge tacked on ½ to 52¼. Massey-Ferguson was ahead ¼ to 30¾.

Windfall fell 20 cents to $3.10 and swung in a $2.85-3.42 range in active turnover. The company has yet to issue an assay report on its first hole in Prosser Township, near Timmins.

Telephone Finally Arrives In Sleepy Little Village

By GERRY McNEIL

RIMOUSKI, Que. (CP)—When the telephone finally reached Havre St. Pierre on the edge of Quebec's Land of Cain last Dec. 19, the excitement kept the new radio - telephone system humming for a week.

The 617 subscribers in the village port some 46 miles northeast of Quebec City wied with one another to see who could make the most spectacular call. A man who surprised a relative in Hamilton with a Christmas greeting by telephone won the contest.

Until 1960, Havre St. Pierre was just another sleepy fishing village on the north shore of the St. Lawrence River, the beginning of the 450-mile eastward stretch of shorelike known as The Land of Cain because of its bleak isolation.

But in 1960 ore carriers began picking up titanium from Ireland, mine at Havre-St. Pierre for shipment upriver to Sorel for processing. The work brought people from a world where telephones are routine facilities to a community where roads were recent innovations.

PROMPT IN THIS

The only communication then with the outside world was by Morse messages on a telegraph line to Quebec Telephone Company headquarters in this southshore centre 275 miles upriver.

Despite the long - distance splurge last Christmas, it will be some time before the $343,000 invested in the line starts to pays off for Quebec Telephone. The company figures on a one-per-cent profit margin on village business.

But the Havre St. Pierre venture is only the first twinge of a potential economic headache for the province's north shore and the service through the scattered Land of Cain communities without going bankrupt.

Some 900 families living along the north shore between Havre St. Pierre and Blanc Sablon at the Labrador border on the Strait of Belle Isle depend on the river and a telegraph line for communication.

Paths and trail link some of the villages in this country—of jagged bays shadowed by low mountains. There are few roads, and light planes provide the only fast transport, while boats bring in supplies.

KNOW MORSE CODE

The telegraph line from Rimouski runs through places like Tete-a-la-Baleine and Mutton Bay, La Tabatiere and Natashquan, Kegaska and Johan Beban Steets.

Some families have a telegraph key in the home so that housewives tap out messages to mail-order houses in Montreal and Toronto. The typical resident of the Land of Cain is so familiar with Morse he can tap out a message with his feet.

But the area wants roads and telephones and, since the Quebec government organized the scattered communities into a municipality last year, the region has a new voice in its council.

Quebec Telephone estimates it could extend its radio-telephone system to Blanc Sablon for $450,000 and keep it operating for $165,000 a year. But revenue would amount to only about $20,000 a year, to leave a deficit of $145,000 annually.

The company believes government - co-operation is the only solution, despite its own record of making service to thinly populated areas pay.

STARTED BY DOCTOR

The firm traces its origin to a line that Dr. J. F. Demers strung from his home at St. Octave de Metis to the railway station in 1897.

The doctor found the service so handy he had lines extended to Metane and Rimouski and by 1914, had expanded through many of Quebec's eastern counties.

Meanwhile, Jules Brillant, now 60 and a member of Quebec's Legislative Council, had been acquiring small telephone companies as he developed his power St. Lawrence Power Company.

In 1927, he bought the network Dr. Demers had started and called it La Compagnie de Telephone Nationale. It had only 3,000 subscribers before the Second World War in a region that included much of Quebec's Gaspe Peninsula, Matapedia Valley and North Shore areas as well as counties in the Quebec City area.

Development came quickly after the war. In 1947, Frelier Maurice Duplessis suggested the company change its name to Quebec Telephone. Its present total of 92,000 telephones is twice what it was in 1957, and 65 per cent are dial-operated.

Belleville Livestock

Trade was active on a good demand and quality finished steers and heifers. Prices on common and medium steers and cows were fairly steady but under pressure. Veal calf prices were higher on good and choice veal in the 200 to 300 lb. range. Fat hogs were steady to 25 cents lower. Lambs were steady. Good springers sold—fairly readily while common and medium springers were lower and hard to sell.

Following are quotations:

Choice steers 22 to 24.
Good steers 20 to 22.
Good heifers 19 to 20. Medfums 16 to 18. Commons 15 to 16.

Good cows 15¼ to 16¼. Heifery cows as high as 17. Medium cows 14 to 15. Common and cutters 9 to 13.

Good heavy bologna bulls 17¼ to 18. Common 11. Good 26 to 28. Mediums 24 to 26. Common 20 to 24. Boners 15 to 18.

Grade A hogs 21 to 22¼ on five weight basis.

Sows 20 to 16. Heavy sows 14 to 15.

Steals 21 to 22½. Weaned pigs $9. to $13. each.

Choice lambs 23 to 25.

Good springers $225. to $260. each.

Small type Selfers $150. to $190. each.

Stock cows horses $125. to $150. each. Meat horses 6 to 7.

Britain Lifts Canned Apples Import Quota

OTTAWA (CP)—Britain is going to remove its import quota from canned apples, a move described by a senior trade official as "quite important" to the eastern Canadian apple growers.

The quota, now set at $2,400,000 a year, will be removed Aug. 1, clearing the way for an intensified sales campaign by the chief suppliers—Canada, Japan and Western European countries.

Canada, which sends 98 per cent of its canned apple exports to Britain, has the biggest slice of the British market, and of the 72,000 hundredweight imported by Britain in the first four months of this year, 41,000 came from this country.

"Now that the restrictions are off, we should be able to ship a lot more," said the official.

Last year, the value of Canadian canned apples sent to Britain totalled $614,000, down about $200,000 from 1962. But officials said this does not necessarily mean Canada lost ground last year. There is little relationship between the calendar year and the crop year.

The bulk of Canadian processed apple exports to Britain come from Nova Scotia's Annapolis Valley. A small portion comes from southwesters Ontario.

Cheese Exchange

Cheese sold on the local cheese exchange this week at an average of 33 cents for white and 33.3 cents for colored.

There was a total of 9,916 boxes and 13,713 squares sold.

JAMES M. TOBIN

Rideau Area Transportation Officer Named

James M. Tobin, formerly operations trainee, Belleville, has been appointed transportation officer, Rideau Area, with headquarters at Belleville, it has been announced by W. E. Newell, operations manager. Mr. Tobin succeeds J. J. Menary, who has been transferred to Montreal.

Born at Crosby, Ont., Mr. Tobin joined the Canadian National in 1942 as an assistant in the transportation department of the former Belleville Division. He worked as a spare operator and relief agent at various locations until 1948, when he was named relief train dispatcher at Belleville. In 1959 he was named relief chief train dispatcher and in 1963, assistant chief train dispatcher. Mr. Tobin was promoted to operations trainee on the St. Lawrence Region, Montreal, and a short time later he returned to Belleville in the same capacity, which he filled until his present promotion.

Mr. Tobin is married to the former Mary Alice Murphy of Lindsay and they have seven children.

Press Sees Plans for New Centre

OTTAWA (CP)—Plans for the $12,800,000 Canadian Centre for the Performing Arts, to be built in Ottawa for Canada's 1967 centennial celebrations, were displayed at a press conference Wednesday.

Fred Lebensold, representing the Montreal architectural firm preparing the plans, outlined the features of the centre which is to comprise an opera hall with 2,300 seats, a repertory theatre with about 900 seats, and a 300-seat experimental theatre.

Michael Langham, a director at the Stratford Shakespearean Festival, said the centre will prevent many artists from leaving Canada and encourage many to come back.

No Intention To Cut Aid To Indonesia

OTTAWA (CP)—Prime Minister Pearson told the Commons Wednesday that the government has no intention of cutting off aid to Indonesia under the Colombo Plan.

He said all the aid to Indonesia, about $400,000 a year, goes toward buying food such as wheat, and there are no plans to eliminate it. Mr. Pearson said he raised this question in his discussions with Prime Minister Tunku Abdul Rahman of Malaysia Tuesday and "he quite understood."

The tunku (prince) said Tuesday that it would be unfair for him to ask that the aid be stopped.

ADVISES BUREAUCRATS

NEW DELHI (AP)—It takes a lot of advice to keep India's bureaucracy of 33,000,000 employees moving in appointed directions. The number of government advisory boards has risen from 12 to 800 since independence in mid-1947.

Quidi Vidi Regatta Races Oldest in North America

By DAVE BUTLER

ST. JOHN'S, Nfld. (CP)—Four oarsmen each skulling a fish boat urged on by 20,000 spectators.

A red boat pulls ahead and crosses the finish line first with a foot to spare. The little man who only 10 minutes before had been taking bets at 9 to 2 on the second-place boat begins to peel bills off his roll.

The scene is Quidi Vidi Lake just outside St. John's on the first Wednesday in August.

Regatta Day races, or the Quidi Vidi races as they used to be known, are the oldest sporting event in North America, with records kept since 1825.

As in other years, all business establishments will close their doors Aug. 5 and a quarter of the population of St. John's will move out to the lake for the day.

The races are rowed on a 1 3-8 - mile course running the length of the lake, around a buoy and back to the other end for a finish in front of the slightly over 10 minutes for the first one, a record back in 1910 that still stands—nine minutes, 13 4-5 seconds.

START IN MAY

As soon as the ice is out of the lake around the middle of May the oarsmen begin to put their crews together and training begins.

The contests are considered as much a test of the coxswains as of the crew, with many a race having been blamed on the rudder man.

One such unfortunate suffered the humiliation of steering his boat on the wrong side of the half-way buoy. The crew was disqualified. But even although the coxswain explained he was blinded by the sun, he was left with the feeling he had spoiled a good record after 40 years at the rudder.

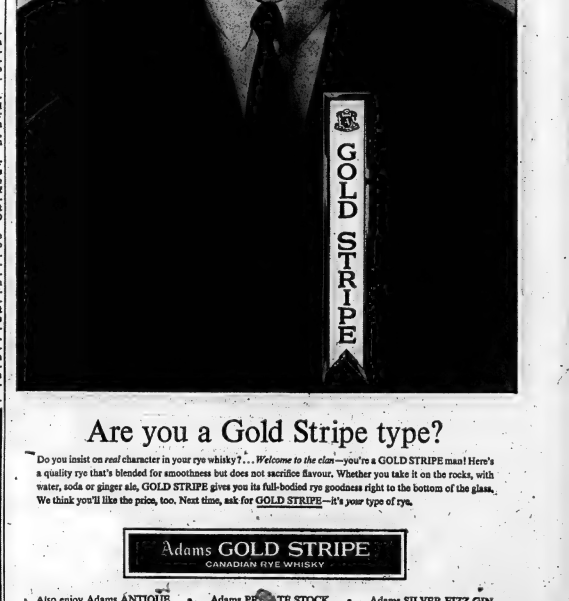
Competition is fierce and crews come from other parts of the province. One team in 1877 built its own boat, carried it on their backs 90 miles from Placentia and took first place.

At various times whale boats, longboats, gigs and punts have entered in the races but now a more attractive craft is employed. It's 35 feet long, just wide enough to seat man, and has six rowers each with a single oar.

WATCH TRAINING

Weeks before the races crowds gather on the shore of the lake in the evenings to watch the crews work out. When a boat crosses the finish line there is a chorus of muffled clicks from the pockets of the watchers.

Sloy watches are not held openly as it's not considered sporting to time the crews while they're still training. But the bookmakers-for-a-day can give you the times for each boat to the second for each of their practice-run days.



The whole city of St. John's takes on a carnival look and plans for this year call for spreading the entertainment over two or three days. Booths and concessions, complete with bawkers, line the shore. And for those who can't get to to Quidi Vidi Lake, there will be live television coverage.

Malaysia PM Says Visit Most Fruitful

NEW YORK (AP)—Tunku Abdul Rahman, prime minister of Malaysia, arrived from Montreal Wednesday after a three-day visit to Canada that he termed "most fruitful."

He said that after his visit to the United States he intends to stop in London, where he has "one or two things to discuss."

Rahman will be in New York City for seven days.

Are you a Gold Stripe type?

Do you insist on *real* character in your rye whisky?... *Welcome to the clan*—you're a GOLD STRIPE man! Here's a quality rye that's blended for smoothness but does not sacrifice flavour. Whether you take it on the rocks, with water, soda or ginger ale, GOLD STRIPE gives you its full-bodied rye goodness right to the bottom of the glass. We think you'll like the price, too. Next time, ask for GOLD STRIPE—it's *your* type of rye.

WHITE'S DISTRICT

Family Holds Reunion Picnic

WHITE'S DISTRICT —Sunday was a happy day for the members of the Bronson family, formerly of Stirling when almost 100 of their clan assembled at Crystal Beach near Madoc for a pot-luck dinner at noon. There were two large tables loaded with delicious food provided by each family and there was enough so that all remained for a picnic supper.

Both old and young enjoyed the swimming in the afternoon and Bronson brothers provided music with a guitar, two violins and a banjo. All had such a wonderful day that it was decided to meet in the same place next year.

Members were present from Shiko, Manitoba; Brampton, Dundas, Toronto, Oshawa, Harmora, Madoc, Crookston, Stirling, Picton, Tweed, Belleville, Cannifton and Corbyville.

Assail

yers have told him this section is unprecedented in Canadian law.

Percy Noble (PC — Grey North) said Transport Minister Hickersgill was guilty of misleading Parliament when he said the grounding of Beaver aircraft following an accident involving this type of aircraft in Australia was the order was issued when Beaver aircraft were beginning to fly into the north from here in Ontario. The aircraft were originally needed and the action of the minister made well known he jeopardized the lives of many people

Privy Council President Mc-Ilraith objected to the Conservative's strategy of debating the whole government program of the government on an interim supply bill.

But Deputy Speaker Lucien Lamoureux ruled that MPs can discuss the estimates of any department but may not come under study so far this session. This leaves about 10 departments open for debate.

St. Ola

ST. OLA—At the Sunday service in St. Ola United church the guest speaker was Rev. Gordon Brett of Oshawa.

Saturday visitors at the home of Mr. and Mrs. C. E. Thompson included Mr. and Mrs. N. Bennett of Bonny River and Point Claire, Quebec; Mr. and Mrs. A. P. Clark, Nicola, David and Patricia of Ottawa; Mr. and Mrs. Jack Lee of Peterborough, The Bennett and Clark families are holidaying on Salmon Lake.

Mr. and Mrs. C. E. Thompson were recent visitors in Belleville.

Mr. and Mrs. Thomas Davidson and family of St. Catharines and Mr. and Mrs. Yeoman and Colbourn were weekend visitors of Mr. and Mrs. Hugh Davidson.

Miss Brenda Ham visited her family over the weekend.

Mr. and Mrs. Edward Longmuir are visiting Mrs. Longmuir's brother, Mr. Raymond Sargent and his daughter Minnie Sargent.

Mr. and Mrs. Burton Baker and family of Gilmour visited Mr. and Mrs. William Baker on Sunday.

Mr. and Mrs. Frank Johnson and family spent Saturday and Sunday with relatives returning to Bennett Sunday evening.

Mr. and Mrs. Glen Mills of Oshawa, Mrs. Mills Sr., and Mrs. Lloyd Mills visited Mr. and Mrs. R. J. Wood and family on Sunday.

Ivanhoe

IVANHOE — Mr. and Mrs. Harry Benson were guests at the Stapley—Davidson wedding in St. Paul's United Church, Stirling, on Saturday.

Rev. and Mrs. H. G. Munro, Neepawa, Man., are visiting their son, Mr. Ian Munroe, and Mrs. Munroe.

Master Brent Boyle, Edmonds, is visiting Bryan Bray.

Mr. and Mrs. Doug Hopkins and Mr. and Mrs. Harold Hopkins, Belleville, enjoyed a barbecue at the home of Mr. and Mrs. W. Hollins on Saturday evening.

Mr. and Mrs. Eugene Burrell, Mr. and Mrs. Thomas Dodds, Stirling, Mrs. A. Wood and Miss B. M. Fleming were guests of Mr. P. M. Wood, Moira Lake, on Wednesday.

OYSTER SEASON

Oysters reach their peak of plump perfection in May and June, says the U.S. department of commercial fisheries.

MOSCOW BUREAU

The CBC is to open a Moscow bureau this year and plans later to exchange film news reports with the Soviets.

Indian

(Continued From Page 1)

been stripped of her title as well as her position as head of a committee making plans for an Indian pavilion at the 1967 Montreal world's fair.

ACTION 'ILLEGAL'

The reason was unspecified "improper conduct," and accusations were handled about commercial production of a Pritish Columbia Indian totem pole. There were two large tables loaded with delicious food provided by each family and there was enough so that all remained for a picnic supper.

Both old and young enjoyed the swimming in the afternoon and Bronson brothers provided music with a guitar, two violins and a banjo. All had such a wonderful day that it was decided to meet in the same place next year.

Members were present from Shiko, Manitoba; Brampton, Dundas, Toronto, Oshawa, Harmora, Madoc, Crookston, Stirling, Picton, Tweed, Bancdale, Eccleston, Belleville, Cannifton and Corbyville.

Indian Chief Dies

Miss Horn referred with a detail and preferred to Miss Obomsawin several times as Helen Riley.

After the emotional exchange, Chief Wuttunee warned Miss Horn and Miss Riley that they would be removed if they continued to disrupt the meeting. Chief Wuttunee reiterated that he was in charge since the meet was on his reserve.

Earlier, Miss Horn and her brother Frank had attempted to start discussion of the council's constitution. Chief Wuttunee wants the constitution amended to bar all but treaty Indians from living on the reserve. He said that would cut Chief Wuttunee, who has relinquished his Indian status.

HIT CHIEF'S REPORT

Miss Horn and her brother criticized reports Chief Wuttunee's report on projected federal legislation to safeguard Indian treaties. She also issued a mimeographed agenda which differs from the official program.

The question of what has happened to the Indian Affairs branch to help meet delegate travel expenses to the conference, was the source of disunity at the start of the meet when Mr. Pelletier said outside the meeting that, the question of distributing the funds is still being considered.

Wednesday night Chief Wuttunee and his council members rejected a Sault Ste. Marie Community Night parade in aid of the crippled children fund on the ground that Miss Horn was billed to attend the parade's coronation ceremony in the guise of the councillors."

Mr. and Mrs. Pine rode alone in a car bearing both his and Chief Wuttunee's names until Miss Horn joined him halfway through the parade.

Saskatchewan

(Continued From Page 1)

tigation into irregularities proposed by PFAA Director Howard Biddell of Regina. He says Mr. McIntosh profoundly influenced Mr. Walker and Mr. Walker used Mr. Riddell and the PFAA board of review.

No investigation was held, although Arris Hamilton, then federal agriculture minister, investigated Mr. Walker in connection with one. Benefits cheques were ordered issued by Mr. Hamilton, but the cheques never arrived, Roy Faibish, now a CBC television producer, after a secret meeting of action by Mr. McIntosh and Mr. Walker.

Mr. McIntosh said in an interview that he is not conscious of any irregularities whatsoever," adding that not one case of intimidation has been proved in Judge Pope's months-long public inquiry.

Judge Pope, referring to sworn testimony by 105 farmers, concluded that the evidence before me indicates that there were in fact irregularities in the Swift Current supervisory district and that an investigation should have been made at the time. This was recommended by the director of PFAA."

He recommended that PFAA staff be placed under the general civil service, rather than being cabinet-appointed, "to eliminate the possibility of political pressure being exerted . . ."

Political sources suggest the report may have serious repercussions in the Commons where Liberals and Conservatives are virtually deadlocked in a bitter battle over a proposed Canadian Wheat Board. Opposition Conservatives hold 17 Saskatchewan seats in the Commons and all except three in Alberta and four in Manitoba.

Anthropology Warning: Society of Topless Dresses *Means a Bust Civilization!*

By HUGH MULLIGAN
AP Newsfeatures Writer

Does the advent of the topless bathing suit and the bodies-bare cocktail dress announce the limpet decay of North American civilization, as the Russian newspapers so triumphantly insist?

Or, even if doom those shirtless ones with Ann Sheridan, Ann Turner, Jane Russell, Marilyn Monroe, Jayne Mansfield and other bolt heroines based their appeal, to becoming what the psychologists euphemistically term a vanishing erogenous zone?

In other words, chaps, are we welcoming too much of a good thing in the latest fashions?

Designers of the new fashions probably never considered the implications of their art while they pranced about the Acropolis and the Forum in their fundashows.

They probably never gave a second thought to what became of the glory that was Greece and the grandeur that was Rome when their maidens, in a fit of fashion, divested their upper works. Nor probably pranced about the Acropolis and the Forum in their fundashows.

The designers' defiant cry of damn the decolletage, full speed ahead, probably never even contained an echo of what happened to the ancient Minoan civilization on the Isle of Crete when the girls dropped their necklines out of sight.

FAST DISSOLUTION

But as Thomas Carlyle assumed and most modern anthropologists accept, costumes are a fairly accessing past civilizations, then the time has come to halt the fast dissolution of the ready-to-wear racks long enough to consider what bawdy bygone epoch of fashion they're draped before a startled if not downright hostile world.

And what precisely did befall them?

"Nothing much, really," conceded Dr. Robert Murphy, professor of anthropology at Columbia University and an expert on Brazilian Indian tribes that nip about the jungle in the nude.

"Ever since Gibbon wrote 'The Decline and Fall of the Roman Empire' it's become common to associate the vigor and virility of a society with the extent of its clothing. Women have known. Blazed their booms in Queen Elizabeth's court and the Victorian era as a form of great intellectual vigor for England. The age of exploration was the age of industrial capitalism. It was also a damn bawdy period."

Dr. Murphy is amused that the Russians should look upon the topless bathing suit as a sign of decadence, "considering that in the early days of the Russian revolution it was the nude at Black Sea resorts. I don't know to what extent that was a conscious protest against bourgeois morality, but it is obvious that Russia's political thought actively involved in recent times into a cloying cultural conservatism that inhibits all literature and art."

NOT TOTAL NUDITY

Similarly, archeologist Jane Powell Rosenthal, curator of primitive arts at the Brooklyn Museum, points to the peek-a-boo breasts and navels of Napoleon's period as an example of a civilization flourishing without "the faithful cement of support above the waist."

As a student of man's, and woman's, constant striving for ornamentation and adornment, Mrs. Rosenthal doubts that the new short frocks and demi-bikinis will eventually wind up in a total nude society. She considers topless things undoubtedly are a further kind of ornamentation, rather than a retrogression in the construction that would bring us back to Victorian prudery but they won't end up in nudity."

Both the archeologist and the anthropologist, however, feel that if the new fashion trend catches on, the bosom could be on the way out.

"Familiarity," insists archeologist Rosenthal, "breeds boredom."

"If you admit the possibility, and don't concede the probability, that this could catch on," says anthropologist Murphy, "it could actually be very healthy for America. No other society is so obsessed with the bosom."

ON WAT OUT

Their views are enthusiastically endorsed by assistant curator Dorothy Tricarico of the Brooklyn Museum's design laboratory, where fashion designers from all over the world come to study the costumes of past civilizations.

"This is the end of the road for the bosom," she said, "a much in sorrow as in support of existence. . . . Anything that is undressing . . . the excitement diminishes from that part of the anatomy. This is the barrel practitioners of the bared bosom for esthetic purposes, the ladies of the sundeck and the Folies Bergere find themselves seriously and professionally at odds with the decolletage and the bathing suit.

Featured dancer Marion Conrad, whose costume creation one night is straight out of Gunga Din ("nothing much before and nothing much left of that poor blind"), is convinced that the topless bathing suit will be a "passing fad" of little importance. "People will become more health-conscious. They'll begin getting themselves in trim."

EMANCIPATES WOMEN

Her views are shared by Marcella Hude of Paris and Marion Vreeland of New York, who are billed in the show simply as "nudes." "Personally I think this new fashion would teered Miss Hude from behind the vantage point of a plumed helmet and fig leaf. "I'm a vegetarian and I like all things in their natural state."

"It's simply marvelous," aided Miss Barker, adjusting a second fig leaf. "Women have been waiting for a long time to be emancipated from the stupid ideas of what beauty should be."

Oddly enough, both the professors and the artistic leaders of the Folies were in agreement that the bared bosom is not per se an object of sex. In the history of clothing, many areas of the body have been associated with sex at one time or another.

"Most civilizations, but not all," said Dr. Murphy, "cover all the body for reasons of modesty. A sense of shame, however, is relative. The Chinese felt the foot fetishism of the body

(Photo by Wm. E. Riley, Belleville)

MR. AND MRS. FRANCIS DALE TRUMBLE

Trumble – Daley

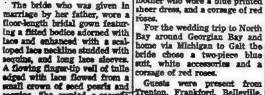
Tall standards of yellow gladioli and white chrysanthemums adorned the altar in Calvary Temple, Belleville, on Saturday, July 18, when Freda May Daley, daughter of Mr. and Mrs. Henry G. Daley, Belleville, was united in marriage to Francis Dale Trumble, son of Mr. and Mrs. Ernest Trumble, Amelianburg R. R. 1. The Rev. Laurie Price assisted by the Rev. E. Bergman of Toronto officiated at the ceremony.

The guest soloist was the Rev. J. MacKnight who was accompanied by Mrs. Doris Ogbourne who rendered the wedding music.

The bride who was given in marriage by her father, wore a floor-length bridal gown featuring a fitted bodice adorned with lace and enhanced with a scalloped lace neckline studded with sequins, and long lace sleeves. A flowing fingertip veil of tulle edged with lace flowed from a small crown of seed pearls and sequins. She carried a cascade bouquet of red roses.

Miss Joan Daley, sister of the bride as maid of honor and the bridesmaids, Miss Janet Potts and Miss Doreen Daley sister of the bride were identically attired in street length dresses of aqua organza, all-white accessories and carried bouquets of white mums centred with yellow roses.

A brother of the bridegroom, Mr. Douglas Trumble of Amelisburg R. R. 1, was groomsman, while Mr. Raymond Jack and Mrs. John Peters of Picton ushered the guests.



Following the marriage a reception was held at the Tyne Motor Hotel where the bride's table was prettily appointed with white linen cloth and candles and centred with traditional wedding cake. The bride's mother received the guests wearing a two-piece blue lace dress with white accessories and a corsage of red roses. Assisting was the bridegroom's mother who wore a blue printed sheer dress, and a corsage of red roses.

For the wedding trip to North Bay around Georgian Bay and home via Michigan to Galt the bride chose a two-piece blue suit, white accessories and a corsage of red roses.

Guests were present from Trenton, Frankford, Belleville, Picton, Toronto, Galt, Thomasburg and Amelianburg.

The bride was entertained previous to the marriage by a number of friends at the home of her parents; also by friends from Calvary Temple, at the home of Mrs. Harold Thompson.

Mr. and Mrs. Trumble will reside at 87 Dundas Street, Belleville.

Blueberry Jam For Freezer

by Mary Moore

We have such a run of requests for fresh fruit jams to freeze that I spent most of the weekend doing experiments, but I did manage to go to church.

In recent weeks I have given here recipes for fresh frozen strawberry, fresh frozen strawberry and rhubarb, fresh frozen raspberry, fresh frozen cherry jams. Now I have fresh frozen blueberry jam for you and a recipe for conventional cooked blueberry jam.

Dinner Menus

THURSDAY

Corned Beef and Cabbage; Mustard Corn Relish; Creamed New Potatoes; Cucumber and Carrot Sticks and Radish Roses; Baked Apple Dumplings with Lemon Syrup; Iced Tea.

SUNDAY
(Guests)

Oven-Fried Chicken Legs or Wings or Breasts; Sliced Zucchini; Creamed Peas with Green Onions; Head Lettuce Salad with Chopped Olive Dressing; Coffee. Coronet (see Wednesday); Coffee.

FROZEN BLUEBERRY JAM (uncooked — stored in freezer):

1 qt. choice blueberries, 4 cups sugar, 2 teaspoons finely grated lemon rind, 1½ cups less 2 tablespoons water, 2 tablespoons lemon juice, 1 box certo crystals.

Wash, pick over and drain the blueberries well in colander or sieve. In flat-bottomed pan, mash well with potato masher or, do as I did, buzz them in your electric liquedizer for about 10 seconds, to reduce them to a pulp. I had exactly 4 cups. Stir the sugar into them well. In a medium sized saucepan mix together the certo crystals and lemon rind. Add the water, and stir over heat until boiling, then stir 1 minute, while it boils hard. It foams up to double its volume, so keep stirring. Remove from heat. Pour over sugared fruit, stirring, add lemon juice and stir constantly for 3 minutes. Pour into small clean glasses with tight-fitting lids, put on lids and let stand at room temperature to set for 24 hours. Store in freezer. If jam will be used within 2 or 3 weeks, it may be stored in refrigerator.

BLUEBERRY JAM (conventional method):

3 pts. fresh blueberries, 2 tablespoons lemon juice, 1 box certo crystals, 5 cups sugar.

Wash, pick over and drain blueberries well. In flat-bottomed pan, crush them with potato masher or buzz in liquedizer (see above). Mix certo crystals with prepared fruit. Place over high heat and stir until mixture comes to a full boil. At once add sugar and lemon juice; again bring to a boil and boil hard, stirring, for 1 minute. Remove from heat, skim off and discard foam and stir for 5 minutes to prevent floating fruit. Pour into prepared clean jam glasses, leaving ½" headspace. Cover with clear melted paraffin at once, adding a second thin coating when first is cool. Cover with lid and store. This amount fills about 9 medium sized jam glasses.

Memory Is a Long, Long Trail For the Wife of a Famous Soldier

VICTORIA (CP) — The road to Government House was long and full of memories for Mrs. George R. Pearkes, wife of British Columbia's lieutenant-governor.

The memories go back through her husband's army and political careers and to 1914 when, as a girl, she almost sailed on the ill-fated Empress of Ireland's last voyage.

Mrs. Pearkes' father, Victoria real estate man W. F. U. Copeman, and the family were booked to sail from Montreal on the Empress bound for England.

"But my mother wanted to see New York, so father cancelled the Ireland booking and we sailed from New York.

"Some of our friends were on the Ireland May 29 when it collided with a Norwegian freighter and sank."

More than 1,000 persons died.

MISSED HER DEBUT

Mrs. Pearkes was born Constance Blytha Copeman at a ranch owned by her father, but her family moved to this city soon after. They went to England shortly before the war.

She studied the violin and was about to make her London debut when the family decided to return to Victoria. In 1925 she married Lt. - Col. George Pearkes, VC.

Her husband, born in Watford, England, had come to Canada in 1906, homesteaded, joined the Royal Northwest Mounted Police, and in 1916 enlisted as a private in the Canadian Mounted Rifles.

During the war he was awarded the Victoria Cross for gallantry at Passchendaele. He was wounded five times and received the DSO, MC and the Croix de Guerre.

After 1925 he was stationed at Winnipeg, Victoria and Kingston, Ont., attached to the staff college. Their son John, now a practising lawyer in Vancouver, was born at Kingston.

"It was a wonderful life," said Mrs. Pearkes.

"There were trips to England, and I remember when the VC winners and wives were called to London for a reception by the Duke of Windsor, then Prince of Wales."

A term posting in Ottawa shortly before the Second World War was shadowed by the illness of the couple's three-year-old daughter.

CYCLED TO GAMES

In 1938 Gen. Pearkes was appointed military attache to England in charge of the 1st Canadian Division Infantry Brigade, and in 1940 Mrs. Pearkes and John joined him there.

"John went to school at Malvern and I used to cycle 32 miles to see him play cricket," she recalled.

Their fast-moving life continued, and in 1942 the family moved to Vancouver where Gen. Pearkes took over the Pacific Command of the Canadian Army.

There was gasoline rationing and again I took to bicycling," says Mrs. Pearkes.

The general retired after the war, and in 1945 became Conservative member of Parliament for Nanaimo. He later changed to the Esquimalt-Saanich riding, and from 1957 to 1960 was minister of national defence.

On Oct. 13, 1960, Gen. Pearkes moved into Government House here as the Queen's representative in B.C.

"I've enjoyed meeting so many people and watching them looking around the house gardens," says the woman who hardly has any free time because of the number of official functions and events she must attend.

In another year the couple will move back into their own house here and Mrs. Pearkes will be a housewife again.

Baste a pork loin roast with a mixture of ½ cup peanut butter and ½ cup orange juice suggest food specialists at Macdonald Institute, Guelph. About 15 minutes before roast is done, spread with this mixture and continue basting every few minutes. This peanut flavored glaze is also good on barbecued pork chops.

SHE'S BEEN AROUND—Mrs. George R. Pearkes, wife of British Columbia's Lieutenant - Governor, stands in her garden at Government House. Her husband's career in the military has taken them across Canada and to England where they were guests of the Duke of Windsor, then the Prince of Wales. (CP Photo)

Fountain of Youth Styles Featured by Patou of Paris

By PEGGY MASSIN

PARIS (Reuters) — Jean Patou, one of the two oldest existing Paris couture houses, has discovered the "fountain of youth."

The young designer Michel Goma, who formerly owned his own fashion house, pairs his peppy silhouette with Patou's traditional fine dressmaking.

Swinging skirts, blouson tops, cagoule hoods, pea jackets and trouser suits establish the "junior fashion" mood.

A new tulip dress effect endorses a flared skirt beneath a hip length bloused bodice buttoned down the front.

The model called "pop art" has a long matching stole and typical helmet hat made of matching mustard colored wool crepe.

Alternative suits have even longer jackets, cut with a slight flare and a back flap like a riding jacket.

These models are accompanied by detachable hoods, and long waisted jumper blouses made of wool jersey.

Mock two-piece dresses reiterate skirt width which is concentrated at the sides or back with inverted pleats.

HAVE GORES

Other skirts are cut in symmetrical gores like an ice skater's skirt. A pearl grey dress has simple, unadorned bodice and circular skirt hemmed with grey mink.

Waist lines hide beneath long blouse bodices or are generally ignored in daytime clothes.

Full skirts and relaxed waist lines continue in cocktail and theatre ensembles made in exotic jewel-toned brocades woven with metallic threads. Draped helmets and low-heeled court shoes are co-ordinated in matching colorful brocade fabric.

Many of Patou's snug helmets follow the exact line of hair styles. Helmets turn up in a little point at the nape of the neck like the duck tail haircut.

USES PINS

Goma places jewelled bird pins in unlikely places at the nape of the neck, on the bottom of velvet casque hats, or clipped to the left sleeve of the jersey arm.

Other millinery effects are the minuscule saucer-sized beanies perched on the crown of the head and worn under the cagoule hoods.

For evening, braids of false hair are attached to the crown and back of the head. False hair is blatantly false when it is attached to the models' close-cropped hair styles.

Notable details for gala evenings are the shoulder capes with hoods lined with small feathers or flower petals.

The most unusual embroidery imitates the exact markings of leopard skins, worked in hundreds of gold and black bugle-beads.

COSTLY FLOWER

A Danish orchid was the biggest flower sensation last year — it sold for more than $15,000, N.Y.

SOCIAL and PERSONAL

ENGAGEMENT NOTICE

Mr. and Mrs. Douglas W. McLaughlin of Ottawa, announce the engagement of their only daughter Joyce Maureen to Mr. Dougald M. Byers, youngest son of Mr. and Mrs. James G. Byers of Brockville. Marriage to take place August 22, 1964 in Bell's Corners United Church, Ottawa.

Successful Living

Wife and Mother Caught Stepping Out on Family

DEAR DORIS — We have watched our sister become less and less a mother to her children and wife to her husband for the last 12 years. Recently we have decided it was because she has been seeing other men secretly. It seems my sister's father-in-law has known about it for a long time.

She seems to pay unnatural attention to all men. She leaves her children alone for hours or has been leaving them with us until we found out. Her husband would give her anything she needs. She takes no pride in anything including her house. He works hard often being away late at night.

I approached her about this matter and found her very callous, never really admitting or denying it.

DORIS CLARK

(1) Should we tell the rest of the family what we know?
(2) What is our next move?
(3) Is this a sickness physical or mental?
(4) Is there any medical help for her? — BIG BROTHER.

DEAR BROTHER —

(1) Tell the husband. The neglected children are his concern; so is her reputation.
(2) Professional help. A woman may be promiscuous for any one of a number of reasons: unsatisfied feelings about her husband; peculiar, unnatural attitudes about morals, due to childhood taboos on sex; poor self-discipline; to suggest a few.
(3) Let's say it's not a symptom of psychological health.
(4) Psychiatrie, perhaps. I'd recommend social case work first, from the Children's Aid Society, 63 Mohr Street, Belleville which counsels on family problems as well as when children are involved.

* * *

DEAR DORIS — Our son would like a career in dentistry. I wonder if there is such a thing as an adaptability test which he might have to determine if he is suited to that particular vocation or which would show what he is suited to do?

The dental course is long and quite expensive and we would like to know what his chances of success might be. — FATHER OF FIVE.

DEAR FATHER — Aptitude tests help, when considered in company with achievement at school, personality, level of intelligence, and interests. Most offices of the National Employment Service now use tests when counselling young people about a choice of vocation. Also, many high schools now provide some job counselling.

It's good sense to get guidance before investing time and money in a college course.

* * *

CONFIDENTIAL TO DEPRESSED — The girl is too young for you and is trying to get out of a date without hurting your feelings. Take a hint.

* * *

(Longer, fuller replies went privately to those correspondents enclosing a stamped, self-addressed envelope).

Wonder Wrap

4832
WAIST
29"—42½

by Anne Adams

Especially for half sizes—the "live-in, love-it" wrap skirt that's a hit with suburbanites, town-dwellers, all smart women. Easy to sew.

City Playground Activities

ST. PAUL

On Friday, July 24th, at St. Paul's a track and field meet was held under the supervision of Bob Crelney and Marjorie Pugh.

The field events were held in the morning and the following were the winners in the various events:

In the 3-legged race in 7 and under group, Tom Callaghan and Leo Markewich won and in the 10 and under group Christine Hannah and Jo-Anne Summerville won. Finally in the 15 and under group Sharon Drummond and Sharon Hannah won.

In the softball throw Harry Semark, Mitchell Hannah and Ronnie Newman placed first, second and third, respectively, in the seven and under group. In the 10 and under group Warren Rushlow was first, Tom Callaghan was second and Donna Lott was third, and in the 15 and under group Jim Drummond first, Keith Cole second and Jim Summerville third.

In the duck race in the 7 and under group, Harry Seymark was first, Ronnie Newman second and Colleen Markwell. In the 10 and under group Cheryl Summerville was first, Christine Hanna was second and Karen Summerville was third. Finally in the 15 and under group Sharon Drummond was first, Keith Cole second and Joe Seymark third.

In the wheelbarrow race Warren Rushlow and Karen Summerville were the winners for the 7 and under group while Donna Lott and Mary Ann Storms won for the 10 and under group and in the 15 and under Joe Semark and Sharon Drummond came first.

In the potato race Warren Rushlow was first and Judy Semark second while Sharon Drummond and Jim Summerville were first and second respectively, in the 15 and under group.

In the afternoon Bayview school was invited down to St. Paul's to compete in the track events. The following were the results:

In the 100-yard dash, Christine Hanah came first and Mitchell Hannah were first and second in the 7 and under group, both from St. Paul's playground. In the 10 and under group Cheryl Summerville was first and Warren Rushlow was second, both from St. Paul's.

In the 15 and under group, Sharon Drummond was first and Keith Cole was second, again both from St. Paul's.

In the open 440 walk Tom Callaghan was first, Sharon Drummond second and Jim Drummond third, all from St. Paul's.

In the 220, Gary Smith, Mike Marino and Paul Klasick were first, second and third, respectively, all from Bayview school.

In the 220 for the 10 and under, Ricky Burnett from Bayview was first, Cheryl Summerville was second and Christine Hannah third, the latter two from St. Paul's.

In the 440 for 15 and under Brian Klasik from Bayview was first, Sharon Drummond from St. Paul's was second and Larry Burnett from Bayview was third. For the 10 and under 440 Ricky Burnett from Bayview was first, Steve Archer and Christine Hannah were second and third respectively, and both from St. Paul's.

In the 880 for the 10 and under and Christine Hannah were second and third, again for St. Paul's, while in the 15 and under 880, Keith Cole was first from St. Paul's, and Gary Smith and Paul Klesek from Bayview were second and third.

In the open mile Keith Cole from St. Paul's and Dennis Thompson, also from St. Paul's placed first and second while Mike Mazzus was third, from Bayview.

Finally in the one-mile relay, St. Paul's No. 1 team was first, St. Bayview's No. 1 team was second and St. Paul's No. 3 team, was third.

A special thanks to the boys from Bayview school for coming down and a pat on the back to all who took part.

For all interested boys and girls between the ages of 6 to 16 there will be a track and field meet held at Bayview school on Friday, August 7th.

Supervisors: Margery Pugh and Bob Crelney.

IF IT'S ZANY, IT'S IN STYLE — Show openings in world design centres this year point to the zaniest fashion season since Eve got her fig leaf original. Adolfo, American designer, contributes this red fox and leopard skin masked helmet tied under the chin. (AP Wirephoto)

Year's Fashions Zaniest Since Eve's First Fig Leaf

By JEAN SPRAIN WILSON

NEW YORK (AP) — Although Paris is only just beginning to have its say, this promises to be the zaniest fashion year since Eve acquired that fig leaf original.

Choose - your - own plunge necklines, muzzle shirts, mask hats, invisible bras, sequinned socks, color - it - yourself dresses, half-Beatle half-girl hairdos — and even half-bald ones—are just a few of the waggish what-to-wear ideas on the fashion scene thus far.

Specifically:

The woman - silencer shirt from Italy features a turtleneck that wraps conveniently across the lady's mouth, and a Yankee hat covers her eyes.

Jacques Esterel shocked Paris at his couture opening with a model whose head was partly shaved, in London hair stylist Vidal Sassoon tagged his latest, a short Beatle bang bob on one side with long hair on the other, as the Lopsided Locks coiffure.

The triple plunge neckline in a cotton sheath has three sets of dotted lines for cutting; one is dubbed the "deb" dip; another the "society" scoop; a third, the snip to the waist, is tagged "Downfall."

HAS DAISIES

The invisible bra, marketed chiefly for topless bathing suit wearers, is packaged with fake daisies to be pinned or pasted on strategic spots by the not-so-brave.

Drawn-on bosoms are Italy's droll approach to the current topless madness. The whimsical artistry decorates T-shirts. Breast pockets are also the Italians' asset for the now-popular see-through blouse.

Sequinned socks, inspired by U.S. couturier Norman Norell's twinkling leotards, are only a part of the fancy games game.

Some cotton stockings patterns look like the tattoos, others like varicose veins.

Kiddies' color - it - yourself clothes come with crayons, wash clear again for future doodling.

SHOWS MINK KNICKERS

Mink knickers are for designer John F. Morris' contribution to levity. But sable and fox coats that unravel their pelts to become jackets and boleros are more practical than witty because the pieces can be snapped whole again.

Jewels for feet, with copper, topaz and rubies bracketing ankles and attaching to rings on toes, is a piquancy Paris promises. An American cosmetics manufacturer, meanwhile, is promoting pink and silver paint for outlining the outer edges of ears like African warriors.

The best-selling pins in New York are huge, ugly and round and relate: "I like my job. It's the work I hate."

Lest they think they have the last laugh, let it be noted here that men can look forward to velvet suits and hats with brims that zip on or off.

Honor Pastor, Wife on 25th Anniversary

STIRLING — On Friday evening 30 neighbors and friends gathered at Rawdon parsonage and tendered the Rev. and Mrs. W. G. Fletcher a noisy charivari and a presentation party on the occasion of their silver wedding anniversary.

Mrs. John Mulheron was in charge of the program which opened with a sing-song which was enjoyed by all. Selections were read by Mrs. Clarke Rodgers and Mrs. Elizabeth Foster. The DeRochers sisters sang several selections and their father accompanied them on the guitar.

Mrs. Charles Vance read an appreciative address and Mrs. George Haggerty and Mrs. Norman Ray made the presentation of a pole lamp. The recipients voiced thanks to the ladies and served refreshments.

On the day previous to the anniversary Mr. and Mrs. W. G. Fletcher visited his sister, Mrs. D. F. Aylsworth of Napanee and called on friends at Kingston.

'Lines on Life'

By Dr. Stuart E. Rosenberg

An American writer who spent nine months in a Venezuelan jungle returned to New York City, astonished to discover scenes in Manhattan that seemed more primitive and fierce than any she had witnessed in the jungle.

FACES IN REPOSE

"The people in the jungle," she said, "have faces that reflect their emotions, and when their faces are not reflecting emotion, they are in repose. But here, in New York, I have not seen a single face in repose. Here the faces reflect an inner battle, a fixed look of anger, or a fixed smile — which is a certain armour. It can be an angry armour or a smiling armour; but wherever it is, it is not free in repose. The New York face is seldom clear, like an Indian tribesman's face in Venezuela — a face which is like a sky that plays host to various kinds of weather, but which, in between, is clear."

Apparently, the "concrete jungle" of the big city is far inferior to the real jungle. For in the jungle, she went on to explain, one can more easily perceive the real values of life. What is natural to man is normal in the jungle, while in our "civilized" cities, the natural is not only not normal but unknown.

CIVILIZATION

One sees this, for example, in the relationship of a mother and a baby. "In our cities," she maintained, "it is quite normal for a mother to inquire of books or doctors what you do with your child once you have it. There, in the jungle, I'd really be ashamed to admit that where I come from the mothers have to ask other people how to deal with their own children."

One imagines that a large catalogue of complaints against "civilization" can be further adduced by those who have experienced the normalcies of naturalness available to people whose lives have not yet been cramped by the imprisoning walls of city life. We are rarely entertaining, but rather seek to be entertained. We listen in rapture to folk songs other folks sing, but the poetry of our own hearts never reaches our lips. We live on the borrowings of a thousand hands, but vineyards of our own we do not tend. In haste to equate the sophistication with the complicated we can hardly thrill to the majesty of human qualities.

The normalcy of naturalness — this is the key we need to find, to unlock the secrets of life's mysteries. What destroys our looks, our hearts, our hopes and our ambitions — is the deceptiveness of falsehood. A lily needs no gilt, nor a rose another name. Both are less when we seek to make them more.

Ann Landers

Too Generous Parent Can Breed Heaps of Trouble

DEAR ANN LANDERS — We are middle-class people of modest means. My husband's take home pay is slightly under $118 a week. It is not easy to manage today on his salary. Fortunately we own our own home free and clear, and the company provides a car or we couldn't make it.

The problem is that my husband insists on giving our 14-year-old son $10 a week to spend on anything he wants. This does not include clothing, school supplies or tickets to sports events.

ANN LANDERS

I've told him this is not right, but he says, "Money gives people confidence. When I was a kid I was so ashamed of not having a nickel in my pocket I swore it would never happen to my son."

Last night I sat down with the boy and asked him to tell me what he had done with his week's allowance. Almost all of it was spent treating friends to sodas, sundaes, hamburgers and movies. My husband says this is "generous." I say the boy is trying to buy popularity.

May I hear what you have to say? Could I be wrong. — MINORITY OF ONE.

• • •

DEAR MINORITY — I hope you can get an outsider to talk to your husband before he ruins his son for life.

Teen-agers who are handed a large allowance just for breathing, grow up spoiled, lazy and with no motivation to achieve anything through work.

Your son is not making friends, he is supporting leeches. Please urge your husband to seek some professional help or he may wind up giving the boy money for the rest of his life.

• • •

DEAR ANN LANDERS — I am 23 and the only girl in our crowd who is not married. I pretend I am fussy, but the truth is nobody has ever asked me — until Bennie.

Bennie works as a waiter in a cafe where I am assistant cashier. He is 28, handsome and has been married twice but has no children. The big problem is that Bennie drinks too much and doesn't remember what he says.

Last weekend he said he had to go see his sister in Martin's Ferry but it turned out he took off for the lake with the blonde hat check girl. When I asked him about this he said he sees her occasionally for "drinks" and that if I would marry him he'd quit drinking and straighten around.

You always say in your column people drink because they are unhappy. Do you think if I married Bennie I could make him happy and he would stop drinking? — Please help me. — DOTTIE.

• • •

DEAR DOTTIE — Marriage never cured a drinking problem yet. If Bennie is looking for "kicks" I suggest you kick him in the direction of Alcoholics Anonymous. If he proves he can stay off the sauce for one solid year then you might risk marriage.

• • •

DEAR ANN LANDERS — I don't care if you call me a lousy sport, a cheapskate or just plain dumb, but please tell me how to handle this.

Every day four of us gym flip a coin to see who pays for the ten o'clock coffee. I've been good, just the lucky end of it and I've won five times out of six. This seems like an unusually high percentage.

I don't see how anybody could possibly rig a flipped coin, but I think there's more to it than that.

I'm tired of being a sucker but I don't know how to get out of it. Where's the out? — BUSTED.

• • •

DEAR BUS — I don't know how anyone could rig a flipped coin either, but I'm sure there's a way — and if there is, somebody knows it. I do know, however, that you are even better off with your flip. So why not say, "Count me out, fellas," pay for your own coffee and let them pay for theirs.

• • •

Parents are people — they can be right and they can be wrong. To help understand their viewpoint and to promote harmony at home, write for Ann Landers' booklet, "How to Live with Your Parents," enclosing with your request 25 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

CHILD'S DREAM

Japan plans to build a total of seven buildings in Tokyo designed solely for children, where they can wander, draw, or watch exhibits as they wish.

Wife Preservers

Keep parsley fresh by placing in a small jar, any tightly, refrigerate.

SPEAKING of MANNERS

PATRICIA LEWIS

HAIL, CALL

QUESTION: While I was spending the weekend at the home of a girl friend, I got a run in my only pair of stockings and had to borrow a pair of hers. It slipped my mind as I was packing, and I neglected to give the stockings back. This is several weeks ago. I've already sent a note thanking her for her hospitality, but wonder if I should now send her a pair of stockings in return for the ones she loaned me. What would you suggest? — D. A., Trenton, N. J.

ANSWER: If you plan to visit her again in the near future, you should plan to bring her a replacement pair of stockings. If not, then it would be proper to send her a pair through the mail with a covering note.

Question: I took my five-year-old son visiting with me the other day and, while he was playing on the floor with our hostess' puppy, he accidentally bumped into the coffee table on which she had placed a tray with a pitcher of iced tea and glasses. Two of the glasses fell to the floor and broke. Our hostess made light of the whole thing, but I feel I should replace the broken glasses. What do you think? — Mrs. E. D. Buffalo, N.Y.

Answer: I agree. Even though "accidents will happen," and your hostess seems to appreciate this, it still would be considerate to send replacements for the glasses that were broken.

Newest: Mobile Midriff Achieved by Clever Bias Cut

THE MOST CURRENT CUT is clingy, yet mobile — beautifully achieved by a front and back bias section in Printed Pattern A662 by Ardanti. Swerved seaming creates the dividing line between straight and bias sections. The neckline is slashed shoulder to shoulder, and down the front to the softness of a bow. For warm days and nights, have your version sleeveless in slubbed silk or crepe. If you're a wise early bird of fashion, sew a short or ¾ sleeved version of this two-part dress for Fall in Jersey, double-knit wool, linene faille or an Autumn cotton.

Printed Pattern A662 is available in Misses' Sizes 10, 12, 14, 16, 18. Size 16 requires 3 yards 39-inch fabric.

Send ONE DOLLAR for Printed Pattern A662 to THE ONTARIO INTELLIGENCER, 60 FRONT STREET WEST, TORONTO 1, Pattern Department. Please print plainly YOUR NAME, ADDRESS with STYLE NUMBER and SIZE.

Ontario residents add 3c sales tax.

Milady's Fashion Plight Pants by Day, Pants by Night

PARIS (Reuters) — It was pants by day and pants by night, pants for women all around the clock, at the shows Wednesday of three leading French fashion houses — Lanvin, Chanel and Jean Patou.

All types of pants have been seen, ranging from Marc's winter sports shorts attached to long woollen stockings, to Chanel's formalized jump suits, made of glittering gold fish-scale sequins.

Sir Winston Churchill made the one-piece siren suit famous during the Second World War but he would never recognize it at Chanel's in the gold fish-scales, with a bare neckline and trailing a floor-length chiffon scarf.

Trousers are not new when they are worn in resorts or for practical reasons in the country. They will be new, however, when they start turning up as city costumes, the way Crahay of Lanvin showed them. There were beautifully -tailored one - piece jump suit made in grey flannel, black ribbed woollen or checked tweed, paired with lacy woollen stocking, looked anything but rustic or rube-ish.

When Gabrielle Chanel, the grande dame of the Paris couture, decides one likes a thing, classic cardigan suits the fashion world is sure to follow her dictates. Chanel's conception of pants is completely different from Crahay's.

Chanel's are floor-length, glamorous and intended for formal wear, but they are still basically pants and based on the same one - piece overall which fastens up the front.

She shows them in luxury fabrics such as brocades and lamee.

Gems of Jean Patou keeps pants in their natural environment in the country, shown in neatly tailored trousers and jacket ensembles accessorized with mink or leopard helmet hats and matching fur hootees.

Playground Activities

PARKDALE

A Penny Carnival, held at Parkdale Park, Wednesday, was a huge success with approximately 200 people there. The candy and freshie booths were very popular and the games were much enjoyed. The highlight of the evening was the choosing of Miss Parkdale. There were 6 contestants: Connie Hamill, Iris Bell, Lynda McKenna, Tammy Stuart, Jean Ross, Rosemary LaJoie, Debbie Wood, Kelly Matthews, Marlene Burley, Sandra Burley, Brenda Tryon, Susie Stephenson, Brenda McGovern, Mary Stevenson, Lynn Johnston and Shari Johnston.

All those over 12 years old voted and Kelly Matthews won with Debbie Wood being runner-up.

The supervisor would like to thank all the young people who helped so much and those who attended for making the carnival the success it was.

No Clear Indication How Public Feels on Proposals Put to B and B Commission

Ronald Lebel, bilingual Canadian Press reporter, has covered public hearings across the country of the royal commission on bilingualism and biculturalism. The informal discussions, reflecting a wide variety of ideas on how to strengthen Canadian unity, are reviewed in this story.

By RONALD LEBEL

OTTAWA (CP) — Far-reaching proposals are piling up before the royal commission on bilingualism and biculturalism but so far there is no clear indication how the public generally feels about them.

After 10 months of preliminary but highly controversial investigation, the commission's paramount finding is that most Canadians don't know each other and don't understand the forces pulling them apart.

"We have found considerable lack of information and lack of effective communications in the country," said Davidson Dunton, president of Carleton University, Ottawa.

His colleague, Andre Laurendeau, editor-in-chief of Montreal Le Devoir, said in a Toronto speech that if provincialism remained the prevailing influence across the country Canada "could fall apart without anyone feeling directly responsible."

As they criss-crossed Canada, holding 10 public forums and meeting leaders of the 10 provincial governments, the commissioners were told repeatedly that geographic, language and cultural barriers were hindering contacts between Canadians.

SEES ACUTE CRISIS

Mr. Laurendeau said the commission has found an acute crisis in English-French relations and many secondary crises centring on various minority groups.

The 10-member commission has withdrawn from the public eye for the summer to rest and read an avalanche of 500 formal briefs from organizations and individuals. A broad research program is being launched quietly by a team of 45 university professors and post-graduate students.

Formal sessions for the submission of briefs will begin late September or early October and run well into 1965.

At the informal meetings held this spring a familiar set of suggestions turned up with surprising regularity. Most were condemned as vigorously as they were defended and it's too early to speak of a consensus, although certain ideas seem to be gaining acceptance gradually among influential opinion leaders.

CHANGE RNA ACT

The more common proposals voiced so far can be summarized as follows:

1. Constitution — Revise the British North America Act to give the English and French language official and equal status at the federal and provincial levels. Rename it "the constitution of Canada" or something like that and set it up so that it can be amended in Canada.

2. Education — Divide the elementary and secondary school systems along language instead of religious lines. This would not necessarily militate against religious instruction. It would involve French-language or bilingual schools for the French-speaking minority of 900,000 outside Quebec, and English-language or bilingual schools for Quebec's English-speaking minority of 700,000, regardless of pupils' religion.

3. Teaching methods — Step up instruction of second languages in all provinces, stress oral methods rather than rely on grammar and literature, and start courses at elementary rather than secondary level. Teach more Canadian history and literature, replace biased or regional history textbooks with balanced, national texts. Offer European languages such as Ukrainian and Polish as optional courses with university credits. Train more language teachers with the aid of scholarships.

4. Public service — Encourage cabinet ministers, party leaders and top-level federal officials to become bilingual. Require federal and provincial civil servants who deal with the public in bilingual areas to become bilingual. Apply the same policies to crown corporations. Allow more informal use of French in French - speaking or bilingual military units. Permit court proceedings in French when the presiding judge agrees.

5. Cultural links — Extend the CBC's French- and English television and radio networks to all areas where a sizable minority is present. Encourage all communications media to give more attention to national news and comment and more attention to the cultural achievements of various minorities. Promote cross-Canada travel, exchanges of teachers, students and artists. Promote more inter-group social and cultural contacts in cities and areas with a mixed population. Step up university research and studies on cultural minorities.

6. Economic institutions — Encourage industry, commerce and labor unions to expand use of the second language — French or English — for the benefit of employees, customers or members who speak the second language. Encourage business executives and labor leaders to become bilingual.

7. National capital — Revamp Ottawa's municipal structure to recognize the French language and give the French-speaking element fair representation in the local government.

REPORT FAR OFF

Whether these proposals will be translated into recommendations by the 10-member royal commission and then into government action is quite another question that probably will not be answered until 1967.

The commission must first hold formal hearings in all provinces by the spring of 1965, supervise a broad research program extending to the fall of 1966 and wrestle with various professional groups and then channel bales of evidence and opinion into a report itself is not expected until late 1966 or 1967.

The hope of at least several governments figures is that the inquiry will result in a revised constitution, changes in the educational system and public services, and that the groundwork will be laid for establishing a means of communication among Canadians. Their professed goal is to help various cultural minorities resist the tendency to merge into an American-style "melting pot" society.

The public at large, however, is not sold on this concept. A large body of opinion holds that the English-speaking majority should be allowed to absorb and assimilate language and ethnic minorities. They fear that to resist this would merely widen the cultural and religious cleavages in Canadian society.

PREDICT FAILURE

Quebec separatist leaders predict failure for the inquiry and in the process convince more and more French-Canadians that the breakup of Confederation is inevitable. They advocate a French-only Quebec republic and an English-only federation of the nine other provinces.

State Secretary Lamontagne said in a speech in April that Canada cannot afford to see the inquiry fail.

"Its failure could, I believe, be fatal to our country," he told the Canadian Club.

The government is sparing no effort or expense to assist the work of the 10 commissioners, who earn $100 a day when on public business.

The commission will have spent at least $2,250,000 by next March 31 and seems likely to become the costliest federal inquiry on record. A staff of 85 administrators, researchers and secretaries has been assembled in Ottawa and it will continue to grow during the summer.

As co-chairmen Andre Laurendeau and Davidson Dunton like to say, this is not a royal commission like the others.

STIRRED NOISY DEBATE

The commission deliberately stirred up a noisy public debate on the status on national unity by resorting to a group dynamics technique pioneered in the mid-1940s by a Saskatchewan royal commission on rural life.

Following the advice of adult education experts, the "B and B" commission held extremely informal forums and group discussions in 23 cities from March 16 to June 16. Teams of commissioners moved quickly from one region to another to create a "shock effect."

Community leaders and individuals were invited to get together and speak their minds freely and spontaneously. This gave the commission what it hoped would be a more accurate picture of the "mood" of the country than cut-and-dried written briefs ever could, said the adult education experts.

Marmora

MARMORA — Mrs. Margaret Taylor of Toronto spent a few days with her parents, Mr. and Mrs. F. S. Johnston.

Regular service has been resumed on the Marmora and Cordova charge of the United Church following the holidays of Rev. J. Maurice D. McLeod and Mrs. McLeod. Layman Mr. Day carried on the services and Mrs. R. Sanderson was organist at St. Andrew's.

Mr. and Mrs. Alex Foster of Stoney Creek, spent holidays with Mrs. Foster's parents, Mr. and Mrs. William Meehan.

Misses Cathy and Wendy Slade of Toronto, are visiting their grandparents, Mr. and Frank Gratt.

Prior to leaving Marmora Mr. and Mrs. Harry Baker were presented with a lovely coffee table by their neighbors. Mr. and Mrs. Baker will remain at their cottage at Papineau Lake for the summer.

Mr. and Mrs. Harry French and son Jimmy of Ottawa, spent Thursday and Friday with Mr. and Mrs. Roy Barker at Belmont Lake.

Pamela Armstrong, daughter of Reeve and Mrs. Armstrong of Deloro, left Malton Airport to spend three weeks with relatives in England and Wales.

Kenneth Bedore, son of Mr. and Mrs. Ted Bedore of Marmora, R.R. 2, has been awarded the Manning - Engleston Lumber Company scholarship. He stood first in his class of construction technology at the Southern Alberta Institute of Technology, Calgary, Alberta.

Mr. Sidney M. Sandham and daughter Mrs. Stanley Kerr and children left on July 29 via air from Malton to visit relatives in England. Mrs. Robert Hayler is also taking the same plane to visit her former home in England and relatives.

Bethlehem workers are mostly back on the job after the two week annual holidays of the mine.

The week of July 27th the Marmora Herald staff will be on holidays.

Mr. and Mrs. J. P. McGrath of Chicoutimi, Quebec, spent several days with the latter's parents, Mr. and Mrs. John Clairmont, due to the tragic death of John Clairmont Jr.

Mr. Brian Bingham of Toronto, is spending two weeks with his parents, Mr. and Mrs. Bingham at Belmont Lake.

Karl Lowery, student of Marmora public school, was the winner of the I.O.D.E. essay contest. He wrote an interesting and educational essay on "The Importance of Conservation," Sir John A. MacDonald,

Rev. K. B. Bauder and son Donald of Kitchener-Waterloo visited Mrs. S. A. Stephens and also at their cottage on Crowe Lake.

Mrs. Charles Lajoie spent last week visiting her daughters, Mr. and Mrs. Frank McCarthy and Mr. and Mrs. Douglas Bronson of Toronto.

Mr. and Mrs. Palmer Carter of Renfrew were Sunday visitors of Mrs. Hugh Green.

J. O'Neill of Toronto was home for the weekend.

Rhodesian

(Continued From Page 1)

life three days after death to lead a crusade to destroy the power of witchcraft. She had had a strict Christian Scientist upbringing but now has developed her own brand of witchcraft. She is a matronly woman in her 40s.

Sect members have been issued "passports to heaven" now that 30 of them are among the dead. Their prophetess had told them earlier that a protective war cry of "Jericho" would turn bullets into water.

WATER USE

In the U.S., the total use of water amounts to more than 1,000 gallons per person each day.

IT'S A LONG TIME since this wagon was last in use. Ralph Wilson and Otto Kabel of the "Boilermaker Bristle Boys" in Napanee grease a wheel on a farm wagon to be used in the Napanee Centennial Celebrations. Wagons, buggies and tandem bikes around Napanee are being hauled out of barns and rejuvenated for the celebration.

Johnstown

JOHNSTOWN—Mr. and Mrs. Bernie Ray of Bridgenorth and Jody were guests of Mr. and Mrs. Grant Galloway on Saturday.

Dexter and Ralph Harder spent some holidays with their grandparents, Mr. and Mrs. A. Plumpton of Stockdale, recently.

Mr. and Mrs. Douglas Harry and children were visitors of Mr. and Mrs. Grant Babcock of Gananoque recently.

Mrs. Robert Smith, David and Teddy of Foxboro were afternoon callers of Mr. and Mrs. Arnold Harry on Wednesday.

Mr. and Mrs. Kenneth Care and children have just returned from the Adirondacks where they visited Santa Claus Land.

Lori Anne and Mrs. Ronald Hamilton attended a garden party on Saturday evening at Amherst Island. Miss Beverley Clapp also accompanied Mrs. Maurice Reynolds and daughter Miss Nancy Reynolds to this party put on by the Presbyterian Church of Cooper.

Mr. Larry Rankin of Grand Centre, Alberta, was a guest of their friends, Mr. and Mrs. C. A. Lyon on Thursday and Friday.

Miss Lois McMullen of Winnipeg is visiting her cousins, Mr. and Mrs. Earl Sickle.

Mr. and Mrs. Harry Seeley and family of Oshawa spent Saturday with Mr. and Mrs. Burtis Hamilton.

Mr. and Mrs. Douglas Harry and children visited with Mr. and Mrs. Gerald Harry recently at Brockville.

Mrs. Raeburn Scott of Foxboro spent Wednesday afternoon with Mr. and Mrs. Arnold Harry and family.

Mr. and Mrs. Kenneth Care and children visited with Mr. and Mrs. Roy Thompson of Toronto recently and other relatives in that city.

Mr. and Mrs. Allan Ketcheson of Madoc were Saturday callers of their daughter and husband, Mr. and Mrs. Arnold Harry and family.

Lori Anne and Mrs. Ronald Hamilton spent the weekend with friends, Mr. and Mrs. Earle Willard, of Amherst Island.

Mr. and Mrs. Kenneth Care called at Holland Landing recently and brought his parents, Mr. and Mrs. Vincent Care, home with them for a few days.

Napanee, Lennox, Addington Start Centennial Program With Saturday Homecoming

NAPANEE — One hundredth birthday celebrations of Napanee and Lennox and Addington county will officially open at 1 p.m., Saturday, August 1, on the steps of the town hall, Napanee, which was built just a century ago.

The top eleven centennial queen contestants will be present in the market square for the official opening. Centennial executive and town and county officials will arrive on horseback, by buggy, and on tandem bikes, as they would have done in 1864.

Saturday is Homecoming Day. The afternoon program has been planned to welcome and give awards to the largest family coming back home, the persons returning from far thest away, and those of long residence.

Fiddling and step-dancing contests for cash prizes in the old-time amusements will range from a ten dollar bill to twenty-five dollars.

The morning program of Homecoming Day is for the horses. The entire population, whether ponies, saddle horses, drivers or work teams will be welcomed in the market square, and judged from 10 to 11. There will be special judges, and special awards not yet announced.

Local dignitaries, honorary patrons and Centennial executive will be present at a civic luncheon to be held on Civic Holiday, August 3rd, at Napanee Golf and Country Club. The time is 1.30, and the menu, planned as an antidote to hot weather, consists of cool salads, sugar-cured ham, tangy lemon dessert, and accompanying side dishes.

The invited list of guests has exceeded early expectations, with the result that a limited number of tickets is available for the general public.

"The luncheon will come after the excitement of the mammoth parade planned for the morning of Civic Holiday.

Days of yore will be recalled during Napanee-Lennox and Addington Centennial celebrations from August 1 to August 8 with the resurrection of the pioneer pumpkin cake. Mrs. John Graham, who made the cake from an old recipe, tries it out on Napanee merchant Ralph Bell, who after swallowing the healthy bite pronounced it excellent.

Pioneer Dish, Pumpkin Cake, Is Revived for Centennial

NAPANEE — Ever tasted pumpkin cake? Most residents of Lennox and Addington hadn't until the past month. But they're baking it, feeding it to their families who call for more, and hoping Centennial visitors will like it, too.

Pumpkin cake is to be a featured food of Centennial Week, August 1-8 and behind its choice lies a story.

United Empire Loyalists, set down in virgin forest in the middle of June, 1784, were faced with the problem of clearing enough land to be brought to grow food to feed them through the long hard winter to come.

They planted corn and pumpkins, which thrive in the hot months, as well as the grain and roots.

Those who were lucky enough to have corn to dry after eating corn on the cob in the fall had corn mush for breakfast. The pumpkins that they were able to keep were cooked as vegetables along with turnips and the potatoes of the second year.

A favorite dessert was pumpkin loaf, ground corn and cooked pumpkin, baked on a griddle in the open fire-place.

This old-time dessert is a food that is as much a part of Lennox and Addington county as apple pie is part of the Annapolis Valley. But the special treat has long been forgotten. But now the women of the county have looked up old recipe books, found the old favorite pumpkin cake and are baking it.

A luscious spicy pumpkin cake has been baked more than once by the wife of a local restaurant proprietor. Mrs. Graham has generously passed around her pumpkin cake recipe, and the accompanying pumpkin icing recipe, also found in an old cook book.

The special Centennial treat, pumpkin cake, will be found for certain in three places during Centennial Week, the Grenham's restaurant, the local bakeshop, and a refreshment booth manned by the UCW of Grace United Church, Napanee, which will be open on the grounds of the Allan Macpherson house August 5 and 6, during the antique show and art exhibition there.

The pumpkin cakes at the church booth will have variety, for they are to come from the kitchens of twelve different women. Those women have also revived an old-time favorite refreshment, raspberry shrub, which they will serve with the pumpkin cake.

6th Tyendinaga

6TH TYENDINAGA — Mr. and Mrs. Harold Treverton and Carol, Cathy and Karen attended a family picnic at Presqu'ile Park on Sunday.

Master Ronnie Mumby of Belleville spent a few days with his grandparents, Mr. and Mrs. Lorne McKenzie last week.

Mr. and Mrs. Charlie Bird and boys of Belleville and Mr. and Mrs. Roy Boldrick, 6th Line spent Wednesday evening with Mr. and Mrs. Earl Boldrick and boys at Colonel Vandewater Park.

Mr. and Mrs. Charlie Treverton and granddaughter Susan visited on Sunday with Mr. and Mrs. Arthur Treverton and family, 4th line.

Mrs. Earl Treverton and Jane, Mrs. Fred Ploegman and Mrs. Klaas De Jong and baby called on Mrs. Harold Treverton on Wednesday afternoon.

Mr. and Mrs. Glenn Elliott and girls of West Huntingdon called on Mr. and Mrs. Roy Boldrick on Thursday evening. The girls remained for some holidays with their grandparents.

Mr. and Mrs. Harold Treverton and girls visited on Sunday with Mr. and Mrs. Arthur Treverton and family of Corbyville. Miss Helen Treverton returned home with them.

Mr. and Mrs. Lorne McKenzie and Andrew, Mrs. C. Bradshaw and Miss Norma Bradshaw, Mr. and Mrs. Garry McKenzie and family of Frankford attended a picnic at O'Hara's Mill near Madoc on Sunday.

Mrs. J. Emerson and Miss Patsy Emerson of Centenary are visiting at the home of Mr. and Mrs. Charlie Treverton this week.

Miss Norma Bradshaw called on Mr. and Mrs. Lorne McKenzie on Sunday and Miss Norma Bradshaw and Mrs. C. Bradshaw returned home with her after spending the past two weeks at the McKenzie home.

Miss Helen Treverton, 4th line is spending some holidays with the Treverton girls.

Rev. E. J. Kersey and family of Toronto spent Tuesday with Mr. and Mrs. Charlie Treverton.

Mr. and Mrs. Lorne McKenzie and Andrew Davis attended a reception in the Orange Hall in Carrollton and Saturday evening in honor of Mr. and Mrs. Lloyd Norton (nee Ann Bradshaw) who were recently married.

Mr. and Mrs. Lawrence Boyle of Picton called on Mr. and Mrs. Roy Boldrick on Sunday afternoon.

Miss Marguerite Lancaster, Calvin and Kirk Wannamaker of Plainfield called on Mr. and Mrs. Percy Lancaster and family on Sunday evening.

Mrs. McKenzie spent the weekend camping at the Outlet.

Mrs. Lorne McKenzie spent Thursday with Mrs. Garry McKenzie and family, Frankford.

Mrs. Harold Treverton and Susan called on Mr. and Mrs. Allan Hennessey of Bloomfield on Saturday.

Mr. and Mrs. Charlie Treverton visited with Rev. and Mrs. E. J. Kersey and family at their cottage on Motra Lake on Sunday evening.

Sheri, Lori and Robert McKenzie of Frankford spent Friday night with their grandparents, Mr. and Mrs. Lorne McKenzie.

Mr. and Mrs. Bernard Fox, Ricky and Judy of Trenton called on Mr. and Mrs. Lorne McKenzie Sunday night. Ricky Judy remained for a holiday at the McKenzie home.

SPOON FIGURES

Spoons, which made their appearance first during the Middle Ages, were decorated with figures of saints or the Virgin Mary.

'Mud and Comradeship' - - Memory of Great War

By CAROL KENNEDY

LONDON (CP) — "What did you do in the Great War, Daddy?

The famous 1914-18 recruiting slogan on the poster with the wide-eyed child and conscience-stricken father might well be the motto, in a different sense, of this 50th anniversary year of "the war to end war."

Suddenly, after decades of oblivion while the world rushed on to new ordeals, the veterans of that first and most traumatic of...llict are being asked: "What did you do in the Great War? Authors, journalists and script-writers, peering as it were through the wrong end of time's telescope, want to know what it was really like out there in the dank trenches of France and Flanders.

The once-forgotten now are living history. What do they the men who came back from the Lost Generation, remember most clearly?

"The mud . . . and the comradeship, said several veterans of the Canadian Expeditionary Force now living in England—all Englishmen who had emigrated to Canada around 1910 and joined up at the call for volunteers.

FRIENDSHIPS FORGED

Comradeship is a recurring theme. There was something about life in the front line, the minute - by - minute living with death and discomfort, that forged almost idyllic friendships.

These are remembered—so years on—as the heightened senses of the trenches; the knowledge that even a finger poked above the parapet could be shot off by a watchful sniper; the eerie solitude of the night watch, every fibre strained to catch a sound or movement across No Man's Land, or the faintest whiff of something odd that might be poison gas.

Life was lived at a higher pitch in the front line—and no wonder, since at the period the average life expectancy of a junior officer in the infantry was less than three weeks.

Tragedy, though a constant experience, often struck with a startling impact. Maj. Gen. Viscount of the Princess Patricias Canadian Light Infantry recalls standing in the trenches round Sanctuary Wood just before the dawn attack June 2, 1916, and talking in whispers with a friend.

'LIKE RAG DOLL'

Suddenly mortar whistled and crumpled. When he picked himself up, he saw his friends body doubled over against the mud wall "like a rag doll with all the stuffing gone from the middle."

Another infantry veteran remembers an idealistic college boy in his trench horrified by the squalid reality of war, talking wistfully about his plans to go home to Canada, finish his their cottage and "be a country doctor in some quiet prairie town . . ." Then a bullet cut him down, his sentence unfinished.

But there were good moments, and they are even more vividly remembered. The brief physical pleasure: another special savor—the tot of rum served round with the dawn stand-to; the brought up in "skillies" along the communication trench, the rare wallow in a bath followed by a home-cooked meal in a cafe or farmhouse behind the lines.

In an episode that might have come from the prize - winning movie Time Out of War, veteran Roland Eves of the Canadian 20th battalion recalls escaping on a summer day in Flanders far behind the lines to a field knee-deep in grass.

BRIEF ESCAPE

"I lay on my back in the grass looking up through the stems at the sun and the blue sky. Not a gun could be heard —the war might have been a million miles away. It felt so good to be alive."

But these were rare and precious moments. A man was more likely to be shovelling corpses into a makeshift grave the freezing rain, vomiting at the task after breakfasting off a can of cold mutton. Always the physical memories are more vivid than feelings of sadness or fear.

Men were constantly dog-tired. Some actually slept as they marched, even slong perilous duckboards over the deep Flanders mud. "The man behind kicked your feet forward for you."

Maj. Eric Michelmore of the Patricia's recalled the agony and frustration of the interminable mud-crawl at Passchendaele: "We lost so many men and never even saw a German.

They were in concrete pillboxes on a level with the top of the ridge, well concealed. . . . Horses and mules would get bogged down dragging the guns through the mud and had to shoot them. It hurt more than killing the enemy.

ANGEL OF MONS

Supernatural experiences sprinkle first World war reminiscences, from the Angel of Mons to the unseen hand that a Canadian sooner isn't twisting his head just in time to avoid a sniper's bullet. There were the two Canadian officers drinking tea in Toc H headquarters, Talbot House in Poperinghe, who saw the face of a dead comrade at the window and found a smoking cigarette on the sidewalk in a completely deserted street.

One PPCLI veteran believes that in the carnage of Sanctuary Wood he died from his wounds and stood in the presence of God—"It was like strong sling through a great storm of wind and rain and then suddenly a door shut behind me and I was in a great peace and warmth and light. I remember regretting that I was so young. I knew I was still so much to do. The next thing I knew, I was back in my wounded body again."

Many Canadian volunteers went to the war with an idealistic, Rupert Brooke eagerness to meet the challenge of evil and escape into action from what the soldier-poet called "a world grown old and cold and weary."

STILL IDEALISTIC

What strikes a reporter two generations removed is how much of this boyish idealism still remains in many of the silver-haired ex-soldiers—a simple faith in the rightness of the allied cause and a lack of bitterness that contrasts strangely with the cynical view of some First World War historians that the Tommies were sacrificed to the folly of the generals—"lions led by donkeys, as the German general Falkenhayn said.

PPCLI veteran Gordon Jarrett, who thinks he may have been the last man taken prisoner from Sanctuary Wood in the great June 2, 1916, battle, explained with a shining sincerity:

"We were lifted on to a higher plane, called to endure things no man had yet endured, for a noble cause. I remember being on the night watch, my eyes level with the trench parapet peering into the darkness with every nerve - end alert for danger, and feeling of all that was responsible for . . . my sleeping comrades, the men in the reserve trenches, behind them the supply lines, behind them England and Canada and all those boys at home who would be joining up to follow me. . . .

"The Lost Generation were never really lost. They live and we draw strength from their sacrifice."

NAMES ONE PIECE

France has dubbed the one-piece bathing suit the "monokini."

Seeks to Refute Reincarnation

By V. M. NAIR

NEW DELHI (Reuters)—At a little known university in north India, a young doctor is trying to prove—or disprove—the theory of reincarnation.

Dr. H. N. Banerjee, director of the department of parapsychology at the University of Rajasthan, has devoted several years to seeking a scientific explanation of those rare cases in which people have shown an astounding ability to recall details of past lives.

He has yet to find a rational explanation for this phenomenon. But he has collected a mass of material.

He now is conducting a census of international instances of claimed reincarnation.

He has visited several foreign lands to investigate reports of the existence of persons claiming the ability to recall intimate details of past lives. About 200 such cases are being studied by the Rajasthan university department of parapsychology.

Banerjee says that while some cases satisfied him as genuine, the basic question of how these persons were able to recall the details of the life of a dead stranger (whose reincarnation they claim to be) remains unanswered.

One such case, investigated in 1958, involved a 10-year-old girl named Swarna Lata, of Chhatarpur, a town in central India.

The girl belonged to a middle class family and her father was the district inspector of schools. From early childhood, Swarna Lata claimed that her real home was at Katni, a town several miles away, and that she had two sons. She described the appearance of the house with remarkable accuracy—as it had been 18 years previously.

Investigations showed that a housewife called Bindia Devi had died of heart failure about 18 years earlier in the house described by the little girl. Bindia Devi had two sons, who were still alive.

Although there were some inaccuracies, most of the girl's statements were found to be correct.

Swarna Lata's family had never had any contact with the household of Bindia Devi.

Banerjee, while hesitating to declare the girl a case of reincarnation, ruled out fraud. He was unable to give any explanation for the girl's "memory."

"The term reincarnation, which is usually used for describing such cases, is presumptuous and has spiritual and occult connotations, Banerjee explained.

The present investigation has been conducted as an empirical scientific study leaving aside theoretical considerations for or against, he added.

BELIEVE IN THEORY

Cases of "reincarnation have been reported more frequently from India than elsewhere because of the Hindu belief in reincarnation.

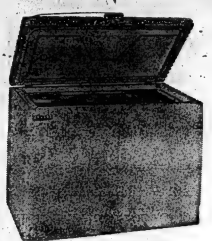
One early case investigated was in Delhi in 1936. A 10-year-old girl, named Shanti Devi, claimed that she was a wife and mother and had lived in Mathura, a town about 75 miles south of Delhi.

Her claim aroused country-wide interest. A 15-man committee headed by a leading public figure investigated and decided that the girl's claim was valid.

Shanti Devi was taken to Mathura. The girl took the party straight to the house of her husband. She demonstrated complete familiarity with the house and took the investigating team to her bedroom to show them the place where she had buried her money.

An empty box was recovered from the spot, but her husband Chaubey, explained that he had removed the money.

The investigating team found that Chaubey's wife had died Oct 24, 1925.



Shanti Devi was born Dec. 11, 1926. Shanti Devi still lives in Delhi. She never married and leads an austere religious life.

GETS ASYLUM

MEXICO CITY (AP) — Juanita Castro, sister of Cuban Premier Fidel Castro, was granted political asylum in Mexico Wednesday. An interior ministry spokesman said papers granting the asylum were completed in the afternoon.

Civil Rights Leaders Said Critical of Republicans' 'States Rights Platform'

NEW YORK (AP) — Civil rights leaders in some cities express reservations about a call by Negro leaders for an end to most, if not all, mass demonstrations in the United States until after election day Nov. 3.

The national leaders were critical of what they called the "states rights platform" adopted by the Republican convention that nominated Arizona Senator Barry Goldwater for president. Their statement, issued Wednesday night after a "summit meeting," said:

"We believe that racism has been injected into the campaign by the Goldwater forces."

Urging a shift in tactics, they called for "a broad curtailment, if not total moratorium, of all mass marches, mass picketing and mass demonstrations until after election day" and more emphasis on getting more Negroes registered to vote.

Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, took pains to make it clear that the "summit" statement should not be interpreted as an endorsement of President Johnson's policies.

WILL CONTINUE

A spot check by The Associated Press indicated that several civil rights leaders on the local level intend to go ahead with demonstrations when they feel they are needed to get results.

Jesse Gray, leader of the Harlem rent strikes, said: "We'll continue to have demonstrations in Harlem in spite of what Wilkins says."

Stanley Branche, head of the Committee for Freedom now in Chester, Pa., near Philadelphia, said: "The only way we get this law is because of our demonstrations."

At a rally of 150 persons Wednesday night he called for persons to march at a paper company today to urge more jobs for Negroes.

A spokesman for the NAACP said it previously announced a march and rally at the Democratic national convention next month in Atlantic City, N.J., will be held, but will not be "any kind of alienating demonstration."

Miss Ruth Turner, executive secretary of the Congress Of Racial Equality's Cleveland chapter, said the "summit" statement "will not alter our plans" for what she called "a meeting" today on the city hall steps to protest alleged police brutality.

The summit statement was signed by Wilkins, Dr. Martin Luther King, president of the Southern Christian Leadership Conference; Whitney M. Young, executive director of the National Urban League; and A. Philip Randolph, chairman of the Negro American Labor Council.

It was issued after a two-hour conference at the NAACP headquarters. Wilkins sent out a call for the meeting last Thursday, shortly after the rioting began in Harlem and in Bedford-Stuyvesant, the Negro section of Brooklyn, two days later rioting and looting broke out in Rochester, N.Y.

Meanwhile, in Selma, Ala., meanwhile, the justice department obtained the first suit in Alabama under the civil rights law. The department seeks to enjoin about 30 individuals and restaurants in Tuscaloosa, Ala., from discriminating against Negroes.

In Atlanta, a federal judge refused to order faster desegregation of the city's public schools. Judge Lewis Morgan Jr. said Hooper said that in carrying out a grades- a - year desegregation plan, the school board had "shown a spirit of fine co-operation."

FLORIDA RIOTS

The first action brought under the Civil Rights Act in South Florida was filed against two Orangeburg theatres.

An NAACP lawyer, Matthew Perry, filed a motion in U.S. district court which asks for a preliminary injunction against the theatres. The motion contends that they have refused to sell tickets to Negroes at their theatres.

In Rochester, officials decided to lift a curfew ban on the sale of liquor. The ban was imposed late Saturday after police were unable to control rolling Negro mobs surging through the streets in Negro neighborhoods.

Churchill Thanks House For Tributes

LONDON (Reuters) — Sir Winston Churchill said Wednesday he would always remember and cherish the tributes paid him by Parliament Tuesday to mark his retirement after more than 60 years in the House of Commons.

Prime Minister Douglas-Home read a message given him by Churchill when Britain's political leaders presented the veteran statesman and war-time leader with a record of the Commons resolution expressing "unbounded admiration and gratitude" to him.

Churchill's message said: "Among the many different aspects and chapters of my public life it is my keenest as a member of Parliament that I should cherish.

"Now, at this time of my departure, this resolution has set the seal on the many kindnesses which the House has done me. It will always be remembered and cherished by myself and my descendants."

There were prolonged cries of "Hear, hear," as Douglas-Home finished reading the message.

LONDON (Reuters)—A movie is to be made based on Sir Winston Churchill's book "Painting as a Pastime." It was announced here Wednesday.

A contract was issued on behalf of the former British prime minister said an agreement has been reached and a contract will shortly be signed between Churchill and American producer Jack Wien for the production of the film.

It would receive world-wide distribution when completed, the action. The first showing is expected on Nov. 30, Churchill's eighty birthday, the statement said.

Try Juvenile Traffic Cases In Adult Courts

VICTORIA (CP) — The attorney-general's department has ordered provincial, municipal and police authorities to try juveniles charged with traffic offences and minor municipal bylaw infractions in adult courts, it was learned Wednesday.

An official in the attorney-general's department said juveniles were being "mollycoddled and protected in a way which allowed everything to be done quietly."

The new official said juvenile offenders may face stiffer penalties in adult court and will be on a par with adults.

He said the move was in the best interests of young offenders because they will no longer be tagged as juvenile delinquents. The government is also considering the possibility of extending the move to cover liquor offences by juveniles.

He said the new system had been tried experimentally in Vancouver for the last three years with juveniles being tried as adults in family court. He said attorney general went into the decision to expand the system.

Red China Won't Attend Split Meet

TOKYO (AP) — Communist China told Russia today it will not ever take part in any international meeting" that will split the international Communist movement.

The Chinese Communists are "firmly opposed to a schismatic meeting" convened by leaders of the Soviet Communist party, the Chinese charged.

Peking's refusal to attend a showdown meeting of the world's Communist parties was set contained in a letter dated July 28 from the central committee of the Chinese Communist party to the Soviet Communist party. Contents of the letter were announced by China in a broadcast by the New China news agency.

CANADIAN NETWORK

The Canadian Television Network by September of 1964 will cover Canada with 11 affiliated stations and 13 rebroadcasting stations.

'Maverick' Leads Stars In 'Shoot-Out' With Council

LOS ANGELES (CP - AP) — Four movie stars led by James Garner got into a verbal shoot-out with the city council Wednesday over the encroachments of the cities on their rustic mountain retreats.

Garner, star of the TV Maverick series, Steve McQueen, Eva Marie Saint and Betsy Drake stamped into a public hearing on a controversial master plan for development of the Santa Monica Mountains. All have rural dingings there.

Britling met at the thought of high-rise structures, subdivisions and a doubled population in their wooded dells, McQueen rose to protest the plan and was promptly called out of order. Council President L. E. Timberlake said McQueen had made his point abundantly clear in previous day.

Said McQueen anyway: "I'd like to ask the councilman (Karl Rundberg) what it is going to cost to build freeways through the mountain area."

Rundberg (angrily): Well, Mr. whatever-your-name-is, that is a question that should be put to the planning department, not to me."

Miss Drake rose to say she hadn't had her say the previous day. She was ruled out of order and told to sit down. She did.

Miss Saint sat quietly by, wringing her hands and saying nobody is particular. "Why can't we have a park? Why can't we . . ."

Then Rose Garner, hero of the television westerns. Glaring at Rundberg he asked: "Do you represent the 11th council district?"

Rundberg: "Yes."

Garner (leaning toward Rundberg): "Well, then you better vote the way we want you to, vote or we'll get rid of you."

Rundberg (seething): "You're just an actor." (Looks from Garner to McQueen.)

The Garner-McQueen and Rundberg were inches from each other, shouting hotly and clenching their fists, witnesses said.

The council continues discussion of the matter today—but in closed session. No actors allowed.

Goldwater Never Answered Queries of German Weekly Which Now Prints His Views

PHILADELPHIA (AP) — Austin J. App, identified in Washington as the propaganda submitted a list of questions to Senator Barry Goldwater on Nov. 6, according to a West German weekly, Deutsche National Zeitung, confirmed Wednesday night that the questions never were answered.

App, who identified himself as a writer for several German newspapers and an associate professor of history at Temple College, said he knew nothing about Deutsche National Zeitung's publication of his article under the signature of Goldwater, the Republican presidential nominee.

The article opposed the proposed multilateral nuclear force.

Earlier in Washington, Tony Smith, Goldwater's press secretary, said: "The senator has not talked to any German representative, and has not written any articles." Smith said Deutsche National Zeitung submitted a list of questions May 27, but Goldwater has not answered them. On July 18, Smith said, a new list of questions was submitted but not published by App, but they, too, went unanswered.

Diefenbaker Says Pearson Tries to Provoke Election

PETROLIA, Ont. (CP)—Opposition Leader John Diefenbaker said Wednesday night Prime Minister Pearson is seeking to "provoke an election to provide a smokescreen to conceal the government's failure to carry out its promises."

Speaking at a barbecue given by the Progressive Conservative riding associations of East, the former prime minister said he believes Mr. Pearson is preparing an early election, using the excuse that the opposition is obstructing the government.

But the people "are asking for action, not an election," Mr. Diefenbaker said, charging that he has never seen a government place less legislation before Parliament than the Pearson government.

"They call it obstruction when we try to force them to fulfill their promises. Day in, day out, week after week, there is no progress in the House," Mr. Diefenbaker told some 3000 persons attending the barbecue, about 10 miles east of Sarnia.

Canadian Is Selected by U.S. To Teach Tunisia Steel-Making

OTTAWA (CP) — A 65-year-old Canadian of Italian origin who never went to school has been selected by the United States government to teach Tunisians how to make steel.

Michael Feltrin will leave Ottawa Friday for Tunis where he will supervise the operation of a foundry being built in the Tunisian capital by the Agency for International Development of the U.S. state department.

Mr. Feltrin, who will be 66 in two weeks, retired today on superannuation as superintendent of the foundry of the Dominion Bridge Company of the federal mines department.

"My new job will be to supervise the manufacture of steel by the Tunisians. I have to teach Tunisians how to make steel," he said in an interview.

Mr. Feltrin received letters of ads from his native Italy in 1914 at the age of 15. He joined the Canadian Army in Toronto, B.C., area and worked in lumber camps for four years.

In 1919 he obtained work in a steel plant at Welland and remained in the steel business until 1939 when he joined the federal government service. He helped establish what are now the metallurgical laboratories of the mines department.

Parliament At a Glance

By THE CANADIAN PRESS

WEDNESDAY, July 29, 1964

Prime Minister Pearson tabled a report on the judicial inquiry into alleged irregularities in Prairie Farm Assistance Act Payments.

Secretary of State Minister Martin said Canada's new 12-mile fishing limit has been proclaimed by the cabinet.

Mr Pearson said he will address in a few days the detailed itinerary for the Queen's visit to Canada in October.

Jack Horner (PC—Acadia) criticized the Alberta Social Credit government for slow action on recommending ARDA projects.

H. A. Olson (SC—Medicine Hat) said the slow start was the fault of the former Conservative government.

Grant Hamilton (NDP—Kootenay West) accused Alberta and British Columbia of being autocratic in recent legislative items.

Back Benchers Should Have More Voice

GENEVA PARK, Ont. (CP)— Three members of different political parties agreed Wednesday that back benchers in Parliament should be given more voice in House of Commons affairs and that the time of the House could be more effectively arranged.

Dr. Pauline Jewett, Liberal member for Northumberland, Stanley Knowles, New Democratic Party member for Winnipeg North Centre, and Gerald Baldwin, Progressive Conservative member for Peace River, were members of a panel at the Conference convened by the Canadian Institute on Public Affairs.

Mr. Knowles, an authority on parliamentary procedure, predicted that a time limit on debates will eventually come about without interfering with freedom of speech.

All three panelists also agreed that Commons committees should be strengthened, with Dr. Jewett advocating establishment of a staff of research assistants to aid committees and individual members when necessary. She said standing committees should be equipped with professional staffs and given the power to establish subcommittees.

Dr. Jewett made brief mention of the Quebec problem and said the desire of French Canada for parity must be met though it could happen, she felt, was to have one party accept the Liberal view while the other did not.

"This would lead to the end of the parliamentary system," she said.

Oil Stock Investor Joins Hunt for Bank Robber

TORONTO (CP) — Inspector James Harris of the provincial police, whose investigations led to the capture of the slayer of Thomasina Baker, has been called into the hunt for the killer of Michael, 36, fatally wounded by a bank robber here Friday.

Inspector Harris, who spent more than a year tracking down the killer of Miss Baker, murdered during the Beeton, Ont. girl, headed a search Wednesday in the area in which the bandit escape car was found a short distance from the holdup.

Michael Gerard Adolphus Payne, heading the hunt for the Metropolitan Toronto police, said no clues had been found indicating the killer may still have the .306-calibre rifle used to kill Baker.

Inspector Payne said police still have the main clue in a turquoise - colored bucket seat from the 1963 model getaway car which failed to start at the scene.

Blanc was fatally wounded in a gunbattle with the escaping bandit following the $25,700 robbery of a Canadian Imperial Bank of Commerce branch in suburban Downsview.

Says Siberia Dump Ground For Parasites

MOSCOW (Reuters)—Siberian Communist officials have appealed to the Kremlin to stop using Siberia as a dumping ground for idlers and "parasites."

Under laws passed three years ago, loafers, drunkards and other social undesirables have been exiled to specific districts. They are made to work in Siberian communities in the hope that they will become useful members.

Two senior Siberian Officials complained in a letter to the government newspaper Izvestia today that the program is a failure.

They said many idlers continued their "parasitic way of life" once they reached Siberia, often committing crimes, and corrupting local people.

Khrushchev's German Visit May Be Aimed at Backing Erhard's Changes in Policy

By JOSEPH HARDWEEY
Canadian Press Staff Writer

West Germany's domestic politics provide a clue as to why Soviet Premier Khrushchev has apparently decided to visit Bonn.

Perhaps the mere fact that an election is coming in West Germany next year was enough to set the peripatetic Mr. Khrushchev thinking about hitting the road once again.

Khrushchev may simply want to make a dramatic response to the European policies being followed by Chancellor Ludwig Erhard and Foreign Minister Gerhard Schroeder against formidable opposition.

It is seen as a good omen that the proposed visit was arranged by Alexei Adzhubei, Khrushchev's son-in-law, whose name has become associated with moves for relaxation of tensions.

Adzhubei, for instance, carried a letter from Khrushchev to the late Pope John in a gesture heralding some modification in relations between Moscow and the Vatican, the Roman Catholic Church.

POSITION STRONGER

Erhard seems to have emerged with increased personal strength from the recent challenge to his policies by a group led by Foreign Affairs Minister, former defence minister, and Konrad Adenauer, former chancellor, within his own party.

Erhard, the economic wonderworker, is an acknowledged vote-getter not likely to be deposed before an election. Often derided as a paper tiger, he has shown both by stipulating that he and he alone is responsible for policy under West Germany's basic law.

Yet Khrushchev may think it wise to show recognition of Erhard's moves to the east, particularly in trade, and Erhard's liberal attitude toward Europeans union.

No one is expecting any developments in the great cessation of German reunification. Khrushchev has just guaranteed the Communist East German state for 20 years, implying the whole matter could be re-examined then.

Khrushchev, venturing into Bonn for the first time since the end of war-mongers, is sure to try to discourage West Germany from joining the United States - inspired NATO multinational force—and just as sure to be unsuccessful.

UNIFICATION UNLIKELY

Although no progress on reunification seems possible, Bonn may try to make conversations such as increased freedom of travel between the two Germanys only reaches only 4.5 per cent of its total.

In any case, the Erhard-Khrushchev meeting is seen as more likely to be of importance than that of Adenauer and former Russian premier Bulganin in Moscow in 1955.

Adenauer's trip had the immediate aim of obtaining the release of German prisoners of war, 10,000 of whom were repatriated within a few months. At the same time, the two countries resumed diplomatic relations after a lapse of 14 years.

Spend $1000 for Day's Digging on Parking Lot for Bones Thousand Years Old

FORT ERIE, Ont. (CP)—The National Museum of Canada in Ottawa spent $1,000 Wednesday night for a 24-hour extension to excavation activities at a site where human skeletons were unearthed by the Beeton, Ont. girl, headed a search Wednesday in the area in which the bandit escape car was found a short distance from the holdup.

Michael Gerard Adolphus Payne, heading the hunt for the Metropolitan Toronto police, said no clues had been found indicating the killer may still have the .306-calibre rifle used to kill Baker.

Inspector Payne said police still have the main clue in a turquoise - colored bucket seat from the 1963 model getaway car which failed to start at the scene.

Blanc was fatally wounded in a gunbattle with the escaping bandit following the $25,700 robbery of a Canadian Imperial Bank of Commerce branch in suburban Downsview.

Teachers Will Study Ways Of Using Papers in Class

OTTAWA (CP) — Ways to use the daily newspaper as an educational tool will be explored by a group of some 40 Canadian and United States school teachers here Aug. 2-14.

The teachers are to attend a workshop on "The newspaper in the classroom at Carleton University.

The workshop, sponsored by the Canadian Daily Newspaper Publishers Association, started last year under the direction of Russell A. Wendt, chairman of Carleton's journalism department. Mr. Wendt, now dean of students at Carleton, is to direct it again this year.

The 13-day program of talks and discussion groups is aimed at acquainting teachers with the kind information available in a newspaper for use as a teaching aid.

They will be shown how to use newspaper stories to illustrate lessons in such subjects as current events, social studies and geography.

Teachers will also hear talks on journalism from a number of prominent publishers, journalists and university professors.

These include: T. E. Nichols, vice-president and publisher of the Hamilton Spectator on editorial policy and interpretive reporting; Ross Munro, publisher of the Winnipeg Tribune, on the role of the foreign correspondent; Guy LaMarche, at real La Presse on the press in Canada; Douglas Fisher, NDP MP for Port Arthur on "politics and the press."

The professors are Wilfrid Eggleston, department of journalism and Mr. T. F. S. Noad of the University of Toronto's geography department.

After the workshop ends, he teachers will be encouraged to develop classroom programs in their own areas.

Dislike Seeing Catholicism As Qualification for Office

NEW YORK (AP) — The Jesuit - published weekly Roman Catholic magazine America says it "intensely dislike" the suggestion that a catholicism should be regarded as a disqualification for the presidency or vice-presidency of the United States.

"That Catholics now can be nominated for the highest offices in the land makes progress," says an editorial in the magazine's July 25 issue.

"But we intensely dislike the idea that catholicism should be considered as a disqualification for the presidency or the vice-presidency.

The magazine notes that U.S. Representative William E. Miller, of New York, a Catholic, has been nominated by Republican vice-presidential candidate.

The editorial made no further comment on that in its criticism of basing a candidates merits to any degree on his catholicism.

"Such a notion implies that Catholics demand representation in the presidential ballot, and that, in our opinion, is simply not true . . . America says, "when John F. Kennedy became the first Catholic U.S. president in 1960.

Warn Against Showing Money Photos in Ads

By ON HANKRIGHT

OTTAWA (CP) — The justice department has warned several Canadian newspaper and magazine publishers against using photographs or advertisements depicting Canadian currency, it was learned Wednesday.

Section 400 (3) of the Criminal Code says everyone is guilty of an indictable offence on summary conviction who "publishes or prints anything in the likeness or appearance of (a) all or part of a current bank note or current money paper. . . .

Sources said several justice department letters have gone out during the last year or so in connection with photos or ads showing currency—for example in the hands of sweepstake winners.

Latest complaint was lodged by the Bank of Canada in connection with a Canadian Pacific Airlines advertisement, appearing in newspapers across Canada, depicting part of a $20 bill as a promotion of CPA fares.

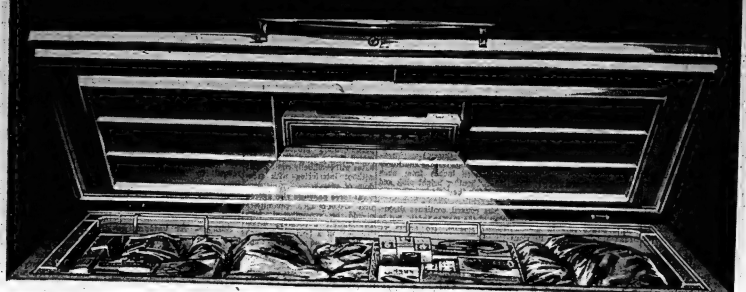
In each case the department said in effect that it assumed the publishers were not aware of the Criminal Code provision, and for this reason there would be no prosecution.

SEND BULLETIN

OTTAWA (CP) — Inauguration of a farm information bulletin to be mailed to Canada's 40,000 farmers was announced Wednesday by Agriculture Minister Harry Hays. The first bulletin to be mailed this week, is a pamphlet describing the services available from the federal Farm Credit Corporation.

Plans Dormitory

OTTAWA (CP)—The Central Mortgage and Housing Corporation has approved a $2,520,000 loan to Queen's University, Kingston, for the building and construction of dormitory facilities, it was announced Wednesday.



The project will consist of a four-storey dormitory to house 360 male students. Interest on the loan will be repayable over a period of 50 years, is 5½ per cent a year.

CONGRESS MEETS

Delegates from 112 countries meet in New Delhi in December for the international Geological Congress—the first time since 1876 on Asian soil.

WHAT HOPE TOURISTS? — Two programs are planned to relieve Northern Ontario's mining towns of their dependence on mines. Tourism and bigger roles as service centres may establish a secondary source of income for the towns and reopen stores such as these in Elliot Lake. The town which became a depressed area when the uranium market faltered, is advertising itself as Canada's first nuclear museum.

(CP Photo)

Mining North Sees Tourists As Safeguard to Economy

By KEN SMITH
Canadian Press Business Editor

TIMMINS, Ont. (CP)—An important part of the future of Northern Ontario's established mining camps may be tied up with tourists and acting as service centres for large surrounding areas.

Those are two programs seen as ways to relieve the camps of their dependence on mines, which sooner or later must diversify their living.

Other projects range from vetting up Canada's 11th province—complete with flag — to minting gold coins for Canada's centenaary and growing blue-series on a commercial scale.

Detailed studies have been started this summer to find out how many tourists visit Northern Ontario, where they go, how much they spend and—most important—how to attract more of them.

Many officials feel the mining communities have a good chance to increase sharply their tourist earnings by smarter promotion — something that has been lacking until recent years.

CAN TOUR MINE

"We'll have at least three times as many tourists this year as a few years ago," predicts Jim Wyatt, president of the Timmins Chamber of Commerce.

F. A. Davidson, president of the Kirkland Lake Chamber, says tourism, if properly developed, "can mean as much as a mine payroll each year to the community."

Good highways, camping sites, natural beauty, hunting, fishing and winter games all are being promoted to win tourists' favors.

Kirkland Lake recently opened an abandoned gold mine, offering visitors a chance to go underground and see at first hand the actual workings of a mine.

In gift shops, chunks of gold-bearing rock are big sellers.

Elliot Lake, the once-thriving uranium centre that fell into a serious depression when the uranium market went into a spin, is going all out to attract tourists.

What is billed as "Canada's first nuclear museum" has been established—in the mess's beverage room of a now-empty hotel—and hundreds of camping sites are being set up at nearby lakes to woo the outdoors fans.

WANTS COCKTAIL LICENCE

The town also has been fending with the Ontario government over what it considers an unnecessary delay in getting a licence for cocktail lounges, regarded as essential for pleasing tourists.

Services that established centres such as Timmins and Kirkland Lake can offer outlying areas range from schools and hospitals to homes, shopping and a base for travelling salesmen.

J. W. Spooner, Ontario's municipal affairs minister, says no new communities will be allowed to develop at sites of mineral finds if a town already exists within a reasonable distance.

As a result, many municipal officials are confident their towns' service will be used by areas stretching 75 or more miles away.

Several new warehouses have been built recently near Timmins and Kirkland Lake, chiefly to store mining equipment in recognition of their growing roles as headquarters for the greatly stepped-up mineral exploration going on, but also for such goods as food, furniture and even soft drinks.

SHORT OF HOUSING

The increasing use of these towns as regional headquarters has created a minor boom in housing. Both Timmins and Kirkland Lake are short of modern, well-equipped medium-priced homes and the building pace has been picking up for the last two years, despite a ceiling that mining was on the downgrade.

During the last 20 years, says a Timmins businessman, about 4,000 miners have lost their jobs. But the steady increase in services has taken up the slack caused by these losses.

"The North is really just beginning to wake up," says Mr. Spooner, who comes from Timmins.

"New and improved highways that have been built and are being built will make it possible for people to get from one place to another more quickly and conveniently.

"New areas, and new opportunities, are appearing now all the time and people are realizing that if they are willing to spend money on the future they can get in on the ground floor of the profits."

Tomorrow: A grocer looking for more competition.

Bonarlaw

BONARLAW—Miss Geraldine McFaul, returned home from Calgary on Friday.

Mr. and Mrs. Kenneth Stiles, returned home on Saturday from their wedding trip to the West Coast.

Mr. and Mrs. Gerald Burkitt, Joanne and Jim are enjoying a motor trip through eastern Ontario and Quebec and U.S.A. and will visit Mr. and Mrs. Cecil Youmle at Howick, Quebec.

Mr. Bob Stiles spent a few days this week with Mr. Harold Stiles.

Mr. and Mrs. Lisle McComb and children of Scarborough are holidaying with Mr. and Mrs. Hugh Jones.

Mr. and Mrs. George Gunn of Toronto visited Mr. and Mrs. A. Burkitt on Wednesday.

Several high school friends motored to Wallaceburg owing to the death by drowning of Danny Harris, a high school pupil of Stirling.

Miss Wenda Neal is enjoying a week's holiday at her home with Mr. and Mrs. Bill Neal and friends.

Mr. and Mrs. James Meneely and Jerry of Oshawa spent a few days with Mr. and Mrs. A. Burkitt, all enjoyed a picnic at the Serpent Mounds on Thursday.

Mr. Harold Stiles and Mr. Ernest Stiles attended the Cotton — Finner wedding at Almonte on Saturday.

Mr. and Mrs. Arthur Reid and Mr. and Mrs. Dick Morton attended the wedding of Miss Heath at Midland.

Mr. and Mrs. Harry Welsh, Toronto, visited Mr. and Mrs. Ed McKeown. Mr. and Mrs. Fred McKeown visited at the same home.

Mrs. Kenneth Huff is undergoing treatment in Belleville General Hospital.

Mr. and Mrs. Evan Ibbitson and Allan of Elliott Lake and Mr. and Mrs. Dale Ibbitson and Kelly of Orillia spent the week-end with Mr. and Mrs. Reg. Burkitt and girls.

Miss Barbara Burkitt of Oshawa is holidaying at her home.

Mrs. Dave Wellman spent Sunday with Mrs. A. Walker at Marmora.

Master Brian Burkitt visited his sister Mrs. James McComb, Mr. McComb, Rhonda and Randy, of Peterborough.

Mr. and Mrs. Dave Henderson and boys of Toronto are holidaying with the Wellman family at their cottage, Crowe River.

Mr. and Mrs. Reg Burkitt visited Mr. and Mrs. A. Burkitt on Sunday.

Mr. and Mrs. Harry McAdam of Mount Pleasant spent Sunday with Mr. and Mrs. Ross Dickie.

Mr. Richard Ravard of Hawkesbury spent the weekend with Mr. and Mrs. Bill Burkitt, Darlene and Brian.

Mr. and Mrs. Fred McKeown visited Mr. and Mrs. A. Burkitt on Sunday.

Mr. Harding of Stirling was guest speaker at St. Mark's Anglican Church on Sunday morning.

Mr. and Mrs. Grant Reid and Nancy Rombough were camping at Rice Lake last week. They also spent a few days camping at Silver Lake the week before.

Sport Slices...

RARE, MEDIUM, WELL-DONE

By GEO. H. CARTER, *Sports Editor*

It is the strife of the Boos—the Buzz-saw and the Beatnik—in the rassle-hassle at Memorial Arena Friday night.

Last week's second episode of the grudge series between popular Roy Villmer and the Broadway Peacock Sweet Daddy Siki, as Ole Dit would say, "ovens the count at one and one."

In the first clash the smaller Missourian felt that he was skullduggied out of the victory decision. The ringside proletariat agreed.

The second bout-a-toe (and brother, this was a ringding-dinger of a grudge battle), saw Sweet Daddy go down to disqualification because he poked Referee Sam Gollop in the kisser by accident or design.

Friday night's melee of muscle will be no Darktown Strutter's Ball for the dusky Daddy from the Village. And he knows it. Nor will it be the cotton-pickin' jamboree for the lithe, agile athlete from the home of the Cardinals. And he knows it.

These sports-tartaned eyes have seen a host of wrestlers come and go in more than 20 years of wrestling coverage. I've seen outstanding wrestlers and wrestling matches between champions. I've witnessed good ones, mediocre ones and some that gave off an aroma.

But for sheer hackle-raising grudgery and desire for victory, I've yet to see a pair of pachyderms such as Siki and Villmer. You can yell "sic 'fissed" as long and loud as you like. These guys are out for victory "blood."

And in this third and perhaps deciding torso-tossing tidbit, you'll see both of them go all out in a crushing, crashing battle that should make the predecessors look like grade six schoolyard bouting.

For it is going to be held under the rules of the Texas Death Match.

If memory serves correctly this form of mat entertainment calls for three-minute rounds with one-minute intervals.

There are no counts during the action but if a wrestler is pleased he has a period of time to get to his feet. If not he loses the fall.

This modus operandi then calls for punishment severe enough to keep the pinned boy hors-de-combat for the prescribed time.

All of which adds up to the fact there will be more mat fireworks arising from this get-together than you'd see at a Japanese grapple festival.

Then there's the Scufflin' Hillbillies back again against one of the orneriest pair of toughies to ever combine skullduggery in the squared circle. They are no other than Big Ike Eakins and the Great Mephisto, a satanic bloke whose sideline hobby is matched only by the wicked wiles of his huge sidekick.

In the cocktail bout popular Timmy Geohagen, the likeable Irisher strong man, will need all his muscle, nerve and strength to match that of the Mighty Ursus, 300 pounds of ring dynamite, who made Chief Sunl Warcloud long for his papoose days here last Friday.

HYDROPLANE RACING

"The fans have been asking for it—and here it is," said Doug Storey, Quinte Hydroplane Racing Club prezy. "We are holding a joint racing meet with the Picton Racing Club at Waupoos, Prince Edward County on Sunday, August 2nd, starting 2 p.m.

The races will be held off Sandy Point Park, located eight miles southeast of Picton on county road Number 8. Some fifty boats are expected to take part.

Joint meets between the two clubs are tune-ups for the Canadian Boating Federation sanctioned meet slated for North Bay, Consecon Lake, on Sunday, August 30. This meet changed from August 22nd, will be the Zones One and Two championships. Over 100 craft are expected to take part.

GIARDELLO SIGNS

PHILADELPHIA (AP) — World middleweight boxing champion Joey Giardello signed Wednesday to defend his title for the first time, against Ruben (Hurricane) Carter Oct. 23 at Las Vegas, Nev. Giarello's adviser, Arnold Giovanetti, said at a press conference here the champion will be guaranteed $100,000 from gate receipts and theatre television for the 15-round bout.

CUT GUARD

EDMONTON (CP) — Import guard Jim Smith, a 215-pound, 22-year-old, was placed on waivers Wednesday by Edmonton Eskimos of the Western Football Conference. The cut reduces the team's roster to 4, evenly divided between Americans and Canadians. Eskimo coach Neill Armstrong must cut three more Canadians and seven imports from the team by Saturday night.

BELLEVILLE & DISTRICT SOFTBALL LEAGUE

PLAY-OFF

(4th GAME) TONIGHT - 6.30 P.M. - C.N.R. PARK

TWEED vs. TRUDEAU'S

By MURRAY CHASS
Associated Press Sports Writer

Somewhere over a barrel was where you could have found Jim Bouton before the season started. Now he can be found stuffing Los Angeles Angels into one.

Bouton, New York Yankees' determined pre-season holdout, stopped Los Angeles 5-0 on four hits Wednesday night, extending his scoreless inning string over the Angels to 37.

The victory was Bouton's 11th against eight defeats, making him the second biggest winner for the American League leaders. Teammate Whitey Ford is the biggest with 12.

The 25-year-old right-hander wasn't in much of a mood to do any winning for the Yankees during their contract battle in March.

Bouton wanted a 100-per-cent salary increase to $20,000 for his 21-7 performance in 1963. New York offered $16,000.

General manager Ralph Houk issued an ultimatum: Either Bouton report to training camp or have $100 a day lifted from his pay.

"It looks like they've got me over the barrel," Bouton said at this time he gave in.

His faced Los Angeles May 24 for the first time. The Angels didn't waste any time jumping on him for three runs in the first inning. They haven't done much jumping since.

Bouton pitched six scoreless innings in that game, then rallied through 13-run-free innings against them two weeks later without gaining a decision. His last two starts against Los Angeles have brought him two victories and his only shutouts of the season.

Elsewhere in the AL, Baltimore Orioles outlasted Minnesota Twins 4-3, Detroit Tigers nipped Chicago White Sox 3-2, Boston Red Sox edged Kansas City Athletics 2-1 and Washington Senators downed Cleveland Indians 4-1 in 12 innings.

The Yankees grabbed a 2-0 lead against starter Bo Belinsky, with two runs scoring in the second on Jim Fregosi' two-base throwing error and Clete Boyer's sacrifice fly and another coming home on Mickey Mantle's single in the third. Elston Howard drove in the last two with a bases-loaded single in the seventh.

ORIOLES ONE BEHIND

The Orioles remained one game behind the Yankees in the AL race. Homers by Sam Bowens, with one on in the third, and Norm Siebern, on in the seventh, supported clutch relief pitching by Harvey Haddix and Stu Miller. Harmon Killebrew slammed his 25th homer, a two-run blast, in the fourth.

Detroit came from behind on Gates Brown's eighth - inning two-run homer off Frank Bertaina, who replaced starter Ray Herbert after Al Kaline singled with one out. Until that inning, Herbert had a four-hitter. Norm Cash homered for the Tigers in the seventh. Gerry McNertney connected for Chicago in the top of the inning.

Don Lock drove in all of the Senators' runs in the 13-inning victory. He homered in the sixth, then crashed a three-run blast off Gary Ball in the 12th. The Indians scored in the second when Chico Salmon walked, stole second and came home on Woody Held's single.

Two errors helped the Red Sox defeat the Athletics. Ed Brinkman walked in the ninth and raced to third as pitcher Diego Segui threw wildly trying to pick him off first. He then scooted home with the winning run as shortstop Bert Campaneris fumbled Bob Tillman's grounder.

Jim Gentile clouted a two-run homer for Kansas City in the fifth and Carl Yastrzemski tied the game with a homer in the Boston eighth.

'One of the Best'

Palmer, Nicklaus 'Par' On Course

By TED BLACKMAN

MONTREAL (CP) — An ebony-hue course of distance and water, labbed by Arnold Palmer as "one of the best courses I've seen, today awaited a field of 157 in the opening round of the $50,000 Canadian open golf championship.

Palmer and fellow golf ace Jack Nicklaus, both slimmed by the role of "men to beat, got a taste of the tortuous Pinegrove layout Wednesday during a damp practice round.

"It's one of the best five courses we've played on the tour," said Palmer. Nicklaus agreed. "Wouldn't you say that, Arnie?

Palmer, who shot an even-par 36—71, agreed: "It's one of the best I've seen.

It was one of the roughest introductions to a course that anyone has had. First, they had to contend with lightning and heavy rain as they arrived in their private planes and then faced a huge gallery of 2,000 to 3,000 that almost stopped play.

The combined mass of Arnie's Army and Jack's Pack swarmed over the third fairway and the foursome, which included Canadian hopeful George Knudson and 1953 champ Cece Kunes, waited for 10 minutes before the way was cleared.

Nicklaus, who shot a two-over 73, said the course played a lot longer than the 7,090 yards would indicate because a lot of drives which would ordinarily be 260 yards so have to be cut to 200 yards to avoid the water. Although most golfers think a four-under 280 seems like a possible winner score for the 72-hole test, Palmer, who won the Canadian Open in 1955, predicted 276 or 278.

Knudson, ranked with Al Balding as best chance for a Canadian victory, played only nine holes and didn't keep score.

Another former champion, 1962 winner Doug Ford, was one of those who thought a 280 would take it.

The field includes three other golfers who rank behind Nicklaus and Palmer in the top 10 money-winners. The other main threats are Gary Player, Juan (Chi) Rodriguez and Billy Casper.

Giants' 'Big M' Pair Throttle Phillies

Half-Game Back

By HAL BOCK
Associated Press Sports Writer

Dennis Bennett, hard-throwing Philadelphia Phillies lefty, struck out slugger Orlando Cepeda of San Francisco Giants Wednesday night and it just brought him a heap of trouble.

Bennett fanned Cepeda in the second inning of a 6-3 San Francisco victory over the National League leaders. Cepeda wrenched his right shoulder swing after Bennett's pitches and left in the sixth inning. That brought in Willie McCovey, and trouble for the Phillies.

McCovey looked like the same old .308 hitter striking out in the sixth. But in the eighth his two out double scored Willie Mays as the Giants pulled even at 3-3.

Two innings later the Giants had loaded the bases against Philadelphia relief ace Jack Baldschun. McCovey worked the count full, then rapped a two-run single up the middle to put the Giants on top to stay.

Sharing the hero roles with McCovey were Jesus Marichal, whose four-hitter throttled the Phillies, and Jim Ray Hart, who belted a pair of solo homers to balance circuits by Richie Allen and Ruben Amaro in the early innings.

CARDS WHIP CUBS

Elsewhere in the NL, Pittsburgh Pirates downed Houston Colts 5-2, St. Louis Cardinals whipped Chicago Cubs 9-1 and Milwaukee Braves turned back Cincinnati Reds 6-2. New York and Los Angeles were rained out.

"You never know about this game," said manager Alvin Dark after McCovey's hit nailed the Giants out and moved San Francisco back within a half-game of the Phillies. He was thinking about how Cepeda's injury, which looked like a bad break, turned out to be a blessing in disguise.

The Giants' first baseman will have his shoulder x-rayed today to determine how badly it is hurt.

For Marichal, the league's second 13-game winner, it was a strong performance. He retired the last 19 men he faced and didn't allow a hit after the fourth inning.

Roberto Clemente, the NL's leading hitter, raised his average to .346 with two hits and drove in a pair of runs in the Pirates' victory. Bob Friend went the distance for his ninth win in 19 decisions and his batterymate, Jim Pagliaroni, belted a home run.

FARRELL HAS TROUBLES

Houston's Dick Farrell, who hasn't won in six weeks, lost his seventh against 10 victories. Bob Uecker, 3 for 3, and former Cardinal Bobby Shantz and Lindy McDaniel, all former Cardinals, were the Pirates' big guns.

Curt Simmons didn't allow a hit for 5 1-3 innings and picked up his 11th victory as the Cardinals won their fifth straight.

The Braves jumped on Joe Nuxhall for five quick runs in the first inning and that was all Tony Cloninger needed to coast to his 10th victory. Dick Sisler's two-run double was the key hit in the big inning.

Chico Ruiz, brought up from San Diego of the Pacific Coast League last week, drove in both Reds' runs with a single and a double.

The Mets led the Dodgers 3-0 after one inning before rain forced postponement of their game.

Champagne Tony

Third As Money Maker - First As Spender

By WILL GRIMSLEY

NEW YORK (AP) — "I'm third on the money-winning list but first on the money-spending list." Champagne Tony Lema told the door Scots at St. Andrews.

The Scotsmen didn't laugh. They take their golf seriously.

Before he left the crochety old course beside the Firth of Forth, Champagne Tony the undemonstrative, golf-worshipping natives as his overlapping grin. They loved his golf and they loved his sparkling personality, which bubbled like his champagne. They christened him the "Jolly Yank."

Lema, 30, a tall, good-looking ex-marine from San Leandro, Calif., didn't have to win the British Open to establish himself as one of the most exciting figures in modern day golf. It only helped embellish the image.

Before flying to Scotland, he hit ball on the Lightfoot rubber. He struck out two and walked three. Moe Hawkins was no way to Dave Keeler in the first and D. Young took over in the sixth for City. They gave up 14 hits, fanned four and walked six.

Doug Hull slammed a home run and single for City, while Smith got the other two City Hotel hits.

A large crowd attended the game in Point Anne.

Belvedere	100 001 0—2	4	2
Pt. Anne	000 030 x—3	5	2

Batteries — J. Day and Benn; M. Kimmett and Akey, E. Mason and Gelsie.

City Hotel	000 000 3—	3	4
Lightfoots	001 032 x—14	16	1

Batteries—M. Hawkins, D. Feeney (1), D. Young (6), and G. Smith, G. Young and J. Sheridan.

was the hottest player on the American tour. He had won four tournaments, two more than any other player, and had pocketed first-prize money in two $100,000 events, the Thunderbird and Cleveland Open.

The champagne gimmick helped. Tony was playing in the Orange County Open in California in 1962 when he passed some reporters drinking beer. "If I win, I'll spring for champagne," he said.

He won, and he did. It's become a trademark.

So has his casual light humor and cocky brashness, reminiscent of the great Walter Hagen.

Lema returned from Scotland, dangling a fancy white and gold cigarette holder from his face. "Little gift from the Duke of Windsor." He dropped kidding remarks about "these difficult American courses" and greeted his boyhood chum, U.S. Open champion Ken Venturi, with the British - accented comment: "Oh you must be the chap who won that $17,000 at Inverness, mate!"

For all his clowning, Tony is craftsman with the boldness of a pirate and the nerve of a burglar.

Lema came into golf without the amateur or early tournament background of most of his rivals. He got a job as a professional's assistant shortly after getting out of the marines in 1955 and drifted into the tour. A classic swinger who is long off the tee and accurate with his irons, Lema had five lean seasons, never winning more than $12,000, until his game suddenly jelled in the summer of 1962. Last year he collected $67,112.52.

Lema scores long practice sessions and plotting courses with a notebook as Jack Nicklaus does. He just tees the ball up and whales away.

"I learned a long time ago it doesn't help to worry," he says.

Lightfoots Point Anne, Win Tilts

Point Anne Cementmen edged Belvedere Hotel 3-2 to clinch fourth place in the Commercial Softball League standing last night.

In another tilt, Lightfoots whipped City Hotel to take first for second, by a 14-3 count.

Belvedere led the Cementmen 1-0 from the first until the fifth when the winners scored all their runs. The losers got one back in the sixth that's the way it ended. The losers drop to the consolation round of the playoffs due to the loss.

Morris Kimmett pitched five-hit ball to get the Point Anne triumph. He struck out nine and walked none in a well pitched game. Junior Day also had control of Belvedere, allowed five hits, fanned six and walked but one.

Marshall and Kimmett paced the Pointers' attack, each with a pair of back knocks. Cecil Gelsie had three.

Day led his own attack with two singles, Bryant and Benn each getting one.

Lightfoots wrapped their game up early by scoring eight runs in the first inning.

Don Smith started at the plate for the winners, clouting five singles and driving in six runs. Rusty Garvin, Jim Sheridan and Don Young contributed two hits apiece, Doug Rose, Jack Whiting and Bill Dickey singletons.

George Young tossed four-

Quinte Trap, Gun Club

Perfect scores of 25 were turned in by George Hammett and Don Parker at the Quinte Trap and Gun Club's regular mid-week shoot yesterday.

Earl Marvin, Cy Gardner and Gord Bates were close behind with 24's.

Other good scores were: Dick Rosette 23, Dick Thomson 22, Ron Hutchinson 22, Bert Singer 22, Harry Farrell 22, Dr. Hale 21, Ken Naylor 20, Cliff Hart 20, Bill Naylor 20 and John Walsh 20.

Series All Square
Trenton Downs Juniors

By GARRY ALEXANDER
(Staff Sportswriter)

TRENTON — Their backs to the wall entering the game, Trenton Commercial Printers downed Bata Juniors 2-1 here last night to force a fifth and deciding game in their hard-fought best - of - 5 softball league semi-final set.

The deciding game of the series will be played at Belleville's CNRA Park next Tuesday at 6.45 p.m.

Trudeau Motors, also trailing two games to one, play host to Forest Laboratories at the CNRA tonight, at 8.30, in the other semi-final.

Lady luck played a major part before a good crowd last night with fluke hits, misjudged fly and infield laps helping the clubs pile up a total of 22 hits. Trenton got ten off Bob Ethier while the Juniors massed 12 off Fat Marcale, leaving 11 men stranded on the bases.

The Commercial crew moved ahead in the first frame. Drake doubled down the foul lins. D. Cole singled and Mourad blooped a double scoring both.

Weston got one back for Ellis' fly to centre with a nobo run blast to centre.

Loose play hurt the losers in the bottom of the inning. Ellis led off with a single to left. Ethier bunted down the third base line and Trenton let it go ahead 4-1.

In the fifth, D. Cole blasted a triple to centre, scored on a passed ball and Junior catcher Bob Moon was ejected from the game on the play, for throwing his mask, claiming the batter had fouled it off. Sid Muirhead was lost to the club two innings earlier when he re-injured his bad leg and collapsed at the plate.

Juniors got one in the sixth when Weston reached first after striking out. Boyle and Ellis drove home the run — but that was it for both clubs in the scoring department.

Marcale struck out 13 batters and did not walk a batter. Ethier struck out six, walked one and hit another, the latter scored by a fast curve-kidding.

Don Cole had a triple and single and Roger Drake a double and single for Trenton. Billy Mitts tripled, Howie Cole and Leon Mourad got doubles, Cord Simmons, Marcale and Will Kennedy singles.

Bob Boyle led the Juniors with a double and two singles, Carl Boomhower and Bob Ethier each tingling twice. Pete Boyle and Ellis got two apiece by Don Weston's homer, Larry Soule's double and singles by Don Gardiner, Bob Moon and Gene Yorke rounded the total.

ELLIS 2RS. — Gardiner s, Moon c, Muirhead cf, Chatland 3b, Soule rf, cf, Weston lb, Mourad ss, Boyle p, Yorke lf, Ethier 2b, Boomhower lf, Yorke c.

TRENTON — Simmons 3b, Drake lb, D. Cole p, Kennedy 2b, maker ss, Mowatt 2b, Mitts lf, Kennedy c, H. Cole rf, Marcale cf.

Umpires — Jim Tebworth (P) and Tom Hulme. Time: 1.21.

Juniors	010 001 000 - 2 12 1
Trenton	220 010 00x - 5 10 2

Ethier, D. Boomhower (6) and Bob Ethier.

POWELL RETURNS

SANTA CRUZ, Calif. (AP)— Art Powell, all-American Football player and end last season, reported to the Oakland Raider training camp Wednesday after a mysterious eight-day absence. Coach Al Davis said he would fine the offensive star for his tardiness. Powell, who had moved his family from Richmond, Calif., to Toronto, declined comment.

Women's Golf Championship

Marlene Favorite For Open

CALGARY (CP) — Light rains which interfered with Wednesday's practice rounds are expected to continue today for the opening rounds of the Canadian women's close and junior golf championships.

While most of the competitors settles for .ine holes before the rains drove them back indoors, some managed to complete the 18-hole practice round, including defending champion Marlene Stewart Streit of Toronto, who carded a 75—best of the day.

Mrs. Streit, eight time winner of the Canadian Women's Open title, will be an overwhelming favorite when the first trie tees off on 54 holes of the medal play championship.

There are 114 entries in three classifications. Leading rivals for the junior crown include Sandra Post of Oakville.

LEAD LIST

Leading a strong list of competitors for Mrs. Streit's close rivals are Gayle Hitchens of Vancouver, Gail Harvey of Toronto, Joanne Goulet of Regina, Ollie Hyndluk of Winnipeg, and Betty Stanbope Cole and Rae Milligan of Toronto.

All but Miss Milligan are members of provincial teams. Miss Milligan, a former Calgary resident who considers knowledge of the par-73 Earl Grey course a distinct asset, was a member of the Ontario team last year.

Mrs. Cole, a former Canadian champion who played on the Alberta provincial team several times moved to Ontario this year.

Ontario is defending senior team champion. British Columbia captured the junior team title last year.

The open competition — already decorated by the entry of blue eyed, blonde Margaret Masters from Australia—begins Tuesday. It will end with a 36-hole match play final Saturday.

The open will be played at Calgary Country Club, considerably longer and somewhat more difficult than Early Grey.

THE Arnold Palmer METHOD
Four-Time Winner of the Masters

TORQUE ACTION INCREASES CLUBHEAD SPEED

When your hands move below your belt line on the downswing, you are moving into the all-important hitting area. This is the area in which your clubhead speed should be greatest. Your buildup of clubhead speed in this area should be gradual; it doesn't help to lunge or jump at the ball.

The increasing clubhead speed is derived from what engineers call torque action, as the body and arms and hands move to the left ahead of the clubhead. Club-

head speed will increase only as long as the hands lead it. Note in the accompanying illustrations how my hands remain ahead of the clubhead until after impact. Remember that the hands lead the clubhead into the ball, but that they must move smoothly without any hint of sudden thrust.

Tiger-Cats Cut Four, Trade One

HAMILTON (CP) — Hamilton Tiger-Cats of the Eastern Football Conference have cut three imports and one Canadian and have traded another Canadian to Edmonton Eskimos of the western conference.

The imports to go following Hamilton exhibition game with Edmonton are linebacker Joe Cannavino, guard Lazty Gerley and fullback Bob Jarus The Canadian cut is Rick Van Buskirk, a halfback.

Defensive halfback Grant McKee goes to Edmonton in return for the Eskimos' first Canadian college draft choice next year.

Stamps' Defence ? Mark

Calgary (CP) — Last minute heroics by the opposition have provided stumbling blocks to keep Calgary Stampeders from winning the Western Football Conference for the last two years.

In 1962, Calgary all star Harvey Wylie bobbled a ball in the last seconds of play in the conference final and paved the way for Winnipeg Blue Bombers.

Last year Saskatchewan's revitalized Roughriders overcame a 36-point deficit in the two-game total-point semi-final to clip the Stampeders and enter the WFC final with the British Columbia Lions.

So it can be expected the Stamps will be slightly less than hospitable than a runaway bronco when they open their conference schedule Aug. 8 against those same Roughriders from Regina.

So far the Stampeders have two convincing victories while losing one in pre-season exhibition games with eastern conference clubs.

BEAT ALS

They trampled Montreal Alouettes 35-7 and dropped a 13-12 decision to Toronto Argonauts in games played in the East, then came home to beat the defending Grey Cup champion Hamilton Tiger-Cats 33-7 at McMahon Stadium.

The big question mark on the club, which led the conference in scoring in 1963 and boasted in quarterback Eagle Day the top passer in Western Canada, is its defence.

Swim Money Attracts Pretty Grad

OTTAWA (CP) — A pretty, 21-year-old University of Western Ontario graduate is hoping a swim across Lake Ontario will help finance her education.

Mary Lou Whitwill, a native of Brantford who works as a researcher at the Dominion Experimental Farm, has entered the Canadian National Exhibition's 32-mile marathon swim from St. Catharines to Toronto, and hopes to pick up some of the $17,500 in prize money to be awarded the top seven finishers.

The winner will get $7,000 and the first female across the line will pick up $1,500.

"It sure would come in handy at school next year," said Mary Lou, who plans on post graduate work in physical education at the University of Illinois.

She holds Canadian women's records for the 50-yard breast stroke and individual medley, and she became the first Canadian to establish an American intercollegiate record when she swam the 50-yard breast stroke event in 32.6 seconds as a meet at Michigan State University.

Mary Lou thinks she can finish the gruelling CNE marathon but she has no idea how fast she'll do it.

Leafs Edge Vees 5-4, Bisons Win

BY THE CANADIAN PRESS

Opposing pitchers helped Toronto Maple Leafs and Buffalo Bisons to victories in international League action Wednesday night.

The Leafs got two unearned runs in the sixth inning after relief pitcher Tom Metcalf unloaded a wild throw to first and defeated Richmond Virginians 5-4.

At Buffalo, Choo Choo Coleman drew a ninth-inning walk with the bases loaded, giving the Bisons a 6-5 victory their seventh straight over Columbus Jets.

The league-leading Jackson Mets were edged 6-4 by Rochester Red Wings and second - place Syracuse Chiefs thumped Atlanta Crackers, in the Int. cellar, 11-4 in other games.

THROWS WILD

Toronto pitcher John Anderson was going for the sacrifice when Metcalf fired the wild throw to first. The Virginians got two away but Ossie Virgil singled and a troublesome fly dropped for a double to score two runs. Anderson got the victory on run his record to 3-0.

Buffalo got home runs from Duke Carmel, Joe Hicks and Al Moore as they held onto third place, a game behind Syracuse and 3½ behind the Suns.

The Chiefs unleashed a 14-hit barrage to romp over the Crackers Willie Horton led the Syracuse attack accounting for four runs with a double and a homer.

Dave Johnson fished a ninth-inning triple behind a walk that drove in the winning run for Rochester as it scored a run in each of the last three innings to down Jacksonville.

SEA SOUNDS

Porpoises make two kinds of sounds, a whistle from their larynx and a clicking noise from their foreheads.

By WALTER KREVENCHUK

WINNIPEG (CP) — George Coroneos is confident he can switch from ballet slippers to football cleats with ease.

"The principles are the same," said the 30 - year - old Philadelphian as he prepared for a shift from general manager of the Royal Winnipeg Ballet to new duties as assistant general manager of Winnipeg Blue Bombers of the Western Football Conference. He starts Aug. 3.

"You approach the problem with imagination and drive, research and analyse your product, study the buying public, formulate a policy," he declared adding after a thoughtful pause, "of course, you could always fall flat on your face."

Coroneos will work with Bud Grant, head coach of Blue Bombers since 1957 who has taken on the added job of general manager succeeding James Ausley. Ausley, 39 - year - old Texan, resigned April 14 after five years during which Blue Bombers won four Grey Cups.

Coroneos will concentrate on business affairs — tickets, advertising, promotion—a field in which he has a college degree and 12 year's experience.

PLAYED AT COLUMBIA

His first talks with club officials left him with the impression that "improving the public image, creating more excitement and increasing participation" would be his primary objectives.

No stranger to football, Coroneos suffered a broken thumb, a split ear, broken ribs and ripped knee cartilages in his first (and last) season as a guard at Columbia University. He later played and coached semi-pro football in Philadelphia.

His business administration training, acquired at Emerson College in Boston, provided a much safer vocation. After graduation he joined WCAU-TV in Philadelphia as an apprentice, at a modest salary of $30 a week. The job supplied experience but the salary barely met the needs of a newly married man.

The day soon came when Coroneos felt he had to prove his ability.

"If you think you're good, know you're good, there's only one place to go." He went—joining a major advertising agency on New York's Madison Avenue. During a seven-year hitch in the ad business he added knowledge of promotion, production, advertising and merchandising for TV shows sponsored by national clients and for sporting events.

About this time he could no longer contain an interest in theatre. He and a friend acquired an interest in the Paper Mill Playhouse in the Pocono mountain resort area of Pennsylvania. The summer - stock venture collapsed when construction of a superhighway isolated the theatre.

Coroneos drifted to a company that owned five theatres along the Atlantic coast. Then the Royal Winnipeg Ballet offered him the job of general manager. He dashed off to the library to find out about ballet.

"It was fantastic. The people, history, everything pointed to an organization with great potentia)

He found startling the fact that Metropolitan Winnipeg, with a population of 500,000, had a ballet troupe, a symphony orchestra, a theatre, museum, art gallery, professional football team and pro baseball club.

"No other city in North America of the same size can boast of the same situation."

Ausley's resignation rekindled Coroneos's interest in football. "It was a great opportunity. I had always wanted to get into the management side of football."

Typically, he began asking questions about the job, analysed it and "found it was more like my kind of work." He applied and got it.

SLIPPERS TO CLEATS — George Coroneos, 38, of Philadelphia is making a big change in Winnipeg. His connection with the Royal Winnipeg Ballet as general manager ends Aug. 3 when he takes on his new duties as assistant general manager of the Western Football Conference Winnipeg Blue Bombers. (CP Photo)

CADETS ARRIVE

MONTREAL (CP) — A 16-man cadet rifle team from Great Britain arrived in Montreal Wednesday en route to the Dominion of Canada Rifle Association matches at Connaught Ranges near Ottawa Aug. 2-8. The team known as The Athelings, will tour Quebec and Ontario before the matches begin.

Ex-Title Nothing, Trimble

MONTREAL (CP) — Jim Trimble, the Ottawa Rough Riders are on the way to winning the Canadian Football League championship for 1964. But what does it matter?

"When we played in the grapefruit league in the U.S. we'd win the exhibition games," he said Wednesday. "But all we got was a basket of grapefruit."

"When these games start meaning this," he said, holding up two fingers to indicate two points, "then I'll start to worry."

The Montreal Alouettes' coach was expressing his sentiment about the importance some people attach to winning pre-season games. Trimble's teams have always had a deplorable exhibition record.

The Alouettes have played two pre-season games so far this year, losing 35-7 to Calgary and winning narrowly 17-14 over Saskatchewan.

Trimble has a last chance to experiment tonight when the Alouettes play host to Ottawa in the final exhibition game of the season for both eastern conference teams.

Trimble's scores here undefeated in exhibition play, having scored convincing wins over three western teams.

Minor Baseball Results

Fountain Park Drive-In, down 5-0 in the first inning, rallied to defeat the Jaycees 7-5 in a Peewee division baseball game at Park Dale last night.

Jim Wood blanked the losers after the first inning and pitched four-hit ball over the route. He struck out nine and issued four walks. E. Christopher was his receiver.

Daryl Demers also tossed a hit ball on the Jaycee mound. He nipped a half dozen on third strikes and walked four. Terry Meagher did the catching.

Jim Wood was his own biggest asset at the plate, clouting a home run and a triple. Ed Christopher and Steve Buck collected the other Fountain Park hits, both singles.

Jaycee safeties, all one-baggers, went to Steve Hodgson, Don Hanley, Jerry Fope and Ron Hoard.

ENTER TOURNAMENT

COLORADO SPRINGS, Colo. (AP) — Actors Bing Crosby and Bob Hope will play on the United States team in an international seniors golf meet here Aug. 22-23 The event for golfers 55 and over originated in Colorado Springs last year with Japan as the winner.

Casey Given 600-Pound Cake

Marks 74th Birthday

By JOE REICHLER

NEW YORK (AP) — It would have been impossible to foretell back in 1910 that Charles Dillon Stengel, known to millions of baseball fans today as Casey, would some day become a big league manager, let alone one of the most successful who ever lived.

As a busher in Maysville, Ky., in the blue grass league he was better known as a clown than as a ball player. He wore loud ties with his baseball uniform and insisted on practising sliding as he trotted to his position in the outfield.

There was an insane asylum near the park across from the centre field fence and the inmates cheered when they saw him slide. Casey's manager used to tap his head, point to the asylum and say: "It's only a matter of time, Stengel."

Gags and all, Stengel has outlasted all his 1910 contemporaries. As a player, he lasted 15 years and was a star in the 1923 world series.

It was as a manager that he earned undying fame. The Old Professor was 74 years old today, give or take a year and depending on which record book you believe, and every one of his years, 54 in baseball, has been crammed with vibrant living.

He is completing his third year as manager of the National League doormat New York Mets after having won 10 pennants and seven world championships in 12 years as manager of the New York Yankees.

Casey was presented a 600-pound cake before Wednesday night's rained-out game between the Mets and Los Angeles Dodgers.

He has his own special language, his own inimitable mannerisms and his own rules on managing. He has been called a clown, yet he is a bank president.

He is a natural comedian but behind his clownishness is a baseball brain second to none.

On and off, Stengel has been managing baseball teams since 1926. How much longer he will continue as a manager is problematical. He shrugs off any direct query as to his future with the retort: "Most men my age are dead by now."

Yesterday's Stars

By THE ASSOCIATED PRESS

Batting — Willie McCovey San Francisco, drove in the tying run with an eighth-inning double, then broke the 3-3 deadlock with a two-run, bases-loaded single in the 10th as the Giants defeated National League leading Philadelphia 6-3

Pitching—Jom Bouton, New York, pitched a four-hitter and extended his scoreless string against Los Angeles to 27 innings in the Yankees 5-0 triumph over the Angels.

PLAN MEET

VANCOUVER (CP) — Mayor William Rathie said Wednesday top executives of the Toronto Maple Leafs hockey club will arrive here early in August for negotiations on a proposed $6,000,000 downtown coliseum. City council wants the NHL club to put its proposal for a coliseum in writing so it can be voted on by ratepayers in a referendum.

The Siberian power system, Russia claims, will produce more than 140,000,000,000 kw of cheap electricity by 1970.

Win 26-17
Argos Twist Lions' Tail

VANCOUVER (CP) — Toronto Argonauts sent out their candidates for second - string quarterback, launched a hard-running young backfield, and defeated British Columbia Lions 26-17 Wednesday night in a Canadian Football League exhibition game before 34,033 fans.

It was the third straight pre-season win for Argonauts, who snapped to the attack under quarterbacks Sandy Stephens and Kari Sweetan and spelled the difference in the game with three pass interceptions.

Lions, the defending Western Conference champions, used their first string almost all the way but still went down to their third exhibition loss without a victory.

Toronto led 10-1 after the first quarter, was behind 15-10 at halftime, then Toronto went ahead 20-17 in the third quarter and coasted in command.

PARKER START

Argos opened the game with Jackie Parker, their regular quarterback at the helm but he gave way midway in the first quarter to Stephens.

Stephens did nothing right in the early minutes of his play but handled the club for one short touchdown march. Sweetan also started shakily but appeared resourceful and confident in the third quarter when he engineered a 104-yard Argonaut ramble for a touchdown.

Stephens, flanker Dick Shatto and defensive halfback Jackie Simpson scored the Argo touchdowns and Jim Christopherson picked up the other eight points with two field goals and two converts.

Kapp and flanker Sonny Homer were the B.C. touchdown scorers and Peter Kempf, last year's Rookie of the Year in the West, accounted for four points on a rouge, two converts and a single. Linebacker Dick Fouts blocked a punt by Dave Mann, and when it bounced into the end zone Fouts rouged Mann for a point.

Bombers Bank On New, Old

WINNIPEG (CP) — Winnipeg Blue Bombers' hopes of again becoming contenders in the Western Football Conference are riding on a handful of new Canadians and a large number of veterans.

Coach Bud Grant's Bombers won seven of 16 games last year and were out of the playoffs for the first time in 14 years. The tumble came on the heels of four Grey Cup victories in five years.

But Grant said there would "be no purge of players" on the team which starts the 1964 season at home against British Columbia Lions Aug. 4. "What we have"—a carbon copy of the 1963 team with the occasional new Canadian—"will make us a contender, depending on injuries and how the ball bounces."

Winnipeg's veterans include: Quarterback Kenny Ploen, third, best passer in the WFC last year with 132 completions in 226 attempts for 2,026 yards; halfback Leo Lewis, who averaged 5.3 yds. on 133 carries and caught 30 per cent of 30 passes; fullback Roger Hagberg, who averaged 4.2 yards on 164 rushes; end Farrell Funston, who caught a league-leading nine touchdown passes; defensive halfback Dick Thornton, who intercepted six passes and ran three back for touchdowns; and halfback George Fleming, leading WFC scorer in 1963 with 135 points.

The most promising new Canadians are halfback Billy Cooper, up from the junior St. James Rods, and defensive half Barrie Hansen, obtained in a trade with the Eastern Conference Montreal Alouettes.

Bombers brought eight new imports into training camp but only halfback Willie Stinson from Northwestern University, looked impressive in exhibition play.

PHONES FOR DEAF

Telephones designed for the hard of hearing are being manufactured in Sweden. They make use of sound amplifiers.

The Ultimate In . . .
TIRE SAFETY . . . for peace of mind, this tire is made of 4-ply "strength-thru-edge" nylon cord — absolutely the strongest cord to beat cord dangerous. The ultimate in safety for today's fast stops and high-speed driving.
TIRE DESIGN . . . designed with you in mind. Our new "Hi-Miler" rib design with a soft flexible tread gives you an unbelievably cool, smooth ride. Hundreds of traction slots provide thousands of extra-gripping edges. These adjust automatically when you brake or accelerate providing traction in all directions. Tires like this made in traction, road-hugging stability and all-directional skid control.
TIRE MILEAGE . . . the biggest tire edge in the industry! Wide deep tread design and tread compound assures you of exceptional mileage. Our wide, big deep edge puts extra rubber where it's needed most. Hi-Miler tires are rated for 25% more tread wear — a 20 mile hour increase in your 1000 mile tire test. It gives you stability and easier steering even on sharp corners.
TIRE GUARANTEE . . . 42 month guarantee. Covers you against cuts and all road hazard, regardless of tread wear, plus twenty-five per cent more mileage than the tires presently on your car — Canada's strongest tire guarantee.

42 MONTH GUARANTEE
Plus 25% more miles per tire!

WE GUARANTEE IT IN WRITING! 25% more mileage than tires now on your car — or your money back, plus a BIG BONUS of 25¢ extra dollar for every dollar spent. Strive with the "SUPER-TREAD" Hi-Miler . . . the BIG EDGE takes the extra wear for more warm miles.

BUY ALLSTATE WHERE YOU GET THE MONTHS OF SERVICE YOU PAY FOR!

CANADA'S STRONGEST TIRE GUARANTEE!

CHECK	ALLSTATE	Most Other Brands
1. Are adjustments made on ALL tire failures?	Yes	No—on flat, etc., are not prorated
2. Are adjustments made on length of service?	Yes	No—on tread wear. Rarely
3. Are tires that are worn out but still in guarantee period adjusted?	Yes	No—guarantee does not cover worn out tires
4. Will and adjustment be made for irregular tire wear?	Yes	No
5. Are adjustments made "on the spot"?	Yes - by over 1000 stores in N. America	No—in some cases you wait for tires to be inspected in another city.
6. What would an adjustment cost you for a tire guaranteed for 24 months which fails after 19 months and is worn out?	You pay the new ALLSTATE price less 50% based on your never used to maintain guarantee	No adjustment. You pay full price for a new tire, even if your tire was guaranteed for 40 months or no time limit.

ALLSTATE Passenger Tires are guaranteed against any and all failures without exception, for the specified number of months regardless of tread wear; even if your tires wear out you get an allowance based on the number of months of service you've received.

ALLSTATE offers a PLUS-benefit: a further "no-time-limit" road hazard guarantee, again with absolutely no time limit for the life of the tire tread AFTER the specified guarantee period has expired; adjustment will be based on tread wear received.

Noted Musical Opens Monday

Camelot, the Alan Jay Lerner - Frederick Loewe musical which had its world premiere at O'Keefe Centre and which was the show chosen to open the multi-million dollar theatre, returns to Toronto for a 3-week run commencing August 3. Glowing with melody, glittering with wit and fabulously beautiful, Camelot captures all the romance and pageantry of King Arthur's court, and was acclaimed as "the most lavish and beautiful musical ever produced anywhere.

Mr. Lerner and Mr. Loewe, creators of My Fair Lady as well as Brigadoon, Paint Your Wagon and the movie Gigi, base Camelot on T. H. White's beautiful novel, "The Once and Future King." Mr. Lerner's book weaves together two themes: Arthur's dream of a peaceable world where might serves right, and the ill-fated romance between Queen Guenevere and the young Lancelot. The lyrics which illuminate these themes convey all the romance, gaiety and majesty of Camelot. Frederick Loewe's score is elegantly melodious, full of colorful rhythms and tender ballads. Mr. Lowe has filled the musical with graceful songs that help to establish its magical and stirring atmosphere.

TO HONOR TAYLOR

SARATOGA SPRINGS, N.Y. (AP) — E. P. Taylor, owner of Northern Dancer; owner-breeder Alfred G. Vanderbilt trainer Buddy Jacobson and jockey Bobby Ussery will be honored by the New York Turf Writers Association at its annual dinner-dance Aug. 15.

TV—Radio Column

Debbie Watson, 15, Waiting For Fame to Pay Her Call

By CYNTHIA LOWRY

HOLLYWOOD (AP) — Debbie Watson, a bubbling, wide-eyed 15 - year - old, today can walk down almost any street without causing any undue stir by passersby.

By Christmas time all this will change because Debbie will be a recognizable television star. Debbie, a Los Angeles youngster whose previous theatrical experience included only minor roles, has the title role of NBC's new Karen, one of the three situation comedies which, under the title of 90 Bristol Court, will have their debut in October.

"I've already got four fan letters," Debbie announced breathlessly.

Debbie and I were joined for the studio luncheon break by Richard Deming, television's former Mr. North and Michael Shayne, who is playing her father in the series. On the joys of being a public figure, he said:

"At first, it's marvellous. You feel you've got a kick put of having people nudge each other when they see you and whisper your name. You get a great thrill out of being asked for autographs and addressed by strangers. But after a while there are times when you wish people would let you alone."

Debbie listened politely but it was obvious that she couldn't imagine fame ever becoming a bore.

CJBQ Program Highlights

THURSDAY

6.30—At The Top. Music from the top of the pop charts.
9.00—Soundings. A radio ballad about George Cross winner, John Axon, heroic Metropolitan Toronto engineer.

AT THE PARK — Trouble at Indian Gulch is over-shadowed by David Ghent in Paramount's exciting new Technicolor western, "Stage To Thunder Rock," which opens Tonight at the Park. Starring as the sheriff, Scott has one of the most colorful roles in his successful film career, in the same program is color, Scope-Technirama On Many Rivers Shall You Cross at Belleville drive-in showings. Complete shows at 7.00 and 9.40 p.m.

The Trots

TORONTO (CP)—The final 56 days of harness racing at Western Fair Raceway in London and Mohawk Raceway near Campbellville, beginning Sept. 7, have been announced by the Ontario Racing Commission.

Mohawk will hold a 30-day meeting from Sept. 7 to Oct. 10 and Western Fair a 26-day nights from Oct. 12 to Nov. 12. The final 28 days of racing will be at Mohawk, Nov. 14 to Dec. 12.

Original dates of the London meeting were Sept. 30 to Oct. 31.

TORONTO (CP)—The Ontario Racing Commission has reduced the number of night harness racing dates in the province by 52.

The reduction followed a meeting of the commission attended by track representatives and horsemen's groups.

All agreed to drop entirely Nine dates Mondays have been moved to the Jockey Club Limited's Mohawk Raceway at nearby Campbellville because the club's intended new track at St. Catharines would not be finished on time.

Ten nights also were lopped off the schedule at London's Western Fair Raceway.

The trotters and pacers will go at Mohawk from Sept. 7 to Oct. 10 instead of the planned Dec. 5 conclusion.

Betting and attendance at Greenwood and Western Raceway are down in comparison with last year.

SHOOT FOR TROPHY

OTTAWA (CP) — Army marksmen from across Canada will shoot for the new General Vanier Trophy Aug. 9 when the annual army small arms competition gets under way at the Connaught Ranges 17 miles west of here. The new trophy, named in honor of the Governor-General, will be awarded to the command team chalking up the highest combined aggregate score in rifle, pistol, submachine gun and light automatic rifle matches.

AT THE BELLEVILLE DRIVE-IN (shows starts at dusk) "Man in the Middle", Robert Mitchum, Trevor Howard, "Warlock", Richard Widmark, Henry Fonda,

Movie Column

Beatles' 'Hard Day's Night' Surprise, Because It's Good

By BOB THOMAS

HOLLYWOOD (AP)—A Hard Day's Night, starring the Beatles may well be the surprise film of the year. The surprise is that it is good.

Movies designed to cash in on the curiosity value of headline personalities have a tendency to be slapdash affairs that have pleased nothing beyond curiosity.

It was therefore only natural that a reviewer would approach *A* Hard Day's Night expecting little more than a tape recording of a Beatle concert.

But the film shows that the unshorn quartet may be with us for a long time to come, not as freaks but as qualified entertainers.

Producer Walter Shenson and writer Alun Owen wisely chose to forgo any semblance of a plot. And they portray John, Paul, George and Ringo (that's the order of their billing) as what they are—the Beatles.

What impels the flimsy craft along is the introduction of the Beatles' manager (Victor Spinetti), an over-age rake played with delicate skill by Wilfrid Brambell. His mischief-making adds to the travails suffered by the Beatles at the hands of their fanatical fans.

The movie opens with a mad scramble by the foursome to escape their following and board a train, it ends with a television performance which pours forth enough of their twangy changings to satisfy any Beatlemaniac.

In between, the banter flies at a rapid clip. The wisecracks among the Beatles, their handlers, grandpa and various bystanders are sometimes too fast —and occasionally too British— to comprehend. The comedy follows the pattern of vintage Marx brothers or early Three Stooges, though not as hilarious as either. But then, the Beatles are new at it.

All four regulars are personalities. Ringo Starr is an ideal target for abuse because of his nose and height. Paul McCartney is pushish and refreshing. John Lennon and George Harrison do well in the more-or-less straight roles.

Olympics Shoots
Four Marksmen Qualify

BRAMPTON, Ont. (CP) — Four marksmen captured berths on the Canadian Olympic team Wednesday when they won pistol and small-bore shooting trials here.

Gary McMahon, 32, of Dartmouth, N.S., and Bill Hare, 29, of Ottawa, will carry Canada's colors in free pistol shooting while Gil Boa, 39, of St. Catharines and George Marsh, 25, of Toronto, qualified in the small-bore rifle.

Five cross-Canada pistol finalists fired two 60-shot matches with McMahon scoring 1,090 out a possible 1,200. Hare had a 1,078 total to beat out third-place Art Lord of Brampton who posted a 1,060.

On the rifles range, Boa, a gold and medalist in rifle competition, led the nine-man field all day and finished with a 1,097 out of a possible 1,200.

Marsh snared his place on the team with a 1,762 performance, only five points behind Boa. Ed Farber of Deep River, Ont., was third with 1,736.

The Canadian national championships in match rifle, sporting rifle and pistol will be held at Connaught Ranges near Ottawa July 31 to Aug. 3.

W.B.A. Defers Sanction

MIAMI BEACH, Fla. (AP)—The World Boxing Association will decide late next month whether to sanction a heavyweight title rematch between champion Cassius Clay and Sonny Liston.

The decision will be decided by membership of the association at its annual convention Aug. 26-30 in Norfolk, Va., Ed Lassman, WBA president, said Wednesday.

"This is too important to be decided by a handful of men," Lassman said, referring to the WBA's executive committee.

"I've decided that this matter should be decided by the entire membership."

Clay and Liston signed Monday for a bout sometime between Sept. 15 and Oct. 31 at a site still to be selected.

Lassman said both fighters have been asked to appear at the WBA convention because "there are quite a few factors to straighten out from the last match."

Among them was Liston's connection with Intercontinental Promotions, Inc., which staged the bout in Miami Beach last Feb. 25 in which Clay dethroned Liston.

Intercontinental is controlled by Jack Nilon, Liston's manager, and Nilon's business associates.

Shannonville Beaten By Foxboro 8-5

Foxboro exploded for seven runs in the seventh inning to give them an 8-5 victory over Shannonville in the opening game of their South Hastings Baseball League semi-finals last night.

Shannonville held a 2-0 lead from the first until the winners sent 11 men to the plate in the seventh and made it 8-2 in the top of the eighth.

The losers fought back with a trio on Brazil's home run to close the scoring.

Keith Dickey, who took over from Gord Campbell in the first and gave way to Mann in the eighth, was the winning pitcher. They allowed nine hits in all, whiffed six and passed two.

Bill Hill was tagged for 12 hits in pitching the loss. He struck out eight and walked three.

Dickey laced a pair of doubles and a pair of singles to spearhead the Foxboro attack. Reynolds bagged three hits, Turcott two, Babcock, Charlton, Young and Mann one apiece.

L. Reid and G. Hill got two hits each for Shannonville, while M. Brand hit his home run.

Other safeties went to Barberstock, Bud Hill, Maracle and G. Reid.

Suggest Schools Teach Wise Use of Credit

TORONTO (CP) — Education is one of credit was suggested to the Ontario legislature's select committee on consumer credit Wednesday.

Representatives of the Associated Credit Bureaus of Ontario told the committee that including the subject on the curriculum of high schools would eliminate or greatly reduce many of the difficulties associated with the use of credit.

C. T. Beaman and R. M. Cox, directors of the organization, in a brief to the committee, strongly advocated "practical, useful courses" at senior high school, university and adult education levels.

Besides defending credit bureaus, told of the results of a survey of more than 20,000 credit files in 12 southern Ontario areas, including Metropolitan Toronto, Windsor Oshawa, Chatham and Brantford.

The survey showed that more than 80.00 per cent of all credit users pay their accounts 10.38 per cent pay with varying degrees of promptness and the need for third party intervention, and 9.52 per cent can be termed "unsatisfactory" and ineligible for further credit extension.

CANALS' ANNIVERSARY

This summer both the Panama and the Capa Cod canals are 80 years old.

Madoc Junction

MADOC JUNCTION — Miss Sharon Reid has returned home after an enjoyable holiday trip to the west coast. She visited at the homes of several relatives and saw many of the outstanding beauty spots in British Columbia, Vancouver Island, Alberta and the other prairie provinces.

Mr. Murray Kirkey was able to return home from Belleville Hospital last Saturday.

Mr. and Mrs. Carl Bridges; Miss Lois Smith; Mr. Paul Bridges were recent guests at the home of Mr. and Mrs. Percy Berry and Mrs. M. Shaw of Gananoque.

Mr. and Mrs. Finlay Scrimshaw, Belleville, R.R. were Thursday evening visitors at the home of Mr. and Mrs. Bruce Stapley.

Mr. Robert Danford, who recently had his arm badly injured, is a patient in Kingston General Hospital.

Mr. and Mrs. Lorne Kirkey, spent part of last week at the home of Mr. and Mrs. Murney Kirkey.

Mr. Lawrence Wilson of Rockville has moved into Mrs. Frank Smith last Wednesday; Valerie and Ronald Wilson are their friends Jeffrey and Hans Livius, who had been holidaying at the home of Mrs. Smith, returned home to Brockville with Mr. Wilson.

Lis Stapley is holidaying this week with his sister, Mrs. Philip and Mr. Philip at Oak Lake.

Mr. Maurice Clancy accompanied by Mr. Malcolm Mason and Councillors Murney Johnson and John Morgan motored to Montreal last Thursday. Friday morning they toured the Pierre Thibeault plant in Pierrefonds, Quebec. They returned home Friday night bringing with them the new Madoc township fire engine.

Misses Noreen and Marilyn Stapley of Acteler, Misses Audrey and Beverly Stapley spent a few days last week camping at Presqu'ile Provincial Park.

Mr. and Mrs. Kenneth Stapley and Mr. and Mrs. Verde Stapley and boys spent Sunday at the park. The girls returned home with their parents.

Mrs. Maurice Clancy and Lloyd were among those who enjoyed the bus trip, sponsored by the Stirling Horticultural Society to Gananoque on Monday and also the boat trip through the Thousand Islands.

The new minister, Mr. Aylmer Smith, Mrs. Smith and two children are on vacation during August. Service resumes at Eggleton United Church on September 6th.

Frankford

FRANKFORD—Mr. and Mrs. Peter Mitchell and little daughter Cathy of Hamilton were Sunday guests with Mr. and Mrs. W. Larson and spent the afternoon at Oak Lake.

Miss Mary Ella Grant of Peterborough and Mr. David Webber of Lindsay were weekend guests with Mr. and Mrs. Gordon Grant.

Cpl. and Mrs. Arthur Howie and children have taken up residence in Belleville.

Mr. and Mrs. John Reichert and son Gary and Master Jack Drobot are holidaying at Trout Lake.

Mr. and Mrs. Harry McDonald and son Garland spent the weekend with Mr. and Mrs. S. Beasley at Lake-on-the-Mountain.

Mr. and Mrs. Selbourne Sharpe and daughters and Mr. and Mrs. Elmer Rogers and family spent the weekend at Niagara Falls.

Mrs. Fred Gardner and daughter Beverly and granddaughter Edith Mallory spent the weekend with Mrs. Ada Saunders at Lake St. Peter.

CAMP AT FANK

Mr. and Mrs. Preston Chase and family are camping at Presqu'ile Park.

Miss Elva Locklin and Miss Desiree Dichmont of Toronto, were Sunday guests with Mr. and Mrs. Percy Locklin.

Mr. and Mrs. J. McIlroy of Peterborough, and Mr. and Mrs. Fred Wannamaker spent Sunday at Lakeshore Pentecostal Camp Meeting, Cobourg.

Miss Sandra Day returned to Fairmont after a holiday with her parents in Hartland, New Brunswick.

Mr. Percy Cleveland of Oakawa, spent the weekend with relatives in the village.

HEADS ELKS

SASKATOON (CP) — The national convention of the Benevolent and Protective Order of Elks elected S. T. Derr, 41, of New Westminster, grand exalted ruler. He succeeds James E. Greco of Sault Ste. Marie, Ont.

Income Tax Explained

I received numerous letters last year from children who were living at home while working. The children were usually from large families and they gave up their entire earnings to the parents to help support the other members of the family.

In most cases the father's earnings were not sufficient to maintain the family. Their problem was: could they claim anything on their tax return for the money they contributed over and above the normal amount they would ordinarily pay for their board?

In such cases the working child should determine the prevailing rate of board for his or her district. The amount contributed to the home in excess of their board is not allowed as a deduction from income.

However if the parent does not need to claim exemption for all the dependent children then the working child should claim those that the parent does not need to make him non-taxable.

The working child may claim the lesser of his contributions over and above his normal board, or the exemption allowable for the dependants he has helped to support.

Where it is difficult in such cases may not claim an equivalent to receipts which is fair but only the $300 exemption for children under 16 years of age. Children over 16 may claim children wording. the above will apply but the same child may not be claimed on each of the contributor's returns.

If there are more than one contributor, then the final claimed between them cannot exceed the normal exemption for brothers and sisters which is $300 but only the $300 exemption for children under 16 years of age. Children over 16 may claim children wording. the above will apply but the same child may not be claimed on each of the contributor's returns.

If there are more than one contributor, then the final claimed between them cannot exceed the normal exemption for brothers and sisters which is $300 but only the $300 exemption for children under 16 years of age. Children over 16 may claim children wording. the above will apply but the same child may not be claimed on each of the contributor's returns.

For personal replies pertaining to income tax problems, please enclose a self - addressed five cent stamped envelope and 25 cents in coin for each question you wish answered.

• • •

QUESTION: There are 10 children in our family. I am the only one working. My father does not need to claim three of them. He is never taxable. I pay $5 each week over and above my board. Can I claim the three he does not need?

ANSWER: No. You may only claim $300 for 1963. That is $3 per week for 52 weeks.

• • •

QUESTION: My mother is a widow supported by my brother. I just started to work and give her all of my money. She boards me and buys my clothes. Can I claim her as well as my brother?

ANSWER: No.

2nd Sidney

2ND OF SIDNEY — Anne McEwen of Napanee is spending a week with her friend, Judy Hart.

Mrs. Don Garrison and M. Dunning of Belleville called on Monday evening on Mrs. Ritchie Ketcheson.

Mr. and Mrs. L. McKenna of Saskatoon, Saskatchewan, were callers of Mrs. Morris Sickle on Tuesday.

Mr. and Mrs. Floyd Sandercock were callers on Tuesday of Mr. Bert Thompson at Picton.

Master Lee Sandercock spent a couple of days this week with his grandparents, Mr. and Mrs. Wesley Cunningham of Wellington.

The Perry Hamilton family attended the Aiken's Sunday School picnic on Sunday at Oak Lake. There was a fine attendance.

Mr. and Mrs. Haig Bothwell and family of Peterborough were weekend guests of Mr. and Mrs. Frank White.

John Bewley of Campbellville and a friend of Fergus were callers on Saturday evening at Sgt. and Mrs. Lloyd Bewley's home. John was on his way to Salmon Beach, N.B.

Mr. and Mrs. George Clement and Mr. and Mrs. Charles Bedson of Belleville, Mr. and Mrs. Bert Clement of Kingston, Mrs. Pearl Dunkley, Mr. and Mrs. Donald Dunkley of Winnipeg, Mr. and Mrs. Freeman Dunkley of Belleville had a reunion on Monday evening at the home of Mr. and Mrs. Richard Clement.

Mr. and Mrs. W. Jordan and boys of Whitby and Ross spent Sunday with Sgt. and Mrs. Lloyd Bewley and family.

ATTENDS WEDDING

Mrs. Clayton Curtis attended the Bryce-Knox wedding recently at Glen Miller, Christ Church, where she substituted for the bridegroom's mother, Mrs. Margaret Bryce of Scotland.

F/L.C. Grubb of Ottawa spent Monday evening with Sgt. and Mrs. Lloyd Bewley and family.

Park on Sunday.

Mr. and Mrs. Wesley Macnee of Windsor and Mr. and Mrs. Edgar Fisher of Campbellford visited Mr. and Mrs. Alex Nicholas of Hastings visited Mr. Mac Anderson and Mr. and Mrs. Lindsay Tanner on Sunday afternoon.

Mr. and Mrs. Gordon Courtney of Winnipeg, Manitoba, were guests of Mr. and Mrs. John Courtney on Saturday.

Mr. and Mrs. Gordon Weese, Karen, Martin and Donna of Oakville were overnight guests of Mr. and Mrs. Orval Jackson on Saturday night having attended the Rollins reunion at Tweed.

Mrs. George Sine entertained several of her neighbors at a bush party on Tuesday evening.

Mrs. Ralph Clements and boys are holidaying at Papineau Lake with her parents, Mr. and Mrs. Ray Poole.

Tweed.

Demorestville

DEMORESTVILLE — The monthly meeting of the W.I. was held at the school house on Tuesday night with a small attendance. Two scholarships were given out for Demorestville school. Junior room — Billy Newcombe, Carol Hewitt and Penny Geraline.

Senior room — Joan Hewitt, Zol Salinas and Darelle Plumpton.

Slides were shown by Mrs. Gena Wood taken during her trip to Kenya.

Thursday night the members of the U.C.W. met at the schoolhouse.

Mrs. Don Turcotte entertained visitors last week.

George and Tommy Storms are spending their holidays at the home of their aunt, Mrs. Stan Beasley, at Gichora.

Terry Buttan of Picton, is spending his holidays, with his grandparents, Mr. and Mrs. Andy Holmes.

Mrs. Keith Hope and children spent Friday evening with Mrs. Jenney Turner.

Mrs. Roy Longwell and Miss Charlene McDermaid called Saturday evening on Mr. and Mrs. Floyd Gordine.

Minto

MINTO — Mr. and Mrs. Newt Dort of East Lake, Ohio spent a few days last week with Mr. and Mrs. Stanley Kelley.

Master Glen McMullen of Halloway is holidaying with his aunt and uncle, Mr. and Mrs. Harold Holden.

Mr. and Mrs. C. Masher are spending their holidays with Mr. and Mrs. James Johnston.

Mr. and Mrs. Bob Elliott and girls of Kingston returned to their home having spent two weeks with her parents, Mr. and Mrs. Ira Broadworth.

Mr. Art Broadworth also spent the weekend at his brother's home.

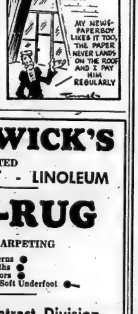
Mr. and Mrs. Tom Hogle of Kingston and Mrs. Mollie Hick of Belleville called on Mr. and Mrs. W.J. Tanner, Mr. and Mrs. Phil Vance and Mr. and Mrs. Lindsay Tanner on Sunday.

Mr. and Mrs. Will Wannamaker of Colborne visited Mr. and Mrs. Orval Jackson on Thursday.

Mr. and Mrs. Harold Holden and family and Mr. and Mrs. Joe Forestall and family enjoyed a picnic at Glen Allen

SILVER BOWL FOR THE PREMIER — Premier Nikita Khrushchev says, "beautiful, it should be in a museum" as he receives a finely engraved Burmese silver bowl from U.N. Secretary-General U.Thant, right, during Kremlin visit in Moscow. They later discussed Russia's overdue debts for its share of U.N. peacekeeping operations. This is a photo from the Soviet agency, Tass. (AP Wirephoto via cable from Moscow)

MARK FLIGHT



SHOREHAM, England (CP) Thirty French light planes flew across the English Channel to this Sussex town to mark the 50th anniversary of Louis Bleriot's pioneer Channel flight on July 25, 1909.

STILL WATERS

LONDON (CP)—Moonshiners who operate illicit stills have been praised by a government spokesman for their skill. "In the old days people would drink anything with a kick, but not any more," he said.

WILL SHARE COST

OTTAWA (CP) — The federal health department will share with the Ontario Hospital Services Commission the cost of installing a new automated dispensary for drugs, John Munro, parliament's top secretary to Health Minister Judy LaMarsh, told Commons Wednesday. He said the federal government will help the Ontario commission install the equipment in order to evaluate its effectiveness.

W.I. MEETING

Several ladies attended the Redneersville W.I. meeting at the home of Mrs. Cecil McFaul on Thursday evening.

Mr. and Mrs. Clarence Fetherick of Campbellford, Mrs. Isobel Ondercook spent a recent Sunday with Mr. and Mrs. Earl Ondercook.

Mrs. J. J. Moore of Miami, Florida, and Annie Weir spent Thursday with Mr. and Mrs. Hugh Weese.

Mrs. Roy Williamson spent Sunday with Mrs. Reuford Peck.

Several attended the Indue-tion service at Redneerville Church for the new minister, Rev. George Gurney. Mr. and Mrs. Ambury and son were welcomed by the congregation.

Missing Glider Pilot Is Found Dead in Wreck

CAMPBELLVILLE, Ont. (CP)—The body of pilot Francis Popp, 25, of Jersey City, N.J., was found Wednesday afternoon in the wreckage of a glider in which he disappeared during the Canadian national soaring championships Monday.

The body was found in the wreckage of the glider which had a 50-foot wing span by Bob Bunce, a 17-year-old high school student from Oakville. In an open field near this town, 14 miles southeast of Guelph.

The glider, last seen when it was towed aloft at Brantford, 28 miles to the southwest, late Monday evening, had earlier been spotted by an RCAF search plane.

The championships were cancelled Tuesday and Wednesday so that private planes in the area being used to tow gliders aloft could assist the RCAF in the search.

Canadian Coast Guard cutters were to took part in the search, which extended from London Ont., to Hamilton and Guelph and south to Lake Erie.

VOTE DEFENCE MONEY

WASHINGTON (AP) — The U.S. Senate voted Wednesday night to spend more than $48,200,000,000 for defence. Passage was by the unanimous vote of 76 senators. Efforts to cut the $46 774,401,000 appropriation, the biggest money bill of the fiscal year, were turned back.

"KING SOL" 295 FRONT ST. BELLEVILLE'S OWN SPECIAL SUN (Better Known as Sun of "B")

Astrological Forecasts

By SYDNEY OMARR

For July 31

Aries (Mar. 21 to Apr. 19): Beneficial changes are where finances are concerned. You should be happy that your efforts are more appreciated. Day when you can bask in light of accomplishment.

Taurus (Apr. 20 to May 20): Cycle high. Stress independence, originality. You will be happier if you refrain from envy to family member. Don't be "too busy." The time is there — utilize it!

Gemini (May 21 to June 20): You could be victim of self-deception. Realize "waiting period" is constructive. Don't be in a hurry. One who does much talking . . . may not be able to back up claims.

Cancer (June 21 to July 22): Your chances for success are enhanced through efforts of friends. Realize this and react accordingly. Professional recognition looor due. Say yes to added responsibility.

Leo (July 23 to Aug. 22): Act in authoritative manner. Don't back down from principles. Spread influence. Write, communicate . . . to get to heart of matters. Be specific, determined, logical.

Virgo (Aug. 23 to Sept. 22): Your ability to "sell" is highlighted. You are able to convince others that you offer something of value. Take advantage of this cycle. Move ahead with confidence.

Libra (Sept. 23 to Oct. 22): Check investment possibilities. Realize that mate or business partner may act on impulse. Study various possibilities. Realize that mate or business partner may act on impulse. Study various possibilities. Then arrive at intelligent compromise.

Scorpio (Oct. 23 to Nov. 21): Watch personal appearance. Emphasis is on how you look to "outsiders." Be graceful, charming. Excellent for social affair tonight. But don't take others too seriously!

Sagittarius (Nov. 22 to Dec. 21): Maintain steady pace. Get proper rest — conserve strength. Don't be last to leave party tonight if you check details, you can discover valuable clue.

Capricorn (Dec. 22 to Jan. 19): Favorable lunar aspect highlights creative activity, romance, changes for the better. Tonight features exciting times with stimulating individual. Keep mind and heart open!

Aquarius (Jan. 20 to Feb. 19): Keep track of budget. Don't feel discouraged at minor setbacks. Be aware of potential. You are going in right direction. But ultimate success requires study, time.

Pisces (Feb. 19 to Mar. 20): You can gain pleasure as result of surprise visit. Take notes early — fulfill promise to yourself. Means utilize natural abilities. Maintain air of optimism. Look to future!

If today is your birthday . . . you are strong in time of adversity. Once you make up your mind to accomplish goal . . . you go straight ahead. You can be stubborn. But you are also dependable and loyal.

General Tendencies: Cycle high for Taurus, Gemini, Cancer. Special word to Sagittarius: Key to happy, productive day is moderation.

WOMAN IS FOREMAN

MANCHESTER, Conn. (AP) Betty Choman is a 113-pound grandmother who wrecks houses. She's the foreman of a five-man wrecking gang, and to the members of the gang say she is a working boss. Mrs. Choman and her husband, Anthony, run the demolition firm. But her husband also is a printing department supervisor, so she has complete charge.

Or Is There ? No Virginia, There Is No Monster in Loch Ness

By ALAN WALKER

LONDON (CP) — Is there really a Loch Ness Monster?

Without draining the loch, you'll never know for sure.

Thirty years of pictures and printed matter point overwhelmingly to only one conclusion—the monster is a myth.

And yet . . . so many people have faith in the folk tale. Ja-net Fraser, for one.

"It had a head shaped like a snake, and as big as a horse's with a long neck, in the middle of which there were two large flippers," the spinster innkeeper said in 1933 when "sightings" began.

"I can only describe its eyes as being like motor-car lamps."

Ever since, the Scottish Highland "monster" has varied in length from six to 200 feet. Sometimes it had tusks; other viewers saw neat rows of teeth.

One witness swore on a Bible that he saw the monster crossing a road "dragon-like" and carrying a sheep in its mouth.

Loch Ness is no country pond. Its average depth is 432 feet.

Gigantic caves and weird currents near the bottom often prevent drowned victims from floating up, hence the tradition that the loch never gives up its dead. "Kelpies" — carnivorous Gaelic folk creatures — are blamed.

LEGENDS ABOUND

There are lots of legends about Loch Ness. Saint Columba supposedly once saved a Pict from being devoured by a monster there 14 centuries ago.

The hero faced the loch beast and said firmly: "Touch not that man leprosa at once."

He said it in Latin but tradition says the monster dropped the Pict anyway.

John Mackay, reporter for the Inverness Courier, first made news of the Ness monster to the outside world. Readers lapped it up and begged for more details. Soon newspapers around the world began filling columns with "eyewitness accounts" of what was claimed to be a prehistoric being trapped in the loch centuries ago when its connection with the sea had been cut off.

The world mused for a year, hovering between belief and scorn. Tourists to the loch area boomed, with tea shops and inns springing up like weeds.

Then in April, 1934, Dr. Robert Wilson photographed what he said was "the head of some strange animal rising out of the water . . . between 150 and 200 yards off shore."

DENUNKED PHOTO

For 30 years each debunking of a "sighting" has been met with: Yes, yes, but what about the famous London surgeon's photograph?" The picture has been the linchpin in every argument supporting the existence of A Loch Ness Monster. Finally in 1942 the linchpin gave way.

Dr. Maurice Burton, formerly of the British Museum of Natural History, spent 30 years checking witnesses' stories and photos.

He disposed of all by referring to driftwood, eels, salmon, otters and, finally, except Dr. Wilson's photo. Then he examined the negative. He compared it with pictures taken on similar cameras. He measured angles feverishly. And he found that the photographer had been about 25 yards from the object — not 200. This made the object two feet high.

Dr. Burton looked at some more pictures of playful otters which, in Loch Ness, can attain a length of five feet. Suddenly the blurred little photograph became an otter's tail and not a primordial reptile at all.

Rings on the water indicate a diving action rather than a forward motion through the water. The "flippers" are merely part of the otter's rear end.

Other past photographs show what appear to be a monster head with several humps behind. "Parent otter followed by young," Dr. Burton decided.

ORIGIN QUESTIONED

Loch Ness businessmen get some credit for perpetuating the myth. Sensational newspaper articles get the rest. Stories always describe "sightings" but practically never deal with boaxes exposed.

A self-styled expert's claim years ago that he had found a rare spoor and strange footprints around the loch was published and ballyhooed. When it turned out the prints had been made by a dried rhinoceros leg that had been turned into an umbrella stand, newspapers were strangely uninterested.

Similarly, Dr. Burton's views get little attention.

Some observers here think a newspaper man might have started the whole incredible story of the Loch Ness Monster. Mackay, who died in 1952 aged 85, may well not have written all he knew.

An Italian newspaper man, Francesco Gasparini of Milan, once admitted he had expanded a two-line item about a strange Loch Ness fish into an imaginative feature story in 1933. His hoax got out of hand when reporters around the globe "matched" his story.

It was an Italian newspaper that in 1940 claimed an Axis bomb had made a direct hit on Loch Ness, destroying the monster.

Every summer plagues of intrepid scientists and journalists flock to the loch. Some set up cameras and telescopes on shore. Others follow the others underwater or use echo-sounding devices.

They find nothing.

Meanwhile in the little nearby village dour Protestmen smile. Their pubs are sell postcards.

Watusis Visit Tallest Bldg. In the World

NEW YORK (AP) — Three short members of the tallest tribe in the world visited the tallest building in the world and illustrated once more how small men world has grown.

From the top of the Empire State Building, the three Watusi men could see buildings then containing more people than the 2,250,000 inhabitants of their native Burundi. They were interested but not awed.

When it was pointed out to them where an airplane had crashed against the building in 1945, they held a long and lively conversation in Kirundi, the only tongue they know.

A translator explained:

"They don't understand how a plane could crash into the building if it had radar."

They knew about radar these modern - day monsters of an eastern African tribe reputedly descended from the Pharaohs.

Yet when the troupe of 12 warrior dancers popularly known as the Watusi Dancers—arrived here, they went down the escalators at Kennedy Airport without even knowing what had never seen moving stairs before.

PERFORM AT FAIR

The three Watusis presented an appealing blend of sophistication and naivete.

They have learned to navigate New York City's subway system — an accomplishment not all New Yorkers have mastered —and are blase about crowds. But when leaping and dancing, lighter they could not fire it until shown how.

When Mountaineri, 20, Hakiza, 22, and Miburo, 19, reached the 86th-floor observation deck of the Empire State Building for the first sight they sought out was the world's fair where they perform for the public but busy.

"Mhali," said Mountaineri, — very fair.

The three dancers looked younger than their years. Although men of the tribe often grow to seven feet, they stood about six feet.

They wore suits, ties and European-style shoes, not the leopard skin native costumes in which they will perform once which has inspired a new step, The Watusi, in New York's night clubs.

Two of them sported new watches and Mountaineri, the tribe's most outstanding and talkative of the courteous and friendly trio, even wore sunglasses — just as the natives here do.

Frankford

FRANKFORD — Mr. and Mrs. Jack Bailey and family of Whitby are holidaying with Mr. and Mrs. George Wannamaker.

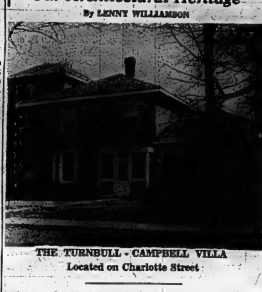
Mr. and Mrs. Keith Heim and family spent the weekend at Papineau Lake.

The Rev. and Mrs. A. Carson and son Gary spent Sunday with relatives in Madoc.

Mrs. Mary Patrick spent last week with Mrs. J. Knechtel in Kitchener.

Miss Lynn Tompkins of Oshawa is visiting Mr. and Mrs. Jack Hicks and family.

Mr. and Mrs. Raymond Wallace and family of London are spending a holiday with Mr. and Mrs. Harold McLeod and family.



Mr. and Mrs. John Strome of Toronto spent the weekend with Mr. and Mrs. Ed Strome.

Mr. and Mrs. Don Thompson of Bailieboro spent the weekend with Mr. and Mrs. George Wannamaker.

Mr. and Mrs. Fred Wood are holidaying at their cottage at Lakeshore Pentecostal Camp, Cobourg.

Our Architectural Heritage

By LENNY WILLIAMSON

THE TURNBULL - CAMPBELL VILLA
Located on Charlotte Street

The second half of the 19th century was a gaudy, bustling period, when middle-class merchants and manufacturers made their fortunes ruining their competitors, "capitalism" was a term of approbation, and the businessman was King. A gentleman of that day balanced his financial shrewdness with a fine display of his wealth and gentility after working hours. His ruthlessness gave him the money to build a fine home, and his romanticism dictated the style — either Gothic and gabled, or Tuscan and towered. Locally, the more affluent of the early Victorians preferred the Tuscan Villa, which was supposed to express "the elegant culture of the man of the world."

One such gentleman of culture and decidedly Tuscan bent was bull, who made his fortune in banking and real estate. His two sons-in-law married into the fortunate houses on Charlotte St. (which was named after his father-in-law) and the first of these built hoe to be erected in the city. His daughter, Charlotte Bull, married somewhat disadvantageous marriage with Alfred Argyle Campbell, a relative of the Hon. Sir Alexander Campbell of Kingston, Sir John A. Macdonald's law partner, and afterwards a Senator and Lieut-Governor of Ontario. In 1856 her proud father presented the young couple with the towseries bracketed house on the west, and three years later moved them into the authentically bet-towered Tuscan villa just around the corner. Like the prudent businessman he was, he protected his investment by deeding the properties to his son-in-law's influential relative, the Hon. Sir Alexander in trust for Charlotte Eliza and her five children.

Designers of Italianate houses revolutionized architecture by introducing "truthfulness", "suitability", and the cult of the "picturesque" to Canada. They originated the idea of planning a house from its inside out with emphasis on the convenient arrangement of interior space. The exterior was bracketed almost any shape as long as it was rambling, irregular, picturesque and punctuated with a tower. The earliest towers were not mere decorative additions; they appear square and squat because they were made large enough to enclose rooms of a useful size. Proper Victorians considered light and ventilation of prime importance — they grouped the round-headed narrow Italianate windows in pairs or trios to insure bright and airy interiors.

"Truthfulness" extended even to the use of materials. The stone walls were faithfully copied from the original villas built in the treeless plains of central Italy. The stucco coating increased the pictorial effect — it functioned as a smooth surface to reveal the patterns cast by the shadows of overhanging eaves, brackets, and projecting bays.

Early designers emphasized "suitability" to the point of believing a house should fit the personality of its occupants. Villas in the "picturesque" Tuscan manner was perfectly suited to men of the Turnbull and Campbell stamp. "The Picturesque" had fascinated every American architect who helped popularize the style, "is beauty expressed in the simplest terms of rudeness, violence, of difficulty. We see . . . the idea of power exerted." Alfred Argyle Campbell progressed from tanner to merchant to the somewhat ambiguous title of "gentleman". After the death of Charlotte Eliza and her father, he persuaded his powerful clansman, the Hon. Sir Alexander, to exert his influence to help him—and his second wife, gain possession of the property. The villa on Charlotte St. is a result of an era, frozen in stone.

SEEKS RECRUITS

WELLINGTON (AP) — The New Zealand Army is launching a recruiting campaign for 500 men to serve in Malaysia. They will relieve New Zealanders now in Malaysia who are due to complete their two-year overseas tours.

Surely the setting had something to do with the mood and the effect.

St. Augustine is a well-tended museum of crisp lawns and ancient monuments, but in this part of town there were only dusty streets and sagging porches needing paint. Even the Spanish Moss dripping from the gnarled oak branches, a lovely botanical sight in the tourist part of town, seemed only to emphasize the dreariness in the neighborhood of the New St. Paul AME Church.

It was a typical Negro church. Worn pews fanned out in three directions from an old pulpit which was red with thick coats of shellac. Behind the pulpit was a neon cross and the words, spelled in neon lights, "In Do In Remembrance of Me." Neither the cross nor the words had to do with the Last Supper were lit this night.

FANS F'' P LITTLE

The floor was linoleum, cracked in places, and the walls were a nondescript shade with paint peeling in spots. The windows were stained glass, Augustine, but the glass was yellow and they admitted precious little into the stifling room. One of them was a clock closed. Two overhead fans, turning lanthroat air. Cardboard hand fans, with a picture of two well-combed Negroes on one side and an undertaker's ad on the other, did not help much.

Augustine, but the glass was yellow and they admitted precious little into the stifling room. One of them was a clock closed. Two overhead fans, turning lanthroat air. Cardboard hand fans, with a picture of two well-combed Negroes on one side and an undertaker's ad on the other, did not help much.

The congregation of a big free fast coming into fruit provided a pungency to the heady atmosphere of the church. Two Negro boys were perched in the branches, peering wide - eyed and silent from the darkness.

The Negroes filed in slowly and took their seats. They behaved with the odd blend of songs, chorus after melancholy chorus:

Nobody knows the trouble I've seen.

"Nobody knows but Jesus . . ."

As the church filled the singing grew more spirited. They were not to prattle Jesus meek and mild, but to be God who delivered the Israelites. On one wall of the church was a picture of Moses, bearded and white, who led his people from bondage.

"I'm going to-sit at the welcome table one of these days, hallelujah!

"I'm going to sit at the welcome table one of these days."

EMOTION GROWS

Hands began to clap, faces began to glisten and shirts and roses began to darken and pulses began to throb and toes and heels began to tap rhythmically.

And anyone unsure of the wind of Negro during the St. Augustine racial troubles had only to hear the singing and listen to the amens of the old men and women and the young boys and girls as their preached to them.

"Y'all better trust in the Lord," he told them. "He's the only one you can count on.

"Don't work in the white folks' kitchens and eat the white folks' food and take home Mr. Charley's wife's old shirts and Miss Ann's wore - out dresses but the white folks ain't gon' help you when the Klan's a-ridin'."

"Amen!"

"So y'all better straighten up and ask the Lord to help you."

"All right! Amen!"

Then the singing would begin again. Soft, sweet, loud, pulsating, obscure.

BIG WORLD

The Smithsonian Institution, Washington, has a world globe that's just marked off a line around the equator and 11 feet from pole to pole.

Canadian Lumberman
Buys Big Barrage Balloons

LONDON (CP)—A Canadian lumberman is in England shopping around for balloons.

Big barrage balloons, that is.

He wants them for his logging business in British Columbia and, happily, the scientists at the Aldermaston atomic weapons research establishment have a supply they no longer have any use for.

Chester Matheson was over here last year and bought two balloons on an experimental basis and also hired two balloon-handling experts.

His problem was the moving of great 12 - ton logs down mountains and through dense underbrush. The top and always snagged onto something and often couldn't be budged—even by an old army tank he bought.

Then he hit on the idea of using the balloons to lift the top end without taking the main weight of the log, with others providing the power. It worked like mad now he wants more balloons.

The scientists originally had used the 84,000-cubic-foot balloons for mid-air nuclear explosion tests over Christmas Island.

It was pretty hard on the balloons and so they had acquired several, which were left over their hands when the tests were cancelled and the balloons were no longer needed.

Negroes' Oldtime Religion Is Unknown Culture of US

By JULES LOH
AP Newsfeatures Writer

A lot of American reporters are getting religion these days whether they want to or not. It's not of religion many know about only vaguely. It's that old time religion that is, apparently, good enough for the Southern Christian Leadership Conference.

Covering this group (which is headed by Dr. Martin Luther King, Jr.) invariably lands reporters hastily in the Deep South's Negro churches. It can be quite an experience. Within the dingy walls of the clapboard church houses, as the Negroes call them, is a side of U.S. culture almost totally unknown to the split-level society.

Somehow 100 years of history, never really understood before, can flash with new clarity through the mind in the space of a single handclapping, swelstering, foot - stamping prayer meeting. There was the old mare tured to Marshall Brady, a Negro newspaperman who was sitting with an old fan on one side.

"My God, Marshall," I said. "Have you ever heard anything like this?"

"Look," he said, extending his arm in answer. His skin was bristling with goose bumps.

VOICES BLEND

There was a quality to the singing that made you want to smile and weep at the same time. For the congregation it could be consoling or challenging, depending on the need. Technically, the blend of voices was as polished as though they had rehearsed many times, and perhaps they had at previous meetings. But there also was a spontaneity about the singing which made it unmistakably a prayer. By no means a performance. It was moving, gripping, honest.

Surely the setting had some-

THREE DIE IN OTTAWA HOTEL BLAZE

Johnson Ousts Running-Mate Possibilities

Axe Falls on Shriver, Kennedy, McNamara

By JACK BELL

WASHINGTON (AP) — President Johnson's sweeping knockout of Attorney-General Robert F. Kennedy and others from the lineup of vice-presidential possibilities focused speculation today on Minnesota Senators Hubert H. Humphrey or Eugene J. McCarthy as his probable choice for a running mate.

In an unprecedented action Thursday, the president eliminated nearly all the major possibilities for the No. 2 spot—including the attorney-general, Peace Corps Director Sargeant Shriver and Defence Secretary Robert S. McNamara.

The consensus among many knowledgeable Democrats was that Johnson, calculating that he has established his own political image strongly, was to win elective office without leaning on any Kennedy.

UN Ambassador Adlai Stevenson, a two-time loser as Democratic standard bearer, was given three checked out of consideration for second spot on the ticket to be chosen at the Democratic national convention which opens Aug. 24 in Atlantic City, N.J.

CHANGING CABINET

Johnson included on his non-candidate list all cabinet members and those in government who have access to the White House for such gatherings.

One of those pointedly notified was State Secretary Dean Rusk. Another was Agriculture Secretary Orville L. Freeman.

Johnson said he had decided it would be inadvisable to pick as a running mate any member of the cabinet one who has campaigned for Aides said Johnson felt these men were working hard in essential jobs and their concentration would suffer if they were called upon to take on the burden of a campaign.

But Associated Press poll of convention delegates was released at the time of Johnson's announcement showed Humphrey a three-to-two choice for vice-president. He got 341 first-choice votes. The Minnesota senator was 230.

Humphrey and McCarthy were searching their personalities to try to determine whether they could meet requirements that his running mate be attractive, prudent and progressive with a questioning consideration for the people's welfare and still be welcomed into every state.

Must Not Use Canada Reactor To Make Bomb

OTTAWA (CP) — Officials of Atomic Energy of Canada Limited and the external affairs department said Thursday that India could not use Canada-built India nuclear research reactor in any way to produce an atomic bomb.

They were commenting on a New Delhi report quoting the newspaper The Statesman as stating that India could now produce a "militarily useful" atomic bomb within 18 months.

Canadian officials said that under an agreement the Canada-India reactor can only be used for research and peaceful uses of atomic energy.

The agreement stipulates that all byproducts from spent Canadian fuel — including plutonium—must be used only for peaceful purposes.

"No plutonium from Canadian fuel can be used to make an atomic bomb," an official of the external affairs department said. He added that Canada has no knowledge that India now is separating plutonium from spent Canadian fuel.

FIRE HOTEL HIRE — Guests and members of the hotel staff scramble down firemen's aerial ladders to escape from the fire which broke out in the Beacon Arms Hotel in downtown Ottawa. Three persons died in the fire. (CP Wirephoto)

Ranger Lands, Returns Pictures

PASADENA, Calif. (AP) — Spacecraft Ranger 7 today televised the first close-up pictures of the moon then crashed into the Sea of Clouds, scoring a historic first success in the trouble-haunted U.S. lunar exploration program.

The first pictures printed looked "extremely good," scientists reported at the jet propulsion laboratory, which created and controlled the pioneering vehicle.

After study by experts, pictures were expected to be released for public scrutiny within 24 hours.

Ranger 7's cameras started running at 6.07 a.m. PDT (9.07 a.m. EDT) and if all worked as programmed may have returned as many as 4,000 still photographs made almost up to the instant of impact at 6:25 a.m.

The shots are vital to the U.S. space program. They are expected to show the character of terrain where the first moon visitors may descend.

All six cameras apparently worked as planned.

"We have good pictures," Ranger Project Manager Harold M. Schurmeier told a press conference at the jet propulsion laboratory, which made and guided the spacecraft.

"The light level was good and video signals were good and the quick-look prints . . . look exceptionally good.

"I think the public will be able to distinguish quite a few details when the pictures are released.

"If the pictures are sharply contrasted — with light and shadow—we ought to be able to see something the size of a few metres."

Ranger 7's six cameras were to return 4,000 still pictures made from 1,800 miles above the moon's surface right down to the moment of impact.

The first photographs, Schurmeier said, are expected to be released within 24 hours after a board of scientists studies them.

The last shots, he added, were taken a fraction of a second before impact and would cover an area of about 80 square feet.

Dr. Homer Newell, associate administrator of the National Aeronautics and Space Administration, told the press conference that this was an historic occasion and that the laboratory had received congratulations from President Johnson for what Newell called "a textbook operation."

Ranger smashed into the Sea of Clouds just below the Equator on the left portion of the moon's lighted side. This is one of several vast plains on the moon surface, called seas because that is what they looked like to ancient astronomers.

It is in such an area that astronauts may land in a few years.

It was hoped that today's photographs would show the kind of terrain they will encounter—whether it's rocky and jagged or dusty and smooth.

The first camera was turned on at 6:07 a.m. with the spacecraft 1,200 miles away. At 6:08 the Goldstone tracking station reported receiving picture signals from it.

Soon, signals were coming from all six cameras—two with wide-angle lenses and four with narrow-angle lenses.

The Soviet's Lunik III photographed the back side of the moon from 40,000 miles away in 1959, closest pictures until today.

A cheer went up from scientists and reporters assembled at the jet propulsion laboratory, which made the guided Ranger, at word of completion of the mission.

It was the first success in a $200,000,000 lunar investigation program that has seen 6 straight shots go awry.

The latest, Ranger 6, was most heartbreaking because it looked perfect until final seconds when cameras wouldn't go on.

Ranger 7's two wide - angle cameras started functioning on command 16 minutes and 40 seconds before impact at an altitude of about 1,200 miles.

Four narrow-angle cameras started transmitting three minutes later.

A spokesman said there was no interruption during the entire transmission as the 806-pound spacecraft streaked toward the moon at 5,980 miles an hour.

Tracking experts said the straight-line distance to the moon at the time of impact was 228,686 miles.

Ranger's path to the moon curved and it took 67 hours, 35 minutes to make the 240,000-mile flight.

Ranger 7 was launched Tuesday morning from Cape Kennedy, Fla.

Member Hits Back at Judge Who Criticized Farm Report

OTTAWA (CP) — Blunt-spoken Jack McIntosh slashed back in the Commons Thursday night at Saskatchewan Judge Harold W. Pope who criticized the Conservative MP in his report on a judicial inquiry into Prairie Farm Assistance benefits.

The member for Swift Current-Maple Creek said Judge Pope as a Liberal supporter who suppressed evidence and who should be impeached from the bench.

He charged the judge with neglecting to call a key witness and making misleading Liberal and political statements in his report, tabled in the Commons Wednesday by Prime Minister Pearson.

Mr. McIntosh's speech was punctuated by cries of "shame" from Liberal benches. Two Liberal MPs accused him of castigating superiors on a judge.

Mr. McIntosh said he wishes there was a procedure open to him to remove Judge Pope but unfortunately there isn't since the judge acted as a one-man commission of inquiry appointed by the federal government.

The 20,000-story Pope report stated that Mr. McIntosh unduly pressured the Prairie Farm Assistance Administration to give crop-failure benefits to about 1,000 farmers in the Swift Current area just before the 1963 federal election.

Judge Pope found irregularities in some of the payments and upheld the dismissal of George Walker, PFAA supervisor for the Swift Current area.

Mr. McIntosh spoke in an otherwise plodding, listless debate on a bill granting the government $700,000,000 in spending

Lumpa Fanatics Mass After 65 Killed

LUSAKA (AP) — Determined disciples of the fanatic Lumpa religious sect were reported massing today in another area of Northern Rhodesia after government forces mopped up their headquarters village.

The government said its troops killed 65 Lumpas and wounded 50 more of the warrior tribesmen who made a suicidal charge Thursday from the village of Sione—Zion—in the Chinsali area 500 miles northeast of Lusaka.

Previously the government had reported 30 Lumpas and 11 others killed in more than a week of violence. In addition, refugee Africans have reported the Lumpas massacred 200 inhabitants of two villages near Sione.

Police said a large concentration of the sect was reported gathering at Chipundu, 70 miles south of Chinsali. Officials feared the fighting would spread through Northern Rhodesia's peanut-covered northern province, an area as large as Britain.

Followers of Lumpa prophetess Alice Lenshina showed no fear at Sione as wave after wave of them, armed with spears or old muzzle loaders charged the troops, armed with rifles and hrep guns.

A government spokesman said six soldiers were slightly wounded.

The troops moved into Sione and routed a number of spear-armed women from the sect's brick "cathedral" with tear gas. They couldn't find Alice, founder of the 11-year-old sect which numbers 75,000 adherents.

She was believed to have fled into Northern Rhodesia's copper belt, in the western part of the territory bordering The Congo's Katanga province.

With 1,200 troops and 300 police in the field against the Lumpas, British Governor Sir Evelyn Hone called 6p 700 members of the "territorial militia. Premier Kenneth Kaunda said they would guard mission stations where thousands of refugees from attacked or threatened villages were gathering.

The Lumpas went on the rampage when a youthful member of the sect was punished by a relative for staying hunting from school. The relative was a member of Kaunda's United National Independence Party, which long has been at odds with the sect. Alice Lenshina, who claims she died and returned to life three days later, told her warriors she'd given them "magic water" that would turn the enemy's bullets into water. After 30 of the sect's warriors were killed in their first clash with government forces, her deacons issued "passports from heaven" to the fighters.

Phone Operator Gives Her Life To Warn Guests

Son One of Firemen Helping to Rescue 130

OTTAWA (CP) — Mrs. Addie McCormick, a 64 - year - old widow, lost her life Thursday when she stayed at her telephone switchboard to warn guests of a fire that swept through the fashionable 300-room Beacon Arms Hotel.

Her son, Donald, was one of the firemen who fought the blaze in the 12-storey downtown Albert Street hotel that took two other lives and injured at least 17.

Many of the 130 people believed in the building at the time escaped down aerial fire truck ladders or crossed a catwalk high above the basement into a next-door office building.

Fireman Patrick Dorion, 25, was lowered by rope in swirling black smoke and made possible the rescue of a New Haven, Conn., couple trapped on a ninth-storey window ledge. Eugene Eckels, 35, and his wife were each hauled to safety on the roof by the rope.

Only five weeks after he was married, Cpl. Alain Zucconi died in the fire. The 23-year-old hotel maintenance man's body was discovered in an elevator several hours after the afternoon blaze was extinguished.

DIED IN AMBULANCE

Earl A. Colvin, 67, believed dead when the Beacon area, collapsed after being rescued from his room by aerial ladder. He died in an ambulance on the way to hospital.

In hospital in satisfactory condition early today were: Mrs. Adolf Eckels; Hubert Harris, 51, a hotel cook, who suffered a broken right ankle when he jumped out of a second-storey window; John Hatch, 52, Vancouver, and fireman Gilbert Simser, 37.

Most of the other injured suffered burns, cuts, smoke poisoning and shock.

The fire, cause of which was still undetermined, broke out in a basement washroom about 2:15 p.m. Flames and smoke shot up the stairwell and elevator shaft, trapping guests on upper floors.

The fire extensively damaged the basement and public rooms on the first and second floors, with considerable smoke and water damage to rooms in the upper stories. Unofficial estimates say repairs may cost up to $1,000,000.

WATCH RESCUES

Crowds lined Albert Street, four blocks below Parliament Hill, as firemen effected spectacular rescues of guests and employees trapped in rooms and clinging to ledges.

Frank Hendrick, 19, a Bell Telephone Company supervisor for more than 20 years before she came to the hotel in 1958, was making calls to rooms on the upper floors from her switchboard off the lobby.

Brian Huggins, international representative of the American Newspaper Guild, said Thursday Mrs. McCormick in his sixth-floor room.

"She was very calm," he said. "She told me: 'There is a fire and we're asking everyone to leave the building.' That's all she said."

Hotel President Phil Horwitz said he called to Mrs. McCormick to leave the building when part of the lobby was on fire and the smoke was pretty thicker. He made his way out to the front door, thinking the operator was behind him.

JACKS STILL IN

Her body was found on the floor beside the switchboard. All of the jacks were plugged in, indicating she was trying to make calls when overcome by the smoke.

Mayor Charlotte Whitton, who left a board of control meeting

Queen To Visit Ottawa

OTTAWA (CP) — The Queen and Prince Philip will spend the Thanksgiving Day holiday weekend in Ottawa as part of their Canadian visit in October.

Informants said the Queen might be asked to open a fall session of Parliament, if one is held.

Seven years ago the Queen opened Parliament here at Thanksgiving time.

Prime Minister Pearson announced the visit in the Commons Thursday, reading a press statement as it was being released by Buckingham Palace and Government House in Ottawa.

It was announced some months ago that the Queen and her husband would visit Charlottetown and Quebec City in October to mark the centennial of the 1864 pre - Confederation conferences there.

ARRANGED ON VISIT

The Ottawa visit is an extension of the original trip. It was arranged by Mr. Pearson while he was in London earlier this month attending the Commonwealth prime minister's conference.

The Queen and Prince Philip will be in Charlottetown Oct. 5-7, then travel on the royal yacht Britannia to Quebec City for ceremonies there Oct. 9. They will fly to Ottawa the evening of Oct. 11, a Sunday, and leave Oct. 13.

The Queen will fly home to London from Ottawa. Her husband will return to the Britannia on which he is to visit "other countries." These were not specified in the announcement.

No details of the Ottawa itinerary have been completed. They will be worked out in the next month.

Shots Fired At Canucks In Cyprus

NICOSIA (CP - AP) — Shots were fired at four Canadians of the UN Cyprus force, narrowly missing their jeep, a UN spokesman said today.

The jeep, carrying a Canadian officer and three men, was fired upon apparently by both Greek- and Turkish-Cypriots Thursday afternoon northwest of the Nicosia suburb of Gyonell, the spokesman said.

One bullet hit an embankment about two feet from the vehicle. The Canadians, members of the Royal 22nd Regiment, did not return the fire.

In another incident, a UN patrol investigating reports of an unlighted ship arriving in the port of Limassol was surrounded by armed Greek-Cypriot soldiers Thursday night and held until rescued by an

(Continued on Page 2)

Today's Chuckle

Some bachelors spend so much money for wine, women and song that they never seem to have anything left for luxuries.

THE WEATHER

Synopsis: An extensive area of clear to warm weather at the Great Lakes will gradually edge eastward across the district tonight or Saturday and temperatures will begin a slow warming trend.

Queieten Talk Of Vote

OTTAWA (CP)— The government has mixed two new ingredients into the confused but potentially explosive political situation in Parliament.

One was the announcement Thursday that the Queen will add a three-day visit to the capital to her early - October visit to Charlottetown and Quebec City.

The immediate effect was to put a brake on talk of a federal election before December. Political informants say this wasn't a calculated step but they hope nevertheless that the opposition will give up any plans they may have of trying to force a fall general election.

It has become standard practice in Commonwealth election campaigns during a sovereign's visit so as not to raise the criticism that the politicians are using the Crown for political purposes.

The second ingredient was the tabling Wednesday of a report of a judicial inquiry into irregularities in crop-failure payments in the latter days of the previous Progressive Conservative government.

The report was written seven weeks earlier by Judge Harold W. Pope of Moose Jaw Sask., and had been in government

(Continued on Page 10)

Byelection Dates Set By Robarts

TORONTO (CP) — Premier John Robarts announced Thursday provincial byelections will be held in Toronto Riverdale and Lakeshore wards Sept. 10, one week before the Ontario Liberal leadership convention.

Charles Templeton, Liberal candidate in Riverdale and contender for party leadership, expressed delight in the byelection announcement, saying a victory would unnecessarily assure him of the leadership but would certainly influence delegates to the convention.

He said in Sudbury he would return immediately from a tour of the North Bay area to begin planning his campaign in the riding, a Conservative stronghold since 1937.

Mr. Templeton has said previously he would quit the leadership race if he were defeated in a byelection prior to the convention Sept. 17-19.

INTENDS TO WIN

"There is an element of gamble," the former executive news editor of the Toronto Star said.

100 Drowned As River Boat Sinks in India

DACCA, Pakistan (AP) — A crowded launch broke up and sank after hitting a sandbar at the confluence of the Padma and Meghna rivers Wednesday, and the newspaper Pakistan Observer said Thursday 100 persons are feared to have drowned.

Many women and children were among the victims, the pa-

Amicable Acquisition Of Property To Be Sought For Street Reconstruction

Whether or not a start is made this year on the reconstruction of North Front St. north from Coleman Street will depend largely upon amicable acquisition of property needed for widening the right of way.

This was stated by Mayor Jack Ellis at a special meeting of city council yesterday as approval was given to the city engineer's report on the street reconstruction project together with a recommendation for application to be made to the Ontario Department of Highways for a connecting link subsidy.

City engineer Wilbur Purcell proposes that the street widening project be undertaken in two phases: 1, from Evans St. north to Craig Street, and 2, from north of Craig Street to 401 Highway.

Cost of the initial phase of the work is estimated at $130,000, of which one city share would be approximately $40,000.

The proposal would be to build a roadway 47 feet in width with asphalt surface and concrete curbs together with five foot wide concrete sidewalks.

To provide for the widened right of way the porches on two existing houses would have to be removed, while the gasoline pumps at a service station and one garage at the College Street intersection would have to be moved.

Land acquisition costs have been estimated at $34,000 by city assessor Leighton Thompson. This estimate does not include the property required from the Public School Board across the frontage of the King George School.

Included in the initial phase reconstruction project would be raising of the grade at College Hill and the relocation of utilities and other services.

There was criticism by some council members that the North Front Street reconstruction project should come to council at a time when the city engineer was absent from the city and the public works committee chairman was away.

And some councillors also felt that plans should likewise have been before council.

But City Manager J. R. Reynolds suggested the entire project was set out in layman's language in the city engineer's report.

Alderman Donald Joss wanted the matter tabled and the same view was taken by Alderman Jack Deacon.

"I agree that the matter should be tabled," said Ald. Deacon. "This is an important project to cost upwards of $500,000 when complete."

The motion however to table the matter was defeated.

Alderman William Jarvah was concerned over the effect which land acquisition would have on businesses in the area, feeling that at least three businesses would be forced out of operation.

According to the city engineer's report, first phase plans would be to reconstruct the street from Evans Street to 260 feet north of Craig Street (north of College Hill).

Reconstruction of the north end of the street between Craig Street and 401 highway would be necessarily delayed to provide time to property determine the terms of requirements, for lowering of gas lines and Bell Telephone buried plant and to allow time for property acquisition for street widening.

K. Werkhoven Wins Oats Competition

Mr. Klaus Werkhoven of Huff's Island, yesterday won the Belleville Horticultural Society's oat competition with an outstanding entry of Rodney oats.

The competition was judged by Jack Haggarty of Brighton, and Bill Bishop, the director in charge of the society.

Mr. Werkhoven's 20-acre field showed the potential for very heavy yield. A remarkable freedom from weeds, other crops and fungus disease sampled this entry first prize.

This annual crop competition is held in conjunction with Belleville Fair and is open in all district farmers. The oats are judged in the field for yield, uniformity and maturity of stand, freedom of weeds and other crops, and for freedom from disease.

Fourteen entries were judged and results were as follows: 1st, Klaus Werkhoven, 2nd, Harleigh Hamilton; 3rd, Ronald Hamilton; 4th, Bob Burkitt; 5th, Ridley Wallbridge.

The oat crop in Belleville district was considered quite good in spite of very dry weather and infestations of army worms. Damage from army worms was found to be quite light in most areas and since oats are now close to maturity it is unlikely that heavy damage will occur in this particular crop.

Of the $150 total prize money for the oat field crop competition, $30 is allotted to competitors who show their reclaimed samples at Belleville Fair, Aug. 17 to 20.

An additional $200 in prize money is available to exhibitors of grain and seed.

Grass Fires Keep Firemen 'On the Go'

City firemen have been fairly busy for the past two days extinguishing grass fires in the city.

A large bush and grass fire broke out from the east-end CNR office on Station Street; has been giving the department a busy time since 6.16 p.m. last night the department was called to a grass fire at 312 West Bridge Girl Guide Hall.

Also yesterday afternoon the department was called to the property just south of Wilson Concrete were 4,500 gallons of formaldehyde had been spilt onto the ground. The department was called to light the fumes rising from the spillage. Firemen were called in to the same scene the day before because of the intense fumes.

Obituaries

MRS. GUY WHITE

Mrs. Guy White, of 220 John Street, Belleville, died Thursday, July 30, at Kingston General Hospital, in her 82nd year. She had been ill for about four months.

Born Grace Aletha Wilson in Belleville, she was the daughter of the late Mr. and Mrs. Frank Wilson. She had lived in Belleville all her life.

Mrs. White is survived by her husband, Guy White of Belleville; one daughter, Mrs. Harold (Elsie) Ellis of Ballenridge; three grandchildren, Douglas, Marilyn and Stephen Ellis of Belleville, and four brothers, Raymond Wilson of Hagarsville, Leslie Wilson of Oshawa, Arthur Wilson of Trenton and Ken Wilson of Shannonville.

Resting at the Pinkston and Longcombe Funeral Home, Belleville. Funeral arrangements appear elsewhere in this edition.

WILLIAM JOHN DAMPIER

Trenton

A service was held on Saturday at the Evergreen Funeral Centre for William John Dampier of 25 College St. in Trenton. Mr. Dampier, 80, died at Kingston Hospital.

Rev. Canon Wm. Rupert Raymond Arsenault, John Blakely, Earl Martin and Herman Love, pallbearers. Was in Mount Evergreen Cemetery.

Born at Port Ross, Ontario, Mr. Dampier was the son of Mr. and Mrs. Frank Dampier.

He is survived by his wife, the former Jessie Bowerman; a daughter, Mrs. Arthur (Myrtle) Haiverson of Port Arthur, a sister, Mrs. Wm. (Bertha) Mogg and a brother, Frank, all of Port Arthur and a brother, Charles of Fiyeon River, Ont.

THOMAS BIRRELL

MADOC — The funeral of Thomas Birrell was held on Wednesday afternoon, July 29, from the MacFarland Funeral Home, Madoc, to St. John the Baptist Anglican Church, where service was conducted by Capt. J. H. Thompson.

The funeral was largely attended and there were many beautiful floral tributes.

Fraternal memorial services were held in the funeral home on Tuesday evening; a Masonic service at 8.00 p.m. under the direction of Madoc Lodge A.F. & A.M., No. 45, and at 9.00 p.m. an I.O.O.F. service under the direction of Lodge No. 179, Madoc.

Bearers were: Jesse Reid, Thomas Lloyd, Donald Armstrong, Carl Fitzgerald, Durland Adams and Elmer Chambers.

Interment took place in Glanmire cemetery.

City Approves Debenture Sale

The sale of city debentures in the amount of $1,148,348.06, was approved by council yesterday.

The price to be received for the debentures from Wood-Gundy Ltd. is 96.375 with an interest rate of five and a half per cent over a 20-year period.

The debentures are to raise money for $532,736 worth of local improvements, $77,801 for storm sewers; $18,000 for the Belleville Transit Commission, $270,000 for a new public school and $230,000 for the Public Utilities Commission.

BIG BAKERY

Romania is building its largest bakery at Bucharest where it will produce 150 tons of bread a day.

10 Fires Burn In Tweed Forest District

Ten fires are burning now in the Tweed forest district, and the district fire hazard will remain high over the holiday weekend. The ten fires bring the total to 64 fires, for the month of July, this year (there were 34 fires during July of 1963), and a total of 113 fires for the season. (There were 93 fires through the season to the end of July, 1963.)

Eight of the ten fires now held under control were started by dry heat lightning. Oldest set of fires, started July 23, is a one-half acre fire in Limerick township and a one acre fire in Mayo township. Biggest fire now being controlled is a three-acre fire, started by lightning in North Canonto. Other lighting-caused fires are in Radcliffe, Dungannon, Clarendon, Grimsthorpe and Tudor townships. Campfires left by hikers have started fires in Faraday and in Bangor and South Canonto townships.

The small fire in Abinger township was started by lightning yesterday, and extinguished the same day.

Three Bandits Hold up Bank, Get $100,000

MONTREAL (CP) — Three bandits armed with sub - machine guns held up a suburban Montreal bank branch today and fled with what they escaped with more than $100,000.

Police at headquarters said they had few details on the robbery, but that more than $100,000 "seems to be" what was taken.

Several shots were said to have been fired, but apparently no one was injured.

The bandits struck at the branch of the Toronto-Dominion Bank shortly after cash had been distributed to tellers before opening time.

Police and roadblocks leading from the suburb, in the northeastern section of Montreal Island.

Watch Tower Convention Set For Trenton

Mushrooming overnight at all highway entrances to Trenton, are large purple and green signs welcoming visitors to the main feature of the forthcoming Watch Tower convention.

Convention manager, Laurier Saumur arrived in Trenton yesterday to direct the organizational arrangements preparatory to the convention program slated for August 13 to 16 in the Trenton Community Gardens Arena.

Mr. Saumur said that the four-day assembly was purposely to aid the 35 congregations of Jehovah's Witnesses within a 200 mile radius of Trenton. "However," Mr. Saumur said, "the visitors to the convention program will be open to all persons free of charge."

The 20 highway signs highlight the Sunday afternoon convention theme — "Peace — Among Men of Good Will" or Armageddon — Which?" Mr. Saumur said that the expected convention delegates will exceed 1,500 with some visiting conventioneers coming from such far away places as New York and distant points west. "We doubt," he said, "this will be the largest convention ever held in this vicinity."

Won't Levy Surcharge on Water Bills

TRENTON — A 50 per cent surcharge on water bills, sent out every two months to Trenton users, won't be levied on the expected date, August 1.

And it won't be levied until town council makes up its mind if it's worth $13,480 a year to have the Trenton utilities staff collect $70,000 in sewer service charges.

Council was hesitant with the suggested arrangement whereby the utilities could charge ten per cent of the monies collected.

However, the Ontario Hydro Electric Power Commission doesn't think ten per cent of the bill is enough. The rate for collection should be established by using a percentage of utility operational costs, says the PEPC, and this year, this would be approximately $8,000 more than the original figure agreed upon by the PUC and council.

Council, anxious to maintain the mill rate at 15 mills, wants to pay for services to existing sewers, but not for proposed sewer installations (including the debt for the sewage treatment plant) and the installation of new sewers without reporting to taking the needed funds out of the general tax rate. Then, too, all water and sewer users, tenants included, would pay for the sewers, rather than having the property owner pay the shot. A system operational study, says the PEPC, and this year, this would be approximately $8,000 more than the original figure agreed upon by the PUC and council.

Will Lead Air Rangers To Mexico

TRENTON—Miss Eva Baker, captain-in-charge of the 1st Trenton Air Ranger Flight, has been picked to lead a contingent of 14 Ontario Air Rangers on a two weeks' tour of Mexico.

Miss Baker, who joined the M. G. Griffiths of Toronto and the girls, from points all across Ontario, will leave Malton airport for Mexico City, Aug. 7.

The Rangers and their leaders will spend several days in Mexico City, then travel by bus to Cuernavaca, where the Western Hemisphere Girl Guide and Boy Scout Building is located, and after spending six days in this city, go on to Acapulco and finally back to Mexico City.

Two Trenton Rangers, Linda Howard and Nancy Workman will form part of the group.

Two Injured In Car Crash

TRENTON—A two car accident on Highway 401 five miles west of Trenton early today sent the two drivers to hospital for treatment of minor injuries.

Mrs. Evelyn Bowen of 19 Leonard Street in Trenton was treated at the emergency ward of the Trenton Hospital and John Eric Thompson, the driver of the second car was taken to the RCAF base hospital for medical assistance.

Damage to the two westbound vehicles was estimated at $950. The Brighton OPP investigated.

Hospital Gets Blood Supply From Red Cross

TRENTON—Doctor F. Scarf, the head pathologist at the Trenton Hospital, said this morning that the hospital has received its supply of blood for the civic holiday weekend from the Red Cross in Toronto.

There has been considerable concern in the Toronto area that there will not be enough blood to meet all emergency cases this coming weekend. This condition raised some fears in Trenton that the blood supply for the Trenton hospital would not be as large as requested. However, Dr. Scarf reported that the blood was sent "quickly and efficiently" as soon as it was requested.

DRAMA FESTIVAL

Canada's Dominion Drama Festival was inaugurated with performances in the Little

Public School Sketch Plans Are Completed

TRENTON—Sketch plans for the $90,000 addition to North Trenton Public School have been completed, and will be sent this week to the Department of Education, at Toronto by School Inspector C. E. McMullen.

Once department approval is forthcoming, the Ontario Municipal Board will be asked by the town to approve debenture sale to cover the cost.

Originally, it had been hoped the addition would be ready for use by this fall, but target date has been extended to the first of next year.

Shots

armored car, the spokesman said.

BEN STOPPED

The spokesman said a British sergeant and two of his men arrived near the docks area where they approached a Greek-Cypriot policeman. He demanded they leave because "we don't want any British."

The British refused to leave and at one point a Greek policeman tried to pull the sergeant from the vehicle. The sergeant pushed Lao from the north-south highway. Shortly the country-side capitals and from a good part of the east-west road to the Plains de Larnaca.

Neutralist Premier Souvanna Phouma's government said a joint offensive by neutralist and rightist battalions, supported by the rightist air force, cleared the north-south Route 13 running from Luang Prabang, the royal capital, 40 miles southward to Vientiane, the administrative capital.

The government said the offensive, launched last Saturday after three weeks of secret preparation, also opened the east-west route from its junction with Route 13 east to Muong Soui, the neutralist foothold on the fringe of the Plaine des Jarres. The Communists drove the neutralists from the plain in May.

Laotian Foes Of Reds Claim Major Success

VIENTIANE (AP) — Anti-Communist Laotian forces Thursday night claimed their biggest success in nine. They reported they had driven the Pathet Lao from the north-south highway 13 across the country's five capitals and from a good part of the east-west road to the Plains des Jarres.

Neutralist Premier Souvanna Phouma's government said a joint offensive by neutralist and rightist battalions, supported by the rightist air force, cleared the north-south Route 13 running from Luang Prabang, the royal capital, 40 miles southward to Vientiane, the administrative capital.

The government said the offensive, launched last Saturday after three weeks of secret preparation, also opened the east-west route from its junction with Route 13 east to Muong Soui, the neutralist foothold on the fringe of the Plaine des Jarres. The Communists drove the neutralists from the plain in May.

Goldwater's Sons Fear For His Safety

HONOLULU (AP)—The sons of Senator Barry Goldwater say his family fears an assassination on the life of the Republican presidential nominee.

Barry Jr., 25, and Mike, 24, said Thursday at the end of a vacation here that security measures have been taken to protect their father.

Barry Jr. said there are some "rapid and venomous people" dedicating themselves to defeating the senator. The inability of some people to be objective about Goldwater's candidacy makes the senator's position dangerous, he added.

DEATHS

WHITE, Grace Aletha — At the Kingston General Hospital on Thursday, July 30, 1964, Grace Aletha Wilson, wife of Guy White, aged 82 years, mother of Mrs. Harold (Elsie) Ellis, of Ballenridge, in her 82nd year.

Resting at the Pinkston and Longcombe Funeral Home, 301 Victoria Avenue, at Church Street. Service in the chapel on Saturday, August 1, at 2 p.m. Reverend Everett Hall officiating.

Interment Belleville Cemetery.

IN MEMORIAM

THOMPSON, Fred — In loving memory of a dear father who passed away July 31, 1960.

God knew best but we suffered,
That the bills were hard to climb,
So He closed the wages' wrinkle,
And whispered "Peace by Thine."

—Ever remembered and sadly missed by his wife Vena and family.

THOMPSON — In loving memory of my dear son Bill Thompson who passed away July 31, 1960. It broke my heart to lose you,
But you did what you chose.
For part of me went with you,
The day God took you home.
Sadly missed by mother and sister Frances.

Cannot Bar Anyone From Shopping Plaza

OAKVILLE (CP) — Magistrate Kenneth Langdon ruled Thursday a person cannot be convicted of trespassing on a shopping plaza under the Petty Trespass Act.

Magistrate Langdon dismissed the charge against Terrance Page, 18, of Oakville, of trespassing on Hopedale Plaza. The plaza owners said they had warned Page to stay away from the area.

The magistrate said the Petty Trespass Act was enacted to keep persons from unlawfully trespassing on private property, but in the case of a commercial place, there was an invitation to the public from the plaza shops to visit them.

The case had been remanded for written argument after the Magistrate said he felt that barring someone from a public plaza might be contrary to the Bill of Rights.

Page was acquitted of a similar charge last fall, but a court order prohibiting the youth from going to the plaza was obtained, the magistrate said.

Vandalism prompted store owners to seek the barring of a number of youths from the area.

Sunny Weather Over Holiday

TORONTO (CP) — A gradual warming trend is forecast for the holiday weekend in southern Ontario, displacing the current low temperatures in most of the forecast region.

The weather office also reported today that eastern sections of the province should have sunny weather during the next three days, but cloud will spread into northern areas.

Pinned Beneath Tree, Boy, 8, Has Broken Leg

An eight-year-old boy was pinned under a 64-foot elm tree yesterday when it collapsed in front of his home.

Thomas Joseph Rashotte, son of Mr. and Mrs. J. C. (Casey) Rashotte, 526 Dundas Street West, received a broken leg in the accident.

The tree was believed to have rotted from Dutch elm disease.

Free Clothes Given Topless Suit Winner

TORONTO (CP)—Mrs. John Roe, a 27-year-old Toronto mother of three, won a half hour of free clothes shopping Thursday by entering a store in a home-made topless bathing suit.

The contest, under which the first woman who entered the store in a topless bathing suit was awarded the free shopping, was sponsored by a local retail discount store.

Mrs. Roe, separated from her husband, was turned away from the first time she entered because she had on shorts instead of a bathing suit. She also wore two tinies on top.

After making a topless bathing suit on her sewing machine, she returned and picked up about $130 worth of free clothes for her children.

Will Ask Board To Consider Request

The city parks board is to be again asked to consider a request to open Sidney Street through the Exhibition.

Yesterday council approved a recommendation from Ald. Ross Donaldson for the Parks Board to consider such a request.

He said he felt that a road opened through the fairgrounds would help materially to relieve traffic congestion there.

And he didn't think that closing the street for the five days the C.N.E. is in full swing would cause any hardship.

"I have talked to many people and no one has been opposed," he said.

But Alderman Bill Jarvah took a different view. He said he was surprised there should be any suggestion to take over one of the few parks in and run a road through it.

"I don't see what there would be to gain as there is no large amount of through traffic on Sidney Street.

Alderman Joss, chairman of the Parks Board, said the comments would be noted and the request considered at the next board meeting.

Opening of Sidney Street through the fairgrounds has been a topic of discussion in city council for two decades and also was recommended in the city traffic survey report a number of years ago.

Calling Tenders Principle up Before Council

The principle of calling tenders again came up for discussion yesterday in city council.

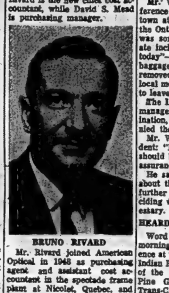
This time the topic of discussion was regarding a tender call for construction of two new sections of road, one an extension to Bridge Street, East and the other on Union Street in Hillcrest area.

The city engineer originally estimated at about $17,000 and then some time before tenders were opened revised the estimate to $12,785.

Lightfoot Construction tendered to do the two jobs at $15,412 and there was a recommendation before council yesterday to award the contract to Lightfoot.

But in view of the engineer's revised estimate the works committee felt the city works department should do the job.

The Lightfoot tender was turned down and the recommendation for public works to do the job was referred back.



Mayor Jack Ellis said he thought the job should go to Lightfoot stating that public works was not in competition with bonafide contractors.

And one councillor wondered why tenders had been called in the first place if the works department was prepared to do the job.

Appointments Are Made by Optical Firm

The American Optical Company of Belleville has announced two new appointments filling the positions of chief cost accountant and that of purchasing agent and assistant cost accountant in the specialty frame plant at Nicolet, Quebec, and in 1966 became cost accountant responsible for all matters pertaining to cost and inventories at the Nicolet plant. He will now be responsible for the complete costing progam of the company.

Mr. Rivard and his family are now living in the city.

BRUNO RIVARD

Mr. Rivard joined American Optical in 1948 as purchasing agent and assistant cost accountant in the specialty frame plant at Nicolet, Quebec, and in 1966 became cost accountant responsible for all matters pertaining to cost and inventories at the Nicolet plant. He will now be responsible for the complete costing progam of the company.

Mr. Rivard and his family are now living in the city.

DAVID S. MEAD

Mr. Mead will be responsible for all outside vendor purchasing in Belleville and also the co-ordination of purchasing functions in the company's branches at the Nicolet, Que. plant.

He will continue to be responsible for expediting certain exports and imports of American Optical products throughout the world.

Mr. Mead joined the company in 1961 as assistant to the sales manager, followed by assistant to the warehouse manager and special assignments.

Mr. and Mrs. Mead and family reside on their farm at R.R. 1 Halloway.

UNPRODUCTIVE TIME

WELLINGTON (CP) — Less than 50 per cent of the paid hours of longshoremen in New Zealand are spent in productive work, the annual report of the Waterfront Industry Commission states. The report says the percentage of unproductive time is increasing.

30 Indians Say Soo Motel Ousted Them From Rooms

SAULT STE. MARIE, Ont. (CP) — Ontario Attorney-General Arthur Wishart pledged Thursday night to investigate a case of alleged discrimination against Indians here for the annual conference of the National Indian Council.

Mr. Wishart, addressing conference delegates in his home town at a banquet provided by the Ontario government, said he was sorry about "an unfortunate incident that occurred here today"—an incident in which the baggage of about 30 Indians was removed from their rooms at a local motel and they were asked to leave.

The Indians accused the hotel management of racial discrimination, but the proprietor denied the charge.

Mr. Wishart said of the incident: "I shall find out what should be done. I give you that assurance."

He said he had just heard about the case and would seek further information before deciding what action may be necessary.

HEARD ABOUT BAGS

Word was received during the morning session of the conference at the nearby Garden River Indian Reserve that the baggage of the Indians, staying at the Pine Grove Motel along the Trans-Canada Highway, was being removed and placed on the sidewalk unattended.

The wife of motel owner Sidney J. Hilderley told reporters the Indian occupants of 10 of the 30-unit motel were also asked to leave on the grounds of overcrowding and drinking.

"It is perfectly legal to give you notice," she said, "We need the rooms."

Late Thursday, Mr. Hilderley insisted the Indians had not been evicted. "Their rooms were emptied of baggage so they could be cleaned," he said.

Questioned about the wife's statement that the Indians were being asked to leave, Mr. Hilderley said: "I don't know of anything about what my wife said."

DENIED DISCRIMINATION

Confronted by Council President William Wuttunee of Calgary and other Indian officials, Mr. Hilderley denied charges of discrimination.

"If we were discriminating against them we would not have let them stay here in the first place," he said.

He said he had told the Indians they could return and reregister during the afternoon but none had.

Chief Wilfred Bellegarde of Goodeve, Sask., one of the former occupants of the motel, commented: "I would sleep out there on the white line of the highway before I would sleep here again."

USED AS ATTRACTIONS'

Jean Cutland, executive director of the Winnipeg Indian Metis Friendship Centre, said the proprietors "used us as tourist attractions". Wednesday when most of the Indians were dressed in native costumes for a ceremony.

She said American tourists who stopped at the motel asked what sights there were to see were told by the proprietors to look at the Indians staying in the motel.

Mr. Hilderley said cleaners had been unable to get into the rooms to clean them since the arrival of the Indians earlier this week. A former occupant from Fort William denied this charge, however, saying that her room had been cleaned daily without trouble.

Would Buy Dept. Property

The city of Belleville is interested in land purchases along 401 highway, in both the northeast and northwest parts of the city.

Yesterday council passed a finance committee recommendation to advise the Ontario Department of Highways that it is interested in purchasing departments owned land for municipal purposes.

Mayor Ellis said one of the properties was a 40-acre tract of land adjoining the industrial area in the northeast part of the city and the other was west of Sidney street and south of 401 highway.

Fire Damages Bayside Barn

City firemen were called to a barn fire at Bayside said to have been owned by the late Burton Hodgson.

Damage to the barn was light. It is believed the fire may have been started by children playing with matches.

One pumper was sent to the scene. The barn was empty.

Feels Bridge Becoming Unsafe For Traffic

Is College Street Bridge rapidly deteriorating to the point that it might soon become unsafe for traffic?

Alderman Jack Allin feels this is correct and says there is a contractor's report at city hall to this effect.

City manager J. R. Reynolds told council a report from a contractor had been received and had been turned over to the city engineer.

But Ald. Allin wanted to know why the report was not before yesterday's special meeting of council.

He said that College Street bridge was rapidly deteriorating because of the corrosive action of salt and calcium chloride and wondered if something should not be done in advance the proposed construction of a new bridge.

Mayor Jack Ellis said the College Street bridge was in good shape four years ago, according to a report received at that time.

Council Accepts Contract of Crawford Metals

The tender of Crawford Metals for the demolition of the Thompson and Doyle dwellings on Pinnacle Street was accepted yesterday by city council. The amount of the tender was $1,445.

The Crawford Metal tender was the lowest of three received for removal of the two dwellings.

The intention is to use the two Pinnacle Street properties for municipal parking.

POPULAR FACE

Giovannantina Badessi invented the popular type face that bears his name more than 1200 years ago.

Decide to Lift Restriction On Using Welfare Vouchers

City Hall has been discriminating against a small percentage of city welfare recipients and yesterday at a special meeting council acted to rectify the matter.

Ninety three per cent of payments made by welfare recipients in the city are paid by check and these may be cashed anywhere but the other seven per cent are made by vouchers and these can be honored only in the city.

Yesterday council approved a recommendation for vouchers issued by the city to be negotiable anywhere within the counties of Hastings or Prince Edward.

Two months ago a similar recommendation was turned down by council.

At the time, however, it appears that councillors were unaware that over 90 per cent of welfare payments were being made by checks which could be cashed anywhere.

City Manager J. R. Reynolds noted that 90 per cent of welfare was paid by the province and neighboring municipalities made no restriction as to where relief vouchers were cashed."

Making city vouchers negotiable anywhere would be a reciprocal arrangement, he said.

ROSES PRESENTED

BATH England (CP) — Arab robes and headgear once worn by Lawrence of Arabia have been presented to the city Museum of Costume here by Dr. Montagu Lawrence, brother of the First World War desert campaigner.

McEachen Wants Trustees To Testify

OTTAWA (CP) — Labor Minister MacEachen said Thursday he has added his voice to pressure from Conservative MPs for an appearance before a parliamentary committee of the federal maritime union trustees.

He said in the Commons in reply to Opposition Leader Diefenbaker that following Conservative demands Monday he met Mr. Justice Victor Dryer, chairman of the trustees, here Tuesday.

He said he added his request to that of the MP's that the trustees give an accounting of their administration of the Seafarers' International Union of Canada Ind.

Mr. MacEachen said he is quite hopeful a satisfactory arrangement can be worked out but Mr. Justice Dryer first wanted to consult the other two trustees for their reacion.

The Watchman

Some constituencies are fortunate in the calibre of the men they send to Parliament.

Port Arthur is one of them.

One of the giants of the House of Commons, in the peak of Liberal power, was Clarence Decatur Howe.

It was Howe, as much as any one man, who brought the Liberal temple tumbling down in ruins, a result of his arrogance during the debate on the Trans-Canada Pipe Line. But, make no mistake about it, Howe was not arrogant without reason—he was a great man who probably did more than any other individual to transform Canada from a small nation struggling to improve an agricultural economy into a young industrial giant flexing its muscles for the tasks to come. He was a man of vision, irritated because others would not always share in his optimism and doubly irritable because sometimes men of lesser talents saw the near pitfalls which he overlooked.

When, in 1957, Hon. C. D. Howe, statesman and nation builder, was defeated by a young schoolteacher named Douglas Fisher, it was the biggest upset since the day when another schoolteacher, Joseph Nosworthy, had defeated exprime minister Arthur Meighen in a byelection in York South.

Indeed, there were those who suggested that Howe's defeat was a planned revenge, that Conservatives had voted for the CCF Fisher as earlier Liberals had voted for the CCF Noseworthy.

Events, though, have made this tale look more flimsy. Noseworthy was a lovable soul whom one could picture gathering his students at the leaning over the back fence chatting to their parents. Fisher is cut from different cloth, a big man growing bigger, a man whose mind more than matches the dimensions of his bulky body, restless, enquiring, sarcastic, deadly, a man who may yet one day stand as an equal of the giant he defeated seven years ago.

Not that he is ever likely to build as Howe built, but they are two who stand on guard.

Monday, in the House, Fisher proved his right to be ranked amongst the great watchmen. He turned on an old friend and party colleague, Charles Millard—not out of any fit of temper but for a principle he valued more highly than politics.

"I actually recommended privately to the minister of labor last fall that he choose Charles Millard as one of the trustees of the Seafarers International Union," Fisher told the House.

"I feel a little stupid about this," he confessed.

In Fisher's opinion, Millard is not doing the job Parliament expected of him. So, ruthlessly, Fisher cuts him down. His criticism meant much more than the harshest words of Millard's political foes. For Fisher was taking on his own shoulders part of the blame.

It is just possible, of course, that Fisher is wrong and Millard right. But that does not alter the fact that Fisher's criticism is in the true tradition of great parliamentarians.

Port Arthur has been fortunate in the calibre of men who have represented her in the Commons. In one sense, Fisher is Howe's godchild. Great politicians breed great rivals; the mediocre is good enough to defeat the weak.

He Who Laughs Last

The other night Pearl Bailey, appearing on the Tonight Show, announced she had been writing her "philosophies."

We do not know whether these gems will prove her the world's first woman philosopher of the first rank, but we do know that in a few brief minutes on television she was able to prove the freshness of the term of old adages.

"Diew know, among all those philosophers, Plato and Aristotle and all the rest, there is not a single solitary woman?" said Pearlie. "And do you know why? I say that a woman can talk more wisdom in ten days than a man can think in ten years. (Applause.) That's the woman who is laughing, but they ain't heard the rest. Do you know why there's no women philosophers? Because they won't stop talking wisdom long enough to write any of it down. That's why."

He who laughs last - - - -

A saying that comes in useful when we are inclined to talk about other people unpleasantly is. "Two things are bad for the heart—running upstairs and running down people."—C. A. Joyce, British headmaster.

Mr. K Scrap These Barriers

By Marvin James in the New Statesman

From an open letter to Mr. Nikita Khrushchev:

"Peaceful co-existence" is a phrase that we have often heard from you; and most of us are ready to believe that you attach to it a meaning which is precisely what it says. But, in case there is any doubt, may I point out that one important obstacle to it is the existence of barriers between countries whose governments are on hostile terms. These barriers were designed originally to keep your predecessor, whose plain aim was to restrict international co-operation. The question now is, whether the logic of your declared attitude does not point to their removal.

• • •

To begin with, books. The number and range of Western books obtainable in Russia has grown. That is fine. But has to be approved and printed in Russia, either in translation — which is natural — or in the English by the State Publishing House for Foreign Languages—which is a needlessly curious and wasteful procedure.

Would it really do any harm if your bookshops were open to import and sell books printed abroad? Or if a Russian were allowed to order a book from a London shop, sending a money order by post?

It couldn't make all that difference to your currency reserves if he could order a good deal of difference to some of your citizens who feel no overwhelming desire to participate in the free interchange of literature.

• • •

The same goes for newspapers and periodicals. In the days when it was impossible for a Russian to get a look at the New Statesman, one could at least see the point.

But many Russians have access to it now, either in the special libraries, which issue permits freely, or by getting copies from tourists or foreign resident in Moscow. If it were sold at the Moscow kiosks, would any discernible harm be done?

The whole business of contacts between Russians and foreigners is, at this point in time, hard to fathom.

Lots of Russians freely approach foreigners and hold discussions with them. Others are evidently afraid to, whether with good reason or not I do not really know. Some make appointments with great enthusiasm and fail to turn up, and the presumption is that they've been warned off.

It looks as if some of your plain - clothes chicks are carrying on as in Stalin's time in this respect, and you don't like to talk about it. Well, how about a simple declaration on your part (copies to be circulated to all militia and drushchilli stations) that talking to foreigners is now OK?

• • •

The Soviet Union now grants visas almost automatically, and probably refuses fewer than the United States. But all the applications have to go to Moscow, so that the visa is never granted in under a week and often takes much longer, arriving in the provinces when the plane is due to leave. Surely you can trust your consular staff more than that.

Then, even the individual visitor still has to submit an itinerary, which he has been going to be every night, and pay in advance before he can get a visa. If he does stick to his itinerary, he will be in trouble.

So it really isn't a crime to find that you have to travel with Kiev and want to move on, or that you like Odessa and feel like staying longer.

• • •

The system of payment in advance, with the annoying little coupons to be used for bed and meals, means that the visitor has to stay at an Intourist hotel — which he may not choose — and always eat in the hotel restaurant. If he goes elsewhere he pays for two meals when he eats one.

We also like to pay the usual charges, and we notice that people who pay with money in Russians and authors spending their Russian royalties pay less.

I remember staying the night when I was specially on a visa to a Russian to get a look at the New Statesman;

Toronto Stocks

TORONTO (CP) — Prices of speculative mining issues crashed on the stock market in the morning part of the session today.

Windfall Mines and Oils issued an assay report which showed that no commercial ore values had been discovered on its property in Prosser Township near Timmins. On rumors of great results from this drill hole Windfall had climbed from 39 cents to a high of $5.80. It had also buoyed other Timmins area speculative stocks.

When Windfall fell so did many other speculative issues.

The opening of Windfall was delayed to 10:34 a.m. and it opened at 80 cents, off from $4.15. Bargain hunters moved in and the stock moved to $1. In the first hour it traded 730,000 shares.

National Exploration was down 14 cents to 29. It had opened at 13 cents. Geeco and Glenn were down six cents at 37 and 28 cents. PCE Explorations opened at 23 cents and climbed to 40 cents for a 15-cent loss. The list of losers was long and the paper profits of many speculators went down the drain in a hurry.

Raglan Nickel, which has a nickel-copper property in the Rouyn district of Quebec, opened at $2, off 60 cents, but recovered to $2.70. Canadian Dyno, its largest shareholder, slipped 18 cents to $1.82.

INDUSTRIALS UP

Meanwhile industrials were stronger behind an actively higher banks group. Montreal was ahead ¼ to 69, Nova Scotia ¼ to 7294 and Royal ¼ to 78½, all 1964 highs.

Golds were lower with Dickenson off 15 cents to $4.75.

In western oils, Home A was ahead ¼ to 1294.

Volume at 11 a.m. was 3,002,000 shares compared with 1,121,000 at the same time Thursday.

On index, industrials were ahead .13 to 150.39, western oils .33 to 97.96 and the Exchange index .12 to 140.13. Golds were down .88 to 135.34 and base golds .56 to 94.38.

On Thursday — hours before Windfall's assay report was issued — shares of the stock spurted $1.05 to $4.15. Other Timmins-area stocks also got a shot in the arm.

This was the situation at Thursday's close:

PCE Explorations was ahead 6½ cents to 62, Goldfields 40 cents to 97, National Exploration five cents to 43 and Gulf two cents to 33.

Raglan, which has a property in the Rouyn district of Quebec was down six cents to $2.85. Canadian Dyno which owns

authority for August and September.

Conservative sources said they plan to keep the money debate rolling today and all or next week. It began Monday. The net effect is to push back the re-assumption of the sertimentous debate on the government resolution for a maple leaf flag.

"I wonder how much this picayune inquiry cost the Canadian people," Mr. McIntosh said.

"I contend that it was not a judicial report, but a political report. I am surprised that any Judge, in view of the political overtones of an inquiry of this sort, would jeopardize the independence of the judiciary by acting as a judge in this connection if not for some reason as yet unexplained.

"My immediate reaction to the commissioner's conclusion can be summed up in the Latin phrase, 'suppressio veri et suggestio falsi' — which means, suppression of the truth and suggestion of the false."

MAKES POINTS

Mr. McIntosh said:

1. The report has a pro-Liberal slant because Judge Pope was a defeated Liberal candidate in Moose Jaw-Lake Centre and the two counsel to the inquiry are prominent Liberal lawyers.

2. The testimony of 103 farmers at the inquiry did not turn up any evidence of irregularities.

3. Mr. Walker was dismissed merely because he is a "supporter of the Tory party" at the instigation of an agriculture department official, W. R. Bird.

4. Mr. Bird should have been called to testify at the inquiry but was not for some unexplained reason.

5. PFAA is required by law to make compensation payments in December of each year, but the 1,000 cheques in question have been held up for three or four months by some federal official for political reasons.

6. The MP was only doing his duty as an elected representative in asking PFAA to issue the delayed cheques.

WAS ALARMED

Mr. McIntosh accused the judge of making "very misleading" statements in his report about the evidence presented at the inquiry. He was alarmed at some of three statements, especially one to the effect that PFAA inspectors did not try to get accurate information from farmers.

These inspectors were honest men, as the evidence had shown, and the statement by Judge Pope was an affront to his profession.

"Had the commissioner delivered these conclusions in his capacity as judge prior to accepting the commission, I would have taken action in this House to have him removed from that position.

NO RECOURSE

"It is too bad that we have not some recourse within our parliamentary system would enable a person like that, to use an actor's phrase, to be brought on the carpet."

John Turner (L — Montreal St. Lawrence-St. George) accused Mr. McIntosh of making unparliamentary remarks about a judge. Joe Macaluso (L—Hamilton West) interjected angrily.

"Why doesn't the honorable member face him and tell him, instead of coming into this chamber and making low aspersions against the judge?"

"If Mr. Turner had acted in the manner a judge should act, I would not be making these remarks," Mr. McIntosh shot back.

IS DEPORTED

TORONTO (CP) — Ens Lima Carmo, a Brazilian journalist and poet, sponsorded at Windsor, Ont., Tuesday while on a flight from Mexico City to East Germany, was deported to Mexico Thursday. Harry Anufield, immigration inspector in Windsor, said Mrs. Carmo was taken off a Canadian Pacific Airlines flight because her papers were not in order.

Weekly Livestock Review

TORONTO (CP) — Trading opened slowly on a fair demand of steady prices and closed mostly at strong to higher prices on all classes and grades of slaughter cattle at the Ontario public stockyards this week.

Replacement cattle were in moderately narrow demand with the limited country centred on the good quality. Plain kinds were at a standstill.

Veal calf prices were strong on light supplies of good and choice grades and steady on lower grades. Hog prices were lower and lamb prices were sharply lower.

Cattle receipts were estimated at about 6,400 head, about 600 head more than last week and 700 head fewer than in same week in 1963. Western cattle receipts totalled 634 head, a decrease under last week of 302 head. Several loads of slaughter cattle were included in the Western receipts. Western stock cattle receipts numbered 49 head as compared to 319 head last week. There were no shipments to Eastern Canada. Shipments were nor exports off the market to U.S. feedlots totalled 234.

Slaughter cattle: Choice steers sold at $24-24.50 with sales to 25.00 and a few fancy steers to 25.90; good 22.50-23.50; medium 20-22; common 18-19; choice heifers 22-23.50 with odd tops to 25; good 20-21; medium 18-19.50; common 15-17; choice cows 17-18; canners and cutters 10-11.50; good heavy bologna bulls 18-19; common and medium 15-17.

Replacement cattle: Good stockers 23-24 with good steer calves to 27; common 20; common and medium 16-21.

Calves: Choice vealers 27-28 with odd singles to 31.50; good 24-26; medium 21-23; common and bobbers 16-18.

Hogs: Grade A 28.25-28.35; heavy sows 19.05-20.45 with light sows to 21.50; boars nominal; stags 16.25 on a dressed weight basis.

Sheep and lambs: Lambs 22-26.50 per hundredweight with good lambs clearing at 22; shorn 5-10 according to quality.

MAKES STOP

MONTREAL (CP) — George Pompidou, prime minister of France, and his wife, Thursday night. Mr. Pompidou's flight via Scottish airliner Caledonian stopped here for refuelling at 7:35 p.m. He was on his way from the Azores to Paris from French atom testing site in the Society Islands, to Paris. Those meeting him included Justice Minister Favreau.

Crown Lawyer Resigns Post After Charges

BLIND RIVER, Ont. (CP) — William Regan, assistant Crown attorney here who was recently charged with assault causing bodily harm in connection with an incident at a party June 7, has resigned his post.

Crown Attorney Richard Sheeny of Sault Ste. Marie, Ont., announced in court Thursday that the resignation, which was tendered some time ago, has been accepted.

Regan was charged Wednesday with assault causing bodily harm along with Corporal George Allen of the provincial police Timmins detachment. Detectives David Hinsey and N. Lefurgey of the Metropolitan Toronto police force were charged with common assault in connection with the same incident.

Mr. and Mrs. Harold Eastman of Blind River, who laid the charges, said they were in hospital for two days after the assault of injuries suffered in a scuffle at the party in Regan's home on Lake Huron shore just east of Sault Ste. Marie.

Mr. Eastman, 43, and his wife, the former Norma Pullin, 32, were not married at the time of the alleged assault.

The Toronto detectives were in Blind River to return a prisoner to Toronto and Regan and Allen was serving with the Blind River OPP detachment at the time.

The men are scheduled to appear in Blind River magistrate's court August 13.

Big Civic Holiday Parade To Be Centennial Highlight

NAPANEE — A big parade will highlight Civic Day, August 3, the third day of centennial celebrations in Napanee, Lennox and Addington.

Floats mingles with fiction and rumors as the parade chairman Bill Morris of Napanee the size of the parade, but news filtering in points to the biggest parade ever held in the county town.

Five bands will start the parade off smartly at ten o'clock in the morning, and lead the assortment of floats, vintage cars, bicycles, ponies, horses, donkeys, oxen. Covered wagons and majorettes, steam engines and paper mache figures, real flowers and fake flowers decorating the assorted entries will move south on York Street from the fair ground to Dundas Street, east on Dundas to Adelaide, south on Adelaide to Bridge, west on Bridge to John, south on John to Market Square, then west to Yellow Centre Street to Thomas, and move back on Thomas to the Fair Grounds.

SEVERAL BANDS

Napanee town band has reorganized for the Centennial and will marshal the parade in the smart red uniforms purchased for them some years ago.

Two Belleville bands, the Hasty Pees and the Pipe Band, the Limestone Grenadiers and the Picton Cadet Band will march in the parade.

Always popular are Mary Brown's baton twirlers. They have led the caravans in their bands in various places in the county and will lead the mammoth parade as it tours the town.

The third annual Old Fashioned Bargain Days in Napanee, which brings merchandise out on the sidewalks, and puts merchants and their clerks in top hats, trailing gowns, bonnets, bustles and hoop skirts will begin on Tuesday, August 4, continue on Wednesday, and at the discretion of the merchants, perhaps through the rest of Centennial Week.

This event has evoked much interest in the two previous years it has been held, and caused tourists and residents as well to stop and rub their eyes at the sights they see on the streets.

The tourists like the bargains and we do not blame them, people but most of all they like the novel sidewalk bargain bargains, the costumes and the parades.

let's talk "cents" about entertaining!

Nearly everybody likes to entertain. And everybody wants to be considered a good host or hostess.

Problem is that a family income budgeted for mortgage, car payments, insurance and other fixed expenses won't stand big entertainment bills. It doesn't make economic sense.

So what to do —when you know that among your guests some prefer gin, others rye, vodka, rum, sherry or beer—and your budget won't stand such an assortment?

Here's the solution that will delight everyone—and keep your entertainment cost at a minimum—

Buy just one liquor: A special brand of extra light rum. Its name: TROPICANA. Made by Woods, who have been distilling fine rum for over 75 years . . . And what's special about TROPICANA?

It's so versatile, it's practically a *one-brand bar!* Besides being a superior light rum by itself, your guests will enjoy it in any rum drink imaginable.

It makes delightful versions of almost any drink you can name! Just try TROPICANA with three or four quite different mixes. You'll realize you're on to something good!

Tropi-cola, for instance! Lots of people have already discovered Tropi-cola. They will be delighted with your Tropicana and Ginger, Tropicana and Tonic, Tropicana and Bitter Lemon, or what will you have!

"A refreshing change" . . . "a delightful idea" . . . "mighty satisfy'ig" . . . With TROPICANA, your reputation is established . . . and your budget saved!

Readers' Friday Column

by Mary Moore

QUESTION:

I would like a recipe for chewy coconut macaroons with fine coconut. What I make is made of egg whites — more of a puff . . . Violet P.

ANSWER:

The following may be what you want. It was given here in December /62 and has proved so popular I decided to repeat it when your request arrived. If you want yours real chewy add 2 cups shredded coconut, instead of the 1¼ cups listed in the recipe.

about 2 minutes. Remove from heat. Fold in the cocoanut and vanilla. Cover cookie sheets with ungreased cookery parchment and drop meringue mixture in 1" mounds from teaspoon dipped in water, 1 to 1½" apart. (If desired top each with a tiny piece of red or green candied cherry.) Bake at 325 deg. Fahr. for 15 to 17 minutes, turning pan around after first 10 minutes. They should be tinged with gold all over. Remove from paper at once. Makes 36.

Or the following are other choices.

COCOANUT MACAROONS:

½ cup sweetened condensed milk (not evaporated), 2 cups shredded cocoanut, 1 teaspoon vanilla (optional).

Mix sweetened condensed milk and shredded cocoanut together. Add vanilla, if desired. Drop by spoonfuls on a well-buttered pan, about 1" apart. Bake at 350 deg. Fahr. until a delicate brown. Remove from pan at once. Makes 2 dozen.

Note: Two stiffly-beaten egg whites may be folded into mixture just before placing on pan.

Variations: 1) Blend one cup crushed pineapple which has been thoroughly drained and a few grains of salt into the cocoanut mixture, omitting vanilla. 2) Blend one cup well-drained, quartered maraschino cherries into the macaroon mixture. 3) Blend one cup chopped pecans into macaroon mixture.

FRIDAY

Dinner Menu

Baked Fish Fillets with Cheese Sauce Topping; Parsleyed Rice; Broiled Tomato Halves; Relish Tray: Celery Hearts, Pickled Beets, Gherkins; Fresh Cherry Cobbler (see Tuesday); Coffee.

MRS. MILLER'S STICK-PROOF MACAROONS:

2 egg whites, 1 cup sugar, 2 tablespoons cornstarch, 1¼ cups shredded cocoanut, 1 tea spoons vanilla.

Stand top of double boiler on counter or table and into it put the egg whites. Beat until stiff. Mix the sugar and cornstarch and sprinkle over egg whites and stir in. Stir over boiling water until meringue coats sides of pan—

Mother's Birthday Marked by Family

Mrs. Arthur Galbraith was the guest of honor at a birthday party arranged as a surprise by her seven children, and their respective husbands and wives: Mr. and Mrs. Roland Belanger (Rosemary), Belleville; Mr. and Mrs. R. Jakes (Greta), Burlington; Mr. and Mrs. Douglas Hanson (Kathleen), Stirling; Mr. and Mrs. Tom Belnap (Nadine), Belleville; Mr. and Mrs. Clarke Akey (Lois), Point Anne; Mr. and Mrs. Bill Galbraith, Oshawa, and Mr. and Mrs. Joe Galbraith.

Mrs. Galbraith was completely surprised as she was not aware that her family had gathered in Belleville. She had just returned from a week's vacation at Carrying Place, and expected to visit friends at West Lake that evening. She was taken to the Kinsmen swimming pool where her family awaited her.

Many close friends from Club Camara and the Army, Navy and Air Force Ladies' Auxiliary were present to extend their good wishes: Mr. and Mrs. John Bromley, Mr. and Mrs. Bill Starnes, Mr. and Mrs. Jack Fitzgerald, Mr. and Mrs. Tom Brazier, Mrs. Mary Campbell, Mrs. E. Lundberg, Mrs. Agnes Brownlee, Mr. and Mrs. Lewis Kline, Mr. and Mrs. Wilfred Gannon of Newbury and Mrs. Willis Galbraith, Toronto.

After the guests had enjoyed swimming and visiting, a delightful lunch was served, accompanied by a birthday cake with candles.

SOCIAL and PERSONAL

ENGAGEMENT NOTICE

Mr. and Mrs. John Beverly Cunningham of Belleville announce the engagement of their daughter Kathryn Louise to Mr. Ronald Boyd Roberts, son of Dr. and Mrs. Earl Boyd Roberts of Victoria, British Columbia. The marriage will take place on Saturday, September 5th, 1964, at eleven o'clock, at St. Margaret's-by-the-Hill Anglican Church, Belleville, Ontario.

ENGAGEMENT NOTICE

Mr. and Mrs. W. J. Slavin announce the engagement of their daughter, Dorothy Ruth, to Mr. Richard Lee, son of Mr. and Mrs. A. K. Laing, Ottawa. The wedding to take place August 29th, 1964, at Tabernacle United Church.

ENGAGEMENT NOTICE

Mr. and Mrs. William Salter of Belleville announce the engagement of their daughter, Judith Ann, to Donald A. Leard, son of Mr. and Mrs. A. LeDrew of Sydney, Nova Scotia. The wedding to take place at Trenton on Saturday, August 22 at 1 p.m.

Mrs. Herbert Benn, Octavia Street is a patient in the Belleville General Hospital.

Mr. and Mrs. I Stephenson received word of the safe arrival of their daughter Jeane in England. She left by air Wednesday evening and will spend a month's holiday there.

SPEAKING OF MANNERS

BY PATRICIA LEWIS

WHAT'S YOUR E. Q.?

Are you a courteous shopper? In the heat of summer, good manners often are neglected in the rush to get shopping over with so you can get to the beach or an air-conditioned restaurant. Whether you're in the supermarket or a department store, do you:

1. Wait your turn for the elevator or a step on the escalator?

2. Stay out of the centre of the aisle while you decide what to purchase, so others may pass?

3. Watch where you're going, so you won't bang into other shoppers?

4. Wait until the sales clerk has time for you, instead of demanding his attention while she's waiting on someone else?

5. Stand off to the side when talking with a friend, so you won't block shopping aisles?

6. Patiently wait until another shopper is through looking at merchandise, instead of reaching or grabbing in front of him? through the store, elbowing it.

7. Walk, not rush pell mell, others out of your way?

8. Handle merchandise carefully and put it back in the right place if you decide not to buy it?

9. Keep children under control so they won't be a nuisance to others?

10. Wait your turn at the cashier's booth, instead of trying to sneak up on line?

Question: I went to a dinner recently where the main dish was so spicy I found it almost impossible to eat. Everyone else seemed to enjoy it and to eat with good appetite. I could not finish the first portion, and the hostess kept insisting I have a little more. When I kept refusing, she gave me the third degree about why I wasn't eating but I managed to side-step the question and just let her think I'm finicky. My dinner hostess and it was impolite not to finish the food, but I think the hostess was doubly ill-mannered by putting me through a cross-examination. What is your opinion? — Mrs. O. R. Roanoke, Va.

Answer: It's not considered impolite to refuse a second helping, but it is impolite for a hostess to insist and to ask for explanations of a guest refusal.

FLT./LT. AND MRS. THEODORE JAMES FOSTER

Foster – Onderdonk

Albury United Church was the setting for the recent wedding of Joan Elizabeth Onderdonk, R. R. 1, Carrying Place, daughter of Mr. and Mrs. R. Earl Onderdonk, to Flight Lieutenant Theodore James Foster of Centralia, Ontario, son of Mr. and Mrs. Sherman T. Foster, Hillier.

Rev. Alfred Poulter performed the ceremony before the altar where tall white standards of white 'mums, pink gladioli, and ferns made a charming background. White satin bows with lily-of-the-valley marked the guest pews.

Miss Helen Spearman played wedding music at the piano and accompanied the soloist, Miss Margaret Hillis of Belleville.

Given in marriage by her father the bride entered the church gowned in a long white organza over taffeta sheath with scoop neckline, short gathered sleeves, and full chapel train fastened at the back with bows. The bodice and front were re-embroidered with French lace appliques. An organza petal headdress held a bouffant tiered veil, and she carried a cascade bouquet of pink roses, white 'mums, stephanotis and trailing ivy.

Maid of honor was Miss Margaret Onderdonk, sister of the bride, dressed in blush pink silk organza over taffeta, walk length with embroidered inserts at waist and embroidered back panels from the waist, matching shoes and white gloves. Her headdress and veil were pink organza and she carried a crescent bouquet of white 'mums and Sweetheart roses.

The bridesmaids were Mrs. Diana Walmsley, and Mrs. Karen Waines, both of Belleville. Their gowns and flowers were identical to the maid of honor.

Richard Foster was best groomsman for his brother, and the ushers were Flight Lieutenant Michael Thompson of Centralia and Mr. Lyle Lloyd, Hillier, cousin of the bride.

A reception was given at the Bakerloaf Room, Glen Burnie Motel, Trenton, where the bride's table held a three-tiered wedding cake set on a silver stand, pink and white candles in silver candelabra and the flowers of the bridal party adding to the decor.

The bride's mother received the guests in a blue organza over taffeta sheath with back panels, blue organza hat, blue shoes and corsage of pink carnations and stephanotis.

The bridegroom's mother assisted in a blue lace dress with jacket, white hat and accessories and a corsage of pink sweetheart roses.

For a wedding trip to the Maritimes, Quebec City and New York, the bride chose a navy dress with lace over navy taffeta with white hat and accessories and a corsage of white 'mums.

Guests were present from Buffalo, Centralia, Toronto, Hanover, Cobourg, Carleton Place, Campbellford, Belleville, Melrose, Northport and Wellington.

The bridegroom, a graduate of Toronto University will begin post graduate studies at the University in September, and the 20th will be the date for the start of the Toronto Board of Education.

A miscellaneous shower was held at the home of Mrs. Allan Weese with co-hostesses Mrs. Hugh Weese, Mrs. Charles Weese, and Mrs. Bob Weese. A linen shower was given at the home of Mrs. Ross Watson of Foxboro; and a pantry shower at the home of Mrs. Bedford Clark and Miss Linda Peck. Presentations were made by the staff of Queen Elizabeth School, Belleville, and by the Albury Ladies' Aid. The Albury Sunday School presented the bride with a Bible. The bride's mother entertained for her daughter at a trousseau tea.

Successful Living

Husband Is the Target And Not His Girlfriend

DEAR DORIS — John is 38 and I am 24. We are not married but we have seven children. There is a girl named Betty and he won't stop picking her up in his car. I feel hurt inside all the time.

If I go anywhere and stay half an hour he gets mad. She is a very dirty woman. Just a bottle of beer and any man can have her. Should I go and beat her up or let it drop? — CAN'T EAT.

DORIS CLARE

DEAR CAN'T — I admire your spirit but you've got the wrong target! It seems John makes all his own lays, none of which gives you or the children a fair deal. Isn't it time the worm turned — on him?

DEAR DORIS — I need help and real fast. It has happened that I like two guys very much and they both like me and they know each other. When I'm with one guy on a date, we always bump into the other guy before the night is over.

I'm not going steady with either of them but one guy has told me that if he ever heard of me going out with another guy I will not see him again. I've been going out with these guys for weeks and I am afraid that I am going to lose one of them.

I'd like to be a hard-to-get girl but this is just about killing me. What can I do now? — CONNIE.

DEAR CONNIE — Then be hard to get. It won't kill you if you lose one. The deception you are practising is what is wearing you down.

(Put your problem on paper to Doris. She has successfully counselled thousands of others.)

Mr., Mrs. F. E. Hutchinson Mark Golden Anniversary

RAWDON — Mr. and Mrs. Frank E. Hutchinson of Stirling R.R. 3 returned home on Tuesday following a holiday weekend with relatives at Lorne, Ontario.

On July 22 they held "Open House" at their home at Ames Junction and refreshments were served on the spacious lawns. Mrs. Hutchinson received the guests wearing a dress of turquoise, flowered print organza over silk taffeta with a corsage of bronze baby 'mums. She also wore costume jewelry, a gift from a cousin in Bermuda.

Receiving with the bride and bridegroom of 50 years were Mr. and Mrs. Stanley Williams, Mount Pleasant; Mr. and Mrs. Leird Thomas, London, Ontario; Miss Dorothy Moore, Ottawa; Mr. and Mrs. Albert Hutchinson, Woodstock.

During the afternoon and evening approximately 220 people signed the guest book. Those in charge were: Mrs. Edgar Morrow, Miss Lenora Williams and Miss Beesie Hollinger, all of Stirling; Mrs. Arthur Ketcheson, Havelock; Mrs. Ernest Rapmond and Mrs. Arch Schultz of Detlor. The guests were welcomed as they entered by Mrs. Ross Thomas, Mount Pleasant; Mr. Ray Williams, Campbellford; Mr. A. Hutchinson, Woodstock; Rev. Elgie Johlin, Toronto; Rev. Fred De Cosh-Craig, Trenton and Rev. and Mrs. W. G. Fletcher of Rawdon circuit.

The bridal theme reappeared with lovely bouquets of golden yellow flowers which included 'mums, snapdragons and lily type gifts were from Mr. and Mrs. Ray Williams, Campbellford; Mr. and Mrs. Ross Thomas, Mount Pleasant and Mr. and Mrs. Charles Cooley of Stirling.

ATTRACTIVE TEA TABLE

The dining table was most attractive with a lace tea cloth, silver services and a tiered anniversary cake with a centre-piece of yellow 'mums. The fruit cake was made by Mrs. Rose Jelfs and Mrs. Ralph Jelfs of Rawdon and it is decorated in the bride's color scheme of white and gold with lettered numbers and flowers.

The tea hostesses were: Mrs. Herb Dodd of Stirling; Mrs. Howard Roxborough, Carleton Place; Mrs. Fred Lace of Oakwood and Mrs. Ed Thompson of Stirling. Those who poured were: Mrs. James Sharp, Stirling; Mrs. Ray Williams, Campbellford; Miss Beesie McMullen, Belleville; Mrs. Gerald Hollinger, Detlor; Mrs. Ross Hutchinson, Woodstock; Mrs. H. C David, Stirling; Mrs. L. Johnson, Toronto and E. Johlin of Toronto.

The local W.C.W. provided the lunch and replenished the trays and the young people on Anson line and a few friends from Rawdon served refreshments.

The supper hour 29 guests were entertained to dinner by Mr. and Mrs. Hutchinson with Mrs. Ross Thomas as hostess. Guests at the "Open House" were in attendance from London, Ottawa, Toronto, Kingston, Detlor, Wellington, Havelock, Belleville, Trenton, Campbellford and all nearby points.

CONGRATULATORY MESSAGES

The honored couple received lovely congratulatory cards and special greetings from Hon. Lionel Conacher, M.P. John F. Diefenbaker and Rod Webb, M.P. They were the recipients of a large array of lovely gifts and many cheques and cash gifts. The gifts included a transistor radio from a nephew in Vancouver, B.C.; an occasional chair in gold brocade with magazine rack from the Mount Pleasant community.

Francis E. (Frank) Hutchinson; son of the late James Hutchinson and his wife the former Miss Marshall of Marlposa, Ontario and Hazl Pickering, daughter of the late Alex McMullen and his wife Elizabeth Burke were married in Rawdon on May 21st, 1914 in Rawdon Methodist parsonage by the Rev. J. A. Connell. The ceremony was preceded by train for Chicago and Plainfield, Illinois to visit relatives.

Mrs. Hutchinson was born in the house where she now resides. She received her education at the Allan Public School and No. 2 High School, Stirling High School, Madoc Model School, Peterborough Normal School and Ontario Agricul-

MR. AND MRS. DONALD WILLIAM McNEVIN

McNevin – Gardner

A pretty summer wedding was solemnized in Victoria, British Columbia, when Caroline Gardner, daughter of Commander and Mrs. R. Gardner, 3845 Duke Road, Victoria, became the bride of Donald William McNevin, son of Mr. and Mrs. W. D. McNevin, Belleville. The Rev. A. Hodgekiss of Vancouver, B.C., officiated at the ceremony held in the bride's home.

The bride, given in marriage by her father, wore a floor-length bridal gown of white brocade with flowing floor-length veil. She carried a floor-length cascade bouquet of pink roses.

Maid of honor, Miss Hillyard Whitlow of Victoria, British Columbia, was dressed in a street-length pale green brocade dress with a pale pink carnation corsage.

Mr. C. Gardner, Ph.D., of Vancouver was groomsman, while Mr. R. J. Gardner of Victoria was the usher.

The reception was held at the home of the bride's parents, which was appropriately decorated for the occasion with the bride's table centred with a traditional wedding cake on silver platter, flanked with pink and white candles in crystal holders and misted about the base with white tulle. Bouquets of pink roses added to the attractive pastel setting.

The bride's mother received the guests wearing an aqua silk dress with white accessories and a white gardenia corsage. She was assisted by the bridegroom's mother from Belleville who was attired in a pale pink ensemble with white accessories and a white gardenia corsage.

For the wedding trip to Seattle and Puget Sound area, the bride chose a pale pink linen suit with navy blue accessories.

Guests were present from Belleville and Ottawa, and Vancouver, British Columbia.

Previous to the marriage, the bride was honored at showers held by the girls of the Bank of Montreal staff, Belleville, at the home of Mrs. Walter Pegg, and in Victoria, B.C., by showers held at the homes of Mrs. W. Critchley and Mrs. C. G. Argall.

Mr. and Mrs. McNevin will reside in Perth, Ontario.

OPEN FESTIVAL

LIEGE (AP) — Some 150 missionaries, most of them from Canada and the United States, opened a month-long Mormon youth festival Thursday in this Belgian city. During the last three days the missionaries, on the staff of the French-Belgian mission of the Church of Jesus Christ of Latter - Day Saints, have toured the streets of Liege, together with local adherents of the church, singing hymns and songs.

Rollins Clan Holds Picnic At Tweed

The annual Rollins picnic was held July 25 at the Tweed Memorial Park with 143 in attendance. Following the serving of a bountiful dinner served at one o'clock the sports committee, headed by Ross Rollins, had races with a large number taking part.

Mrs. Doug Rollins, Belleville the vice-president spoke briefly and welcomed all to the picnic. Mrs. Cecil Hubble, secretary read the minutes of the last picnic held by the secretary Mrs. Rex Rollins of Madoc R.R. 4. A two minutes silence was observed in memory of those who have passed away since last year. The treasurer's report, Cecil Hubble gave a report and presented Mrs. Will Rollins with a gift for her work as treasurer for the past 17 years. It was decided that the picnic would be held at the same place next year on the third Saturday in July, the number of attendance prizes and lucky draws were awarded.

The slate of officers for the coming year are as follows: honorary president, Mr. Clarke Rollins, M.P. of Bancroft; president, Mr. Doug Rollins, Belleville; vice-president, Mrs. Keith Harrison, Roslin; secretary, Mr. Costan Parsnuik, Marmora; and treasurer, Mrs. Lina Ethel Rollins, Lotie Tufts, Lillie Hubble, Annie Dickens, sports committee: Doug Rollins, Sadie Holmes, Barbara Rollins, Vera Hill, Hazel Tufts, Lois Rollins, Linda Dickens and Lois Rollins.

Several members spoke briefly expressing pleasure at being able to attend the picnic and were looking forward to the event again next year.

STIRLING

Area Fields Invaded by Army Worms

STIRLING — The Army worms made their appearance in the Stirling area last week when they invaded a 16-acre field of oats owned by Claude Tucker situated on the old Marmora Road. At first it appeared to be rust on the crop but on investigation it was found that an invasion of army worms had taken over and was rapidly ruining the whole crop.

Mr. Tucker has harvested the oats and it will be a loss of several hundred bushels. A nearby neighbor Mr. Wesley Lake has also harvested his field of oats which had been infested.

The agricultural representative Mr. Douglas Tipper and the associate agricultural representative Mr. Lyall MacLachlan together with a number of farmers watched the army of worms as they tried to cross the Consolidated Road and enter another field of oats. Several farmers report a few worms in their fields. The men sprayed the fields to protect the grain crop which could be ruined.

It is reported that the heavy downpour of rain Sunday morning helped to check the work of these pests as they are at their worst in dry weather. They hatch out in the soil and hide during the day in large cracks in the clay land and then hordes of them advance at night to eat their fill. The large amount of droppings on the surface of the Tucker field showed that millions of these worms had been in existence.

The farmers are now checking their grain crops in order to avoid any more inroads on their crops. The worms are between one inch and one inch in length and it is remarkable the amount of grain which they can consume in one evening.

Mayor Angry After Doctor Refuses Service

GERALDTON, Ont. (CP) — Mayor Ben Pressman said Thursday he has demanded assurances from local hospital officials that an incident in which a patient was refused medical services "will never be allowed to happen here again."

Mayor Pressman said he had been shocked when he learned Boy Barker, a mining operator here, claimed he was refused anaesthetic by Dr. A. H. Malcolm at Geraldton District Hospital June 30.

Mr. Barker complained to town council earlier this month that when he had been admitted for minor surgery Dr. Malcolm had declined "for personal reasons" to assist Dr. D. W. Waddill in treating him. Mr. Barker was released from the hospital without treatment the following day.

Dr. Malcolm earlier confirmed the claim that he declined to act as the anaesthetist for the operation.

"I just didn't want to give him an anaesthetic," he said. "A doctor has a perfect right to choose his patients as people do to choose their doctors."

A 1-1 vote by the Mayor Pressman to Health Minister Matthew Dymond July 10 was passed on to the Ontario College of Physicians and Surgeons which asked the Geraldton hospital to conduct an investigation.

Jack Connell, chairman of the hospital board, said Thursday the board's findings had been forwarded to the college and "we are waiting for the minister's decision on what action is to be taken."

Bethel Zion

BETHEL-ZION — Mr. and Mrs. David Mead have been enjoying a holiday in Toronto.

The Bethel-Zion Women's institute members chartered a bus recently for a visit to the Faraday Mines, and the village of Carnduff. At the noon hour Mr. Clarke Rollins was host to the ladies at his beautiful home at Bancroft. Thirty-eight ladies were privileged to enjoy the day.

Mr. and Mrs. Howard Parliament, Jeff and Jane were recent guests of the latter's parents, Mr. and Mrs. Les Ketcheson, while Miss Hazel Ketcheson who is attending summer school at London spent the weekend at her home.

Mr. and Mrs. Walter Abrams and family of Estevan, Saskatchewan were guests of Mr. and Mrs. Earl Mitchell.

Mr. F. Dextrase was a guest last week of her daughter, Mrs. Percy Ray and enjoyed the bus trip to North Hastings.

South Viet Nam Says Red Chinese Directed Attack

SAIGON (AP) — South Viet Nam said today that Red Chinese advisers directed regulars from Communist North Viet Nam in the mortar attack on the Mekong River delta hamlet of Cai Be July 20.

The charge was made to the International Control Commission made up of Canada, India and Poland, responsible for overseeing the 1954 Geneva agreement on Viet Nam.

Raiders killed 16 women and 24 children and wounded 40 other women and children in the attack on Cai Be, 50 miles southwest of Saigon. They cemented the hamlet's well full of military personnel. The government said about 40 troops also were killed or wounded.

"Red Chinese military advisers took part in the Communist attack," a spokesman for the government said. "The shouted commands of the aggressor forces could be heard above the din of battle. It is almost certain that some of the enemy bodies left behind in a mass grave were those of Red Chinese."

The commander said the enemy units were "later identified as the 261st and 514th battalions of the North Viet Nam People's Army."

U.S. intelligence officials have said repeatedly they have seen no evidence to show regular North Vietnamese units are fighting in South Viet Nam.

Premier Nguyen Kanh's regime during the last few weeks has stepped up its search for extending the war to North Viet Nam, if necessary, Red China. Top Vietnamese officials are known to feel that this would be the most satisfactory way of ending the war here.

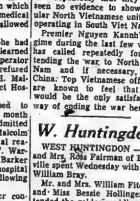
Belleville Girls Give Views



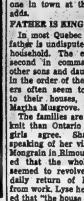
Quebec - - Boys Work Fast, Girls Are More Mature, Fathers Are Kings and Meals Are Feasts

By ANDY TURNBULL

What is the difference, anyway, between Canada's French and English speaking cultures? The languages are different, but both exist in roughly the same geographical area, with about the same climate. The people live under the same federal government, with the same economic system and with comparable standards of living. With all these similarities, and the mingling of the cultures for two hundred years, one might think the differences would have vanished long ago.

They didn't. And the differences that now exist between Quebec and the rest of the country threaten to split the nation.

Eight Quinte area high school students, seven girls and a boy, spent two weeks in Quebec this summer as guests of eight French-speaking students. The French-speaking students reciprocated this visit in a program planned to expose students from each culture to the language and life of the other. The eight French-speaking students returned yesterday, to their home communities in the heavily left though, an Ontario Intelligencer reporter asked half the students of the eight group for their comments on the life of their counterparts. Partly because of language troubles, partly because of reluctance to criticize their hosts, the French-speaking girls had few comments than the English-speaking girls. But the comments of both groups are reflexive — they show the individual's reaction to her own culture, as well as to the culture about which the comment is made.



TAWNI MEADES

All the students interviewed were girls, so perhaps it is natural that most of the comments were about boys. "Quebec boy work fast," said Tawni Meades, 15, of Sidney St., who spent two weeks in Rimouski as a guest of Claire Gagnon. "They are often polite and mind asking perfect strangers to dance with them, and when they dance, they dance close." All the Belleville girls agreed with Tawni on this point, but Martha Musgrove, 15, of Avondale Road, had a further comment. "The boys in Quebec treat girls as women," she said, "not as buddies. There's less horseplay, and the boys are more courteous." Boys in Quebec have less chance to drive the family car, the girls said, and they are less likely to have a car of their own, but they are more likely to have a scooter or a boy in Citroen. "But the Quebec boys' scooters are usually more powerful than the ones around here," says Lyse Mongrain, guest of Sharon Sweet of North Park St.

QUEBEC GIRLS MATURE

Quebec girls are different too. "They're more feminine," Tawni Meades and Martha Musgrove, They are trained to be good mothers, and they are frankly interested in getting married, though they usually marry at about the same age as Ontario girls. They spend more time and effort on their dress, and they appear generally more mature than Ontario girls.

MARTHA MUSGROVE

Lyse Mongrain of Rimouski was the only Quebec girl to comment on this. She agreed that "Ontario girls look and act younger than they are."

Quebec girls and boys attend different high schools, according to Tawni McCleod, 17, of Lambert Drive, and they follow a different course of study.

Claire Gagne thinks it is better that way. "I don't think I'd learn anything if there were boys in the room," she says.

Girls in Quebec are more likely to ride bicycles, according to Tawni Meades, while Ontario girls would rather walk if they cannot get a lift in a car. Quebec girls seem to like gymnastics, according to Sharon Sweet. Martha Musgrove, on the other hand, remarks that Quebec girls are less interested than Ontario girls in organized athletics.

MORE FAMILY ACTIVITIES

The social life of teen-agers in Quebec is more spontaneous and more tied up with families and groups, all the girls agree. Single dates are almost unknown, movies and T.V. are strictly from boredom and parties are often planned and held in the same evening.

"Where there is no party or other organized activity, the kids spend most of the evening together in restaurants. It's considered respectable, in Quebec, for teen-agers to walk outdoors or stand on the street corner in the evenings. If it is raining, or if the kids don't want to go outside, they may sit in a restaurant for hours at a time. Quebec girls smoke, but not enough to buy a whole package of cigarettes at once. Instead, they usually pool their money to buy one pack for the crowd. Strangers are often spontaneous into the groups, and everyone talks, sings, or plays the juke box.

PARENTS AT PARTIES

Parties in Quebec are quite different from ordinary teen-age parties here. One difference, according to Martha Musgrove, is that there is no one chaperone for the party. Instead, the parents and older brothers and sisters are present at parties attended by young teen-agers, and it's no disgrace for a Quebec teen-ager to be found at a party by his or her father, or have the father return after the party to provide a lift home.

But of all Quebec teen-ager's activities, the one that impressed the Ontario girls most was the toilet skating. Everybody does it, according to Tawni Meades, "and you meet everyone in town at the rink", she adds.

FATHER IS KING

In most Quebec families, the father is undisputed king of the household. The eldest son is second in command and the other sons and daughters follow in the order of their age. Mothers often seem to be chained to their houses, according to Martha Musgrove.

The families are more closely knit than Ontario families, the girls agree. Sharon Sweet, speaking of her visit with Lyse Mongrain in Rimouski commented that the whole household seemed to revolve around the daily return of Lyse's father from work. Lyse herself explained that "the house always seems empty" when her father is away.

Fathers in most Ontario families, she says, seem more like brothers or friends of their families than like the Quebec idea of a father.

LYSE MONGRAIN

But if the father is a regal figure in the Quebec home, that doesn't mean he is aloof. Joan McConnell found Quebec parents often tease the children and that the children seem to enjoy it. Quebec families spend more time together, too, at close-to-home outings or visiting with relatives. Visits are not paid for a chance to watch another TV set either—the host usually produces a "light snack", (which Martha Musgrove describes as "a huge meal"), and the families talk. If anyone is interested in art or singing, they may be asked to show paintings or sing for the family.

LIKE ARGUMENTS

Within the home, too, there is a lot of talking and singing. Father and mother begin to get involved political argument during dinner and continue it, without acrimony, through most of the evening. Often the argument, or any other discussion, will become animated into the groups, and everyone talks, sings, or plays the juke box.

PARENTS AT PARTIES

Parties in Quebec are quite different from ordinary teen-age parties here. One difference, according to Martha Musgrove, is that there is no one chaperone for the party. Instead, the parents and older brothers and sisters are present at parties attended by young teen-agers, and it's no disgrace for a Quebec teen-ager to be found at a party by his or her father, or have the father return after the party to provide a lift home.

But of all Quebec teen-ager's activities, the one that impressed the Ontario girls most was the toilet skating. Everybody does it, according to Tawni

MR. MELTZER ON REAL ESTATE
"What's Your Problem?"

By BERNARD C. MELTZER

Modern real estate financing permits many serious situations. Long terms for mortgage amortization, and low — in some cases — down payments result in very low equity in the early years of ownership.

Since there are no equity involved, even in selling a property, it is possible that one can find himself in the same position as Mr. and Mrs. J. L. H.

Dear Mr. Meltzer: We don't have enough money to sell our house. I know it doesn't make sense, but it is true.

To keep his job, when the company he works for merged, my husband agreed to relocate in another city. We paid $12,000 for our home only a year ago. We made a $500 down payment and took a 30 year mortgage. We must not have made a good deal, because the best offer we have had for it is $11,500.

That would be all right as it would pay off the balance we owe with a few dollars left over, but with the commissions, settlement costs, transfer taxes, etc., we would have to pay more than $600 out of our pocket besides just to sell our house!

We simply don't have the money. We thought we would rent it, but if the tenant moved we wouldn't be able to keep up the payments. And my husband thinks a tenant might abuse the place and lower the value even more. He thinks we should just let the bank foreclose to we can stop worrying about it. I believe me, we both worry and quarrel about it constantly. I am afraid it is going to hurt our credit. Please — is there anything we can do to get out from under this burden?

J. L. H.

Answer: I sympathize with your concern, but I think you're correct in fearing that your credit will be impaired — even in your new city — if you do it through foreclosure. By any or all means avoid this.

Since selling the house won't work, let us consider a 'lets continue' plan, but still acceptable approach. Contact your lending institution and advise them of your predicament — be reasonable and offer them the deed to your house in lieu of foreclosure. It is very possible (if it means any financial loss to them) that they will accept your proposition. They are aware that foreclosure would only increase their costs.

As another possibility, make the same offer to a private party. It has been my experience that imaginative, daring (and cooperative) realtors can invent willing to assume a risk of this type.

The best solution, of course, could be if your realtor would find a good tenant for you and continue to make payments until your equity was sufficient to sell without financial loss.

• • •

Dear Mr. Meltzer: I am in debt to excess of $1,000 because of taxes anyway, and insult has been added to injury. I bought my first home in Belleville about last month paid one year's taxes in advance. Now I have discovered that my municipal taxes are included $20 for taxes. Everyone keeps telling me this is standard procedure, but it still looks like double taxation. Am I being taken advantage of legally — or illegally? — R. S. B.

Answer: An unhappy real estate fact of life is that the year's real estate taxes are due and payable at the beginning of the year. Your mortgage institution therefore, must have in hand a full year's taxes on the date payment is due.

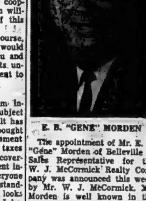
The monthly payments you are now making include the tax amounts that are being accumulated in escrow to pay your next year's taxes. Should you sell your house, however, the amount of your advance payments will be returned to you. A clear case of pay now — or grow later.

• • •

Dear Mr. Meltzer: I am going out of my mind with worry. I was a single lady most of my life. I worked hard and had savings and my home, free and clear. I dreaded becoming an old maid, though, and married a man I hardly knew.

What a Mistake! He never worked and always complained. He gambled his way through my savings and pawned things when that gave out. The bum even sold the pawn tickets.

Finally he left me. I would have celebrated, only he stole the deed to my house and says I won't give back $1,000 for it he will sell my house out from under me. He would, too. My lawyer says he can't do anything to stop him? — D. S. T.



Answer: Concern over your future is one problem you don't have with your scrub husband. He cannot sell it out from under you. Your possession of the deed does not confer ownership. In your husband's hands it is a worthless piece of paper. If it will reassure you go to the office of your county recorder of deeds and, with a small fee, he will provide you with a duplicate certified copy of your deed.

• • •

Mr. Meltzer welcomes your letters and comments. Unfortunately he is unable to enter into personal correspondence with readers, but will attempt to answer as many letters as possible through his column.

• OFFICIAL MOUSER

A Manx cat, appointed official mouser to Britain's Home Office at a salary of $30.40 a year, is classed as an industrial civil servant.

E. B. "GENE" MORDEN

The appointment of Mr. E. B. "Gene" Morden as Manager of Safe Representative for the C. J. McCormick Realty Company was announced today by Mr. W. J. McCormick. Mr. Morden is well known in the Quinte District. Born in Wellington, he has lived the past 32 years in Belleville. He was with J. B. Boyce & Sons for twenty-four years, and the past eight years was President of Truck & Farm Supply Ltd. "Gene" will be most pleased to help you in buying or selling your home or business. Jy31-Ag4

Man Killed When Car Skids

NEWBORO, Ont. (CP)—Eric Thomas Knapp, 24, of Newboro, was killed on Highway 15 here Wednesday. Police said Knapp died Thursday night when his car skidded while overtaking another and crashed into a culvert.

IS REMANDED

TEL AVIV, Israel (AP)—Abraham Feinberg, managing director of Soporsol, a Canadian-directed supermarket firm here, was remanded in custody for 15 days in Tel Aviv magistrates court Thursday. The order was to allow investigation of police charges alleging falsification of the firm's books, and a noon with intent to destroy essential documents.

THE LITTLE WOMAN

"I'm worn out! All night I kept dreaming I couldn't sleep!"

Ann Landers

Misses Reading Column Feels Like Ignoramus

DEAR ANN LANDERS — I have a problem which I'm sure you can't solve, but I am going to tell you about it just to get it off my chest.

ANN LANDERS

My problem is that I'm hooked on your column. Sometimes when you hand out that high-sounding advice I get so mad at you I swear I'll never read you again as long as I live.

The next day I find myself sneaking back to see what you have to say.

Recently you gave some idiotic reply to a college boy who was telling you the way it is now, Granny. You came out four-square for chastity, purity and virginity. I decided then and there that Old Lady Landers was getting senile and I was through wasting my time reading your claptrap.

The next morning I did Not read your column. When I got to work everybody was talking about the letters from all those nasty people who wrote in to tell Ben's wife how to cure the ben her hands.

I felt like a yokel, an ignoramus — completely out of it. So, here I am back disagreeing with you on this third of the time. Hating you and loving you. — HOPELESSLY ADDICTED.

* * *

DEAR ADDICTED — Welcome back. And I hope you never manage to kick the habit.

* * *

DEAR ANN LANDERS — I own a small business and work six days a week from 9 a.m. to 6 p.m. On Tuesdays and Fridays I have to get my own supper because my wife has choir practice and Ladies' Aid.

I give my wife $300 a month for the table and spending money. Whenever she needs more she gets it. In return this is what she does: She cleans the kitchen once in four months. The house looks like a pigpen until I scream about it and then she rearranges the dirt. If a guest should accidentally open a closet he might be seriously injured by the avalanche.

She is neat as a pin about herself but the filth in the house is unbelievable. Is this normal? She keeps shoving your column under my nose when it serves her purpose. Will you please print my letter so I can show it under here for a change. — NEW ROCHELLE.

* * *

DEAR NEW — Shoving the column under your wife's nose will not help. May I make a more practical suggestion. Hire a cleaning woman to come in twice a week and deduct the cost from that $300 monthly allowance.

Yelling screaming is no substitute for positive action.

* * *

DEAR ANN LANDERS — Three years ago, on my 13th birthday, my mother announced I was going to take violin lessons. I didn't care for the violin but I took lessons for a year and a half just to please mom. Then I quit.

Several months ago I got interested in drums. Out of my allowance I bought practice pads and books and have been teaching myself.

At Christmas I didn't get a gift from my folks because they said they had ordered drums for me and I should be patient.

Well, here it is July and no drums. I asked my mother what happened and she said, "Your father and I heard Ann Landers talk and she said kids should Earn things and they will appreciate them more. So you are going to have to earn the money to pay for the drums."

Is this fair? — TROUBLED.

DEAR TROUBLED — No, it is not fair. Since your parents promised to buy you drums they should keep their word. I'm all for kids earning things, so tell them I suggested you earn something else. The drums you have coming.

* * *

To solve some of the frustrations, disappointments and disillusionments of married life, send for Ann Landers' booklet, "What to Expect from Marriage," enclosing with your request 35 cents in coin and a long, self-addressed stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

All Mud on the Western Front

By CAROL KENNEDY

LONDON (CP) — Twenty years after the Great World War, a veteran of the Canadian Expeditionary Force was talking a trip over the battle of the Mist at Niagara Falls.

Suddenly he felt a strange depression, and, reaching his memory, he realized why. The smell of the oil-like scum by the peaceful waters against the spray of the falls was almost identical to that of cordite of time, used in the trenches to clean human debris.

The war in the trenches marked a mark deeply. "It's beyond power to describe what it was like," wrote Roland Eves of the Canadian 30th Battalion told a reporter. "You had to experience it."

Life in those often flooded, stinking ditches that soaked across Western Europe from Switzerland to the Belgian coast was mostly, in the words of Thomas Stebbes, "dreary, brutish and short."

After the war, many of those who survived the almost incredible odds found peaceful England as hard to get used to as another planet. Nothing seemed important "any more," said Eves.

Another infantry veteran recalled how for a whole year he had done nothing but cycle through the English countryside, sleeping out in the woods, trying to drag from his shattered nerves by "getting close to green, growing things."

BATTLE HATS

Not that search life was a continual dicing with death. Much of it was taken up with routine jobs — digging, keeping up the trench walls, filling sandbags, repairing breaches in the parapet. It was an endless job, particularly in wet weather, and it went on day and night.

There was a constant battle against dirt and mud and "trench feet" — a brownish fungus caused by soaked boots and puttees.

A typical day in a trench on the Western Front between raids—going "over the top"—began an hour before dawn, when the man on night watch passed the word for "stand-to." Out tumbled the men from their dugouts and "funk holes" — ledges excavated under the lip of the parapet and lined with empty sandbags for warmth. Steaming mugs of tea and tots of rum were served.

Breakfast came at 8 a.m., usually bread and a rasher of bacon, followed by a morning of cleaning and inspection. Lunch was invariably stew, brought up in great containers. Work on the trench went on through afternoon and night, with supper at six and "stand-to" again at dusk.

Each man did two-hour spells of sentry duty, work and sleep. At night, one man in three doubled and a two-man patrol might venture out into No Man's Land.

FLAME THROWERS

Through the night, intermittent phosphorus flares went up from the front line. They made a ghostly light in that murdered landscape," recalled Veteran Eves. "You could always tell when something made Fritz nervous, he'd send up a flurry of flares. On the other hand, when everything was dark you wondered what he was up to."

The muddy wastes of France and Flanders were laced by a rickety network of trenches in which men lived like moles for four years.

Behind the front lines lay the support trenches; behind them more reserves and the supply lines, all linked by the vital, narrow communication trenches. A man would spend a week in the front line, a week in support, a week in reserve. Then, finally, the men lived in their dugouts. When dry, these could be cosy. Many were equipped with home furniture, electric light and oilstoves, and embellished with personal touches like portable phonographs and pages from La Vie Parisienne pinned to the walls.

ENEMY ALWAYS NEAR

But periods of quiet were deceptive. The front line received constant vigilance. Often the enemy was a mere 30 or 40 yards away across the shell-torn, wire-tangled waste they called No Man's Land. In a bombardment at this range, with crude grenades made from jam cans filled with ammonal and nails, men being lobbed into your trench, as well as whistling rifle fire and the terrible "whiz - bangs" and "Jack Johnson" shells. It was astonishing that anyone survived.

In the Sanctuary Wood bombardment of June, 1916, the air was so thick with flying missiles that a Canadian observer heard two shells crash head on with a "shriek like a woman in agony."

The Canadian troops were famed for their tenacity in holding a trench. At the battle of Hooge in June, 1916, recalled veteran Eric Michelmore of Princess Patricia's Canadian Light Infantry, "the Germans came on in hordes, with the officers behind. Our men just pumped rifles at them, dropping them when they got hot and grabbing replacements. Only 150 survived.

The Canadians showed incredible bravery, but they were not like the Australians, who were brave to the point of foolhardiness, sometimes failing to hold a position in their anxiety to push on.

SURPRISED BY GAS

In spite of information from Belgian peasants, the Allies were totally unprepared for poison gas when it broke in horrific experience of First World War fighting.

When the Germans launched the first gas attack of history against the French and Canadian lines at St. Julien April 22 1915, Allied troops had not yet been issued with gas masks. The first primitive respirator was simply a square of veiling — "like a lady's morning veil of the time, said veteran Michelmore. It was folded over like a bandage with a pad of cotton wool in the centre on which the men were instructed to urinate.

"We were told the ammonals countered the gas fumes. Later came the "smoke-helmet — a greasy, suffocating bag of grey felt with eyepieces. The following came almost every week after that until the gas mask in its modern form was evolved.

The first sight of the gassed men of St. Julien was traumatic. One Canadian soldier recalled seeing the French Zouaves lying face down and gasping in the square at Poperinghe, their faces yellow and their bulges tarnished green. Chlorine "ripped the lining out of your lungs, said one veteran. Many gas victims are suffering to this day.

TEMPORARILY BLINDED

Almost as frightening as the gas were the lachrimatory shells, which temporarily blinded a man. You could tell them by the way they landed, with a soft plop, but the Germans soon got wise to this and would send them over "concealed in a barrage of other shells."

Yet amid all the brutishness, the fatigue and filth of trench warfare, some traces of an old-style personal regard for the enemy lingered in snatches that sound archaic in the atomic age. There was the famous Christmas truce of 1914, and one Canadian military history, The Story of the First Army, recalled a lesser known episode that took place just before the cease-fire on Armistice Day, 1918.

The telegraph had clacked out the word: Headquarters that hostilities would cease at 11 hours. At two minutes to the hour, young unbelieving Canadian troops at Mons heard a German machine-gunner fire a complete belt without a pause.

Then he stood up beside his gun, waved his helmet in a sweeping bow, turned and walked slowly to the rear trenches. The war was over.

Sunday School Lesson

God Keeps His Covenants

By CLARENCE W. CRANFORD

Anyone familiar with history is familiar with the word "covenant." During the first world war, for example, President Wilson announced his famous "fourteen points," the first one calling for "open covenants of peace, openly arrived at," and the last one calling for an association of nations. . .under specific covenants" to guarantee the political independence and territorial integrity of all nations. How different the history of the last 40 years might have been if the Senate of the United States had accepted these points, and had ratified the "covenant" of the League of Nations.

The religion of the Bible revolves around two covenants: the Old Testament (or covenant), dealing with the covenant God made with Abraham (Genesis 17:7) and the New Testament, centering around the covenant first enunciated by Jeremiah (Jeremiah 31:31-33), and that Jesus said had come to fulfill (I Corinthians 11:25) Webster defines covenant as an agreement, a contract, a promise, a solemn pact and the Jews believed that God had made a solemn promise to Abraham concerning the Jewish nation. God made this promise when He called Abraham to leave the place which he was to receive as an inheritance." (Hebrews 11:8 RSV)

COVENANT RENEWED

This covenant was renewed at the time of Moses (Exodus 19: 5-6). When a person receives a terrible accident, or recovers from a serious illness, he may ask, "Why was my life spared?" For what purpose has God brought me through this experience?" Undoubtedly, the Israelites faced similar questions when they savored the sweet taste of freedom in the wilderness. Why had God raised up Moses to lead them from bondage? Why had a remarkable series of events in Egypt and at the Red Sea permitted them to escape? For what purpose had God led them to liberation?

The Uniform Sunday School lesson for August 2: "God's Covenant With His People," Exodus 19 through 24.

The answer, they believed, was bound up with the word "covenant." God had led them out of Egypt to keep His covenant to Abraham, and to renew that covenant He would first establish them together as a people. It kept them loyal to God when they entered the promised land where they were warned not to enter into covenant with false gods.

Faith in this covenant gave them courage to go forward. It is said that when David Livingstone was in Africa, some of his friends feared for his safety. When they entered the area the natives, words of Jesus, "Lo, I am with you always, to the close of the age." (Matthew 28:20 RSV). unrested.

Closing his Bible, he remarked, "These are the words of a Gentleman," and he went on with his missionary journey. Similarly, their confidence that God had made a covenant with them gave the Israelites courage to go forward even in the face of terrible enemies.

NEW IDEA OF GOD

Moreover, it gave them a wonderful concept of God. Most people in that day believed in many gods, and that gods were whimsical, even vindictive. Religion was the effort to appease the whim, or anger of some god. Abraham believed there was one true God, and that He was not whimsical, but righteous. One could enter into covenant with Him and trust Him to keep His promise. "Shall not the Judge of the earth do right?" he declared. (Genesis 18:25 RSV)

The covenant idea also implied the grace of God. It was God not the Hebrews, who initiated the covenant. Their faith was a response to God's promise to their nation. This concept of God helped to shape their laws. Compared with standards their laws are primitive, but there is a remarkable sensitivity to other's rights. Even slaves had certain rights. The same was true of women. The prohibition against cooking a young goat in its mother's milk seems strange to us, but it was one way of keeping the people from becoming callous. Their reaching out to God in worship grew out of their faith in the compassion, as well as the righteousness of God.

NEW COVENANT NEEDED

The first covenant had to do with the establishment of Israel as a nation. Jeremiah felt there the need of a new covenant placing the law of God in people's hearts. (Jeremiah 31:31-34). This covenant would not have to do with the multiplying of a people, but with the quality of honesty and love. The first covenant established the Hebrews as a people. The second covenant would establish all true believers as disciples of God.

God keeps His covenants, but do we? Are there not all too many covenants from God's word day? God waits for men to prove by their actions that they are willing to say "All that God has spoken we will do, and we will be obedient." (Exodus 24:7 RSV)

ENDS LONG EMPLOYMENT

TORONTO (CP) — Loyal J. Leigh, 70, who once knocked down a prowler, retires today after 55 years as a civil servant. An accountant in the office of the provincial secretary, Mr. Leigh is the Ontario government's longest - serving employee. About 1900, when he was a 95-a-week office boy, he solicited with the then premier, Sir Oliver Mowat, through the back way at Queen's Park. Both were riding bicycles and both were

AMPLE PARKING

DOG'S HEAD — This rock formation resembling a dog's head was discovered accidentally last year at Bellevue Beach, a seaside camping park 78 miles west of St. John's, Nfld. The park is one of 18 across Newfoundland. (CP Photo)

Canada Outdoors

Newfoundland Pushes Big Park Program

By ED WALTERS

ST. JOHN'S, Nfld. (CP) — Camping in Newfoundland used to mean a sweaty and adventurous trek into raw wilderness.

Today the adventure is still there for those who seek it, but last year 324,817 persons preferred to visit the 18 parks that have been developed during the last six years.

Linking of eastern and western Newfoundland in 1958 by the Trans - Canada Highway gave access to previously inaccessible territory.

The government, anticipating the influx of campers and trailers and aware of the Newfoundlander's love of the outdoors, reserved tracts of land for public use.

So far 18 sites have been developed into camping and rest parks of varying sizes. Topography and characteristics of each are different, ranging from sea and windswept coastal areas to deep forest.

Wildlife, salt and fresh water fishing, swimming and solitude are the main attractions.

G. F. Chate, provincial parks chief, says the parks show tourists the real Newfoundland, giving them a chance to enjoy sensations they would miss by driving right through from town to town.

NO CHARGE

The parks offer practical advantages to budget - conscious tourists. There is no charge for camping space, water, toilet facilities or common kitchens.

Mr. Chate doesn't accept the idea that tourist business can be increased only by building expensive hotels, motels and cabins. He says this scares away ordinary folk who can't afford expensive accommodations.

The newest park, opened this year, is Butter Pot, 17 miles west of St. John's. Its 4,200 acres contain half - a - dozen ponds — all with trout — hills, rivers and wildlife.

From the lookouts on hilltops, moose can frequently be seen browsing on balsam fir and dipping for underwater plants.

Bernard S. Jackson, parks service naturalist, said signs of bear were found in the area this spring, the first solid evidence that the animals are returning to the Avalon Peninsula.

Nature trails in the park lead to sites where beavers may be seen building dams and houses. There are other families. Animals in the parks are protected and hunting is not allowed.

Individual camp sites are tucked in among the trees. Growth is left in a natural state as much as possible but the entangled underbrush is cleared from trails and camp sites.

FAIR AUTHORITY

The Bureau of International Exhibitions was founded in 1928 by 31 nations to improve and regulate world fairs.

Phone

(Continued From Page 1)

to hurry to the scene, said: "This woman undoubtedly saved many lives through her refusal to leave her post. I think it was one of the most heroic acts I have ever encountered."

The rooftop rescue was organized by architect Big Harvey Bob, who was working in his office next door to the hotel when he saw Mrs. Eckles screaming for help from her room. Firemen could not get a ladder to the window because of its awkward position.

He proposed the catwalk across the seven-foot gap between the buildings to a fire chief who assigned Fireman Dorrion to help him. Together with volunteers they placed a 10-inch-wide plank between the roofs 12 stories up.

Mrs. Eckles was carried across the catwalk after she fainted on the roof.

Bert Oldershaw of Toronto, former Canadian canoe champion and Olympic competitor, was in a top-storey room with his son Dean, 17, and Max Hickox, 17, of Port Credit, Ont. When they heard the alarm they went to the elevator but it belched smoke into the corridor.

They ran down the stairs but couldn't get beyond the eighth floor because of smoke. They found an open room and sealed the door with wet blankets and sheets until they were rescued by firemen's ladders.

Quieten

(Continued From Page 1)

hands for several weeks, ostensibly while being translated into French.

But Liberal sources acknowledge that the report was tabled shortly after the government became convinced that the Progressive Conservative opposition might really force a federal election in its campaign against the government's proposed maple leaf flag.

The report was sharply critical of Conservative MP Jack McIntosh (Swift Current-Maple Creek) for pressuring a government agency to make crop-failure payments to about 1,000 farmers in his Saskatchewan constituency just before the '63 election.

The report contained several unflattering references to practices of government - appointed inspectors during the previous Conservative administration. Judge Pope found irregularities and over-payments in the Swift Current area.

There were some Liberals who felt a Commons committee might try to establish just how widespread were the practices of which Judge Pope was critical.

This would give the Liberals an inquiry would relate to that area of the country where the Conservatives draw most of their strength—the Prairie provinces.

Byelection

(Continued From Page 1)

"But I am not thinking of defeat at any stage. I intend to win."

The Progressive Conservatives have named Soviet Ken. neth Waters to contest Riverdale, left vacant by the May resignation of Robert Macaulay, a former cabinet minister. The New Democratic Party has selected lawyer James Renwick.

Neither the Liberals nor the NDP have chosen candidates in the Windsor - Sandwich seat, left vacant by the death of Liberal Maurice Bziznger March 24. Conservatives have named realtor Ivan Thresher.

An NDP spokesman said a nominating convention will be held quickly. Liberals moved their Aug. 24 convention date ahead two weeks.

In a statement, Farquhar Oliver, Liberal leader in the legislature, said it was unusual to hold a byelection when so many people are still on vacation.

Premier Robarts said he fixed the date of the byelections without regard for the Liberal leadership convention dates.

NDP Leader Donald C. Macdonald was not available for comment but Kenneth Bryden, member of the legislature for Woodbine, called the timing irresponsible and said it was obviously based on the hope that people would be indifferent and vote Conservative.

Two other contenders for the Liberal leadership, Andrew Thompson, member for Toronto Dovercourt, and Robert Nixon, member for Brant, have offered their support in the Riverdale campaign. Mr. Templeton also faces Eddie Sargent, member for Grey North, and Joe Gould, member for Toronto Bracondale, in the leadership race.

Present standing in the 108-seat legislature is: Conservatives 76, Liberals 23, New Democrats seven and two vacant.

Loves Competition

Mike Thinks Strike Will Hike Business

By KEN SMITH

Canadian Press Business Editor

TIMMINS, Ont. (CP) — Mike Ayoub is only one of 29,000 local people excited about the rich mineral strike made near here, but his reasons are different from most.

He figures the strike will boost Timmins' economy, attracting more large supermarkets to the town—and that will mean more competition for his grocery stores.

And Mike Ayoub, big, bald and ebullient, loves competition the way other men love blondes, martini or the horses.

Competition, he says cheerfully, is what makes life go.

"I've had offers from some of the other big chains to buy me out, but tell me," he adds with a deadpan expression, "what fun is there in having a couple of million dollars in the bank, eh?"

Starting with a small grocery store when he came to Timmins from Sault Ste. Marie, Ont., 30 years ago—he operated a clothing store there for 10 years — he now has three supermarkets here and another in New Liskeard, 130 miles southeast.

BUILT SHOPPING CENTRE

In recent years he has had to create a lot of his own excitement since not too much fresh competition ventured into Timmins, considered a depressed area by many southern Ontario executives.

So a year ago he decided to gamble $1,000,000 that a modern shopping centre would be a paying proposition in the town. People told each other he had finally gone off the deep end, he says.

"After news of the mineral strikes came out, everyone said I must have had inside information to be willing to invest that kind of money, but of course I didn't. Otherwise I could have made enough on the stock market to build a dozen shopping centres.

"But when I started my first grocery store here I decided to keep putting money back into the business. I found that every time/I did, I made more.

"Since then it's been just like playing poker—you don't quit while you're ahead. You just build on faith and hope in your community."

GIVEN AD AWARDS

As his business grew, Mr. Ayoub says he found himself venturing into fields he knew nothing about.

"So we'll take a guess as to what we should do. As long as we do better than 50-50 on our guesses we're okay. I think the secret is to get into trouble, then you have to work your way out."

"You learn fast that way."

A firm believer in newspaper advertising, Mr. Ayoub is proud that he has received several awards from advertising associations, including a plaque for having the best store-image ads in North America.

"It's fun to compete from the neck of the woods here with all those big guys down south, and in the U.S., too."

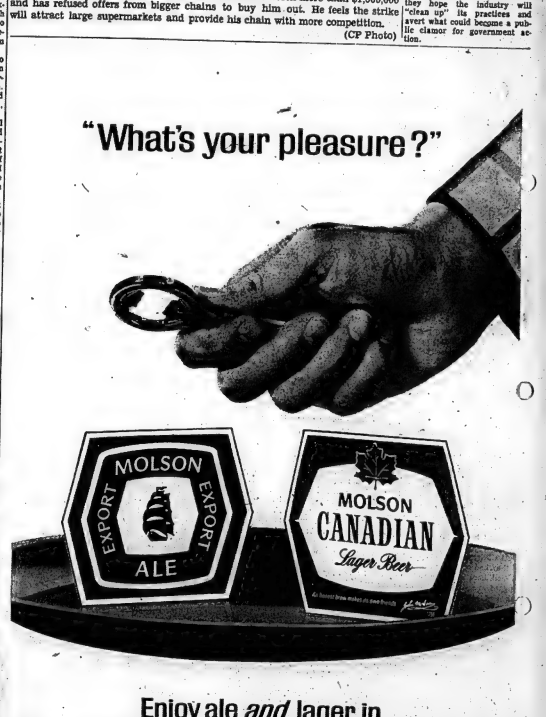
He isn't impressed by the stories of woe about the future of Timmins' great mining industry.

"For the last 22 years," he says, "the mines have been complaining, and they're still singing the same song."

PREFERS COMPETITION — Mike Ayoub, 59, of Timmins, Ont., is one person who prefers competition to a couple of million dollars in the bank and who feels the recent mineral strike in Northern Ontario will provide this competition. Ayoub owns three grocery stores in Timmins worth more than $1,000,000 and has refused offers from bigger chains to buy him out. He feels the strike will attract large supermarkets and provide his chain with more competition. (CP Photo)

Broadcasters Warned About Brutal Shows

WASHINGTON (AP) — U.S. senators investigating juvenile delinquency showed samples Thursday of what one of them called "brutal violence" in television programs. Then broadcasters were told:



"The people won't take it forever. You better mend your ways."

The statement came from Chairman Thomas J. Dodd (Dem., Conn.), who with other members of the Senate subcommittee on juvenile delinquency watched monsters and murderers perform on a screen in a darkened hearing room as they renewed an inquiry into TV programming.

After the showing, Dodd lectured industry witnesses about the content of programs being watched by children and teenagers and said the mail is heavy from parents who object.

"I don't think you care," Dodd said. "But unless you do care the American people are going to make you care."

Dodd and Senator Kenneth B. Keating (Rep., N.Y.) said they are opposed to federal regulation of programming and that they hope the industry will "clean up" its practices and avert what could become a public clamor for government action.

Bell Telephone Bill Hits Snag as MP's Are Critical Of Rates and Job Policies

OTTAWA (CP) — The problem of senior employment for French - Canadians and the question of monopoly versus private enterprise effectively stalled a Bell Telephone Company bill in the Commons for the fourth time Thursday.

Bell is seeking parliamentary authority to boost the number of its directors to 20 from 15. This is the sole provision of the bill, presented as a private bill and therefore limited to one hour of debating time each week.

Louis-Joseph Pigeon (PC—Joliette - l'Assomption - Montcalm) tangled with Lloyd Francis (L—Carleton) and Byron Mackasey (L—Verdun) on the employment question.

And he teamed with Arnold Peters (NDP — Timiskaming) in fighting for nationalization of the privately-owned telephone company which operates mostly in Ontario and Quebec.

NO DECISION

The telephone bill was debated the full hour without coming to a decision.

Mr. Francis said he is confident Bell intends to be fair to French-Canadians in its promotion and employment practices. It was a delusion to think that by nationalizing Bell all communications problems would be solved.

It was superficially easy to argue that the $65,000,000 Bell said its business would gain by lowering rates and benefiting consumers if the company was nationalized. If government dents didn't get this tax money from Bell they would have to raise it from the taxpayer somehow.

Mr. Pigeon argued that Bell virtually dictates its prices to the government when communications are required by government departments and agencies because of Bell's near-monopoly in the field.

He said French - Canadians don't hold even one per cent of important Bell jobs and Bell forces its French-speaking employees to report in English.

Mr. Mackasey said he hates this kind of generalization. Mr. Pigeon hadn't documented one of his statements on employment.

Mr. Peters voiced tongue-in-cheek suspicions that Bell plans to increase its board of director because it wants to take over a few smaller phone companies.

He speculated on whether one of them is the Osgoods Phone Company, a small Ottawa-area company of which he said Privy Council President George McIlraith is primarily owner.

He said he would be happier about the increase in directors if Bell planned to put one of them in charge of customer complaints. Annoyance has reached the point in Bell where the subscriber with complaints is bounced around from any person to whom to air his beefs.

Showdown at Indian Council Near as Rebel Mohawk Girl Continues Feud With Chiefs

GARDEN RIVER, Ont. (CP) — Rivals in the civil strife in the National Indian Council prepared today for a renewed struggle as the council's feud-disrupted annual b conference was scheduled to re-elect officers.

Battling to retain the presidency is Calgary lawyer Willard Wuttunee with his supporters on the executive, their own jobs at stake, backing him. Determined to oust the leadership on grounds that it includes "town Indians" out of touch with problems of the reserve is Mrs. Montreal fashion model Kahnistensa Horn, a rebel Mohawk.

The battle shaped up on the final day of the fourth annual conference following a series of public Mohawk fights which reached the edge of violence Thursday.

The near - violence occurred near the end of the day in a dispute between Mr. Wuttunee and Joseph Richard Pine, a supporter of Miss Horn.

Mr. Pine crashed his fist down on a platform being used for a press conference at Garden River Council Hall after Mr. Wuttunee said the host chief —of nade addressing preparations for the conference. Mr. Pine earlier had complained he had seen nothing of a provincial grant to help finance the get-together.

Accusing Mr. Wuttunee of calling him a liar, Mr. Pine shouted: "I'll make you eat that." The chief then returned to his seat and the incident fell short of fisticuffs.

The conference continued Thursday at this Ojibway reserve despite a move Wednesday night by Mr. Wuttunee and two of his supporters to move it to nearby Sault Ste. Marie. Only a few delegates turned up at the Sault Armory and the conference returned here.

Miss Horn, deposed several weeks ago as Indian Princess of Canada, accused the council leadership in a prepared statement Thursday of hypocrisy, cowardice and dictatorship and said they were "non-Indians, which is the worst insult."

Responding to kgnzer t h e. Responding to charges that she was not consulted enough, Miss Horn said: "Let us find out if Indians are going to be controlled by chiefs or by Indians. . . . I leave it to you to recognize what are underhanded activities."

Miss Horn was faced with a challenge earlier in the meeting, when Elaine Labache, wife of section chief Gene Labache of the Caughnawaga Mohawks, asked her near Montreal said Miss Horn had never received permission to speak for the reserve.

"She has embarrassed us enough," Mrs. Labache said. "Make her sit down."

Chief Pine then intervened to ask Miss Horn to sit down.

Says Pearson, Diefenbaker Help Reds

BELMONT, Mass. (CP) — American Opinion, edited by Robert Welch, founder and leader of the right-wing John Birch Society, has linked Prime Minister Pearson and Opposition Leader John Diefenbaker with Communism.

The magazine says the Communist conspiracy is zealously exploiting the Quebec separatist movement, and that Canada is the only 70 per cent controlled by communism.

In its July-August issue, published here, the magazine says both are consciously contributed to the spread of communism and that Canada is the only 70 per cent controlled by communism.

Howard Graham, president, was also surprised and said the magazine's announcement should be closely examined. "It seems odd that this aura of mystery has surrounded this thing."

Robarts to Head Nuclear Sales Jaunt to Japan

TORONTO (CP) — Ontario will attempt to develop a nuclear power equipment export industry with Japan as its first customer, Premier Robarts indicated Thursday.

Mr. Robarts said he and Stanley Randall, minister of economics and development, will lead a nuclear sales mission to Tokyo in November.

Mr. Randall, the province's chief salesman, will go there into the British Crown colony of Hong Kong, and, it was learned, perhaps into Communist China.

The premier and his economics minister p l a y e d host Thursday to the 13 members of the Japan atomic energy development program study team on a six-country tour aimed at furthering Japan's nuclear power development program.

Takeichi Matsuno, executive vice-president of Hitachi Limited, who heads the study group, said Canada is at least 10 years ahead of Japan in industrial nuclear development.

Premier Robarts said Ontario would have a better chance of selling its uranium if Canadian-developed n u c l e a r reactors could be sold throughout the world for commercial power installations.

AERIAL BAILBIRDS — Contrary to first impressions this it not a view of a mass pole sitting competition. It's an East German solution of the problem of watching motorcycle race championships. Home-made pole observation seats provide air-cooled 1f not shady view positions for July 26th fourth run of world motorcycle championships at Sachsenring. (AP Wirephoto via cable from London)

No Commercial Assays Made By Windfall

TORONTO (CP) — Windfall Oils and Mines Ltd. Thursday announced that results from the first drillhole on its Fraser Township property, near Timmins, showed copper mineralization throughout "but no commercial assays were obtained."

Drilling is continuing on the property near the site of Texas Gulf's giant base-metals discovery in Kidd Township.

Drilling on the first hole stopped July 16 after reaching a depth of 862 feet at a 45-degree angle

Windfall has been one of the most active stocks on the Toronto exchange recently, moving from 56 cents to a high of $5.60. It closed Thursday at $4.10 ahead.$1.06 for the day.

Statement to announce results of the first drilling and assay was made July 14 after a meeting with the Ontario Securities Commission and the Toronto Stock Exchange.

SHOW SURPRISES

Exchange officials expressed surprise after the announcement.

"I am surprised the company would go ahead with drilling that I had found nothing before this," said Marshall Sterns, exchange chairman.

Howard Graham, president, was also surprised and said the company's announcement should be closely examined. "It seems odd that this aura of mystery has surrounded this thing."

'Winnie' Paid Tribute by Commons

OTTAWA (CP) — The Commons paid official tribute to Sir Winston Churchill for his fearless service to freedom and his own sovereignty.

Prime Minister Pearson said Britain, the Commonwealth and the free world will remain forever in debt to the 89-year-old elder statesman.

Opposition Leader Diefenbaker said that wherever free, sha wave the name of Churchill will always be revered.

New Democratic Party Leader Hazen Argue said Churchill was the greatest parliamentarian of our time, while Creditiste Leader Real Caouette said he spent his life defending two c at causes—the British Empire and democracy.

The House approved a motion ented by Mr. Pearson and deserve ear Mr. Diefenbaker that the tributes be transmitted to Sir Winston as a sign of the high esteem in which he is held by the Canadian people."

B. C. Spending $200 Million On Hydro Line Extensions

VANCOUVER (CP)—An often overlooked facet of the hydro-electric power picture in British Columbia is providing an unexpected spark to the economy. With an eye to huge blocks of power to come from the Peace and Columbia River projects, B.C. Hydro and Power Authority has embarked on a major program of transmission line construction.

Total cost will probably exceed $200,000,000 when the program is completed in about five years.

If there is any potential bottleneck in the power picture it may be Hydro's ability to build transmission lines fast enough, says Gordon Shrum, co-chairman of the government agency.

Now under construction are a $16,000,000 230-kilovolt line linking Prince George with the Bridge River plant and a $5,000,000 230-kilovolt line from Kamloops and Vernon to Bridge River.

Tenders are expected to be called shortly for the first phase of a $140,000,000 500-kilovolt line to bring Peace power to Vancouver. In addition, a start is expected this year on a $2,700,000 line linking Vancouver with the United States' Bonneville system at Blaine, Wash.

Last link in the program probably will be a $40,000,000 to $50,000,000 transmission line from Prince George to Prince Rupert, said Dr. Shrum. This may not be ready until 1969.

The proposed Prince George-Prince Rupert line would be pushed through an area that is expanding rapidly, he said.

Plans already have been laid for pulp mills at Prince Rupert, Kitimat and Houston, all located along the proposed line. Chemical plants to feed these mills are also planned for Prince Rupert and Kitimat.

In addition, two possible major molybdenum mines are located in the area, and these could provide a large market for electricity.

The Bridge River - Prince George line will provide power for two new pulp mills which are expected to be operating in 1968.

Four Dangerous Criminals On RCMP Wanted List

OTTAWA (CP) — Canadians have been asked to keep a sharp eye out for four dangerous criminals.

The four make up the RCMP's most wanted criminal list, first issued in 1950 to enlist the aid of the general public in tracking down fugitives from justice.

Since then publicity given the list by news media has resulted in the apprehension of at least eight of the men.

Still on the loose since the most wanted list was last issued are:

1. William Adams, 37, alias Wally Samborski, alias Joe Lacheau, wanted by St. Catharines police for the murder of his father in June, 1960.

2. John Frederick Meagher, 32, of Toronto, wanted by Toronto police for armed robbery with violence and escaping arrest. He escaped while being taken to Don Jail.

3. George Lemay, 38, of Shawinigan, Que., wanted by Montreal police for taking part in a theft from a Montreal bank. There are rewards totalling $10,000 for information leading to his arrest.

4. Adolphe Kerchesky, 43, of St. Calixte, Que., alias Maurice Deschamps, alias Maurice Beauchamps, alias Adolphe Kalchewak, wanted by Kingston penitentiary authorities for escaping custody. Paroled in May, 1957, after serving 11 years of a life sentence, he was convicted of an armed robbery charge in 1958. He was serving a five year sentence for this offence and concurrently with his life term when he escaped.

Meagher, Lemay and Kerchesky may be armed, the RCMP warned.

Parliament At a Glance

BY THE CANADIAN PRESS

THURSDAY, July 30, 1964

Prime Minister Pearson announced the Queen will open Parliament in person.

All parties paid tribute to Sir Winston Churchill.

Pearson saying the British Parliament will never see his like again.

Labor Minister MacEachen indicated he supports the idea of a royal commission to study trustees come before a Commons committee.

A private bill to increase Bell Telephone company directors from 15 to 20 met for fourth time amid heavy criticism of Bell.

Andre Choquette (L—Lotbiniere) referred to the supply debate, in its fourth day, a Conservative filibuster.

Eric Winkler (PC—Grey-Bruce) said the opposition was only doing its duty by questioning government expenditures.

FRIDAY, July 31, 1964

The Commons meets at 9:30 a.m. to continue the debate on a supply bill. The Senate meets at 3 p.m.

UPS SPENDING

SALISBURY (Reuters) — The government of white - ruled Southern Rhodesia more than doubled military expenditure in the budget presented to Parliament Thursday. Finance Minister John Wrathall announced a defense bill of almost $16,800,000 for the self-governing British colony.

U. S. Is Trying To Stop Mack Sale to Chrysler

NEWARK, N.J. (AP)—A federal judge issued a temporary restraining order Thursday enjoining Chrysler Corp. from acquiring Mack Trucks, Inc.

Judge Reynier Wortendyke issued the order, good for 10 days, after the U.S. justice department filed a civil anti-trust suit charging the acquisition would substantially reduce competition in the truck and diesel engine industries.

Walter D. Murphy, a lawyer for the department's anti-trust division, said the complaint filed in U.S. district court serves notice that a request for a preliminary injunction to block the transaction will be made shortly.

The government contended the acquisition would violate anti-trust acts.

Chrysler, denying the government's charge that competition would be reduced, said on the contrary it would "increase competition in the automotive industry and improve the ability of both companies to serve the needs of the nation's trucking industry."

The complaint said that Chrysler, with headquarters in Detroit, sells Dodge trucks of all sizes and that its total sales in 1963 were $3,500,000. It described Mack as a leading manufacturer of heavy-duty trucks, with executive offices in Montvale, N.J., had sales of $305,000,000 in 1963.

Libel Award Reduced to Half Million

FORT WORTH, Tex. (AP)—District Court Judge Charles Murray Thursday reduced a former Maj.-Gen. Edwin a Walker's jury award in his libel suit against The Associated Press to $500,000 from $800,000.

The judge also ruled that the AP was not actuated by malice in writing about Walker's activities on the University of Mississippi campus. The jury said the AP was.

Walker filed the lawsuit in connection with the AP account of his activities on the university's campus during enforcement of Negro James Meredith Sept. 30 1962.

The jury in June said Walker should be given $500,000 for actual damages and $300,000 for exemplary or punishment damages.

Since Murray said no malice existed, he threw out the jury award of $300,000 for exemplary damages.

Lawyer J. A. Gooch, who represented the AP, said he would have no comment until after Murray's decision.

WILL BE INDEPENDENT

LONDON (AP) — Gambia, one of Britain's oldest and smallest colonies in Africa, will become independent next Feb. 18, Colonial Secretary Duncan Sandys announced Thursday in the House of Commons.

Secretary-General U Thant Not Mere Bill Collector In Paris and Moscow Calls

By CARMAN CUMMING

At various times U Thant, Charles de Gaulle and Nikita Khrushchev all have been described as inscrutable. . . .

So it is not surprising that Secretary-General Thant's visits to Paris and Moscow have shed little light on the coming showdown over the political structure of the United Nations.

In some quarters Thant's mission has been oversimplified into that of an international bill collector, durning the French and Russians to pay up peacekeeping dues they owe to the world body.

It is true that finances—cold cash to keep the UN operating—is one part of the problem that took Thant to Paris and Moscow. But the real issue is much more complicated and much more important.

Basically, it revolves on the question of whether or not the big powers will have control over the main function of the UN: Keeping the peace.

QUARREL OVER RIGHTS

The Soviet Union and France say this power should rest exclusively with the 11-country security council, on which the fathers planned it at San Francisco in 1945. On the other hand, a large group of countries insist that the general assembly should retain the right—which it voted for itself in 1950—to involve itself in messy domestic feuds, as in The Congo, but should confine itself to keeping the peace between countries.

The aim of Thant's trip, and of the series of consultations with various countries at the UN during the summer, is to find a way to avoid a showdown at the session on these issues when the general assembly meets on Nov. 10.

If no solution is found before then, Russia will go ahead with an attempt to cut off its assembly vote because its debt of more than $50,000,000 now exceeds two full years' assessments.

The most hopeful development of the summer is a slight softening in the French might bend from their previous stand and pay a part of the $16,000,000 they owe towards the now disbanded Congo force.

The hope is based mainly on Thant's comment, after meeting with de Gaulle, that he was convinced the French government "wishes to participate more fully in the activities of the United Nations."

The feeling at UN headquarters is that if the French can be persuaded to change course, the Soviet bloc would be almost totally isolated. Moscow might then be more disposed to seek a compromise.

In Moscow, however, there was not a sign that Thant's visit was having any effect on the Soviets. Foreign Minister Andrei Gromyko repeated one of his favorite lines to the effect that Moscow would pay only "one kopeck" for any UN operation it considers illegal.

At the UN, Western diplomats say this might be just another Soviet attempt to hold to the toughest possible line until the latest possible moment before striking a compromise.

They regarded as more important at least as a sign of Moscow's readiness to negotiate was the Soviet proposal of three weeks ago for establishment of a permanent peace force under the control of the security council.

However one Western source, close to the center of the summer's negotiations, said any compromise that emerges will not resolve the seemingly grieving up its peace-keeping power.

He said that with the exception of the Soviet bloc and France, UN members are "paralyzed" by the "complete uncertainty" on retaining the right of the assembly to set up a police force and levy assessments for it when the security council is unable to act.

MP's Revise Travel Rules, Now Paid Car Mileage But Only for Trip a Week

OTTAWA (CP)—Members of the Commons have written a tighter set of rules governing themselves covering travel expenses.

Since last October they have been able to charge the taxpayers the expense of travelling "by common carrier"—train, bus or commercial airlines and their home constituencies on parliamentary business. Now they can claim only the expense of driving home in their own automobiles, at a rate of seven cents a mile.

Previously they were not limited in the number of trips they made. Now they can make such trips only once a week.

The rules were drafted by a small number of senior members who work with the Speaker in the Commons as the committee suggesting that members be paid "travelling expenses between their homes, their residence or their constituencies and Ottawa as ay be required for the proper discharge of their duties as members of the House."

The only requirement—was that such expenses must have been incurred in travelling by common carrier and do not exceed the cost of air transportation economy fares." The expense claims have to be supported by receipted vouchers.

This was a rather simple statement and it passed the House of Commons with little notice. But later some members found traps in it.

There could be abuses. The officials who deal with MPs' travel claims would be able to talk about specific cases. And they won't say there were any since the rules came into force.

For instance, an MP representing a Montreal riding could, under the old rule, fly up to Ottawa every day for House or committee sittings and fly home every night. The taxpayer would pick up the transportation bill.

But a member living in Peterborough, Kingston, or Peterborough—or anywhere else within easy driving distance of Ottawa—could motor back and forth in his own automobile and not charge a penny of the extra cost to the taxpayer, even if every trip were strictly "required for the performance of his duties as a member of the House."

Under the new rules, MPs can charge travel expenses "not more frequently than one return trip each week."

Trent College Staff Complete

PETERBOROUGH (CP)—T. H. B. Symons, president and vice-chancellor of Trent University, Thursday announced the appointment of Dr. John R. Sydnes as acting professor of psychology and Kenneth Winter as a lecturer in history. Their appointments complete the staff for the school's opening in September.

Mr. Symons, a graduate of Reading University at Berkshire, England, is senior lecturer and deputy head of the department of psychology at the University of Aberdeen.

Mr. Winter, who has taught at the University of Alberta and the University of Manitoba, is the historian that the church of the University of Toronto, where he is a junior fellow of Massey College.

REJECTS PROTESTS

LONDON (AP) — The House of Commons rejected Thursday protests against that the church o. England was becoming too Roman Catholic and approved measures that would make the wearing of eucharistic vestments by Anglican clergy. The vote was 308 to 144. The measure as it is required for changes in Church of England forms of worship because it is the state church.

RARE, MEDIUM, WELL-DONE

By CEO. H. CARTER, *Sports Editor*

A well-conditioned Bay of Quinte course, suffering slightly from thirst, awaits the onslaught of a young army of golfers.

The "invaders" representing some forty communities converge on the greens and fairways for the club's inaugural three-day Festival of Golf tomorrow.

The four-tournament Festival has attracted a ward of 200 golfers, including many of the province's finest professionals who will provide the feature attraction on Civic Holiday, Monday. They tee off at twelve noon.

"B" Flight (8-18) and "C" Flight (19-30) comprising 126 golfers formally open the Civic Holiday links Festival tomorrow. Fifteen clubs from Prescott to Toronto will be represented.

On Sunday the "couples" married and otherwise take over in a Mixed Two-Ball tournament. Seventy-four pairs from Ottawa to Kleinburg go to the first tee at 10.00 a.m. The majority represent Quinte district golf and country clubs.

What should be productive of some excellent golf is the "A" Flight, people with 0-7 handicaps. Fifty-four players with a like handicap from Toronto, Brampton, Kitchener, Waterloo, Islington, Oaklands, St. Catharines and other centres will tee off at eight a.m. sharp Monday.

The "main event" of the three-day Festival gets under way at noon Monday when the professionals, headed by Quinte's matchless play champion, Moe Norman, tee off for $1,250 prize money.

Norman will face tough competition in Murray Tucker, Frank Whibley, Joe Noble, George DeLast, and other outstanding pros from the top golf clubs of the province. Quinte pro George Cowan and other ace fairway figure on the Quinte course will be noted in Gary Bowerman, pow with the Islington Golf Club.

The course was reported at this writing to be in fine condition, although the drought of the past few days has taken away some of the lushness of the greens.

Ray of Quinte president George O'Brien is optimistic over the success of the Festival. "It is the biggest venture the club has undertaken and I sincerely hope it will attain the success that will warrant a similar festival in 1965."

"The club professional and his aides, together with the committees in charge of the various events have worked hard to put the Festival across," Mr. O'Brien said. "The directory have co-operated, as has the greater majority of club membership. The present natural weather and had weather all indications new point to the Festival being a successful venture."

The 6,545-yards par 71 course will be under the critical eyes of "experts" of professionals and top amateurs playing it for the first time. And upon their opinions hinges the future of the Festival. However, if it is any criterion very few, if any, complaints have been registered by the many out-of-town golfers who have played it.

President O'Brien again reminds the general public that the course, clubhouse and its facilities will be available to it. Galleries, however, must conform to the course rules and regulations. Players, especially the pros, must not be disturbed by spectator action or noise during tournament play.

The Civic Holiday weekend will mark the biggest milestone in the history of the formerly staid clubhouse. It will house the biggest golfing dining since it was built.

And by the same token the festival will go down in the archives of the club as its first bid for big tournament recognition and the biggest red letter event in its many years of operation.

Festival of Golf Draws

By TED BLACKMAN

MONTREAL (CP)—The mere mention of Gibby Gilbert's name always brings the same question.

"Who's he?"

But Gilbert, a 22-year-old from Hollywood, Fla., needn't be worried about his anonymous. They asked the same question of Arnold Palmer, since an unknown himself, when he scored his first pro golf victory in the 1955 Canadian Open.

And look where Palmer is today.

Gilbert, who has the initials CL in place of a first name, took a step in the same direction Thursday as he fired a four-under par 67 to take first-round lead in this year's Canadian Open.

It was very lucky, he explained while still in a state of semi-shock.

"I haven't won a nickel on the pro tour and I started last August. Some lawyers from Miami are backing me."

In fact, Gilbert has fared so badly on the tour that the Professional Golfers Association has revoked his player's card and he can participate in only two more tournaments. But his amazing round has changed things and he said he will reapply for permission to continue.

Gilbert shot a 34 - 33 — 67 against the 36-35—71 par of the rigorous Pinegrove layout to lead Bob Shave Jr., of Willoughby, Ohio by one stroke and a corps of big-game stars by several more. Jack Nicklaus was three behind at 70 with five others and Arnold Palmer bracketed himself with six golfers at 71.

Gilbert's putter was his lethal weapon. He needed only 27 putts to get around the 7,060-yard course as he one-putted eight times, two-putted eight times and had only one three-putt green.

Once he had no putts. On that occasion, the 150-yard 15th, he missed the green with his eight-iron but chipped in from 90 feet for a birdie. His best one-putt green was a 40-foot effort on the 14th.

Jack's Pack numbered in the hundreds, Arnie's Army was counted in the thousands but Gibbie's Gang, according to his own estimate, was "between 25 and 30 people."

Palmer was the leader while most of the field of 156 was on the course. He was six-under par seeing to the 17th, but he went two over par on the last two holes.

He hit the trap at the green on 17 and took two putts after leaving the sand and for a five.

On the 18th his drive landed behind trees on the left side. He had to chip out into the fairway to make a third shot to the right island and used two putts to hole out for another five.

He wasn't the only one to find trouble on the 18th, a twisting hole from an elevated tee that crosses a river. Reduced from par-five to par-four for this tournament, the 18th saw only five birdies but a fantastic 78 scores over par.

Tied with Nicklaus were Bill Collins, Rex Baxter, Bob Rosburg, Bob Stanwyck and Al Geiberger. Locked with Palmer at even par were Willie Scholl, Howie Johnson, Harold Kosece, Chuck Courtney, Jay Hebert, and the top Canadian, Phil Gilbert of Ste. Marguerite, Que.

Another Canadian, Toronto's Abe Normman, tied with seven others at one-over 72. The group at 73 included three homebreds, George Knudson, Bob Panasiuk and Wilf Homenuik.

Defending champion Doug Ford scared to a 77 while the winners of the qualifying round, Charles Coody and Dick Sikes with 69s, found the course tougher with rounds of 74 and 77, respectively.

BACKSTROM SIGNS

MONTREAL (CP) — Ralph Backstrom, all-star ice hockey centre with the Montreal Canadiens, signed a one-year contract with the club Thursday. The first member to sign up for the 1964-65 season, he will be his seventh year with the National Hockey League club.

Eliminate Trudeaus 4-1

Tweed Enters League Finals

By GARRY ALEXANDER
(Staff Sportswriter)

Tweed Lombards got a fine combined pitching effort from two checkers and key hits when it counted to win a berth in the Belleville and District Softball League finals last night.

Lombards ousted Trudeau Motors with a 5-4 victory before the biggest crowd of the season at the CNRA Park. Tweed took semi-final set three games to one and will meet the winner of Tuesday's Tenters-Trenton game for the title.

The titular series, for the Bill Orr Trophy will be a best-of-seven affair expected to open next Wednesday or Thursday.

Last night's game was the cleanest of the series with good fielding and excellent pitching.

The clubs fought through four scoreless innings before the winners moved ahead 2-0 in the fifth. They added another in the sixth and cut off a dangerous Trudeau threat in the seventh when the losers pinched their lone run.

A one-out walk ignited the winning rally in the fifth. LeSage, singled to right and another walk loaded the sacks. A low pitch got by catcher Murray and the game's first run came across. Morton then got to left and Locke made a fine running catch with the second run coming home on the off-balance throw. Green grabbed the high toss to home plate with his left mitt and, thinking to cut off a runner, but the peg was in the dirt. Both runs scored on the only error of the contest. Gorr and Merow kept the rally alive with hits but were left on base.

Tweed tilled the sacks with none out in the sixth on hits by Cotton and Carleton, plus a walk, but another fine catch, on T. LeSage's fly to right.

Winning pitcher Rich Morton who had handcuffed Trudeaus on one hit going into the seventh, finally ran into trouble. He issued a leading shot to right and it went for a leadoff homer when Colquhoun failed to get under the catch. Zakos popped a double to centre and Wright slashed a single over third.

Blaine Healey took over at this point, struck out the next two men and got Green on a hard shot to centre. Healey reached the final nine Trudeau batters in order, saving Morton's victory. Morton walked two, getting many on popups.

Bobby Green stayed the route in relief, giving up three hits, all in the first six frames. He too got the final nine men in order. He struck out six and walked four. Doug Ellis, scheduled to pitch, was absent due to a death in the family.

Terry LeSage's great play in the hole at short, robbing Locke, Faulkner's running catch off Morton's solid drive and Colquhoun's fine fielding plus an alert double play by the losers, were the best of the fielding plays.

Rich Morton paced his own offence, along with Paul Gorr. Each got two hits in four singles. Terry LeSage, Gerry Gorr, Ray LeSage, Don Cotton and Norm Carleton got one each for others.

Al Wright had two Trudeau singles, Ralph Plane a homer and Paul Zakos a double.

TWEED — T. LeSage ss, D. LeSage 1b, Morton p, 2b, Gorr c, Merow 3b, R. LeSage cf, Cotton rf, Carleton lf, Gerry 2b, Carleton if, Healey p.

TRUDEAUS — Locke if, McGuire 2b, Zakos 3b, Green p, Carless rf, Wright 3b, c, Murray c, Duggan 1b, Green p, Miller ss.

Umpires — Wiggins (AP) and Les Barton. Time: 2.19.

Tweed	000 001 000 -	4 9 0
Trudeaus	000 000 100 -	1 4 1

SETS RECORDS

LOS ALTOS HILLS, Calif. (AP) — Patty Cantrell, 13-year-old California water sprite, shattered two national age-group records in one race Thursday at the National AAU championships.

Juniors Win Loop Awards

A pair of the brighter stars on the pennant-winning Ellis Juniors have been awarded two of the Belleville and District Softball League's top individual awards, it was announced by the loop executive yesterday.

Bob Ethier, the league's winningest pitcher, was chosen winner of the Jimmy Berrigan Memorial Trophy as the league's most valuable player.

Third baseman Mike Chatland was named winner of the Bobby Henn Memorial Trophy as the loop's most gentlemanly and sportsmanlike player.

Ethier pitched eight of the Juniors' 11 wins, struck out 99 batters and walked 37 and played first base at times when not pitching. Other players considered in the final selections were Chatland and Bob Moon, of the Juniors, Blaine Healey of Trudeaus and Pat Marcle of Trenton.

Chatland's conduct on and off the field was considered flawless and the popular player was a key in the field and at bat in the Juniors' pennant drive. He was the loop's second high batter with a .325 average.

Other players receiving mention were Al Beaugrand and Gord Simmons of Trenton, LeSage and Eddie Gray of Tweed, and Billy McGuire and Gary Duggan of Trudeau Motors.

The Trots

TORONTO (CP) — Kintoo Colby sped to an upset triumph in the Junior Invitation Trot before 5,806 fans Thursday night at Greenwood Raceway.

The seven-year old gelding from the White Stable of St. Mary's, Ont., was a 10-to-1 chance and hit the finish line by a length ahead of the 6-to-5 choice, Peter Van R. driven by owner Clarence Lockhard of Collingwood, Ont.

Frisco Van R. was hard-pressed to take second place from Homestead Dan, seeking his 11th win in 17 starts this year for Osler Burrison of Coburg, Ont.

Kintoo Colby and Frisco Van R. combined for a quinella payoff of $32.70.

Favorites won the first two races and provided a daily double of $10.70. Johnnie Lobell clicked for Clare Archdekin of Brampton, Ont., in the opener and Prince Cops won for Jack Gordon of Coldspring, Ont., in the finale.

Have You a Plan for Your Future?

"Be a man with a Plan" join one of the Canadian Army's crack Infantry Regiments today. Interesting work with being employed for more than 40 hours in:

The Canadian Grenadier Guards
The Royal Canadian Regiment
Princess Patricia's Canadian Light Infantry
The Queen's Own Rifles of Canada
The Black Watch (Royal Highland Regiment) of Canada
The Queen's Own Rifles of Canada

If you are 17 to 32 and single and can meet the recruiting standards, here is your chance for an excellent career with a good future . . . a life of challenge, travel and adventure and interesting and healthy work.

Phils Nip Giants In Top-Rung Fight

Took Series 2-1

By RALPH BERNSTEIN
Associated Press Sports Writer

Should either Philadelphia Phillies or San Francisco Giants win the National League pennant, even a World Series might be anti-climactic.

Manager Gene Mauch said it best in the Phillies' clubhouse Thursday night after the Phils edged the Giants 4-3 in 10 innings—the fifth extra inning game of the season between the teams:

"People who have seen the 14 games between these clubs probably won't ever see more exciting baseball anywhere."

The Phillies, who took two out of three in the important three game set with manager Alvin Dark and his Giants, have won two and lost three of the over-time games. As a result of Thursday night's game, the Phils lead the Giants in the National League pennant race by 1½ games.

Elsewhere, Casey Stengel celebrated his 74th birthday by watching his New York Mets lose to Los Angeles Dodgers as Pittsburgh Pirates moved into third place by sweeping Houston Colts 1-0 and 6-3 and St. Louis Cardinals defeated Chicago Cubs 5-2.

STRATEGY INTERESTING

One of the most interesting aspects of the Phils Giants game is the strategy contest between Mauch and Dark.

Thursday night, the bases were loaded for the Phillies in the bottom of the 10th, none out and the Giants leading 3-2. John Briggs, a rookie who a year ago played for Bakersfield in the California State League was the batter.

The 20-year-old Briggs is a left - hand hitter, and Dark brought in his 37-year-old southpaw, Billy Pierce, either to face the youngster or force Mauch to pinch hit with the only right-hand hitter he had left, Pat Corrales, a rookie who joined the club Thursday.

But Mauch's sheets were turning.

"The most number of outs the Giants would get on Briggs was one," said Mauch. With his speed they aren't going to get the doubleplay."

Mauch also was thinking one batter ahead. With Robert Adaro, a righthander, due, he figured Dark to relieve with right-hander Bob Shaw, and then Tony Gonzalez, a lefty, would track it up.

Neither Mauch nor Dark had to think any further. With a one - ball, one - strike count, Briggs lined a double off the right field wall scoring two runs and winning the game for Philadelphia.

GIANTS TOOK LEAD

The Phillies led 2-1 until Willie McCovey smashed his 14th homer in the ninth inning with one out. San Francisco then went in front 3-2 in the 10th as Harvey Kuen singled, took second on a wild pitch, went to third on a sacrifice and came home on a single by Willie Mays.

The Mets appeared well on their way toward handing Stanley a delightful birthday present, the first victory over Don Koufax in their brief history. But Taylor had given New York a 3-0 lead with a three-run homer in the fourth.

Then the Dodgers scored two runs in the seventh, tied the game in the eighth and won it with two runs in the ninth. Tommy Davis driving in the winning tally with a single.

The Pirates got tight pitching from Vern Law and relief from Schwall in their sweep of Houston. Law pitched a five-hitter in the opener and scored the only run on Bill Virdon's single in the 1st inning.

Schwall held the Colts scoreless in the nightcap until the ninth inning. Jerry Lynch homered in the fourth and singled in the first two run in Pirates' three-run rally.

Bill White drove in four runs as the Cardinals increased their league lead to 3½ games—the longest in the league this season.

Corbin Gold Trophy Tournament

Lawn Bowlers Quest Four Gold Trophies

By GEO. H. CARVER
Sports Editor

Over 160 top lawn bowlers representing twenty Ontario centres will swell the city's sportsmen influx over the Civic Holiday weekend.

They'll be here for the 22nd annual renewal of the Corbin Gold Trophy Tournament which gets under way 9:30 a.m. Monday with the second draw slated for 11:30.

Guests of the Belleville Lawn Bowling Club they will quest possession, for the first time, of four beautiful gold trophies.

Beside the veteran Corbin Trophy marking its 22nd year of competition, there are the Calvert Distillers Trophy in its 12th year and the Belle Cleaners and Corbin Memorial Trophies making their competities debuts.

The City Carriers has donated the Belle Cleaners Gold Trophy and awards. Mrs. Jean Watkin has presented the Watkin Memorial Gold Trophy to the memory of her husband, the late Gordon Watkin, well-known city, district and provincial lawn bowler.

The quartet of beautiful prizes has been donated by the gold trophies' donors, Deacon Brothers, Stephens-Adamson, O'Keefe Brewery, Stephen Licence Ltd., Elliott Motors Ltd., Carquest Parkers Ltd. and the city's lawn bowling club membership.

Eight Belleville rinks are entered with three from Cornwall, Ottawa, Kingston, Trenton, Brighton, Cobourg, Campbellford, Picton, Toronto Balmy Beach, Dentonia, Rusholme and I.B.M., Prescott, Galt, Oshawa, Toronto Parkdale, Kitchener, Port Credit and Streetsville.

Last year's Corbin winner, Ken Watkin of London, Ont.; Calvert winner, Bill Fuller of Trenton, the third place winner W. Wigmore of the Toronto I.B.M. and the fourth place winner Gord McMillan of Oshawa, will be here to "repeat."

Other previous Corbin Trophy winners Morley Galt and Dick Edney of Kingston, Dick Adams of Whitby, Doug LaPorte of Prescott and Ubald Rouleau of Cornwall are returning this year.

Prizes will be awarded to all three-game winners (at least five) the two highest two-game winners, two highest one-game winners and the highest no-game winner.

Tournament chairman Gerald Hyde said the Belleville rinks will make a strong bid for the golden awards. These will be skipped by the chairman, Ab Wonnacott, Orlo Smith, Percy Graham, Bruce Miller, Austin Watkin, Bill Wright and Wally Lavergne.

Two former chairmen of the tournament passed on during the past year. These are Cliff Argue and Gordon Watkin. Mr. Argue acted as chairman for the first 13 years of the tournament. He was a past-president of the Provincial Lawn Bowling Association.

Mr. Watkin was chairman from 1950 through 1963 succeeding Chairman Hyde who assumed it following his demise.

The Belleville Lawn Bowling Club's hospitality, made famous over a period of 22 years, the perfection of its greens and its excellent tournament arrangements, have been the main factors in the consistent success of the Civic Holiday tournament.

Again this year some 200 bowlers and their ladies will converge on the city, many of them arriving Sunday night.

Those with city bowlers and their ladies will be the guests of the Calvert Distillers at a special reception at the Tops Motor Hotel Sunday evening.

The women's section of the Belleville club will again provide clubhouse meals under the direction of ladies' president Thelma Fitzgibbon.

The Club Commodore has been rented for refreshment facilities throughout the Civic Holiday of play.

Minor Baseball Results

The tail-end Jaycees upset first-place Park Dale 6-5 in tight Bantam baseball league game at Park Dale last night.

Park Dale made it close in the seventh and final frame when they scored once and had the tying marker on third before Goodfellow struck out the final three batters.

McKay and Paul Goodfellow combined to hurt the win, stopping the losers on five hits, striking out ten and walking six. B. Curtain handled the catching.

John Noakes went the route in defeat, giving up five hits. He struck out seven but issued nine free passes. H. Wark and C. Haley shared the catching. John Holgate and McKay paced the Jaycees hitters, each rapping a pair of singles. Butch Curtain got the other base hit.

Cecil Haley slammed a home run. Barry Burnette hit a double and single and Gary Burnette also hit a safely, for Park Dale.

Corbin Gold Cup Draw

FIRST DRAW — 9.30 A.M. SHARP

Green 1	G. H. Sherwell Kingston	vs	Ken Bain Toronto Rusholme
2	P. Graham Belleville	vs	Earle Pedgin Oshawa
3	Doug Laporte Prescott	vs	Alf. Kitzenbow Ottawa LBC
4	W. C. Wert Ottawa	vs	Austin Watkin Belleville
5	A. J. Taylor Campbellford	vs	C. W. Rouleau Cornwall

ENTER SWIM

CHARLOTTETOWN (CP) — Nine internationally known entries in Saturday's $3,000, nine-mile race across Northumberland Strait from Cape Tormentine, N.B., to Borden, P.E.I. Heading the list are Herman Willemse of Utrecht, Holland, winner of this year's Atlantic City 36-mile swim; Abdel Latif Abou-Heif of Egypt; and John Lacoursiere, of Port aux Pointe, Que. who won last year's Northumberland swim.

SALUTE MATTHEWS

TORONTO (CP) — Toronto's soccer community will salute 50-year-old English soccer great Stanley Matthews here Saturday night. Matthews, who will be making his last appearance in Canada before retiring officially next April, will play with the Ontario League all stars in the first half of their game with the Toronto Senior League All Stars. Matthews then will play the second half of the game with the seniors.

The Sports Calendar

BASEBALL

Saturday — South Hastings playoffs: Shannonville at Foxboro, 8.30 p.m.
Saturday and Sunday — Belleville Kids Invitationals, entered in Ontario Baseball Junior "A" tournament, at E. Cathcartine.
Sunday — South Hastings playoffs: Read vs Plaine's Concrete (Cannifton), 2.00 p.m.
Monday — South Hastings playoffs: Foxboro at Shannonville, 6.30 p.m.
Tuesday — South Hastings playoffs: Plaine's Concrete at Read, 6.30 p.m.

SOFTBALL

Sunday — Umpires' team practice, CNRA Park, 6.30 p.m. (cancelled Friday).
Tuesday — R. and D. playoffs: (5th game) Trenton Commercial Printers vs Hills Juniors, CNRA Park, 6.45 p.m.
Tuesday — Commercial League: Quinte Tire vs Tee-Bixx, (IP: Carried), 6.45 p.m.

GOLF

Saturday, Sunday and Monday — Pro-Amateur golf festival, at the Bay of Quinte Golf Club.

WRESTLING

Tonight and every Friday — Three professional bouts, Belleville Memorial Arena, 8.00 p.m.

HARNESS RACING

Every Saturday, Quinte Driving and Riding Club races, Belleville Fairgrounds, 8.00 p.m.

SOCCER

Saturday — Kingston District League: Belleville Parsons vs Kingston Dunbrick (at Belleville), 6.30 p.m.

TRAP AND GUN

Quinte Trap and Gun Club's shoots, every Sunday, 10.30 a.m.; every Wednesday, 6.30 p.m.

Rideau-Carleton

Raceway Opens Saturday

OTTAWA (CP) — With high as despite a veritable mountain of rain, the Rideau-Carleton Raceway Saturday begins its third season of harness racing.

Built at a cost of more than $2,000,000 in suburban Gloucester Township, the track lost $540,000 in its first two years of operation. But general manager Al Grillo says this is the year the track breaks out in black ink.

Covering 300 acres and featuring a gourmet restaurant, individual plush seats in its 2,700-seat grandstand and parking for 3,500 cars, the track has carded 54 nights of racing between Saturday and the fall.

There was room to stable 540 horses in its barn area but applications for space this year total over 900. The track is adding room for 100 more horses but delay in getting permission for such capital projects is one of the problems faced by Grillo, running the track under receivership management.

Grillo, a 50-year-old native of Edson, N.J., who played tackle in the National Football League before settling down to managing race tracks, was brought here in 1963 to put the raceway on a paying basis.

MANY SPAS

Llandrindod Wells, the Welsh resort, has about 30 springs of saline and sulphurous waters.

Women's Close Championship

Gail Harvey In Front With 71

By JOHN SHORT

CALGARY (CP) — Before the start of the 1964 Canadian Women's Close Golf championship, most experts picked Marlene Stewart Streit of Toronto.

Mrs. Streit has won the close title seven times and the open championship eight times.

But she warned that a lanky youngster named Gail Harvey, another Torontonian, had been posting the best scores on the talented Ontario team.

Her warnings were heeded Thursday after Miss Harvey topped two shots from par for a sparkling 71 and a three-shot lead over Ontario teammate Betty Stinchcombe Cole, formerly of Edmonton.

Miss Harvey, 21, used a hot putter and showed consistent accuracy with her woods and irons.

GRAB BIG LEAD

She led Ontario into a whopping 23-shot lead over British Columbia in the race for inter-provincial honors that will be settled today.

Mrs. Streit was fourth on the Ontario team with 77. The other member is Mary Helleur, who registered a 78.

Ontario totalled 298 compared with 321 for B.C., 324 for Saskatchewan and 325 for Quebec. Manitoba was fifth with 337, Alberta sixth with 367 and the combined Prince Edward Island-Newfoundland team ninth with 410.

New Brunswick was seventh with 359 and Nova Scotia eighth at 367.

Besides the four Ontario golfers only eight managed to tour the Earl Grey course in less than 80 and four of them were independent entrants from Ontario.

Rae Milligan of Toronto had 76, Mary Gay of Kitchener and Sandra Post of Milton, 77 and Sue Hilton of London 78.

AHEAD BY FOUR

Miss Post, 16-year-old hotshot who captured the Ontario women's amateur recently, opened a four-shot margin over Jocelyn Bourassa of Trois-Rivieres, Que., for the individual junior title.

However, Miss Bourassa's 81 helped carry Quebec to a tie with Ontario for the lead in the 36-hole junior competition as Lynne Murray of Cartierville contributed an 88. Both provinces posted 169 totals.

Pam Miller of Toronto shot an 84 and Nancy Stoddart of Toronto had 85. Miss Post was not a member of the team.

Third among the junior teams was B.C. with 173, two strokes ahead of Saskatchewan. Alberta was fifth, New Brunswick sixth, Nova Scotia seventh and Manitoba eighth.

SHOOTING FOR BETTER THINGS — Reginald Lessard, 42, Canadian archery champion since 1962, aims for a target at the Joliette Archery Club near Joliette, Que. The landscaped 25-acre site is a converted swamp. Club directors hope to add a tennis court and an Olympic-size swimming pool.

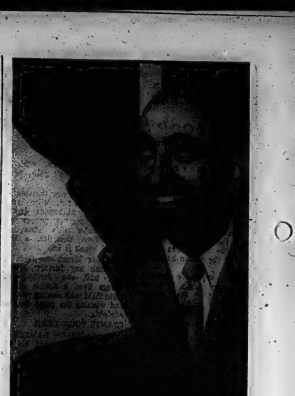
Tony Oliva Looks Like Top Rookie

MINNEAPOLIS (AP) — Tony Oliva, the Cuban kid with Minnesota Twins, is having a whale of a rookie season in the American League.

He just may post the highest batting average for a rookie in the history of the league.

In 1929, Dale Alexander hit .343 in his first season with Detroit Tigers.



Heading into tonight's series opener with New York Yankees, Oliva is swatting .339.

Oliva also has a good chance of winning the league batting title, currently leading the Yankees' Mickey Mantle by 17 points.

Oliva, who started strong, tailed off late in the first half of the season when an injured middle finger on his right hand hampered his hitting. But he has snapped that slump and currently has a 15-game hitting streak going with 24 hits in 68 times at bat for a .368 pace.

OPTION EGAN

DETROIT (AP) — Detroit Tigers optioned left - handed pitcher Dick Egan to Syracuse Thursday and recalled right-hander Jack Hamilton from the International League team.

HIND AT WORK — Terry Hind, 43, of Winnipeg, holds evidence of the paper work involved in his duties as vice-president and general manager of the Winnipeg Goldeyes, one of two Canadian teams in organized baseball.

White Sox Blank Tigers

Orioles Belt-Twins, Senators Scalp Tribe

By THE CANADIAN PRESS

Cleveland Indians, fired by their manager for giving bad baseball, reward him by scoring six runs in a single inning, Washington Senators, who play worse baseball and don't get fired for it, score seven times in a single inning and beat the Tribe 8-7.

Memory if you want your boy to play for a second - division club, you'll cut down on his living costs by sending him to Washington rather than Cleveland.

While the Senators were wrecking manager Birdie Tebbetts' psychology and sending Cleveland to its sixth straight defeat Thursday night, Baltimore Orioles belted Minnesota Twins 7-4 and Chicago White Sox blanked Detroit Tigers 2-0 in the only other American League games scheduled.

The Senators, uncharacteristically riding a four-game winning streak, got clutch relief pitching from Jim Hannan and Ron Kline to back up their big gest inning of the season.

HIT KEY BLOWS

Two-run singles by Joe Cunningham and Dick Phillips were the key blows in the Senators' sixth - inning spurge. Hannan, who came on after the Indians hopped on Al Koch for five singles and a homer by Vic Davalillo in the first, pitched five shutout innings. The Indians got a run in the eighth and loaded the bases with two out in the ninth on three walks before Kline came on and fo

Gary Peters, who has been doing some fancy hitting for the White Sox of late, the run-striking to Bill Skowron and concentrated on pitching. His three-hitter was his fifth win and ran his record to 12-3.

Skowron produced both Chicago runs with a sixth-inning triple as the third-place White Sox improved two games back of the idle New York Yankees.

Second - place Baltimore trimmed the Twins by marching to a half game by stealing some of Minnesota's thunder with a five-homer barrage. Jackie Brandt connected twice and Earl Robinson, Dick Brown and Brooks Robinson had one apiece for the Orioles who tied a club record for homers in one day.

Rookie Dave Vineyard won his second straight for the Orioles but needed third-inning help from Stu Miller after Ron Henry smacked a pinch two-run homer.

The Tracks

FORT ERIE, Ont. (CP)—Jockey Eric Walsh was handed a 10-day suspension Thursday by the stewards after the 26-year-old horse pilot promptly went out to win "Holiday" money" by riding two winners.

Walsh, Woodbine's leading rider and currently second to Jim Fitzsimmons here, rode Bull Pine in the second race then took the nightcap with Roman Thunder.

The stewards gave Walsh, from North Sydney, N.S., his enforced vacation after they reviewed films of Wednesday's eight -race.

Walsh was disqualified from first place in second after his mount interfered with Pierrapa in the stretch run. He'll be out of action from Aug. 1 to Aug. 10.

Pile Up 25-1 Score

Riders Romp Over Alouettes

MONTREAL (CP)—One question Eastern Football Conference fans may be asking today is how Ottawa Rough Riders get good?

Another good question might be directed toward the Montreal Alouettes.

Are they really that bad?

The two teams clashed Thursday night and a near-capacity 28,280 fans saw a lopsided 25-1 victory for Ottawa.

The Rough Riders chalked up an undefeated exhibition record with the win. They had already defeated three western conference teams by convincing scores.

On the other hand, the Alouettes have been unconvincing in their three exhibition games, losing two and winning only one.

SCORES TOUCHDOWN

Ron Howell scored a touchdown at 2:38 of the first quarter.

Less than three minutes later, Moe Racine kicked the first of two field goals.

The inept performance of the Alouette offense proved just the right environment for Roughie quarterback Russ Jackson, who completed six of eight passes in the first half for 107 yards. Jackson never paled off again early in the second quarter when John Nichols piled over from inside an 11-47 and Racine converted.

Alouettes scored a single—their only point—in the third quarter while Ottawa coach Frank Clair gave alternate quarterbacks Mike Mosolf and Bob O'Billovich some experience.

The Ottawa attack moved for 241 yards on the ground a fair approximation of their game domination against the Montreal squad was able to put together only 86 yards.

Veteran Riders back in football after service in the U.S. armed forces, was able to get the Montreal team rolling several times but the Ottawa defence was able to get through before he could do any damage.

Neither he, George Bork nor Francis (Bubby) Marriott could make much headway at quarterback and the Montreal team's fumbles ruled any chances they might have had.

Vees Swamp Leafs 12-1, Suns Win

By THE CANADIAN RESS

Richmond Virginians, a fighting sixth in the International League, took like world-beaters whenever Mel Stottlemyre takes the mound.

The 22-year-old right hander pitched against Toronto Maple Leafs Thursday night and the Vees, not normally noted for their power, staked him to a 12-0 lead in the first five innings as he coasted to a 12-1 victory, his 12th of the season against three setbacks.

In the league's upper reaches, the leading Jacksonville Suns comboed Rochester Red Wings 7-1 and Buffalo Bisons ran their winning streak to eight by subduing Columbus Jets 5-4.

Stottlemyre, who hit the game's only home run on his own behalf, had a one-hitter going until the ninth inning, when the Leafs needed four hits to push across their only run. Fred Hopke had four of the winners' 19 hits and Mickey Harrington drove in four runs.

Dick Howser struck out 13 Red Wings to tie a Jacksonville club record as he won his seventh of nine decisions. It was the Suns' first victory in six tries over two seasons against Rochester starter Claudis Chittum, who had limited them to four earned runs in 26 innings.

Rel ever Vern Handrahan gave up the last two Jacksonville runs in the seventh.

Cleon Jones accounted for the winning run with a homer in the seventh inning and reliever Dick Selma blanked the Jets over the last 2 1-3 innings as the third-place Bisons locked within half a game of the idle Syracuse Chiefs.

FEATURING "THE DU KANES"

Many Acts, Animals, Clowns Enjoyed by Circus Crowds

A cool breeze and sunny skies prevailed at the Sells and Gray Three Ring Circus opened at Zwick's Island here yesterday afternoon.

The circus, directed by William J. English of Sarasota, Florida, was sponsored by the Army, Navy and Air Force Veterans' Association of Belleville.

Hundreds of children and adults gathered outside the animal and side-show tent, waiting patiently for opening time.

One of the first acts to be seen inside the tent was a spine-tingling sword-swallowing act by Alex Linton. Mr. Linton began his act by swallowing one sword at a time. To make it more interesting for his audience he unconcernedly swallowed four at one time, measuring over 13 inches in length.

ELECTRA LADY

Lighting electric light bulbs the human way was next on the program when the electra-lady, Mrs. Patricia Miller, lit two with electricity being generated through her body.

For the kiddies in the crowd a Punch and Judy puppet show was given by Stuart Miller, M.C., followed by a performance starring Mrs. Miller as the "Rubber Lady." She was placed inside a box through which Mr. Miller placed numerous bars, without touching her. Mrs. Miller has appeared at the World's Fair in New York City.

UNDER BIG TOP

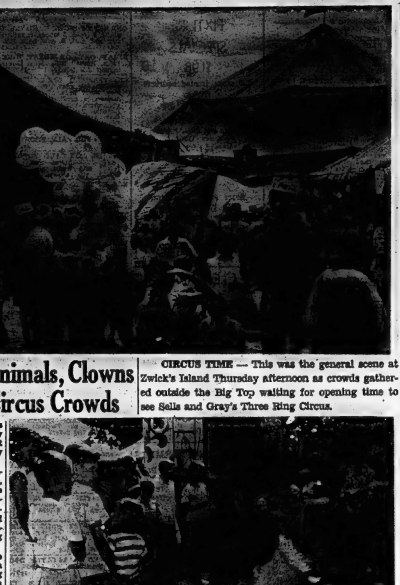
A large audience gathered under the Big Top for the afternoon matinee which started with a parade around the three rings, of the animals and performers that would be taking part in the show.

The first act to be seen was Elmer Hayes and his four performing Oklahoma ponies.

Next came a group called the "Lazay Troop" starring Mr. and Mrs. Lazlo Toth and their three young daughters, Susan, Diana and Doris, who conducted their act atop large rubber balls, requiring perfect timing and balance.

Next everyone loves clowns—and the audience enjoyed Petito and Cha-Cha featuring Philip and Bonnie Bontez.

Centre ring was the centre of attraction next as Paulo Dekanter, a tall slender man, climbed onto a table to contort his body into as many face-arcdening positions as he possibly could after which the three young Toth sisters took to the swinging ladders suspended from the ceiling of the Big Top, in a flying precision act.



Back to the ground again an equestrienne, Claudine Schmidt, took the limelight as she carried out her performance.

Then the three pretty Toth sisters were back in the air again to do their thrilling aerial rope act followed by Elzog show put on by Petito and Cha-Cha the clowns.

Anna Mae, the four-ton motion picture elephant star, then made her grand entrance ridden by pretty Christina Hudson. Anna Mae has performed in 29 motion pictures, is 46 years old and weighs only four tons and she is single. If she had any new elephant jokes, she didn't tell anyone.

The audience then viewed a balancing act by the contortionist, Mr. Dekanter and his pretty assistant. The young lady climbed to the top of a ladder and juggled several rings. The ladder, meanwhile, was being balanced on the foot of Mr. Dekanter.

As a grand finale, Anna Mae and Bessie gave a performance in the spot light of centre ring. Both animals, in spite of their enormous size, moved through their act with incredible ease and timing.

TIRED PONY — Too hot to go 'round once more, this small pony decided to take a rest after a hard afternoon's work at the Sells and Gray Circus.

CIRCUS TIME — This was the general scene at Zwick's Island Thursday afternoon as crowds gathered outside the Big Top waiting for opening time to see Sells and Gray's Three Ring Circus.

'Jest a Second'

"Couldn't your sister have somebody else hold her baby while she went to telephone?"

At the Belle

Disney Fails for Kids and Animals, and Makes Wonderful "Thomasina"

Unable, as ever, to resist the charms of children and animal actors, Walt Disney has produced, in his feature motion picture, "The Three Lives of Thomasina," showing today and Saturday at the Belle Theatre is one of the most entertaining and commercial films of his fabulous career.

Based on a novel by another superb artist, Paul Gallico, this is the story of a Scots village and its animal-dependent inhabitants, including a seemingly heartless veterinary surgeon and his little daughter who loves Thomasina, a cat, better than life itself.

The filming was done in Inverary, Scotland, the scene used by Gallico as the basis for his book at Black Park in Buckinghamshire, England, and at the Pinewood's studio in London.

Disney, well known for his bents for absolute authenticity, chose Britain because Gallico did, and used British actors because those British accents and accents were properly colloquial.

The color by Technicolor, the picture stars Patrick McGoohan as the veterinarian, Susan Hampshire as the young blonde woods witch whose curative powers exceeds Mr. Goohan's and Laurence Naismith, as a minister and McGoohan's clergy friend.

The story is well-paced, full of laughs and packed with an intense drama set in a village of people who still believe that, because a beautiful girl chooses to remain by herself in the woods cottage, curing and caring for wildlife she must be wedded at all costs as a very beguiling and thus extraordinarily dangerous witch.

HOLD SALE

COOKSTOWN, Ont. (CP)—The Ontario Guernsey Breeders' Association annual classic sale Wednesday brought a total of $28,275 for 38 head of cattle at the farm of Patrick O'Connor, near this community 15 miles south of Barrie. Top cow, Brookhill R. B. Fore Amy, was consigned by William Brooks of Paris, Ont., and bought by Henry Borden of King, Ont., for $2,000.

AT THE PARK — A Man and a Monkey — alike on Mars! Paul Mantee, as a U.S. astronaut who has crash landed on Mars, tries taking to his monkey in the scene from Paramount's thriller, "Robinson Crusoe on Mars." Monkey and Saturday night fun at the Park's opening film is based on the famous Defoe classic. On the same program is color "Stage to Thunder Rock," starring Barry Sullivan and Marilyn Maxwell. Both features are first showings. Continuous show Saturday from 1.30 p.m.

Movie Column

Institute of Fine Arts Is Disney's Latest Dream

By BOB THOMAS

HOLLYWOOD (AP) — Walt Disney is a man who usually gets what he wants. Witness his longtime dream of Disneyland, now beginning its 10th year.

Walt now shares a dream with other Los Angeles civic leaders. It concerns a school which would be devoted exclusively to training young people for achievement in the arts. It would be located on a site overlooking Hollywood.

The concept is called CalArts, short for California Institute of the Arts, and it is aimed at doing for the creative field what Caltech does for science. The present plan was not Walt's idea, but it jibed with a conception of an art school he had long been mulling. He became a trustee and is devoting much time and effort to furthering th project.

Phase No. 1 is the Cal-Arts Center, a 15-minute film that outlines "the dream. It will be shown Aug. 27 to civic and industrial leaders with the world premiere of Mary Poppins. Then, the short will be handed over to organizers and fund-raisers to aid in their campaign.

"Our idea is to create a school that will avoid the bigness and the specialization of a university," Walt explained over lunch at the studio "Students would be exposed to a cross-pollination in all the arts without having to take a number of academic subjects. They will get a bachelor of fine arts; and if they want a bachelor of arts they can go to a university and finish the requirements."

THEATRE FEATURE TIMES

AT THE BELLE — Walt Disney presents "The Three Lives of Thomasina," Patrick McGoohan, Susan Hampshire, Laurence Naismith. 2.30 - 7.30 - 9.30.

ELECTRICAL ENGINEER

A rapidly expanding manufacturing operation in East-Central Ontario, requires the addition of an Electrical Engineer to the Engineering and Maintenance Staff. The successful Candidate will have had approximately five years experience in one or more of the following fields:

(1) Process Instrumentation
(2) Gas Fired Installations
(3) High and Low Voltage Distribution

The Engineer in this position will be involved in equipment maintenance, process layout design and installation.

This position offers opportunity for personal growth and advancement, along with excellent Company benefits.

Replies will be treated in confidence. Full particulars of education, experience and personal status should be submitted to Box 70, Ontario Intelligencer.

Thomasburg

THOMASBURG — The evening group of Thomasburg W.C.W. assisted by the afternoon group W.C.W. catered at the Sales Barns on Tuesday.

Miss Mary Hicks visited with Mr. and Mrs. R. H. Dafoe and family of Foxboro on Tuesday.

Mrs. H. E. Thompson was a recent visitor with Mr. and Mrs. Claude R. Thompson and family at their summer home in Presqu'ile.

Mr. and Mrs. John Clarke, Holly, Lindsay, and Ronald of Winnipeg, Manitoba, were with Mr. Clarke's aunt, Miss Phoebe Kerr.

Mr. and Mrs. Austin Snider and family of Woodbridge were Friday evening guests at the home of Mr. and Mrs. E. Pringle.

Mr. and Mrs. Ralph Genova and Sairley of Hicksville, Long Island, New York are visiting at the home of Mr. and Mrs. Willard McTaggart.

Mr. and Mrs. Roy Lee and family of Oshawa were entertained at the home of Mr. and Mrs. R. Pringle on Saturday evening. Mr. and Mrs. Joe Harvey of Toronto were overnight guests at the same home.

The funeral of Mr. Everett Porter of Frankford was held from the Bowe Funeral Home, Frankford on Saturday afternoon, interment being made in Thomasburg—Cemetery. Several relatives in the area attended.

Master Peter Mundy, small son of Mr. and Mrs. Lorne Mundy of Thomasburg was badly injured last Friday when a board on the swing hit him on the head necessitating several stitches. He is now recovering satisfactorily.

Mr. and Mrs. Cecil Geen spent the weekend with their son Stewart and his wife and family in Paris, Ont.

There will be no United Church service at Thomasburg until September 6 the pastor, Mr. A. Smith, Mrs. Smith and family will be on vacation.

A delightful family get-together took place at the Col. Vanderwater Park on Sunday and those in attendance were: Mr. and Mrs. John Clarke and family, Winnipeg; Mr. and Mrs. Ralph Genova and Shirley of Hicksville, Long Island, New York; Mr. and Mrs. Horace Knight and daughters Beverley and Evelyn and Miss Diane Gerow, all of Belleville; Miss Phoebe Kerr, Mr. and Mrs. Willard McTaggart and Mr. and Mrs. Ross Wilson, all of Thomasburg.

On Tuesday evening Mr. and Mrs. John Clarke and family of Winnipeg; Mr. and Mrs. Horace Knight and family of Belleville; Mr. and Mrs. Ralph Genova and Shirley of Hicksville and Miss Phoebe Kerr of Thomasburg were guests at the home of Mr. and Mrs. Willard McTaggart.

REFLECT TREND

OTTAWA (CP) — The trend in Canada early marriages in Canada was reflected in a bureau of statistics report Thursday. The report, one of a series on the 1961 census, showed that 39.2 per cent of females in the 20-24 age group were married in 1961 compared with only 38.8 per cent in 1941. The bureau described the increase in the proportion of married people among the younger population as phenomenal.

Personal Property Losses

WHO LOSES?

YOU, more than likely—unless the loss is covered by insurance. You can guard against such loss though—with a Personal Property Floater. Covers the loss whatever the cause — whether you're at home or travelling. Personal Property loss can be substantial. It's good business to INSURE!

RAWDON

Tribute Given To Retired Pastor By Relatives

RAWDON—Seventy-five relatives from Toronto, Lakefield, Belleville, Campbellford, Trenton, Norwood, Stirling, Mount Pleasant, Burnhrae and Wellmans attended a Pastor's Jubilee Tea, Church Hall on Saturday evening in honor of Rev. David Weaver, Mrs. Weaver and daughter Sharlie of Valley Station, Kentucky. Mr. Weaver is a cousin of Mrs. Forrester and has visited or served in all but three countries of the world. He was a chaplain in the United States Army and served throughout World War II.

David Weaver was born at the place where Central Cheese Factory (near Angus) is now located. He was a son of the late Elgin Weaver. His father was born at Carmel, a son of the late Mr. and Mrs. J. B. Weaver. He has a daughter Lois Weaver, a missionary in Hong Kong; a daughter Ruth living in Jacksonville, Kentucky; a daughter Marjorie living in Tennessee; and a son David in Florida.

Rev. and Mrs. Weaver have been visiting at the home of their cousins Mr. and Mrs. Joe Grills at Carmel and together they motored to Rawdon for the interest in this area and called on numerous relatives. David visited here in his youth and left here before going to Germany.

Following a sumptuous potluck supper, Mr. Carlisle (a first cousin) welcomed everyone. Stirling musical quartet, Messrs. Harry Brown, Jack Bush, Grant Richardson, Ralph Johnson with Mrs. Bush accompanist provided entertainment for the evening.

Rev. Weaver showed pictures of his home in Kentucky, of his family in their various homes and of his travels around the world. His second set of slides was based on "The Passion Play" as he had seen it and portrayed. Dave also gave a brief address which gave a resume of his career and of what he had been doing for the past 12 years. This was a memorable evening for the Weaver family.

Melrose

MELROSE — Master George Larter has returned home from a holiday spent with his aunt and uncle, Mr. and Mrs. Clem Gent of Deseronto.

Edward Larter spent a few days with his grandmother, Mrs. Cahill in Napanee.

Mrs. Gordon Larter and children of Oakville, have spent a week with her parents, Mr. and Mrs. Milford Demille.

Mrs. Lorne Weese is visiting at the home of Mr. and Mrs. Jack Weese in Toronto, she is helping in the care of her first grandchild, a baby girl.

Mr. and Mrs. Newton Demille spent the weekend with friends in Toronto.

The funeral of Clayton Osborn was held at Melrose Church on Saturday afternoon. The church was filled to capacity on this occasion, which was the first to be held in the newly erected church. Mr. Bates, newly appointed minister on the Shannonville circuit, officiated at this service and at the graveside in Melrose cemetery.

Mr. and Mrs. Charles Bates, having accompanied Mr. and Mrs. Ronald Bates of Belleville on a motor trip to Quebec City, returned home on Thursday evening.

Miss Beatrice Macfarlane has returned from the west coast.

The church picnic held at Tweed park, was well attended.

Mr. and Mrs. Peter Scarlett of Toronto spent the weekend with Mrs. A. English.

Sympathy is extended to the family and relatives of the late Harry Mills, who passed away at Belleville General Hospital early Sunday morning.

Recent guests of Mr. and Mrs. Grant McLaren were Mrs. W. Blatherwick and grand-daughter, Kerry Blatherwick of Belleville, and Mrs. Jean Miller of Ottawa, accompanied by her daughter Mrs. Arthur Gough and Robert of Foxboro.

Mrs. Roy Cook and children are spending a few days with relatives in Wellington.

Rawdon

RAWDON—Kenneth McConnell, son of Mr. and Mrs. Norman McConnell, Mount Pleasant has been selected as a 4H club member from Hastings County to be the delegate on the 4H bus trip to Western Ontario in August.

Brock Richardson, son of Mr. and Mrs. Ed Richardson, Lakefield who is employed for the summer in this area met with an unfortunate accident on Saturday when he punctured his left arm with a fork at the barn. He is spending this week with his parents.

Mrs. Robert Merrick entertained several children and their mothers Tuesday afternoon in honor of the birthday anniversary of her son Glenn Merrick.

Mr. and Mrs. George Scott and children, Toronto, spent Sunday with his parents, Mr. and Mrs. Clarence Scott.

Mr. and Mrs. Robert H. Hoard and children spent the weekend with her parents, Mr. and Mrs. Charlie Tamlin. On Saturday they attended the wedding of her cousin Miss Violet Owens and Gordon Murray in Woodville United Church.

Mr. and Mrs. George Johnson, Berkeley are holidaying with Mr. and Mrs. Herbert Smith and Kenneth.

Mr. and Mrs. Percy MacMillen accompanied Mr. and Mrs. Sid Demorest, Herb, Betty, and Tommy to the 19th Hubble reunion at a beach near Brighton on Sunday.

Clifford Hubble, Glen Ross, was in charge of the work at Hall's Hill pioneer cemetery last week.

Messrs. Kenneth Smith, Douglas Potts, Fred McAdam and Allan Wrightman of Mt. Pleasant, spent a couple of days at Wallaceburg; owing to the sudden death of their school-mate, Andrew Daniel Harris. Kenneth and Douglas were pallbearers at the funeral on Monday morning.

Donnie Campbell, son of Mr. and Mrs. Douglas Campbell, had the misfortune to fracture his left arm, he fell off the pony which he had been riding.

Mr. and Mrs. Clarence Scott, Jim, Janet and Randy attended the wedding of their son, Wilmot Scott and Miss Nancy Yull, at Bridge Street United Church parsonage on July 26, with Rev. H. M. Mrs officiating.

Mr. Georgs Scott, Toronto, was groomsman for his brother. The reception followed at the home of the bride's parents, Mr. and Mrs. Norman Yull, Bridge Street, Tweed.

Mrs. Lucille Crawford, and Miss Mary Flynn, Marmora, spent Friday with Mr. and Mrs. Blake Sharp and Bert. This was Miss Stewart's first visit to Mount Pleasant in 40 years.

VISIT IOOF HOME

Mr. and Mrs. Mac Sharp went by chartered bus to the IOOF Senior Home at Barrie on Sunday.

Mr. Jim Johnson, Montreal, spent the weekend with his parents, Mr. and Mrs. Donald Johnson.

Mr. and Mrs. Blake Sharp and Bert recently entertained Mrs. Duncan McBeath, two children, Madoc; Miss Georgia Pitman, and her brother, Jack Pitman, Belleville, and Mrs. Harry Mullett, Crookston.

Mr. and Mrs. Donald Johnson, Mr. Jim Johnson, Misses Pauline, Carolyn and Nancy Johnson attended the wedding reception of Miss Alberta where guests of the former's niece, Miss Marie Hollinger, Foxboro, and Mr. Douglas Kellar, Actinolite, in Foxboro United Church.

TRUCK EXPLODES

TORONTO (CP) — A tank truck being filled with asphalt exploded at a suburban Scarborough paving firm Thursday, injuring a workman and causing an estimated $10,000 damage. Donald Grosalle, 25, of Scarborough, was reported in fair condition in hospital after suffering burns to his hands, arms and face while helping to load the truck.

Centenary

CENTENARY — Mr. and Mrs. Keith Johnston, Linda and Pearl attended the Ferguson family picnic at Ameliasburgh Park, Cassarea on Saturday, July 25th.

Mr. and Mrs. Marshall Vandewater of Ancaster visited on Thursday with Mr. and Mrs. Roy Thrasher and Mrs. R. Hart.

Mrs. C. McRae and Mr. and Mrs J. McRae of Covington visited Mr. and Mrs. Albert Christopher at the weekend.

Mrs. R. Hart is spending a few days with Mr. and Mrs. C. Dunn at Colborne.

Mr. and Mrs. D. Reid and family enjoyed a week camping at Presqu'ile Point.

Carol and Brenda Pearson are spending a few days with their grandparents, Mr. and Mrs. O. Pearson.

Mr. and Mrs. Phil Ray have recently returned from a trip to Alberta where they visited Mrs. Ray's sister and husband, Mr. and Mrs. George Houlden of Calgary. Alberta. They also visited Banff, Calgary stampede and places of interest in Montana.

POLICE SEARCH

NEW DELHI (Reuters)—Businessmen in New Delhi's wholesale grain markets came to a standstill Thursday as police searched warehouses for illegally hoarded grain. The raids, which began Wednesday, followed worsening shortages and spiralling prices.

Wooler

WOOLER — Mr. and Mrs. Charlie McColl spent a day last week with their daughter, Nellie at Buckhorn.

Mrs. H. Badgley along with Mr. and Mrs. Doug Fox spent last week at their camp on the Trent River and on Tuesday Mrs. McMaster and his parents, Mr. and Mrs. Elgin McMaster spent the day with them.

A number of ladies attended a tea at the home of Mr. and Mrs. Hilard Morrow, in honor of their daughter, Ann on Thursday.

Mr. and Mrs. Art Tamlin of Oshawa visited Mr. and Mrs. Percy Gooding, Mrs. Vera Teal and Mrs. Gladys Herrington left on Sunday for a boat trip to the East Coast and New York.

Mr. and Mrs. George Rutzen of St. Catharines is spending a few days with her sister, Mrs. N. N. Haggerty on their way home from spending holidays in Florida.

Mr. and Mrs. W. A. Doriand and Mrs. Howard Arthur returned home on Saturday after spending three weeks with relatives in North Dakota.

Mr. and Mrs. Don White and children of Scarborough were weekend guests of her parents, Mr. and Mrs. Elgin McMaster on their way home to spend a week camping at Beaver Lake.

Diane Trower a nurse in Belleville General Hospital spent a few days with her parents last week.

Mr. and Mrs. Harold Haggarty and family are camping at the Trent River this week.

Mrs. S. L. Terril, Mrs. G. R. Putnam and Mrs. Vera Teal visited Mrs. Percy Woods in Napanee on Tuesday.

Mrs. D. Carss of Penetanguishene and mother of Smithfield were Thursday guests of Mr. and Mrs. Hubble.

Mrs. N. N. Haggarty spent Sunday with her son and family, Mr. and Mrs. Max Haggarty at Belleville.

Mr. and Mrs. Bill McKee and family of Ajax, Mr. and Mrs. Jim Putnam and family; also Margaret Dorland returned home on Sunday from camping at Beaver Lake.

Mr. and Mrs. Austin Leavitt of Ameliasburgh weekended with Mr. and Mrs. E. Leavitt and family of Trenton were also Sunday guests at the home of Mrs. Leavitt.

NEW COINAGE

A new coinage system has been recommended for South Africa, including a silver 50 cent piece, a bronze two-cent piece, and a nickel 20-cent coin.

Astrological Forecasts

By SYDNEY OMARR

For August 1

Aries (Mar. 21 to Apr. 19): Utilize your own judgment where money is concerned. Mate or business partner may not possess all of the facts. Be wrestling. Snap around. Test and probe. Try new methods. Meet people.

Taurus (Apr. 20 to May 20): Key to happy, successful day is being observant. Trust only yourself and intuitive feelings. Your own intuitive powers work. Powerful. You are now better able to separate truth from fancy.

Gemini (May 21 to June 20): Relaxation is necessary. No day to mix business with pleasure. You may not be able to "let your hair down" in presence of work associates. Avoid making promises. Be charming but practical.

Cancer (June 21 to July 22): You must face realities concerning friends. Realize that perfection is an ideal. Don't be discouraged if the "ideal" is not always achieved. Manage with life become much clearer by tonight.

Leo (July 23 to Aug. 23): Don't be misled by car you meet at social affair. Evaluate what you hear and see. Promises, claims, boasts come easily. Stick to the familiar. Don't be enticed by tinsel.

Virgo (Aug. 24 to Sept. 23): If travel can be postponed . . . do so! What you seek is not far away. Know this and make plans accordingly. Excellent for creative endeavors. Dress up ideas. Emphasize glamor, imagination.

Libra (Sept. 24 to Oct. 23): Take special care where expenditures are concerned. Obtain hint from Aries message. Seek advice of expert. Best course is to finish projects. New endeavors can wait — for more time.

Scorpio (Oct. 24 to Nov. 21): Cycle has been higher in past. What appears on the surface may be an illusion. Ride with the tide. Don't attempt to force issues, circumstances. Be a good listener. Welcome new friends.

Sagittarius (Nov. 22 to Dec. 21): Conserve strength. If you are on a vacation — act like it! If not, settle down to business. Something you have worried about will be settled. Express appreciation. Be charming.

Capricorn (Dec. 22 to Jan. 19): Romance continues to claim spotlight. You are in with "different" eyes. Time to look your best. Vital . . . when you react with flavor to flattery. Fine for dining out, attending theater.

Aquarius (Jan. 20 to Feb. 18): You tend to be sentimental. But there are matters connected with security which demand logic. Check details. Obtain valuable hint from today's Taurus message. Face issues as they exist.

Pisces (Feb. 19 to Mar. 20): Make changes which bring you closer to loved one. Those who attempt to discourage you are serious. Know this and act accordingly. Be careful of what you put in writing. Key is patience.

If today is your birthday . . . you are a showman, independent in thought and action and capable of putting across original ideas.

General Tendencies: Cycle continues high for Taurus. But Scorpio persons are urged to use prowess in fine arts, not as "heroes." Special word to Capricorn: Enjoy yourself but remember past promises.

ANCIENT CASTLE

Wales' Harlech Castle, built to guard the southern approaches to the Snowdonian mountains, was completed in 1289 AD.

Teen-Age Canada Tan, Not Brains, Is Needed To Bring Girls Swarming

By JACK HUTTON

Tell me, why does a fellow or a gal fry himself or herself a lobster shade of deep reddish brown?

A friend raised this question this week after he returned from several days at a beach where I'm afraid he was several shades lighter than anyone else.

"So I looked white as a ghost the first day on the sand," he muttered. "But why do girls flock around a bronzed lifeguard in summer when they know he can hardly spell his own name.

"There's only one reason," he concluded unhappily. "It's his tan. Fellows like myself who can't tan are being discriminated against because of one thing — the snobbery of the beach."

BEACH SNOBBERY?

It's the long cold Canadian winter, I tried by explain. Canadians naturally rush into the sunshine as soon as it appears because they know it won't last long. Every ray has to count.

Girls shun the air-conditioned office cafeteria to perspire on a park bench a block away, conscious that every minute will make that new dress look better. Fellows lie half-asleep on the grass, feeling healthier, stronger and more like Tab Hunter every minute.

"It's more than that," my friend interrupted. It turned out that during his spare time (or girls would talk to him) he classified the "beach types". They follow with his comments:

1. The tanner: Any tanned individual who lies on the beach from early morning to late afternoon, rarely speaking to anyone else. "Strictly Dullsville, a neurotic individual who seeks escape in the sun by becoming a supposedly new person.

2. The Life of the Party who leaps about the beach all day splashing water on beautiful girls and throwing beach balls. "Obviously insecure. An individual who has watched too many TV ads and feels he has to live up to this image."

3. The Reader. "Obviously a nut. Who would want to read Tolstoy on a grilly, sandy beach with shouting galoots jumping around him. Ahead of No. 1 and No. 2, however."

4. The mid - March tanner. "Worst of the lot. This chick or fellow is obviously so insecure that he or she has been cheating under a sun lamp since Christmas. However, they'll get ahead in life because they plan ahead.

5. The Pale Type who lathers on creams and ointments of all kinds in the ground hope of advance from the water under a beach umbrella or the only available shade. "What the devil's he or she doing there?

6. The Couple who Neck, obviously caring not or what about the sun or embarrassed swimmers around them. "They are possibly the sickest of all because they crave making a public spectacle of themselves.

7. The Redfaced Bather who carries a sunburn all summer and doesn't seem to care. "Either an undiagnosed idiot or a masochist who enjoys third degree burns.

"Just a moment, I interrupted "Youve knocked everyone you saw. Isn't there any type you approve of on the beach? Aren't you going back yourself this summer?

"I am, my friend said sheepishly. "As soon as I can afford a sunlamp."

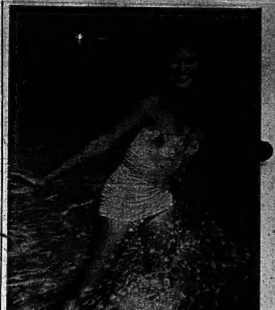
BEATLE MOVIE

You can watch for the first and last??? — movie by the Beatles during the next month. The movie, entitled "A Hard Day's Night," is a fictitious account of 36 hours in the life of the group and starts at some Canadian theatres in mid-August.

ANCIENT ISLE

From what I've heard the movie won't stir any Academy Award nominations. It's long on music and short on plot. But it does prove what many have suspected: the four Beatles are nice guys.

BIRDWATCHER



Mary Anne Sloane, 15, of Moncton, N.B., writes: "My family and I wonder why you haven't followed up your excellent winter column on bird-feeding stations. We followed your advice in making one and found identifying the visitors a wonderful family sport.

"But it didn't stop there. We've just returned home from a car trip through Quebec and on the first day we saw birds we hadn't seen before. Dad stopped in the first town, bought a bird book, and we saw all sorts of strangers on country fence posts.

"It added a lot to our holiday. Why not suggest it to readers who will probably be in the country with their families sometime this summer?

Thanks, Mary Anne. We've passed it on.

INTERESTED IN A TAN? — Teen-Age Canada talks to one teen-ager who says tanners are neurotic.

THREE BEATLES AND A BUG from Belleville will be in the Napanee Centennial parade. The "Beatles" in this picture are David Rowbotham, Brian Smith and Gary Lafferty of Belleville. The "bug" is an Italian bubble car, latest addition to the Don Foster stable of parade floats.

Centennial Day To Be Held in Adolphustown

PICTON (Staff) — As part of the Centennial Celebration of Lennox and Addington County, the Adolphustown and South Fredericksburg Community Club has arranged "Centennial Day" at the Provincial Park in Adolphustown, Wednesday, August 5.

Morning events include ball games and children's races.

Afternoon has parade at one o'clock, official ceremonies at 1:30 p.m., music by Royal Canadian Army Cadet Band from Camp Picton, tug-of-war by councils, costume judging, 12-mile water ski race.

In the evening there will be a street dance to music by the Potters of Campbellford.

Guest speaker at the opening will be Dr. John Moir of Carleton University, an eminent historian, and Hector Arnold of Campbellford, president of the Ontario Cheese Board. It is also the centennial of cheese production in Ontario and this will be marked.

The parade forms on Highway 33, a half mile west of Adolphustown. A number of floats have been entered.

Immediately inside the grounds a Centennial Day Register will be set up to record the names and addresses of all comers. This register will be attended by the same local Women's Institute and will be placed in the Museum as a permanent record.

The Centennial Book describing life in the two townships through the years has gone to press and will be on sale at the Park as soon as published. More than 250 letters have been sent to former residents inviting them to participate in the celebration and resulting in a considerable number of bookorders.

The Centennial Committee are offering prizes of five dollars each for 'eldest lady,' 'eldest gentleman,' 'youngest baby,' and person residing furthest distance from the Adolphustown Park. Winners are asked to take part in the Centenial Belles Garden Party on Thursday, August 6th at Napanee. Four costume prizes of the same value will be awarded for old time costumes and national dress of any country.

An exhibit of Canadiana located on the grounds will feature a pioneer kitchen, display of handcrafted quilts, mats, and coverlets.

Rotary Hears Talk by New President

PICTON (Staff) — Russell L. Perkin struck the key note of his newly-installed year of office as Picton Rotary Club president Tuesday in brief remarks. He hoped that each of the 56 local members may come to know the principles of Rotary better and to exemplify them in their lives.

Rotarians heard a short recording of remarks by International President Chas. Pettegell in Toronto recently when he spoke of the great influence for good of 500 thousand Rotarians meeting in 11,600 communities throughout the world each week.

Arthur Lloyd produced a letter thanking the local club for a cheque which boosts its contribution to the Rotary Foundation fund to $1,227. This is the fund through which sponsored students attend the universities of other countries.

Vice-Pres. Canon Robert Wright presided for the first part of this meeting when birthday greetings were extended to Donald Vincent, Pres-Pres. Robbie Robinson installed Russell Perkin in his new office. Charter members Harry Bickely and Winston Hicks were called upon to present past-president's pin and gavel to retiring president Dan Keeler.

Colorful Napanee Parade Given Warm Reception

PICTON (Staff) — Picton was invaded Thursday night by an army out of the past. The town of Napanee must have been practically empty as hundreds of citizens descended on Picton to promote the Lennox, Addington and Napanee Centennial.

Nearly a hundred carloads of costumed ambassadors from the neighboring town participated. The Glenora ferry made five trips to bring the visitors into Prince Edward County where they were met on this shore by automobiles that drove them into Picton.

A large parade was formed and proceeded down Picton's main street where Mayor Glen Herrington of Napanee and Harvey J. McFarland and other dignitaries took the salute. The colorful parade was led by the cadets band from the Cadets Trade Training Camp at Picton. Harvey J. McFarland had three antique cars participating and Vince Gentilla had an antique truck entered.

The parade came to a halt after passing the reviewing stand and citizens from both towns gathered to hear Mayor Harvey McFarland present his welcome address.

He stated that although the two towns now considered themselves neighbors the erection of the new bridge at Deseronto would bring them even closer together. He said also that he hoped that Napanee visitors would come often to visit Picton and that he was especially proud to welcome them here in such great numbers on this occasion.

Mayor of Napanee Glen Herrington also spoke and thanked the Picton people for such a wonderful reception. An appropriate bowlter hat and grey tie were presented to the Picton Mayor by Mayor Herrington to wear on his visit to Napanee for festivities there.

Napanee visitors took over the proceedings at this point. A girl's baton group impressed the crowd with their drill and an impromptu square dance was staged on the street in front of the armories complete with old time orchestra.

Independence Day Noted by Jamaica Cadets

PICTON (Staff) — Monday evening at 9.30 the Jamaican cadets presently at Camp Picton Cadet Trades Training Camp will commemorate the Jamaican Independence Day which falls on August 6. The event will be celebrated in the Men's Mess and will include prayers by Protestant and Roman Catholic Padres. Canadian and Jamaican cadets will both participate, in the cutting of an independence day cake with the traditional sword. The cake will display the Jamaican flag and have two candles to represent the two years in Independence. Toasts will be made to the Queen and to Jamaica.

Marsh Hill

MARSH HILL — Mr. and Mrs. Bill Breese of Toronto were weekend guests of Mr. and Mrs. Kenneth Breeze. On Saturday they visited with Mr and Mrs. Gordon Ship at their cottage at Robcaygeon and on Sunday visited friends at Brighton.

Mrs. Leslie Finkle attended the United Church school for the Bay of Quinte Conference at Albert College the week.

Miss Eileen Clarke and Miss Glenda Holmes of Sydenham were guests on Tuesday of Miss Marilyn Finkle.

Kathy and Bill Dier of Belleville visited last week with their cousin, Carolyn Finkle.

Miss Elizabeth Finkle spent the weekend with her friend, Miss Vickie Ling of Belleville

Northport Man Injured in Car Accident

PICTON (Staff) — Ross Robinson of Northport early Thursday morning failed to negotiate a turn in the village of Demorestville while on his way to work in Belleville. His car, a 1955 Chevrolet was damaged to the extent of approximately $400.00 when it left the road and ended up some 15 feet down an embankment. The driver Robinson was alone at the time and was taken by ambulance to Belleville General Hospital for treatment. Robinson suffered a cracked collar bone, head lacerations and injuries to his right arm. His glasses were found after the accident beneath the car undamaged.
